Hollywood Meeting Is Making Good Progress

The meeting or revival in progress Hollywood School House, near Cox's Mill, has had an increasing attendance and interest all this week. Rev. A. J. Crane, of Tarboro, has preached several powerful and Scriptural sermons. Wednesday night he preached on "What is Man?" and last night on "What is God?"

Mr. Crane will preach tonight and there will be several members of the Men's Federation present.

Rev. W. S. Harden will preach Saturday night, as Mr. Crane has to return to other appointments.

Beginning on Sunday at 11 a. m., Rev. William Black, D. D. of Charlotte, N. C., will continue these services, preaching every night at 8 o'clock. Dr. Black will have an able singer, Mr. Abram Burr, of Charlotte, and as Dr. Black is not only a preacher of unusual ability, but also an excellent singer, we are assured of having music of a high order, such as will stir your soul.

Dr. Black is well known over several states as a powerful and able evangelist and is in such demand that it is extremely difficult to secure his services. We therefore have an unusual privilege and opportunity in this revival. Come, one and all, and bring your friends, and worship and pray and sing with us.

"Come thou and go with us and we will do thee good."

"Brethren, pray for us."

Conference Will Be Held at St. Mary's School, June 5 - 8

Raleigh, May 29.—The Protestant Episcopal Diocese of North Carolina will conduct a conference at St. Mary's School in Raleigh, June 5 to 8. The object of the conference is to interest the young people of the Diocese in church work.

The faculty and advisory board will consist of the Rt. Rev. Edwin A. Penick, D. D., of Charlotte, the Rev. W. W. Way, rector of St. Mary's School; the Rev. Robert E. Gibben, the Rev. Lewis N. Taylor, the Rev. Charles B. Scovil, and others.

N. C. Taxes to Federal Treasury Bid Fair to Exceed \$160,000,000

Raleigh, May 29.—As it stands today, North Carolina pays more money into the Federal Treasury, in taxes, than any State in the Union, with but four exceptions. This total for the current fiscal year, it was indicated by the collector of internal revenue at Raleigh, bids fair to exceed \$160,000,000.

It has been pointed out that North Carolina leads every State in the Union in the matter of the cost of collection. This is brought about by reason of the fact that so large a proportion of the taxes collected is from tobacco manufacturers with a very small attendant cost in selling such stamps.

Taxes from individual incomes have been greatly reduced by law. On the smaller incomes the rate is about one-third what it was in former years. However, the taxes derived from the sale of tobacco stamps and this refers especially to the sale of cigarette stamps, have increased very heavily, in fact so much so that the intended loss from income taxes has been more than made up by such tobacco taxes.

There remains only one more month of the fiscal year and it is indicated that collections for June will be materially lower than for the corresponding month of the previous fiscal year, due to the fact that the second payment of income taxes will be much less by reason of the new law.

Any prediction as to the final amount which the District of North Carolina may pay must be based on the taxes to be taken in during this last month of the fiscal year, it was indicated.

However, the District collections during the eleven months which have elapsed amounted to \$5,000,000 more than those of the corresponding period of the previous fiscal year. If tobacco taxes maintain their past rate of increase, it would appear that North Carolina will collect more during this fiscal year than last, which was not expected, in view of the reduction in income schedules. Also it is pointed out that smaller so-called "adulterated" taxes have been entirely done away with.

Craig Memorial Park Opens on Swannanoa River On May 30

Asheville, May 27.—Honoring the memory of the late Locke Craig, Governor of North Carolina from 1913 to 1917, Asheville will open a park on the scenic Swannanoa River, May 30.

The Craig Memorial Park is planned as a large playground centered around a thirty-acre lake, with drives surrounding the water. There will be a large open air swimming pool, a dance pavilion extending over the waters of the lake, and other recreational devices.

A particular feature of the park will be a zoo, planned along lines that will allow wide growth. The collection of animals so far is largely native, with wild cats, skunks, raccoons, oivet cats, elks and bears, all from the Carolina mountains. Native and foreign snakes will be placed in the collection as soon as they

BERKELEY'S ANTI-NOISE LAW EXCLUDES NOCTURNAL PIANOS

Berkeley, Cal.—The much-advertised anti-noise ordinance in this college city is construed by City Attorney Earl J. Sinclair as excluding piano practice at late hours in the evening. Running of scales and other such trying modes of perfecting one's technique should come before 9 p. m. the city attorney held recently, in reply to complaints of nei-

ghors about a music student's nocturnal practice.

Roosters and canaries have been legally silenced in previous interpretations of the ordinance. So have cats and needlessly used motor horns. Nevertheless the air of Berkeley is not always quiet through the night.
