GOVERNMENT WILL PRESS FRAUD CASE AGAINST MILLER PRES. AS WITNESS

Former Property Custodian and Several Others Indicted by Federal Jury On \$7,000,000 Fraud Charge

New York, Oct. 31.—(AP)—For what the government regards as a \$7,000,000 fraud involving bribes totaling \$441,000, prosecution of Col. Thomas E. Miller, former Alien Property Custodian, is to be pressed vigorously, the Department of Justice announces.

The government is ready for immediate trial after the investigation of matters involving the American Metal Company, begun when Harry M. Daugherty ended his career as Attorney General. The accusations, which are on file, took place during the Harding administration.

As a result of payment in cash and liberty bonds of \$7,000,000 by the United States to agents of the two Morton Brothers of Frankford, Pa., the following disbursements were made by the brothers, it is charged:

To John Thomas King, former Republican National Committeeman from Nashville, Conn., \$50,000, of which he paid the late Jesse Smith \$25,000.

To Miller, Smith and King, \$391,000 in liberty bonds after the brothers through agents were reimbursed by the United States for war time seizure of stock of the American Metal Company.

The charges are without foundation, it is stated by Council by Colonel Miller. It is stated that Miller's official action was entirely proper and a grand jury was hoodwinked by witnesses in secret. Miller will appear here Wednesday for arraignment. Miller is the lone American under indictment. King escapes proceedings by a testimony before the grand jury. The Morton Brothers, two Swiss Associates, and Three Corporations are also under indictment. The foreign individuals indicted can escape prosecution by remaining abroad, but it is expected of the Department of Justice that the Morton Brothers will come voluntarily and face trial because of their extensive interest in this country. If none of the aliens appear for trial the indictments will stand on records and they can be arrested if they come to the United States at later date.

When Arthur Mitchell Palmer was alien property custodian shortly after the United States entered the war, he seized 49 percent of the stock of the American Metal Company on the ground that it was owned by German interest. The shares were sold and it is now alleged that there was a conspiracy to defraud the United States by paying the proceeds to a Swiss Corporation, controlled by a German defendant. It is alleged that Colonel Miller knew the Swiss concern was controlled by a German.

Says Italy Contributed to Fascistization of Several Other Nations

Rome, Oct. 31.—(AP)—The world will soon discover that the ruling party in Italy not only has "fascistized" this country, but has contributed materially to the fascistization of other nations. Senior Fascist, Secretary General of the party declared today in an address before the mass meeting of delegates from foreign Fascist organizations. The address was intended as an appraisal of Fascism's accomplishment for Italy during the three years its leaders have been in the Governmental saddle and since the memorable march on Rome when Mussolini led the black shirts.

NORSE SURGEON PEEVED BY BIG CITIES TURMOIL

Denver.—The turmoil of America's big cities is very disconcerting to Dr. L. Smith, a noted surgeon of Bergen, Norway. "Four large cities, with their bandits, huge skyscrapers and traffic jams—not to mention prohibition and bootleggers—are terrifying," Dr. Smith said.

Accompanied by his wife, Dr. Smith came to the West to see America's scenic attractions. He will take a special course at the Mayo Hospital, in Rochester, Minn., before his return to Norway.

SAYS COURT MARTIAL CAN NOT SUMMON PRES. AS WITNESS

Mitchell and Counsel to Decide Whether They Will Ask Court That He Be Faced By "His Accuser"

Washington, Oct. 31.—(AP)—Counsel in the court martial proceedings against Colonel Mitchell were taking advantage of the adjournment today of the week-end to prepare for the next phase of the legal tussle. This will be the actual trial of the officer on the charge of conduct detrimental to good order and discipline.

Colonel Mitchell and his counsel meanwhile are expected to decide whether they will ask the court that he be faced by his accuser, meaning President Coolidge or Secretary Davis, or both.

If Representative Reid, of Illinois, the defense's civilian counsel does decide to ask the court to issue a subpoena for President Coolidge as a witness there was no doubt today that the move would avail nothing. Military authorities have decided, it was said, that a court martial has no authority by which it may summon the President as a witness. Precedent for such an opinion, it was added, will be found in decision of the United States Supreme Court. Request for the summoning of Secretary Davis, however, would present a question for which there is no precedent and the court would have to decide on its own responsibility.

Metts Ordered to Have Troops Ready for Call to Asheville

Raleigh, Oct. 31.—(AP)—Governor McLean has ordered Adjutant General J. Van B. Metts to have troops in readiness for a call in case a situation should arise in Buncombe county when the trial of two negroes for attacks on white women open next week. General Metts stated today that he would go to Asheville. Just when he would go, he did not state, further than to say he would be in Asheville before the special term of court opens there Monday morning. No call for the troops has been issued, Governor McLean stated last night. The order to have the troops in readiness is precautionary measure, he said.

Considerable feeling is reported in Asheville where there has been a number of attacks recently upon white women, and this is responsible for the Governor's action. Alvin Mangel and Preston Neely, held for attacks upon white women, are expected to go on trial at the special term opening Monday, as well as members of a mob which stormed the Buncombe county jail some weeks ago in an effort to secure Mangel for the alleged crime.

New Bern High Wins From Greenville

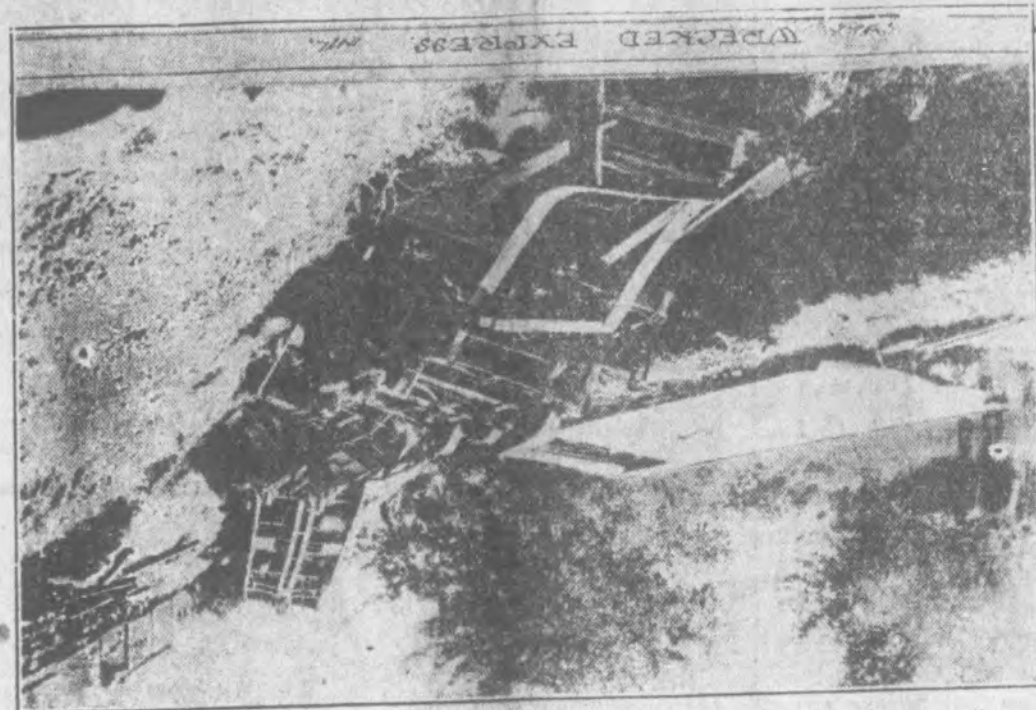

The eleven of the New Bern High School defeated the squad of the Greenville High School in New Bern yesterday by a score of seven to nothing in a hard fought game in which the losers showed excellent form and gained more ground than their opponents. New Bern's seven points were scored in the second quarter of the game. The Greenville squad came back strong in the last half but despite spectacular gains was unable to score. Greenville's play was featured by forward passes by West to Denton and Bob Forbes and by end runs by Fred Forbes.

The local high will play their next game on Friday in Wilson against the high school squad of that city.

Uses American Flag to Wipe Shop Window Given 250 Days Jail

Los Angeles, Oct. 31.—(AP)—250 days in jail was the sentence given Jake Ball, cleaner and dyer, who used the American flag yesterday to wipe his shop window. Ball pleaded ignorance of the law, but the Judge ruled that ignorance on such a point was worse than the desertion. Defense counsel gave notice of appeal.

NEXT WEEK TO BE ENJOYABLE ONE FOR LOCAL ROTES

Local Rotarians and Wives to Attend Farmville Meet Tuesday; Guests of Washington Club Thursday

Local Rotarians are looking forward to next week which will be a great one for them and the Rotary. Ann, there being three Rotary events scheduled for the week. The week begins with the regular meeting here Monday night which is visitors' night and always an enjoyable occasion. This will be followed Tuesday by the Inter-City Rotary Meet to be held in Farmville to which the wives of all the Rotarians have also been extended a cordial invitation and assured a good time if they attend. Announcement from Farmville is to the effect that great preparations are now under way for the Inter-City meet and the affair promises to be one of the best ever held in the eastern district of the state.

On next Thursday night the members of the Greenville Rotary Club with their wives will be the guests of the Washington Rotary Club at an oyster roast in Washington. The affair is to begin at 6:30 p. m. and the local Rotarians and their wives will leave for Washington about 5:30.

Larrai Ordered to Return to France

Paris, Oct. 31.—(AP)—General Sarail, France's High Commissioner in Syria, who has been reticent with regard to the recent fighting in Syria and especially Damascus which underwent a severe bombardment has been ordered home to give an explanation of the situation. He will not return to his post for a decision has been reached by Premier Painleve and his cabinet that instead of the Military Commissioner, a civilian henceforth will take up the task of supervising the territory under mandate.

Says Situation in Damascus Critical

London, Oct. 31.—A dispatch to the Evening News from Haifa Palestine says the situation in Damascus, where the French received by them an insurrection, is still critical. While the surrounding country is "seething" the French authorities are said to be imposing heavy fines on the city.

CHESTNUT FACES EXTINCTION AS AN AMERICAN DELICACY

Ithaca, N. Y.—The chestnut as an American delicacy is facing extinction. Plant pathologists and foresters at Cornell University say the reason is a serious blight communicated from tree to tree by the wind, a contamination which has been unhampered during the last 20 years. The disease, which these pathologists describe as incurable, makes the blight situation more serious. The blight was first discovered in a Brooklyn park in 1904, but it was not until two years ago that it was discovered in other parts of the country.

To all persons who subscribed to The Daily Reflector during the final days of our subscription drive which ended Thursday night, we wish to announce that the names are being placed upon our mailing list as rapidly as possible, but owing to the large number of subscriptions received several days will be required to complete our list. All subscriptions will be given full credit from the date on which the first paper is sent out and not from the date on which the money was paid to the contestant.

Announcement will be made by us on the date that the work of revising our list is completed and subscribers are requested to await this notice before calling the subscription department regarding payment made during the campaign.

KIWANIANS ENJOY SPLENDID MEETING

For First Time in History of Organization, Lady Presides Over Session

For the first time in the history of the organization, last night's session of the Kiwanis Club was presided over by a lady, this being a new feature recently added by the directors, and one that will be practiced at various times during the year. Mrs. W. E. Hooker being the first chosen to preside in a most pleasing manner fully proving her executive ability. The program which was varied in nature was one of the most enjoyable for many meets, individual members being forced several times even against their will to respond to the request of the chairman in order that each number of the program be carried out.

There were several contest, all of which furnished much amusement especially to those who were so fortunate as not having an active part. In a harmonica contest in which Pat O'Brien, Berry Boettie, Ralph Deal and Charlie Forbes were the participants, Ralph Deal was declared the winner of the prize, and Jim Starkey was given the extreme honor of presenting it. Bill Bradsher, the "sweetest" of soloists accompanied by Mrs. G. B. W. Hadley on the piano and Charlie Forbes on his mandolin rendered a couple of vocal numbers.

Bob Fitzgerald told in a few minutes how with the determination of his co-workers the Navy band concert was put over big, from which the club realized a sufficient sum to wipe out all indebtedness against the play ground equipment. Bert James presented the importance of a large delegation attending the district convention which convenes at Pinehurst on Thursday of next week for a two days session.

Germans Find More Potash

Freiburg, Germany.—Deposits of potash salts of an exceptional quality are reported to have been struck at a depth of 800 yards at Buddingen potash works after three years of continued borings. The concern, subsidized by the government of Baden, was established three years ago.

TOBACCO MARKET AVERAGES \$33.13 FOR ENTIRE WEEK

Highest Average for Week Since Opening of Market; Average for Season \$24.42

Official figures given by Secretary K. W. Cobb show that the local tobacco market during the past week sold 2,948,398 pounds for \$97,023.22, at an average of \$33.13. This is the highest average for an entire week made during this season.

For the season the market has sold 24,656,777 pounds for \$6,022,290.85, at an average of \$24.42.

The market will be closed on Wednesday November 11th, Armistice Day.

Expects to Increase Legion Membership More Than 5,000

Warsaw, Oct. 31.—(AP)—The North Carolina Department of the American Legion is expected by the National Headquarters to increase its membership by more than 5,000 members, according to the quota of increase fixed for North Carolina. This is the information contained in a letter from John R. McQuigg, national commander, to State Commander Henry L. Stevens.

The national program of the Legion this year will be to increase its membership, Mr. Stevens states, and the various states have been apportioned a certain number of memberships that they are expected to obtain during the coming year, in order that the national program may be carried out. The following quotas have been assigned North Carolina: January 31, 1926, 6,434 members; March 31, 9,650 members; June 30, 11,580 members; and August 31, 12,861.

Since the present membership of the Legion in this state is 7,450, says Mr. Stevens, this means an increase of over 5,000 members during the coming year.

Mr. Stevens points out that many posts in the state have already begun their membership drives.

"North Carolina must and will fulfill its quota," he declared.

RIGHT TO KISS IN WORK HOURS UPHOLD

Cologne.—A woman's right to kiss during the hours of employment has been established by the Cologne court. The proprietor of a local cafe dismissed a girl employee on the spot without giving any reason for his action. The girl therefore brought a suit for damages.

During the hearing of the case her employer stated that he had always held a high opinion of her, but that a guest had seen her kissing one of the waiters and had reported the matter to him.

He contended that he had every right to dismiss her for this, but the court decided otherwise, and awarded the girl damages for wrongful dismissal.

PARIS DISCUSSES REVIVAL SERVICES MAKING A UNITED IMMANUEL CHURCH STATES OF EUROPE CLOSING TOMORROW

Believed in Some Quarters That Henceforth the League of Nations Must Be the Agency for Settlement of All Disputes

Paris, Oct. 31.—(AP)—A United States of Europe has become the subject of discussion in Paris as the outgrowth of what is considered the masterful handling by the council of the League of Nations in recent days of two situations dealing with the peace of Europe, the Locarno agreements and the controversy between the Greeks and the Bulgarians.

The backing given the council by Europe's two greatest countries, France and Great Britain, in both these matters and the successful termination of both is looked upon in some quarters as meaning that henceforth the League of Nations must be the agency for the settlement of all disputes.

The council has ended its session, which was called to bring order out of the chaos existing along the Greco-Bulgarian border in Macedonia, and the members left Paris with a feeling of satisfaction and agreed to obey the covenant of the League of Nations and submit their disputes to the mediation of the council.

Security proved one of many topics of the final session. Viscount Ishii of Japan brought up the subject by expressing the hope that there would be a multiplication in other parts of the world by pacts like those agreed upon at Locarno. This statement of the Japanese Minister has left some of the League officers wondering as to whether Viscount Ishii had in mind a security pact on the Pacific which would embrace the United States and be wider in scope than the world four power agreement which replaced the Anglo-Japanese alliance. Japan with the demise of the Geneva Peace Protocol now only has the protection of the League covenant.

Five Priests Arrested in Tabasco When They Refuse to Marry

Mexico City, Oct. 31.—(AP)—Considerable excitement prevails in Villahermosa, Capital of the state of Tabasco, over the arrest of five Catholic Priests, who refused to marry, says special dispatches from Tabasco. A decree recently passed in that state requires that priests of all decrees must marry in order to exercise the duties of their office.

Announces Purchase of 1,100 Con. Memorial Dollars By Lovett

Atlanta, Georgia, Oct. 31.—(AP)—Mrs. Betty Reynolds Cobb, of Carrollton, Ga., today announced the purchase of 1,100 Confederate Memorial half dollars by Byrd S. Lovett, as a protection against the action of the Georgia division of the United Daughters of the Confederacy in refusing to participate in the coin sale campaign in Georgia, Mrs. Cobb is executive secretary of the coin sale campaign.

Mr. Lovett is the businessman of Sandersville, Ga., where the state U. D. C. Convention was held this week. His purchase comprised the entire quota of coins allotted to Sandersville.

Nomination Officers National Council Women Completed

Detroit, Oct. 31.—Nomination officers of the National Council of Women were completed today with Dr. Valeria Y. Parker, of New York, and Mrs. F. Jamison Miller, of Monticello, Ill., heading the list as candidates for President.

A resolution urging official adoption of the Star Spangled Banner as the National Anthem was referred to the allied organization of the council after Dr. Anna Spencer, of New York, objected on the ground that the song was suggestive of a militant attitude. She also said that it was far too difficult for the average voice.

Rev. Leland O'Brien Will Preach Both Sermons On Closing Day; Revival a Great Success

The revival meeting which has been going on in the Immanuel Baptist Church for the last two weeks will close Sunday with the pastor preaching on both occasions, morning and evening.

The revival has been well, though not largely attended. The majority of the people in many of our Carolina towns have been so fed up on the sensational in evangelistic services that many will not attend preaching in a local church and in a normal way.

Warehouse, court house and tent meetings are all right, and we believe in them thoroughly, as a last resort, in evangelistic effort. As says Paul the Apostle, "All things to a man, in order that we may by all means save some." But such meetings ought to be the exceptions in Kingdom building rather than the normal course of operation.

It is admitted by everybody that great and lasting results come from high-pressure evangelistic efforts. Many who are won in these meetings come into our churches and make some of the very best and most useful workers that we have. But ought it not also to be true that a local church, can put on an evangelistic service and win the lost and re-inlist the indifferent in a sane and sober and regular evangelistic service.

Such a service we have tried to have for two weeks. It has demonstrated that such a service makes the "popular appeal." Those who love God and are growing in grace came and enjoyed the splendid preaching of Dr. Horton. But the world passed by, in its search for "thrills," which his Satanic Majesty, has provided at every corner.

One thing is evident, and that is, that as churches, we need more and more to emphasize the obligation and opportunity and work of the individual church. And try more earnestly to make our program function in the salvation of souls and in the disciplining of Christian lives.

The subjects morning and evening in the Immanuel Church will be: "What then shall I do with Jesus?" and "The Second Coming of Christ." The public is cordially invited, and its earnest prayers are solicited.

With grateful appreciation to every one who has in any way participated in our services for the last two weeks, we cordially invite you to be with us in these closing services Sunday.

L. R. O'BRIAN, Pastor.

P. S.—In honor of the coming to our city of Rev. H. F. Jones as pastor of the Memorial Baptist Church, the Immanuel church will dispense with its services Sunday evening, November 8th, that its entire membership may worship with the brethren of the Memorial Baptist Church.

Gov. Declines Four Paroles and Ten Applications Paroles

Raleigh, Oct. 31.—(AP)—Four paroles presented today by Governor McLean on recommendation of Pardon Commissioner Sink, and ten applications for paroles were declined by the executive. In making public the list of names the Governor said appeals had been made from time to time by a number of people including some of the prosecuting witnesses for clemency for prisoners. The Pardon Commissioner after his investigation of the case believed the prisoner unquestionably guilty, but recommends in some cases that there should be some consideration because of a record made by the prisoner in the prison. This was the case of the prisoner Henderson Hamby, of Ash City, who was the recipient of the greatest clemency today. He had served 11 years of a sentence of twelve and one half to fifteen years for second degree murder, but had worked every day at the prison for long hours and had made an excellent prisoner.

OUR SATURDAY NIGHT MEDITATION

II Timothy, 1st. chapter, 7th verse:—"For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind."

II

In our "Meditation" last week we traced the origin of "Fear" to human weakness, ignorance and sin; and this confirmed the Apostle's assertion "For God hath not given us the spirit of fear."

St. Paul adds further, as a proof of his assertion, "It is quite true that God has given us a spirit, but it is the three-fold spirit of power, and of love, and of a sound mind."

(1). The God-given spirit is the Spirit of Power. Did you ever notice how frequently the Bible speaks of "power"? It is the Book of power. It portrays God as the God of power; and the Savior as all-powerful—"able to save even unto the uttermost." The disciples were told to, "tarry at Jerusalem," and "ye shall receive power, after that the Holy Ghost is come upon you." They tarried, and the power came. In its strength uncouth men and weak women dared the prison and torture, and gladly grasped the martyr's crown. And to "as many as received Him" since, in every age, "to them gave He power to become the sons of God, even to them that believe on His name."

We used to judge a man's sanctity by his weakness. The sickly were classified with the saintly. But God has never put a premium on human weakness. Though conscious of his limitations, the true child of God can exclaim:—"I can do all things through Christ which strengtheneth me."

(2). The God-given spirit is the Spirit of Love. Because power without love will become tyranny.

"Perfect love casteth out fear." We trust the loved one, be he God or man. Think what it would mean if this "spirit of love" prevailed among the nations. One nation looks at another nation across its frontiers, and with every increase in that nation's power the fear arises as to how that power may be used. So armaments are increased on both sides. Nation arms against nation in view of a possible contingency, until by the very spirit of their policy the contingency arises. There is no atmosphere more dangerous to the peace of nations than the wide-spread sentiment of fear. Policies of revenge are usually policies of fear. Get rid of the nation's fear, shed love abroad and the greatest step has been taken towards the elimination of war.

Think what this "spirit of love" would do for us socially.

Ever since the upheaval and turmoil in Russia there has been a vague feeling of disquiet lest Revolution may spread westward. One of the under currents in the life of our time is the strange feeling of uncertainty about what line of action great masses of people may take under conditions of stress. It is in the very air these days, and it is an evil thing. Workmen fear the master's power to throw them out of a job. Capitalists fear the workers may rise and destroy their possessions. There is just

as much danger in one class fearing another, as there is in one class despising another; and, indeed, the two sentiments are closely connected.

If the "spirit of love" were shed abroad in all hearts, strikes and lock-outs would cease. Competition would give place to co-operation. "The lion" of wealth would "lie down with the lamb" of labor; and the "little Child" Jesus would "lead them" both. We should have social and industrial peace.

(3). The God-given spirit is also the Spirit of a Sound Mind. It is the "spirit of understanding." If love is necessary to prevent power from becoming tyranny, so a "sound mind," or judgment, is equally necessary to keep love from becoming pusillanimity. There are times that call for the exhibition of power, and there are times that call for the exhibition of love; "a sound mind" is needed to show us when to be strong and when to be gentle.

The "spirit of a sound mind" enables us to rightly conceive of the character of God as "Our Father," and saves us from distorting Him into a fiend or a Moloch.

It will help us do much toward removing the larger fears among men by conquering our own fears. It is the little fears which enslave far more than the big ones. Men and women fear the opinions of their fellows; their pride shrinks before the criticism that failure brings upon them; and if they think differently from the run of mankind they hide their thoughts lest they should be considered peculiar. "They say," is one of the most powerful influences in the world, and has made more cowards than anything else.

Another class of fears arises from the uncertainties of life; the fear, for example, of illness, or weakness, or poverty, or old-age.

"A sound mind," right-thinking, will show the folly and imbecility of letting the future with its unknown potentialities overshadow the present day.

Do you remember the words which George MacDonald puts into the mouth of "Robert Falconer?" "This is a sane, wholesome, practical, working faith: first, that it is a man's business to do the will of God; second, that God takes on Himself the special care of that man; and third, that, therefore, that man ought never to be afraid of anything."

The world and the Church need the iteration and re-iteration of this truth today:—"God hath not given us the spirit of fear; but of power, and of love, and of a sound mind." We stand facing great difficulties and problems. We cannot "pooh-pooh" them away. It is ridiculous to "dilly-dally" or to "hem-and-haw." We must grapple boldly with these questions.

There can be no conquest of fear without faith.

If it is true, as Mr. Wells says, that "the beginning of aristocracy is the subjugation of fear," then the true aristocracy must be reached by faith.

Moral leadership is the fear of the age, and the first fear every man ought to conquer is the fear of standing up for the things he believes in. Think aright—then come out into the open!

So, also, Faith is the power which girds us to face the chances and changes of life unafraid. We have the confidence of the Psalmist:—"The Lord is good to all: and His tender mercies are over all His works." We believe the proverb: "There shall no evil happen to the just." We conclude with St. Paul:—"and we know that all things work together for good to them that love God." We join, by faith, in the Apostle's Hymn of Triumph:—"For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God which is in Christ Jesus our Lord."

Let me sum up the conclusion of the whole matter in three brief assertions concerning "the spirit of fear" of which St. Paul wrote:—

1. God does not fear.
2. God does not know what fear is.
3. Neither should we who are His children by adoption through Faith in His eternal Son.

Subways, elevated, wider streets—stringent parking regulations—have been suggested as panaceas. In the meantime the situation becomes more acute. Where to put a car is more of a problem to many than raising the revenue to buy it. Garage shortages in many sections, coupled with the native thrift or penuriousness of owners, have worked to increase all night parking at curbs. Big and shiny ones stand with their lower brethren. Thereby is added another perplexing problem.

Detroit.—Detroit wasn't so much until the automobile came chugging into the picture. But just as too much prosperity frequently proves an expensive thing, so do many officials here suggest that too many automobiles may spoil the municipal broth. Almost everyone in Detroit, it seems, drive. Everyone with as little as \$1 for a first payment is a potential purchaser. Detroit makes more automobiles than any other city; two hundred thousand of its population are employed in automobile factories. They make motor cars, and they ride in them.

No Detroit's thoroughfares are choked with machines—flivvers by the ten thousands, trucks, passenger cars of every description; fitnics and motor busses. The automobile industry has "made" Detroit. It also has created serious problems. Detroit today is hard pressed to keep pace

now under consideration are eight or more miles from the business district. Some of these streets are to be widened to 204 feet. One super-high way, connecting Detroit and Pontiac—city's 25 miles apart—provide room for four machines moving in each direction at the same time. Yet even this roadway already has experienced serious traffic tieups.

Gorman's Market Report

The market has been blocked all the week and Gorman's on two days had no sale. We have sold this week 578,192 pounds. Prices with us on Monday were the best for the season. The other days it has taken hard work and judgment to get satisfactory prices but we never fail to "daddy" all tobacco sold on our floor and our customers have with very few exceptions, gone home satisfied and those not satisfied assured us they appreciated our efforts to sustain prices and knew we had done our best for them. Our competitors told you the first of the season that we would go broke on the primings. They know as much about the better tobacco as they did the primings but it takes a judge of tobacco to tell the difference in values in the good and fine tobacco and few can tell if a pile brings within ten to twenty dollars of it's worth when you get above forty dollars. It will pay you to let us sell your good and fine tobacco; we know them and are not afraid to back our judgment any more than we were on the primings. There is no reason for any decline in the tobacco you now have on hand except the congested conditions in the factories, and if you handle it properly and use judgment in marketing it we believe you will realize the best prices since 1919. Take your time and do not be too anxious to sell. Drive to Gorman's and you will get the top of the market.. We had many to tell us to-day that our's was the best sale as to prices in town. We had but few fine loads, yet we sold many lots from eighty to ninety-five. We give you a few sales made during the week:

WE HAVE FIRST SECOND SALE MONDAY, FIRST SALE TUESDAY, SECOND SALE WEDNESDAY, FIRST SALE THURSDAY AND SECOND SALE FRIDAY.

ENTERTAINS FOR COLLEGE FACULTY.

Mrs. Ralph Deal and Mrs. Harbert Austin entertained Thursday evening at the Country Club for the College Faculty.

The club house was lovely with its decorations of yellow and white chrysanthemums, and a profusion of dried fall leaves.

The wholeness of Halloween was carried out in Jack O'Lantern, ghosts, stories and fortune telling. Beautiful musical selections were rendered during the evening by Misses Gorrell, Bertollet, Meade.

A ritual course with hot chocolate was served.

There were seventy invited guests.

Can You Conceive of a Finer Civic SERVICE—One That Can Be Performed At So Little Sacrifice and With Actual Profit To the Individual?

J. E. WINSLOW, Says:

May I congratulate you on your eminent success. My experiences have been that Building and Loan shares are the safest and most satisfactory way of saving money regularly, and with your resources and your reserve fund, and your capable management, there cannot be any question as to the safety and soundness of your fine Association. Please accept my good wishes for your continued growth and success, which really means a greater and better home city for all of us.

R. E. HARRIS, Says:

Any movement which tends to bring all of our people in closer touch with the Home Building and Loan Association, is to be highly commended. To my mind this Association is doing a splendid work, making home owners out of renters. My advice is to join the club of 1,000 and watch Greenville grow.

"HIS HOUR" OFFERS GREAT LOVE STORY

New Elinor Glyn Production Tells Romance of Imperial Russia. This rare combination of an Elinor Glyn story brought to the screen with her two favorite screen lovers playing the hero and heroine is the promise of "His Hour," Mrs. Glyn's latest Metro-Goldwyn production, which will come to White's Theatre on Monday for a run of one day.

In the first place, John Gilbert, as a romantic Russian Prince, is said to come up to all expectations as to just what Elinor Glyn's ideal hero should be like, and Aileen Pringle, who demonstrated so definitely her ability and charm in "Three Weeks" is again the beautiful heroine.

A Widow and a Prince. "His Hour" tells the story of a fascinating English widow, brought up in a straight laced manner, meeting informally Baitzko, the fiery Russian Prince whom all women adore.

She is instantly attracted to him, but knowing him by reputation, she resolves she will not follow the trend of all women and become his slave. Therefore, the wall of aloofness freezes about her and the Prince, who has fallen in love with her, cannot win her. She tantalizes him by her indifference, yet he goes to every means to win her.

PAINS ALL OVER

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Wentworth, Miss.—Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention. After she had taken Cardui a while, she writes that she "never did see such an improvement."

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sent for five more. By the time I had taken these, I was on my feet, going around, doing my work, gained in health and strength."

"I took two more bottles, and I am well and strong. Can work my garden. I haven't had any more sickness."

NOTED WARDEN SAYS 60 PCT. INMATES DO NOT NEED A LOCK

Anton City, Colo.—Thomas J. Tynan, who has just completed his sixteenth year as warden of the Colorado state penitentiary, has reached the conclusion that 60 per cent of the inmates of penal institutions do not need to be locked up.

"Get em out in the open," he explains. "Make them build roads, dig in the dirt farm. Prison conditions aren't normal — and 60 per cent of the inmates are."

There are some of the activities of this warden, whose methods have been adopted by many of the largest prisons in the United States.

Adoption of the group honor system that enabled him to build 4,000 miles of roads through Colorado by means of convict labor. At these camps the men are put entirely on their honor and no armed guards are permitted. Only two civilian overseers are present.

Use of the motion picture machine as a recreational and educational feature inside the prison.

The Wasserman blood test, and systematic treatment for venereal disease.

Incubation of correspondence school courses for prisoners. This together with his graded school system has resulted in a daily school attendance of 300.

Tynan came to the institution with out previous experience in prison work. He had been a salesman and a newspaperman.

Because of Colorado's climatic situation, the penal institutions draw a large percentage of tubercular inmates. Tynan has had but one male of that disease within the walls while hundreds of "cures" have been effected. Tynan himself came to Colorado in the late 90s for his health.

Tynan says that the average prisoner increases in weight from 30 to 50 pounds during his sentence. The warden attributes this to wholesome food, regular hours and plenty of fresh air.

An example of the product of his educational system is seen in a modern administration building at the prison. This was designed by a youth who entered the prison as an illiterate boy of fourteen to serve a life term for murder. In prison he trained himself as an architect, designed the building and was paroled. Today he is a resident of Denver, drawing a salary of \$400 monthly as an architect with a large firm. He is married and has several children.

From observation and personal contact with 9,000 prisoners, Tynan draws these conclusions.

That murders often "beat back" the best.

That forgers are the worst and most repeated offenders.

That judges are too lenient in sentencing drug addicts. "A sentence of less than two years is useless," he

says "for it takes that long to get the man completely off the stuff. That the pardon power wielded by state executives is a menace to the honor system. "There should be no pardons, only paroles," he contends.

KNOW NORTH CAROLINA MOTORCADE TO START ON TOUR OF STATE NOV. 9

Asheville, Oct. 31.—Thirty-one cities of North Carolina and about 100 towns will be visited by the "Know North Carolina" motorcade organized by the Chamber of Commerce of this city, which leaves November 9 for a seven-day swing around the State. The party, consisting of approximately 65 cars, will leave this city on route 20 and follow this highway to Wilmington, taking a side-trip to Southport on the U. S. Coast Guard Cutter Modoc. The State highway 40 will be followed to New Bern and the return trip will be made on route 10 with side-trips to Winston-Salem and Lenoir.

Elaborate entertainment programs have been prepared in several of the cities to be visited and a number of additional cars will join the party on its way, according to letters received by the management of the tour. Charlotte will send 10 or 15 representatives on the tour according to Clarence O. Keister, manager of the Charlotte Chamber of Commerce. Several western North Carolina cities are sending cars to join the motorcade at the start from Asheville.

Plans for the entertainment of the ladies taking the tour have been made in several cities, where special programs have been arranged for them. Approximately 200 people will leave Asheville Monday morning, according to present indications.

As it was found impossible to cover the whole state in one week's trip, it was decided to run the first motorcade along a route that would cover one half of the state and conduct another early next year which will traverse the remainder of the territory.

FORMER BREWERS NOW SERVE AS U. S. PROHIBITION AGENTS

Pittsburgh.—A number of former brew masters in the recent role of prohibition agents, now are on duty at cereal beverage plants in this district, to prevent the making and distribution of beer containing more than the legal alcoholic content.

Friederick C. Baird, prohibition administrator, hit upon the plan of utilizing the expert knowledge of former brew masters in spotting the flow of illegal beer into the Pittsburgh district.

The brewmaster dry agent is stationed at near-beer plants suspected of violating the law with instructions to test each barrel of product that is hauled to the loading platform.

CREW MENACED BY CROCODILES

Durban, Africa.—After a terrific struggle in a small boat amid mountainous waves, a grim journey across crocodile infested swamps, and many adventures with savages, the crew of the tiny 133-ton whaler Normann have reached their homes at Port Durban.

According to the crew's story, the whaler was making for Durban when a wild storm broke and the vessel was swamped in the heavy seas, while also squelched the furnaces.

As the whaler drifted closer and closer to the shore of Saint Lucia Bay, which is approximately 250 miles northeast of Durban, the crew of nine launched their sole lifeboat in an attempt to reach the shore.

After a fifteen-hour struggle, during which they had to incessantly bail out water with their sea boots the sailors safely beached their boat only to find that they had landed in one of the most desolate parts of Zululand.

The only route to Durban lay across desolate swamps, the playground of hosts of crocodiles. Guided by a few savages they crossed the swamps keeping off the crocodiles with weapons borrowed from the natives.

They at length reached the tropical outpost twenty miles from where they started, and, after food and rest, were able to proceed to Durban.

Through the sky on her broom, Mother Witch flies and the goblins make merry in the spirit of Hallowe'en. And to help in the celebration, Vivian Marinelli, of Washington, gathers a few pumpkins to decorate her home.

Oyster Bed Found Off Argentina.

Buenos Aires.—The discovery of an oyster bed covering nearly 400 square miles off the coast of Patagonia has been reported to the ministry agriculture by the chief of the fisheries bureau, recently returned from a survey of the Gulf of San Matias.

The location of the oyster bed is given as about 20 miles south of Port San Antonio and at a depth varying from 15 to 20 meters below the level of the sea. The oysters are stated to be of excellent quality.

RASPUTIN GOLD REEL

SOLD TO HUB COLLECTOR Lowell, Mass.—The famous Rasputin cigarette case, which was brought here from Russia after the death of the monk has been sold to Lawrence G. Doyke of Boston.

The cigarette case is of beaten gold and is inlaid with many gems. It is valued at several thousand dollars. It is distinctly Oriental in workman ship.

BIGGEST BRITISH BUILDING

AIRSHIP SHED IN INDIA Karachi, India.—The largest building in the British Empire is to be erected here.

It will take the form of a mammoth

airship shed destined to be the terminus for the proposed England to India airship service, and work is to be started upon it at once. The building will be 850 feet long 200 feet high, and about 200 feet wide.

BRITISH INVENT A

WONDER AIR MOTOR

London.—British air experts are said to be preparing for its first air trials a new wonder aero-engine which has no carburetor, no magneto and no sparking-plugs.

It is reported to use fuel costing a fifth of the price of gasoline.

The engine is an adaptation of flying cylinder air is compressed under such pressure that great heat is generated. Into this heated air a jet of heavy oil is injected. The oil vaporizes and ignites, and the consequent explosions provide the power.

PARIS FAVORS

MOVING WALK

Paris.—Paris's first moving sidewalk has just been tried out and no found wanting.

The apparatus consists of a continuous band which moves at the rate of fifteen kilometers an hour, the entrances and exits being related to a considerable degree in order that the passengers may board and leave the moving sidewalk in safety.

This is the sidewalk plan first suggested in 1921 by Emile Desvieux, a municipal councillor, in order to relieve congestion on the boulevards which is growing worse and worse every day.

Two means have been suggested for the taking on of passengers. One is to have a second band moving slowly, while the other scheme provides for the slowing down of the sidewalk at the stations which may be installed underground.

In both cases the band must be kept moving, at the rate of about ten kilometers an hour in order to allow the system to compete with the "metro," the Paris subway which travels at about twenty kilometers an hour, but is forced to stop more frequently.

Monsieur Desvieux, himself, says that the system is still far from perfect, but this experiment has led him to believe that improvements may be

made without difficulty and that an actual trial on the Paris streets may be made before long. If these are successful, the sidewalk will provide a cheap and fast method of moving about congested Paris. The officials declare that the fare must be considerably lower than the metros and tramways.

VIGILANTES REVIVED

IN NORTHWEST TO END NEW TYPE OF ROBBER

St. Paul.—The days of the vigilantes who made quick work of horse thieves in the adventurous days of the Northwest are being revived.

Bank and store bandits are the object of the new organization. A wave of bank robberies, following a quiet late Summer, has called the vigilantes to action before snow halt the bandit activities by making escape in automobiles difficult.

In North Dakota, where one of the boldest gang of bank robbers in the Northwest was broken up after sheriff's had organized citizens and volunteer night guards had taken posts in many small towns, the vigilante system declared a real success.

Vagaries of London Weather.

London.—Within ten minutes in one day recently the London hotel and shopping district experienced hail sleet, rain, lightning and thunder—but no fog.

Many American visitors here have been disappointed when informed that the real fogs occur only in winter.

FOX TERRIER BEST

HOME DOG IN BRITAIN; THE AIREDALE IS NEXT

London.—The fox terrier is the most popular home dog in the United Kingdom.

The shaggy airedale, which many owners believe to be the most human, ranked second. Kennel Club statistics showed that already this year, 7,000 fox terriers have been registered.

The dachshund continued to slump in popularity. The pre-war number was 232 and in 1924 it was 154. Registration the first eight months of this year totaled 117.

The dog population in the Kingdom is approaching the three million mark.

UNKISSED PIONEER, TEMPTED ONCE, CURED WHEN HE SAW SQUAW EAT, HE ASSERTED

Denver.—Sixty-nine years old, a cowpuncher for more than half a century and a full fledged Indian fighter when he was fourteen years of age W. T. (Bill) Jones, pioneer plainsman of Jensen, Utah, claims the record of never having been kissed by a woman.

"Bill" came to Denver recently for an operation upon one of his eyes which he says, "is going on the bum."

The "unkissed" veteran declared the nearest he ever came to being kissed was in 1871, out on the buffalo plains of the West. "I was mighty tempted," he explained, "when I stood watching a pretty young squaw taking the life off a buffalo. When she began munching on a chunk of raw flesh, though, I was cured."

Bill participated in many Indian battles in the 70s and 80s, from Fort Dodge, Kan., to the Custer battlefield in Wyoming.
