DIAGNOSTIC CLINIC FOR TUBERCULOSIS BE HELD OCT. 5-10

Special Trained Men to Hold Clinic for One Week; Specialist to Visit Various Parts of County

The Health Department and the Pitt County Medical Society have arranged to hold a tuberculosis diagnostic clinic in Pitt county during the first week in October.

The records show that there are a number of known cases of tuberculosis in Pitt county. This being the case there must be several exposed persons who should know whether or not they have the disease.

DECLARES FRANCE SHOULD NOT BE GRANTED LENIENCY

Borah Opposes Debt Funding Terms for France More Liberal Than Those Given Great Britain

Washington, Sept. 16.—(AP)—Coincident with the departure from Paris of the French debt funding commission to the United States, Chairman Borah of the Senate Foreign Relations Committee at a conference with President Coolidge today opposed terms for France more liberal than those given Great Britain.

Meeting the president for the first time in more than three months, the Idaho Senator discussed at some length the debt situation, and said later he would have something to say on the floor of the Senate.

In the opinion of Senator Borah Belgium is in a better position to make such terms as were laid down in the British settlement than is Great Britain, and he also declared that France should not be granted leniency as it had greater ability to pay than the British.

Washington, Sept. 16.—(AP)—France's war debt to the United States must be settled without any reference whatsoever to the terms of agreement that nation may have reached with Great Britain, it was asserted today by Senator Smoot, Utah member of the American Debt Commission.

"The United States," Senator Smoot said "will settle with France without any reference whatever to the conference held between M. Caillaux and Mr. Churchill or any propaganda by either one or both of them. The United States has nothing to say about any political deals, or understandings, between European countries and does not propose to be drawn into them."

M. Caillaux and his associates will be granted every possible chance of presenting their side of the question. The United States Commission will look after the interest of America."

It was pointed out that by the agreement reached between M. Caillaux and Mr. Churchill at London, France is to pay Germany an interest rate of two percent on its war debt to that country. Senator Smoot declined to amplify his statement or to discuss possible terms which may be presented to the French Commission, but administration officials have made it clear that France may not expect the preferential treatment which was given to Belgium in the recent agreement with that country respecting the settlement of the war debt.

Widely Known Banker and Broker Dies Today

New York, Sept. 16.—(AP)—Seamour L. Cromwell, former President of the New York Stock Exchange, and widely known as a banker and broker, died today at his home at Bernardsville, N. J. of injuries suffered when he fell from a horse more than a week ago.

COL. J. M. JOHNSTON TO DELIVER ADDRESS ON ARMISTICE DAY

Local Post American Legion Holds One of Best Meetings in History; Great Plans Made for Armistice Day

Col. John Monroe Johnston, Marion, S. C., one of the leading legionnaires of the country, the principal speaker at the recent American Legion convention, an officer in the National Legion and a splendid orator, will deliver the Armistice Day address in this city on November 11, according to an announcement made at the American Legion meeting last night.

Mr. W. H. Rogers read the following letter in which Col. Johnston accepted the invitation. "Your wire of the 13th. It will be most pleasant for me to be with you on Armistice Day and I thank you for your invitation."

The meeting last evening was one of the most interesting and enjoyable since the organization of the local post. The delegates to the American Legion convention which was held in Fayetteville September 7-8, reported the convention and told of the wonderful work which the legion is accomplishing.

Miss Helene Higgs delighted the large attendance with a vocal selection, Mrs. Marvin Blount playing her accompaniment.

The post agreed to support the Kiwanis Club in bringing to our city the U. S. Naval Band, which will appear here on October 19, at the Teachers College. The Kiwanis Club is sponsoring the entertainment and realizing that it is worthy of support, the legion members will attend and help in making the evening's program a great success.

The American Legion Endowment Fund is nearing a completion and as the local post has not yet raised its quota, another drive will be conducted in the near future and every effort possible will be made to raise "our quota."

The local Post considers itself indeed fortunate in securing Col. John Monroe Johnston to deliver the Armistice Day address. At the American Legion convention he made an indelible impression on the members of the Legion. Being introduced as one of the nation's greatest legionnaires, Col. J. Johnston delivered a great address. Great preparations are being made for Armistice Day Celebration which promises to be the greatest ever held in the history of the Legion.

Summary of Crop Weather Conditions in Southern States

Washington, Sept. 16.—(AP)—Crop and weather conditions in southern states for the week ending yesterday were summarized today by the Department of Agriculture. Showers and moderate temperatures were beneficial in the western portion in the cotton belt, but in the eastern section much of the week had extremely warm weather and showers were insufficient to relieve the droughty condition. There was some interruption in picking in the west, and some injury by rain to open cotton was reported.

For North Carolina the report said the weather was abnormally hot and set new records for so late in the season. There were scattered showers but the drought condition was practically without relief. Late corn, late tobacco, truck and sweet potatoes were damaged. Progress was poor in cotton and the growth of late cotton was checked, and maturity hastened. The bolls are shedding and opening prematurely. Fall plowing is at a standstill.

Long Drought in North Carolina Has Been Broken

Charlotte, Sept. 16.—(AP)—Definite indications that the long drought in North Carolina had been broken were at hand today with showers reported last night and this morning from practically every section of the state. Rain fell was recorded in Salisbury, High Point, Greensboro, Hickory and Winston-Salem in the west, while Raleigh, Durham, and Wilmington and most of the smaller cities of Eastern North Carolina reported heavy showers. Charlotte alone had no rain.

BOB LA FOLLETTE, JR. WINS NOMINATION FOR U. S. SENATOR

Just Within the Constitutional Age Limit Young Man Swept Everything Before Him in Wisconsin Senatorial

Milwaukee, Wis., Sept. 16.—(AP)—Robert M. LaFollette, Jr., son of fighting Bob LaFollette, swept everything before him in the Wisconsin Senatorial yesterday carrying all but eight of the 71 counties in the state and receiving the Republican nomination for the United States Senator.

With 369 precincts missing out of a total of 2,691 in the state, LaFollette had 163,584, Wilcox 72,996, Woodward 37,277, and McGovern 17,866. The vote represented some what less than one half of the voting strength of the state as just a little less than 300,000 went to the poles.

Young Bob, just within the constitutional age limit won with a plurality of 29,495 over his three opponents and a majority of 85,488 over his nearest opponent, Roy Peter Wilcox, the Coolidge Republican candidate. The election was fatal to the hope of the Democratic cause in the state as William G. Bruce, selected to make the race by the state Democratic convention, was unable to poll sufficient votes to carry his party in to the final race.

COURT OF INQUIRY TO CONVENE MON. IN LAKE HURST, N. J.

Will Determine Cause of Collapse of Shenandoah and the Responsibility for It

Washington, Sept. 16.—(AP)—The court of inquiry appointed by Secretary Wilbur to investigate the Shenandoah disaster will convene in Lake Hurst, N. J., next Monday. The court itself will decide whether the hearings will be opened to the public, but it is assumed that they will be.

Instructions issued today by Secretary Wilbur to Rear Admiral H. P. Jones, President of the court, formally directed the inquiry to determine the causes of the dirigible collapse and the responsibility for it.

The court was directed to submit a report of the fact, it will establish through testimony and to render an opinion as to whether any act of the air ships personnel was responsible for the accident.

Six Boy Scouts Pass Merit Badge Tests in Swimming, Life-Saving

Six local Boy Scouts, Joe Dixon, Murry House, Edward Thomas, Zack Vandyke, Hoover Taft and Sam Underwood successfully passed the Scout Merit Badge tests in Swimming and Life-saving and also qualified as Junior Life Savers of the American Red Cross at the Ayden pool yesterday afternoon. Arthur B. Corey, local life-saving examiner for the Red Cross conducted the tests.

The life-saving instruction teaches a boy how to approach a person in distress in the water; how to protect himself against being pulled down with the patient, how to break the holds of a drowning person and the various methods of swimming to safety with them. It also familiarizes the boy with the various methods of resuscitation and treatment of drowned persons.

In addition to the advancement the passing of these tests affords the local Scouts, it also furnishes a fine nucleus for the Junior Life Saving Corps which Mr. Corey is anxious to organize when the swimming season opens in the spring.

Caillaux Leaves for United States Debt Funding Mission

E. Paris, Sept. 16.—(AP)—Finance Minister Caillaux left for the United States on his debt funding mission this afternoon.

SUBSCRIPTIONS AND VOTES COME EASY TO CONTESTANTS

Ambitious Ones Finding Road to Our \$2,700 in Prizes Nicely Paved; Names Still Being Received

Most of those who are actually working for votes and subscriptions The Daily Reflector's auto and prize contest are finding the securing of subscriptions and free vote coupons not such a difficult task. All who are hard at work to be very much encouraged over the results they have obtained so far and what the future holds in store.

This optimism on the part of the active contestants is due to the fact that they are putting forth a real effort to win, and again it is due in no small part to the popularity of The Reflector among the folks here in Pitt county and adjoining territory.

Those who are really anxious to win a leading prize will not find winning so difficult. All you need is the confidence that the gathering of a few subscriptions will bring to you, and then to carry on to the top all you need is ambition and energy. There is but little to be gained these days for those who will not pay the price of honest effort and hard toil. Those who seek something for nothing will find that there is but little in store for them.

Look around you at those who have been in any way successful in life. Look at the professional and business men of the city who have reached the top in their chosen work. If you could but know the story of their climb you would learn of the many trials and tribulations they have encountered on their way up. We meet up with many obstacles in life and the difference between success and failure is in the "will" to hurdle obstacles or to take the easier course and go around them. Those who go around are the failure—those who plunge forward and take the jump with courage are the successful ones.

The Daily Reflector is now offering to the public some \$2,700 in prizes and commission to be awarded on October 29th. The prizes include a Hudson Super-Six Coach from the Lang Motor Co. that sells delivered for \$1,335. A 126 Ford Coupe—the latest Ford model is the second prize. This coupe sells delivered here in Greenville from the Flanagan Buggy Co., for \$592.

Quinn-Miller & Co. are selling us a beautiful three-piece Living Room Suit and a 10-piece Dining Room Suit for the third and fourth prizes respectively. The former sells retail for \$250 while the latter is valued at \$187. From the Smith Electric Co. we have purchased a Grebe Radio outfit that is fully equipped and installed anywhere in Pitt county. We are paying \$115 for the outfit which is a very low price. The winner will have not even have one extra part to buy.

The fifth and sixth prizes are for \$50 and \$30 respectively. In addition to the prizes all not winning will be given a ten per cent cash commission on all subscription money turned in.

Those who think they have the ambition and spare time to clip the free 25-vote coupons from the paper daily and to have their friends save these coupons for them are invited to enter and win. Other votes will be given on the paid subscriptions to The Daily Reflector. For a six months subscription that cost \$2.50, a contestant will receive 2,500 votes. If the subscription is secured outside of Greenville it counts just double in votes or 5,000 for a six months subscription.

Those living outside of Greenville are especially solicited to enter. This year you have a wonderful opportunity to win an auto as you will be given double the number of votes listed for subscriptions secured outside of Greenville.

All you have to do to enter the campaign is to send in your Entry Coupon which will be found elsewhere in this paper. Call at the office if you prefer. Office hours are from 9 a. m. to 5 p. m. with the exception of Saturday's when the campaign manager will be in his office until 8 p. m. Campaign Office is located in The Reflector Building, upstairs.

Love Wins

Separated by their religion for seven years, Mrs. Frederick Kohl, of Washington, is to be the bride of Viscount Pierre Lambert, lineal descendant of Louis IX. Mrs. Kohl, a Catholic, refused to wed while her former husband, whom she divorced, lived. He has died and now she is free to marry.

'ROSE TIME' TO BE PRESENTED HERE BY WOMAN'S CLUB

Delightful Musical Comedy to Be Presented Tuesday, November 3

The plays given by the Woman's Club have achieved quite a reputation for that club as a "producer," so it will be of interest to the public to know that on November 3rd, another play is to be staged by practically the same cast that appeared in "The Flapper Grandmother," "Mr. and Mrs. Politic," and "The Microbe of Love."

This play will be "Rosetime," a delightful musical comedy, put on by the Wayne P. Sewell Company, who staged the others above mentioned. In plot and lines it will exceed all the others for enjoyment.

Mrs. Ray Tyson and Mrs. H. W. Whedbee will have charge of the cast with the assistance of a professional coach sent by the company, with Company, with Mrs. H. L. Ragsdale as business manager. Hold the date in mind, Tuesday, November 3rd.

Unveils Harding's International Goodwill Memorial Today

Vancouver, British Columbia, Sept. 16.—(AP)—Belief "that Harding's dying wish for the entrance of the United States into the World Court will be gratified" was expressed by Senator Frank B. Willis, of Ohio, at the unveiling of the Harding International Goodwill Memorial today. "The committee of Foreign Relations of the United States Senate will at the forthcoming session of Congress report in favor of entrance into the world court under the plan proposed by President Harding, Secretary of State Hughes, and by President Coolidge, and the Senate will be substantial and sufficient majority gratifying this action," Senator Willis said.

The monument was erected by the Kiwanis International in Stanley Park where the late President spoke while enroute to Alaska in 1923. Senator Willis represented the United States and Dr. John H. King, of Ottawa, Minister of public work for Canada, represented the Dominion.

Arrangements Being Made Move Operating Dept. of S. A. L. R. R.

Norfolk, Va., Sept. 16.—(AP)—Arrangements are being made to move the office of the operating department of the Sea Board Air Line Railroad way from Norfolk to Savannah, Ga. it became known here today.

LENOIR AND WILSON CO. GROWERS ARE SELLING WEED HERE

Greenville Tobacco Market Receiving Recognition From Over Entire State

The tobacco growers and tobacco interest of Eastern North Carolina are being made to realize more and more every day that Greenville is deserving of its rank as the leading market of the state. During the past several days growers from Wilson, Lenoir, Duplin, Edgecomb, Nash, Jones, Craven and numerous other counties have marketed their tobacco here, and in many instances they have returned with their second and third offerings.

Throughout the tobacco belt, the growers have expressed their dissatisfaction over the prices offered for the most inferior qualities of primings. These tobaccos, a majority of which is exceptionally common cannot be graded by the representatives of the large buying interest, and but for the efforts of the local warehousemen there would be no bids on some of these grades. The general expression that the crop was "going for a song" has been forgotten since the growers have begun to market their tips and other grades that show both color and quality, and the consensus of opinion is that when this year's crop is sold it will show even better average in price than that of last season.

While there has been no uniform price for the inferior tobaccos up to this time, the good qualities of the "golden weed" all bringing satisfactory prices, and the averages continued good notwithstanding large breaks each day.

FOUR MEN ARRESTED AS SUSPECTS POST OFFICE ROBBERY

Wilmington, Sept. 16.—(AP)—Four men were arrested by Wilmington police early today on suspicion of being implicated in the Post Office robbery last night at Rocky Mount. Two of the men are Italians, one American and the fourth a negro.

Postal authorities and Rocky Mount officers have been notified of the arrests and the men are being held pending the arrival of officers from that point. Reports received here indicated that an undetermined amount of money had been stolen and one postal clerk seriously injured in the robbery. The men were preparing to board a ferry leaving Wilmington and they were arrested by local police. Police had been instructed to be on the lookout for them after being notified by Chief Hedgepeth, of Rocky Mount, that they had passed through Warsaw at four o'clock this morning in an automobile. The men denied passing through Rocky Mount last night and declared that they came by way of Goldsboro and were enroute from Virginia to Columbia, S. C. Approximately \$62 was found in their possession. One of the men had a pistol in his possession.

Schedule for Davidson College Wild Kitten Freshman F. Ball Team

Davidson, Sept. 16.—(AP)—The Davidson College Wildkitten freshman football team will play six games this season, the schedule being announced as follows:

October 9, High Point at High Point.

October 15, Presbyterian College freshmen at Davidson.

October 23, Furman freshmen at Greenville, S. C.

October 30, Duke University freshmen at Durham.

November 13, State freshmen at Davidson.

November 20, Clemson College freshmen at Clemson College, S. C.

WALKER WINS A DECISIVE VICTORY OVER J. F. HYLAN

Reputed as Inefficient by Tammany Hall Hylan Goes Down By Approximately 100,000 Votes; Walker Backed By Tammany Hall and Governor Smith

New York, Sept. 16.—(AP)—State Senator James Walker, backed by Tammany Hall and Governor Smith, has won a decisive victory over John F. Hylan, supported by William R. Hurst for the Democratic mayoralty nomination.

Reputed as inefficient and as a "puppet" by Tammany Hall, which had elected him twice for four years terms, Hylan went down by approximately 100,000 votes in the primary yesterday. With all except 131 out of 2,968 districts heard from, the vote stood Walker 269,212 and Hylan 147,117.

Frank D. Waterman, fountain pen manufacturer, captured the Republican nomination with ease over two insurgent rivals, John J. Lyons and William M. Bennett. Waterman was leading his nearest opponent by 92,467.

Tammany's jubilation this morning was tempered with concern as to whether Hylan would run independently. The mayor ignored demands of Walker that he agree to support the winner and retired last night without comment on the results.

The New York Times today quoted Mayor Hylan as having told a close friend: "I am getting out of politics with a clean record. I have done my best." At Los Angeles Mr. Hurst reserved comment on the returns until more complete data should be available.

"No popular expressions of the full will of the voters will be obtained" says the story of the primary in Mr. Hearst's American. The Democratic vote was 67 percent of the total registered.

The New York World says that Hearst, with the publishers backing, will seek the election at the hand of the independent picking.

Democrats and Republicans both said in speeches that the Democratic primary was merely a fight between Governor Smith and Mr. Hearst with potentialities as to the next Democratic National Convention. When the returns were in Governor Smith said he was tickled to death. The victory, he declared, had given comfort and courage to the Democratic party.

Church and Warehouse Completely Demolished By Cyclone Today

Danville, Va., Sept. 16.—(AP)—The Methodist Church, of Whittles, in Pittsylvania county and a two-story building used for a fertilizer warehouse were completely demolished today by what was described as a cyclone. Several buildings were unroofed, trees torn up, and crops devastated, according to reports received here. There were no injuries to individuals. A terrific rain and thunderstorm followed the blow, which came without warning. The Southern Railroad was forced to put on two shifts of men to clear away the debris from its tracks.

550,000 Farms Now Equipped With Radios

Washington, Sept. 16.—(AP)—More than 550,000 farms in the United States are now equipped with radio, the Department of Agriculture estimates, following a nationwide survey through county agricultural agents.

A similar survey last year showed 365,000 farms on which there were radio sets, and in 1923 only 145,000 farms. This rapid increase in the use of radio by farmers is due, department officials declare, to the need for prompt market information in merchandising farm products, the educational value of the radio, and to its entertainment features. Many county agents reported that farmers have installed radio sets primarily to receive weather and market reports.

Southern farmers have been slow to put in radio sets, the survey shows. This is accounted for by the department by "natural conditions which hamper clear broadcasting and reception."

A whole lot of attention is being paid to coal for a matter that is neither here nor there.

Modern girls are accomplished in the use of the needle. They know how to put it in the phonograph.

Good checker players head the pedestrians' longevity list because they know which way to jump.

The knock in the motor is heard more distinctly when it is idling. This is also true of mortals.

WHAT IS EDUCATION

Children have been back in school only a few days. The routine of enrollment in new classes is over. New teachers and new work confronts them on the opening of the new term. They have picked up the task of getting an education where they left it last June.

What is education? The parent, looking back on his own school days and glancing at the array of new text books at the opening of the school year, is inclined to wonder. How much he learned has been of no practical use to him. How much, on the other hand, gathered out of school during those impressionable years has been of estimate benefit.

"If I had only known what I was going to do," he is inclined to say, "how much better I might have equipped myself for it."

But certain things do not depart. The ability to study, once acquired, is not quickly lost. Specific knowledge goes if it is not used more or less constantly, but the power to dig into a subject, to gather its essentials and apply

them practically, need never go if the student will keep his brain processes in good working order by practice.

Part of what every child learns is this ability to study, to make his memory work for him, to put his brain into harness. Another part is a broad survey of the world as it is, some of its sciences, a little of its historical and literary traditions. He learns that he is a social being, that he is the heir to a vast heritage of thought, and that life is not simply a span of three score years and ten but a continuity of mental lives. Plato, Shakespeare, Goethe—these are but stepping stones by which the thought of mankind has crossed and is still crossing to what unknown heights.

Education is worthless if it is viewed simply as a means to personal advancement. It should not rest at equipping the individual for a competitive existence. It fails in anything but a narrow and selfish purpose if it does not early rouse the child's mind to a sense of the solidarity of humanity in this continuous intellectual life inherited from the ages. More than that, it should persuade him to take a part in it, to add his quota to the heaped up treasures for his children and his children's children to inherit.

The American public school is perhaps man's highest effort so far to make a reality of human solidarity. It recognizes no classes, no divisions based on economic or social prestige. The humblest and the highest may meet here and be friends. How much the public school has done outside of its curriculum in fostering those sturdy standards of democracy and free opportunity on which the hope of America, and the world, is based no one can say.

Education might be more direct and more efficient if each pupil knew in advance just what he was going to do, to what station in life he was to be called. But part of the adventure of our American life is that no one knows this. The boy whose pants are patched at the knee, may be president of the republic a few decades from now. Vocational guidance is bound to have its limitations.

But every boy and girl knows one destiny which awaits him. He is going to be a citizen in a free land. He is going to have to learn to live and work and play with humanity farther ahead on its path. And so, perhaps, the best thing he learns at school is how to get along with his fellows, how to cooperate with them, how to make the puny individual effort mighty by combining it with numberless other puny efforts. That is what America is giving to the world: a lesson in its great public schools of the essential solidarity of human existence.

Shingle Roof Lasts 37 years.
Eatonville, Wash. — Thirty-seven years was the life of a shingle roof that T. C. Van Eaton, a pioneer after whom this city was named, renewed this summer. The structure houses a department store, whose proprietor declared that not a cent's worth of goods had been damaged by leakage. The shingles were split out of red cedar cut nearby.

AT THE PRESBYTERIAN CHURCH THIS EVENING

The regular prayer service will be held and will be in the nature of a Praise and Thanksgiving service to God for the answered prayer for rain. None but the wilfully blind can fail to see that He has sent the rain in answer to the prayers of His people. Let us tell Him and a godless world so. Service at 7:30 p. m.

Mrs. Futrell Undergoes Operation
Mrs. K. T. Futrell underwent an operation of tonsils at the Pitt Community Hospital yesterday morning. Her many friends wish for her a speedy recovery.

COUNTRY CLUB GOLF LINKS IN FINE SHAPE

The Country Club golf links are in splendid condition. The rain will put them in fine shape.

UNDERGOES THIRD OPERATION OF THE NOSE TODAY

Mr. L. A. Newham underwent a third operation of the nose today. His friends wish for him a successful recovery.

MR. A. P. ALSTON UNDERGOES OPERATION FOR OPERATION

Mr. A. P. Alston underwent an operation for appendicitis in the Pitt Community hospital yesterday. His many friends will be glad to learn that he is getting along nicely.

Miss Higgs Goes to Richmond.

Miss Madeline Higgs, who graduated last spring in Social Welfare class at Simmons College, Boston, has gone to Richmond, Va., where she will be employed as case worker in her chosen vocation. Miss Higgs is considered to be a very good worker along educational lines, she having taught in our local schools, and Greenville regrets to lose her, but she has the best wishes of all for success in her new endeavors.

Come to see us. We appreciate your

patronage. American Restaurant, H. G. Bembridge, manager, Dickinson Avenue, Greenville, N. C.

PRAYER SERVICES IN JARVIS MEMORIAL METHODIST CHURCH THIS EVENING

Prayer meeting at the Methodist Church will be held this evening at 7:30. Our attendance for the summer has been fine but now that the fall of the year has come and our people have all gathered back home we would like to see some of our folks out whom we have missed over the summer.

This will be our third talk on "The Character of Paul." The first two talks have largely been of an introductory nature and an attempt at clearing the way for a fuller presentation of the character of the great Apostle. Tonight we will pass into the positive side of his character. Our talk will be grouped around the two points of first, "Paul's Sincerity" and second "Paul's Sanity or sane-ness."

Naturally we are glad to see each Wednesday evening those whose habit it is to come and worship with us. We are equally glad to see any visitors who may come with us. The public is therefore cordially invited to attend.

PHILEATHEA CLASS MEETING OF METHODIST CHURCH

On Tuesday night the Phileathea class of Jarvis Memorial Church was delightfully entertained at the home of Mrs. J. B. Mallison, by a committee composed of Mrs. W. B. Tilghman, Mrs. George Johnson, Mrs. K. W. Cobb, Mrs. F. F. Thornton and Miss Gladys Lanier.

The lovely home of the hostess was most attractive with bright lights potted plants and cut flowers, and being comparatively new, one of the games of the evening was "follow the leader" all over the house, admiring its cosy comfort.

Twenty-five members were present, being willing to get wet in honor of the occasion, if only we might have rain.

The meeting was opened with Scripture reading by the president,

Mrs. O. G. Gulley, followed by prayer by Mrs. W. C. Vincent. Then came the roll call and minutes by the secretary, Mrs. W. B. Tilghman, and a notice from the treasurer, Miss Eloise Ellington that if all the members would pay their dues of ten cents a month, there would be more money in the treasury to use for the many calls that come to us.

Voted to contribute ten dollars to the Superannuate Fund.

Election of officers resulted as follows:

President, Mrs. O. G. Gulley. Vice President, Mrs. H. L. Rivers. Secretary, Mrs. Martha Lee Co-well.

Treasurer, Miss Eloise Ellington. Reporter, Mrs. J. W. Higgs. Teacher, Mrs. Luther Herring. Assistant Teacher, Mrs. T. A. Per-son.

Business being over, a social hour followed, and we were entertained with songs by Miss Emma Mallison, and a reading by Miss Annie Shields Vandyke.

A new guessing contest tested our knowledge of the component parts of an automobile. The prize, a dainty handkerchief, was won by Mrs. Judson Blount.

Every body played "fruit basket" and then a jar full of peas was passed to have the number guessed. Mrs. W. C. Vincent came the nearest to the correct number, and was also pre-sented with a pretty handkerchief.

Refreshments were served by the hostesses, while good fellowship was enjoyed by all.

These social meetings help to knit together the members of this class in a feeling of friendship which is close akin to love, as we all follow the same aim, to serve our Heavenly Father. But the chief object of the class is to study the word of God, under the leadership of Mrs. Luther Herring, who is a wonderful teacher holding sometimes as many as sixty women spellbound while she directs the lesson in Sunday school.

MRS. H. E. AUSTIN, Reporter.

GENUINE THRILLS IN "THE LUCKY DEVIL"

An innocent looking pile of hay upset the rural quiet around Lake-wood, N. J., recently, wrecked a racing automobile, and scared Richard Dix out of a week's growth.

It was supposed to be a movie stunt, but it proved too much so. As per the script, a pile of hay

Arthur Florence comely rider with the Walter L. Main Circus coming to Greenville on Friday, Sept. 25.

was arranged in the road. Theoretically it had fallen from a hay wagon but as a matter of fact it was baled by that had been loosened. On the left side of the road, in back of the pile, was an extra bale that hadn't been opened.

But somebody forgot that racing drivers race whether it is in the movies, or just on a pleasure jaunt, or on a race track.

The automobile race furnishes a "smash" climax in every sense of the word to this new Dix starring production, written for the screen by Byron Morgan.

Esther Ralston heads the supporting cast in the picture, coming to White's Theatre today only, "pay nite" tonight.

Health Expert to Go Morehead Investigate Mosquito Situation

New Bern, Sept. 16.—(AP)—A health expert is being sent to Morehead City to investigate the mosquito situation there.

The expert is being sent to Morehead City at the request of Senator F. M. Simmons, who acted in res-

ponse to a message from the Morehead City chamber of commerce. The expert will attempt to eliminate the mosquito evid, it is understood.

GALLERY OF ITS GOVERNORS

Springfield, Ill.—When some artis-

tic Illinois legislator years ago introduced a bill to appropriate money for an oil portrait of the first Illinois governor, he set a precedent which gave this state another first place among the forty-eight.

Value of Hedge Market
 Our object in issuing this review is to call the attention of farmers, buyers, shippers, exporters, bankers and merchants to the facilities offered by the Cotton Future Market, for hedging, thus affording price insurance and protection for the cotton and cotton seed oil from producer to consumer.

The Cotton Future Market affords price insurance in that if a person, owner, say of 100 bales of raw cotton, desires to hedge his cotton with futures, he has the opportunity to do so at little expense: a commission of about \$25. If, after hedging his 100 bales, the market declined 2 cents per lb., or \$10 per bale, equal to \$1,000 on 100 bales, the loss sustained on his raw cotton would be offset by the profit derived on the hedge sale of 100 bales of futures. Moreover, when a person has his cotton hedged with futures, he can generally make better arrangements with banks when he wants to borrow money on his cotton; the bank is better secured and is willing to loan more cash than it would if the cotton was not hedged.

If a season when the acreage is large, and this year it is the largest on record by a high margin—46,448,

600 acres, against 42,641,000 last year which was the previous largest on record, chances generally favor a large crop, and while the future of this crop is still hanging in the balance, latest government returns point to 13,900,000 bales, exclusive of linters, with ginnings early and heavy to August 16th—578,000 bales vs 130,000 to the corresponding date last year. In event of favorable crop weather during the remainder of the season, and if weevil are not destructive, final results may show the crop to be much larger than latest official returns indicate, conditions under which hedging would be advisable. Irrespective of what the market may do ultimately some planters feel satisfied with prices around present levels, and although their crop has yet to mature, they hedge their prospective crop at prevailing prices rather than risk prices declining before their crop is ready for market.

HEDGPETH & CO.
 Texas weather part cloudy, cool to clear and war.

Cotton Summary
 Local cloth markets quieter yesterday owing easier raw cotton. Weekly Southern Crop Letter of prominent local cotton firm says the weather is mostly unfavorable early week but somewhat better latter part. Boll weevil damage small. Atlanta Office Bureau of Agricultural Economics reports net gain in prices in that market of 165 to 175 points during week with undertone strong and demand good.

Weather
 Temperatures slightly warm over belt. Heavy rains Oklahoma, Also Ft Smith district, light rains Middle

Tennessee, showers Carolina coast. Forecast today: Entire belt generally fair.
New Cotton Pars for Sept. 16
 Va. 350, N. C. 330, S. C. 340, Ga. 258, Fla. 180, Ala. 232, Miss. 277, La. 269, Texas 242, Okla. 263, Ark. 280, Tenn. 278, Mo. 355, N. M. 200, Ariz. 300, Calif. 320. Average 266.3 vs 252.1 as of Sept 1. The value of each point of condition is 258,550 bales vs. 244,740 bales. A condition of 50 would point to a crop of 12,927,000, a condition of 55 to a crop of 14,229,000.

Liverpool
 Sales 7,000 bales, receipts 11,000, American 8200, gm. 1378, mid. 1343. Oct. 1286, Dec. 75, Jan. 1274, Mar. 1275, Due, Oct. 1277, Dec. 72, Mar. 71, May 1270. No due for May.

Stock Summary
 Domestic crude oil output week to Sept. 12 averaged 2,152,317 barrels daily off 9,726 from preceding week. Alabama and Tenn. pig iron advanced 50 cents a ton to range of \$18 to \$19 Birmingham.

West Coast Oil Subsidiary Associate Oil declares extra \$3 dividend and regular quarterly \$1.50 on pfd. Upwards of 20,000 Bombay textile workers in 12 mills strike against a wage cut.

Appellate Division of 3rd Department at Albany holds stock dividends are subject to state income tax.

Cuba railroad year to June 30 earned \$8.69 a share on common vs. \$5.85 in preceding year. Russia offers payment to French holders of bonds 50 per cent in new bonds provided France renounced claims for confiscated property and gives wrangle fleet to Soviet. United Clear Stores opens experimental shop for sale of hosiery, 50 other shops planned.

Average 20 industrials 143.89 off 2.74; 20 rails 102.37 off .41.

Charlotte Considering Zoning System

Charlotte, Sept. 16.—(AP)—The question of introduction of some sort of zoning system in this city is one of the important questions that is expected to come before the city commissioners in the near future.

While there is considerable agitation for a zoning ordinance, introduction of such a system would involve many difficulties, commissioners have pointed out.
