SAYS PROSPERITY SHOULD CONTINUE THRU THIS YEAR

Unless "Wreckless Optimism" is Permitted Hoover Sees Bright Prospects for Future

Washington, Dec. 31.—(AP)—The prosperity of 1925 should continue through 1926 in the opinion of Secretary Hoover unless "wreckless optimism" is permitted to outweigh ordinary caution. Economic prospects shown for this country and the rest of the world, he believes, are now more favorable than for a long time past. In a statement, the Secretary pictured fundamental conditions as favorable, but he expressed concern of others, including the possibility of an extension of speculation into commodities and the extortion by foreign government—fostered monopolies dominating raw material import.

The most encouraging outlook, he declared to be "our increased productivity during the fundamental and continuing forces—such as the growth of education, the advancement of science, and the elimination of waste."

Other favorable indications he listed was that stocks of commodities are moderate; there is employment for practically everyone; wages are at a high level; savings are the largest in history and capital is therefore abundant.

Fayetteville, Dec. 31.—(AP)—Cardell Reynolds, 14-year-old son of Mr. and Mrs. Bunn Reynolds, of Fayetteville, was crushed to death early this morning beneath the wheels of the municipal-owned motor truck. A city employee, who was driving, said that young Reynolds and two other youths were riding on the machine when the accident occurred. He declared the youth was flung to the wheels of the truck when he threw his weight upon a telephone pole across arm that partly protruded from the body of the machine. He died 15 minutes later.

MIGRATION NOW URGED AS REAL SOLUTION OF BRITISH LABOR CRISIS

London, Dec. 31.—(I. N. S.)—That the solution of Great Britain's present industrial depression was migration on a gigantic scale to the British colonies and that retired people living on their pensions should be among the migrants were suggestions made by Sir John Ross, a former Lord Chancellor of Ireland, during a meeting here.

There were a numerous number of Civil servants and Army and Navy officers, he said, who were living on their pensions, playing bridge, chasing a little white ball over the golf course, and going home at night weary and bored.

They were the very cream of the earth, and for them there was absolute no prospects in Britain. Rich and poor should migrate to the hardly developed British colonies, he declared.

The Devil As a Builder
Mexico Works
We Fear to Jump
A Bigger Bank
ARTHUR BRISBANE

Three of the largest, richest Lutheran Churches in New York are considering a merger. The combination to build a skyscraper with a church tucked away in it, according to modern ideas.

How would that impress Martin Luther, who says in his "Table Talks": "For where God built a church, the devil would also build a chapel."

If the Lutherans build a skyscraper church, would the devil find it necessary also to build a skyscraper chapel?

The J. G. White Engineering Corporation undertakes a \$300,000,000 irrigation scheme for Mexico. Anything that helps Mexican peoples, BUT what about the water of the Colorado River that wanders, wasted, through the United States and then down into Mexico?

As fast as she uses waters for irrigation, Mexico establishes an international right with which this country must not interfere.

While western states are fighting as to which shall have the water that goes to waste through the deep canyon, while private companies block any use of that water, fearful that the people may get the benefit, Mexico will establish a claim and our states through which the great river passes will be informed that they must not draw off enough water to interfere with Mexico's established irrigation right.

President Coolidge might interest himself in that. It may become a serious problem for himself or his successors.

Eight men and nine women tried to kill themselves in Vienna on Christmas Day. "General mystery" is the explanation. Gas was the favorite exit, revolvers are so expensive. Jumping from a height is even cheaper and surer than gas. There is no turning back once you start down.

But those tired of life are usually weak in will, and it takes will power to jump into space. Men since their alleged early tree days have had dread in them an intense aversion to falling off the limb.

That, evolutionists say, is why we dream so often of falling. And it explains women's horror of snakes. The snakes could crawl out along the limb, and steal the sleeping baby from its tumbler could prove to you that that's nonsense.

New York intends to have another big bank, big enough, perhaps, to overshadow the National City, now the biggest bank in America.

The new combination planned it is said, by Clarence Dillon, of Dillon, Read, would combine a number of banks totaling \$900,000,000 in resources. Things are done, financially, on a big scale in these days.

Clarence Dillon, still a young man, is surprising big finance. He is the man who got the Dodge Motor Company away from the chief powers in Wall Street, that expected to swallow and pleasantly digest that useful organization.

Rev. James S. Montgomery, Chaplain of the House of Representatives, puts the modernist and fundamentalist problem in few words: "Modernists say, 'There ain't no hell.' Fundamentalists say, 'The hell there ain't.'"

The average man says, "There may or there may not be such a super-heated re-ort, but to avoid running risks I shall behave decently."

BUSINESS DISTRICT WAS VISITED BY \$150,000 FIRE THIS MORNING

Princeton Hotel, Postal Telegraph Office, Loraine Beauty Parlor and Three Brick Stores Completely Swept by Flames

One fourth of a block of Greenville's best business property, located at the corner of Evans and Fifth streets was completely wiped out by fire at an early hour this morning totaling a loss estimated at near \$150,000. The business houses burned included the Princeton Hotel, Moseley Brothers, Insurance; Horne-Station Drug Company, Pitt Shoe Company, Postal Telegraph Company, and Loraine Beauty Parlor.

The fire which was thought to have originated in the boiler room of the Princeton Hotel was the most stubborn the local fire departments ever experienced, and but for the quick response of the Farmville and Washington fire departments who were appealed to for help, the possibilities are that the entire block would have burned down the high wind which was whipping the flames over the tops of the adjoining buildings.

The estimated loss of the buildings alone on which there was \$14,000 insurance will exceed \$60,000. There was only \$10,000 on the hotel building and fixtures which was owned by Mr. T. T. Hollingsworth. The store occupied by the Pitt Shoe Company who had their stock well covered was owned by Mrs. C. B. Mayo which was partially covered by insurance. The building occupied by Moseley Bros. and Horne-Station Drug Co., owned by Messrs. W. L. Pitt and Van Station there was no insurance, but both Moseley Bros. and Horne-Station Drug Co., were fully covered on stock and fixtures. The Loraine Beauty Shop operated by Miss Loraine Jefferson, was a complete loss, being uninsured.

When the first alarm was answered there was little fire to be found and this was extinguished, but the blaze had in some way gotten into the metal and brick veneer walls, and with the breaking of a window on the second floor of one of the buildings which furnished air to the smoldering flames, the roof with one accord was lifted by the combustion and within a few minutes the interior of all buildings were entirely enveloped by the flames which spread rapidly and made fire fighting difficult for the local company. It was necessary for them to apply a part of their efforts on the four story National Bank building to prevent it burning, however, practically every window on the north side of the building was broken by the intense heat.

All the guests of the hotel escaped without injury. Although one man found it necessary to make his escape by the fire escape from the third floor. Practically all personal belongings were destroyed.

The quick response of the Washington and Farmville fire companies received comment from every side. The Washington company was on the scene fifty minutes after being called, and the Farmville company thirty-five minutes after being called.

GRIDIRON STAR DIES FOLLOWING A LONG ILLNESS

Frank Hinkey, Former Yale Football Hero Dies at Southern Pine

Southern Pine, N. C., Dec. 31.—(AP)—The body of Frank "Sint" Hinkey, one of Yale's former football heroes, will leave here today at seven p. m., for North Tonawanda, New York, a suburb of Buffalo. He died here yesterday following a long illness. Word was received this morning from a sister in Buffalo to send the body to his home town. Today friends, many of them from Harvard, athletes spending vacations at Pinehurst, a few miles away, expressed surprise and sorrow at the news of the former gridiron star's passing. Hinkey had maintained his silence in illness as in play, and few realized that he was so near death. The athlete of thirty years ago came to Southern Pine fourteen months ago from an Ontario Sanatorium, and had been unable to leave his bed since.

Pershing Expected to Return On Or Before Jan. 15

Washington, Dec. 31.—(AP)—Secretary Kellogg announced today that President Coolidge had authorized General Pershing to return to the United States for medical and dental treatment. This date for his return has not been communicated to Washington as yet, Mr. Kellogg added, but the head of the Tacna-Arica Plebiscitary Commission is expected to return on or before January the 15th. The conditions of his health, with dental troubles having affected his blood pressure and general condition, Mr. Kellogg said, is the "only reason" for General Pershing's return.

Good-bye to the horse. Los Angeles is the first city to have "no horse" streets. Washington, with its horrid horse-drawn vehicles on four important thoroughfares, that will spread.

The horse is happier in the country, away from hard streets. He is no longer necessary in the city, no excuse for him. Even if he were a little cheaper, for some work, which is doubtful, he should vanish. Get a truck.

TODAY, TOMORROW

Tomorrow is usually a little further off, than yesterday. Both, however, have a perspective which in some way show them up in nearly their true relation and in other ways distorts the view and makes them appear in strange ways. Yesterday was just a little while since, today and tomorrow will soon be just one of the present days.

There are dreamers who are continually looking for the better day, for the time when men and women will become almost perfect. They forever talk about the "good old days" and deplore modern conditions and morals. They never tire of comparison particularly of the modern girl with the girl of their youth and ways to the disadvantage of the girl of today. So obsessed have they become with the idea that the trend of morals and manners are on the downward track that acts of slightest indiscretion become degrading and the failure of extreme courtliness shows a decadence in manners.

Yesterday was not a whit better than the today in which we live and the morals of the youth today are the equal of those in the "good old days." Manners of today are better, there may be less gesticulation, but there is more gentleness and unselfishness than was the case yesterday. Prudishness and snobbery are at a minimum and the advancement in these two phases of politeness alone more than recompense for what may have been lost in the manners of other days.

If you will back up those who continually hark on conditions today and forever praise those of other days, in a corner and let him recall specifically the customs and manners of the old days, it will be easy to convince him that conditions today are as good as a quarter of a century ago.

A man with a fussy wife is always at monologues with her.

Misdirected 'ingenuity' is that used to keep from engraving in honest employment.

The idea some persons have of keeping peace in the family is to have their own way.

MRS. CHARLES W. SHUFF

Hostess At Delightful Tea in Honor of Mr. Shuff's Mother.

Mrs. Florence Shuff

One of the most delightful social affairs of the season was a tea given on Wednesday afternoon by Mrs. Charles W. Shuff

at her attractive new Colonial home on Fifth Street, in honor

of Mr. Shuff's mother, Mrs. Florence Shuff, of Danville, Va.

The lovely home, ensuite, was beautifully decorated with Russell roses, ferns, southern pine and pink burning tapers, carrying out the pink and green color scheme. Attractive showers of bells were suspended from the lights, suggestive of the "ringing in" of the New Year. The dining room was especially attractive.

The table cover was of cluny lace, while the center piece consisted of a large silver basket filled with Russell roses. Pink

maize streamers extended gracefully from the lights and were fastened to four candle sticks containing pink burning tapers.

A shower of miniature New Year bells suspended from the middle light, with a wreath of southern pine entwined around the lights. The entire home was darkened which added much to the effectiveness of the decoration.

Upon arrival the guests were

given a cordial welcome by Mrs. J. L. Fleming and Mrs. G. B. W. Hadley and invited into the drawing room where they were

introduced to the receiving line in which were the hostess, the and pink burning tapers, carrying out the pink and green color scheme. Attractive showers of bells were suspended from the lights, suggestive of the "ringing in" of the New Year. The dining room was especially attractive.

As the guests passed from the drawing room to the tea room they were welcomed by Mrs. C. O'H. Laughinghouse and Mrs. W. D. Pruitt. Mrs. S. T. White and Mrs. W. H. Dail presided at the tea tables and were assisted in serving tea and wafers by Mrs. L. W. Gaylord, Miss Helene Higgs, Mrs. H. L. Hodges, Mrs. Malcolm Thompson and Mrs. G. S. Willard. The decorations in this room also suggested the Yuletide season with an attractive Christmas tree.

In the dining room the guests were received by Mrs. L. C. Skinner and Mrs. E. B. Ferguson. An ice course in pink and green bells, pink and green cakes, salted nuts and mints were served by Mrs. Larry James, Mrs. Hogan Gas-kins, Mrs. James Ficklen, and Miss Helen Joyner.

The guests passed out through the tea room and were bid "au revoir" by Mrs. C. J. Ellen.

Delightful music was furnished throughout the occasion by the new Orthophonic Victrola.

The tea was one of the most enjoyable social affairs of the season and Mrs. Shuff proved a charming hostess. Her new home was greatly admired by the large number of guests who called during the afternoon.

Wishes to extend you a **HAPPY AND PROSPEROUS NEW YEAR.**

This has been the record-breaker of our three years of business. We have put forth every effort and expense to give our customers fresh home-grown flowers. We have now five green houses running over with plants, cut flowers and supplies. We moved off much stock through the holidays, only to make room for spring stock.

We are planting many bulbs, cut flowers and plants to come in for Easter. We have a branch office in Farmville and Washington, which we are doing a good business.

Thanking you again for your past patronage, and wishing to assure you we are always on the job and ready to serve you,

Our Mission Is to Serve; That's Why We Are Here!

This town is our home; we live, eat and sleep here. This statement sounds a bit ridiculous but we make it to enlighten anybody who may be thinking to the contrary.

We spend a large share of our income here. We do not spend it all for we try to be thrifty and put some aside for a rainy day.

True, we send much money away but in this respect we are no different than other stores. Every store spends by far the largest part of their income out of town for goods they offer for sale. It couldn't be otherwise unless everything you wear and use in your home was made here.

JANUARY 1, 1926

TO MY FRIENDS AND CUSTOMERS:

IN MAKING THIS ANNOUNCEMENT I DO SO ON THE ASSUMPTION THAT ANY STATEMENT I MAKE WILL BE ACCEPTED BY THE PEOPLE OF THIS COMMUNITY AS THE TRUTH; THAT THEY KNOW I WOULD NOT MAKE ANY STATEMENT FOR ADVERTISING PURPOSES WHICH WAS NOT BASED ON FACTS.

FOR MANY YEARS I HAVE CARRIED A STOCK OF MERCHANDISE LARGE ENOUGH TO SUPPLY THE NEEDS OF A POPULATION SEVERAL TIMES GREATER THAN THAT WHICH I SERVE. I HAVE CARRIED MORE THAN I NEEDED. MORE THAN MY CUSTOMERS COULD BUY.

FOR MORE THAN A YEAR I HAVE HAD UNDER CONSIDERATION THE ADOPTION OF A NEW MERCHANDISING POLICY WHICH WOULD ENABLE ME TO GIVE YOU AS FINE A SELECTION OF GOODS AS I HAVE EVER SHOWN YOU. AND WILL GIVE ME QUICKER STOCK TURN-OVER: THE MOST PROFITABLE THING IN BUSINESS.

TO PUT THIS POLICY INTO OPERATION MEANT I MUST MATERIALLY REDUCE MY STOCK IN ORDER TO GET DOWN TO THE SIZE STOCK WHERE THE NEW POLICY WOULD BE EFFECTIVE. I REALIZED THAT TO GREATLY REDUCE MY STOCK I WOULD HAVE TO PUT ON THE KIND OF A SALE THAT WOULD CAUSE ME TO SUFFER A HEAVY FINANCIAL LOSS. FRANKLY I HESITATED TO TAKE THE LOSS. NO BUSINESS MAN LIKES TO TAKE A LOSS. I DON'T LIKE IT.

FINALLY I HAVE DECIDED TO ADOPT THE NEW MERCHANDISING POLICY. I HAVE DECIDED TO TAKE MY LOSS NOW. I DO SO BECAUSE I BELIEVE THAT IT WILL BE PROFITABLE FOR ME IN THE LONG RUN. I HAVE DECIDED TO SELL MY EXCESS STOCK AT PRICES THAT WILL CAUSE MEN TO BUY, AND BUY QUICKLY! YOU WILL FIND THE COMPLETE DETAILS OF THIS SALE ON THE NEXT PAGE.

IF YOU ARE AN OLD CUSTOMER I SHALL BE VERY GLAD TO HAVE YOU ENJOY THE BENEFITS OF THESE PRICE REDUCTIONS. IF YOU HAVE NOT TRADED WITH ME I HOPE THE THINGS YOU BUY AT THIS SALE WILL BE THE MEANS OF MAKING YOU A REGULAR CUSTOMER.

SINCERELY YOURS,

What's the Difference in Mule Feed?

IT'S not the amount of feed you give your mules but the kind. Just a monotonous diet of corn, oats with hay fails to supply work animals with a sufficient variety of diet to keep them in good shape. Mules fed in this fashion get plenty "to fill 'em up."

Picture yourself sitting down to meals of bread and water. You would soon lose your health. If you could have plenty of good meat, and fresh vegetables, your health would soon come back.

You don't need as big a bucket to measure out a feed of O-Molene as you do for a feed of corn and oats. It takes much less O-Molene.

O-Molene contains the variety of foodstuffs necessary to keep mules in perfect condition. You get more work from them. Mules like O-Molene because it is made exceedingly appetizing by a special process of crushing the select grains. O-Molene is being used by many of the biggest mule owners in the country, because it is the cheapest in the long run.

We wish to use this means of expressing our appreciation to our many friends and customers for the business we have enjoyed during the year 1925 which is now at its close, and we sincerely hope that we will have the pleasure of serving you during 1926.

During this year we have built our store number two on Grand Ave., which gives us an extra floor space 65 feet by 80 feet. This store is located very near store number one.
