VAN DYKE FOUND GUILTY SECOND DEGREE MURDER

Slayer Of Cherryville Chief Of Police Sentenced To Serve Long Prison Term.

Gastonia, March 12.—(AP)—Jesse Van Dyke, 25, meat cutter, of Cherryville, this morning was sentenced to the state prison for not less than 15 years nor more than 20 years by Judge C. C. Lyon. The sentence followed a verdict returned last night of manslaughter in connection with the death of Chief of Police Painter, of Cherryville.

The defendant did not appear disturbed when sentence was pronounced, but his pretty 19 year old wife could not keep the tears back.

"This was one of the most pitiful cases I have ever tried," asserted Judge Lyon, who has been on the superior court bench for 19 years. "The deceased was a good man, serving his people in the discharge of his duty. The defendant was a boy of good character all through his life with the exception of drunkenness. Crimes of this kind are occurring all over the state of North Carolina. They will continue so long as the people tolerate and are indifferent to the sale of liquor. The people are to blame. If they would support the officers and the court as good people should, crime would stop."

McCall Declares Practice Improper

Washington, March 12.—(AP)—The practice of paying transfer companies who tip off prohibition agents to illegal shipments for the cost of transportation out of Government funds has been declared improper by comptroller General McCall.

Information furnished as a legal duty, he ruled, as a matter of self protection does not supply a good consideration for an agreement to pay for such information. Calling attention to this procedure of prohibition agents, Mr. McCall wrote a letter to Secretary Mellon declaring the impropriety of making agreements for payments for such charges is manifest.

Because of technicalities of the present law, however, he allowed two claims for such payments made by prohibition agents but gave no notice that such agreements after March 1, would not be recognized.

Permanent Seat Council Only Satisfy Spain

Geneva, March 12.—(AP)—It is learned from an authoritative source that Spain has definitely decided to resign from the League of Nations unless she is given a permanent seat in the council.

From the same source it is learned that Spain has informed Sweden that because of Sweden's unfriendly attitude in connection with the Spanish candidacy for a permanent seat, Spain is thinking of breaking off the pending negotiations for a commercial treaty with Sweden. This development created an enormous sensation in diplomatic circles where it became known today. Some diplomats characterized it as unfortunate and harmful to the Spanish cause to bring into the league affairs a menace affecting relations outside the scope of the league.

Spanish circles, however, declared the initiative was justified adding that in view of Foreign Minister Unden's attitude toward Spain the Madrid government would not care to transform the existing modus vivendi between the two countries into a regular treaty of commerce.

It All Comes Back,
Conspicuous God News,
Eat Soap, Mineral Salts,
Beer Less Violent.
By ARTHUR BRISBANE

One hundred thousand New York building trades workers will get what they ask, \$1 to \$2 a day increase. This will add \$75,000,000 a year to the \$225,000,000 already paid those wage-earners.

Conservative capital will weep for a little while saying, "the nation is going to the dogs." Later conservative capital will find that all the money is coming back to its coffers.

Masons, plasterers, bricklayers, carpenters spend what they get. Some day big men will learn that all the money they can ever get is money spent by little men.

Bad news is conspicuous, good news not. For instance, the navy perfect a torch used under water, despite the intense pressure of great depths.

It's an interesting torch, with three sheaves meeting at a point. From the three sheaves acetylene gas, hydrogen gas and compressed air burst forth. An air bulb protects the fire under pressure and the torch, developing under water a temperature of 5,000 degrees, will burn holes in the steel sides of sunken submarines and other ships—making it possible to pump in air and raise them to the surface.

That is at least as romantic and interesting as a hijacker crime and more important.

Lady Fischer, having lived on fruit juices and vegetable extracts for forty-two days, breaks her "fast" and takes milk. The diet, it is not a fast, has done her good, improving her complexion, preserving her strength.

From vegetables boiled to a liquid, she got the mineral salts absolutely essential to health. Give one rat nothing but water, give another rat water, and unlimited quantities of food, from which all mineral salts have been extracted; the rat eating food will die before the rat only taking water.

Food without mineral salts is food without nourishment.

That is why soap that includes boiled vegetables is so important. The best part of vegetables is boiled out in many households, and thrown away. In soup it is preserved. "Eat good soup once a day."

Jeremiah Sheehan drank bootleg whiskey; then, it is said, threw his three-year-old daughter into a hot-hot stove. The child, in the hospital, will probably recover. The father is in jail, and Magistrate Dale, who sent him, said: "Were there breweries on every block today, this would not have happened."

That depends. If the breweries owned the saloons and sold whiskey to make too many saloons profitable, as in old days, it might have happened. But if that little girl's father had drunk beer instead of whiskey, it would not have happened to her.

Richard Padgett scientist, shows an instrument that talks. It says hello, London, are you there? and "Pia I love you." Science lets us talk across the continent or lying in bed, hear the President making his speech in Washington. Now appears a machine that may save us the trouble of talking.

Man's hardest work is done by pushing a button, which button starts the steam shovel or steamship.

Zangwill wrote long ago, "The Napoleon of the future will be an epileptic chess player, carried about the field of battle on an air cushion."

Let's hope that will never come, but inventors are doing what they can to bring it about.

Gradually flyers will conquer the oceans. Airplanes will take passengers from Paris and Dakar in French Africa. Flying passengers will transfer there to surface ships for South America, and make the trip in one-half the usual time.

Before your baby goes to college flying across the ocean will be as commonplace as traveling by automobile. Then what? Talking to other plants, perhaps.

DEFICIT GENERAL FUND OF STATE SHOWS INCREASE

Increased During February By Nearly \$155,000, According To Compiled State- ment.

Raleigh, March 12.—(AP)—The deficit in the general fund of the state treasury increased during the 28 days of February by nearly \$155,000, a compiled statement of the state treasurer and auditor for the month of February made public at the governor's office shows.

The deficit or cash overdraft, as the statement terms it, was \$1,083,384.26 on January 31. It had increased to \$1,238,087.15 on February 28.

February receipts were \$993,267.52 and disbursements for the month totaled \$1,147,970.41, leaving an overdraft for the month of \$154,702.89 to be added to the deficit of \$1,083,384.26 with which February began.

The financial statement shows a cash balance in the highway and other special funds of \$12,149,888.12. The fund had a balance the first of February of \$8,907,480.74.

Receipts for the month were \$11,304,455.62 of which \$10,300,000 was borrowed. The state's debt on February 28th was \$194,068,600. Of this amount \$10,303,000 is current and \$123,765,600 is funded.

Reed Seeks Place On The I. C. C. For Pa.

Pittsburgh, March 12.—(INS)—U. S. Senator David A. Reed, leader of the fight in Congress for Pennsylvania's representation on the Interstate Commerce Commission, will withdraw from the controversy long enough to tour the bituminous coal region in the interest of lower freight rates, according to word received here.

A reduction in freight rates of coke from southwestern Pennsylvania to lake and tide water ports is urgently needed, leading coke producers say, because of the decreased demand for coke following settlement of the anthracite strike. Pennsylvania's fight for a representative on the Interstate Commerce Commission is based on the fact that this state contributes almost one third of the freight business of the entire country, yet it has never been represented on the regulatory body.

This led Senator Reed to oppose confirmation of Thomas F. Woodlock, endorsed by President Coolidge for the latest vacancy in the Commission.

Merit Badges Awarded First Class Scouts

Eight Merit Badges were awarded to First Class Scouts in a short but interesting meeting of the local Court of Honor held in the county board of education office yesterday afternoon. The meeting was led by R. G. Fitzgerald, chairman, assisted by Messrs. K. T. Futrell, Jas. A. Keech and J. H. Wilcox.

Edward Thomas was awarded badges in poultry keeping and gardening; Edmund Taft, first aid, handicraft; Zack Van Dyke, poultry keeping, camping; Murray House, cooking, first aid.

Local men who gave valuable aid in making the Court of Honor a success by acting as examiners include Drs. W. I. Wooten, Chas. O'H. Laughinghouse and C. L. Outland, Messrs. R. B. Reeves, J. D. Crater and parents of the individual scouts.

Seattle's New Mayor

SCIENTISTS FAIL IN SEARCH FOR HOME OF STATIC

Tests Said To Prove That Atmospherics Show No Respect For Localities.

Evanston, Ill., March 12.—(INS)—"The Medicine Hat of radio weather," the source of static and the favorite playground of fading and kindred phenomena, so far has not been located, despite the fact that hundreds of reports have been received from observers in the survey recently conducted by the physics department of Northwestern University.

Reports from thirty-six of the forty-five zones into which the country was divided, for the tests show that static and fading are no respecters of localities.

"Atmospherics" did not occur to any great extent in localities where they had been advertised as a sort of continuous radio performance. And they were present to such an extent that they constituted a nuisance in regions where fair to good reception has been forecast by the experts.

It has been generally supposed that the southwest was the permanent home of static, a belief that received scientific basis in the findings of the United States department of standards that frying noises were more prevalent in reception in this territory than in that from other quarters of the United States.

On the three nights of the Northwestern university survey, however, the southwest proved an alibi. The reports now being tabulated show little uniformity save on the one fact that the southwest was free from both static and fading. Signals from southwestern stations were received clearly and with excellent volume.

Reception by observers in the southwest was similarly unaffected by the advertised disturbances.

In the east, however, there was much static throughout the test period. The worst atmospheric disturbances in the country particularly on the first night of the tests, were reported along the Atlantic and Pacific coastboards, a condition that extended well down into the Gulf states.

In some localities, however, these conditions did not persist on all three nights. In New York there was improvement, in North Carolina things got steadily worse. The tests are to be repeated monthly until July.

Envoys Allied Powers Confer Germany Today

Geneva, March 12.—(AP)—Representatives of the allied powers and Germany met for two hours today and discussed the difficulties which have arisen over the plan for German admission to the League of Nations and elevation to the league council.

At the end of the session a communique was issued stating that various suggestions had been made by one side or the other and that the delegates would meet again after time for reflection. The statesmen said the situation was brighter.

63 Young Women Accepted For Missionary Work

Raleigh, March 12.—(AP)—Sixty-three young women were accepted by the candidates' committee of the Women's Missionary Council of the Methodist Episcopal church, South, for missionary work. This was the outstanding feature of the report made here today to the convention of the council by Mrs. Hume R. Steele, candidate secretary.

Forty-seven of these young women were accepted as candidates and were recommended to the conference for scholarships. Two were sent to the foreign mission field, eight were accepted as contract workers and six as endorsed workers.

Twenty missionaries, home and foreign, and four deaconesses will be consecrated during the present council session, it was reported. The deaconesses will be consecrated at 11 o'clock, Sunday, March 14, and the missionaries Monday night, March 15.

An increased interest in religious work among students of the Southern Methodist church was reported by Mrs. Steele, who added this was shown by requests for literature on the church work and the large number of students attending denominational conferences.

Stressing the importance of student conferences, Mrs. Steele reported that more than 600 students attended the Methodist Young Peoples' Conference at Memphis December 31 to January 3, although this was primarily a gathering of the young people of the denomination rather than of the students. At the interdenominational conference at Evanston, Ill., she said, there were about 900 students representing 176 colleges and 30 denominations. She expressed the belief the "earnest search for a Christian solution of the problems that confront the young people of today will be productive of far reaching results."

CHARGES LIQUOR IS SOLD UNDER CAPITOL DOME

Senator Blease Says Liquor Is Sold Under Very Dome Of Cap- itol And Declares Prohibition Is a Joke

Washington, March 12.—(AP)—"Liquor is sold daily under the very dome of the capitol," said Senator Blease, democrat, of South Carolina, who makes that charge, is willing to prove it to any doubting Thomas by buying him a drink in the halls of congress.

"Prohibition is a joke," he told the Washington Policemen's association last night, adding that it would remain so until the men who voted for prohibition stopped drinking liquor. "The trouble with congress," he continued, "is that they vote dry and drink wet."

Bootleggers, he said, sell their wares every day in the house and senate office building, and they come around to him daily and ask, "How much do you need today, Senator?" To a newspaper man who expressed doubt of this situation the South Carolinian later said, "If you do not think I mean what I say, come up to the capitol with me and I'll buy you a drink."

About the same time that Senator Blease was addressing the policemen, Wayne B. Wheeler, general counsel for the anti-saloon league, was delivering that organization's second attack in a few hours on the polls being taken by any newspapers on the subject of total prohibition as against beer and light wine.

Only a minority of the people want beer and wine, he said, while the majority have spoken their mind on that proposition repeatedly, "not in straw votes, but in official ballot, and that majority has rejected the wine and beer plea."

If the prohibition question ever comes before the senate again, Senator Blease told the policemen meeting, "I am going to vote dry because the people of my state want me to, but I am also going to tell the senate when I do it that it is their vote and not mine."

The senator declared it was a shame for policemen to brag about how many arrests for drunkenness had been made during that when he was a mayor he ordered his officers to escort drunken men home. He remarked that he knew of one case when a judge sentenced a man for being drunk when the judge himself had liquor on his breath.

Bill Requires Arbitration Of Labor Disputes

Rome, March 12.—(AP)—Compulsory arbitration of all labor disputes is required in a bill passed by the Italian Senate last night. The measure was introduced by Mussolini in a speech supported it. It was adopted by a vote of 139 to 27.

Big business and labor must cooperate in order to make a nation happy and prosperous, the Premier said. He asserted that capital and humble working men were valuable assets to the country, but the working man must be conscious of the necessity of national discipline.

Gov. McLean To Deliver Address Ashboro Tonight

Raleigh, March 12.—(AP)—Governor McLean left Raleigh this afternoon for Ashboro, where he will deliver an address tonight at 8 o'clock. The occasion of the governor's visit to the Randolph county seat is a get together meeting of the chamber of commerce at which business men and farmers will discuss their problems and methods of closer co-operation.

MEDICAL SOCIETY HEARS REPORT ON T. B. HOSPITAL

Dr. Outland Tells Of Progress Being Made For Tubercul- osis Hospital For This District; Splen- did Meet.

Drs. Joe Dixon and M. B. Massey were hosts last night to the members of the Pitt County Medical society. An interesting program was enjoyed and the meeting which was held in the basement of the Eighth Street Christian church, was largely attended.

President L. C. Skinner presided and after a short business session, in which several vital matters to the association were discussed, Mrs. J. Knott Proctor rendered several vocal selections. This proved the most attractive feature of the evening.

Dr. C. L. Outland, in his usual pleasing manner, reported the progress which is being made in the tuberculosis hospital for the district. The movement received the support of the association and several short talks were made in support of same.

Dr. M. B. Massey told of the "Relations of Dental Conditions to the Development of Health of Children." He based his remarks on the recent examination of school children for defective teeth. His subject was discussed by several members.

Dr. Cecil Garrenton, of Bethel, read a paper on diseases of the feet. This was also discussed. The society was delighted to have as guests Messrs. Dowd and Speight, of Rocky Mount.

The April meeting will be held in this city, with Drs. Ellen and Greer as hosts. The program will be featured by papers by Drs. Thompson and Hemingway.

The following members were in attendance last night: Drs. Skinner, Nobles, Wooten, Williams, Garrenton, Dickinson, Dixon, Massey, Greene, Pace, Laughinghouse, Hemingway, Ellen, Johnson, Smith and Schultz.

Continue, Receive Requests Concerning North Carolina

Raleigh, March 12.—(AP)—The state department of agriculture continue to receive numerous requests from people outside the state for information about North Carolina.

During the past week alone, numerous requests for such information have come to the department. Some inquirers stated they were interested in locating in North Carolina, and wished information for that reason. Others engaged in research asked for data about this state.

Among those making inquiry during the week were: L. A. Emerson, Utica, N. Y.; Charles Hart, Chicago, Ill.; Lawrence S. Holt and Sons, Burlington, inquiring for friends outside the state; Ernest Freehling, Cabot, Pa.; Tina China, Richmond, Va.; Philip K. Auser, Richmond, Va.; (Abbas S. Guevarra, Philippine Islands; Louis Elder, Petersburg, Va.; Ethel Glass, Chicago, Ill.; Roy H. Koon, Waltham, Mass.; E. E. Morrison, Eaglesville, Conn.; J. A. Davies, Cleve and, O.; Earl Roberts, Crystal Falls, Mich.; Charles L. Andes, East Bernstadt, Ky.; J. H. Ford, Cambridge, Mass.; Thelma Powers, Appleton City, Mo.; Hilda Bischoff, Bogota, N. J.; Arthur Sullivan, Camden, N. J.; Robert G. Hepburn, New Brunswick, N. J.; the Cleveland, Ohio, public library; L. S. Sanford, Davis, California; Roy West, Apolla, Pa.; Reford Duck, Parsons, Tenn.; the sixth grade of the Ridge-wood school, Ferndale, Mich.; John G. Fleck, Augusta, Ga.; the Brown - Crummer company, Wichita, Kans.

These requests come, in all, from 16 states and foreign countries. Some of those writing wanted general information about farming and other opportunities to be found in North Carolina. Others asked for definite information about some specific phase of North Carolina life. And some were school children who were making a special study of this state.

MUCH INTEREST IS MANIFESTED QUEEN'S CONTEST

D. J. Whichard, Jr., Appointed Chief Marshall; Ware- house Being Deco- rated.

More entries in the Queen's Contest for the Eastern Carolina Exposition that is to be held in Greenville the week of April 5, were received this morning. Interest is unusually keen all over the territory and it is believed that the list this year will be even larger than of any the previous years.

Miss Mary Grayham Wiche will be "Miss Roanoke Rapids"; Miss Edna Webb, as "Miss Pine-top"; Miss Clara Mae Ortelich, as "Miss Morehead City"; Miss Addie Lee Grimes, as "Miss Bethel"; Miss Bonnie Bell Windham and Miss Mildred Barrett as "Miss Farmville." Farmville is entitled to two candidates.

Other entries are expected today. The entries for the Junior Queen's Contest will soon begin to come in and that contest will be just as keenly contested as the senior affair. The little girls from 8 to 12 years old will be there on Wednesday afternoon to show what the next few years have in store for Eastern Carolina so far as pretty young ladies are concerned.

Decorators on the job. Fred R. W. Reh, veteran decorator of the south, took up the big task Wednesday of transforming the big Gorman tobacco warehouse into a "thing of beauty" for the big exposition. There are 50,000 square feet of ceiling to cover, with paper, and about an acre of floor space to be made attractive for the festive occasion. Mr. Reh has had the job of decorating the annual show for the past two years and has succeeded in making the quarters for the show beautiful in the extreme. Everything will be ready when the whistle blows Monday afternoon, April 5, at 2 p. m., for the parade to start.

Chief Marshal Dave Whichard, of Greenville, is getting his lieutenants all lined up to handle the big parades.

1,800 Gallon Distillery Is Destroyed

New Bern, March 12.—(AP)—A distillery with a capacity of 1,800 gallons was destroyed by Federal prohibition agents on Cahoonie Creek in the western part of the county last night. Federal agents reported today.

The plant consisted of four 400 gallon stills and one 200 gallon copper kettle. There were 152 five hundred gallon fermenters, 350 gallons of whiskey and 75,000 gallons of beer were destroyed.

Condition Of Col. J. Coolidge Improved Today

Plymouth, Vt., March 12.—(AP)—Col. John Coolidge's condition was improved this morning after a night in which he was reported to have lost ground. The president's father's nurse said that the outlook seemed more encouraging.

A GREAT NATION

The United States at the
present time has the great-
est industrial capacity in
its history. There is much
room for further expansion
and there is a wide field for
investment.

We are entitled to judge
the future by the past, and
the past twenty years in
this country have given us
machine production, elec-
tric power, the telephone,
the automobile, the gas en-
gine, chemical processes,
the x-ray, the motion pic-
ture, the radio, and a thou-
sand devices that have wid-
ened the opportunities of
the people, absorbed the
fruits of industry and em-
ployed capital in ways that
were not seen in advance.

Like other industries
which have contributed to
national welfare for gener-
ations past, new industries
are making of themselves a
primary need. Luxuries of
ten years ago are now ne-
cessities. Modes of life
have changed completely
with new modes of travel,
new modes of thought and
new mechanical inventions.
Opportunities of this
country are so great that as
time goes on, production is
bound to increase while
buying power expands, lift-
ing to higher levels the
standards of our national
life.

During the recent terri-
fic storms on the Atlantic
four ships almost simulta-
neously reported them-
selves in peril.

"Fifty years ago," said
the Paris, France, Times,
not only would they have
been unable to call for help,
but they would have stood
strong chances of going
down with all hands. Even
in the steamer lanes, a sink-
ing craft blown off her
course or just out of range
of visibility of passing ships
would have stood small
chance of rescue. However,
when the faint three dots,
three dashes and three dots
of the distress signal were
picked up by some watchful
wireless operator, the word
was passed and the air was
cleared for reception of the
unfortunate ship's position
and the organization of re-
lief.

"The signals of the pow-
erful navy stations crashed
through the atmosphere,
demanding right of way
and silencing broadcasting.
The music and entertain-
ment going out from scores
of American stations was
stopped for the longest pe-
riod since the populariza-
tion of the radio. Millions

of listeners-in on two conti-
nents were informed that
ships were in distress and
that they would have to
forgo their evening's en-
tertainment.

"The world is growing
smaller—and safer."

HALF CENTURY SINCE
FIRST TELEPHONE

The first telephone mes-
sage was sent in 1876, 50
years ago. So great has
been the growth of the sys-
tem that now in 1926, 67-
700,000 telephone conver-
sations take place each day.
The two telephones of 1876
have increased to 16,000-
000 instruments today. The
first telephone line of 30
feet has grown to a net-
work of more than 40 mil-
lion miles of wire, and
switch boards, buildings,
pole lines, cables, conduits,
and other forms of plant
have been constructed, cost-
ing over \$2,500,000,000.

As President W. S. Clif-
ford, of the American Tel-
ephone and Telegraph com-
pany, recently said, "The
advances which have been
made during the first 50
years of the work of the
Bell System are unparallel-
ed in the history of com-
munication. They are con-
tributions which will make
forever memorable this
great epoch in our prog-
ress. We are now at the
beginning of a new era fill-
ed with boundless opportu-
nities for advancement in
the business and science of
telephony. Upon the foun-
dations that have been so
securely laid, we can look
forward to the telephone
system of the future, which
in effectiveness and useful
service, will surpass all that
has gone before."

SALE OF VALUABLE FARM
PROPERTY
Under and by virtue of the
authority conferred upon us in a
deed of trust executed by T. W.
Cox (widower) on the 1st day
of February, 1923, and record-
ed in Book T-11, at page 280,
Pitt county, we will on Saturday,
the 20th day of March, 1926, at
12 o'clock, noon, at the court
house door in Greenville, sell at
public auction for cash to the
highest bidder, to the following
land, to-wit:

Beginning at a stake in the
public road leading from Ayden
to Vanceboro, S. S. Wilson's cor-
ner and runs N. 74 W. 80 poles
to a stake; thence S. 35-1-4 W.
79 poles to a stake in T. M. C.
Nelson's line; thence S. 54-3-4
E. 103-1-4 poles to a stake in
Jessie Nelson's line; thence N.
28 E. 36-1-2 poles to a stake;
thence W. 30-1-2 poles to a stake
on path; thence N. 22 E. 28
poles to a stake; thence N. 3E
11-1-5 poles to a stake; thence
S. 78 E. 8-9-11 poles to a stake
on the aforesaid road; thence
with said road N. 11 W. about
35 poles to the beginning, con-
taining 56-1-4 acres more or
less.

This sale is made by reason of
the failure of T. M. Cox (widow-
er) to pay off and discharge the
indebtedness secured by said
deed of trust to the North Caro-
lina Joint Stock Land Bank of
Durham.

This the 10th day of February,

Coasts of Their Swimming

Yanston, Ill., March 12.—Twenty-seven victories in sixty-six meets over a period of thirty years is the accomplishment of Northwestern University's swimming team, a new study of the records reveal. This unequal feat never has been equaled, it is believed, by any college team in the country.

In twelve years of swimming Northwestern has won nine conference championships. During the period some of the country's greatest swimmers have competed with the Sons of Neptune, which the Purple swimmers call themselves. Men who have won their letter in swimming and have displayed required standards are admitted to this organization upon graduation. It is the most coveted goal of a Northwestern swimmer.

Under Coach Tom Robinson's tutelage, 118 men have won their letters in swimming. To receive a letter they must win a certain number of points in dual competition or a place in the conference meet.

The conference championship has been brought home by the Northwestern splashes for the third year. Three Northwestern swimmers were members of the American Olympic swimming team that went to France in 1924. They were Ralph Breyer, Dick Howell and Sybil Bauer, world champion woman backstroke. Both Breyer and Howell hold several conference records that seem in no danger of being broken soon.

NEW MOTOR LINERS AT COST OF \$5,000,000

London, March 12.—(INS)—Successful tests of the new liner Astoria have been followed by the placing of orders for six vessels of the same type. They will be built at Glasgow and Belfast at a cost of \$5,000,000.

PALESTINE POLICE NOT ENOUGH TO HANDLE GROWING CRIME CASES

Jerusalem, March 12.—(INS)—Judging out that criminal offenses increased from 11,998 in 1921 to 16,833 in 1925, including 614 "heinous offenses," the Jewish press declares that the abandonment of the British gendarmerie and the transfer of British troops to Egypt constitute a danger to public security.

The Palestine police number only 1,000, and the gendarmerie only 500, in a population of nearly a million. There is one policeman to each 500 inhabitants, which the newspapers declare is inadequate.

It is expected that a defense force composed mainly of Arabas will be formed, while the Jewish gendarmes will be incorporated into the regular police.

NOTICE OF SALE

By virtue of authority conferred in that certain mortgage deed executed by Mah Moore and wife, Delia Moore, to the undersigned mortgagee, dated the 8th day of January, 1923, and recorded in the office of the register of deeds of Pitt county, N. C., in Book T-14, at page 190, default having been made in the payment of the notes therein secured, I shall offer for sale at public auction, at the courthouse door in Greenville, N. C., to the highest bidder for cash on Monday, March 29, 1926 at 12 M. the following tract or parcel of land:

Situate and being in Pictolus township, Pitt county, N. C., and known as lots 1, 2, 3 and 4 of the gift division of the W. H. Crawford farm of record in map book No. 2, at page 2, Pitt county register, more fully described as follows:

Beginning at a Maple, a corner of the R. D. Harrington land and running south 83-30 east 11-03 feet to a stone southwest corner of lot No. 5 of said Crawford division; then with the westwardly line of said lot No. 5, north

45 east 2830 feet to the Greenville - Pictolus road at the north-west corner of lot No. 5; then with said road south 69-45 east 782 feet; then north 8 east 1745 feet to a lightwood stake on Grindle creek; then up Grindle creek north 65-30 west 160 feet; north 39-30 west 395 feet; north 51 west 185 feet; south 83-10 west 515 feet; north 55 west 410 feet; south 80 west 110 feet; north 67-30 west 110 feet; south 68-50 west 90 feet; south 46 west 140 feet; north 84 west 110 feet; then leaving Grindle creek with a choppel line south 5-45 west 1286 feet to the aforesaid Greenville - Pictolus road; then with the same line extended, south 5-45 west 3250 feet to the beginning, containing 152.00 acres of land.

This sale will be made subject to that certain deed of trust executed by Noah Moore and wife to the First National Trust Company, Trustee of Record, in book T-14, at page 96, upon which there is due approximately \$4,300.00, and the purchaser will have the privilege of assuming said indebtedness.

This Feb. 27, 1926.
HENRY ALLEN, Mortgagee.
Louis W. Gaylord, Attorney,
mar 1-11w-4wks.

NOTICE OF LAND SALE

Under and by virtue of the power of sale contained in that Deed of Trust executed and delivered to J. L. Simmons, Trustee, by J. R. Tucker and wife, Sarah A. Tucker, on the 21st day of January, 1922, and duly registered in Book H-14, at page 683 in the office of the Register of Deeds of Pitt County, the undersigned will on Saturday, March 13, 1926, at 12 o'clock noon, expose to public sale before the courthouse door in Greenville, Pitt County, N. C., to the highest bidder for cash, a certain lot or parcel of land lying and being in the town of Simpson, Chicod Township, Pitt County, N. C., described as follows:

Beginning at a stake on the north side of Washington Street at corner of Main Street on west side of Main Street, and running westwardly with Washington Street 50 feet to a stake; thence in a northerly course parallel with Main Street 175 feet to North-Southern Railroad right of way; thence in an easterly course 50 feet to Main Street at a stake; thence with Washington Street 175 feet to the beginning, formerly owned by W. A. Hudson and being a part of the Norfolk Southern Railroad Division as shown on map of W. E. Tucker Property in Map Book 1, at page 94 of Pitt County Registry.

This February 10th, 1926.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of authority conferred upon us in a deed of trust executed by J. H. Tripp (unmarried) on the 4th day of January 1923, and recorded in book of mortgages T-14 page 856, we will on Saturday the 20th day of March 1926, at 12 o'clock noon at the courthouse door in Greenville, Pitt County, sell at public auction for cash to the highest bidder the following land, to-wit:

Situated and being on the North side of Swift Creek on the Ayden and New Bern Road about three miles East of Ayden and beginning at a small horn beam and holly on the edge of Swift Creek Swamp and runs with the dividing line line between John H. Tripp and Jesse Phillips North T-14 at page 350, we will on Saturday the 20th day of March, 1926, sell at public auction at the courthouse door in Greenville, N. C., at 12 o'clock noon, for cash to the highest bidder the following land to-wit:

All those certain pieces, parcels or tracts of land on the Greenville-Tarboro road about three miles from the Town of Greenville, situate, lying and being in the County of Pitt in Greenville Township and State of North Carolina (having such shapes, metes, courses and distances as will more fully appear by reference to plat thereof now on file and attached to abstract with the North Carolina Joint Stock Land Bank of Durham, North Carolina) and being 3.4 and 5 of the R. O. Jeffers farm as will appear by reference to Map in Map Book 2, at page 77 of the Pitt County Register of Deeds office, and being further described as follows: Bounded on the North by the Greenville and Tarboro Road; on the East by S. L. Dudley; on the South by Tar River and on the West by Paul Balafas. Tract No. 3 contains 97.13 acres; tract No. 4 contains 111.46 acres and tract No. 5 contains 41.76 acres.

This sale is made by reason of failure of J. M. Hines and wife, Anna P. Hines and Raymond L. Moore and wife, Helen Moore, to pay off and discharge the indebtedness, secured by said deed

RED PEPPER HEAT STOPS BACKACHE

RED PEPPER HEAT

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub, you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

"KARNAK JUST DOES MORE THAN'S CLAIMED FOR IT"

"Why, This Medicine Went To The Roots Of My Stomach Troubles And Made Me Feel Like I Had Never Seen A Sick Day," Says Spartanburg Man.

"I'll tell you, Karnak does all that's claimed for it and more, too. It went right to the roots of my stomach trouble and made me feel like I had never seen a sick day," declares Alonzo Banks, of 355 Brook Ave. Spartanburg, S. C.

"I was in such a rundown worn-out condition before I got Karnak that I just had to force myself in order to keep going. I was tired all the time—I just wasn't getting any strength or nourishment from my food and, in fact, my appetite was so poor I was scarcely eating enough to keep a bird alive. Mornings I would get up so tired and weak that I hardly had pep enough to drag myself off to work, and I knew if I didn't find something pretty soon that would give me an appetite and build me up, why, I would be down sick in bed."

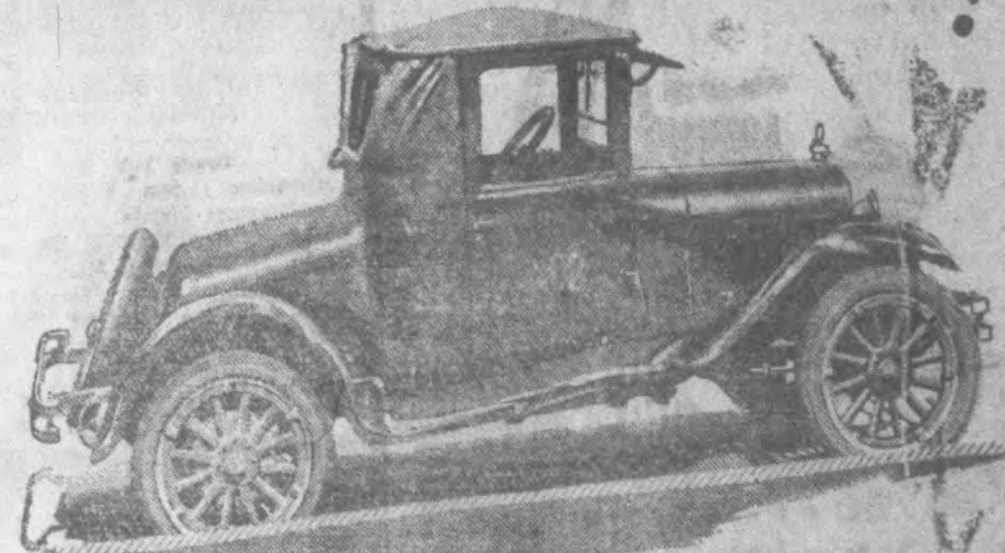

"Well, sir, I finally got started on Karnak and I want to say right now I never saw anything like this medicine."

medicines. You just ought to see me eat now. I just relish everything on the table and I've gained so much strength and weight that for the first time in months I really feel like doing a good day's work. Yes, sir, I just want to tell everybody, I can about Karnak—you can't go wrong in getting this medicine."

Karnak is sold in Greenville by B. S. Warren; and by every other reliable druggist in Greenville and now I never saw anything like this every other town.

Over a Cliff in this STEEL BODY without injuring the DRIVER!

A careless driver . . . A triple somersault over a cliff . . . and this is the car—a Dodge Brothers all steel safety car.

A triple somersault over a cliff with the car you see in this picture! Such was the experience of its owner, who came through the fall uninjured.

After an hour of repair work, he drove the car from Montana to Minneapolis—a more sensible driver and much wiser.

All steel construction saved his life, as it has saved many other lives in the past, and will save thousands more in the future. . . .

Dodge Brothers print this advertisement because they believe motorists are entitled to all steel safety and should insist upon it.

That's why Dodge Brothers introduced all steel construction more than eleven years ago—and recently announced additional all steel safety features.

The streets are swarming with 20,000,000 motor cars—millions more are on the way.

Safety is the issue. Armor yourself and your family with steel.

Dodge Brothers Motor Cars—both open and closed—are all steel in the strictest sense of the term. Steel reinforced by steel—framed, braced and buttressed by steel—with all seams solidly and permanently welded together by electricity.

Slim steel pillars replace the old bulky wooden corner posts—permitting unparalleled driving vision—a safety feature of the first importance.

Compare such bodies with the usual wood, or wood-and-metal body, and you will be astonished that every automobile builder has not adopted this advanced safety construction.

Remember, also, that safety is the watchword of Dodge Brothers construction throughout, as witnessed by Dodge Brothers exceptionally large, quick-action brakes, and the exceptional ruggedness and dependability of Dodge Brothers axles, frames, steering parts, and other vital units.

This car will continue to be a "four".

MISS CRISP ENTERTAINED

Kinston, March 12.—The first of the pre-nuptial affairs to be given in honor of Miss Frances Crisp, bride-elect, who on March 31, will be married to Mr. Jack Marcus, was a lovely tea given by Miss Margaret Copeland at the attractive home of her sister, Mrs. L. L. Ottinger, on West Washington street, Wednesday afternoon at 4:30 o'clock. Graceful apices, forsythia and ferns were used in profusion in the large drawing room where the young hostess received the guests. The decorations in the dining room were in bridal effects which were also carried out in the refreshments. Ice cream in the form of a huge wedding cake was served by Mrs. R. E. Copeland.

Cakes decorated with orange blossoms, nuts, mints and other dainty confections were served. Coffee was served by Mrs. L. L. Ottinger. The climax was reached when Miss Crisp was presented a hat box tied with tulle. On opening she found an Easter bonnet, elaborately trimmed with colorful pom-poms, made of dozens of dainty handkerchiefs. Miss Elizabeth Morton, also a bride to be of early summer, was presented wedding slipper buckles of lace and orange blossoms.

Those receiving with Miss Margaret Copeland besides the guest of honor, Miss Frances Crisp, were Miss Elizabeth Morton, Miss Elizabeth Jobe, of Washington, D. C., Mrs. Scott Parham, of Henderson, and Mrs. John Drewery, of Raleigh. About fifty guests were in attendance.

MRS. F. R. ELMORE ENTERTAINS

Honoring Miss Virginia Suther who will be married in the summer to Mr. David J. Whichard, Jr., Mrs. F. R. Elmore entertained on Thursday evening at her home on Ninth street.

The decorations consisted of pines, ferns and jonquils, carrying out the green and yellow color scheme suggestive of Saint Patrick's Day. The lights were shaded with green crepe paper.

Six tables were arranged for bridge and two for rock, and several progressions were enjoyed. Mrs. E. G. Flanagan, making the top bridge score, was presented with bath powder and bath salts. Mrs. J. L. Fleming was presented the rock prize, a guest towel. The honoree was remembered with tea napkins. The table prizes, attractive novelties, were won by Mrs. Charles Whiteford, Miss Snoddy Moore, Mrs. L. H. Bowling, Mrs. D. L. Hardee, Miss Prue Linberger, Mrs. J. C. Lanier, Miss Myrtle Brogden and Miss Annie Mae Edwards.

The taily cards were Shamrocks while the favors were Saint Patrick's day caps.

During the progressions, Yum cocktails and sandwiches were served, and at the conclusion of the games an ice course in green, decorated with Shamrocks and salted nuts were served.

The hostess, was assisted in serving by little Miss Ruth Luper and Master Grey Luper.

COUNTY MEETS TO BE HELD DURING NEXT TWO WEEKS

Some of the children contesting in the group literary meet held at Stokes on next Monday are Mattie Mae Bullock, Hazel Roberson, Ruth Respass, Jim Gray Whitehurst, Elsie Barnhill, Marjorie Woolaght, Mary G. Nelson, David Henry Nobles, Robert Crandall, Gladys Cherry, Emma Keel Barnhill and Ida G. Whichard. There will be others in the contesting program who will make up the group contesting children but all the names cannot be listed here.

The program at Stokes begins at 10:30 on the morning of March 15 and will be held in the Christian church. The citizenship of the surrounding community is invited to hear all the contests of the morning and to see all the athletic events of the afternoon.

Winterville has its group literary and athletic meet on Tuesday, March 16, and Black Jack on Wednesday, March 17. The school of Belvoir will contest with Bethel on Monday, March 22. The same date, March 22, will be used for contesting day at Grimesland. The schools contesting with Grimesland are Dixon, Clark's Neck and Simpson.

Possibly the most lively contests will be in Farmville on March 23, at which time Fountain, Falland, Carraway, Arthur and Farmville will compete with each other. Of very great interest, however, will be the entertaining literary contesting program held in Grifton on Wednesday, March 23. Stokestown, Helen's Cross Roads, Oak Ridge, Quinerly, Gum Swamp and Clay Root are the schools who will lend friendly competitive interest to this program.

The last of the programs will be held in Greenville on Wednesday, March 24, at East Carolina Teachers' college. The small schools of the Greenville section are Fleming, Joyner, Staton's Mill, Hollywood, Frog Level, Hardee, Red Bank, Cannon Swamp, Williams, Cox's Mill, Ballard's Cross Roads, Mills and Pactoles.

FARMERS NIGHT AT KIWANIS CLUB

Tonight will be "Farmers Night" at the Kiwanis Club. About twenty-five farmers from various sections of the county have been invited. Mr. F. H. Jeter, one of the state's agricultural officials, will be the principal speaker of the evening. Mr. Roy T. Cox, of Winterville, will be in charge of the program.

LARGE AUDIENCE ENJOYS LECTURE - RECITAL

Asheville, March 12.—A lecture recital was given at the Free Will Baptist church by L. E. Ballard and James A. Applewhite Monday evening of this week.

Messrs. Ballard and Applewhite are members of the Uplift League of Greenville, both of whom are considered leading entertainers in the eastern part of the state. As an introductory to the recital Mr. Ballard gave one of his widely used lectures to young people on the subject, "Making Life Worth While." This lecture was followed by Mr. Applewhite's recital, "A Heap of Living," which consisted of a number of poems of life by Edgar A. Guest. He held the undivided attention of the audience for more than an hour, causing first laughter and then tears as he alternated between humor and pathos.

A large audience, which was principally composed of residents of the Horney Heights section, were delighted by the entertainment.

A GREAT MISTAKE

Numbers of people are walking around complaining of dizziness, swimming in the head and seeing under a strain and blur. This is caused by one of two reasons—ABSOLUTE CARELESS neglect or the fact that a person is afraid that they will not look so well with glasses. You can make both of these. Do not neglect the most important faculty you have another day. Modern designers have so created styles of frames as to have one suitable and becoming to every face. The fitting of a frame is as important as the fit of the glass. It is a great convenience to get the expert attention of an experienced optometrist and have your glasses delivered the same day. W. L. Best is so equipped and you can get your glasses promptly. Glasses and frames correctly fitted with a style that suits your particular case.—Adv.

Paris, March 12.—(INS.)—Dancing without sinning goes on in a little church in France. It is that of Barjols, in the Var department where every year there are floral fetes of Provencal. Of course this is for only one day in the year, and on this day there is a fat beef cooked on a spit in the churchyard and the couples dance in the church singing the old couplet "Les Tripettes de Saint Marcel."

There seems to be many ways for a deceived husband to avenge himself, but one recorded in Le Petit Bleu is about the most original.

A good man, living in a Paris suburb, knew that his wife was being false to him and he suffered secretly, but did not care to go so far as to make those suffer who were causing his misfortune. So he went tranquilly to the apartment of the friend of his wife, entered by means of a double key and calmly and coolly hung himself right above the bed.

When his wife and her lover came in at midnight, there was the poor husband sticking his tongue out at them and probably deterred them from their love making for some little time. But that was a poor joke, says the Paris newspaper.

Sign of the times: A little scene in a Paris tramway one day last week. An elegant young woman entered the street car at the Place de l'Hotel, took a seat and withdrew from her sack a pair of new stockings. She took off the price mark, calmly removed her shoes, garters and old stockings, revealing two charming little feet with brilliant nails. The new stockings went on then, the garters were sought for and found, shoes put on and finally with a brisk gesture she sent the worn stockings under the seat.

Then, always very cool and unperturbed, armed with her pow-

der puff, rouge stick and pencil, she touched up her beautiful face before the astonished crowd.

A large lingerie house in Paris which specializes in marriage trousseaux is sending out their spring catalog with this little notice attached to the first page in artistic fashion.

"The management announces to its faithful clients that upon demand, and without any increase in price, we are ready to put 'mobile' initials upon our lingerie in the most perfect style. Thus, in case of a broken engagement, divorce or separation, the trousseau may serve for a new union. The cost of putting on new initials is very slight."

Then, to cap the climax, the house adds a list of persons belonging to the first families of Paris who have given orders of this kind for their daughters' trousseaux—all of which is certainly not very encouraging for any prospective sons-in-law.

Venice may have its pigeons of St. Mark's but Cannes has its sea gulls of the Croisette with the blue Mediterranean on one side and the white and yellow hotels de luxe on the other, and watch the sea gulls take their morning meal "on the fly."

It is the custom for the guests of the hotels along the Croisette to lay in a large bread supply and standing at their windows they hold out their hands with a morsel of bread between the fingers.

The sea gulls will immediately swarm around, flying by the window and snatch the bread from the offering hand. At times one may see several hundred sea gulls flying around in circles before the hotels snatching their breakfast.

New Kind Of Weevil Has Been Found

Knoxville, Tenn., March 12.—(INS)—Tennessee's spring strawberry crop is threatened with extinction this year by the strawberry weevil. In many sections of the state, growers have been forced to give up the crop on account of this pest.

The strawberry weevil is about one-tenth of an inch in length, and looks like a miniature boll weevil, according to State Entomologist S. Marcovitch of the Agricultural Experiment Station.

The weevil may be controlled by dusting the strawberry plants with calcium arsenate and hydrated lime, Marcovitch stated.

The weevil does not attack some varieties of plant, but is particularly fond of others.

SURVEY SHOWS 16,500,000 CARS IN USE AT END OF LAST YEAR

Cleveland, March 12.—(AP)—There were 542 passenger cars in use in the country last year for each 1,000 adult white males, it was disclosed in a survey made by Col. Leonard P. Ayres, economist, and vice president of the Cleveland Trust Company.

The number of these machines in use at the end of 1925 was found to be 16,500,000.

Col. Ayres said there was nothing to indicate an approaching saturation point for passenger automobiles in the United States.

The proportion of cars on the foregoing basis ranged from 400 in the middle Atlantic group of states to nearly 800 in the Pacific states.

Col. Ayres said there was nothing to indicate an approaching saturation point for passenger automobiles in the United States.

YES, WE'LL HAVE PLENTY BANANAS NOW

New Orleans, March 12.—(INS)—The Standard Fruit company, a new concern, has been organized here with a capitalization of approximately \$50,000, to take over the business of the Standard Fruit and Steamship company, and other allied interests.

The new company will be one of the largest banana producers in the world, and will have railroad, steamship, sugar, timber and other properties in six Latin American countries and in the United States.

ATHENS POLICE CARRY SPIKES TO CURB AUTOS

Athens, March 12.—(INS)—Police five feet long are studded with large nails are to be supplied to the Athenian police as a means of curbing chauffeurs who insist on driving their automobiles at excessive speeds.

Any driver who disobeys a police signal to slow down will henceforth expose his tires to the assaults of these formidable weapons, in the use of which the police are instructed to exercise the utmost freedom.

MOBILE BUILDING GREAT COTTON WAREHOUSE

Mobile, Ala., March 12.—(INS)—The state of Alabama will build one of the largest cotton warehouses in the entire south, it was announced by General William L. Shert, commission president, who has charge of the state program in conjunction with the new state docks system. Bids are now being advertised for construction work.

The warehouse will be built in connection with the new docks and piers now being constructed in Mobile harbor by the state.

The structure will be approximately 900 feet long and 230 feet wide, and will be of brick and concrete. The building is expected to be completed sometime during the summer, in time to aid in handling the fall export cotton movement through this port.
