**MEEKINS PASSES SENTENCES ON SIX DURHAM DOCTORS**

Fines Ranging from \$250 to \$1,000, a New Trial in One Case and a Change of Venue Feature Sentences

Raleigh, June 26.—Fines ranging from \$250 to \$1,000, a new trial in one case, and a change of venue in another, were the sentences passed out today in Federal Court here by Judge I. M. Meekins, to six Durham doctors, defendants on the charge of violating the Harrison Narcotic Act. On the expectation of District Attorney Irvin B. Tucker, that local sentiment prevented a fair trial, and that he had received reports indicating the presence of friends of the doctors on the jury, Judge Meekins granted the Government a change of venue in the case against Dr. Elmer S. Waring, in which a mistrial has resulted Thursday night. At the same time the Federal Jurist set aside the jury verdict returned against Michael Robertson on the ground that it was inconsistent in court and granted Dr. Robertson a new trial.

The four other defendants, who had pleaded guilty, were fined as follows: Dr. Edward H. Bowling, \$1,000 in cash; William A. Stroud, \$250; Matt P. Boddie, and Robert O. Stoner, \$250 each in twelve installments payable during the next year.

Raleigh, June 26.—A mistrial in the case of Dr. Elmer S. Waring, of Durham, charged with violation of the Harrison Anti-Narcotic Act, was ordered in Federal Court here last night.

Final disposition pending the cases against the Durham physicians was expected today.

Doctors Edward H. Bowling, Ira J. Stoner, and Matt P. Boddie, have submitted to the charge against them and will be tried in addition to Dr. Waring.

Judge Meekins has announced that he would not impose prison sentences on defendants submitting to the charges against them.

Raleigh, June 26.—Physicians convicted of violating the Harrison Narcotic Act need not expect to retain their licenses, it was announced here today by Dr. John G. Murphy, of Wilmington, member of the N. C. State Board of Medical Examiners.

It was stated that action looking to revoking the licenses of the six physicians of Durham now on trial in Federal Court here, would depend on the outcome of the trial. The board has announced it will revoke the licenses of two physicians recently convicted and it has rescinded the license of Dr. Harvey Robinson, now of Reidsville, but formerly of Chadbourn, whose narcotic license was revoked by the late Judge Connor.

**Dr. L. R. Scarborough to Visit Greenville During Saturday**

Dr. L. R. Scarborough, of Texas, and Dr. Zeno Wall, pastor of the First Baptist church, Goldsboro, will visit Greenville tomorrow and during the chapel exercises at the Teachers College. Dr. Scarborough will deliver an address. Efforts are being made to have him address the Laymen's Christian Federation at 10 o'clock. If successful the committee will make the announcement at the 8:15 o'clock meeting of the Federation.

Dr. Scarborough, was director of the Baptist \$75,000,000 campaign and is one of the most prominent men of the Baptist denomination. He is a splendid speaker and Greenville is indeed honored in having him visit the city.

**Abd El Krim Begins Vigorous Offensive Near Taza Today**

Fes, French Morocco, June 26.—Abd El Krim, the Rifian leader, began a vigorous offensive near Taza today, and the French counter attack the battle was continuing this afternoon with the Rifian losses very heavy.

**Pearson Appointed Minister of Finland**

Swampscott, Mass., June 26.—Alfred J. Pearson, of Iowa, was appointed today by President Coolidge to be Minister of Finland.

**For Senate?**

Robert M. LaFollette, Jr., oldest son of the late Wisconsin Senator who led the Progressive political movement, will be placed in the Senate if his mother, the widow, refuses to run, it was predicted.

**CROWE DENOUNCES STEWART O'BRIEN CLOSING ARGUMENT**

In An Easy Conversational Tone Denounces the Defense Attorneys for Spirit of Levity Throughout Trial

Chicago, June 26.—The greatest crowd of the six weeks trial fought for admission to the court room today to hear Robert E. Crowe, state's attorney, make the closing argument in the Shepherd case. Prosecutor Crowe, who began talking in an easy conversational tone, denounced William E. Stewart and W. W. O'Brien, the defense attorneys for the spirit of levity throughout the trial.

He also defended himself, Judge Harry Olson, and Alexander B. Reichmann, from the defense allegation that the accusation against Shepherd and his trial were set in a vicious conspiracy to prevent him from inheriting the one million dollar estate willed to him by the boy, he is charged with using typhoid germs to slay.

"I am here because it is my sacred duty to be here," Crowe shouted.

"They have introduced a new method of murder here and because of that it is the most important murder trial in the history of Illinois."

Prosecutor Crowe's face reddened and his eyes narrowed as he turned and glared at Shepherd when he arraigned the defendant as the "perpetrator of a new species of murder."

Stewart and O'Brien were on their feet with a half dozen objections as Prosecutor Crowe talked. The Prosecutor criticized Shepherd for living fifteen years in a millionaire home in a fashionable residence section, practicing law, and not having a host of friends to rush to his rescue, and for waiting until the last moment to deny the charges against him.

At this point the defense objected to the prosecutor's statement, and said that he, by insinuating that Shepherd should have called character witnesses, was committing reversible error.

"My only purpose in cross examining this man was to prove he was a liar," Prosecutor declared as he pointed a finger at Shepherd. "I heard him branding himself a liar with his own words as he left the witness stand."

Shepherd heard the state's attorney's plea without visible emotion, and he did not glance at Mr. Crowe.

**Kellogg Enters Into Preliminary Confab With Jugoslavia**

Washington, June 26.—Coincident with the beginning of negotiations here for funding the Italian debt to the United States, Secretary Kellogg has entered into preliminary conferences with the Jugoslav Union on the question of that nation's obligations.

Administration officers expect funding negotiations with Jugoslavia to be offered at a reasonable early date. The debt amounts to \$65,000,000.

**ARMY DESERTER SHOOT'S UP RAILWAY PASSENGER TRAIN**

Was Occupant of Smoking Compartment When Shooting Took Place; One Killed, Another Wounded

Greenville, S. C., June 26.—Edward O. Flindt, of Atlanta, who was wounded when Oscar R. Magansen, self-confessed deserter from the army, ran amuck and shot up a Southern Railway passenger train as it was entering Greenville early today, killing Raw E. Peek, also of Atlanta, will recover uncle's unexpected complications set in, hospital authorities said today. Meanwhile, Magansen, a native of Spain, is held in the county jail, and declares he remembers shooting up the train, but does not know why he shot.

Magansen, according to witnesses, was in the smoking compartment of the train early today between Greer and Greenville, and began firing with a long barrel revolver. Flindt was struck first and then the revolver was turned upon Peek, who was lying stretched out on a nearby seat, and two bullets fired into his head, causing instant death. Magansen then fired his last cartridge through a window, and passengers of the train overpowered him and held him until the train arrived here.

**BALLARD CASE IS EXPECTED REACH JURY SATURDAY**

Charged With Murder in Connection With the Slaying of Deputy Sheriff W. Vernon Eason

Gatesville, June 26.—Taking of testimony continued here today in the case of Jim Ballard, negro charged with murder in connection with the slaying of Deputy Sheriff W. Vernon Eason, of Gates County.

Responsibility for the death of the officer was assumed by the defendant late yesterday when after two hours of denial of guilt he changed his testimony. The negro first contended that he fired from the top of the stairway of his home at the officer standing in the front doorway, and after the officer had slightly wounded him in an attempt to arrest him.

Later Ballard took the blame of the shooting in order to shield relatives. He testified he had the only weapon in the house and that none of his relatives participated in the shooting. The case is expected to reach the jury probably Saturday.

**Gen. Pangalos Sees Outstanding Candidate for Premier Today**

Athens, Greece, June 26.—General Pangalos former War Minister, today seemed to be the outstanding candidate for Premier following yesterday's "Kid Glove" revolution by which he overthrew the Michalakopoulos cabinet without bloodshed.

The movement was started dawn when anti-government forces here and at Saloniki seized the telegraph offices and cut communications after some harmless shooting, in which blank cartridges, apparently, were used.

General Pangalos and a number of other officers occupied the engineers barracks, and served an ultimatum on the government demanding its resignation and holding it responsible for any blood shed.

The government did not seem disposed to yield at first, and remained guarded in the parliament building. When the sun went down the situation looked serious. The Royal troops, however, returned to their barracks at the usual time, and they were replaced by General Pangalos' men, giving him complete command of the situation. The cabinet resigned and Admiral Courbiotis, Provisional President of the Republic, summoned the Parliament leaders to discuss the formation of a new ministry.

**Toss for Man**

Doris Lorenzo and her sister, Loretta, of Florida City, Fla., loved the same man. Having been chums as well as sisters, they decided to toss a coin to see who would marry the man who was the choice of both. Doris won and Loretta stepped aside.

**KIDNAPPER GIVEN PRISON SENTENCE**

Mrs. Mary Jones Refuses to Tell Where Child is and is Sentenced From 20 to 40 Years in Sing Sing

New York, June 26.—Mrs. Mary Jones, convicted Tuesday of kidnapping three year old Raymond Von Malsk, on March 29, was sentenced to from 20 to 40 years in Sing Sing prison by Judge Collins, in General Sessions Court today. The boy is still missing. Judge Collins had given Mrs. Jones until today to tell what she knew of the boy's fate, but the woman remained silent.

**Rev. S. L. Sadler Addresses Kiwanis Club of Richmond**

Richmond, June 26.—Kiwanis is the clearing house of cheerfulness and real Americanism; the enemy of narrow-mindedness, bigotry and intolerance. Kiwanis is the great constructive force for the development of industry and society, and is the enemy of the destructive elements that are forcing themselves into the fabric of government and society. It is the ideal that represents the common denominator of life. The spirit of Kiwanis will avert impending calamity—in its broad spirit of tolerance; it is the arch enemy of radical and religious intolerance, and in its chase for freedom and liberty it will prove the main factor against the evils of narrow-mindedness, that element of humanity that turns its back upon the heart throbs of those who have the right to worship as they like.

This is the substance of a heartening and interesting address before the Kiwanis Club Monday night by Rev. S. L. Sadler, pastor of Hanover Avenue Christian Church, on the subject, "What is Kiwanis, Anyway?" His speech was broadcasted from the Grace Covenant Presbyterian Church radio, and was a feature of the all-Kiwanis meeting at that church—an annual event, upon the occasion of the opening of the International Kiwanis Conference. More than 400 men and women filled the big banquet hall in the basement of the church. A program of diversified attractions was presented, embracing musical selections, short talks, singing and a wonderfully constructed menu.

**Several Persons Injured in Collision of 2 Elevated Trains**

Chicago, June 26.—Several persons were injured in a collision of two elevated trains today on the south side line of the Chicago Rapid Transit Company. One of the trains caught fire. Five ambulances were rushed to the scene.

**THEATRE DESTROYED BY AN EXPLOSION FOLLOWED BY FIRE**

Indefinite Number of Persons Killed and Scores Injured When Kansas City Playhouse is Destroyed

Kansas City, Missouri, June 26.—A indefinite number of persons, probably 35, were killed and scores were injured when an explosion followed by fire destroyed the Gillis Theatre last night. A audience of about 100 was viewing the motion picture.

Following the destruction of the five story theatre building, no definite check of the dead could be made, although police and fire department officers said they were sure that from 30 to 35 of the hundred or more persons in the theatre, restaurants, and stores of the building, had been trapped in the debris. Firemen today organized a volunteer body to search the smoldering wreckage for bodies, and they predict it will take many hours before an accurate appraisal of the casualties could be made. One fireman was killed on his way to the scene when a fire truck over turned.

The explosion occurred at 11 o'clock. Flames enveloped the structure almost immediately following the blast, and the roof and floors of the building constructed 42 years ago, as the city's finest playhouse, collapsed.

Those who were able to make their way out of the building, did so in a miraculous manner, according to eye witnesses. Exits of the theatre, which was on the second floor, were few, and a main entrance and rear both led down a confused arrangement of hall ways and stairs of wood which crumbled in a moment under the falling building.

**RACING AHEAD OF AVALANCHERANCHER SAVES HIS FAMILY**

Winning, By a Matter of Minutes, Gill Huff, on Horseback, Saves Family From Falling Mountain

Jackson, Wyo., June 26.—Racing ahead of an avalanche with his life and the safety of his family and home, and winning by a matter of minutes, was the experience of Gill Huff, rancher whose story of seeing the north side of Sheep Mountain crumble and fall across the Gros Ventre River valley near here Tuesday, became known today.

Huff said he was riding on horseback at the foot of the mountain when it began to move, carrying on its back a section of the dense Teton National Forest. He began a desperate ride for safety, but the avalanche with a roar, bore down toward him in the form of a moving wall of boulders, trees, and earth, a hundred feet high. His frenzied horse reached high ground in one stride and the huge land slide missed him by only a few feet.

Huff then raced to his home nearby, rushed his wife and daughter to a point of safety, and returned to save as many of his belongings as possible. He said many of his cattle were killed, and two ranches above his were wiped out. His home is now under many feet of water.

**Stallings Denies That He Will Succeed Mgr. N. Y. Yankees**

Rochester, N. Y., June 26.—Manager George T. Stallings, of the Rochester International League Club, today said there was no truth in the story coming from Boston that he was to succeed Miller Huggins as manager of the New York Yankees.

"The Boston yarn is as much news to me as anybody," he said. "Say for me that the story is just pure bunk."

**Slain**

The body of Charles M. Woods, Los Angeles oil magnate, was found in the sea a hundred miles from his home. There were indications he had been murdered.

**MISS LILLIE BEDDARD RUN DOWN BY AUTO PAINFULLY INJURED**

Accident Occurs at Intersection of Ninth and Evans Street; Automobile Driven By Mr. J. G. Taylor

Miss Lillie Beddard, an employee of the local telephone company, is in the Pitt Community Hospital suffering painful injuries which she received yesterday afternoon when she was knocked down by an automobile driven by Mr. J. G. Taylor.

The extent of her injuries hasn't been ascertained but she is suffering lacerations and bruises on her body.

The accident which according to reports was unavoidable occurred at the intersection of Ninth and Evans streets.

Miss Beddard's home is near Ayden but while working here she is staying with relatives, on Cotanch street. She was on her way home when the accident occurred.

Reports from the hospital this morning stated that her condition was slightly improved.

**J. H. Rose Lectures At Cullowhee Normal**

"We have built a lot of school buildings in North Carolina, and put in many of them the same type of teacher that taught in the former one room school, because no other teachers were available. This situation is going to cause an unfavorable reaction to the educational program unless we can remedy it," declared Superintendent J. H. Rose of the Greenville City Schools before an audience at the Cullowhee Summer School. "People have invested their money in buildings and expect to get better results than they formerly did; and if they do not, they will feel that the experiment has been a failure, without ever inquiring why. We have improved our machinery without getting a more skilled operator."

Throughout the series of five lectures which he is delivering to a class in County School Organization at the Summer School, Mr. Rose has emphasized the fact that we need to lay greater stress on teacher training. "There were 16,397 white teachers in the State during the past year. Of these, 2,281 were not high school graduates. Some of them had finished only the seventh grade, 6,000 more of these teachers are graduates of high schools with but one year or less of college training." Mr. Rose went on further to say that the standard which permits a school to be accredited that employs teachers holding Elementary A certificates is too low. "No teacher who does not have at least a High School, Grammar Grade, or Primary C certificate should be allowed to teach in an accredited school," he declared.

Besides the poorly-prepared teacher, there is another factor which is a clog in the machinery of the school system: the short term. This evil is far more prevalent in the rural than in the city districts as is indicated by the fact that last year the average school term in the large city

**DR. A. M. HARDING TO DELIVER LECTURE TEACHERS COLLEGE**

Prof. of Astronomy in University of Arkansas to Deliver Lecture on Subject, "Other Worlds Than Ours"

Dr. A. M. Harding, Professor of Astronomy in the University of Arkansas, will deliver a lecture Saturday evening, June 27, at 8:30, at East Carolina Teachers College on the subject "Other Worlds Than Ours." Dr. Harding's lectures are illustrated and are intensely interesting. The public is invited. There will be no admission charge.

Dr. Harding has devoted about twenty years to the study of science, part of which was spent at the University of Chicago, where he was awarded the doctor's degree in Mathematics and Astronomy. Although he has written several textbooks on mathematics, his illustrated addresses are simple, non-technical, and full of life and detail. "Dr. Harding's talks", writes Dean D. T. Powers, of Louisiana State University, "were instructive, cultivating, and possessed a pulling power which increased his audience from beginning to end."

The revival of interest in the study of man and his relation to the universe has made necessary a knowledge of the fundamental facts of science. Astronomy grips the imagination as nothing else does, and for this reason it is a good starting point for the awakening of this scientific spirit. "The study of science needs stimulating," writes Pres. D. B. Johnston of Winthrop College, "and Dr. Harding's talks will give the stimulus desired."

Visual instruction is the big idea in education today. Educators now reach millions of adults and children by means of films and slides, which speak a universal language and impress facts upon the mind which remain long after the spoken word has been forgotten.

Dr. Harding's Celestial Travelogues appeal to the eye and the ear at the same time. They are richly illustrated by many beautiful lantern slides made from close-up photographs taken through some of the largest telescopes in the world.

During the past five years Dr. Harding has appeared before audiences in twenty-one states and has at several places filled as many as three return engagements. He carries his own lantern and screen and can use any auditorium that is equipped with electric current.

school system was 9 months; in the smaller city schools it was 8 months; the average term in the rural schools ran even less than 7 months. Fifty-one per cent of all the children in the elementary schools of North Carolina went to school less than 8 months last year.

Mr. Rose declared that to these two factors, the inadequate training of the teacher and the short school term, may be attributed, at least in part, the fact that 220,000 of the 476,000 children in the elementary schools of North Carolina, are retarded. There are 66,000 children more than 14 years of age who should have finished elementary school work but who are yet in the seventh grade or under 3,000 of these should have finished high school. These retarded pupils were taught by 1,877 teachers during the past year. The cost of education per child in North Carolina per year is \$24.00, which would mean that annually we are spending over a million and a half dollars as a leakage fund on pupils who are delayed by the discrepancies of the system.

During the course of his lectures, Mr. Rose has also discussed the course of study for elementary schools adopted by the State, and has emphasized the value of Public Music in the grades. The equipment needed for the elementary school was discussed in the lecture Thursday morning. Friday morning, Mr. Rose expects to discuss the keeping of accurate and permanent records in the elementary schools.

Mr. Rose will be succeeded by Superintendent A. W. Honeycutt of the city schools of Hendersonville, N. C., who will speak on Health Education. Other speakers who have appeared before the class are Superintendents L. B. Beam of Lincolnton and O. S. Dillard of Sylva.

### WEDNESDAY AFTERNOONS

Now that the business houses of this city are observing a half holiday on Wednesdays the question of pastime for the afternoon that will keep the populace in Greenville has arisen. One means of enjoyably passing the time would be the establishment of the four town circuit of amateur baseball suggested a few weeks ago. Some of the towns in this immediate section have begun to get their teams together and are awaiting word from

Greenville as to what her wishes are in regards to the league. If we are to have baseball this summer it is time that we were getting busy and it appears that the amateur style suggested is the only form of baseball that we should undertake at this time.

Let's get together and decide on what we want, if anything, in order that our neighbors may know whether or not to count on us to participate in this summer's events.

### SERVICE AND COURTESY PAY

Service and courtesy are two leading agencies for success. Mercantile and public service organizations recognize their value in business. Following rules may be followed to good advantage:

When the customer comes in with a complaint, don't send him or her from pillar to post; that irritates.

Classify all complaints.

Study the cause of complaints; eradicate them at their source.

Completeness of your reply is only one-half courtesy; the manner of your reply is the other half.

Be polite and pleasant, thus making the party glad he or she called on you.

Show individuality to each customer; make him feel he is "Mr. Simpson" and not just one of the throng.

Get the other fellow's point of view.

Don't argue, inform.

Have You Ever Seriously Considered the Advantages of Electric Cookery?

Here are some of them:

- 1—Keeps utensils and kitchen clean and spotless.
- 2—Convenient to operate—ever-ready heat.
- 3—Better cooking with the even, perfectly controllable heat.
- 4—Safety from fumes, overheating and lighted matches.
- 5—Economical, cooks largely on stored heat.
- 6—Cheaply operated, more convenient, better results.
- 7—Perfect heat regulation prevents burning or under cooking.
- 8—Retains food values and stops waste from shrinkage.

# LOCALS

Miss Betsy Greene has returned from a visit in Mexico City, Mexico. She was accompanied home by Miss Rachel Glenn.

Mrs. C. S. Whichard has returned from Florida.

Mrs. James Ficklen and little son, James, Jr., are spending some time at Virginia Beach.

Miss Margaret Ashford, of Wilson, is visiting Miss Lill Wilson.

Mrs. Allen Lassiter and Miss Virginia Hardee, of Norfolk, are the guests of Mr. and Mrs. W. S. Gallo-way and Mrs. Thomas Gorman, Jr.

Miss Frances Whedbee left last night for Nags Head where she will spend several weeks.

Mr. Owen Dunn, of New Bern, is in the city today.

Mrs. J. L. Little returned yesterday from Junaluska.

Mrs. John McKeithan and Miss Ruth Andrews spent today in Washington.

Mrs. E. G. Flanagan left today for Morehead.

Mr. and Mrs. E. E. Rawl and children have returned from several week's visit in Batesburg, S. C.

Mr. R. L. Moore, of Danville, Va., was a business visitor here today.

Mr. and Mrs. E. T. Christian and little son, William, of Portsmouth, Va., have arrived to attend the Blanchard-Harris wedding which will take place tomorrow morning.

### WILKERSON-WILLIAMS PURCHASES NEW AMBULANCE

Mr. S. G. Wilkerson left yesterday afternoon for Richmond. He will return tomorrow, bringing the new ambulance which has recently purchased for the Wilkerson-Williams Undertaking Company.

### WELL KNOWN ATHELETE VISITING IN GREENVILLE

Mr. Bruce McDowell a well known athlete is a Greenville visitor today. Mr. McDowell while in Wilmington a few days ago established a swimming record when he swam a mile and three quarters against the tide in one hour flat. After a rest of 10 minutes, Mr. McDowell made the return in 46 minutes flat.

Mr. McDowell carried the colors of the Crescent Athletic Club at Brooklyn to victory many times in jumping hurdling and running events. A short while ago he established a walking record over the mountains in West Virginia, when on a wagon he covered 28 miles in 8 hours continuous walking.

During one outdoor season he won 20 gold watches, and for single and double rowing he won 7 diamond studded medals.

"Mac" is now doing the road work for a large sales agency of New York.

### CROPS NEAR GRIFTON DAMAGED BY HAIL

During Thursday, Pitt county was visited by heavy rains and hail storm in various sections. The greatest damage is reported from the territory around Grifton where it is estimated that at least fifty per cent of the crops were destroyed. Other sections also report great damage to the crops.

Simpson and Miss Ethel Jackson, of Roanoke Rapids;

### JEWS INVEST HEALTHILY IN PALESTINE LANDS

Jerusalem.—The Jewish National Fund has invested almost \$6,000,000 in the purchase and improvement of land in Palestine from October, 1920 to April 1925, approximately the period of Sir Herbert Samuel's administration as high commissioner, according to a report issued by the world headquarters of the fund here.

Of this money \$5,194,440 was spent in the purchase of agricultural and urban land and \$774,150 in land improvements, including the drying up of swamps, road building, water supply installation and building loans to new settlers.

Twenty-nine of the 43 colonies established by Palestine Foundation Fund (Keren Hayesod) during this period, were built on land purchased by the Jewish National Fund. This

When Better Automobiles Are Built, Buick Will Build Them

**No. 21**

**Question: Why is Buick so generally accepted as the Standard of Comparison?**

**Answer: Because for more than 21 years Buick consistently has nearest approached the ideal of a dependable motor car. Everyone commends your judgment when you buy a Buick.**

**PITT MOTOR CO.**  
E. E. RAWL, Mgr.

When better automobiles are built, Buick will build them

D. O. Bullock, L. P. Johnson, A. H. Hilliard and wife, Mrs. S. P. Hilliard, established by the Palestine Foundation Fund as part of its colonization scheme in building up the Valley of the Jezreel.

Both the Jewish National Fund and the Palestine Foundation Fund are financial agencies of the World Zionist Organization, the former being a landpurchasing agency, and the latter engaged in the principal constructive enterprises such as agriculture, education, public health and promotion of trade and industry, aimed at the rebuilding of the Jewish Homeland. More than sixty percent of the \$8,000,000 spent by the Palestine Foundation Fund in the Holy Land was contributed by American Jews.

Seattle.—Snowball a cat owned by G. H. Jensen, of the Silver Fox farm near Tacoma, is playing the role of mother to two baby foxes. When the mother of the foxes showed a lack of material interest and left them, Snowball adopted the twins with good success.

**CARD OF THANKS.**  
Through the columns of your paper we wish to thank each friend for their beautiful tribute of love to him "whom we have loved long since and lost awhile." Such expressions are rooted in him who said "Inasmuch as ye have done it unto one of the least of thee my brethren, ye have done it unto me."  
May Heaven's richest blessings be upon each of you is the wish to those whose hearts are filled with sincere gratitude.  
MRS. SCOVILLE AND CHILDREN.

**RESOLUTIONS OF RESPECT.**  
A home has been broken, an ideal shattered and air castles busted. Bro. Kos Hester has lost not only a wife, a real helpmate, and desiring to give expression to our feelings. We the members of Mohican Tribe No. 56 I. O. R. M. do resolve.

First. Although our hearts are made sad by his loss, we bow in humble submission to him who doeth all things well.  
2. That we extend to him the universal sympathy and friendly feeling of our Tribe, and that with him we mourn his loss.  
3. That we can extend to him our deepest sympathy, and we can, with

**Give New Life to Old Roofs!**

A wooden roof doesn't wear out—it rots out. And Barrett Shinglecoat offers the sure way to check this decay. Brushed on the shingle roof and siding of your home, it will keep the old shingles good for years to come.

Wood treated with this valuable wood-preservative becomes a rich, deep brown which will harmonize with practically any color you choose for trim, shutters, and porch.

**Barrett SHINGLECOAT**

Come in. Let us tell you how to add years of life to your old wooden roof by inexpensive treatment with Barrett Shinglecoat.

Going to re-roof? We carry a full line of Barrett Roofings—a style suitable for dwelling, garage, farm building or factory.

## Markets

Furnished by Hedgpeth & Co. Members All Exchanges. Phone 150, Greenville, N. C.

### Weather

Eastern belt Ala and Miss generally fair except local thundershowers tomorrow in extreme south.  
Georgia: Generally fair except local thundershowers tomorrow in ex-

treme South, North and South Carolina generally fair tonight and probably tomorrow.

### Cotton

Notices for about 100,000 bales proved the feature today and until the afternoon it was said practically all of them were stopped by the houses issuing them. Coincidental with a thicker item reporting the Japanese as heavy buyers of cotton in Bombay, Ind., came the report that these interests had stopped between 20,000 and 25,000 notices.

Local map readers predicted show-ers for Central and Southern Texas and this for a while caused selling by local professionals.

Some mail advices reaching here from Texas are sensationally bullish but satisfactory progress in other states is offsetting to a large extent the effect of such reports.

Should the market decline on insu-ent showers in Texas, purchases seem to be the safest.

### Stocks

Reading Co. Later on this stock will advance again, but right now it looks as if it is going lower, and it might get under 75 in the next two or three weeks.

Independent Oil & Gas. While this stock may go irregularly lower, it is a wonderful buy on good declines, for when the oils start up again, it will quickly rally to over 40, and later sell at over 45, and may reach 60 this Fall. So watch for good buying opportunities, and then buy it.

Phillips Petroleum. Do not worry over temporary reactions. This stock will go way up later, no matter what it may do in the next few days, or even for two or three weeks. The down trend is absolutely temporary.

Indian Refining. Buy it on every small dip, and add to your holdings if you already own some. We are sure that this stock will have a very good rise in the late summer and fall months, probably to over 20.

Remington Typewriter. We mentioned some days ago that this stock might react to around 70. It is a wonderful purchase there. Later in the year, it will go very much higher.

Mexican Can. Some of the most bearish stories we hear are on this stock, with talk of 15 to 20 points decline. We think that if any stocks sell off, this will be one of the weakest, but it will also have its periods of rally.

American Water Works. This stock is far too high on earnings and dividends, but so far it has had stout support every time it looked as if it were on the way down.

Houston Oil. If it reacts to about 70, it will be one of the best purchases

on the list, for a big gain later in the summer.

Ward Baking B. It is an excellent purchase at around 80, for another advance later.

American Tobacco. The common and B are not likely to decline much and soon will be taken up for a move above 100.

## CHARLOTTE POLICE OFFICER TESTIFIES

### "If You Want to See a Man Who Has Really Been Benefited by Karnak, Look at Me," Says Edgar Owens

Still they come, remarkable statements, one after another, each and everyone proving the claims made for Karnak.

Just the other day, for instance, Edgar E. Owens, well-known officer on the Charlotte Police Force, declared that when he thinks of the condition he was in and how fine he feels now he just can't stop talking about Karnak.

"Yes, sir, if you want to see a man who has really been benefited by Karnak just take a look at me," says Mr. Owens, who resides at 610 W. Fourth St. "Why, when I think of the condition I was in and how fine I feel now I just can't stop talking about this new medicine. It certainly does the work."

"The past four years I had the worst kind of indigestion. Why, gas would form on my stomach and press around my heart until I became so weak I could hardly stay on my feet. When these attacks would come on me they would be so severe that at times I simply had to quit my beat and go home.

"My stomach was in such a bad condition that at times even plain drinking water would actually upset me. These bad spells of indigestion would always leave me bilious, and kept me in a bad, rundown condition. I simply lived in dread of these attacks coming on, and just seemed to go all to pieces with nervousness at times."

"When a friend recommended this Karnak to me I didn't put off trying it out, but started right in on the medicine, and the results I got was the surprise of my life. I'll tell you, I used the Karnak and Karnak pills both with wonderful results. Why, this medicine has fixed me up in short order so I can eat anything I want at any time and not feel a bit the worse for it. Yes, sir, this Karnak has done what everything else failed to do, it has completely relieved me of all my troubles and put me in the pink of condition. It's some medicine."

Karnak is sold in Greenville by B. S. Warren's, and by leading druggists everywhere.
