## UNITED ACTION ASSURED PASSAGE OF REVENUE BILL

### Action in Senate Apparently Assured So Tax Reduction Can Be Applicable By March 15

Washington, Jan. 14.—(AP)—Continuance of publicity of income tax returns was approved today by the Senate Finance Committee in accepting this provision in the House tax bill.

Washington, Jan. 14.—(AP)—United action in the Senate apparently is assured of passage of the Revenue Bill so that its tax reduction provision can be applicable by March 15 when the first income tax installments are due.

In reply to a suggestion from national democratic party leaders that Senate democrat press for an early action even at the expense of success of their substitute program for increased reduction, Senator Simmons, North Carolina ranking democrat on the Finance Committee, has agreed not to permit the substitute to stand in the way of prompt passage of the bill.

The Senator, who conferred with Clem Shays, chairman of the Democratic National Committee, declared however, he would propose an amendment to the bill in the Senate to increase the reduction to \$500,000,000 or \$170,000,000 more than is provided by the House bill.

Senator Simmons said he expected favorable action on his substitute, but did not believe there would be any long fight. Senate republican leaders have declared that they will seek early passage of the bill substantially as passed by the House.

The Finance Committee, however, which still has the measure to consider, devoted today to hearing representatives of the Special Committee which investigated the Internal Revenue Bureau and which has requested several administrative amendments. Completion of the measure by the end of the week was predicted.

The record vote on the publicity proposal was taken by the Committee. Chairman Smoot, announced sentiment was almost unanimous for the act, but Senator Simmons, of North Carolina, ranking democrat on the committee, served a right to present an amendment in the Senate proposing continuance of the present law, which allows publication of amounts of income.

The North Carolina Senator also announced he would ask the Senate to set a definite date for vote on the bill for early in February. This, he said, would answer critics who believed the presentation of substitute program by minority would delay final action.

Such a proposal, if accepted, would assure reduction by March 15 when first income tax installments are due.

## Union Miners Prevented From Rescue Efforts

Wilmington, Oklahoma, Jan. 14.—A Federal Court injunction issued last September prevented union miners from joining in the rescue efforts at the Dugan-McConnell mine yesterday when 92 workmen lost their lives in an explosion. A restraining order issued by Federal Judge Williams forbids men refusing to work under the 1917 agreement from coming on the mine property.

Old time miners, virtually the only ones here thoroughly acquainted with rescue work, and experienced in handling disasters, were thus kept from lending assistance.

## CAPT. L. A. COTTEN FIVE SCOUTS OF Laid to Rest at Ayden Promoted to Star Rank

### Commanding Officer Scout Cruiser, Richmond, and a Native of North Carolina Died Tuesday

Funeral services for Captain Lyman Atkinson Cotten, U. S. N., who died early Tuesday morning in the Naval Hospital, Portsmouth, Va., following a short illness, were conducted this afternoon, with interment taking place in the Arlington National Cemetery.

Captain Cotten was commanding officer of the Scout Cruiser, Richmond, which arrived in Hampton Roads Saturday from New York, enroute to Cuban waters for winter maneuvers. He was first taken ill with influenza which developed into pneumonia.

Captain Cotten was a son of Col. and Mrs. R. E. Cotten, of Cottendale. Although he was born in Wilson, he spent the greater number of his boyhood years in Pitt county, and this county claimed him as "her son." He was indeed proud of the honors which have been bestowed upon him. His many friends here have watched with interest his brilliant naval career and have rejoiced in his successes.

The following facts regarding his naval career will be read with interest, not only by his friends in this county, but by friends throughout the state:

Captain L. A. Cotten entered the Naval Academy September 6, 1894 from the First Congressional District of North Carolina. He graduated April 6, 1898, two months ahead of regular graduation, on account of the impending war with Spain and served during the war as U. S. S. Columbia in patrol off the Atlantic Coast, blockade of Santiago de Cuba and General Miles' expedition to end capture of Porto Rico. He was awarded the "Spanish Campaign Medal."

In the spring of 1899 Captain Cotten went to the Philippines by sea and served in a Division of Naval and Joint Army and Naval operations during the Philippine Insurrection, being awarded the "Philippine Campaign Medal." He was commissioned Ensign in the Navy April 6, 1900, following which he was ordered to command the U. S. S. Zafiro, tender of the "Commander-in-Chief of the Asiatic Station. He saw a variety of duty in the Zafiro in the Philippines, China and Japan. In the summer of 1900 he served in Galathea during the Boxer Rebellion.

In the Zafiro carried to China and sent on to Washington to be the first vessel of the fleet of the foreign legations in Peking and the capture of Peking by foreign troops. Here he was awarded the "China Campaign Medal." He returned to the U. S. S. Manila (Ex-Spanish Gunboat), which broke down at sea and drifted about the North Pacific for some days. Upon return by our East coast he completed the first trip entirely around the world. In August, 1902, he joined the U. S. S. "Arbuthnot" and cruised to the West Indies and South America. In the spring he was assigned to duty at the U. S. Naval Academy as instructor in Ordnance and remained there until early in 1905.

In 1908 Captain Cotten went to sea on the U. S. S. Pennsylvania and again to the Philippines, etc. In 1916 he served as Naval Attaché at the American Embassy, Tokio. In 1915 he served on the battleships North Dakota and Kearsage.

Captain Cotten was married in 1908 to Mrs. Bessie Henderson, of Salisbury, N. C. In 1908 he was assigned to duty at the Naval War College, first as a student and later as a member of the staff. In 1909 as a 1911 he served at sea in the Atlantic on the battleships Virginia and Connecticut, and in 1910 he was awarded "Honorable Mention" by the U. S. Naval Institute for a study on "The Naval Strategy of the Russo-Japanese War." From 1912 to 1915 he served as Naval Attaché at the American Embassy, Tokio. In 1915 he served on the battleships North Dakota and Kearsage.

The Monkeys Tried It. Helen's Fingers. Frigidation's Power. Bee Stings in Munich. MICHIGAN BUREAU

Charles Garland, an earnest New York banker, inherited a large fortune, which at first he took the money, saying no man had a right to money not earned. His change of his mind, and lifted by a track, convinced, perhaps, that he was an original thinker. He decided that marriage was an unnecessary institution. Now he is agreed, because a young child was born on his farm, having for its mother an unmarried girl.

The young man should realize his experiment was tried by our alleged Stilian ancestors for thousands of years before man appeared, and abandoned by our human ancestors of 100,000 years ago.

Not to do away with marriage, but to make men WORTHY of it, is the task of the human race. "Away from the Monkey life" is a better motto than "back to nature."

When she saw President Coolidge was asked, "how old are you?" Helen Keller replied, "how old do I look?"

Miss Keller read what the president had to say by placing her fingers upon his lips. If she succeeded in indicating out what the president thinks, she could probably open a school in Washington, giving lessons to senators, promoters, lobbyists, and others.

Helen Keller, who instinctively feels like personalities, kissed Senator Borah on both cheeks, when she said good-bye to him. That is one advantage of blindness. You can act naturally without seeing the foolish expressions on other people's faces.

Impatience is more powerful than fact. James Dempsey, not the Dempsey, two men entered, held him up and delivered his money.

A policeman dashed in, arrested the man "pointing the gun" at Dempsey. The only gun was two fingers that had "been pointed."

The young man, escaped, came back that afternoon, pointed one finger at Dempsey, and the latter again have up what money he had.

Offering local option on beer to the city of Munich will shock those who know the famous Hofbrau, where dice old ladies sell you black radishes, cut into a long string, to increase your thirst, and the world-famous Bavarian soldier drinks out of the beer of any American that leaves his stein with the cover up.

Josephus Daniels, honest and able man—You didn't see patriotic gruffers sitting in his anteroom when he was Secretary of the Navy—says America's national vice is "passing the buck," and we need the spirit of Andrew Jackson, who said, "I take the responsibility."

Mr. Daniels suggests a "Secretary of Defense" to have charge of army, navy and flying.

However, he forgets we live in the age of specialists. One in charge of flying, another for the navy, another for the army, with President Coolidge boss of the three, would be the plan.

Colonel William Donovan, Assistant Attorney General, testifies that the Aluminum Company in which Mellon is the big stockholder unlawfully put all of its books and papers at the government's disposition.

The Federal Trade Commission appears to consider itself an organization devised to prevent the development of American business on a big scale. That is not what the people of this country want, with European nations organizing industry on a national and even international scale, and making us pay the price of rubber, phosphates and other necessities. This country needs a combination of the biggest possible business, and a government strong enough to protect the public, if necessary.

## LUCAS INDICTED MURDER CHARGE

### Being Held in Connection With Death of Police Sergeant, D. C. Chason, On October 21

Fayetteville, Jan. 14.—(AP)—Ernest Lucas, young white man of Harnett County, has been indicted by the grand jury of this county on a charge of murder in connection with the death of Police Sergeant D. C. Chason on the night of October 21.

The true bill was returned by the grand jury following the appearance before that body of the Solicitor, Chief Police and others. The charge is said to hinge almost entirely on the possession of the pistol which it is alleged was used in firing the shot resulting in the officer's death.

Chason was killed when he entered the back door of the Fayetteville observatory to investigate the presence of an intruder. County officers indicated today that they may ask for a special term of court to try the case.

## 86 MINERS LAY DEAD IN BLAZING COAL MINE TODAY

### Death Toll of Wrecked Mine Has Reached 92; 2 Negroes and One White Man Rescued

Wilmington, Oklahoma, Jan. 14.—(AP)—86 miners lay dead in the blazing Dugan-McConnell mine today as white scores of rescue workers stood at the mouth of the shaft helpless in the face of flames which broke out anew early this morning. Six bodies have been brought out, ending the death toll to 92.

Miner officials last night abandoned hope of finding any of the trapped miners alive, but this morning, Cell McKinney, one of the miners, was rescued alive near the mouth of the mine shaft. A terrific explosion wrecked the mine yesterday shortly after 10 o'clock and negro miners had descended the shaft to start their day's work, of these only eight negroes and one white man have been rescued.

Responsibility for the disaster was placed squarely on the mine operators by Edward Boyle, state mine inspector after an investigation. Boyle declared that in his opinion the explosion was due to the employing of incompetent miners. He said he believed the explosion was due to gas connected to one or more passages of the mine, and that careful inspectors would have found evidence of the gas before the 100 men went to work Wednesday morning.

A report from Superintendent W. H. Powers of the mine, stated that the bodies had inspected the mine at six o'clock in the morning two hours before the miners went to work. Boyle declared that enough gas could have entered the mine to have killed all the men from the shaft had it been detected.

As Wilmington fire department crews huddled in a room with the flames 1500 feet under the ground as it roared back and forth with 1000 feet. The McConnel Fire Department has started here with 2500 feet of hose and the Harnett County Department has arrived with an additional 1,000 feet. All this will all be emptied together in an attempt to stop the flames.

Bodies of the men brought to the surface indicated they had been burned to death, while workers said they felt that the fire had touched many of the bodies, an air of sadness prevailed throughout Wilmington and there was little to be seen.

Wilmington, Oklahoma, Jan. 14.—(AP)—Two men were rescued a day today from the lower levels of the Dugan-McConnell Mining Company mine where an explosion yesterday entombed 191 miners. A fire which for awhile halted rescue of bodies, was extinguished shortly before noon and rescue crews again entered the mine, 91 men are dead or unaccounted for.

## Hold Witnesses Rodgers Trial Under \$500 Bond

Raleigh, Jan. 14.—(AP)—Circuit L. M. Waring was advised today by Attorney General D. G. Fernald to follow the instructions of Solicitor W. F. Evans in holding Mrs. Bonnie Baskin and Mrs. Lolla Clarke under \$500 bond each as material witnesses for the grand jury in further investigation of the death of Preston B. Rodgers, Jr. The coroner sought a ruling from the Attorney General as to counsel for Mrs. Baskin and Mrs. Clarke advised them to decline to furnish bond on the ground that the coroner had no right to subpoena them. Solicitor Evans then instructed the coroner to subpoena the women under bond or under arrest.

In taking final action on the coroner's report that he was advised by further word from Solicitor Evans, who is holding court at Raleigh this week. The coroner's jury in returning its verdict recommended that the case be further investigated by the grand jury of Wake County, and in view of this recommendation Solicitor Evans instructed the coroner to hold Mrs. Clarke and Mrs. Baskin under \$500 bond each.

By H. K. BARNWELL  
London, Jan. 14.—(Special Correspondent)—The American press is being urged to take steps against the Americanization of the British film industry. Proposals for the suspension of American films just as the United States has prohibited their export are not improbable.

The chief European movie exhibitor American film has been made by Germany, which has the films from the United States under an equal quantity of German films are accepted in America.

At present it is estimated that 25 per cent of the films shown in German movie theaters are American origin.

**Like Janus of Old**

YOU will recall Janus, the ancient god for whom our first month was named; Janus, with two faces, who looked forward and backward, even in January reviews the year just passed and looks ahead to the twelve months to come.

Sometimes we think we are something like Janus; looking backward over our 15 years of experience with pride and satisfaction, and forward with determination and high resolve.

## ATE TOO FAST

### South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. P. Tooknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Nothing eat I got in the habit of eating first, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel bloated and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any other medicine I have ever found."

Eating too fast, too much or family showing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days.

### MEXICO'S THREAT

In enacting legislation which threatens to imperil the interests of American investors within that republic it may be the purpose of the Mexican government to test the limit to which the United States government will permit it to go in such a proceeding. At least the Mexicans are of a mind to give no more assurance to foreign property owners than they can help. The United States government does not assume to dictate to Mexicans what legislation they shall enact, but it does claim the right to protest against laws that would defeat agreements made to assure American rights. Investments in Mexico made by Americans in good faith and under the then existing laws are entitled to protection and that is all that our government asks.

The protest which has been made against the recently passed land and petroleum laws may have the effect of modifying or eliminating the provisions which menace the rights of American investors. In case there is refusal to amend the objectionable features of the measures interruption of diplomatic relations would be the probable result. One nation cannot retain relations with another when contracts are openly flouted. American investments in Mexico are estimated at a half-billion. The amount involved is sufficient to warrant positive steps for its protection from threat of confiscation.

The desire of Mexicans to prevent the exploiting of the natural resources of the country at their expense will elicit sympathy but fulfillment of their purpose would not justify confiscation of investments made in entire good faith under law.

### SPUR TO INVENTION

As industrial activity always causes a great stir among inventors, the fact that the 1925 rush at the United States patent office was previously unequalled gives one a fair idea of the height to which the industrial barometer scaled last year.

Patent rights were issued last year on 46,540 inventions in this country, or twice as many as were granted in 1900, and more than in all other countries combined.

Congress enacted the first patent law in 1790, but the present and more comprehensive law dates from

1836. In the 135 years which has elapsed since patent No. 1 was issued 1,500,000 inventions have been patented in this country. That total is twice that of Great Britain and four times that of Germany.

Perhaps the reason for the larger number of patents here is a greater need for new inventions. Although fiction pictures the inventor as an impractical dreamer toying with the unheard-of, the vast majority of all American inventions are the fulfillment of the needs of industry, commerce and society. As the world's greatest industrial country, with the world's largest railroad system and greatest number of automobiles, and as the country in which machinery has been most highly developed and most universally applied, the United States offers the most inspiration and highest reward for invention.

# Like sunshine after rain

WHERE'S that old jimmy-pipe that you laid away with a sigh of discouragement? Dig it up! You can smoke a pipe! It's just a matter of discovering the right tobacco. Load up with Prince Albert and light up with the smile that won't come off. That's the way it works.

Thousands just like you thought they never could smoke a pipe. And then they discovered Prince Albert. Cool, sweet, fragrant Prince Albert. Happiness settled upon them, like sunshine after rain. Their pipe-troubles were over . . . for all time.

Good old P. A. is what they were searching for all the time. They found that P. A. can't bite the tongue or parch the throat, because the Prince Albert process put a padlock on tongue-torture right at the start. Jimmy-pipe joy, and nothing else but.

Join the joyous bunch of jimmy-pipers who have discovered the one tobacco that has everything you ever wished for in a smoke. Straight as the crow flies, get to that nearby smoke-shop where they hand out sunshine in the familiar red tins.

### Here's a Real Prescription for the Torturing Pains of Neuritis

When you've tried everything to even relieve those piercing, agonizing pains, just go to some good druggist and get a bottle of Allenru Special Formula No. 2. Be sure you get No. 2 which comes in capsule form, for the liquid form is a special preparation for Rheumatism only.

Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced, if not entirely relieved, those persistent nerve racking pains that have caused you many sleepless nights. A few more doses and the pains have left you forever. While this particular formula was compounded for the purpose of conquering painful, Gony conditions and what is known as Rheumatoid Arthritis—a knotty, painful swelling of the joints—it has proven wonderfully successful in all forms of Neuritis and Sciatic Nerve Pains.

### Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one could be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed Pitt Drug Co. and druggists everywhere to dispense Allenru with the understanding that if his prescription does not banish every sign and symptom of the disease he will gladly return your money without comment.

taining dope of any kind—it does not. Such things are only makeshifts and can only give temporary relief. Be sure you've got Neuritis and then get Allenru Special Formula No. 2. Pitt Drug Co. can supply you.

### YOUNG'S JANUARY CLEARANCE SALE OPENS TOMORROW

Young's January Clearance Sale will open tomorrow morning at 9 o'clock. In this sale Mr. Young is offering to the public some of the best bargains which he has ever offered, and the sale promises to be a great event.

One of the outstanding features of this sale, will be the mammoth purchase of hosiery which was made from mills which wanted to realize immediate cash for merchandise on hand. The purchase consists of hosiery for every member of the family. The grades range from the ordinary makes to the best quality. This purchase, they say, will enable them to sell hosiery that sold as high as 35 cents or 40 cents.

This merchandise coupled with a purchase made of ladies' ready-to-wear and dry goods will make the sale a most extraordinary one.

Shoes, too, are included in the sale, and are marked at prices far below what the usual sales call for.

Mr. Young is doing everything possible to make the sale a success, and is offering some wonderful prices to the bargain hunters.

Remember the sale begins promptly at 9 o'clock.

**Italian Journalism Being Re-Organized**

Rome, Jan. 14. (H.N.S.)—An earthquake is in progress in the Italian journalistic world. Daily papers are practically changing hands every day or stopping publication. It is all due to a decision taken by the most important dailies in Italy to suppress many of their own organs.

Either by persuasion or otherwise, the leading Italian newspapers, like the "Corriere della Sera," the "Tribuna," the "Stampa," the "Giornale d'Italia," the "Mattino" and many others have been sold by their previous owners to new groups, all friendly to Fascism, and their attitude toward the Fascist party and the Government is being radically altered.

It is generally accepted as a fact that while Fascism has been successful in many directions, it couldn't certainly claim to have created a good and successful press nor to have gained to its cause the old standing newspapers with a big reputation. All attempts to start new Fascist dailies were crowned with the most indifferent measure of success. So now the party has tackled the problem in a different direction; that is, it has decided to buy over, or will become strong supporters.

Other newspapers of the opposition are gradually being debilitated by daily sequestrations of their issues, as it is the case with the Rome "Mondo" and "Risorgimento" which have been constantly seized from the 6th of November up to today.

**NOTICE!**

Beginning Saturday, January 16, at 9:00 o'clock and lasting for ten days only, for every purchase of a new pair of shoes at regular price, we will allow you a \$1.00 on your old shoes regardless of their condition.

**Quick Way to End Dangerous Cough**

Why let a dangerous cough hang on when you can, through a simple treatment, get speedy relief and often break it up completely in 24 hours?

This treatment is based on the famous Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and irritation which are the real cause of the coughing. So the worst cough quickly disappears.

Dr. King's New Discovery is for coughs, chest colic, bronchitis, spasmodic croup, etc. Fine for children in all the latest epidemics. Very economical as the dose is only one teaspoonful. At all good druggists. Ask for

Raleigh, Jan. 11. (AP)—A new publication on "Control Methods for Peach Insects" by C. J. Brannon, extension entomologist, has just been issued as extension circular No. 153 of the agricultural extension service at State College. The circular, which is ready for distribution to peach growers of the state, gives the sprays necessary for the control of the insect most injurious to the peach, such as curculionid, San Jose scale, bark beetle, and scab and brown rot. Schedules, showing the spray and dusting methods, together with the time of applications, are included. Directions for preparing the various spray materials are also given.

### Hearing Increase Rates Telegraph Co. Is Postponed

Raleigh, Jan. 11. (AP)—The hearing of the petition of the Western Union Telegraph Company for an increase in rates in this state was today again postponed by the North Carolina Corporation Commission. The new date is March 2. The postponement was at the request of attorneys for the company. It was stated at Corporation Commission offices. The proposed system would mean an average increase of about 15 per cent in rates, officials of the company have told the Commission.

### Reads Bible Thru Twenty-five Times

Rocky Mount, N. C., Jan. 11. (AP)—Mrs. Sallie Bryan Newby, who died here a few days ago, had read the Bible through 25 times in the last 25 years, her friends say. She made it an invariable rule to read three chapters daily and five on Sunday, thus completing the reading of the entire Bible in the course of the year. Due to delicate health, Mrs. Newby was rarely able to attend church, but she did not let that interfere with her religious life. Unable to attend church, she brought the church into her home, say her friends.

#### MILTON SILLS HERE IN "THE KNOCK-OUT"

Milton Sills has always been a favorite with local motion picture goers but in no time of picture is he better enjoyed than in the screen play, which give him an opportunity to demonstrate his "hemanism." His work in "The Sea Hawk," "As Man Desires," and in "The Making of O'Malley" have indelibly planted pleasing memories in the minds of his fans and the success of these pictures proves that he is cast to suit them when appearing in virile, outdoor roles. He has such a role in his first National's "The Knock-out," which opens today at White's Theatre. It is a long time, indeed since the reviewers has seen a picture with more thrills and action than is contained in this plausible and highly romantic story.

### Capt. L. A. Cotten Laid to Rest At Arlington Today

(Continued from page 1)  
joining in December 1915, the battleship Nebraska. In 1916 he served on the Nebraska at Vera Cruz, Mexico, and was awarded the "Mexican Service Medal." In 1917 he was awarded the "Gold Medal" by the U. S. Naval Institute for a study on "Commerce Destroying in War," carrying with it life membership in the Institute.

When the United States declared war in April, 1917, Captain Cotten was serving on the battleship Nebraska, Atlantic Fleet. In February, 1918, he went to New London, Conn., and outfitted and sent to England a number of Sub-Chasers. Crossed the Atlantic in June and took command of the Channel Detachment of Sub-chasers and the American Naval Base at Plymouth, England. He operated in the English Channel approaches until the end of the war, and was awarded the "Distinguished Service Medal (Navy)" and "Victory Medal." In March, 1919, he was made a member of the General Board of the Navy and served for a year when he went to the Near East as Commanding Officer of the U. S. S. Chattanooga and Chief of Staff to Admiral Mark L. Bristol, American High Commissioner in Turkey and Commander of the U. S. Naval forces in the Near East. In 1922 he was transferred to Naval Attache, American Embassy, Tokio. He returned to Washington in 1923 and in March, 1924, was assigned to command the U. S. S. Richmond, flagship of light cruisers. He served in Honduran waters during the revolution in the spring of 1924 and that summer went to Scotland and came across the Atlantic via the Orkneys, Iceland, Greenland and Labrador with the American Army Around the World Flyers, seeing them safely into Boston.

During the flight from Iceland to Greenland the Italian planes, accompanying our flyers, in command of Lieutenant Locatelli, with three other Italians on board, came down at sea in a fog off the East coast of Greenland. After searching for three and a half days the Richmond found and rescued these Italians. Following this Captain Cotten was awarded the decoration "Comandante Della Corona D'Italia," by the King of Italy (subject to the authority of Congress). In April he was still in command of the U. S. S. Richmond with the Fleet in the Pacific, which left for a cruise to Honolulu, Australia, New Zealand, Tasmania, Samoa, Marquessa, Galapagos and back to the Atlantic.

His services on the Richmond included a trip to Australia with the American fleet and return, which was completed last November.

In addition to his naval career, Captain Cotten wrote many of the famous Navy songs, the best known being "Governor General or Hobo," "Damn, Damn, Damn, the Philippines," "Coon Republic," "Philippinitis," etc. He also wrote many magazine articles for Naval Institute Proceedings,

North American Review, Arena, World's Work, etc.
