FIRST LIST OF AUTO CONTENDERS PUBLISHED TODAY

Not Too Late to Enter and Win An Auto; Many Shown On List Not As Yet Working

The list of contestants in The Daily Reflector's subscription and auto campaign appears today for the first time since the contest was announced last Thursday.

The votes noted against each name is for the Entry Coupon which counts for 5,000 votes and for the free 25-vote coupons sent in by themselves or friends.

Votes given on subscriptions are to be held in reserve until the campaign gets well under way and then the contestants will be allowed to publish a certain number from time to time.

The list from now on will be published on Tuesdays, Thursdays and Saturdays. At the present time it includes the names of many who have not as yet started an active campaign but later on those who have not shown a decided interest in the outcome of the campaign will be taken from the list and the winners will then be determined from the active workers remaining.

Those who have been thinking about entering The Daily Reflector subscription campaign should not lose another day if they hope to be automobile winners.

Some of the more ambitious ones got away to an early start which has given many the impression that it is a little late to start.

The records here at the campaign office indicate that the vast territory served by The Daily Reflector has hardly been touched.

NEW YORK WAGING STIRRING CAMPAIGN CHOOSING MAYOR

Two Democratic Factions Have for Candidates Hylan, Present Incumbent and James J. Walker; Watterman Republican Candidate

New York, Sept. 15. — (AP) — New York, the electorate, goes to the polls today to end its balloting, a most stirring and far reaching primary campaign. Over the surface today's balloting is merely the expression of Republican and Democratic motives in choosing their mayoralty candidate for the election November 3.

For eight years John F. Hylan, Democratic, Protege of William Randolph Hurst, has been chief executive of the largest city in the United States. During six of these years the mayor had a nominal united party behind him which was held together by Charles F. Murphy, the leader of Tammany Hall.

There was no open break until the Democratic leaders of New York gathered to select their candidate for today's primary. It was then that Tammany Hall broke away from Hylan and named Senator James J. Walker as its candidate.

The business man takes his profit after every one else is paid, and gosh, what a lot of people there are to pay.

Here is a nice bit of philosophy, submitted by a reader: "The injury a man's enemies do him is so trivial compared to what he almost surely will do himself that it is an absolutely negligible quantity and should be ignored. The corollary is also true, that the injury you can do to those you hate will probably be of little consequence to them that it is positively not worth the time and trouble. It is also true, that while one's enemies as a rule can do one very little damage, one's friends can be of greatest assistance."

Enmity, hate, grudge, malice are all bad words. We should avoid them, and the thoughts and feelings they describe.

Don't spend your time trying to confound your enemies or your competitors. Concentrate on self-improvement, self-progress. If you think you really must annoy those whom you regard as your enemies, try to do it by succeeding in spite of their ill wishes.

This will really hurt them. The most blighting of all tasks is to be against something or somebody. It is always more effective and more pleasant to be for somebody or something. Politicians recognize this. They always have their own ticket, so they may be for certain candidates.

Cultivate friends; disregard enemies. If you don't get on with certain people let them alone. You can't expect everybody to like you, you know.

True wit must rest on a solid foundation of intelligence.

At a certain time of life, a good many men and women select a moderate age and stick to it.

Speaking of salesmanship, how about the mother of limited means, her pretty daughter, and a rich young swain?

The delightful feature of the radio is the ease with which you can tune out without embarrassment to anybody.

When you admire the handsome appearance of U.S. Royal Balloons—remember also they are True Low-Pressure Balloons

If you are one of the thousands of car owners who have been attracted by the handsome appearance of the all black U. S. Royal Balloons, it will please you to know this—

These tires hold their good looks during the full period of their long service life. They do not show finger marks, mud or grease stains.

The beauty of U. S. Royal Balloons is in addition to those characteristics which have made these tires famous. They are distinctive in being true Low-Pressure balloons.

Their construction and design positively avoid the necessity of over-inflating the tires to insure long service. You can run them at genuine low air pressures and get the comfort that balloon tires are intended to give.

Their "Low-Pressure Tread" is flat. It provides much greater area of road contact than a round tread, thereby distributing the weight evenly to every tread block. That is why the tread wears slowly and evenly.

The continuous flexing of a balloon tire on the road calls for great strength and flexibility of construction. Latex-treated Web Cord, the patented process developed and patented by the United States Rubber Company, meets this flexing perfectly and accounts for the exceptional mileage of U. S. Royal Balloons.

So U. S. Royal Balloons make a real contribution to the beauty and the comfort of the modern car. Start now enjoying the advantages of true Low-Pressure balloons.

Retired Minister Tells How He Keeps in Good Form With the Assistance of Black-Draught.

West Graham, Va.—The Rev. Lewis Evans, a well-known retired minister, now past 80, living here, has a high opinion of Black-Draught, which he says he has taken when needed, for 25 years. "For years I had been suffering with my liver," he says. "Sometimes the pain would be very intense and my back would hurt all the time. Black-Draught was the first thing I found that would give me any relief."

"My liver has always been sluggish. Sometimes it gives me a lot of trouble. I have suffered a lot with it—pains in my side and back, and bad headache, caused from extreme biliousness."

"After I found Black-Draught, I would begin to take it as soon as I felt a spell coming on and it relieved the cause at once. I can recommend it to anybody suffering from liver trouble. A dose or two now and then keeps me in good form."

Made from selected medicinal roots and herbs, and containing no dangerous mineral drugs, Black-Draught is nature's own remedy for a tired, lazy liver. NC-166

WALTER L. MAIN SHOWS TO BE HERE

The billboards and dead walls about the city are announcing that the famous Walter L. Main Shows

are to visit Greenville, Friday Sept. 25th. Great interest attaches to the event, particularly so because the big show is one of the few tented exhibitions offering an array of trained wild animals. The Walter L. Main Shows for nearly half a century, to be exact, 46 years, have stood at the top among the high-class shows.

Beginning as a small wagon show, each year has seen a steady growth. Until today the mere announcement of the appearance of the Walter L. Main Shows is anonymous with the fact that the patrons will see a clean, high-class entertainment, free from objectionable features, embodying all that is great entertaining in the realm of the "white tops."

A special train of double length railroad cars will bring the big show here. The big show represents an expenditure of more than \$750,000. There are upwards of 700 men women and horses with the show; almost ten acres of tents; a herd of elephants; a caravan of camels; one of the most interesting traveling menageries; five bands of music, scores of curiosities and oddities from the four corners of the world.

There will be two performances at 2 and 8 p. m., the doors opening at 1 and 7 p. m. A concert of popular and operatic music will be given by Prof. John Griffin's military band an hour preceding each performance. An immense street parade will be seen on the downtown streets at noon on show day.

Mrs. W. A. Nobles of Dover, spent last week with her son, J. L. Nobles. Mrs. Charles Grubbs, of Grifton, is visiting her uncle, Mr. N. Garrison.

Mr. W. M. Jones, Mrs. Mamie Harrington, Mr. Jesse Tyson and Mr. Jeffrey Jones motored to Petersburg last week end to take home Mr. Mr. J. I. Tyson's children who have been spending the summer in Pitt county.
