## M'LEAN ADVISED OF CONDITIONS AT STATE SANITORIUM

Situation at Sanatorium Reported As Most Serious Since Action of 1925 General Assembly

Raleigh, Aug. 17.—The situation at the state sanatorium for persons afflicted with tuberculosis where it was reported Saturday, approximately 36 patients must be required to leave within the next months because of a lack of space and funds, has been officially called to the attention of Governor McLean, it was stated at the executive office this morning.

Charles H. England, secretary to the Governor, stated that he had telegraphed Mr. McLean at the camp where he is spending his vacation, advising him of the situation and that the Governor in a communication today had mentioned being apprised of the conditions revealed through the Associated Press on Saturday. Mr. England further stated that the executive had not made any statement as to his intentions in his reply, but the matter would be laid before him again, when he returned probably about the 25th of August. The best cure for the situation, it was stated in official circles today, would be a special session of legislature. It was admitted that the situation at the sanatorium was about the most serious which had come to light as a result of the action of the 1925 general assembly slashing to the minimum of permanent improvements, and maintenance appropriations for the next biennium. It is known that individual cases affected by the order of the board of trustees, that all patients who had been at the sanatorium 18 months must leave at the earliest possible time. Had been called to Mr. McLean's attention before he left for his vacation. The Governor at that time stated he was under the impression the policy was not a new one, but the statement of Dr. Peter P. McCann, speaking for the trustees, shows that the policy has only been recently adopted. During the war when the institution was required to care for a large number of soldiers, such a policy was in effect for a short while, but the action of the board on July seventh was the first time that it had been adopted as a permanent improvement.

## Kinston Warehouse Destroyed by Fire

Kinston, Aug. 17.—Fire at 2 o'clock Sunday afternoon destroyed the Central Warehouse, block-long structure with a loss estimated at \$100,000. The brick building was a through-out the interior when the firemen were called. The origin of the blaze was not determined. Wind swept the flames toward surrounding buildings. A number of small frame dwellings were ignited. Stables in the rear of the warehouse were consumed. Twenty-five minutes after the first alarm from the front of the building collapsed. Firemen laid many lines of hose, but were unable to check the blaze until the roof and walls had fallen in. One or two persons were reported to have had narrow escapes.

The fire started in the rear of the warehouse. The flames soared through the wooden rafters and floorings toward the front so rapidly that they had traveled from one end to the other of the 450-foot structure within five minutes.

The warehouse was a receiving station for the Tobacco Growers' Co-operative Association last season, but was recently returned to the owners J. Hugh Parham and others, who planned to operate it as an independent sales house this fall. A report said insurance of \$70,000 was carried on the building. It will be rebuilt, it is understood. The fire, in the edge of the business district, attracted a large crowd.

## Plans Underway for Erection School Bldg. At Mechanicsville

Mechanicsville, Aug. 17.—Plans are underway for the rapid erection of a modern school building at Mechanicsville, it was announced here by Superintendent T. Wingate Andrews. This school, it was stated, will be of brick and modern in every particular.

## TWO PRISONERS HELD LOCAL JAIL ROBBERY CHARGE

Louis Powell and Mary Howard Brought From Hertford Charged With Store Breaking and Larceny

Louis Powell and Mary Howard were in Pitt county on a charge of larceny and jail breaking and who have been in the Pasquotank county jail for the past several weeks were brought to Greenville Saturday by Deputy Sheriffs Whitehurst and Pierce and Officer Sellars and placed in the local jail for a preliminary hearing during this week.

Powell escaped from the Pasquotank jail sometime last month and for several days succeeded in evading arrest. He was, however, apprehended in Raleigh while attempting to beat his way on a freight train and returned to Hertford. These parties were charged with having a part in the robberies of several stores in Pitt county.

## Airplane Has Not Yet Conquered Ice Barriers Far North

Washington, Aug. 17.—The airplane man's most advanced means of transportation, as yet has not entirely conquered the ice barriers that the far north for untold centuries has placed in the pathways of those who have sought to explore its trackless wastes. Two messages from the McMillan Arctic party yesterday told the Navy Department a story of a battle of the expedition air unit to establish an intermediate airplane base on Ellesmere Island.

They related how the navy planes at last had located open water there only to return a short time later to find the water clogged with ice. A brief description also was given of the ice covered shores and it was said that the plane No. 2, damaged by ice several days ago, was being repaired on the deck of the Peary, and would be ready for service within a short while. Simultaneously, however, with the receipt of these messages, the Navy Department made public an account of how the inventing genius of man in the radio had broken down the barriers of space that heretofore have thrown a wall of silence between explorers and the rest of the world. This statement by the navy told how the navy station at Washington had established a "perfect link" in two way communication with the expedition's radio.

## Osaka Struck by Typhoon Today

Osaka, Japan, Aug. 17.—A typhoon struck Osaka, Yotaka, Kobe and vicinity today. The amount of the damage is yet to be estimated.

## SHARKS APPEAR IN ENGLISH CHANNEL

Add Another Hazard to the Already Difficulties of the Attempt to Swim the Channel

Cape Gris, Nez, France, Aug. 17.—Sharks have made their appearance in the English Channel within the last few days, adding another hazard to the already difficulties of the attempt to swim the English Channel, which Miss Gertrude Ederle plans to make tomorrow beginning shortly after seven o'clock in the morning.

Two sharks measuring a little over six feet in length, were caught by fishermen seven miles off Boulogne last night. They were brought this morning to Boulogne and exhibited in front of the Central Post Office. Precautions have been taken to keep the news of the sharks' appearances from Miss Ederle when she arrives here at six o'clock tonight for her last rest before the attempt to swim the channel. Fishermen here say that the continuing hot weather, which has brought the temperature of the channel to a higher point than usual, is responsible for the presence of the man eaters in the channel.

## SAYS BRITISH COAL STRIKE WOULD HAVE MEANT REVOLUTION

Arthur J. Cook, Secretary of Miners Federation, Addresses Enthusiastic Audience

Pontriffrid, Wales, Aug. 17.—If the British coal crisis had resulted in a strike recently, it would have meant revolution, declared Arthur J. Cook, Secretary of the Miners' Federation, addressing an enthusiastic audience here today.

"I realize now the power we have" and "revolution will come. I want a revolution that will have a disciplined army behind it, a revolution that will not only have discipline, but will be organized with an objective ahead of it, a revolution understanding its gold, a revolution where the mentality of the people will be free from the terrible curses of criticism and apathy."

## NO INDICATION OF AGREEMENT IN COAL STRIKE APPARENT

President of United Mine Workers Declines to Discuss Reports Concerning Resumption of Negotiations

Philadelphia, Aug. 17.—No indication of any progress toward resumption in the wage contract conference held by disagreement at Atlantic City ten days ago, were apparent today at the headquarters of either the anthracite operators or the 158,000 hard coal miners, who have threatened to lay down their tools at the expiration of the present scale on August 31.

John L. Lewis, International President of the United Mine Workers, declined to discuss reports that a resumption of the wage negotiations was imminent. He said he had "nothing to report right now," but that there "might be developments" in a day or so. William W. Inglis, who headed the operators' committee at Atlantic City, declared he had no knowledge of the rumored resumption of negotiations of wages and the "check-off," the principal point over which the conferences split. Mr. Inglis said there was no meeting of his committee scheduled for this week.

## Will Appeal to Pres. and Congress Textile Mills Trouble

New York, Aug. 17.—President Coolidge and Congress are to be asked by leaders of organized labor to take hand in rectifying what are called "indefensible" wage reductions in the New England Textile Mills.

William Greene, President of the American Federation of Labor, said last night at Washington that he would ask Congress to pull down the high protective tariff on textile because special privileges were not needed by manufacturers who had reduced wages ten per cent and more, and declared extra dividends ranging from fifty to 2,000 per cent. At the same time the Rhode Island Textile Conference constituting 150 representatives of textile workers in a meeting at Pawtucket, R. I., voted to ask President Coolidge to intervene "so that the depression in the textile industry and its causes may be known and wage owners may not be made to suffer unjust wage reductions."

## Lockhart to Take Part in the Trial of William B. Cole

Charlotte, Aug. 17.—Reports that John A. Lockhart, attorney of Charlotte and Commander of the State American Legion, would represent the American Legion in the prosecution of William B. Cole, Rockingham Mill executive here for the murder of William Ormand, on Saturday, a world war veteran, were apparently without foundation today. I was stated at his office here that he had gone to Rockingham to become associated with the defense.

Mr. W. M. Moore returned yesterday from Seven Springs.

## COLE DECIDES NOT TO SEEK LIBERATION ON HABEAS CORPUS

Charged With Slaying William Ormand in Rockingham Saturday; Will Be Tried in October

Rockingham, Aug. 17.—Decision has been reached by William B. Cole, wealthy mill executive charged with the slaying of William Ormand on the streets of Rockingham Saturday, to abandon the plea of seeking his liberation today on Habeas Corpus proceedings. Counsel for the defense, Mr. Cole considered the going to Carthage to make the legal arrangements today, but after a conference decided to await the term of court which opens on October 5. In the meantime Cole will remain in jail without bond.

Yonne Ormand, who was thirty years of age, and Miss Elizabeth Cole, 26, a daughter of the defendant, had been going together for several years. A series of letters in said to have passed between Ormand and her father in which each threatened to have threatened the life of the other. Ormand and his brother, Allison, came to Rockingham from Raleigh Saturday morning enroute to Myrtle Beach, S. C., and planned to remain in this city for the day. Ormand spent the time at an amusement resort near the city, and in the afternoon telephoned Miss Cole. Cole was standing on a step of the manufacturing building on the principal street of the city when he saw Ormand enter his automobile. Unseen by the latter, he walked rapidly to the car and began firing, according to authorities. Ormand seized the pistol with his right hand and a bullet passed through his hand. Cole is then alleged to have snatched the weapon loose and then fired twice more. One bullet pierced the right lung, and another the right arm. Ormand died within a few minutes. Cole then returned to his office where he summoned a physician, who accompanied him home, and he was later arrested and placed in jail.

## NO CHANGE OPENING OF TOBACCO MARKET

Rumors to Effect That Eastern Carolina Markets Will Not Open September 1st Unfounded

There has been much talk and many rumors regarding postponement of the opening date of the Eastern Carolina tobacco markets but up to the present time such rumors are unfounded as there has been no action taken toward postponing the opening date from September 1.

The Eastern North Carolina Tobacco Warehousemen's Association in its annual meeting here early in the summer voted to open the markets this year on September 1 and this date was later approved by the Tobacco Association of the United States.

The warehouses of this city are for the opening date and so far as is known by the warehousemen every manufacturer will be represented by a full set of buyers there having been no official information to the contrary.

## E. N. C. Branch of Nat. Federation of Employees Reorganized

Wilmington, Aug. 17.—The Eastern North Carolina Branch of the National Federation of Federal Employees has been reorganized through the efforts of H. H. Ford, who was at its head during the war. A new charter has been obtained from headquarters at Washington.

Votes received by mail have resulted in the following election. President, Paul Hess, of the U. S. Western Bureau, Wilmington; first vice-president, Harry L. Shaffer, Bureau of Animal Industry, Wilmington; second vice-president, Frank D. Perry, U. S. Engineer, New Bern; secretary-treasurer, Herbert H. Ford, U. S. Court, Wilmington.

Mrs. H. S. Eagsdale, Mrs. J. B. Cherry, Dr. Virginia Johnson and Miss Ward Moore spent Sunday at Seven Springs.

## The Woman Pays

Pola Negri's bankroll has been reduced exactly \$57,000 as a result of the screen star handing over to Uncle Sam that sum in duties and fine for neglecting to declare valuables on her return from Europe.

## MR. H. L. STEVENS TO VISIT THIS CITY

Candidate for State Commander American Legion to Be Guest of Local Post

Mr. Henry L. Stevens, of Warsaw, candidate for State Commander of the American Legion will be a guest of the Pitt County Post of the American Legion at its regular meeting Tuesday evening. Every member is urged to be present and hear Mr. Stevens in a short address.

## Sinclair Declares Chief Concern is to Abolish Flogging

Asheville, Aug. 17.—"My chief concern is to abolish flogging," Judge N. A. Sinclair, of Fayetteville, who presided over the Martin county mob trial at Williamston, last May, and over many other notable cases in North Carolina, wrote the newly-organized Prison Reform Association of Asheville.

"I am in the fight for prison reform," the militant judge continued, "and do not care to complicate my campaign with other questions; but my services are fully at your command to the extent of my strength and ability in effort to modernize and humanize prison conditions in North Carolina."

"My chief concern is to abolish flogging. I am satisfied that the conditions that existed at Rocky Mount are the rule and not the exception in county convict camps. But in addition to flogging, prison conditions are intolerable—as to sanitation, want of cleanliness, sleeping conditions, overwork, etc. Then we have a statute that every prisoner within 48 hours after commitment shall be examined by a physician. I have found this law a dead letter everywhere."

"There is an enormous amount of work to be done—educating the public—and your association must be depended on to do it. In the meantime I shall be glad to be an humble work in the cause and place myself unreservedly at your command."

## Enrollment of High Point Schools May Reach 6,000 Mark

High Point, Aug. 17.—For the first time in the history of the High Point Public Schools the enrollment is expected to reach 6,000 next year.

Last year the enrollment was 5,742. Between now and September 9 public school officials will prepare to have everything in readiness for the opening of the fall term marking the beginning of the 1925-'26 session.

The pre-school health program is being carried out successfully under the direction of Miss Ruth Cuncil, former city school nurse, and Miss Veigh Hutchison, present school nurse, working in co-operation.

Mr. C. L. Thigpen and children, Paul, Margaret and Lucille and Mr. James Albrighton left today on an automobile tour of Norfolk, Washington, Richmond and Baltimore.

## KIWANIANS WILL HOLD A DISTRICT MEET IN KINSTON

Twenty-One Clubs of Eastern North Carolina to Be Represented at Gathering on August 21

Kinston, Aug. 17.—Twenty-one clubs of Eastern North Carolina will be represented at the district Kiwanis gathering here, on August 21. District Governor E. W. Sikes will head the list of Kiwanis officials in attendance. Two international officers, Fred C. W. Parker and George W. Kimball, secretary and assistant, will also be in attendance. Other district officials expected are Roderick McDonald, secretary; Arnold Briggs, lieutenant governor, and Eltinge Elmore, field organizers.

The present plan is for all delegates to meet in the Kinston Chamber of Commerce rooms, at 10:30 a. m. From there the delegates will go to Hillcrest, three miles west of Kinston. An open air meeting will be arranged, and at 11 o'clock the program will be under way. Following the addresses, there will be a barbecue.

In the way of entertainment, the Kinston committee has arranged for a dip in the lake, a round of golf and attendance upon a ball game between the Kiwanis Clubs of Selma and Kinston. The delegates also will have an opportunity to witness the meeting of the Kinston and Rocky Mount teams of the Virginia League. A loving cup will be presented to the club bringing the greatest percentage of its membership from the greatest distance.

## To Discuss Suppression Smuggling Along Canadian Border

Washington, Aug. 17.—Suppression of smuggling along the Canadian border will be the discussion of a conference to be held shortly in Washington.

Representatives of the United States and Canadian governments will endeavor to agree on identical regulations to govern their respective agents along the border. The American delegates will be aided by Assistant Secretary Andrews of the Treasury. The exact date has not been determined. The regulation will be designed to make effective the terms of the treaty entered in June 6.

## New Fire Hydrant to Be Placed on Market

A duplex fire hydrant invented by H. D. Mabe, of this city, and Edward Hassell, of Kinston, is to be manufactured in a plant in this state according to recent announcement. Mr. Mabe, formerly of Kinston and for the past several years a resident of Greenville and Mr. Hassell have sold rights in the patent to a newly organized company which is to manufacture the new hydrant.

The duplex hydrant will be invaluable where direct pressure is used in combating a fire, the inventors declare. There may be as many hose plugs on a hydrant as pressure conditions justify. Valuable time may be saved in attaching additional hose lines without cutting off the water. If a fire company has one line flowing from a hydrant it may hook up one or several others without interfering with the first line. A simple valve device perfected by the inventors made this improved type hydrant possible.

## Conference to Be Held Methodist Church This Evening

The Fourth Quarterly Conference of the Jarvis Memorial Methodist Church will be held this evening at 8 p. m. This is the last Quarterly Conference of the year and all members will recognize the necessity of being present. The Quarterly Conference was put on a night other than Sunday in order not to interfere with the Union Services on Sunday evenings. Let all members of the Quarterly Conference please take notice and be present.

WM. P. WATKINS, JR., Pastor Jarvis Memorial Methodist Church.

## COOLIDGE GIVING CONSIDERATION TO BELGIUM WAR DEBT

President Grapples With the Problems of the Belgium Debt; Two Commissions Invited to Meet

Plymouth, Vt., Aug. 17.—President Coolidge expects an agreement to be reached probably tomorrow on terms for the refunding of Belgium's debt to the United States. The following statement in the President's hand writing was given to newspaper men at noon today.

"Secretary Mellon and Senator Smoot have reported to the president the details of the Washington Conference. The progress is satisfactory. No deadlock has developed. The secretary and senator came to inform the president of the proposals before making the final agreement. The conference will reconvene at three o'clock Tuesday, when it is expected a final agreement may be reached after which a full and complete statement will be given to the press by the American Commission."

Plymouth, Vermont, Aug. 17.—In the isolation of this quaint Hamlet, President Coolidge grappled today with the vexing and far reaching problems of the Belgium debt. With the American Debt Commission appealing to him for guidance out of the maze of negotiations. With Belgium's Debt Commission, he sought information as to the exact status and the prospects for a refunding settlement from Secretary Mellon and Senator Smoot, of Utah.

The two debt commissions were invited here for a conference at their request to ascertain in advance of resumption of negotiations between the Belgium and American commissions in Washington tomorrow, what the executive believes the terms of the settlement should be.

The President thus far has given no indication as to what he thinks should be done. He realizes, however, the gravity of the situation and the desirability of reaching the agreement acceptable to the American public and to Congress. The question in his mind is one that must be dealt with in a firm and far sighted manner, particularly in view of approaching refunding negotiations with France and Italy. Terms of settlement with Belgium, he believes may set an embarrassing precedent for agreement with the other two nations. Failure to reach an agreement with the mission from Belgium, he realizes might seriously hamper the United States in working out satisfactory refunding arrangements with others. In addition the President in offering advice to the American Commission is confronted with the terms of the settlement with Great Britain, which were approved by Congress, but which it is apparently the Belgium Commissions believe are to severe for it to undertake.

Nothing official has been learned as to what terms Belgium is willing to accept for refunding the \$450,000,000. It is believed however that the main points at issue are the interest rate and the schedule of payments.

Washington advices indicate that if the negotiations were to be carried to a successful conclusion there must be a material yielding by the Belgians.

Dispatches from Brussels said that should the negotiations fall through, the question of submitting the entire debt problem under arbitration would be raised in the Belgium Parliament. The idea of calling an inter-allied debt conference, the dispatch stated, was gaining ground.

## Gertrude Ederle to Endeavor Tuesday to Conquer Channel

Capt. Griz, Nez, Aug. 17.—Gertrude Ederle rested today in preparation for her great trial tomorrow when she will endeavor to carry American colors from the headland on the French shore through the swirling waters of the channel at Dover. If she succeeds she will be the first woman swimmer to conquer this arm of the Atlantic with its icy current and racing tide. Miss Ederle plans to strike off at 7:45 a. m., slipping into the water from the huge rock at the extreme western corner of the cape.

## WANTED—THE MAN

Governor McLean properly scores antiquated county government. Governor Morrison did the same. Governor McLean proposes a commission to effect reforms. So did Governor Morrison. The best remedy is the Pitt county system carried out systematically. This means that no system is good without county commissioners who give their time and who are fitted by knowledge to conduct the business of a county efficiently.

One trouble is that the county officers,

whose work must be supervised by the commissioners, receive full-time pay, while their superiors are paid a per diem for a few days in the year. The chairman of the board should be a full-time official, well paid, given more power, and held to strict responsibility.

But, no matter what the law or the regulations, no system will work well unless you find the right kind of men to administer it.

Wanted—the man. That's the need.—News and Observer.

## THE LEGISLATIVE FLOOD

Revising the work of legislatures in different states there is a ray of light—in a few the high water mark of new laws has been reached and flood is receding.

The Illinois legislature that adjourned a short time ago enacted only 302 new laws and 38 of these were appropriation and enabling acts.

In spite of having hundreds of statutes that are absolutely dead letters on the law books, Illinois added 280 more rules of conduct.

But the tide has turned and the Illinois legislature enacted 56 less bills than were ground out in the legislative grist two years before.

Several other states have made a similar record and it must be a satisfactory feeling to know that as time goes on, not only fewer new laws may be enacted, but more and more old ones may be repealed.

## Nerve Wracked

CHARLIE CHAPLIN

Charlie Chaplin is quite ill in New York. The hectic life of the movie game and a front page married life has told on him, with the result that he is suffering from low blood pressure and disordered nerves.

## CORRECTION.

In our Saturday's issue appeared an advertisement for the Rainbow Cleaners in which appeared the following "We will clean and press one dress for any lady, sewing one man's suit or overcoat at 50 per cent of the regular price." This sentence should have read 50 cents off the regular price. We gladly make the correction.

## "ZOWIE" IS PACKED WITH BIG THRILLS

Thrilling Stereoscopic Film Makes Big Hit With Large Audience.

"Zowie" If ever a title suggested action this one does and it is a good one for the Ives-Leventhal Stereoscopic film which is now being shown at White's Theatre. That is the title of the film, but mere words cannot express the thrills and chills that make the audience go crazy when it is being run off. Of all the slambang, knock-down, drag-out, harrainers, this takes all prizes. It is the first of new series of third dimension films which are being released by Pathe. Viewed through a pair of blue and red glasses, these marvellous pictures make the characters and objects appear unusually life-like and the effect of perspective and depth is marvellous in the extreme.

One of the most interesting bits in this film is the sequence showing a baseball player throwing baseballs directly at the camera. So perfect is the illusion that the missiles seem to come right out into the audience. Everybody yells and ducks his head when this part of the picture is shown. Another real thrill occurs when a fisherman lands a peculiar looking monster and whisks it out into the faces of the spectators.

Although there is no particular story to this novel film, it has more real kick in its short length than many feature pictures. The thrills and exciting moments follow each other in rapid succession until you hardly know whether you are coming or going. Aside from its interest as a novelty, it is highly entertaining, which, after all, is the real purpose of all motion pictures. This one certainly does its share in providing a fine evening's entertainment.

**BEAR STRUCK BY MOTOR CAR REVIVES AND FIGHTS DRIVER**  
Yakima, Wash.—Big game hunting by automobile is not so good, L. D. Gaines, driver of an oil truck, is convinced, after an encounter he had with a black bear, while on the Rimrock road, in the Cascade Mountains east of here, recently.

When first seen, the animal was oping along the highway ahead of him, Gaines reacted. Speeding up his machine, he forced the creature toward the rocks at one edge of the road. Suddenly turning, the bear sprang onto the truck, but skidded off, fell under the wheels, and lay still.

To take home proof of his prowess Gaines returned and grasped the bear by an ear. The truck massage however, had not killed, only dazed him, and the animal sprang up with an angry "Woof!"

At this point Gaines decided to allow the bear his life and liberty, and sped back to his machine without dignity and only a part of his trousers. The bear disappeared up a canyon.

## SEASON'S LARGEST CROWD REGISTERS AT PAMLICO BEACH HOTEL

The growing popularity of Pamlico Beach was evidenced during the past week when the season's largest crowd registered at Pamlico Beach hotel. All parties reported record-breaking catches of fish, with many trout brought in among the strings.

Several parties during a half day of fishing were able to land over two hundred croakers, trout, and perch. Notwithstanding the excessive heat that prevailed all over the state last week, a delightful breeze made Pamlico Beach a pleasant retreat from the torrid weather.

Among the guests registered at the hotel were, from Greenville, Frank Rice, J. L. Savage and wife, C. T. Marrow and wife, Miss Hattie Farmer, Miss Rebecca Howard, Roy Kittrell, Jack Kittrell, Belmont Kittrell, W. H. Forbes, C. T. Munford and wife, Leon Reddick, J. W. Bradsher, C. E. Brown and wife, J.
