SWINDLERS COST AMERICAN PUBLIC BILLION DOLLARS

Despite enactment in many States of "Blue Sky" laws for protection, sharpers still collect their toll

New York, Aug. 25.—Despite enactment in many states of "Blue Sky" laws for protection, the American public will pay one billion dollars in 1925 to operators of fraudulent stock schemes, promoters of easy oil wells and financial wizards of the Ponzi type.

Progress has been made toward safeguarding the inexperienced but the most optimistic observer does not foresee legislation that will block entirely the game of the sharper.

ROTARIANS HOLD MEET LAST NIGHT

Evening's Program Featured By Address on Proper Methods in Business

The program at last night's meeting of the Rotary Club here was in charge of the Business Methods Committee and was featured by addresses on "The Application of Rotary in Business."

The singing at last night's meeting was furnished by a double quartette composed of members of the Greenville and Ayden clubs and added much enjoyment to the occasion.

The first address of the evening was by J. N. Hart who spoke on the "Principles and Practices That Should Govern Your Business."

E. B. Higgs, second speaker of the evening used as his topic "The Life of John Wannamaker." He reviewed briefly the life of the late "Merchant Prince" from the poverty of his early childhood to glowing triumph of his later years of life.

Visiting Rotarians at the meeting were Charlie Riddick, Clarence Cannon, Harry Juit, Dixie McLawhorn, John Coward, G. W. Prescott, Roy Turnage and Colin Stokes, of Ayden and F. D. Clodfelter, of Norfolk of this city and charter member of the local club.

Mrs. J. C. Stone and daughter, Mrs. W. W. Dawson and daughter, of Grifton spent yesterday in Greenville.

BIG PREPARATIONS NOW UNDERWAY FOR PITT COUNTY FAIR

Fair This Year Promises to Be Best Ever Staged Here; Dr. J. L. Wooten to Aid Promoters

Big preparations are now underway for this year's Pitt County Fair which will be held here October 13th to the 16th and indications are that the fair will be the best ever held in eastern North Carolina.

Announcement was made yesterday that Dr. J. L. Wooten, of this city, would be in charge of the agricultural and live stock exhibits of this year's fair which should mean that the exhibit will be a large and attractive one.

On yesterday Mr. W. H. Dail, head of the fair, contracted with the Brown and Dyer Shows for the midway. The attraction, which carries 25 cars, is said to be one of the best on the road this season.

Continues to Pile Up Evidence Against William Sheffey

Maryville, Tenn., Aug. 25.—The state continued to pile up circumstantial evidence in Blount county criminal court today in an effort to identify William D. Sheffey as the perpetrator of a series of night time outrages which resulted in the murder of two husbands and the attack upon two women.

Big Whiskey Raid Conducted in Georgia

Savannah, Ga., Aug. 25.—A number of persons are in jail today and scores of others are at liberty under bond as a result of a drive yesterday by federal prohibition officers which netted 100 alleged illicit liquor dealers.

The alleged offenders were of the small dealer and shop keeper class many of them being charged with selling the forbidden beverage in their homes.

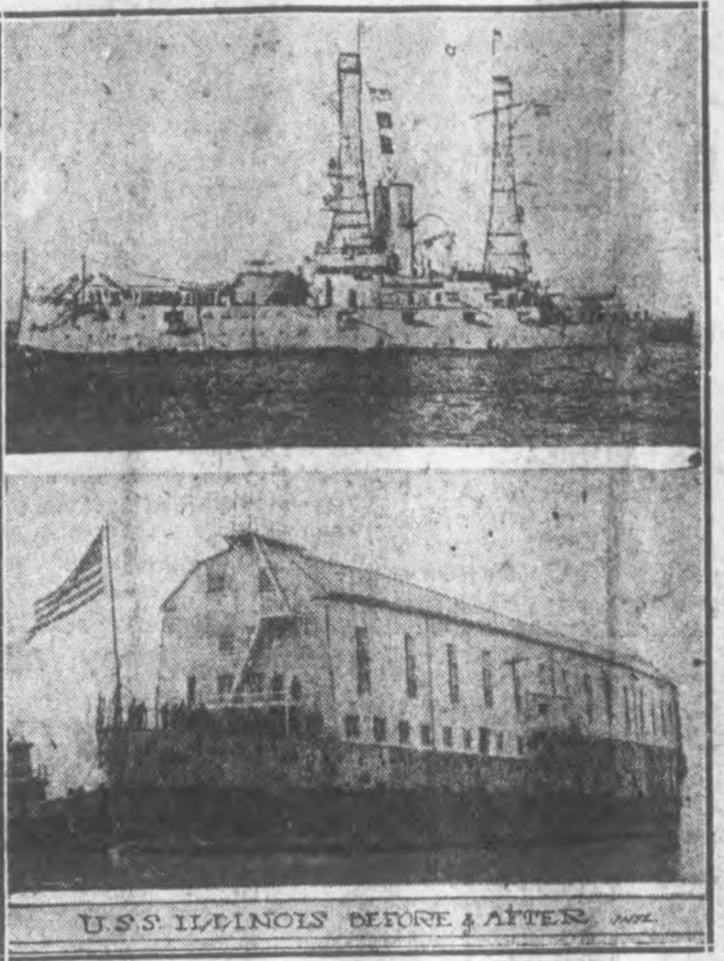

French and Belgian Troops Evacuate 3 German Towns

Duesseldorf, Germany, Aug. 25.—The French and Belgium troops today evacuated Duesseldorf, Duisberg and Ruhrort which they had occupied since 1921.

WIDOW OF BRYAN DEEPLY TOUCHED BY HONOR TO HUSBAND

Mrs. Bryan Approves Selection of Josephus Daniels as the Leader of Movement for a National Memorial to the "Commoner"

Miami, Fla., Aug. 25.—The selection of Josephus Daniels as leader of any movement for a national memorial to the late William Jennings Bryan is heartily approved by the widow of the "Commoner" who is "deeply touched by the evident desire of the American people" to honor her husband.

Such a memorial would naturally find its place in Washington Mrs. Bryan said in a statement to the Associated Press today. The widow did not wish to attempt to suggest the memorial plan as advocated by the Philadelphia Record but expressed appreciation of the family for the plan.

"I have been deeply touched by the evident desire of the American people to do honor to the memory of Mr. Bryan," the widow of the "Commoner" said. "My position is rather trying as I am daily asked to approve proposed memorials. The Nebraska memorial is taking form in the development and completion of a great hospital which stands upon the ground of our former home near Lincoln. We donated the house several years ago for hospital purposes. Florida has my approval for completion of the community church started by Mr. Bryan and which was very near to his heart. This church stands on a part of our present home."

"The people of Tennessee wish to make a memorial in the form of a university to be located in Dayton. If the university is to be carried forward along the lines that Mr. Bryan worked it seems to me Dayton is the appropriate place because there his last days were spent and it was there he passed to his reward."

"From other parts of the country some plan churches, Bible schools, auditoriums, libraries, etc. I cannot undertake to decide between these plans. The people in the several communities understand the conditions and know what will be best but I do appreciate the affection and loyalty that has inspired these tributes."

Miss Blanche Shriver has returned from several week's visit with relatives in Pennsylvania.

M'MILLAN PARTY FORCED TO HALT ON WAY FROM ETAH

Dispatch Says Expedition Was Laying to At Dooth Sound On Account Bad Weather

Washington, Aug. 25.—Bad weather has forced the MacMillan arctic expedition to halt on its way from Etah, Greenland. A dispatch received by the Navy Department today said that the expedition was laying to at Dooth Sound on account of bad weather.

Premiums Valued At \$32,316 Will Be Offered State Fair

Raleigh, Aug. 25.—Premiums valued at \$32,316 are offered in the premium list of the North Carolina State Fair, now being distributed by General Manager E. V. Walborn. The great bulk of this money goes as prizes to farmers and livestock growers.

The North Carolina State Fair will be held this year during the entire week of October 12. The fair is now a state institution controlled largely by the State College and the State Department of Agriculture, co-operating with the City of Raleigh. Practically every department is headed by a faculty member of the college staff and will be supported by the various workers of the Experiment Station and Extension Service.

Mr. Walborn states that the farmers will be interested especially in the large prizes offered for the best county, community and individual farm displays. A total of \$1,875 is offered in premiums for the best county displays, with \$500 to the winner of first place, \$400 for second place, and so on down to \$50 for the tenth place.

In addition to these, liberal premiums are offered for all field crop entries as well as livestock. The Woman's Department has been enlarged this year and will be under the direction of Mrs. James S. McKimmon.

GASOLINE PRICES TAKE FOURTH DROP, DURING MONTH

Latest Cut Brings the Tank Wagon Price to 17 Cents a Gallon; Other Companies Follow Standard's Cut

New York, Aug. 25.—The fourth reduction in gasoline prices this month was announced by the Standard Oil Company of New Jersey today when it lowered its entire territory.

This latest cut brings the tank wagon price to 17 cents a gallon in Maryland, Virginia, West Virginia, North Carolina and South Carolina.

The new prices are from three to three and one half cents per gallon below those prevailing the first of the month.

The Gulf Refining Company and the Sinclair Company immediately announced that they would meet the Standard Oil Company's cut in price.

Coolidge Preparing Return Washington Around Labor Day

Swampscott, Mass., Aug. 25.—President Coolidge is preparing to return to Washington around Labor Day.

Until today the president had given no inkling as to when he would terminate his vacation but it was stated officially that he intends to return to the capital by train either just before or immediately after Labor Day which is a week from next Monday.

Before his departure Mr. Coolidge intends to hold a number of conferences with government officials and others on public questions and an increasingly crowded schedule is expected to keep him close to White Court.

The president is receiving no new official information regarding the anthracite situation but is keeping in touch with developments through the press. He followed with particular interest the recent conference of New England governors and was encouraged by the statement made by John Hayes Hammond, former chairman of the coal commission, that there is no danger of a fuel shortage. Ever since it became apparent that the anthracite operators and miners would be unable to agree on a new wage scale indications have been given that the administration would take no hand in the controversy.

Two Memorials Unveiled Today for "Bill" Nye

Fletcher, Aug. 25.—Two memorials, one a monument of granite and the other a boulder bearing an inscription in bronze were unveiled today at services which marked the 75th anniversary of the birth of "Bill" Nye, American humorist. The granite memorial was uncovered by the side of the highway that leads past the Episcopal Church where Nye worshipped. His daughter, Mrs. Eugene Pharr, drew the veil.

GOVERNMENT WILL MAKE NO MOVE TO PREVENT STRIKE

Will Confine Its Activity to Assisting in the Provision of An Adequate Supply of Coal

Swampscott, Aug. 25.—Further indications that the Federal government will make no move to prevent suspension of anthracite operations next Tuesday were given today at the summer White House. President Coolidge has been assured that there will be sufficient fuel to meet all the needs of the public even if the mines close down and it is indicated that the government will confine its activity to assisting in the provision of an adequate supply.

ORGANIZATIONS OF COUNTY TO CONDUCT MILK CAMPAIGN

Hold Session Here and Perfect Plans for the Campaign Which Will Be Waged During Early Fall

At the suggestion of Miss Ferguson, Home Demonstration Agent, the various organizations of Pitt County met here yesterday to perfect an organization to wage a milk campaign in the early fall. Mrs. J. H. B. Moore was made chairman while several sub-chairmen were named as heads of the various committees. The session was featured by addresses by Dr. C. O'H. Laughinghouse, a representative of the Pitt County Medical Society and Supt. R. G. Fitzgerald.

Dr. Laughinghouse told of the wonderful value of milk as a food. He stated that during his visits throughout the county he had observed that there was only one cow to about every fifteen families.

Supt. R. G. Fitzgerald spoke briefly concerning his observations and brought out facts showing that milk is a necessary factor in the diet of children.

The milk campaign is badly needed. Upon examination, recently conducted, it was ascertained that 40 per cent of the school children were undernourished.

NEW CHINESE WAR BREAKS OUT TODAY IN SEVERAL CITIES

Trouble Starts After Burial of Lee Kine Ying, Who Was Responsible for Recent Truce Between Hip Sing and On Yeong Tongs

New York, Aug. 25.—A new Chinese war broke out this morning in various cities shortly after the burial of Lee Kue Ying, "Mayor" of New York's Chinatown, who was largely responsible for the recent truce between the Hip Sing and On Leong tongs.

An On Leong tongman was shot and killed here. One Hip Sing member was killed and possibly several were wounded in Boston some 24 hours after the Washington police had broken up a plot to kill three officials of the Hip Sing tong. A Chinaman was shot in Pittsburgh this morning and 33 were arrested in connection with the Washington episode.

In Chicago a resident of the On Leong section was shot and killed in a residence in the Hip Sing section and two were arrested. Tips to the police that led to opium raids are presumed to have been the motive for the Chicago shooting.

Shing Sun, laundry owner of Pittsburgh was shot to death by two unidentified Chinaman who escaped. The body of a restaurant cook was found in a New York Chinatown cellar with three bullet wounds in it while the two assassins escaped leaving a revolver near the body.

The trouble in Washington is regarded by police there as being between rival factions of the Hip Sing tong. The arrests were made in a raid on the Hip Sing headquarters after an officer of the tong had revealed a death plot.

Immediately after the killing of the On Leong tongman here officers of the rival tongs sent telegrams to their respective headquarters in other cities informing them of the slaying. Police have learned that more than 75 such telegrams were sent. They contained only the name of the murdered tongman and the information that he had been killed.

Although policemen on their posts nearby heard the shots that killed the man they found no trace of the murderers when they reached the scene. A preliminary examination by the medical examiner showed that six bullets had struck the victim. Police reserves were sent to the Chinese district following the shooting.

ABILITY TO PAY BASIS AGREEMENT DEBTOR NATIONS

In President's View Belgian Debt Settlement Does Not Set Precedent for Funding Agreements

Swampscott, Mass., Aug. 25.—The Belgian debt settlement in President Coolidge's opinion does not set a precedent for refunding agreements still to be worked out with France and Italy.

The agreement negotiated with Belgium, it was officially stated at White Court today, has nothing whatever to do with the impending settlement with other nations. In working out a refunding agreement with Great Britain the American Debt Commission established, and Congress approved, according to the president's view that the principle that was to be the basis of settlement with each and every debtor nation was ability to pay. That was the basis for the settlement with Great Britain and with Belgium, it was declared, and it will be the principle to be followed by the American commission in its negotiations with the French and Italian Commissions. It was made clear that the president believed this basis is not varied in any instance by the terms of the Versailles treaty or any other agreement attempted or made.

With regard to the nations that have not settled their obligations the president takes the position that the debt commission should wait and see what they proposed, look into their reasons for more lenient terms than the debt commission desires and then make a decision.

As for Belgium, President Coolidge holds that that kingdom was differently situated with regard to the war than the other Allies. As a neutral he feels Belgium was caught in the conflict in a way that appealed to the sympathy of the American government and public and there was a desire in the United States to grant Belgium as liberal debt funding terms as possible.

Land Rivalry Causes Great Trouble On Marco Island

Marco, Fla., Aug. 25.—Opposing factions in the dispute over the "Lost Land" on Marco Island awaited with expectant interest today the outcome of the first active effort to bring the controversy into the courts for a decision.

Captain Jim Daniels, resident of the sub-tropical island for more than half a century was in the county jail today as evidence of his faction's desire to bring the conflicting claim adjudication.

Representing the old settlers who disputed area is government property available for settlers to take as homesteaders, Captain Jim set about today to build a shack on territory which the guards of Baron G. Collier have marked off as forbidden ground. Drawing up a load of lumber the old mariner proceeded to break down the fence surrounding the New York advertising man's claim. This quickly brought the desired end. No sooner had the gray bearded old settler thrust across the line when nine deputies laid hands upon him and carried him to jail where he is held on a charge of trespass.

Governor Martin, of Tallahassee, is being looked to by both parties to intervene in the land rivalry. Spokesmen for both sides called upon the governor to submit their claims in the matter.

Wide Diversion of Opinion Regarding French Payments

London, Aug. 25.—Information late today from both French and English sources close to the debt commission of the two countries now discussing France's debt to England was that the conference was not progressing satisfactorily. While there is still hope that the differences might be bridged there appears to be wide diversion of opinion regarding the French payments.

With tobacco factories resuming operation after the summer standstill things are beginning to take on new life and the sound of the whistles is described by some as music of the finest variety.

With prospects this year for the best fair in years it is well for the farmers to be looking over their wares to ascertain what they have to exhibit. No fair can be better than its exhibits and county pride should make the farmers want to take part in this annual event.

### ECONOMY AND BUNK

The Washington correspondents are careful—or many of them are to be faithful court

chroniclers. No European country boasts more of "a good press," meaning a friendly press, to convey the impressions that "the king can do wrong."

A few days ago word went out that the President and General Lord had had "slashed" the Army and Navy estimates though Britain had increased its appropriations for the Navy in a very large sum. Unless the United States strengthens its Navy, the ratio, instead of being 5-5-3, will be 7-5-3 1-2 or 4. Some critic said: "It is all very well to slash the preparedness of the country, but White House estimates are never slashed, even though twice as much is being spent on the White House as in 1913 up to war time."

That was enough to stir up the hand-me-down inspired propaganda from the White House. The next day there appeared in big headlines in Washington papers:

**"WHITE HOUSE**  
**ALSO SAVING**  
**Budget Chief Cuts Estimates For**  
**Upkeep \$6,000**

The preliminary estimate for the upkeep of the White House was \$197,400. This for one year. Think of the economy-to-the-bone and the simplicity that will be enforced by their slashing of \$6,000. We shall next have photographs of the Vermonter, donned in overalls, climbing a ladder and painting the White House himself because he set an example of cutting down his own budget. Moral: Let every department of government advertise that it is economical though it is spending twice as much money as in Wilson's pre-war administration.

Economy and Bunk! One and inseparable at Washington!—News and Observer.

### TABLET TO COMMEMORATE COMPOSER OF FAMOUS SONG

Cedar Falls, Iowa.—A tablet to perpetuate the memory of Rev. William S. Pitts, composer of the internationally known song, "The Church in the Wildwood," soon will be erected on the church near Nashua, which was the inspiration for the song.

Rev. Mr. Pitts came from Wisconsin in 1857 to become pastor of the church, known as the Little Brown Church in the Vale. It was then in the midst of a thriving settlement, which has since been abandoned. Services, however, are held in the little church each Sunday afternoon, conducted by the pastor who serves at Nashua.

A tablet also will be erected in memory of the church's first pastor, Rev. John K. Nutting.

### POLICE OF ULSTER AND FREE STATE UNITE IN RAID ON MOONSHINERS

Belfast.—Moonshiners in the south of Ulster have lost the protection which formerly was accorded them by the border line, across which they used to fit when hard pressed on one side or the other.

The Ulster constabulary under command of Inspector Robinson, and the Monaghan Civic Guards, under Chief Superintendent Murphy, recently carried out a joint raid on an 18-mile front. It was the first time the rival police forces have co-operated in such a manner. Together they carried on their activities for eight hours and thoroughly routed the rills.

## "Fix this for keeps"

"That's no way to do things! You can keep putting in new bushings till Doomsday and they'll always burn out. Remember this: where there's an effect there's a cause. Bearings don't just burn out unless there's a reason for it and that reason is usually 'not enough oil.'"

It takes years and years of experience to learn all the tricks a motor can play. It takes even more experience to turn out a good reliable motor oil year after year with a uniform high quality. We have been at it from the earliest days of motoring and we are still improving our products. The latest "Standard" Motor Oil is one especially refined for Ford cars. Gives you easy starting, easy stopping and quiet bands. Try it next time you drain your crank case and note the difference.

### "IF WISHES WERE HORSES, THEN BEGGARS MIGHT RIDE"

By all odds the gayest satire ever to play on New York boards, comes to White's Theatre as a James Cruze production for Paramount—"Beggar on Horseback," adapted for the screen by Walter Woods from the Broadway stage hit by George S. Kaufman and Marc Connelly. Edward Everett Horton and Esther Ralston (the mother in "Peter Pan") are featured in the leading roles.

The plot revolves around Neil McRae, a temperamental musician of

high ideals but poor business judgment, who faces a problem of whether to marry a flighty rich girl, whom he does not love, or to marry the talented but poor girl, whom he does love.

He falls asleep and in a nightmare fantasy he marries the rich girl but he is so harassed by his wife and "in-laws" that he has no time for his art.

### TELL 'EM & SELL 'EM

### Fire Losses During July 1s Officially Placed at \$620,693

Raleigh, Aug. 24.—(AP).—The fire loss in North Carolina during the month of July, 1925, is officially placed at \$620,693. These figures were announced today by Stacey W. Wade, Insurance Commissioner of North Carolina. This is an increase of more than \$400,000 over July, 1924, when the fire loss of \$191,636 was reported.

The department made the following comparisons for corresponding periods in 1924 and 1925:

N. C.	July 1924	Jul 1925
Total loss	\$191,636	\$620,693
Number of fires	99	218
Value property at risk	\$1,100,385	\$3,613,411
Insurance involved	\$459,018	\$1,702,975

During the month of July 1925, the report says, there were eighteen fires in the State with a minimum loss of \$5,000 each, and a total loss of \$499,115. The remaining 200 fires claimed a total loss of \$121,578 an average of \$607 per fire.

The principal losses incurred were in the following fires: A furniture factory at Lenior, \$190,000; The Almo movie theatre at Raleigh, \$60,000; a business block at Fallston, Cleveland county, \$46,950; a warehouse and contents at Wilmington, \$42,800; a garage and several automobile at Winston-Salem \$25,000; movie theater at Wake Forest, \$11,000.

Of the building destroyed there were 65 dwellings in towns and cities with a total loss of \$27,380; 20 were rural dwellings with a total loss of \$34,920.

The report lists the principal causes of the fires as follows: Sparks on shingle roofs, 33; unknown, 46; overheated tobacco flues 47; short circuits in wiring system, 13; adjoining buildings, 10; light-

Sunday morning brought to a close a most successful revival at Red Oak Church. Mr. Fox has brought some wonderful messages to us and while there has only been one addition to the church the community has been greatly revived. He has gone to Timothy to hold a two weeks meeting and the best wishes of the entire community go with him.

Saturday was "Home Coming" day at the church. There was a most beautiful dinner spread and every body greatly enjoyed the fellowship of the day.

## SPITZBERGEN ENJOYS MANY PLEASURES DURING WINTER

Bartensburg, Green Harbor, Spitzbergen.—Wintering in Spitzbergen is anything but the dreadful ordeal that people in other parts of the world might imagine it to be. A correspondent of the Associated Press, discussing the subject with the wife of an official here was told: "We have the jolliest time imaginable in winter. People who don't know Spitzbergen think of it as a land shrouded in gloom, lashed by incessant blizzards and wholly unfit for civilized people. That is quite a mistake. After the ice closes in, say in October, we know we are thrown upon our own resources, and we make the best of them.

"It is never really pitch dark, for several months there is always a faint glow in the sky, and of course the whiteness of the snow helps. Then we have the radio; in winter we can hear London and Paris; we have music parties, social evenings, billiard tournaments, and my goodness! Think of the glorious snow sports and skiing competitions, and the lovely sledging trips! We often visit our neighbors at Advent Bay with our dog sledges. It takes 18 hours across the mountains. The Advent Bay people visit the Swedes at Braganza Bay, and we have no end of fun—we are just one happy family. But it would be lovely to see Paris and London again," she added with a far-away look in her eyes.

DR. HUGO ECKENER.

WILL HAYS.

Ralph O. Brewster of Maine and Governors of other New England states discussed plans to protect their states from a coal shortage in the event of an anthracite strike. Carl C. Magee, editor of Albuquerque, New Mexico, who aided in exposing the Teapot Dome scandal, shot and killed John B. Lassater, a bystander, while quarreling with Judge D. J. Leahy, a political enemy. Dr. Eckener appealed to the German nation to save Zeppelins from destruction. The fight of the motion picture industry against the new Connecticut tax and censorship law will be led by Will H. Hays, director general of the industry.

## STATE OPERATED UTILITIES PROFITABLE FOR SWEDEN

Stockholm.—The Swedish state treasury was enriched \$26,424,300 during the last fiscal year by the net profits of the various departments engaged in public business. This represents a net return of nearly five percent on the capital of \$545,749,743 involved.

The net profits of the various departments follow: Postoffice, \$3,727,600, or 38.6 percent; telegraph and telephone, \$5,528,886, or 8.05 percent; state railways, \$9,754,290, or 3.6 percent; hydraulic power plants, \$2,880,343, or 3.58 percent; public lands, \$1,532,681, or 1.35 percent.

## Advance Showing of Styles For Fall

The Fall Fashion's Notes herald a vast change in modes. Straight lines and low waists are conspicuous by their absence. Fitted effects, Princess lines, back fullness flare, and barrel skirts are the tendencies by which we know the new styles.

The Fashions are smart and youthful with a perfect blending of dignity and grace that captivates. Styles are varied affording every woman the opportunity to select the type of garments which individually becomes her.

## MEMORY OF BILL NYE WILL BE PERPETUATED BY NORTH CAROLINA

Fletcher.—Five memorials to Edgar Wilson ("Bill") Nye, grouped about his last resting place in the heart of the Blue Ridge Mountains, at Fletcher, will be formally dedicated Tuesday, August 25. These reminders of the famous humorist include a memorial window in old Calvary Episcopal church; a bronze tablet marking his grave in the churchyard; a monument on which a bronze tablet will tell a brief story of his life, on the Hendersonville-Asheville Highway; a memorial flag-staff, the gift of the city of Asheville and a memorial shelter, erected by the Masonic fraternity of Asheville.

Dedictory exercises over these memorials will mark the 75th anniversary of the humorist's birth at Shirley, Maine. Frank W. Nye, son of the humorist, and Mrs. Eugene Pharr, a daughter, will be present.

## LAUGHS, THRILLS AND LOVE IN LLOYD FILM

"Never Weaken" Returns by Popular Demand. Some people entertain the idea that comedies, like Topsy, "just growed." Some comedies do! But not Harold Lloyd's. There is no other type of screen entertainment that requires more building and modeling more infinite pains and patience, and more skill and talent than swift, clean comedies like those of Harold Lloyd, that must never descend to slap stick, nor rise to the peaks of being high brow.

Every Lloyd comedy is firmly built on a solid foundation of a real story. 'Tis true that a stunt here and a trick there may be an inspired after thought, put in to let in a little more laughter light, but it is never allowed in if it destroys the dramatic continuity.

## Send The Children Shopping

There's never an effort overlooked by us to cater to the youngsters in a way pleasing to them. We make them so welcome and please them so well that they gladly come here again and again. If you find it unhandy or inconvenient to run out to the drug store for anything—no matter how simple, how serious, or how urgent your need—send the children. We will interpret your wants correctly, fill your orders quickly, make your child welcome and you perfectly satisfied. That word "SATISFACTION" is our first and greatest thought because it is your greatest consideration. Bring your orders or send them by a child and the results and satisfaction are the same. Catering to the youngsters is a pleasure to us—and only another fine feature of our complete, modern, satisfying drug store service.

## Taste in Dress a Priceless Possession

TASTE in dress consists not only in wearing that which is conventionally correct and appropriate for each occasion, but also that which reflects the fashion preference of the moment of the best-dressed women. To know what is conventionally correct is easy. To keep abreast of what is correct from the style standpoint is more of a task.

It is a task which this store assumes as its own and that is why you will always find here only such carefully selected and fashion correct apparel that no matter what you select it will be style-right.

We invite you to join the ever widening circle of fashion-conscious women who compose the clientele of this style-right shop.

## CO-OPERATIVE SOCIETIES GROW Apace IN RUSSIA

Washington.—Co-operative Societies in the Soviet Union have grown in the last few years to a membership of 22,000,000, reports gathered by the Russian Information Bureau here show. The Co-operatives' membership in all other countries is given as 8,000,000. The government, it is said, takes no part in the business processes of the Co-operatives except to facilitate credits and assist in extending their capital.

Foreign trade carried on last year by the Co-operatives for their members is shown to have amounted to about \$30,000,000.

The Consumers' Co-operatives, foremost in importance, now includes 24,516 societies, with 42,000 shops and stores and 8,000,000 share holding members. The business turnover last year was reported to have been \$701,000,000.

Next in importance to the Consumers' Co-operatives are the agricultural Co-operatives with 45,000 societies and 4,000,000 peasant members. Their business turnover in 1924 was \$318,750,000.

In addition to these two, other Co-operative societies include home crafters, weavers, metal workers, painters and other artisans; housing, building and renting; local credit; timber industry and hunters and trap pers.

**Irish Republicans May Not Vote.** Dublin.—Eamon De Valera and the Republican party executive committee have issued notice to party electors to abstain from voting of taking part in the Free State elections in September. At that time 19 members of the Senate are to be elected.

## Seeks Pardon for Warren T. McCray

Indianapolis, Ind., Aug. 25.—Homer Elliot, United States District Attorney, who prosecuted Warren T. McCray, former governor of Indiana, on charges of using the mails to defraud, declined today to reveal what recommendation he had made as to the pardon application filed recently in McCray's behalf.

The pardon papers sent to the present District Attorney Albert Ward were returned to Washington yesterday. Ward said no recommendation is also understood to have been made by Judge A. B. Anderson, of the United States Circuit Court of Appeals, Chicago, who sentenced McCray to serve 10 years in federal prison. Ward made no comment as to the recommendation made by Anderson.

## CUBAN AVIATOR WINS HONOR FOR FIRST PARACHUTE JUMP

Havana.—Lieutenant Guillermo Martull, the Cuban aviator who on July 4 made the first parachute jump seen in Cuba from a Cuban army airplane, has been decorated with a military merit medal and two Havana newspapers have started subscriptions for a fund to give him a house.

Martull first asked President Machado to authorize him to take up an obsolete plane on May 20, Cuba's independence day, set fire to it and drop in a parachute. The president thought this too risky a stunt and disapproved it. Martull then requested permission to make a jump from a plane driven by a pilot. The president approved the request and, as a mark of respect to the United States, set the date as July 4.

Martull dropped from a height of about 4,000 feet into the Gulf of Mexico. A swarm of small craft were stationed off shore to effect a quick rescue.

**Cotton Letter**  
Yesterday's report fell flat for the simple reason that local professionals are against the market. Our reports indicate further deterioration since figures were made up and for the present think purchases on the easy spots will be the best policy if rallies are taken advantage of to secure profits (Condition 62 indicated crop 13,990,000 bales and ginnings 577,921.) Texas cloudy and cooler with scattered rains. Arkansas part cloudy and cool. Liverpool wheat opened down 3-6 to 1.

**Cotton Summary**  
Local cloth market was not affected by Bureau report and trade expects operations will drift along until after Labor Day. Firm prices reflect well sold positions of many mills on staple print cloths and sheetings and the reduction of stocks during past two months.

Local rains fell in extreme south yesterday. Fair weather forecast for East of Mississippi River today and tomorrow, except for showers in Fla., along East Gulf Coast and Tennessee.

Liverpool says market influenced by hedging, continental selling. Moderate spinners demand for spot cotton. Fair inquiries cloths from India, China, Yarns active. Lesser Goldman Cotton Co., St. Louis says while weevil damage and shedding reports more serious from Missouri, Oklahoma and Texas the cotton plant is still heavily fruited and prospects for a bumper yield are good.

**Weather**  
Slightly warmer over the belt, light rainfall reported in Brownsville, Texas district, otherwise rainfall slight.

**Forecast:** Entire belt partly cloudy probably showers also cooler in Panhandle.

**Stock Summary**  
Coca Cola authorizes retirement of \$3,000,000 preferred which will leave \$5,000,000 outstanding. Declared regular quarterly dividend \$1.75 on common. Net income before Federal tax in quarter ended June 30, \$2,939,231 vs. \$1,577,433 in preceding quarter and \$2,242,539 in second quarter of 1924.

Gulf Refining meets out of half cent in gasoline by Standard Oil of N. J. Standard Oil Company of Indiana and Nebraska reduce gasoline 2 cents. Standard of New Jersey reduced gas oil one half a cent a gallon throughout their territory.

Lowe's, Inc. declared regular quarterly div. of 50 cents.

Norfolk Southern July net operating income \$110,764 vs. \$83,487 in July 1924. Seven months \$719,942 vs. \$826,195.

American and Foreign Power May balance after taxes but before interest and depreciation \$270,553 vs. \$233,306 in May 1924.

## Robert M. Koenig Found Remedy For Pimply Skin

For years my skin would break out every once in a while—and ointments did very little to help me. I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons. I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also

of steering clear of upset stomach and sick headache. Carter's are all you claim for them.
