## LARGE CROWDS ATTEND REVIVAL SERVICES SUNDAY

### Dr. H. Frederick Jones Delivers Two Strong Sermons, In Which Much Interest Is Manifested.

"Removing the Obstacles," will be the subject of tonight's sermon in the Memorial Baptist Church. Prof. Wolslagel, soloist and musical director, will render a special program, with the chorus singing, again being a feature.

Dr. Jones, on Sunday delivered two of the strongest sermons of the series of services on the subject, "One Escape," and "Jordan Is a Hard Road to Travel." The musical programs at both services were beautiful and in keeping with the subjects. Both services were largely attended with nearly one hundred people being turned away at the evening service, the church being filled to its fullest capacity.

In the afternoon, Mrs. H. M. Finch, of Rocky Mount, one of the state's greatest Christian workers, made a splendid talk on "Stewardship." Mrs. Finch is an attractive speaker and her talk was greatly enjoyed, and convinced her audience that God should be given those things which belong to Him. She emphasized the importance of tithing.

Much interest was manifested in all the services. At the morning hour two new members were added to the church, while in the evening service six or seven were added. Many asked for prayer.

The revival will continue through this week. Dr. Jones and Prof. Wolslagel are bringing wonderful messages, and great things are expected this week.

The public is cordially invited to attend the services. Come early and get a seat. Chairs will be provided and every effort possible will be made to seat every body.

### Seven Bodies Are Recovered From Ruins Of Hotel

Middletown, N. Y., Feb. 22.—(AP)—Seven bodies had been recovered at noon today from the ruins of Shindler Prairie House which was swept by fire early this morning. Because of the charred condition of the bodies only two were identified. They were waiters employed by the hotel. It was thought two more bodies were in the ruins of the hotel. 23 persons were under treatment at the Monticello hospital six miles away. Hospital authorities said several might die.

### Chief Of Police Oxford Commits Suicide Today

Oxford, Feb. 22.—(AP)—Chief of Police O. H. Hobgood, of Oxford, committed suicide here today. Chief Hobgood took his own life in the cemetery. The fatal shot entering his right temple. Chief Hobgood joined the Baptist Church last night. Poor health was believed by friends to have caused the suicide. He had been chief of police for twelve years.

## TODAY

(Copyright, 1925)

America By Daylight  
Here's A Real Trust  
Busy Chromosomes  
ARTHUR BRISBANE

Latest scientific statement concerning this universe, in which we are less than microbes, and the earth less than a grain of dust, startles you. Our sun, a million times as big as this earth is only a speck in what men have called "the universe," which contains endless millions of suns, some a million times bigger than ours. It's hard enough to think of such a universe as flat.

And now the wise Dr. Hubble, of Mt. Wilson Observatory, tells the California Institute of Technology that a million "universes," such as ours, are visible at horrible distances from this earth.

Examine an atom, and you find a central body around which revolve other bodies, as the planets revolve around our sun. Those electrons revolve around the nucleus billions of times in a second. Atoms, of which you could have millions in one corner of your eye, without noticing them are small solar systems.

Our sun and its planets constitute one atom in our universe. That universe, in turn, is one atom in the entire universe.

Where in that overwhelming space is the heaven to which we look forward and the other place that we dread?

Leaving this earth in a straight line, traveling at the speed of light, 186,000 miles a second, it would take you one hundred million years to get around this telescope maze of universes. No wonder it says in the Bible "in my father's house there are many mansions."

An Englishman has just flown from London to Cape Town, South Africa. Nearly nine thousand miles in ninety hours of flying. At the same rate, the New York to San Francisco, or Seattle trip would take about thirty hours—from New York to Chicago, less than ten hours. That speed will be doubled and non-stop flights from ocean to ocean will be made within twenty years. Live that long and you will eat your breakfast in Boston, and your dinner in San Diego lying across country by daylight.

### Gasoline Tank To Be Removed From City Property

High Point, Feb. 22.—(AP)—All gasoline tanks in High Point would be removed from the sidewalks and other city property, under provisions of a recommendation made to the city council by the City Planning and Zoning Commission.

The recommendation which is said to have come as a surprise to gasoline station proprietors, has frequently been discussed by members of the council, and it is said that a majority of that body has previously informally expressed the belief that some such action as that recommended should be taken.

### ONE KILLED, TWO ARE INJURED IN AUTO ACCIDENT

Rocky Mount, Feb. 22.—(AP)—E. G. Mitchell, of Fairmont, was instantly killed and Misses Mary Lee and Minnie Bryant, of Benson, were injured when their automobile was in collision with an Atlantic Coast Line train last night between Holt's Mill and Four Oaks.

Mitchell's body was sent from here today to his home for burial. The two young women were brought to the A. C. L. hospital here for treatment. It was said today that Miss Lee was not seriously injured but Miss Bryant was in a dangerous condition with a fractured thigh and shoulder and other injuries.

the old men that went away first when they heard the words, "Let him that is without sin among you, throw the first stone at her."

Washington authorities, by President Coolidge's order, of course, have closed the Mexican border between San Diego and the assorted dives of Tia Juana as six P. M. The daylight hours are not the best for dives, and the dive inhabitants are leaving.

Tia Juana owners of gambling houses and similar resorts, a majority of them United States citizens by the way, petition the President to cancel his six P. M. order. To that President Coolidge will turn a very cold Vermont ear.

### Great Britain plans one united electric service for power, light and all purposes. That will revolutionize British industry and make living cheaper. And this Government enterprise which our best minds would call "Socialism, Bolshevism and Anarchy" is backed by Baldwin, Britain's Tory Prime Minister, while liberal and labor parties declare that Baldwin is stealing their thunder.

Under the new plan one gigantic electric power trust will handle all electric current in Great Britain. And the Government is at work on a plan to harness the tide in the Severn river, one of the four highest tides in the world, capable of supplying power to Britain's six biggest cities.

Professor Raper tells the American Association for advancement of science that "viewed from the sex angle" there are no one hundred per cent men or women. The sex of the human race is "primarily determined by the chromosome content of the egg shell."

With complete respect from Professor Raper, after inspecting the Parisian and American divorce court news, you think those egg cells have done well enough, from the days of Mrs. Potiphar to these modern days.

The British are annoyed, with good reason, that this country should judge, offend, and deport Countess Cathcart, a Briton, because we object to her having eloped some years ago with a man to whom she was not married.

Our Government's action is extremely silly, and the British would be justified if they retaliated by deporting or otherwise humiliating some of our get-divorced-quick ladies, returning from Paris via London.

This highly virtuous Government before making itself ridiculous, should read that part of the New Testament which tells the story of

## BOY SCOUTS OF WINTERVILLE IN SPLENDID MEET

### Session Featured By Passing Of Tenderfoot Tests And Formation Of Temporary Patrols.

The meeting of the Winterville Boy Scout troop held Saturday night in the Winterville High School was featured by the passing of tenderfoot tests and the formation of temporary patrols.

The recently organized Winterville troop meets, under the leadership of Scoutmaster D. H. Monley and Assistant Scoutmaster John C. Wyatt. The troop committee is composed of Roy T. Cox, Cham. A. D. McLawhorn, R. E. Davenport and John R. Carroll. The troop is sponsored by the Berean Class of the Winterville Baptist Church but membership in the troop is open to boys of every denomination.

Members of the troop who have registered as tenderfoot scouts are: Edwin Cannon, Rufus H. Forrest, Wm. Johnson, Albert D. Jones, Bruce McLawhorn, Elwood W. McLawhorn, Perry McLawhorn, Herman Nobles, and Ray Oglesby.

### Wreckage of Express Train Jumps Track at Curve

Wreckage of express train No. 19 on the Lehigh Valley railroad which jumped the icy tracks on a curve on Ashley Mountain near Newport Station, Pa. The engineer was killed and four of the train crew injured. The engine is buried beneath the overturned car on the right.

### Contention That Volstead Act Has Proved Failure Provides Keynote Of "Face The Facts" Conference.

Washington, Feb. 22.—(AP)—A new bombardment was directed at prohibition today and mingled with the fire of general criticism were demands for repeal or modification of the 18 Amendment.

The guns were trained from the luncheon table set by the Association against the prohibition amendment for its second "Face The Facts" conference. The contention that six years of prohibition under the Volstead Act has proved a failure, provided the keynote of the meeting coupled with the demand that light wine and beer be legalized.

Addresses by a number of persons prominent in and out of Congress, supplied the ammunition for the onslaught on prohibition which they described as "criminal and indefensibly stupid," despicable mockery and hypocrisy" and as making a "crime of what most people do not even regard a sin."

Describing himself as "one who has spent the better part of seven years of his life to bring about sanity and rationality in the matter of law enforcement," General E. I. Edwards, Democrat of N. J., declared in an address that the "despicable mockery and hypocrisy of prohibition enforcement has become a stench in the nostrils of right living and right thinking people."

"Whether we will it or not," he added, "facts—cold, hard, indisputable facts—must be faced if America is to maintain the respect and regard of her citizens."

### Two Capitol Offices Observe Holiday Today

Raleigh, Feb. 22.—(AP)—George Washington's birthday finds all of the Capitol offices open except those of the Treasury and Auditor. Under the ruling of the Salary and Wage Commission, today is an elective holiday. If it is observed well and good, if not observed then a day is added to the week's vacation allowed every employee during the summer.

The Attorney General ruled Saturday that the Salary and Wage Commission has the power to limit the vacation period to one week and to add a day to the vacation of every individual who works on any of the five holidays set aside by the General Assembly, but not recognized by the Salary and Wage Commission.

### Survey Be Made Ascertain Number Women In Industry

Raleigh, Feb. 22.—(AP)—C. P. Barringer, President of the State Federation of Labor announced he would today ask Governor McLean to have a survey made in North Carolina of women in industry and particularly the Textile industry.

English courts are trying to decide when a man is drunk. It is a staggering question.—Fayetteville Observer.

## Express Train Jumps Track at Curve

Wreckage of express train No. 19 on the Lehigh Valley railroad which jumped the icy tracks on a curve on Ashley Mountain near Newport Station, Pa. The engineer was killed and four of the train crew injured. The engine is buried beneath the overturned car on the right.

## BOMBARDMENT DIRECTED TODAY AT PROHIBITION

## VOTES TO REPEAL INHERITANCE TAX Will Eventually Mean The Loss Of \$85,000,000 In Revenue From Taxes Already Assessed On States.

Washington, Feb. 22.—(AP)—With a fight brewing in the House against the provision of the compromise revenue bill for a retroactive cut in the inheritance tax, Chairman Greene, of the Ways and Means Committee, has warned that an increase in taxes may be necessary at the end of the year. Nevertheless the \$387,000,000 tax reduction measure agreed to by conferees of the House and Senate will be taken up tomorrow in the lower chamber with leaders confident of its prompt ratification.

Mr. Green, who headed the House conferees, declared last night that if an increase is necessary full responsibility rests with the Senate.

The Senate voted to repeal the inheritance tax and to make the retroactive cut in the tax where by the increased rates voted in 1924 would be eliminated in favor of the lower rates effective in the 1924 act.

House conferees obtained the restoration to the bill of the inheritance tax, but against the wishes of Mr. Greene were forced to yield, which will mean the eventual loss of \$85,000,000 in revenue from taxes already assessed on estates during the period in which the increased rates were effective.

## ONE KILLED, TWO ARE INJURED IN AUTO ACCIDENT

Rocky Mount, Feb. 22.—(AP)—E. G. Mitchell, of Fairmont, was instantly killed and Misses Mary Lee and Minnie Bryant, of Benson, were injured when their automobile was in collision with an Atlantic Coast Line train last night between Holt's Mill and Four Oaks.

Mitchell's body was sent from here today to his home for burial. The two young women were brought to the A. C. L. hospital here for treatment. It was said today that Miss Lee was not seriously injured but Miss Bryant was in a dangerous condition with a fractured thigh and shoulder and other injuries.

## Two Capitol Offices Observe Holiday Today

Raleigh, Feb. 22.—(AP)—George Washington's birthday finds all of the Capitol offices open except those of the Treasury and Auditor. Under the ruling of the Salary and Wage Commission, today is an elective holiday. If it is observed well and good, if not observed then a day is added to the week's vacation allowed every employee during the summer.

The Attorney General ruled Saturday that the Salary and Wage Commission has the power to limit the vacation period to one week and to add a day to the vacation of every individual who works on any of the five holidays set aside by the General Assembly, but not recognized by the Salary and Wage Commission.

## GRENVILLE GIRLS TO MEET WASHINGTON GIRLS ON LOCAL COURT IN FIRST OF THE CHAMPIONSHIP SERIES.

The first game of the girls' championship series will be played tomorrow night on the local court with Washington. Championship games are usually played on a neutral court, but owing to the fact that Washington has not yet returned our game of this season, it was decided that the game should be played in Greenville.

This places us under a heavy responsibility. We want to show Washington the finest spirit possible, and we want them to realize that we are back of our teams.

The game will be called at 8:00 o'clock.

## Supreme Court To Hear Appeals Fifth District, March 22

Raleigh, Feb. 22.—(AP)—Appeals from the Fifth District will be argued before the Supreme Court the week of March 22. Following is the calendar for the week issued by the court:

State vs. E. V. Jones.  
State vs. J. L. Horne.  
E. H. Lee vs. Charitable Brotherhood.  
E. N. Howard vs. John Hinson.  
D. H. Willis vs. City of New Bern.  
G. B. Overton vs. W. H. Highsmith.  
Dr. Carnegie vs. Jos. Perkins.  
F. S. Royster Guana Co. vs. J. R. Manning.  
F. L. Potts vs. R. J. Cobb.  
N. W. Hardison vs. Norfolk Southern R. R.  
Albert Fulcher vs. Pine Lumber Co.  
Monger and Bennett vs. East Carolina Lumber Co.  
Leslie Avery vs. Ada T. Bradley.  
J. Q. Adams vs. Fred Wilson.  
W. C. Ernul vs. Rosa Ernul.  
W. J. Swan vs. E. E. Martin.

Higg. Taft Furniture Co. vs. J. G. Clark.  
Town of Greenville vs. G. T. Mumford.  
F. E. Randolph vs. Sam Edgewood.  
R. H. Lee vs. E. E. Martin.  
T. H. Bowen vs. L. F. Worthington.  
Greenville Banking and Trust Co. vs. Mrs. J. W. Leggett.  
Annie Smith vs. Board of Education of Pitt County.

## Pres. Coolidge Back At Desk

Washington, Feb. 22.—(AP)—President Coolidge was back at his desk today practically recovered from the cold which laid him up for several days last week. Although Government Departments were closed for Washington's Birthday, the President went to his office at the usual hour and immediately plunged into consideration of business that had accumulated during his absence.

## Survey Be Made Ascertain Number Women In Industry

Raleigh, Feb. 22.—(AP)—C. P. Barringer, President of the State Federation of Labor announced he would today ask Governor McLean to have a survey made in North Carolina of women in industry and particularly the Textile industry.

## Greenville Highs Defeat Kinston

Friday night the boys journeyed to Kinston where they staged an eleventh hour comeback and won from Kinston High by a score of 32 to 40.

As the boys foregathered in the Kinston court they seemed rather spiritless. Perhaps they were thinking of the game last Thursday. When the ball was tossed Kinston started with a dash that seemed to overwhelm the Greenville boys. But for two quarters the game ran nip and tuck till near the close of the half when Greenville emerged with 20 points to Kinston's 17. Kinston seemed not to have found the Greenville nut so hard to crack as they had thought and came back in the third quarter to even up the score at 23 and then to take a two-point lead. This lead lasted but few seconds. Then the Greenville fighting machine got to work and caged fifteen points while their opponents scored seven. In the last eight minutes Greenville was playing in something like the old form which makes them one of the greatest teams in this part of the state.

Kinston fought hard but had to take their shots long and consequently few. They showed a lively spirit throughout the game and played consistently. They seemed to see a chance to win and were quite reluctant to give it up, their guarding being so close that Spears, left guard, was put out in the last quarter on personals.

West led in points scored by any individual for the game; having scored eight field goals and four free throws for a total of 20 points. Brown followed with 14 points scored by caging six field goals and two free throws. Forbes scored two goals from the field and Curry one.

Nicholson was high scorer for Kinston with 15 points followed by Fowler with 11 points. Hemby of Kinston, scored three field goals. Greenville has lost one game this season and has won nine. The boys are keen for another try at Maysville either here or on a neutral court. When they work together they are hard to beat.

The boys play Ayden Seminary in Ayden next Tuesday night and at the same time the girls play Washington here in the first of the girls' championship series. Well, let's go.

dog to criticize.—Mobile News-Item  
There is no substitute as good as the original. Ask the man with a wooden leg.—Fayetteville Observer.

## Favorable Report Made On Anti-Lynching Bill

Washington, Feb. 22.—(AP)—A favorable report on the anti-lynching bill of Senator McKinley, Republican of Illinois, was made today by the Senate Judiciary sub committee which held the hearing on the measure. The entire committee will consider it later with the prospect of sharp opposition.

## First Game Of Tournament Be Played Friday

Atlanta, Ga., Feb. 22.—(AP)—North Carolina State and Alabama Polytechnic Institute (Auburn) will meet in the first game of the annual southern basketball tournament here next Friday afternoon at one o'clock. On the same day the University of North Carolina and Clemson College will clash at five o'clock.

## NATIONAL EDUCATION ASSOCIATION MEETS

Washington, Feb. 22.—(AP)— build a new headquarters here as Educators from all parts of the Temple of Education, and that country assembled here today at the delegates impress upon the sessions of the National Education Association and to hear the Federal Department of Education awaited discussion by the convention.

The nearly 6,000 visitors were drawn to a score of meetings of member groups of the Association arranged for the opening day preliminary to the general session. Numbers of questions, including the proposal that the association

## SHARP INCREASE TRAFFIC DEATHS SOUTH LAST WEEK

### Survey Shows That 48 Persons Were Killed And 228 Injured In Southern States.

A sharp increase in the number of traffic deaths in the southern states in the week just closed over the preceding week, was noted today in a survey conducted by the Associated Press. The survey showed that 48 persons had been killed against 35 in the week which ended February 14th. There were 228 persons injured.

Florida leaped way into the lead with 15 deaths; North Carolina being her nearest competitor with ten killed. South Carolina, Mississippi, and Arkansas tied at the bottom of the list with one each dead. Florida also had in the number of injured with 60.

### Washington - Greenville Rotary Clubs To Sponsor Event As Part Of International Boy's Week Program

Announcement was made today that the annual Washington - Greenville Relay Race will be held Tuesday, May 4. The race is sponsored jointly by the Rotary Clubs of Washington and Greenville as part of the International Boys' Week program.

This race which is run by school boys of the two cities requires perhaps, as many contestants as any inter-school event in the country as each school is represented by a team of ninety-two members. The race this year will start at the Beaufort County Court House and will be run over State Highway 91 ending at the Pitt County Court House. Each contestant will run a quarter of a mile and will carry a message from the Mayor of Washington to the Mayor of Greenville.

Last year the first inter-city race was held and was won by the Washington team, their time being 1 hour and 50 minutes for the 23 miles. The Greenville team was beaten by about three minutes, but the local boys are determined that they will carry away the honors this year and will lower last year's time by several minutes.

### Not a Divorce Given In Yadkin County In 1925

Winston Salem, Feb. 22.—(IN8) Yadkin county, North Carolina, possesses the most unique record of the year 1925, according to the report of J. L. Crater, clerk of the Yadkin county court, made to the census bureau at Washington. There was not a single divorce granted in Yadkin county during 1925. This is regarded as unusual, as this county holds four courts each year in this age of relatively easy divorce. The Register of Deeds reports that during this same period, 157 marriage licenses were issued in the county.

### Favorable Report Made On Anti-Lynching Bill

Washington, Feb. 22.—(AP)—A favorable report on the anti-lynching bill of Senator McKinley, Republican of Illinois, was made today by the Senate Judiciary sub committee which held the hearing on the measure. The entire committee will consider it later with the prospect of sharp opposition.

sons, who combined in their remarkable personalities all of those high attributes of character that are or should be, inculcated in American manhood. It is for the rising generation to justify the faith of Washington and Lincoln in this nation and to repay, in a degree at least, the full measure of devotion that was willingly and unselfishly given by these noble characters.

**Daily News Letter**  
 Gossip of Staff Correspondents at World Centers of Population.

By F. A. WRAY  
 INS Staff Correspondent  
 London, Feb. 22.—Is Britain going to pay for education or pay for war? This is one of the most embarrassing questions facing the British Government.  
 Estimates for education are being reduced yearly. Expenditure on armaments is being yearly increased. In the face of this, Premier Baldwin has asserted in a speech made at Stirling, Scotland, that it is "fantastic rubbish" to say that attempts are being made to starve the intellectual growth of children in order to spend money on armaments.  
 Unfortunately for Baldwin, official figures do not agree with his assertion.

Most people refuse to believe that the belief in witchcraft is still prevalent in England. An actual case has just occurred in Glastenbury.  
 Albert Marsh, aged 77, summoned George Wilkins to the police court for bewitching him. He also summoned Mrs. Wilkins for assault.  
 The complaint of Marsh against Wilkins was that his clock ticked three times as loud as usual and stopped every night, although he always wound it up.  
 "Wilkins came to me" he added, "as a witch while I sat by the fire, but only his head and beard was visible. I spat at him and he disappeared in a ball of smoke. Mrs. Wilkins tried to kill me by beating me with a cushion."  
 Both summonses were dismissed. This is no isolated case. The belief is prevalent throughout the remoter country parts of England, particularly in the North Midlands. In such villages as Tipton, Wednesbury, Ocker Hill, Bilston in Staffordshire strong convictions men and women state with conviction that they fear the power of the evil eye, and credit certain persons with supernatural powers.

"Lenda Est Lingua Latina."  
 Labor members of the Willesden (London) Council have asked that the use of Latin words and phrases, such as  
 Vide Prima Facie,  
 Locum tenens Ultra Vires,  
 Locus in quo Nem. Con.  
 Shall be discontinued on the Council agenda.  
 One of the Labor Councilors, who is a Master of Arts, said that the chief objection was that these phrases, were often misspelled and misspelled.  
 The United States will probably see this year the new ocean-going yacht which the multi-millionaire Duke of Westminster, who was recently divorced from his second wife, is having built to supersede his famous Flying Cloud.  
 The Flying Cloud was one of the finest cruisers of her day, but has since been rivalled by several American yachts. The new one is being equipped with every possible luxury, including Roman baths similar to those installed in the Duke's suite at the Savoy. She will carry a French chef of international fame, and it is being said that even her Captain will have to bear a title.  
**SALE OF LAND UNDER MORTGAGE**

**NOTICE OF SALE OF VALUABLE FARM PROPERTY**  
 Under and by virtue of the power of sale, contained in that certain Deed of Trust executed by John Short, Elizabeth Short, Maggie Short, Lewis Short, Laura Short, Simon Short, Samuel Short, Addie Short and Ada Short to M. K. Blount, Trustee, under date of September 28th, 1923, of record in Book B-15, page 461 of the public registry of Pitt County, and default having been made in the payment of the notes secured thereby, the undersigned Trustee will offer for sale for cash at public auction before the Court House door in Greenville, North Carolina, Tuesday, March 23, 1926 at 12 o'clock noon, the following described parcel of real estate, to-wit:  
 "In Greenville township, lying and being on the North side of Tar river, known as part of J. A. Thigpen land, bounded as follows—on the North by the main road leading from Greenville to Washington, or the East by the lands of Mrs. H. R. Johnson or the canal between them, on the South by Parker's run and bounded on the west by Parker's run and the lands of Henry Tripp, containing 250 acres.  
 This the 20th day of February, 1926.  
 M. K. BLOUNT, Trustee.  
 22-1tw-4wks.

**APPLICATION FOR PARDON OF DANIEL LOCKAMY**  
 Notice is hereby given that application will be made to the Commissioner of Pardons and the Governor of North Carolina for the Pardon of Daniel Lockamy, convicted at the August term of the Superior Court of Pitt County for the crime of manufacturing whiskey, and sentenced to the county roads for a term of twelve months.  
 All persons who oppose the granting of said pardon are invited to forward their protests to the Commissioner of Pardons without delay.  
 This the 22nd day of February, 1926.  
 J. C. LANIER, Atty.  
 22-1tw-4wks.

**SALE OF REAL ESTATE**  
 By virtue of power vested in the undersigned by that certain Deed of Trust executed by W. A. Mills and wife to Albion Dunn of the 20th day of February, 1920, and recorded in the office of the Register of Deeds for Pitt County, in Book Q-13 at page 162, and that certain mortgage executed by R. M. Williams and wife to W. A. Mills on the 20th day of February, 1921, and recorded in the office of the Register of Deeds for Pitt County in Book Y-13, at page 514, the undersigned shall offer for sale, at public auction, to the highest bidder for cash, at the Court House Door, in the Town of Greenville, on Thursday, the 25th day of March, 1926, at 12 o'clock noon, the following described parcels of real estate, lying, being, and situate in the County of Pitt, and State of North Carolina, to-wit:  
 First Parcel: Beginning at the corner of Lot No. 3 in the line of Lot No. 2, a stake and ditch, and runs thence with said ditch to the corner of Lots Nos. 2, 5, and 6; then North 80° West 48 poles to a stake in a ditch; thence down said ditch to another ditch; then with said ditch to the main canal in Frank's Branch; then down said canal South 60° East 6 poles; then South 21° West 33 poles to a stake on said canal, it being the second corner of Lot No. 3; then with the line of Lot No. 3 South 80° East 67 poles to the beginning, containing 10 1/2 acres, more or less, and being the share of the Washington Mills land which was allotted to W. A. Mills as appears by reference to the division of the lands of said Washington Mills, recorded in Book N-10, page 288.  
 Second Parcel: Beginning at a stake, H. H. Mills corner on a ditch then with H. H. Mills line North 85 1/2° East 29 2/5 poles to a stake; second corner of Lot No. 1; then with the line of Lot No. 1 S. 91 1/2° E 47 poles to a stake, another corner of Lot No. 1; then with H. H. Mills' line South 83 1/2° West 20 2/5 poles to a lightwood stump, H. H. Mills corner and also the beginning corner of Lot No. 5; then North 81° West 8 poles to the end of the ditch; then down said ditch West 112 1/2 poles to another ditch, corner of Lots 4, 5 and 6; then down said ditch with the line of Lots Nos. 3 and 4 to H. H. Mills corner, at the mouth of a small ditch; then Eastwardly up said ditch to the beginning, containing 11 1/2 acres.  
 Third Parcel: Adjoining the lands of Fannie Gaskins on the North, Naby Mills, on the East, L. H. Mills on the South and Henry H. Mills on the West, containing 21 acres, more or less, and being the same land which was descended to said W. A. Mills from his mother, Elizabeth Mills. For full description of said land reference is hereby made to the division of the lands of Elizabeth Mills, which is recorded in the office of the Clerk of the Superior Court of Pitt County, N. C., in Book 3, at page 30.  
 This February 19th, 1926.  
 ALBION DUNN, Trustee.  
 W. A. MILLS, Mortgagee.

**How She Gained 10 Pounds In 22 Days**  
 Skinny Men and Do the Same  
 This going some—but skinny men, women and children just can't help putting on good, healthy flesh when they take McCoy's Oil Compound Tablets.  
 As chock full of vitamins as the nutty, fleshy-tasting cod liver oil itself, but these sugar-coated, tasteless tablets are as easy to take as candy, and won't upset the stomach.  
 One woman gained ten pounds in twenty-two days. 60 tablets, 60 cents. Ask Denton Drug Company or any druggist for McCoy's Cod Liver Oil Compound Tablets and if you don't gain at least 5 pounds in 30 days, your druggist is authorized to hand you back the money you paid for them.  
 "Get McCoy's, the original and genuine, and avoid imitations."

**State of North Carolina, County of Pitt,**  
**TO THE TAX PAYERS OF PITT COUNTY**  
 You have made for yourselves a record as having paid taxes more promptly than the tax payers of any other county in the state... Dr. Brooks stated in the papers of the state last summer that Pitt County was the best governed county in the state, and that in his opinion the other counties would profit by instituting the same system. We are all real anxious to keep up the record we have made for ourselves. As sheriff I am unable to do so without your cooperation. Kindly see that your 1925 taxes are paid at once and save me the embarrassment of having to levy on your personal property. Thanking you for the courtesy of your attention, I am,  
 Very truly yours,  
**A. C. Jackson**

**Supremacy Maintained through Features which Established Ford Leadership**

**Left-Hand Drive—** Originally introduced by Henry Ford on the Model T car in 1908 and since adopted for most American-made cars.

**Multiple Disc-in-oil Clutch—** The multipledisc clutch is generally conceded to be the best and smoothest type for any car. The Ford clutch runs in oil.

**Three Point Motor Suspension—** First used by Henry Ford in 1903, and a feature of the Model T power plant for eighteen years.

**Dual Ignition System—** Dual ignition is provided for Ford cars, (1) the Ford magneto and (2) the generator and storage battery. This has been a great factor in establishing the Ford reputation for reliability.

**Planetary Transmission—** Costs more to build than the conventional sliding gear type but gives better light car control.

**Thermo-Syphon Cooling System—** Extremely simple—always efficient. No water pump to require packing. Circulation of water is governed entirely by engine temperature.

**Simple, Dependable Lubrication—** Exceedingly simple, combining the splash principle with gravity flow. No pump required.

**Torque Tube Drive—** Henry Ford originated the Torque Tube in 1908—a driving principle now embodied in many of the highest priced cars.

*"We have never lowered the quality of the car to reduce the price"*

**ANNOUNCEMENT**  
 I wish to announce to my friends, and to the general voting public, that I will be a candidate in the June Primary, for Solicitor of the Fifth Judicial District, subject to the wishes of the Democratic Party.  
 I will appreciate your support, and if elected pledge my best efforts in the faithful performance of the duties attached to this most important office.  
**JOHN HILL PAYLOR,**

N. A. Clark, of Chicod, was in the city today.

**RURAL SECTIONS OF FORSYTH COUNTY BE PUT SANITARY CONITION**

Winston-Salem, Feb. 22.—(AP)—The transformation of the rural sections of Forsyth county as to sanitary conditions within a period of two years is the program mapped out here by the county health department, which is under the direction of Dr. LeRoy Hage.

The department has been doing considerable work along this line during the past year, but that work is considered largely in the nature of an educational campaign, and the scope of the work is to be greatly enlarged during the next two years, it is announced.

The rural citizenship is becoming aroused to the fact that sanitation is just as important as the improvement of farm methods, beautification of the home, and observing health precautions.

**END OF CENTURY CLUB WILL MEET TUESDAY AFTERNOON**

The End of the Century Club will meet Tuesday afternoon at 3:30 o'clock with Mrs. W. A. Bowen, on Fifth street.

**LITERATURE DEPT. OF WOMAN'S CLUB WILL MEET WEDNESDAY**

The Literature Department of the Woman's Club will meet Wednesday afternoon at 3:30 o'clock, instead of Tuesday. The meeting will be held at the home of Mrs. H. C. Sugg.

**DR. LAUGHINGHOUSE IN INTERESTING TALK ON "CHILD WELFARE"**

The Parent-Teachers Association held its regular meeting on Thursday, February 10. In the business session it was found that the picture, which is given each month to the room with the largest number of parents present, would go to the ninth-grade room. The fifth and sixth grades gave a splendid Washington-Lincoln program. Then, last but not least, Dr. Laughinghouse, of Greenville, gave a very interesting talk on "Child Welfare."

**LEAVE FOR NEW YORK**

Mrs. C. Heber Forbes and Mrs. J. Gilbert left Sunday for New York, where they will buy the latest ladies' ready-to-wear and millinery for C. Heber Forbes.

**ROUND TABLE TO MEET TUESDAY**

The Round Table Club will meet Tuesday afternoon at 3:30 o'clock with Miss Nellie Denny.

Minister: "So you saw some boys fishing on the Sabbath. Did you try to discourage them?"  
Small Boy: "Yes, sir, I stole their bait."

While you are away on a fishing trip, a business trip or just a holiday outing, burglars may break into your home or place of business and steal valuable property. Locks and bolts cannot keep them out, but a dependable burglary policy written by this agency of the Hartford Fire Insurance Company will give you absolute protection.

A large number of notaries public received commissions from the Governor's office during the past week. Among the list appeared the name of Mr. J. F. Arthur, of this city.

**ROTARY CLUB TO MEET THIS EVENING**

The regular meeting of the Rotary Club will be held at the Rotary Building this evening at 6:30 o'clock.

**MRS. GEORGE CLARK IN RICHMOND HOSPITAL**

Friends of Mrs. George Clark will regret to learn that she is in St. Luke's Hospital, Richmond, Va. Mr. Clark accompanied her and returned this morning.

**BROADCAST LIME FOR TOBACCO**

There are many good farmers who differ as to how lime should be applied to soils where tobacco is to be grown. I am sure that lime is a great factor in successful tobacco culture, which is now generally accepted by tobacco farmers, numbers of whom seem to wish to know the best method of application.

Lime is applied to soils first to sweeten the soil or to correct soil acidity; second to supply the lime deficiency necessary to supply plant and animal life; third to release phosphorus, nitrogen and potash present in the soils and to make the soil element, available for plants and through plants to animals.

For tobacco the raw ground magnesium lime is recommended because of the deficiency of magnesium in many soils, on which tobacco is grown, often causing considerable loss to the grower. Magnesium hunger, or sand-drown, as shown by whitish colored leaves or white or yellowish spots which appear about the time the plant begins to mature, which spots if they appear in great numbers cause considerable loss of leaf value, and is especially noticeable in the curing barn beginning to turn dark as the heat is applied in curing and often lose its color entirely while curing, and in many cases is almost a total loss to the grower. "An apple a day," it is said, "will keep the doctor away." If we accept this certainly an apple every other day will help. So will lime help the tobacco crop if applied in drills so that only a part of the root system have access to it, but may not suffice the needs of the plants as well as it would if applied broadcast over the entire soil.

**BEWARE THE COUGH OR COLD THAT HANGS ON**

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga., U.S.A.

fruit-bearing tree on a bleached sand field and note the fertility under the tree where the old root system is and the impoverished condition well out in the field and draw the conclusion.

J. L. HOLLIDAY,  
Phillips Fertilizer Co.  
Farm Demonstrator:

Again, as already said, the magnesium hunger is more noticeable when the plants are reaching the mature state. At that stage the plants are feeding from the entire soil. The old roots of course are carriers of plant food to the plants, but the supply of plant food is taken up by the tiny root hairs, out of the end of the roots which are then feeding from the entire soil in middle of rows and everywhere. For example, take a

**REPORTS SAY LEADER OF THE HUPEH ARMY BEEN ASSASSINATED**

Chinese newspapers today published a report coming from Kuo Minchin sources that Marshal Wu Pei Fu, leader of the Hupeh Army, which is fighting in National Army in Honan, has been assassinated.

Mr. and Mrs. Lamar Schuler, of Britol, Fla., who have been visiting Mrs. Schuler's aunt, Mrs. K. W. Cobb, left today for Little Rock, Ark.

**CONDITION OF MRS. H. FREDERICK JONES GREATLY IMPROVED**

**M. J. (JACK) MOYE**

**21 Superior Courts In Session During The Week**

Raleigh, Feb. 22.—(AP)—Superior Courts will be in session this week in 21 North Carolina counties. Ten new Superior Court terms opened this morning, and eleven terms begun previously will continue in session this week.

Terms open in Hertford, Greene, Robeson, Alamance, Rockingham, Mecklenburg, Cabarrus, Caldwell, Yadkin, and Madison counties. In Wilson county the special criminal term begun last Monday will continue in session, and regular terms previously begun will continue in Beaufort, Nash, Johnston, Lenoir, Franklin, Columbus, Davidson, Union, McDowell, and Jackson counties.

Due to exchanges, Judge H. P. Lane, of Reidsville, will hold the Rockingham term, while Judge J. L. Webb, of Shelby will go to Caldwell county; and Judge P. A. McElroy, of Marshall, and Judge W. F. Hardin, of Charlotte, being in exchange, Judge McElroy will preside over the Madison county term, with Judge Harding going to his home county of Mecklenburg, both judges thus being at home during the week.

The Caldwell mixed term will continue for two weeks. That in Rockingham county is also for two weeks, but it will be devoted exclusively to the civil docket. Judge McElroy will hold a one-week mixed term in Madison, and Judge Harding will hold a one-week criminal term in Meck-

lenburg. The Hertford term is for the trial of both civil and criminal cases, and will continue for only one week. Judge E. H. Cramer, of Southport, will preside.

In Greene county, Judge W. A. Devin, of Oxford, will hold a mixed term of two weeks.

Judge F. A. Daniels, of Goldsboro, will hold the Robeson term, of two weeks, to be devoted to the trial of civil cases only.

The Alamance criminal term is for a single week. Judge Romulus A. Nunn, of New Bern, will preside.

In Cabarrus, Judge T. D. Bryson, of Bryson City, will hold a one-week civil term.

Judge Thomas J. Shaw, of Greensboro, would have held the Yadkin term, but due to an exchange, that court will be held by Judge T. B. Finley, of North Wilkesboro. The term is for one week, to be devoted exclusively to the criminal docket.

**Establishes a Bicycle Record**

Melbourne, Australia, Feb. 22.—(AP)—Hubert Oppermann, the Australian bicyclist, yesterday rode ten miles, motor paced in nine minutes 30 seconds. This is claimed to be a record. The speed for one lap equalled 63 miles an hour.

**Says "Sniper" Has Been Captured**

Omaha, Neb., Feb. 22.—(AP)—The World Herald was informed today that a man admitting

that he is the "sniper" who shot and killed Dr. A. D. Searles, aged physician, last week and probably fatally wounded Ross Johnson, has been captured at Bartlett, Iowa, 40 miles east of here.

**Dowell Bill Is Reported To House**

Washington, Feb. 22.—(AP)—The Dowell Bill authorizing expenditure of \$165,000,000 in the next two years for Federal aid in road construction was reported to the House today by the Roads Committee.

**Reynolds Announces Candidacy Succeed Senator Overman**

Raleigh, Feb. 22.—(AP)—Stating that "The Democracy of North Carolina, if it sees fit, may take my measure," but "I can take a licking if I have to," Robert R. Reynolds, Asheville attorney, announced his candidacy for the United States Senate to succeed Senator Lee S. Overman.

**American Films In Long Stride World Favor**

Foreign Countries Took Big 1925 Increase in United States Picture Plays; Big Increase Over Year Previous Shows Growing Popularity of Our Films.

Washington, Feb. 20.—American moving pictures took a long stride in capturing the world's fancy in 1925, when 225,347,342 feet of picture plays were exported to foreign countries.

Compared to 1924, a gain of 55,000,000 feet was made. While the export value of the product was given as \$6,787,000, Department of Commerce officials said that the actual return from film rentals was approximately \$75,000,000.

In virtually every European city American movie plays are more popular than the home product. Throughout Latin America the American movie is extensively advertised and in spite of a strong effort at competition, the foreign makers have little success in displaying the plays from the United States.

Officials attributed the popularity of the American product to the perfection of detail and to the transfer of real life conditions upon the screen, an accomplishment that has never been successfully copied by the foreign producers.

Europe took over 86,000,000 feet of film plays last year, 26,000,000 feet more than in 1924. Latin American countries, which in 1924 bought about 47,500,000 feet of film, increased their purchases to 63,500,000 feet.

Even in the Far East the American film has established a tremendous popularity, that territory taking 53,500,000 feet in 1925, compared to 45,000,000 in 1924.

Figures for Africa and the Near East have not been completed by the Department of Commerce.

"With regard to individual markets," the department announced, "the United Kingdom continues to lead as in the past. Figures show a gain of over ten million feet over 1924."

"Australia took 24,500,000 feet and displaced Canada for second place. Canada in third place bought 23,000,000 feet of film last year, with a gain of 4,000,000 over 1924."

"One of the most startling gains recorded was the 20,000,000 feet total from Argentina, an increase of over 7,000,000 from 1924, placing this South American country in fourth place."

"The next five markets in order were Brazil, Japan, Mexico, Germany and the Straits Settlements."

**NEGRO IN AFRICA SEEKS BETTER FOOD AND SCHOOLS BRITISH REPORT SHOWS**

By CHARLES A. SMITH, INS Staff Correspondent.

London, Feb. 20.—The dusky African savage, as beloved by the writers of the world's best sellers, is now no more. The African negro of today is a semi-cultured, hard-working, and law abiding citizen, and no longer does he abduct white men and women steal other peoples' cattle, and generally make war on civilization.

This was revealed today in a report published by the British Government on behalf of the local government of Kenya Colony, a British West African possession, showing the changes which have taken place in the conditions of life in those parts during recent years.

"All the people, men and women, ape the white man," says the report. "One of the results of this is the increased demand for a meat diet and for education, especially, in the latter case, by the

women. Numerous requests have been made for the establishment of schools."

**BRITISH BANKERS IDLE ON WHAT ARE LUXURIES FOR ORDINARY PEOPLE**

By F. A. WRAY, INS Staff Correspondent

London, Feb. 20.—Is the world spending too much or too little? Two of the most eminent British bankers, Sir Felix Schuster, chairman of the National Provincial Bank, and Walter Leaf, chairman of the Westminster Bank, differ profoundly on the point.

"I think the general standard of expenditure among all classes is far too high," said Schuster, addressing his stockholders. "It is no use for the private individual to cry for public economy and the lightening of taxation so that he can spend more."

"What are described as necessities are often mere luxuries." On the other hand, Dr. Walter Leaf took the view that owing to the general improvement in the standard of living among the workers, the general spending power of the community has been materially enhanced to the general benefit of trade.

**TRY OUR WANT ADS**

**LIBRARY NEWS**

Our Slogan: Let the Library Serve Greenville

Library hours are from 2 to 6 p. m., and 7 to 9:30 p. m.

Most popular books of the week: Fiction—"Keeper of the Bees," "Vanishing American," "Perennial Bachelor," "A Brush That Burned," and "Dreams."

Non-Fiction—Biographs of Washington and Lincoln held first place. "The World Court," by Bustamante, has been a worthwhile investment for students who are working on that topic as term papers. Another book that we are pleased to announce as becoming more and more popular is Barton's "The Man Nobody Knows," which is a series of thoughts about the life of Christ with a viewpoint that is different from the average thinker. We hope to have a review and criticism given about this book in the next few weeks.

We are glad for the year's subscription to "World Call," the missionary magazine of the Christian Church. This makes sixteen magazines for the library, but we have only two dailies, The Evening Reflector, and Your Librarian places a copy of the Chicago Daily Tribune on the table each day. We need more state dailies and would be most grateful if some individual, firm, or club would subscribe for the North Carolina dailies.

Miss Mary Flournoy of the State Commission will be here this week to continue work of

cataloging that was begun during her first visit here in December. In view of this work we urge that all overdue books be brought to the library so when checking is begun we shall not have to make individual calls for books. We know where every book is for all books going out are checked with your name and this check card kept in the library so we always know who is responsible for the book, but please see that the books you have borrowed are brought back without the personal call for them.

**DOLLAR DAY Tomorrow Tuesday Feb. 23 Wonderful Bargains McKay-Washington & Co.**

**Tobacco Stems For Sale Good Fertilizer Properties**

We offer 200 tons of Tobacco Stems at \$10.00 per ton less 10 per cent for cash. These stems are cut into small pieces of from one-fourth to one inch in size in order to make broadcasting or drilling easier. The state chemist gives the following analysis on these stems:

Per Cent Nitrogen	1.14
Equivalent to Ammonia	1.39
Per Cent Potash	5.55
Per Cent Potash Water Soluble	4.48

They are highly recommended as fertilizer for any lands deficient in organic matter.
