## BUSINESS HOUSES TO OBSERVE HALF HOLIDAY HERE ON WEDNESDAYS

### Custom to Continue Throughout Summer Months; County and City Offices Also to Close

The efforts of J. J. White and J. H. Waldrop in securing a weekly half holiday for Greenville business houses during the summer months have been crowned with success. Nearly a hundred business men having signed the agreement to observe such a holiday and next Wednesday afternoon will mark the first half holiday of the summer. The Wednesday half holiday will continue until the opening of the tobacco market according to the present plans and no doubt will prove a great benefit to both business houses and their employees.

While the committee has been unable to see a few of the business men who have not yet signed the agreement there is little doubt that they too will join in the holiday. No definite arrangement as to the drug stores has been reached but announcement of same will be made tomorrow.

The following business houses have already signed the agreement to observe the half holiday and will be closed every Wednesday afternoon during the summer beginning with next Wednesday June 17.

## Negro Charged With Shooting at Autoists Had Been Drinking

Charged with carrying and firing deadly weapons, Nathan Johnson, a negro, was arrested by Deputy Sheriff Sam Whitehurst last evening following a complaint of W. C. Chauncey.

Mr. and Mrs. Chauncey were riding across the bridge north of the river when an auto carrying three negroes passed them and one of the negroes fired several shots in the direction of the Chauncey car.

After investigation, the Deputy Sheriff called on Eli Braxton and Arthur Moore owners and occupants of the negroes' car and they stated that the firing was done by Johnson.

The Deputy Sheriff found the pistol on Johnson. It had been reloaded but showed the fouling caused by firing.

## Whiskey at a Wake Causes Quarrel, L. Moore May Die

Louis retaliated by charging Wesley with opening up an old quarrel and the two left the house to argue it out. During the fight which ensued Wesley drew his pistol and shot Louis through the body.

Louis Moore was taken to Fowle Memorial hospital at Washington where his condition was declared to be probably fatal. Wesley was arrested by Deputy Sheriff Sam Whitehurst, who lodged him in the county jail where he is held without bond on a charge of unlawful shooting.

## REGARDS KELLOGG'S STATEMENT AS AN INSULT TO MEXICO

### President Calles' Plain-Worded Reply to Kellogg Causes Great Surprise in Official Circles

Washington, June 15.—Secretary Kellogg's statement of last Friday concerning conditions in Mexico has drawn an equally plain worded reply from President Calles, who regards as an insult the implication that Mexico is on trial before the world in the guise of a defendant.

President Calles' reply issued through the Mexican Embassy here yesterday, declared Mr. Kellogg's pronouncement embodied a "threat" against the Sovereignty of Mexico, and deemed it "a duty for my Government to rectify said statements as required by truth and justice."

Secretary Kellogg had declared the administration would support the Mexican Regime "only so long as it protects American lives and American rights, and complies with its international engagements and obligations."

It is believed here that the discussion which has been conducted through the press will rest for a time at least, unless President Calles desires to continue it through diplomatic channels. Secretary Kellogg is not expected to add to his own statement and it is believed he will not take official cognizance of the reply.

Officials here, who know of the reports which formed the basis of Mr. Kellogg's statement were surprised at President Calles' interpretation of it as a threat and insult. The wording of the secretary's statement, in their opinion, was both cautious and moderate.

Mexico, President Calles said in (Continued on page 2)

## MATHEW WAYMAN PREACHES STRONG SERMONS IN CITY

### Morning Sermon in Memorial Baptist Church With Evening Message in St. Paul's Episcopal Church

Dr. Matthew Wayman, superintendent of the Chautauqua, which will be in Greenville during this week, preached in the Memorial Baptist church Sunday morning taking for his text, St. John 18:40: "Not this Man, but Barrabas."

Dr. Wayman, who is a splendid speaker, handled the subject in a masterful manner, showing how the people choose Barrabas, the worst specimen of man kind, in preference to Jesus who was "love, kindness and perfection." The speaker then drew a vivid picture of Jesus, on the one side, and Barrabas, on the other.

In the beginning of his sermon Dr. Wayman spoke of the glamor and excitement of the present day religion.

## DEMANDS CHINESE SEVER RELATIONS GREAT BRITAIN

### Students, Merchants, Workers Also Demand That the British Concessions in Hankow Be Taken

Peking, June 15.—Chinese students, merchants, shopkeepers, and workmen in the largest demonstration during the present trouble went to the Foreign Office today and demanded that the Chinese Government sever relations with Great Britain and instruct the Tuchen of Hankow to take possession by force of the British Concessions there.

The British litigation has sent a lengthy reply to China's note of protest of the shooting of a number of Chinese last week during the attack on the British Concessions at Hankow.

The reply declares that the Chinese impression that the law of humanity was disregarded by the British was completely erroneous and that on the other hand the British were defending their lives against a murderous mob invading their settlement after already killing one foreigner, a Japanese.

Refusing to admit that any responsibility rests on the British authorities, the reply cites a previous warning against allowing the anti-British agitation to go unchecked, and asked that energetic measures be taken to stop such agitation.

Fearing violence, the Foreign Legion mounted machine guns and prepared wire entanglements for an emergency. Legion guards were held at their quarters for instant availability. The monster demonstration in the streets occurred in spite of official orders cancelling the proposed strike for today. Inflammatory speeches were made at a massed meeting preceding the parade which was held without disturbances.

## Dr. A. C. Dixon Dies in Baltimore

Raleigh, June 15.—Dr. Amzi Clarence Dixon, oldest member of a famous North Carolina family and one of the foremost preachers of the world, died yesterday in Baltimore at the Union Memorial Hospital, where he had been for more than a month. He had been in failing health for the past year. He would have been 72 years old on July 6. Death was due to a complication of diseases.

Dr. Dixon was one of three brothers, all of whom entered the Baptist ministry and served prominent churches in this and in other States, but the other two have been best known for their work in other fields. Thomas Dixon, the famous novelist and playwright, is now living in New York City, while Frank Dixon, the well-known lecturer died at his home in Brooklyn on May 23.

In 1880 Dr. Dixon married Miss Mary Faison, of Warsaw, who died August 6, 1922, at Kuling, China, during Dr. Dixon's work at a missionary conference. On January 25, 1924, he married Mrs. Charles M. Alexander, of London, who survives.

He is also survived by three daughters and one son, several grandchildren, one brother, Thomas Dixon, and two sisters, Dr. E. Della Dixon Carroll, of Raleigh, and Mrs. Addie Thacker, of Norfolk, Va. His sister and her husband, Dr. Norwood Carroll, left Raleigh for Baltimore at noon yesterday.

Funeral services will be held at 11 o'clock Tuesday morning from the University Baptist Church, Charles and Thirty-fourth streets, Baltimore, Md. Interment will be at Druid Ridge Cemetery. The deacons of the church will act as pallbearers and Dr. W. L. Pettingill, dean of the Philadelphia School of Bible and acting pastor of the church during Dr. Dixon's illness will officiate.

## SAYS REDUCTION INHERITANCE TAX IS VITAL NEED

### Mondell Advocates Federal Tax Revision as a Character of Tax Reform With Such Reductions as Possible

Chicago, June 15.—Federal Tax revision as a character of tax reform with such reductions as are possible, was advocated in the speech delivered today by Frank W. Mondell, War Finance Corporation Director and Republican leader of the House, before the Hamilton Club here.

The speech regarded as a step by the administration in preparation for the tax revision in the next Congress. In it Mr. Mondell declared that regardless of the progress made thus far, the tax payers "must not be unmindful of the tax conditions under which we live, and firmly resolve to exert every legitimate influence toward having evils corrected." He reviewed progress toward a peace time basis of taxation, and declared the vital need was reduced.

## Negro Assailant of White Woman Is Moved For Safety

Charlotte, June 15.—In order to prevent an outbreak in mob violence against Joe Shack, negro, who shot himself through the head after an attempted attack upon a white woman near Salisbury, Sheriff Kridler yesterday brought the wounded man to the Mecklenburg county jail, it was stated today.

Physicians here agree that the negro, with a bullet hole entirely through his head, has no chance of recovery, and they express surprise that the wound had not caused death in a short while. The attack is said to have taken place Saturday morning on the farm near Salisbury, where the woman was alone. The screams attracted neighbors and after firing two shots at her, the negro went into the house and shot himself.

H. Wright had arranged studies in such manner that every one will be able to attend Chautauqua for a number of the sessions. As the ladies must devote considerable time to their studies it has been made possible for two students to buy ticket between them and use it alternately. This co-operation has brought grateful and comforting news to the Committee of forty.

Professors I. R. Meadows and H. E. Austin are directing the college end of this co-operative action. They also acted as hosts to Supt. Wayman and his escort Mr. J. M. Taft, at Chapel this morning. With this (Continued on page 5)

## Search Expedition Be Transferred to Norwegian Patrol Ship

Advent Day, Spitzbergen, June 15.—The Norwegian Government Search Expedition for the Amundsen Ellsworth North Pole explorers, will be transferred to the Norwegian Patrol Ship, Heimdall, it has been announced.

Commander Hagerup, one of the Commanders picked by Amundsen for his auxiliary ship, the Farm, will command the Heimdall relief expedition, and the Farm will be taken over by a scientific expedition in Northern Waters.

The plan is for the aviators to reconnoiter along the Southern edge of the Arctic Ice Pact in an attempt to locate members of the Amundsen Party. However, it is reported that mountains of ice have now formed in the ice pack, making it extremely dangerous for aviators to fly over it. He said perhaps it would be preferable to employ more patrol ships rather than to use airships in the search. Nevertheless, the present plan is for the airship to be used daily in exploration trips over the ice pack.

Ernest Toy handled his first violin at the age of six, and at ten he began his public performance in London where he attracted the attention of musicians. At the age of eleven, Mr. Toy won the open Eisteddfod musical competition at Newcastle, New South Wales, and later this was repeated at the Royal Welsh Eisteddfod, at Caernarvon, North Wales. Soon after this at the age of fifteen he won the Society of Arts medal, London, and at this time, the Prince of Wales, afterwards King Edward VII, was president of this society. At sixteen, he won coveted honors at the Royal Academy in London, after which he made an extended tour of Australia and New Zealand—since three times repeated. Later he made successful tours through France and was soloist with many of the orchestras throughout the English provinces. Mr. Toy has had the distinction of touring with Melba and John McCormack, and has been concert master with the leading orchestras in Australia.

Mr. Ernest Toy is the proud possessor of several fine violins and among these, and the one which he rather favors for general use, a Caspar De Salo, of the period of 1580, is a gift from prominent Queensland people in London.

### PROGRESSIVE SOUTHERN STATE

A 252 page edition of the Charlotte Observer, the largest edition of a newspaper ever issued in the South, calls public attention to the amazing progress and prosperity of North Carolina. Over a thousand pictures illustrate the agricultural progress of the state and an equal number of special articles portray development, which is summarized in the terse announcement "North Carolina pays more federal taxes than any ten or twelve southern states.

The occasion of this mammoth issue is the celebration by the state of the 150th anniversary of the issuance of the Mecklenburg Declaration of Independence, wherein residents of Mecklenburg county asserted on May 20, 1775, their independence of British rule—preceding the declaration of the continental congress over a year. For the past century the anniversary has been observed as a state holiday.

North Carolina has just set a fine example, not only to the South, but the North as well, by trying, convicting and sentencing a mob of chivalrous protectors of southern womanhood, who broke jail, carrying away and horribly mutilating a Jew traveling man suspect-

ed of assaulting a white girl at Williamston. Twenty-eight were arrested, six made complete confessions; the ring leader got thirty years, his assistants six to ten years, those who drummed up the crowd got two to three years, and those who took no active part, but were among those present were fined \$50 each—and the Jew was proven innocent.—Salem, Oregon, Manufacturer.

### LAW MAKERS AND LAW BREAKERS

H. M. Atkinson, who is Chairman of the Board of the Georgia Railway and Power Company, declares we have become a nation of law makers and law breakers. He says "What we need is fewer laws on the statute books, more respect for law and more regard for justice in the minds and consciences of men.

"I do not mean that we should take less interest in government. On the other hand, we should take a more active interest than ever before. The greatest trouble is that too many of us have pursued the even tenor of our way and left the affairs of state to the politicians and soap box orators. The result has been that the highest offices within the gift of the people have been brought into more or less disrepute and are seldom sought by men of marked ability and high principles. "We have defaulted in our obligations to society and need an aroused public conscience with particular reference to our duty as citizens as it relates to the affairs of state and conduct of our government."

Nothing is so useless as advice on how to handle women.

The hardest test comes, not in making money, but in keeping it.

The ingenuity of a chronic borrower and dead-beat is almost unanny.

The lazy man is bad enough, but the man who tries to do it all is the limit.

his prolonged conferences both with the president and Secretary Kellogg the American public was entitled to knowledge of the true situation in Mexico which brought about the conferences. This feeling is said to have brought the issuance of Mr. Kellogg's statement warning the Mexican Government and advising the American public that Washington support of the present Mexican Administration could be continued only if that government lives up to its obligations so far as Americans in Mexico and their property is concerned.

Decision in the case, if favorable to the defendant, and against the Government, is expected to mean the final wording by the United States courts on the question of interpreting the last clause of section 29 of the Volstead Act, over which there has been endless controversy since the act was passed by Congress. Unless the Supreme Court, of its own motion, asks to review the case, the action of the court here will be final.

### No Action Will Be Taken at Present on Reduction Duty Sugar

Washington, June 15.—President Coolidge will take no action for the present on the recommendation of a majority of the tariff commission that the duty on sugar be reduced one half a cent per pound.

The President, in a statement on the finding of the commission reported, states that he did not find differences in cost of production sufficiently establishing under present conditions to warrant any change in the duty.

However, should decreased production or other conditions compel the consumer to pay the "abnormally high price complained of in 1923," Mr. Coolidge said the change might warrant reconsideration of his decision.

The average New York wholesale price of granulated sugar was 8.4 cents a pound in 1923, when the commission began its investigation, and on May 7 last, the prices had dropped to 5.48 cents. The pre-war average price for 1909 and 1913 was 4.9 cents a pound.

his reply, does not accord to any foreign country the right to intervene in her domestic affairs, nor is she supposed to subordinate her internal relations to the exigencies of another country. The President expressed regret that Mr. Kellogg made mention of reports of impending revolution in Mexico, because "it tends to create some alarm in the world" regarding conditions there.

Mr. Kellogg's statement was based on information placed before him by his aids, some of which alleged that property owned by Americans in Mexico had been seized by so called agrarians without legal proceedings. The labor situations in Mexico, and that Government's suspension of payment of her debt contracted with bankers of this and other countries, also have caused Washington officials some anxiety.

Washington, June 15.—Washington officials gave no indication today that a public reply would be made to President Calles' objection to the administration Mexican policy, but it was indicated that specific questions only Secretary Kellogg's position would be made the subject of a formal communication with the Mexican Government.

A series of communications and representations have been sent to Mexico from time to time recently on various cases, in which the government is interested, none of which have been made public, and it was indicated that other matters cited by Mr. Kellogg in his statement Saturday on the Mexican situation, should be made the subject of a formal note. Administration officials take the position that in view of the visit to Washington of Ambassador Sheffield, and

But Greenville is giving its people advantage of the lower prices in order to make a huge success of Chautauqua.

Seed Fertilizer Labor Total

Not Harvested!

Into your crop you put all the necessary material and labor to produce the maximum profit per acre. Then, in a moment's time, your crop is beaten flat and ripped to shreds by a hail storm.

There is no harvest—and no profit. And your expenses to date are a total loss unless you carry hail insurance in the Hartford. Better ask us for information and rates today.

There was unconfirmed rumors on Friday that forward shipment Rio 7's were offered at concessions. We would not be surprised if these rumors proved to be true and that more such offers came on the market this week from both Rio and Santos. If so, in view of the big part sentiment is playing in the market at present we believe a decline would be the result.
