COLE TAKES STAND IN OWN DEFENSE THIS AFTERNOON

Hundreds of Eyes Placed on Wealthy Manufacturer As He Begins Testimony in Effort to Save Life

Richmond County Court House, Rockingham, Oct. 2.—(AP)—With every eye in the crowded court room focused upon him, W. B. Cole, wealthy cotton manufacturer took the stand in his own defense this afternoon for the fatal shooting last August of his daughter's former sweetheart. The atmosphere was tense as the witness appeared to give his reasons for the shooting of W. W. Ormond. The click of the telegraph instrument and the movement of feet were the only sounds as the man, though slightly nervous, answered in a firm voice the questions of James A. Lockhart, of the defense counsel.

The witness said he was 63 years old and that his first position was clerking in a store for which he received five dollars a week. Asked the name of one of his relatives he replied he was called "Ugly Wat" adding "I favor him most." Of the two thousand outstanding shares of stock in the mill of which he is manager Cole said he owned 125, his wife 125 and his children 100 shares each. Asked about his relations with his family he said they were close. His voice broke and his eyes filled with tears as he spoke of himself and his daughter as "Chims." Cole was nervous. His mouth twitched, his feet and hands moved, his voice faltered and he changed his position frequently.

The defendant said he had known young Ormond about two years during which time he had gone with his daughter. He had never considered that they would marry and the subject was never broached to him, he declared. With tears in his eyes he described receipt of a letter from Ormond that mentioned relations as "man and wife." "The letter came to him at my office and I went into the toilet to read it. I recognized the handwriting. I got to the—the slender part of it. I lost consciousness and when I came to, I was in a clammy sweat. I took a walk to be alone to decide what to do. Then I decided to call her."

(Note—At press time Cole was still upon the stand and his testimony incomplete.)

Richmond County Court House, Rockingham, Oct. 2.—(AP)—Fred Bynum, who told the jury that he acted as representative between W. B. Cole and W. W. Ormond last spring, testified today that the two men had threatened each other's lives. He cited one occasion when he said Ormond had told him he would shoot Cole if he ever met him again.

Richmond County Court House, Rockingham, N. C., Oct. 2.—(AP)—Ten witnesses for the defense had testified to the court "splendid reputation" of Miss Elizabeth Cole today in the progress of the trial of her father for the murder of W. W. Ormond, at one time sweetheart of the young woman.

Miss Octavia Scales, fiancée of Don Phillips, prosecuting attorney, testified for the defense that in a conversation with the young woman last fall Miss Cole had expressed herself as glad that she and Ormond were "broken up."

The state contends that Miss Cole loved Ormond and gave him up because of parental objection. The defense claims that the young woman broke her relations with Ormond on her own accord when she knew she did not love him. Miss Cole testified yesterday that she broke up her love affair with Ormond in the fall of 1924.

Fred Bynum testified that he had represented Cole in transactions. (Please Turn to Page Eight)

Lucky Himself

ALEX FERGUSON

Alex Ferguson was shunted to the Washington team after all other clubs in the majors had waived on him. He immediately made himself solid with the capital fans by turning in several brilliantly pitched games. He is expected to shine with Marberry in relief roles against Pittsburgh.

FAIR HERE TO BE BEST EVER HELD

Entries Indicate Largest Agricultural Exhibits Ever Shown Here; Many Feature Attractions

Mr. W. H. Dail, head of the Pitt County Fair, to be held in this city October 13 to 16, stated today that those in charge of arrangements for this year's fair are much elated over the prospects, for the best fair ever held here. He stated this morning that entries for exhibits, especially in the agricultural departments are far above those of previous years and that already additional equipment is being installed to take care of this large variety of exhibits.

For the races more than 100 of the best horses on the track this season have been entered and the lovers of the races will find the offerings to their likings. One of the big features that will interest everyone, especially those from the rural districts, is the mule sweepstakes, to be staged on Friday of the fair. Probably fifty mules will be entered for this contest which bids to furnish thrills and enjoyment for all.

With reference to the free acts and midway attractions of this year's fair, Mr. Dail stated that the best in those lines had been procured and fair visitors would have opportunity of witnessing feats never before shown in this section. The Funniest Ford in the World, he says, is certainly worthy of its name. Fred and His Pigs, another of the free acts, is one of the greatest performances ever offered in this section. The Brown and Dyer Shows, consisting of fifty superlative attractions, will furnish amusement and interest for the fair visitors throughout the week.

"As a whole," said Mr. Dail, "We are highly pleased with our prospects this year. We are making every effort to give the people of our section the best fair ever held and we feel confident that they will be pleased with what they will witness here this year."

Says Extreme Care Was Advised in Operating Dirigible

Lee Hurst, N. J., Oct. 2.—(AP)—In approving the gas valve system changed in the airship Shenandoah, the Bureau of Aeronautics at Washington warned those on the ship that the new system was not as "fool-proof" as the original installation and that extreme care should be taken in the operation of the ship.

AGREEMENT CALLS FOR PAYMENTS FOR NEXT FIVE YEARS

Caillaux and Associates Leave for Paris; Agrees to Place Before Government Proposal for Annual Payment of \$40,000,000

Washington, Oct. 2.—(AP)—Continuity of the Franco-American debt funding negotiations holds today only by the uncertain link of a tentative arrangement brought forward as a last resort to prevent complete collapse of the effort to reach a permanent settlement. Finance Minister Caillaux and his associates on the French Mission have departed for Paris not with a program for permanent settlement, but merely with a five year payment proposal, which in effect defers for the period a settlement of the thorny problem of how much France shall pay.

Proposed by the American Debt Commission after a week of negotiations and demonstrated the futility of efforts to agree on a settlement at this time. The arrangement which M. Caillaux has agreed to lay before the Government would call for annual payments of \$40,000,000 from France for the next five years.

Agreement on a plan of final settlement to succeed the proposed temporary pact at its expiration would be left for negotiations to continue in the interim. The proposed five year payment not only would be settled as in lieu of all interest on the debt for that period, but which in effect it would amount to an interest charge of about one percent annually, but also would take in the present annual payment of \$20,000,000 on the debt for purchase of war supply. With this supplying one half of the amount, France under the American proposal would be required only to double her present payments. The proposal as it now stands does not bear the signature of M. Caillaux, as it was explained that in view of his commission to sign only a final settlement, has questioned his own right to act on a provisional arrangement. In agreeing to lay it before his government however, he gave the American Commissioners hope that it would meet with their approval.

WAR DEPARTMENT TO RENEW ACTION AGAINST MITCHELL

Disciplinary Action Will Follow the Completion of Mitchell Testimony Before President's Air Board

Washington, Oct. 2.—(AP)—Disciplinary action against Colonel William Mitchell, air service storm center, will be renewed by the War Department as soon as Colonel Mitchell completes his testimony before the President's air board, which is expected to be within the next day or two.

Colonel Mitchell will be directed to report to the Inspector General of the Army in connection with the investigation previously ordered as to whether language he employed in a statement made public in San Antonio, Texas, and which precipitated the appointment of the special air board constitutes conduct to the prejudice of good order and military discipline.

Two Bodies Are Recovered by Dives From Submarine

On Board the U. S. S. Camden, off Block Island by Wireless to the Associated Press, Oct. 2.—The toll of the known dead of the submarine S-51 was raised to four today when divers recovered the bodies of two of the crew in the engine room compartment of the ship.

The men were identified as Walter E. Lawton, electrician mate first class, of Somerville, Mass., and Butler D. Lindsay, engine man second class, of Pensacola, Florida.

CHALLENGES JUST CRITICISM OF THE FLIGHT TO HAWAII

Commander Rodgers Declares Preparations Were Completed by Flying Officers and Not "Bungling Amateurs"

Washington, Oct. 2.—(AP)—Commander John Rodgers of the PN-9 No. 1, today declared that the preparations for the PN-9 flight were completed by flying officers and that he challenged anyone to make a just criticism of the Hawaii flight.

Colonel William Mitchell previously had told the board the preparations for the flight, which was commanded by Commander Rodgers, looked like the work of "bungling amateurs."

The Navy Department could not be held responsible for the failure of the flight. Everything was done that could be done.

Rodgers said he was given authority to arrange the flight planes. The statement flatly contradicted Mitchell's charge that preparations were handled by non flying officers.

"I was fully satisfied with my crew and personnel," he said. "Everything was in my hands. Regardless of what ever mistakes were made on or after, I challenge anyone to make a just criticism of the Hawaii flight."

The air craft inquiry was adjourned until Monday upon the completion of Commander Rodgers' statement.

Washington, Oct. 2.—(AP)—Commander John Rodgers, hero of the thrilling adventures of the PN-9, No. 1, told the President's air craft board today that development of the air plane had made necessary the establishment of a department of national defense which would include both the army and navy.

The need for a proper scientific organization of the national defenses, Commander Rodgers said, was plainly appearing. Declaring recent naval disasters were not due to any blame on the part of the navy, he declared "there is nothing vitally wrong with the navy department."

SPECIAL SERVICES FREE WILL BAPTIST CHURCH IMPRESSIVE

Laymen's Christian Federation Will Have Charge of Services Saturday Evening

All who have attended the special services at the Free Will Baptist church during the past two weeks will testify to the benefit received from the messages of Rev. L. R. Ennis. In a most impressive way the evangelist has "preached the gospel," in a straight-forward forceful manner, "without fear or favor."

On Thursday evening the sermons was on the subject "Bondage and Deliverance," based on the story of the delivery of the Israelites under the leadership of Moses. The preacher stressed the fact that many have not gone the "three miles" required for deliverance, but some have accepted the compromise offered by Satan to worship in the land, or "not to go too far," or so "leave the family behind," or to "leave the cattle in the land."

Tonight the evangelist will preach a special sermon to back-sliders and unsaved persons. Tomorrow night the service will be in charge of the Laymen's Federation, assisted by Rev. R. E. Tripp, who has charge of the singing.

The pastor especially urges the attendance of the members of the church during the remaining days of the meeting.

GERMAN UNIVERSITY SHATTERS AGE-OLD EDUCATION TRADITION

Leipzig, Oct. 2.—(AP)—The first German professorship for calisthenics has been conferred by the Leipzig University on Dr. Hermann Altmann who has been an instructor of gymnastics at the Berlin Stadium.

51 Victims Brought Up

51 VICTIMS OF S-51 FOUND

With the crew of the Camden, mother ship of the rammed S-51, standing at attention, two of the victims of the crash were carried aboard, and later taken ashore at New London after their bodies had been removed from the wreck by divers.

East Carolina Teachers College Opens Largest Registration Fall Term

East Carolina Teachers College, Peabody College, opened its doors Wednesday to begin its seventeenth year's work. Two hundred and twenty students registered Wednesday and 422 Thursday, making a total registration of 642 students. There will probably be some thirty or forty more yet to register. This will give the largest registration the college has ever had for the fall term.

Students have not been permitted to room and board in town before, but on account of the limited number that could be accommodated in the college, it was decided last spring to accept day students for the current school year. The capacity of the living quarters of the college is limited to 500 students, but 150, or more will be accepted as day students this year who will live and board in town.

The college has been turning away students since the middle of last April. More have been refused admission than have been accepted.

East Carolina Teachers College opened its doors for the first time October 5, 1909, under the name of East Carolina Teachers Training School. The name of the institution was changed in 1921 to East Carolina Teachers College and it was made an A grade college, offering a full four year course leading to the A. B. degree.

Since the opening of the institution it has registered 10,740. It has graduated a total of 1094. Most of these graduates are now teaching in the public schools of the state.

East Carolina Teachers College is not a liberal arts college. Its courses are professional. They all lead to some branch of teaching. The purpose of the college is to send out teachers professionally trained for a definite piece of work—trained as definitely and specifically as the training offered in medicine, law or any other profession.

The institution is a member of the American Association of Teachers Colleges, and Mr. Robert H. Wright, the president of East Carolina Teachers College, is also the president of the American Association of Teachers Colleges.

The college is now registering students rather rapidly for the summer term of 1926 and for the fall term of 1926-27. Indications are at present that all available space in the college will be taken for the year 1926-27 by December of the present year.

The following new members of the faculty have been added for the coming year: Mr. Beacher Flann-

Mr. R. J. Slay of the department of science is back from a year's leave of absence during which time he completed his work for a doctor's degree at Columbia University. Miss Maria Daniel Graham of the Department of Mathematics is also back after a year's leave of absence to Columbia University. Miss Marian Lytle, Model School, has just returned from a summer trip to Europe. Mr. L. R. Meadows, director of the summer school, has just returned from his vacation in Louisiana. Miss Ola Ross, Custodian of Records, has a leave of absence for the coming year and will spend the time in Florida. Miss Miriam McFayden is away on leave of absence for the coming year, which she will spend at Columbia University. Mr. E. L. Henderson, formerly of the Department of History has been made director of the Model School, filling the vacancy caused by the death of Mr. S. B. Underwood.

Every candidate on the list should not lose sight of the fact that they have it within their power to earn the first grand prize on the list—the Hudson Super Six Coach that sells for \$1,385. We want the owner of this car to have it without spending five cents of their own money; we want them to have it because of their hard work and to feel that the paper has given them nothing, that they have received what is rightfully theirs through hard work and honest effort.

All working in the campaign are requested to send in your photograph. We want to print your picture along with a line or two to the public and let them know that you would appreciate their support. Send pictures in as soon as possible.

TWO NEGROES PAY PENALTY IN CHAIR

Tom Robinson and John McMillan Electrocuted in State's Prison Today

Raleigh, Oct. 2.—(AP)—Two negroes, Tom Robinson, of New Hanover, and John McMillan, of Moore county, were electrocuted in State's prison here this morning. Both were convicted of attacks on white women. Robinson went to his death first, entering the chamber at 10:30. He died with a denial of the crime still on his lips.

McMillan took his seat in the death chair at 10:42 o'clock. He appeared entirely composed and in an even voice told the spectators, among whom was the husband of the woman he attacked, that he was guilty and expected to meet them all in Heaven. Three shocks were required in both instances before physician John H. Norman pronounced the negroes dead.

HIGH SCORE GOES TO MRS. R. C. ABEE FOR MOST VOTES

Leadership for Yesterday Goes to Steady Worker; the Reflector's \$2,700 in Prizes Being Hotly Contested for

High score for yesterday and in fact high score for the week in The Daily Reflector's \$2,700 subscription and prize campaign goes to Mrs. R. C. Abbe of Greenville. This lady by hard and consistent work has forged her way to the very first ranks and is looked upon as being one of the most promising workers among the eleven active candidates listed.

All one needs to earn the Hudson Coach or one of the seven prizes that will be awarded to those who secure the most votes by saving the free coupons clipped from the paper and having folks subscribe to the Daily Reflector, is ambition and spare time. Nothing else is necessary.

The campaign is being waged on a fair and impartial basis, with an equal opportunity for all taking part to earn for themselves a fine automobile or some other valuable prize. We say "earn" in connection with the prizes for there is no chance entering into the winning as much as some folks would have us believe. Those who secure the most votes, and votes come by hard work, will be awarded the prizes on October 29th by the judges.

The judges in the campaign will be announced later. They will be chosen from the business and professional men of the city and will be well known to Pitt county folks. They will be totally disinterested parties and will award the prizes on the strength of votes alone.

Those who would earn the Hudson Coach, the Ford Coupe, \$500 Living Room Suit, \$181 Dining Room Suit, \$116 Radio, \$50 or \$30 in cash must keep plugging along right up till the closing hour of the campaign in order to get the best prize possible.

We say that the steady workers will win because the last campaign of The Reflector's was so close. One of the automobile winners in that campaign won over her nearest competitor by the scant margin of the votes given on about two subscriptions. The finish of that campaign was nothing out of the ordinary. Many other campaigns have finished closer than that and this one threatens to be the closest in The Reflector's history.

Every candidate on the list should not lose sight of the fact that they have it within their power to earn the first grand prize on the list—the Hudson Super Six Coach that sells for \$1,385. We want the owner of this car to have it without spending five cents of their own money; we want them to have it because of their hard work and to feel that the paper has given them nothing, that they have received what is rightfully theirs through hard work and honest effort.

All working in the campaign are requested to send in your photograph. We want to print your picture along with a line or two to the public and let them know that you would appreciate their support. Send pictures in as soon as possible.

Rev. H. F. Jones to Preach in Baptist Church Sunday

Rev. H. F. Jones, of Portsmouth, Va., who has accepted the call to the Memorial Baptist Church, will spend the week-end here and on Sunday will preach two sermons especially to the young ladies attending the Eastern Carolina Teachers College.

The morning subject at 11 o'clock will be the "Storms of Life," while the evening subject at 7:30 o'clock will be "Jesus Before the Court of Conscience and at the Bar of Human Reason."

Mr. Jones will not arrive to make his home here until November, however, during October he will visit the city as often as possible, and hold services. He is especially anxious for a large number of the college girls to attend the services Sunday, and a cordial invitation is extended both the college girls and the public to attend.

DON'T PLAY WITH FIRE

Protection against fire does not lie alone in highly-trained horsemen, shining chemical engines and inexhaustible water supplies. Safety against fire lies far back of that, in straight-out, hard thinking, in precaution, the highest form of caution, in anticipation, the highest form of creative intelligence. In avoiding loss by fire, an ounce of gray matter is better than rivers of water.

But the only thing that burns these facts home, it seems, is fire itself. That is why, in appealing for preventative efforts during Fire Prevention week next week—it is incapable that he who would catch the public ear must talk in terms of holocausts. We can end fires, some day, if we plan right, build right, and utilize the proper agencies of government to safeguard us from new hazards.

In the meantime the humblest of us can protect our shop, our office, our home by using the most elementary forms of precaution.

We can be careful with matches. Matches and careless smokers were responsible for a loss of \$90,000,000 in a recent five-year period. We can be careful with electricity, avoiding cheap fittings and improper connections. Electricity was responsible for an \$85,000,000 loss in the same period. We can be careful with stoves, furnaces, chimneys and flues, which burned out \$125,000,000 of wealth from 1915 to 1920. We can remember not to pile rubbish and litter in our cellars. We can banish the open light. We pay a million and a half every twelve months for the privilege of its treacherous inefficiency.

Fire prevention week is a profitable investment in America. It ought to teach us to play safe with fire. Better, it ought to teach us not to play at all.

HEALTH SECONDARY TO FASHION IN SHOES, DECLARES GERMAN

Berlin.—The pointed toe and high heel have come to stay, thinks Professor Gocht of the Orthopaedic Institute of the Berlin University. Asked for his opinion on the influence of footwear on questions of hygiene, Professor Gocht said that just as most people will continue to drink, eat and smoke, in fact do everything they know to be injurious so they will persist in following the precepts of fashion in the matter of shoes, contrary to all sense of reasoning.

Not until health and feet have been seriously damaged, he said, will a more sensible kind of footwear be worn.

AIR MAIL TO SAVE TEN DAYS BETWEEN ENGLAND AND INDIA

London, Oct. 1.—(AP)—A weekly mail service between England and India is being undertaken by the Imperial Airways, Limited, through a

subsidy and a five year contract given by the air ministry. Mail will be delivered in Bombay in five days against the present 15 days, and when the service comes into regular operation next summer passenger also will be carried. At the outset passengers will only be carried between Cairo and Basra.

A hick town is a place where the police are forever annoying law violators.

Isn't it about time for the first annual prediction of a cranberry shortage?

The rest cure would be a fine thing for the world, if it could begin with tongues.

The road leading to Easy Street is littered with the trimmed remains of easy marks.

About all the average man knows about his wife's intellectual capacity is that he loves her.

It isn't what you think about as much as what you think about what you think about.

Frequently it happens that home is a place where woman works for her board and clothes.

FEDERAL PRISON WILL MAKE SHOES FOR ARMY-NAVY

Ft. Leavenworth, Kan., Oct.—(AP)—A million dollar factory within the prison walls of the Fort Leavenworth federal penitentiary will begin making shoes for the men of the army and navy and federal institutions next January. Warren F. Goldthwaite will be its superintendent.

One of the serious problems with which Warden W. I. Bidelle has had to contend is that of finding employment for his prisoners. The shoe factory will put to work 700 convicts whose time now is idle. The men will be taught a trade; a small remuneration will go partly toward the support of their families and partly into a fund of interest, to be paid them on their release. The government will take a profit from production.

from 2,500 to 3,000 pairs of shoes daily when operating at its capacity but this will not be possible until skill ed labor has been developed among the prison laborers. When the peak of quality and quantity has been attained, the penitentiary will begin manufacturing footwear for the army and navy, and later a work shoe in addition, for other institutions maintained by the government.

The factory was built by man power at a great saving in cost. Wherever some expensive bit of machinery could be replaced by manual labor, it was done. When it was necessary to hoist tons of brick and steel, cement and crushed stone to the workers on the skeleton fourth story, a series of runways was rigged up from lumber sawed at the prison mill, and up these runways the convicts trundled their wheelbarrows of construction material. Six hundred wards of the government helped build the plant.

The factory will be fireproof throughout, with large windows and white enamel walls. The floor surface will be impervious to grease and shoe blacking. Modern sanitary and safety devices and the latest shoe-building equipment will be used.

Superintendent Goldthwaite came to Fort Leavenworth from Haverhill

Mass., where he had completed a quarter of a century with a shoe manufacturer. He will be assisted by five civilian foremen.

Brown and Dyers Shows to Compose Fair Midway Here

Perhaps the most pretentious tented organization to ever visit Greenville will be seen in the Brown & Dyer Shows which arrive in this city Monday, Oct. 12 to furnish the midway attractions on the Fair Grounds. Replete with everything amusing, entertaining and instructive, the Brown & Dyer organization carry 15 tented shows and six up-to-date riding devices and travel in their own special train of 25 double-length railroad cars.

The shows has been meeting with unprecedented success since its inception and has met with the approval of its patrons in every city in which it has exhibited. The company comprises four hundred employees and executives and the rule of the management is cleanliness first and always. Among the shows which will be seen is a minstrel show second to none on the road today, the Florida Scuttlers.

"Beautiful Sahara" in which is represented ten young ladies in singing and dancing numbers interspersed with classic poses. This show caters especially to the ladies and children. In the gigantic circus side show may be seen freaks and curiosities gathered from all parts of the world. Many other attractions of merit are to be seen here. Capt. Jack Valley presents in his Water Circus numerous feats of under water work. On the Midway will also be seen Wood's Monkey Circus, and Victor Lee's "Wormwood" shows.

An interesting collection of rattlesnakes and curios from the South Sea Islands is to be seen in the Emo show. Lovers of the West will be entertained in the Wild West show by Frank Kenjockey and his congress of cowboys, cowgirls and real Indians.

To those who have never seen educated fleas a visit to Prof. Alexander's Flea Circus will be both entertaining and instructive.

For thrillers there is Speedy Bauer's Motordrome wherein dare devil riders encircle the perpendicular walls of the motordrome while going at breakneck speed. These

are but few of the attractions to be seen on the midway at the Pitt County Fair. The riding devices include the new German importation, The Dangler, conceded to be the world's prettiest and safest ride, the well known merry go round, a chair plane, ferris wheel, caterpillar and others. Do not try to take in the entire Midway in one day, it cannot be done. The Brown & Dyer Shows

come to this city for this engagement only after a minute inspection of all show and rides was made and a gala week should be the result.

MANY NOTABLES TO ATTEND PARLIAMENTARIANS' SESSION

Washington.—An imposing array of foreign parliamentarians will gather in Washington for the del-

iberations of the Interparliamentary Union October 1.

M. Herriot, former premier of France, says advises to the head-quarters of the American group here, will probably attend. The daughter of Premier Stanley Baldwin of Great Britain, Lady Huntington-Whiteley, will accompany her husband, Sir Herbert Huntington-Whiteley. The Right Hon. Sir Robert Horne, former Chancellor of the Exchequer and prominent in parliamentary life, is another outstanding figure in the British delegation. Brigadier General E. L. Spears, of the British Army, an authority on demilitarized zones, is likewise prominent. One of the most striking personages in the British gathering is S. Saklatvala, a leading Communist of India.

A STEADY JOB

The steady man who saves money is sure of his job. He is not worried by debts, possibility of sickness, lay-offs. Therefore he can keep his mind on his work and HOLD HIS JOB.

NATIONAL BANK OF GREENVILLE

A trick worth knowing

"WAIT A MINUTE. You don't need to open up that vacuum tank to fill it after you have run completely out of gas. I'll show you an easier way. Just step on the starter and spin the motor for half a minute or so while I plug this vent with my finger. Your engine will suck the air out of the vacuum tank and fill it with gas for you."

Just another handy trick the Fleet Boss has learned from experience. No wonder he is full of such stunts. He has been working with automobile engines for twenty years. Maybe that is why he always recommends "Standard" Motor Oils for they have two generations of experience in refining behind them. Experience counts in refining as in everything else.

STANDARD OIL COMPANY (New Jersey)

You Who Shop Here Have Our Pledge

There is no occasion to haggle here over price or quality. We have but one price—that fixed upon a fair margin of profit over the producer's price to us—and that price alone is for all alike. There is no deviation.

Your dollar will go as far as your neighbor's here—no farther.

Only goods of strictly reliable quality are presented. "Seconds," "job lots," "bankrupt stocks" and other undesirable goods are not permitted in this Store.

You have our pledge of satisfaction.

J.C. Penney Co.

YOUTH IS FOUND A HARDY MEMBER OF ARCTIC STAFF

Chicago, Oct.—(AP)—Kennet Rawson, a lad of fourteen, will return to school this fall a proved member of an Arctic exploration party. Commander MacMillan took the youngest boy into the Northland and found him a hardy hand.

Whether it was serving in the galley, his principal duty, polishing brass

or doing the heavy work with a shovel, Kennet made a success of it. He had to be taken to Sidney, Nova Scotia, MacMillan would send him back if he had not shown his worth.

Now an American boy and girl claim partnership in being the youthful travelers of the Arctic region, a daughter of Robert E. Peary having been born on his successful search for the north pole.

A companion of Rawson, also a youth, qualified as one of MacMillan's veteran seamen. He is Richard Salmon, of Larchmont, N. Y., 17-year-old son of the noted psychologist. Both boys attend eastern schools and in recent years each has cruised in yawl and schooner with marked ability. Their fathers last June planned an ocean trip for them but learning they

could not obtain the desired schooner, Kennet's father, Frederick H. Rawson, Sr., chairman of the board of directors of a Chicago banking house, decided to approach MacMillan, whom he knew to be interested in boys.

When MacMillan learned of Salmon's ability and size he was promptly accepted but at mention of Kennet's age, the explorer threw up his hands and emphatically said "no."

"But," assured Mr. Rawson, "this boy can box the compass; take his bearing from the sun. He is a thorough seaman and has done some oceanographic work during school vacations, and will work."

Kennet had many tests on the way to Sidney but upon reaching the Nova Scotia town, MacMillan met Mr. Rawson the boy was making good.

NAVY BAND WILL GIVE CONCERT HERE MONDAY, OCT 19TH

Concert Will Be Under Auspices of Kiwanis Club and Promises to Be of Unusual Interest

The United States Navy Band and orchestra, one of the most famous organizations in the world, will be heard in concerts here on Monday, Oct. 19. The concerts will be under the auspices of the Greenville Kiwanis Club.

The full significance of the announcement can be appreciated when it is taken into consideration that this is the first concert tour ever undertaken by the Navy Band. So rapid has been its growth in popularity that Washington has been besieged with requests for its appearance throughout the United States. Until now however, its official duties have precluded any kind of systematized tour.

Largely through the persistence of W. L. Radcliffe, head of the Radcliffe enterprises, Lieut. Charles Benter, band master, was prevailed upon to draw up a tentative schedule for absence of the organization from Washington which was presented to the President and received his approval. Immediately upon becoming known that the band had been granted a "furlough" from official duties and would go on tour, the Washington offices were deluged with applications for appearances in cities all over the country.

That the Navy Band will be heard here is due to the efforts of the Kiwanians. When it is considered that hundreds of requests, backed up by all kinds of "influence," had to be discarded in arranging the forthcoming tour, it needs little imagination to see how fortunate this city is to be included in the itinerary.

The Navy Band has achieved a place in the musical world second to none and in a scant seven years has become known to upwards of 10,000,000 persons. This estimate is given by the radio broadcasting stations which have put the band "on the air." From the same source comes the information that a good percentage of these "listeners" have expressed their pleasure with the Navy Band concerts by writing letters or postcards, coupled with a wish that at some time they may

be able to attend personally some of the concerts.

If additional testimony to the sterling qualities of this organization were needed it only has to be reiterated that it is officially attached to the Presidential yacht Mary Flower and the Washington Navy Yard and is called upon to play at many of the notable functions held in Washington.

LEARNS WHY INSECTS SLEEP THROUGH WINTER

Moscow.—The Russian scientist M. Bachmetjew has determined that the temperature of insects increases in direct proportion to their activity.

Butterflies, he claims, furnished much valuable enlightenment on the problem of the winter's sleep of the insect species. He found that when butterflies were placed in a colder atmospheric medium, their temperature immediately began to drop and continued on the downward scale until a certain point was reached,

whereupon the temperature would suddenly shoot up again nearly to normal and then register slighter drops. But this experiment was only possible once. When tried a second time, the butterfly invariably died.

Bachmetjew came to the conclusion that the secretions of butterflies are cooled by a lower atmospheric temperature and even frozen when the lowest point is reached. The rise of temperature after his freezing point he attributes to the liberation of the animal heat during the freezing process.

This ability of insects to support a cooling down of their secretions without actually freezing, the scientist thinks is the secret of their being able to sleep through the winter.

COLORED EPISCOPAL CLERGYMAN TO GIVE MONOLOGUE IN AYDEN

At 3 p. m. on Sunday, the Rev. Jas. E. Holder, colored Episcopal clergyman of Kinston, will give his costumed dramatic monologue in which he impersonates the rich young ruler of the New Testament at his Ayden Church. He has recently given it in Kinston and Goldsboro before large congregations including white people who have declared it "a grand and most effective way" of presenting the truth. Seats will be reserved on Sunday for white people.

D. A. R. ENTERTAINED IN KINSTON.

The Colonel Alexander McAlister Chapter, Daughters of the American Revolution was delightfully entertained on September 26 by Mrs. Dan Quinerly at her home in Kinston. This was the first meeting since June as the chapter adjourns during the summer months, and much business had to be attended to. The state organization has undertaken the work of placing markers in the towns through which George Washington passed on his journey through the South, and only those towns mentioned in his diary are to receive markers.

Greenville is one of those towns, but as there is no chapter in Greenville, the work of placing the markers was assigned to the Colonel Alexander McAlister Chapter of Snow Hill, several of whose members are residents of Greenville. The chapter voted to finance the project and see that the work was carried through. It was decided to erect the marker

INTERMEDIATE EPWORTH LEAGUE SOCIAL

The Intermediate League of Jarvis Memorial M. E. Church will have a social Friday night Oct. 2, 7:30 in basement of church. Girls requested to bring sandwiches and boys two drinks each. All members expected.

RESOLUTIONS OF RESPECT.

Whereas the untimely death of Dr. H. P. Moseley has brought to the minds and hearts of the members of the Pitt County Medical Society a realization of an irreparable loss. Therefore, be it resolved that the above mentioned Society and all its members give expression to the high esteem in which Dr. Moseley was always held by the medical profession of the county and state.

2. Be it further resolved that the Pitt County Medical Society shares in the sorrow felt so keenly by his friends and relatives.

3. That a copy of these resolutions be spread upon the records of

Home B. & L. Ass'n. Matures Its Largest Series in History

The Home Building & Loan Association is now maturing its 27th series with 1086 shares in force. We have been told by the Secretary that 86 people in Greenville have carried their stock to maturity. In the maturing of this large series over 25 mortgages on homes in Greenville are being canceled, and thousands of dollars are being paid out in cash. The Home Building & Loan Association was organized in 1906. Since its organization it has enjoyed a steady growth. Its total resources being over three quarters of a million dollars.

Their 32th series was opened last May with over 2500 shares and a hundred new stockholders. Building & Loan Associations have helped many a man to own a home that would have never had one other wise and have meant much towards the progress of Greenville.

Rev. H. Frederick Jones, who has accepted a call to the Memorial Baptist Church and who will assume charge of his duties November, first.

Plane is Missing

Small planes west-bound due at Bellefonte at 11:30 o'clock last night had not yet arrived this morning and its whereabouts are unknown. The (AP)—One of the United States planes, enroute from New York to

Chicago, was heard at Laurelton, about 40 miles from Bellefonte last night and it is believed it was forced down in the mountains between the two towns.

FASHION DISPLAY
WINDOW EXHIBIT
TO BE STAGED HERE

Dame Fashion Will Blossom Forth in Greenville on Next Tuesday Evening, Oct. 6th

Dame Fashion will blossom forth in Greenville on next Tuesday evening at the Fall Fashion Display and window exhibit and hundreds will view for the first time creations that are but a few hours out of the style centers of this country. When the show windows are unveiled eager eyes will observe the greatest variety of styles in men and women's wears ever before presented to the buying public of this part of the state. The decorations of flowers and especially arranged merchandise will present sights of beauty that is bound to appeal in every particular.

No city near the size of Greenville in the Eastern part of the state has for many seasons excelled, and only a few has equalled the large and complete line of merchandise that is offered by the merchants of this city, and this is being realized and appreciated more and more by those from far and near, and each day hundreds are attracted here from other points to do their shopping. Greenville having attained the distinction of being one of the principal shopping centers great crowds will be here for this special event.

The masses will be greeted in each store with a willing and delighted sales force that will consider it a pleasure to demonstrate their wares even though no purchase is made.

There will no doubt be considerable competition in the choice of the best looking and most attractively attired couple in attendance at the show. The winners of this cash prize will be determined by a popular vote at a booth to be placed on the street.

LAWYERS WOULD LIKE
OFFICIAL PART IN THE
ELECTION OF JUDGES

Seattle. — Contending that the average layman does not know the qualifications of judicial candidates, the Washington State Bar associa-

tion is proposing amendments to state election laws whereby members of the legal profession could indicate their preferences in candidates for the bench.

The proposal, which originated at a recent state convention, would not interfere with the present method of voting, members of the association explain. After filings for judge ships have been made, the lawyers would take a vote on the candidates and make an endorsement. This recommendation would be printed on the official ballots under the name of the approved candidate.

The association believes thousands of voters would be guided by the endorsements.

A counter suggestion, proposed by a local newspaper in a humorous vein would exclude lawyers from voting for judges on the ground of prejudice.

ASK THE MAN WHO SELLS WITH US

FARMERS APPEAL

By O. L. JOYNER

EASTERN NORTH CAROLINA

I wish it were in my power to accurately express my thoughts and feeling when I attempt to visualize the great possibilities of this wonderful coastal plain section of eastern North Carolina. The present status and future growth and development of this naturally, particularly blessed section of the world is a theme worthy of better treatment than it is within my power or ability to give. I can only state it is a fact that more wealth is actually created in the coastal plain section of North Carolina than in any similar area in the United States that is devoted strictly to agricultural pursuits and while those engaged in farming reap less from their efforts probably than any other class of people who labor in this way the cause of this is not altogether without remedy nor does the blame for this condition rest only on anyone else as the farmers themselves. Properly constructed and intelligently directed efforts can and will very easily solve this problem. The point is, nature has abundantly blessed this section. Our soil and climatic conditions are not equalled anywhere in this country. Our average annual rainfall is ideal for crop production. No one living can recall a single year when there was a total crop failure, and the writer has never heard of one who has had good crop seasons and bad crop seasons but never what would

be considered a failure over any large part of this area. The undeniable fact is we are wonderfully blessed people. But the question is, are we using our opportunities to improve, to better our conditions. Why not? Is there any particular interference with our progress, our proper development? If so do we know what it is and are we doing anything to correct it? We are the greatest agricultural wealth producers in this country today yet what is the condition financially, socially, morally and intellectually of the average farmer. In other words does he occupy an equally advantageous and as desirable position in the body social and political with others of similar status in other lines of human endeavor. If not why not? There are vital questions that should be seriously considered not only by the farmers themselves but by everyone living in this great and naturally blessed country. In this connection there is one thing that this section needs probably more than any other section of North Carolina. North Carolina has had a lot of advertising during the last few years but most of this has had reference to its industrial and educational workings particularly its good road development. The Eastern North Carolina, being particularly an agricultural county, has lost much of the force of the general advertising the state

has received in the larger effort that has been used in calling general attention to their more outstanding features. Then too there are more people who will speak to the general public on good roads and education than on agricultural possibilities. As a matter of fact if eastern North Carolina agricultural possibilities had received one half the advertising during the last few years that Florida has had the manufacturers of land clearing machines would have done a land office business in this section selling machinery for clearing our forests and draining our rich tracting lands to make room not for the idle rich who would come here for a few weeks or months sojourning seeking only fun and recreation but for honest to goodness folks who would come to cast their lots and live with us because here a living and competence can be more easily made than in any other spot in these United States and where the industrious and thrifty can more easily and quickly amass an independence. In this section of neither extremes of climate, in this nearly semi-tropical section everything can be produced necessary for the contentment and comfort of man. Our people are almost one hundred per cent pure Anglo-Saxon stock whose minds and hearts have not been poisoned by the bickerings and strifes that are prevalent in other parts of the country and with this homogeneous popu-

lation ever ready to extend the hand of welcome to desirable newcomers, we only need to properly advertise the limitless possibilities of this section and the attractive inducements offered here to desirable people to soon have every available locality in this entire section humming with the industry of many minds turning out the product and increasing the resources and wealth of this great eastern section in a magnificent and miraculous way.

DECLARES ROMANCE FOLLOWS MARRIAGE

John M. Stahl, director of "Husbands and Lovers," a First National picture now playing at White's Theatre, today has hurled a deft at the writers of the day who in story and play marry off their heroes and heroines and then write "Finis." Mr. Stahl maintains that real romance follows marriage rather than precedes it.

"In reality marriage is just the beginning of romance. The puppy-love, violet and candy period is merely a pleasant preliminary. What is sweeter, more beautiful or more wonderful than happy married life? Its successful continuance represents the ultimate in life's blessings. It embodies the fighting, shoulder to shoulder, of life's battle; the facing together of sorrows; the sharing of joys. It brings well-earned peace and contentment. It is real romance."

As proof of his belief, Stahl wrote the romantic story of "Husbands and Lovers," around a married couple. Just Married, scheduled to show here tonight has been cancelled and "Husbands and Lovers" will be shown instead.

Lieut. Charles Benton, leader of the U. S. Navy Band which will appear here in a concert on Monday evening, October 19.

FRANK SILVER REVUE

HERE NEXT TUESDAY

The Frank Silver Revue of 1925 coming to White's Theatre next Friday Oct. 6, will bring a dashing musical attraction in the intimate New York manner for theatre patrons who delight in the revue style of high jazz entertainment. While Frank Silver himself the famous composer of "Yes, We Have No Bananas" will personally appear and conduct his New York Hippodrome orchestra in a selected program of the latest popular hits. He has been surrounded by a clever company of singers and dancers, beauty chorus of the Greenwich Village artists model type and a brilliant new scenic and costume production.

This new annual edition of the Frank Silver revue comprises 26 original numbers. Its book and lyrics have been written by Sam Coslow and its music by Silver and Coslow, staged by Wesley Totten of George M. Cohan production fame who has to his credit the staging of several successful musical comedy and Keith vaudeville musical attractions. He had a leading part in Mr. Cohan's "Mary."

Monday, November 2nd, 1925 at 12 o'clock, noon, at public sale for cash to the highest bidder, before the court house door in Greenville, N. C., the following described property:

Situated in the town of Ayden, N. C., Pitt county, and more definitely described as follows:

Beginning at the north east corner of the Stancell Hodges lot on Center street and running with said street a northerly direction 226 feet to Cannon street; thence a westerly course with Cannon street 175.5 feet to West College street; thence a southerly direction with west college street 226 feet to J. H. Coward's north west corner; thence with J. H. Coward's line in an easterly direction 89.5 feet to Stancell Hodges north west corner; thence with Stancell Hodges line in an easterly direction 85 feet to the beginning together with all improvements thereon, the same being the residence property of the said W. N. Hooks and wife.

W. A. DARDEN, Trustee.

SALE OF REAL ESTATE

By virtue of the power of sale contained in that certain mortgage executed by J. L. Gardner May 19, 1924, to W. E. Gardner, which is duly recorded in the office of the Register of Deeds of Pitt county in Book E-15, page 206, the undersigned will offer for sale before the court house door, for cash, at 12 o'clock noon, on

Monday, November 2nd, 1925, the following described real estate.

A one-sixth undivided interest in the W. C. Gardner land, situated in Fountain township, adjoining the lands of G. W. Jefferson, F. L. Eagles and J. L. Gardner. Containing 87 acres, more or less.

Also three town lots in the town of Fountain purchased by W. C. Gardner from R. A. Stamper.

This the 1st day of Oct. 1925.

COLE TAKES STAND IN OWN DEFENSE THIS AFTERNOON

(Continued from page 1) go in such a state of mind." In Raleigh they were told Ormond was in Nashville and Bynum proceeded to Nashville and after conferring with Ormond wired Cole "Everything all right. Meet me tonight on number 11."

The substance of Bynum's testimony was that at the conference it was agreed by the Rev. A. L. Ormond that his son and Cole would stop their correspondence. Ormond told him that he had not intended the letter as Cole had taken it, but he did think Cole should let his daughter marry whom she pleased instead of trying to make her marry someone else. After the settlement was agreed upon Bynum said he addressed a letter to Cole and that Ormond signed it. The letter, introduced into the evidence, was an apology from Ormond for writing the letters.

The state cross examined all but three of the character witnesses and brought out that over a period of a year Mr. Cole had been a rational man and no noticeable change of conduct except nervousness had been observed since the homicide.

Mr. Bynum said Cole came to him on February 20, 1925 and after a few minutes told him that "Fred, it's that damnable Bill Ormond."

Cole then became composed and produced a letter Bynum said and told of a conversation with Ormond earlier in which Ormond had come to his house. The witness said Cole told him he had remarked to Ormond that his daughter had acquainted him of her change toward Ormond and had suggested since she did not love him for him not to bother her. Bynum's testimony then corroborated that of Miss Cole yesterday in which she described receipt of a letter by Cole from Ormond mentioning relations of "man and wife" between himself and Elizabeth Cole. Cole in answer to that letter later addressed to Ormond a short note

beginning "You damnable, mean, insulting cur." It said that if he ever heard anything else about Elizabeth from him, or through him, he would "fill your body full of lead." Ormond's reply to this letter included such phrases as "You are going to chew and swallow all that cur stuff," "to call you a cur is too great a compliment," "your bluffing has come to an end."

Some time after this Bynum volunteered to settle the matter with Ormond and he was accompanied to Raleigh by Mr. Cole, after Cole had insisted.

The witness testified that he had objected to Cole accompanying him because he "was afraid to have Cole

ROB CRIPPLES AS THEY SEEK CURE AT SHRINE

Lourdes, France.—Posted on the walls of the miraculous grotto here, journey's end for so many pilgrims from all part sof the world there is a placard which reads: "Look out for your pocket-book."

Above the heap of crutches abandoned by the devout in testimony of cures there is another, and by the sacred fountain there is a third. Faith in the healing powers of the shrine brings the pilgrims, and faith in the fatness of the pilgrim's scrip has brought the pickpocket and the conman.

Rules Law Not Violated When Dirigible Sent Over Land Into Interior

Washington, Oct. 2. — (AP) — Rear Admiral Campbell, Judge Advocate General of the Navy, ruled today that the Navy Department did not violate any law by sending the dirigible Shenandoah over land into the interior as charged by Colonel William Mitchell before the President's air craft board. The opinion requested by Secretary Wilbur, declared that the Senate amended the House measure to prevent such a construction as was placed upon the act by Colonel Mitchell.

AMERICAN TURNERS WILL HOLD 1926 MEETING AT LOUISVILLE

Pittsburgh.—The 1926 Turnfest of the American Turners will be held at Louisville, Ky., from June 15 to June 20, announced George Seibel of Pittsburgh, national president.

The Turners have obtained Churchill Downs, one of the largest race tracks, for the outdoor events, and the Louisville Army for indoor meetings.

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

Gorman's Market Report

Prices have advanced on all grades and we feel that we can now advise you to go ahead and grade your good and fine tobacco. We are selling right many lots from sixty to seventy-five cents per pound, and while prices may go higher, we believe it is a good idea to grade and sell your good and fine tobacco. The sales have been lighter since Monday, all sales finishing each day. Gorman's sold 3,145,400 pounds in September. This was more than a fourth of what was sold on the market. THERE IS A REASON, (We have no neighborhood drummers, pay no rebates or truck hire.) Satisfied customers are doing our drumming and each day we have new customers selling with us. Below we give you a few sales made during the week:

Arthur J. Hardy, 174 @ 39, 136 @ 40, 80 @ 46, 100 @ 55, 50 @ 50, 36 @ 61	Average \$43.58	W. A. Filligam, 54 @ 20, 54 @ 42, 164 @ 40, 256 @ 57, 150 @ 65, 124 @ 65	Average \$52.78
