With the Italian Debt Agreement Dangling, Funding Negotiations With France May Be Taken Up

Washington, Apr. 22-(AF)-Despite the unstitled status of the Italian debt agreement, left dangling in the Senate by a move for reconsideration after having been once approved, the American Debt Commission wi'l meet tomorrow and will probably take up formally the funding nego-

tiations with France.
Secretary MeVcm announced today that negotiations with Jugo Slavia would also be resumed. next meeting of the Commission obviously had been held up pending the Senate's vote on the Ita'-ian settlement ratified yesterday by a vote of 55 to 33;

Conferences between Ambassador Berenger, of France, and Secretary Mellon have virtually brought about an understanding between France and the country over the war debt.

Early action by the debt commission with France now i, expected regardless of the continuing controversy over the sattlement with Italy,

that the French Funding Agreement as we'l as one with Jugo Slavia can be drafted in time to permit Congressional action at this session.

They know its time proved value, its rare smoothness and performance, its sturdiness and economy

Fasex proved that everyone wants a "Six." But low price is not the only reason why 300,000 owners are praising it so highly nor does price alone explain the reason for its continued sales leadership. Time proved qualities are what owners talk about. They speak of the little attention Essex requires and of now increquent and small is the service cost.

They tell of economy in fuel, oil and tires. And they praise Essex smoothness in performance, its nimbleness and its power. They are the greatest Essex sales influence.

The Essex motor is built under Super-Six patents that give a performance and quality exclusive to this famous principle. Because of its vast production and the constant

development of economical and precision methods of manufacturing its cost is little more than the lowest priced car on the market. Can you ignore such facts in the choice of your car? At Your Door Vith Nothing Else to Pay

LANG MOTOR COMPANY "Have A Word With An Owner"

HAVE you ever stood in the pinefringed hills and tasted the wonderful mountain air? Then you know something of that cool, sweet taste of Prince Albert in a jimmy-pipe. There's promise in it . . . the feeling that everything's going to be all right from now on.

Prince Albert is more than a promise. It's a fulfilment! Just tuck a load of this wonderful tobacco into the bowl of your jimmy-pipe and light up. Pull that cool, comforting smoke deep down into your system and see the sun come out!

Every perfect puff tells you that here is the most genuinely friendly tobacco that ever tumbled into a briar. Friendly? Yes . . . friendly to your tongue and to your general disposition. P. A. can't bite and it can't parch, because the Prince Albert process won't let it!

Get yourself a tidy red tin of P. A. this very day. Throw back the hinged lid and revel in the fragrance of real tobacco. Then pack a load into your jimmy-pipe and light up. Get that taste that only Prince Albert can give you!"

Liberty Bonds ...

OUR TOWN

"Our Town"-how much or how little does it mean

Some men have nothing but ridicule and criticism for the home town. Some have nothing but flattery. Some ignore the town and think only of themselves. What attitude ought one to take?

Since the town is really an enlarged family, why not act toward it as one does toward the family?

A sensible person recognizes family faults, but he does not advertise them. When one tells others of personal weaknesses or of family shortcomings these failures are likely to be remembered even after they have disappeared, and they are all too readily recalled when we wish that others; would forget them as we have. One should tell family faults to the family and town faults to the town and not to outsiders.

Some citizens court public favor by flattery. It is a cheap and easy way to make a triumphal entry into the mind of the superficial egoist Knowing that personal conceit will not meet with popular approval we satisfy the human love of approbation by encouraging it as a group. So towns and nations often boast and, flaunt themselves in a way that they as individuals would not dare do.

The helpful citizen takes an attitude toward his town similar to that taken by a doctor toward his patients, a teacher toward his pupils, an adult member of the family toward the family.

Our town is not perfect. We have no miniature Heaven on earth just yet. But it is our business to make our town as nearly perfect as we know how.

To work intelligently for town progress one must have a goal, an ideal. He must take stock of present assets and liabilities and must set standards for fu-

Hence, even though there is an easy comfort in living in happy indifference to town needs, and even though one may provoke a laugh by ridicule, or win favor by flattery, the desirable citigen is the one who sees

love and hope and faith, builds for the future.

A Customer's Confidence Is Our Business Method

Not long ago, a man came into one of our Stores and talked in an interested way about our method of doing business.

"I certainly like to trade in a J. C. Penney Com-pany Store," he said, "and the main reason is not that I realize that I save and thereby make money on my purchases.

"The main reason is that you do not tell me you are selling me a ten dollar article for six dollars; you sell your merchandise upon its merits.

"When you sell a me a pair of Shoes at five dollars and ninety cents, I am confident that every thing that can be put into that pair of Shoes at that price is in them. Truly you have a great and good method."

What greater satisfaction can be derived from being in business than to hear one's customers talk that way about his store?

Tells you there is daner ahead. A healthy bladder does not act at

J. H. Dorton, W. Graham, Va., says, "I had to get up seven or eight times at night for forty years. I thought it was my age. After taking Lithiated Buchu a short time, I am alright." Lithlated Buchu cleanses the bladder as Epsom Salts do the bowels, thereby relieving irritation, driving out foreign matter and neutralizing excessive acids. These are the causes of unnatural action of the bladder at night. Lithiated Buchu (Keller Formula) is not a cheap medicine. The tablets cost 2 cents each. Sold at all leading drug stores or Keller Laboratory. Mechanicsburg, Ohio. Greenville Drug Co.

Majority Divorces Remarry, Report

Pitt County Statistics Compare Favorably With Those of Nation and State,

REBEKAH FIRST BRIDE TO WEAR RING

The ration of divorces to mariages in Pitt county in 1924 was approximately one to ten, which compare) favorably with the marriage and divorce figures of the nation as a whole. In the United States in 1924 there were seven marriages to each divorce and in North Carolina the ratio was 15,5 to 1.

In Pitt county in 1924 there

were actually 599 marriages and 61 divorces, as compared to 474 marriages and 46 divorces in the preceeding year. In the entire country, there were 1,178,206 marraiges, or about 45,718 less than in 1923. In North Carolina there were 23,190 marriages in 1924 with 1,461 divorces and in the preceeding years 24,028 marriages with 1,054 divorces. These figures, available from the government in Washington, were given out by the Traub Manufacturing Company, of Detroit—makers of Genuine Orange Blossom wedding and engagement ring W. L. Best represents

the Traub people in Greenville, It is the opinion of this firm that probably 90 per cent of divorces remarry. This would seem to indicate that those whom the first marital knot does not tie, still hope for wedded bliss.

June is still the most popular month for weddings, though it now holds a place far less secure than in former years. March in the least popular month of all, The figures for the various months are as follows: January, 7.8 per cent; February, 6.5 pe cent; March, 5.8 per cent, Alia, 7:5 per cent; May, 7.6 per cent; July, 7.8 per cent; August, 8.7 per cent; September, 9.6 per cent October, 9.1 per cent; November, 9.4 per cent; December, 8.2

per cent; and June 12 per cent. Dating far back, the third finger of the left hand has always been the finger on which the wedding ring has been placed The ancient Greek, believed that a vein ran directly from this finger to the heart-the seat of affections, thereby promoting a closer bond between the two. Thi tradition has come down through the centuries though the average bride rarely reflects on why it is she wears her wedding ring on thit particular finger.

Those who have delved into wedding ring lore state that Rebekah undoubtedly, was the first bride to wear a wedding ring. They quote from Genesis to the effect that Isaac was the first man to give a bride a wedding circlet to wear on the day of her nuptials.

The Traub Manufacturing Company, makers of the Genuine Traub Orange Blossom Wedding Ring, have loaned W. L. Best, their local representative, a collection of actual photographs of wedding rings used by the different nationalities. These can be seen in Best's window, -Adv.
