GREENVILLE, N. C., TUESDAY AFTERNOON, SEPTEMBER 8, 1925

ARLINGTON OFFERS REPOSE VICTIMS OF SHENANDOAH

Utah Senator Prepared to Defend Mitchell if War Department Takes Disciplinary Action

Washington, Sept. 8. (AP)—The aftermath of criticism and inquiry which has followed the loss of the Shenandoah, held the attention of officers today as Arlington cemetery offered honored repose for four victims of the disaster.

Funeral services for Lieutenant Zackary Landsdowne, commander of the ill fated ship, were arranged for the afternoon, while a morning hour was fixed for the separate services for Lieutenant Commander Lewis Hancock and Lieutenant John B. Lawrence and Lieutenant Edward W. Sheppard.

Secretary Wilbur had before him today an informal report by Rear Admiral Charles Wm. Dyson, who made an independent investigation for the Secretary, in which he held that the failure of the diagonal bracing in the Shenandoah frame was largely responsible for her collapse.

The loss of the Shenandoah was sighted by Colonel William Mitchell, former Assistant Chief of the Army Air Service as one instance to support his charges published Saturday against the air service administration of both the army and navy departments.

Colonel Mitchell's statement has drawn from Senator James E. Reed, of Missouri, comment that while the air service officer "may be an extremist, and probably is, he is undoubtedly a courageous officer and his statement must challenge attention to the air service developments."

Reaction from another senatorial quarter came in the statement from Senator King of Utah, a democratic member of the Senate Naval Committee, that he intended to press immediately upon convening of Congress in December for an investigation of the Shenandoah and the army and navy qualities in general.

Swanson Proposes Democratic Tax Reduction Bill

Washington, Sept. 8. (AP)—A democratic tax reduction bill to be agreed upon by party leaders and put forward at the coming session of Congress, was proposed today by Senator Swanson, Democrat, of Virginia.

A Republican reduction plan already is being drawn up but Mr. Swanson declared he wanted "real tax reduction." It would be a mistake, he said to attempt to retire the National debt in 25 years as recommended by Secretary Mellon. This generation already has reduced the National debt by several billion dollars, he said, and in addition has carried a heavy war burden.

Allies Decide Invite Germany to Confab Proposed Security Pact

Geneva, Sept. 8. (AP)—Allies have definitely decided to invite Germany to a conference of the proposed security pact, a British spokesman announced today.

The spokesman at the same time stated that Premier Painleve and Foreign Minister Briand, of France, accompanied by Austin Chamberlain, the British Foreign Secretary, are motoring to Ax La Bains today to confer with Stanley Baldwin, the British Prime Minister, and iron out the details of the projective meeting with the German Foreign Minister, again this year by Miss Sallie Beasley.

SEARCH CONTINUES UNCEASINGLY FOR NAVAL SEA PLANE

No Trace Has Been Found of the Plane, Its Commander or Crew of Four Men

Honolulu, Sept. 8. (AP)—Search for the naval sea plane PN-9, No. 1, which disappeared a week ago after nearly completing a non-stop flight from San Francisco to Honolulu, continued unceasingly today. Despite the efforts put forward by the United States Navy there has been no trace of the plane and its commander, John Rodgers or his crew of four men.

Men aboard the ships are on duty many hours daily. Chaplains, sergeants, pay masters, and other officers who ordinarily do not stand deck watches, are on duty peering out into the vast reaches of water searching for some trace of the missing flyers.

Morrill Appointed Member State Dept. Agr. Working Staff

Raleigh, Sept. 8. (AP)—L. V. Morrill, of Snow Hill, has been appointed a member of the State Department of Agriculture's working staff by Commissioner William A. Graham and assigned to the division of markets. His work, it was announced, will be in connection with rural organization activities, a detailed plan of which will be announced through the Market News.

Since the World War, during which Mr. Morrill served in the Marine Corps, he has been active in organizational field work among tobacco farmers, having been associated with the Tri-State Tobacco Growers' Association.

It is the purpose of the Department of Agriculture, through its division of markets, this fall to bring about the shipment of carloads of corn from the east, where it is abundant, to the west where it is sorely needed. Mr. Morrill will be active in this endeavor. By this plan, it is hoped to keep much money in North Carolina and, at the same time, to serve North Carolina farmers.

Race for Pennant Turns Triumphant Washington March

New York, Sept. 8. (AP)—From a sprint for the championship in the American League pennant race with in two weeks has turned into a triumphant Washington March. The day's athletics now trail in the dust of twelve straight defeats, putting them nine full games behind the Senators. Mack's team on its home field yesterday lost to Washington twice, two to one and seven to six.

Yesterday's double victory places Washington well on the way to its second American league championship and its improbable that the lead will be overcome.

Simmons and Thirty Agents Discharged This Afternoon

Pittsburgh, Sept. 8. (AP)—Gus J. Simmons, divisional prohibition chief and 30 of his agents were discharged this afternoon by District Director Fred C. Galdr. The director said the divisional chief and his men had ignored orders to report duty over the week-end and on Labor Day.

Elizabeth City Graded Schools Will Open On Monday, Sept. 14th

Elizabeth City, Sept. 8. (AP)—The fall term of the Elizabeth City Graded schools will begin on Monday, September 14, it is announced by Superintendent S. L. Sheep. Professor A. B. Combs will continue at the head of the high school, Miss Hattie Harvey remains as principal of the grammar school, and the details of the projective meeting with the German Foreign Minister, again this year by Miss Sallie Beasley.

Camera Men Get Inside Wreck

There was little resemblance in this wreckage of the Shenandoah to the magnificent air craft that left its Lakehurst, N. J., hangar for a cruise over eleven States. Only junk remained on the ground at Caldwell, Ohio.

HICKORY IS CHOSEN FOR '26 CONVENTION OF AMERICAN LEGION

Next Convention Will Be Held on August 30-31; Election of Officers Features Afternoon's Session

Fayetteville, Sept. 8. (AP)—Hickory was unanimously chosen as the place for the 1926 convention of the state department of the American Legion at today's opening session of the convention here. The election of officers was expected to come up this afternoon. Hickory was recommended unanimously by the committee on time and place, which made its report this morning. The date was set for August 30 and 31. With the election of officers on the program for this afternoon, politics was the conversation until late last night, and in some instances through the morning hours, and when the convention opened today there were less than a dozen delegates in their places.

35 Fishermen Believed Have Been Drowned in Typhoon

Manila, Sept. 8. (AP)—35 fishermen are believed to have been drowned in a typhoon in the Sulu sea, according to reports brought here by survivors, who battled with the gale for several days.

Indicated Crop Much Smaller Than Expected

New Orleans, Sept. 8. (AP)—The governments indicated crop of 13,740,000 bales was much smaller than the trade expected today, and prices for October immediately advanced 65 points and for December 60 points, and at these levels the market was 111 points above the early low for October, and 106 points above the December low prices.

Bees Find City Life Uncongenial

Elizabeth City, Sept. 8. (AP)—Do bees find city life uncongenial? One swarm at least, after a careful inspection of Elizabeth City, passed it up for other territory. Coming from nobody knows where, the bees settled once or twice here, once in the yard of James Ferebee, another time on the limb of a peach-tree in a vacant lot, but, after providing considerable entertainment for passersby, who, however, observed them from a safe and respectful distance, they tired of the city and buzzed away, leaving no forwarding address.

TO ANNOUNCE SUBSCRIPTION CAMPAIGN

Watch tomorrow's Reflector for the announcement of the paper's subscription and prize campaign which carries with it over \$2,700 in prizes. A Hudson Super-Six Coach heads the list of seven attractive awards. H. S. Main, who conducted the last campaign for The Reflector will again be in charge. The same fair and impartial treatment will be accorded all who enter.

Mitchell's Criticism Referred Today to Inspector General

Washington, Sept. 8. (AP)—Colonel Mitchell's latest criticism of the administration's air service policy was referred today to the inspector general of the army for investigation and report.

The action of the war department will not be determined until this report has been received. Should ground for disciplinary action be found. Acting Secretary Davis will decide whether court martial proceedings should be initiated.

Major General Helmich, the inspector general, presumably will call upon Colonel Mitchell for the facts. On receipt of a statement from the Colonel that he did make the charges against the Army and Navy officials contained in a statement issued at San Antonio, Saturday, General Helmich would be in a position to formulate his recommendation. It appears probable that several days will elapse before there is a final decision.

Only One Detour in Third Highway Dist.

Wilmington, Sept. 8. (AP)—There is but one detour in the third highway district at this time. W. F. Morson, district highway engineer, has announced. It is described as follows: Route 201—Follow route No. 20 one-half mile west of Leland to a large detour sign at A. C. L. section house; turn to left, follow signs through Lavale to route 201.

POSTAL EMPLOYEES ENJOY BIG LABOR DAY BANQUET HERE

Local Post Office Force Host to Postal Employees of County and Number of Friends

The employees of the Greenville postoffice with Postmaster H. R. Munford, as chief, were hosts last night at a Labor Day banquet given at Proctor Hotel to the postal employees of the county, and more than a score of friends of the city, including representatives from the various departments of the city and county governments.

Ex-Postmaster Roy C. Flanagan, who served the local office for many years prior to the Democratic administration of the late President Woodrow Wilson, was the toastmaster for the evening, and presided in his usual pleasing manner. The address of welcome for the city was made by Mayor D. M. Clark, and that for the postal fraternity was delivered by Postmaster H. R. Munford. Mr. Clark impressed upon his hearers the fact that the postal service of this country is one of the greatest institutions in existence, and while the part of local employees may appear small there is an individual responsibility upon each man equal to that of any other in the service regardless of his position. Mr. Munford expressed appreciation for the co-operation that the general public was rendering him and his co-workers in their respective duties which has made their work a pleasure. Postmaster Prescott in a few well chosen words made the response to the address of welcome.

Issues Call for A Meeting of the Ross Families

Pleasant Garden, Sept. 8. (AP)—Mrs. Ross Perkins, of Greensboro, has issued a call for a meeting of the Ross families, to be held at the Methodist church here Thursday, September 10. Due to the large number of Rosses scattered through North Carolina, it is thought, may develop into one of the largest Scotch organizations in the state. At the meeting next Thursday, there will be speeches by Charles Ross, of Lillington, and others.

The United States census of 1790 lists Reuben and Henry Ross and Reuben Ross, the second, as heads of the Guilford county branch of the family. This report shows that in Mecklenburg, George, William, Jos. and Francis Ross were the heads of the Ross family, with James Ross a bachelor and the owner of a single slave. Anson county, embracing at that time what is now Montgomery and Stanly, had as its heads of the Ross family Andrew Ross, first and second, Walter Ross, first and second, John Ross of Wake county and Ann Ross of Warren are also listed, as heads of their respective branches of the family.

Southern Tuberculosis Conference Will Meet Memphis, Oct. 14-16

Memphis, Tenn., Sept. 8. (AP)—The Southern Tuberculosis Conference will hold its annual meeting here October 14, 15 and 16, jointly with the Southern Sanatorium Association. The object of the conference is said to be to mobilize group consciousness, group pride, and group forces for efficient work in the south. Doctors, nurses, educational workers and laymen from 12 or 13 Southern states are expected to be in attendance.

Opening of Acorn Hill Road Will Be Celebrated Sept. 17

Elizabeth City, Sept. 8. (AP)—Preparations for the celebration here on September 17 of the official opening of the Acorn Hill road, from Gates into Pasquotank county, are going forward rapidly. The celebration is to be known as a "get acquainted" affair, and promises some unique entertainment.

It is hoped that the Navy Yard Band can be secured for the celebration, as well as to have a navy dirigible airship sail over the city during the day. Governor McLean and Highway Commissioner Hart, of the first district, are among those especially invited to be present.

BREAK IN DROUGHT IN SOUTH EAST IN EVIDENCE TODAY

Georgia and Piedmont Sections Visited by Scattered Thunder Showers Late Yesterday

Atlanta, Ga., Sept. 8. (AP)—A break in the long drought, which has existed for several weeks in the South east was in evidence today as the result of scattered thundershowers late yesterday in Georgia and the Piedmont section of the Carolinas. Although the rain was scarcely sufficient to benefit the part's crop, it contained the promise to anxious farmers that a more general down fall was on the way and would reach this part of the country within a short time. Heavy rains in Texas may head this way, according to official weather predictions, and it is said the weather will be unsettled today and tomorrow in this section of the South with scattered thundershowers. Many local residents, who joined with the people of South Carolina on Sunday in prayer for rains saw an answer to their supplications as the scanty bit of moisture fell from the skies yesterday.

Issues Call for A Meeting of the Ross Families

Pleasant Garden, Sept. 8. (AP)—Mrs. Ross Perkins, of Greensboro, has issued a call for a meeting of the Ross families, to be held at the Methodist church here Thursday, September 10. Due to the large number of Rosses scattered through North Carolina, it is thought, may develop into one of the largest Scotch organizations in the state. At the meeting next Thursday, there will be speeches by Charles Ross, of Lillington, and others.

Rewarded for Heroic Action of Years Ago

Southport, Sept. 8. (AP)—This is the story of an occurrence that is usually referred to as "one of those things that happen in books, but never could in real life." But this one did. A man whose identity has not been disclosed was recently approached on one of the Shipping Board's steamships on which he holds a position. Replying to an inquiry as to his name, he was told that he had been remembered in the will of a man who wished to reward a heroic action of years before.

Lifts Cotton Price \$4 Bale Above Fri.'s Closing Quotations

New York, Sept. 8. (AP)—Bullish interpretation of the government cotton report today lifted the price of cotton \$4 a bale above last Friday's closing quotations. An advance of 42 to 49 points marked the first sales on the New York Stock Exchange after the reports had been issued.

JAPAN MAY LEVY TAX ON AIDS TO ARTIFICIAL FEMININE BEAUTY

Tokyo.—Beauty of the kind that can be bought at drug stores may be levied upon by the department of finance for an annual tribute of some 98,000,000 yen. This is provided for in a bill the department is drafting to present to the diet. The bill provides a 20 percent tax on all the bottled, jugged, jarred and tubed mysteries which decorate midlady's dressing table and midlady herself. Not even her bath is to be excepted for soaps make up fully half of the toilet articles sold in Japan.

GRIFFIN'S APPEAL ARGUED BEFORE SUPREME COURT

Defense Describes Sentence of 30 Years as "Cruel and Unusual"

Raleigh, Sept. 8. (AP)—The appeal of Henry D. Griffin, from a 30 year sentence in the state prison for the mutilation of Joseph A. Needleman, in Martin County last spring, was argued before the Supreme Court here today. The sentence of 30 years was described in the brief submitted by the defense as "cruel and unusual." It was pointed out that others accused of taking part in the crime were given much lighter sentences. The state in its answer argued that the testimony admitted by the court was entirely proper and that the sentence imposed was "an exercise of discretion of the court and a proper exercise."

Cotton Crop Shows Great Decline in Past Two Weeks

Washington, Sept. 8. (AP)—The cotton crop declined to the extent of 250,000 bales in the two weeks ended September 1, the Department of Agriculture reported today. The forecast for the year's production was placed at 13,740,000 equivalent 500 pound bales.

On August 16 the production had been estimated at 13,900,000 bales.

The condition of the crop on September 1 was 56.2 per cent of normal, indicating a yield of 141.1-2 pounds per acre. On August 16 the condition was 62 per cent and indicating the yield of 144.1 pounds. Cotton of this year's crop ginned prior to September 1 totaled 1,892,549 bales the census bureau announced. To that date last year 947,494 bales had been ginned.

The condition of the cotton crop on September 1 and the indicated production by states follows: Virginia condition 68 per cent and forecast 6,000 bales; North Carolina 69 and 1,132,000 bales; South Carolina 46 and 830,000; Georgia 35 and 683,000; Florida 78 and 80,000; Missouri 70 and 250,000; Tennessee 68 and 437,000; Alabama 65 and 1,224,000; Mississippi 74 and 1,350,000; Texas 43 and 3,851,000; Oklahoma 61 and 1,520,000; Arkansas 69 and 1,368,000; New Mexico 88 and 59,000; Arizona 92 and 89,000; California 90 and 112,000. All other states 76 and 15,000.

NORTH CAROLINA SURPASSES

In the discussion of the relative merits of North Carolina and Florida as progressive states, Natural Resources adds the following interesting matter:

It is five years since the United States, the war over and industry in possession of a military discharge, reached a too-sanguine peak of domestic production resulting in a reaction and readjustment that had the color of a great industrial depression.

Recovery, according to census figures having to do with manufacturing interests producing a volume of production of \$5,000, or more a year, was practically complete at the end of 1923. In that year, the last for which figures are available, the total production was \$60,450,000,000, only 2 per cent less than the amount characterizing the year of post-war expansion. But as compared with 1921, the year of depression, the increase in production in 1923 was 38.5 per cent and the total as compared with 1914 showed an increase of

152 per cent over the value of manufactures produced in 1914. It is therefore certain that when figures are available for the year 1924, it will be shown that industry has reached a level higher than that attained when the whole war-riven world was looking to the United States for the goods immediately needed to repair the damage.

The South's share of this revival shows 1923 manufactured products to have had a value of \$9,461,688,000, an increase of 37.5 per cent over 1921, and 68 per cent greater than the values of products produced in the great manufacturing states of New England. And in this section, North Carolina, with a production of \$951,910,599, an increase of 43.1 per cent over that of 1921, leads all southern states with the exception of Missouri and Texas.

Just now it is the fashion to point to the unexampled prosperity of Florida, its growth and even the supposed menace its pulling power to immigrants and capital creates for the other states of the south and east. It has been published, for instance, that 40,000 people have recently left Atlanta alone for the state whose advertised prosperity is disconcerting even the complacency of southern California. It may be well for North Carolinians to look at the comparative facts as given in the census regarding manufactures. Florida's manufactured products, for instance, were in 1923 \$188,258,384 in value. North Carolina's were \$979,667,812. Florida manufacturers employed 65,038 wage-earners; North Carolina 173,687. Florida paid in wages \$52,356,618; North Carolina wage-earners received \$127,543,821. Add to these advantages in industry and profitable employment an even greater agricultural supremacy and the challenge as a resort center now being emphasized, especially in Western North Carolina, and the "boom" in Florida leaves this state interested only as it suggests its own greater possibilities.—Durham Herald.

Why Mrs. X— Uses Farbo, The Cold Water Paint

"I suppose every woman who has been in town knows how soon her walls become grimy with smoke and dust. I was ashamed of my home most of the time until I found how quickly, easily and cheaply I could have new, beautiful walls with Farbo."

For white wood work use Farbo's Enamel Paint.

Sold in Greenville by J. J. PERKINS

TAKE PHOSPHATE AND GROW STRONG

Your Nerves Demand It—Your Blood Needs It—Say Scientists

There's not enough phosphorus in modern foods to benefit one-half of the men and women of America, scientists declare.

To overcome this lack of an element of your body that is necessary to your health, your happiness and even your success in life, weak, anaemic, nervous, run-down people are advised to take Evans' Triple Phosphates as dispensed in leading drug stores in the original package.

People who are easily fatigued, who lack ambition, nerve force and are oftentimes thin, weak and sadly lacking in firm, healthy flesh, need Evans' Triple Phosphates.

Druggists report a wonderful increase in the demand from men and women who are anxious to renew old-time ambition and who are making an honest effort to become vigorous and keen-minded with a power of endurance that denotes almost perfect health.

They ask for Evans' Triple Phosphates because they know they need an inexpensive organic phosphate. You are certain to get it at Pitt Drug Co.

GORMAN'S MARKET REPORT

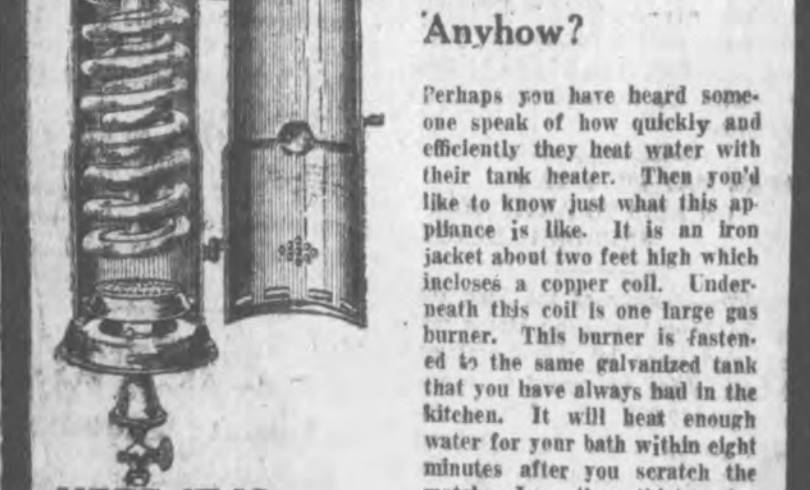

All sales finished Monday. GORMAN'S sold Monday 174,324 pounds for \$29,779.28, making an average of \$17.14. Our customers were all highly pleased with their sales and many who had tobacco at other houses told us we would be sure to get their next load. Prices are gradually improving and we believe we will see a much stronger market before this crop is sold if judgment is used in selling.

GORMAN'S has first sale Wednesday, 1st second sale Thursday and 1st sale Friday.

Drive to GORMAN'S and you will go home satisfied. Come see our sales when in town.

J. N. GORMAN & SONS

A TANK HEATER COSTS SUCH A LITTLE!

Perhaps you have heard someone speak of how quickly and efficiently they heat water with their tank heater. Then you'd like to know just what this appliance is like. It is an iron jacket about two feet high which incloses a copper coil. Underneath this coil is one large gas burner. This burner is fastened to the same galvanized tank that you have always had in the kitchen. It will heat enough water for your bath within eight minutes after you scratch the match. Less than thirty minutes will heat the entire tank of water. There is no coal dust, nor handling of oil when you use this gas heater.

STOCKHOLDERS OF GREENVILLE COTTON MILLS.

There will be a meeting of the stockholders of the Greenville Cotton Mills at the Mills in Greenville, N. C. on Thursday, September 17th, 1925 at 10 a. m. o'clock and all holders of stock are required to attend either in person or by proxy as the question of reorganization, re-financing or sale will be before the stockholders for final action.

By order of board of directors at a meeting held on Wednesday the 2nd day of Sept.

This September 4, 1925.
J. G. MOYE, President.
R. WILLIAMS, Secretary.

IN SOCIETY

WHICHARD-ANDREWS.

Beautiful Wedding Solemnized in the St. Paul's Episcopal Church.

A beautiful wedding was solemnized in the St. Paul's Episcopal church this morning at 8 o'clock when Miss Ella Ruth Andrews became the bride of Mr. Walter Linden Whichard. Rev. James E. W. Cook, the bride's pastor performed the impressive ring ceremony.

The church was attractively decorated with snow on the mountain, smilax, ferns and cathedral candles, carrying out the color scheme of green and white.

Prior to the ceremony Miss Bessie Brown sweetly sang, Cadman's "At Dawning" and Sanderson's "Until." She wore a lovely dress of black and peach crepe back satin with hat to match. Her flowers were a corsage of Columbia roses. The accompaniment was played by Mrs. S. T. White, wearing a rust crepe back satin embroidered in gold with hat to match. She wore a corsage of Ophelia roses. Mrs. White rendered a musical program consisting of "Loves Old Sweet Song," "To a Wild Rose" and "I Love You Truly." "Believe Me in All Those Endearing Young Charms," was played during the ceremony.

To the strains of the bridal chorus from Lohengrin the bridal party entered. The bridesmaids were Miss Hennie Whichard, sister of the groom, wearing pansy crepe back satin, and Miss Frances Whedbee, wearing grey crepe back satin. They wore black picture hats and Miss Whichard carried a nose gay of pink Asters while Miss Whedbee carried a nose gay of purple Asters. The ushers were Mr. Robert Greene, uncle of the bride and Mr. James Little. The groomsmen were Messrs. John McKeithan, Sherwood Ragsdale and Francis Bowen.

The bride's sister, Mrs. John McKeithan as dame of honor wore a gown of Cuckoo brown crepe back satin and carried a nose gay of pink Asters. The maid of honor was Miss Elizabeth Andrews, sister of the bride, wearing a frock of pencil blue crepe back satin. Her flowers were a nose gay of yellow Asters. They both wore black picture hats.

Little Miss Ernestine Ragsdale Hobgood, cousin of the groom, in a dainty dress of yellow georgette, strewed rose petals in the path of the bride. The ring bearer, Master John David Bridgers, nephew of the groom, in a suit of black satin with white crepe de chene blouse entered at the same time carrying the ring in a white rose on a silver tray.

The bride entered with her brother Mr. Sheppard Andrews who gave her in marriage. She was attired in a beautiful dress of wine Mirrolean cloth embroidered in gold with squirrel trimmings. She wore grey slippers and a wine and gold hat. Her flowers were a shower bouquet of brides' roses, sweetheart roses and Swansonia. They were met at the altar by the groom and his best man and brother, Mr. David J. Whichard.

Mrs. Whichard is the eldest daughter of the late Mr. and Mrs. J. A. Andrews, of this city, and is an attractive and accomplished young woman. She was educated at St. Mary's School, Raleigh. Being one of the most popular members of the young social set she has been the honoree of a number of social affairs. She is well known throughout this and adjoining states.

Mr. Whichard is the son of the late Mr. D. J. Whichard, Sr., and Mrs. D. J. Whichard. He is a popular member of the social set and is held in high esteem by a host of friends not only in Greenville but in other cities where he has visited. He holds a position with his brother on The Daily Reflector, which was established by his late father and is one of the oldest newspapers in the state.

After the ceremony the bride and groom left for a bridal trip to New York.

The popularity of the young couple was attested by the many beautiful and handsome gifts.

MR. AND MRS. JOHN McKEITHAN ENTERTAIN

On Monday evening, immediately following the rehearsal, Mr. and Mrs. John McKeithan delightfully entertained at their home on Evans street in honor of the Whichard-Andrews bridal party.

The home was decorated with summer flowers. Upon arrival the guests were welcomed by Mr. and Mrs. McKeithan, Miss Ruth Andrews, bride-elect and Mr. Walter L. Whichard. The punch room carried out the color scheme of pink and green and punch was served by Misses Mary Warren and Margaret Cook.

The dining room was a scene of loveliness and carried out the color scheme of pink and white. The bride's cake, beautifully decorated, was arranged on the tea cart.

The table was decorated with a miniature bride and groom and silver candle sticks. The centerpiece was a silver basket filled with pink and white asters, while maine streamers extended from the lights to the four corners of the table.

The cutting of the wedding cake caused much merriment.

After a most pleasant evening hostess served an ice course.

Thompson-Whedbee
Mr. and Mrs. H. W. Whedbee announce the engagement of their daughter, Frances Skinner Whedbee, to Dr. Malcolm Thompson, the wedding to be solemnized in October.

Mrs. J. N. White, of Norfolk, Va., is the guest of her niece Mrs. Milton White.

German on Postcards Barred.
Rome.—The prefect of Trent has ordered that no picture postcards with German or bilingual captions be sold. This is another effort to make Upper Adige territory, reconquered Italy during the world war, an integral part of the nation and to minimize Austrian influence there. Pictures and card albums with German captions may be sold only until the end of 1925.

Sunday School Institute at Free Will Baptist Church

A Sunday school institute is being conducted this week at the local Free Will Baptist Church by the Bureau of Institutes of the State S. S. Convention. The first session was held yesterday evening at eight o'clock, and the second session at four p. m. today.

The closing session will be held tonight, Rev. T. E. Beaman, of Morehead City will speak at 8 o'clock on "Organization and Administration of the Sunday School" and at 8:40, Rev. A. H. Outlaw, of Elizabeth City, will speak on "The Sunday School Teacher." The public is cordially invited.

COAST GUARD IS ASKED TO PATROL RACE COURSES

Washington.—The job of the coast guard is not all in running down run chasers, nor in protecting navigation.

Right now the annual flood of requests is coming in for coast guard patrols for the regatta courses of the country during the big rowing events and for cutters to take station for yacht races.

Among the events the cutters will police are the International Yacht Race, the Harvard-Yale Regatta at New London and the Intercollegiate Regatta at Poughkeepsie, N. Y. The job is to keep the course clear for the contending craft and to prevent the multitude of steam yachts, sailing boats, excursion steamers, how boats and motor launches that crowd in.

Supplementing the guard's patrol boats, the regatta committees usually supply launches which unfurl a Coast Guard flag and carry a Coast Guard officer to enforce order. In river races where waves from moving craft might endanger the shells, the guard men must keep the floating grandstands motionless.

Vessels offending continually may be fined \$500 and the license of the officer in charge revoked.

WOMEN OF ENGLAND NOW NOW ELIGIBLE FOR HIGH POSTS IN CIVIL SERVICE

London.—English women may henceforth aspire to filling the highest posts in the Civil Service, for another barrier against women's advance into professions hitherto reserved for men was removed recently when for the first time women were admitted to the difficult examinations for class I, the highest administrative grade in that service.

The 34 women who are competing on equal terms with men are all university graduates, most of them from the women's colleges at Oxford and Cambridge. If they succeed, they will receive appointments carrying salaries beginning with \$1,000 to \$2,000 a year, plus bonus, the same for women as for men, and they may rise by merit and seniority to permanent secretariats, where salaries range from \$15,000 to \$17,500 a year.

ALL WORN OUT?

So Was Mr. Little Who Tells His Experience

Are you tired all the time; worn-out night and day? Does your back ache as if it would break? Do you suffer dizziness, headaches, rheumatic twinges or distressing urinary disorders? You have good cause, then to be alarmed about your kidneys. Do as many of your townfolk recommend Use Doan's Pills—a stimulant diuretic to the kidneys.

This Greenville case is convincing: J. W. Little, grain broker, 1515 Dickinson avenue, says: "My kidneys became disordered from constant riding and weren't acting as they should. The secretions were scanty and highly colored. I had a feeling of listlessness and became tired more easily than usual. I lost no time getting Doan's Pills at the Warren Drug Co., and one box put me in good condition."

PALE, NERVOUS

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city.

"In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"Life wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time.

"My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general.

"EXPERIENCE"

is the best teacher." You have often heard this expression. It is just as true when applied to the handling of real estate as in other business.

Our organization has learned by experience, for we have been subdividing and selling real estate at auction during the past fifteen years, each year handling over 200 sales.

The knowledge we have gained is used by men who are enthusiastic and determined. Every reasonable effort is employed to sell property we handle in a manner satisfactory to all interested. Our success is evidenced by the fact that over \$60,000,000.00 worth of property has been sold by our modern auction method.

Write us at Petersburg, Va. Our representative will gladly discuss the sale of your property with you.

Automobile Without Any Buts

Did you ever ask an automobile owner how he liked his car, "Oh, it's a very good car, BUT there is several things about it I don't like," etc.

Did you ever ask a friend how he liked certain automobiles, and have him answer, "They are first class cars, BUT they are very complicated, and repair parts very hard to get," etc.

Did you ever talk to an automobile salesman and have him reply to your request about some particular car as a selling proposition, "It may be a good car, BUT I can't sell it because," etc.

Yes, it is a good looking car, operates nicely, low price, BUT we couldn't sell it here, because the resale value is practically nothing, etc.

Yes, they are alright so long as you use them carefully, BUT they can't stand hard service, etc.

This is just a sample of the daily conversations of the people.
