SEVERE DROUGHT IS RELIEVED IN NORTH CAROLINA

South Carolina Also Gets Some Relief by Refreshing Showers Sunday

Charlotte, June 14.—(AP)—Rain followed in several instances mass prayer meetings and today had given hope to many citizens of North and South Carolina, who had despaired a few days ago of relief from the long drought that has gripped the two states. Gastonia, N. C., late yesterday was visited by the first rain in many days, after prayer services had been held in churches there during the morning for showers. Similar services were planned for this week.

Citizens of Chester, S. C., closed their places of business today at eleven o'clock and gathered at prayer, the situation being declared so serious that crops would be ruined unless showers were experienced within a few hours. Fasting was the order of the morning in the town until after the conclusion of the services. At Rock Hill, S. C., a fifteen minute shower Saturday followed 65 dry days. Prayer had been offered for four days imploring divine aid in saving crops in that section. Due West, S. C. and Charlotte, N. C., are two other centers where citizens have held services. A veritable down-pour drenched Charlotte last night. The rain continued for more than three hours.

At Raleigh and in its immediate vicinity only slight relief has been received from a period of long drought lasting more than 50 days, during which only two showers fell, these bringing less than a half-inch of rain. Saturday night, however, a shower, lasting about a half hour slightly relieved the situation, but today was declared to be continuing serious, with prospects that crops will suffer heavily unless rain comes shortly.

Western North Carolina is also reported facing a serious water shortage unless the drought is broken soon, while an investigation of the water supply at Raleigh a few days ago revealed that less than 60 days supply is on hand.

Would Abolish Elimination of Young Athletes

Gastonia, June 14.—(AP)—Believing that the elimination system now in vogue in North Carolina high school athletics should be abolished, Coach C. R. (Pat) Crawford of Gastonia, says, "I am heartily in accord with efforts to abolish at once this harmful elimination system."

While it was a good method of determining state champion high school basketball, baseball and football teams, in the beginning, the coach thinks in North Carolina have outgrown the system and it should be eliminated in favor of a broader system.

"The University of North Carolina," said Coach Crawford, "deserves our thanks for handling the matter for us, but the time has come when the system must be done away with. It is my hope that the North Carolina High School Athletic Association will take some action."

Theological Head Dies at Richmond

Richmond, June 14.—(AP)—Dr. Walter W. Moore, first President of Union Theological Seminary here, died at his home today, his 69th birthday.

TODAY

(Copyright 1926) The Cat Got It. Messrs. Moet and Chandon. \$750,000 for Glory. When Ford Gets Drastic. By ARTHUR BRISBANE

Yesterday young lawyers, getting with their degrees the right to bully witnesses, were solemnly warned that the law is full of pitfalls. It is, especially for those that are not lawyers. Voltaire tells the story of the cat employed to watch the cheese, that mice might not get it.

The mice didn't get it, but the cat did. When the owner returned there wasn't any cheese. That cat represents a certain kind of justice.

Count Chandon-Moet and Mr. Henri Moet, whose names you may have seen on Moet and Chandon champagne labels, tell their friends we could get champagne anywhere in the United States by jaying enough.

That is true. Mr. Pepper's campaign for Pennsylvania seems to have cost more than \$800,000, and he was beaten.

Had Mr. Pepper been elected for six years, his total salary would amount to \$5,000, which makes the "glory" of being senator worth three quarters of a million above the salary.

In May, 420,000 automobiles were manufactured; in April, 455,000. An automobile publication says Henry Ford "is expected to do something drastic" because of the increasing competition of General Motors Company. The Ford way is usually to reduce prices, and Ford hasn't yet started cutting on his high-priced car. If some fine day he should cut \$2,500 from the price of the Lincoln, and put it in to quantify production, he would interest all automobile men, Wall Street men also.

Mind rules the body, your Christian Science friend will prove it for you. And fear, too often, rules the mind, as the news proves daily. In Berne, where they have big bear pits, a small boy fell in and was mauled to death. Another boy witnessed the dreadful sight and went mad that night.

In a big New York School yesterday a small boy, thinking that excitement might provide a holiday, shouted "black hand" saying he had seen masked men. Many children were hurt in the panic. Frank Olivetti, twelve years old who started the panic, is spending his holiday in jail.

The most important lesson of life is control of fear, and a majority of us die without learning the lesson. A few fortunate, live without knowing what fear is like children, La Hire Duguesclin, for instance, all whom happen to be Frenchmen.

Great Britain accuses the Bolsheviks of spending cash, \$2,000,000 in one lump, to help the British coal strike.

Russia, not bashful, will reply: "Certainly, we call this a workmen's government, so we help labor, as capitalist governments help capital."

The British proceed slowly and wisely in such matters. We should be terribly excited if Russia sent millions to American strikers.

Northwestern University in Chicago builds an educational skyscraper, fourteen stories high. Universities, rising toward the clouds instead of spreading over the ground, will become popular in great cities.

In the next century, if not in this, students will fly to the roofs of Universities, as an eagle flies to its perch, study all day and fly home in the evening. Real estate is expensive. The upper air costs nothing and is good for the lungs.

FIVE PERSONS KILLED AND SEVENTY-FIVE ARE INJURED IN EXPLOSION AT GARY, IND.

Gary, June 14.—(AP)—Five-story brick building was wrecked, men were killed, four of them. The explosion started a fire in instantly, by an explosion in a nearby buildings of the plant and coke oven of the By-Products and available apparatus at Gary plant of the Illinois Steel Co. and nearby towns was summoned pany here today. Seventy-five as well as available ambulances others were injured, a dozen of and doctors and nurses. The fire them seriously when the two, was not considered serious.

TWO STILL AND ORMOND CASE MOONSHINER IN TOILS OF LAW COMPROMISED FOR \$15,000

County Officials Report Two Big Hauls for Latter Part of Last Week

The capture of two stills, a moonshiner and approximately six hundred gallons of beer was reported from the office of the sheriff of Pitt county today. Both captures were made the latter part of last week. The operator, Eg Leggett, white, was placed in jail here Saturday afternoon, but was later released under bond. He will be given a preliminary hearing tomorrow.

The capture of Leggett, his still and about five hundred gallons of beer was made by Chief Paramore of Grimesland. The outfit was one of the late type used in the distilling of contraband liquors. The capture was made in the Grimesland neighborhood.

The other still and over a hundred gallons of beer was made by Deputies J. O. Bryant and Heber Savage. The outfit was located about five miles west of Greenville, and was considered among the best of its kind taken in some time.

WOMEN'S CLUBS BECOME ACTIVE

Concord, N. C., June 14.—(AP)—A woman's club has been organized in the Georgeville community of Cabarrus county and a booth will be prepared by the club to enter at the county fair this fall, reports Miss Mattie L. Cooley, home agent. Committee, have been appointed to secure exhibits for the booth. The club will hold monthly meetings during the summer months, but Miss Cooley is arranging for weekly meetings in the fall and winter.

CHAMBER PLANS STATE EXHIBIT IN N. Y. SHOW

Directors of Eastern Carolina Chamber of Commerce Ask for Funds for Show

If Eastern North Carolina is not represented at the Southern Exposition to be held in New York this fall, October 2 to 10, it will not be the fault of the Eastern Carolina Chamber of Commerce. The directors of the organization went on record at the May meeting as favoring an exhibit at this Exposition and the Secretary was instructed to make a campaign for funds for this particular purpose. It is the hope of the directors that at least 1,000 square feet may be had. However, it is the plan of the organization to be there in some form; preferably with a large exhibit.

Rather than go to the expense of sending a representative to see the various firms and individuals in Eastern Carolina, the sectional organization is mailing out 1,000 letters to as many firms and individuals with the request that as large a check as possible be sent back immediately to be used in defraying the expenses of this exhibit.

The letter says that every cent of the funds raised in this way will be used for this purpose and every firm and individual is urged to make his check just as large as possible. The plans call for an Eastern Carolina exhibit with out any particular exhibit or town being featured. However, any town may have literature there for distribution in the booth.

"We are appealing to the progressive business men of Eastern Carolina to help us put Eastern North Carolina first," said President John W. Holmes while discussing this matter recently. The exhibit will be just as elaborate as the people of Eastern Carolina make it.

Senate Run Blind Trail in Inquiries

Washington, June 14.—(AP)—The Senate campaign funds committee ran a blind trail today when it tried to discover who was expected ultimately to pay the bill incurred by the "Republican citizens committee" in its support of the Pepper-Fisher ticket this year in Pennsylvania.

William H. Fowell, treasurer of the committee, said that he and Joseph Grundy signed a joint notice for \$90,000 to make up the deficit, but could not say from whom they expected to get their money back. Questioned at great length he testified that citizens of the state were expected to pay and again that "manufacturers" were looked to to make up the amount. However, he steadfastly refused to mention any name.

Asked directly whether he had any member of the Mellon family in mind as a possible source for help, the witness replied in the negative.

Several Injured In Hand Car Wreck

Asheville, June 14.—(AP)—Mildred Anderson, 10, was seriously injured and half a dozen other young people, all members of the concert company from the Odd Fellows Home at Goldsboro, now touring Western Carolina, were brushed and shaken up near Canton, N. C., last night when they were thrown from a hand car.

They were riding on the car for amusement while waiting for the hour to give their concert in Canton. The young girl was taken to a hospital in Asheville where it was found she had suffered a concussion of the brain. She is expected to recover.

HEAVY PROPERTY DAMAGE REPORTED IN MIDDLE WEST

Chicago, June 14.—(AP)—Hundreds of flooded homes, bridges, highway and railway tracks washed out, electric and telephone services disrupted, and scores of fires were in the wake today of wind, electrical and torrential rain storms that swept the middle west yesterday causing thousands of dollars in property damages, but bringing relief to the drought stricken areas. One man was killed by lightning and another who touched a broken wire was electrocuted.

Rockford, Ill., experienced its worse flood in thirty years. Some were forced to flee from their homes while others took refuge on the roofs and upstairs rooms.

A number of bridges in the vicinity were washed away. One of them carried with it two automobiles and seven passengers. The cars were washed down-stream, but the passengers were rescued. The rain fall during an hour and a half late yesterday amounted to 4.41 inches.

Basements were flooded in Chicago and water in the streets interrupted automobile and street traffic.

SUMMER TERM OF E. C. T. C. TO OPEN TUESDAY

All Available Dormitory Space Has Been Taken; 200 Refused Admittance

East Carolina Teachers College will open its summer terms tomorrow. All available dormitory space has been taken and upward of two hundred have been refused admittance for lack of room.

L. R. Meadows, director of the summer school has his plans all made to run two shifts in the dining room so that a greater number can be fed than otherwise could be. This will enable the college dining room to accommodate some 650 students. He is expecting an enrollment of between seven and eight hundred.

The teachers for the summer session, in addition to the regular year-round faculty, are as follows: Miss Maude Hood, Alexander, Ala., critic teacher; Miss Inez Furness, Shreveport, Ala., critic teacher; Miss Ruth Liverman, LaOrange, Ga., English; Miss Maggie Denison, Conway, Ark., Biology; Miss Blanche Lancaster, Wilmington, N. C., Mathematics; D. T. Ferrell, New York, Educational Psychology; Miss Louise Burton, Nashville, N. C., Music; Mrs. A. A. Harrell, Covington, Ga., Dining Room matron; Miss Gladys Kennedy, Mooresville, N. C., Geography; Miss Jessie L. Keep, Nashville, Tenn., Physical Education; Miss Nettie Brogden, Tallahassee, Fla., Primary Education; W. R. Mills, Louisville, N. C., Education; Miss Irene Hand, Greenville, N. C., English; Miss Martha Armstrong, lady principal.

The same work is offered in the summer school at the college that is offered during the regular term. The summer term runs two weeks and is one of the four quarters of the year's work. A great many young women who attend during the regular year return for the summer. In this way the four-year course may be done in three years. The college will have a graduating class at the end of the summer of some forty or fifty members.

GALESBURG FOLKS GET DIZZY FIGURING OUT THIS TANGLED LOVE PROBLEM

Galesburg, Ill., June 14.—(INS)—A weird love triangle which has involved two men, three women, nine children and a valuable farm during the last year, has been straightened by the court and the marriage license bureau to the satisfaction of all parties, so the parties say.

CYCLONE MACK TO VISIT HERE SEVERAL DAYS

To Preach at Union Service Sunday Night; In Memorial Baptist Morning

Rev. B. F. McLendon, more favorably known as "Cyclone Mack," by thousands of people in this part of the country, will reach Greenville Friday.

Sunday morning he will fill the pulpit of the Memorial Baptist church. Sunday evening he will speak at union services to be held on the court house green. All churches of the city will close for the evening service, and everyone will have an opportunity of hearing the distinguished evangelist.

While in the city Mr. McLendon will be the guest of Gus Forbes at his country home a few miles west of Greenville.

SPECIAL TERMS SUPERIOR COURTS BEGIN SESSIONS

Two Special Terms and Nine Regular Terms Open in Various Counties

Two special terms of Superior court will begin today. In Gaston county a two-weeks special civil term will open tomorrow, while in Harnett county a criminal term to last one week will begin.

G. V. Cooper, of Kinston, has been named emergency judge to hold court in Gaston county, and Judge N. A. Sinclair, of Fayetteville, will preside over the special term in Harnett county.

In addition to these special court terms, nine regular court terms will begin tomorrow morning in as many counties in this State.

In Mecklenburg, where a one-week civil term is to be held, Judge Romulus A. Nunn, of New Bern, will hold court in lieu of Judge P. A. McElroy, of Marshall. In Alamance, emergency judge J. C. Guilford, of Dunn, will hold court. The Alamance term is for one week, for the trial of criminal cases.

Judge Thomas H. Calvert, of Raleigh, goes to Martin county to hold a one-week term of court. Both criminal and civil cases are on the docket.

In Vance county the first week will be devoted to the trial of jail and civil cases, and the second to the civil docket. Judge E. H. Cranmer, of Southport, will preside.

Judge G. E. Millvete, of Jacksonville, will preside in Brunswick county. The term is civil, for one week.

In Rockingham, a two weeks' civil term begins tomorrow, with Judge J. L. Webb, of Shelby, presiding.

Judge Michael Schenck, of Hendersonville, goes to Richmond county, and Judge John M. Oglesby, of Concord, to Cherokee. Each of these terms is for one week. Both are civil.

The Guilford term is likewise for one week, but is exclusively for the trial of criminal cases. Judge T. B. Finley, of North Wilkesboro, will hold the Guilford term.

Withdrawal Follows Brazil's Earlier Act in Resigning From the Council Because of Refusal to Grant Permanent Seat

Geneva, June 14.—(AP)—Brazil, has resigned from the League of Nations. Notification of this step received by cable today from Foreign Minister Pacheco at Rio de Janeiro, created consternation in League circles. The withdrawal follows Brazil's earlier act in resigning from the League Council because of the refusal of the powers to grant her a permanent seat simultaneously with Germany, who was promised one at the Locarno conference.

League officials, basing their opinion on Ambassador Mello's speech in which he stated he would await the final report of the Council reorganization commission, had been confident that the Rio Government would not take the final step until the European diplomats had opportunity to try diplomatic negotiations.

The powers had planned to placate Brazil and Spain by promising them support for regular re-election as non-permanent members, thus giving them in effect if not in name a permanent membership. League officials still hope that the entrance of the new Brazilian President this coming fall may bring a change in the Rio government leave policy as carried on by President Bernardes.

Brazil now is in the same position as Costa Rica, who gave notice of resignation in 1924 and who thus is entitled to withdraw legally next December.

Marr Resigns As Manager of Raleigh Team

Raleigh, June 14.—(AP)—A. C. "Runt" Marr, manager of the Raleigh club of the Piedmont League, resigned today after a conference with Duke Duncan, president and major owner of the club. The local club is now negotiating with Zinn Beck, last year's manager of the Greenville, S. C., team in the South Atlantic League, it is understood. Marr has under consideration two offers, he said, but declined to say from whom. No statement was made by either party as to the reason for Marr's resignation.

Baptists Will Attend Session at Birmingham

Wake Forest, June 14.—(AP)—One hundred and twenty-five representatives of Baptist students of both denominational and state schools in North Carolina are planning to attend the first Southwide convention of Baptist students which will be held at Birmingham, Ala., October 28th to 31st. R. P. Downey of Wake Forest College, representing North Carolina on the executive committee of arrangements, has announced.

The convention, to be held under the auspices of the Inter-Board Commission on Student Religious Activities of the Southern Baptist Convention, will be devoted to a serious study of the social, practical, personal and religious problems of college students. In addition it will formulate plans for more closely aligning the college students with the churches in college towns and preparing them for efficient service in churches following their graduation.

The executive committee estimates that more than 1,000 students will attend. Various states have already assumed definite quotas.

NORTH CAROLINA GROWS

North Carolina is attracting favorable comment from all parts of the country. And she deserves it. There is nothing remarkable about the rapid development and expansion of the great state of ours. Our natural resources compare favorably with any other state in the Union, and we have the required amount of grit and determination to put them across.

The growth of this state forms a striking contrast to the boom in Florida. Our advancement is based upon what actually exists. That in the "Cracker State" resulted from that which was supposed to exist. Florida is reaping what she sowed. She attracted attention of the world by highly colored pictures of affluence and idleness. And the reaping has been in proportion to the extent of her exertions in this direction.

North Carolina is not endeavoring to attract attention of the speculator and investor only in a minor way. She realizes that the speculator uses any convenient means for disposing of anything he may acquire. The investor endeavors to put the deal across. And both contemplate reward in proportion to their dreams and exploitation. The result is inevitable. The time for readjustment always must come. When it arrives, the bottom drops out. Dreams assume more tangible form. Actualities exist.

North Carolina is going forward. But she is going to do it in an honest and honorable way. She does not care for any short boom period. She means to develop along the lines which caused a little colony to develop into a mighty nation of one hundred and ten million souls. If she can grow in that way, there is nothing to be said. And she is going to do it that way or not at all.

WHY WE ARE GROWING

The ordinary human being—and most of us are very ordinary when we take stock of ourselves—seldom notices the rapid growth in the realm of nature. The proud parent seldom ever notices the development of his young son or daughter. We never notice the growth of a flower or plant. But let someone who has been away for awhile see the plant or the child, and they immediately discern the rapid growth made in their absence. And so it is with the city.

We never notice how rapidly our home town or city is developing around us. We fail to perceive the number of new enterprises and industries coming in from time to time. And most of all, we never try to find time to take stock of ourselves and our town to see what we are doing.

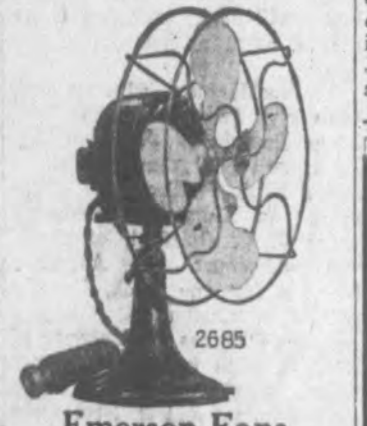

Anybody who has been away from Greenville for a year or two is profoundly impressed by the rapid growth in all branches of life. A man who had been absent from the city for two years came to us the other day and expressed surprise and gratification at the changes which had taken place during his absence. He expressed opinion that Greenville eventually would become the leading city in Eastern Carolina. Naturally, we agreed with him, because we have always entertained the same notion.

The opinion voiced by this visitor is being expressed on every hand. Outside interests have faith in the ability of the Greenville business man and woman. They know that they can be counted upon to put things across when success seems impossible. It is this faith in ourselves, our section, and our God that is the foundation of our growth and our prosperity. And it must forever be faith in our own unlimited possibilities that shall make us great and wise and strong.

## ASHEVILLE LEADS ENTIRE STATE IN NEW BUILDINGS

### Month of April Showed Great Increase Over Month of Previous Year

Raleigh, June 14.—(AP)—Leading every other North Carolina city by a safe margin in the percentage of increase of building operations during last April over the same month of 1925, Asheville is shown in figures issued by the Federal Reserve Bank to have increased construction 88.7 per cent, while Raleigh leads for the state in decrease with a 57.8 per cent decline.

Taking nine representative cities of the state, Asheville, Charlotte, Durham, Greensboro, High Point, Raleigh, Salisbury, Wilmington and Winston-Salem, the Bank computing the percentage of increases, or decreases, as the case may be, finds Greensboro second in percentage of increase with 60.2. High Point, the only other North Carolina city on the list showing any increase, follows with 8.5 per cent.

The remaining six cities, with Raleigh leading, all show decreases over the previous year. In April of 1925, Asheville's expenditure for new construction was \$622,880, while for the same period this year construction had increased to \$1,161,219. Alterations had increased from \$30,579 to \$38,890. One hundred and twenty-four permits for new construction were issued this year, in April, while 61 were issued for that time last year. One hundred and seven permits for repairs were issued in April 1926 to 71 for that time last year, the Federal Reserve Bank shows in its tabulation.

In April, a year ago, Raleigh's new construction work amounted to \$28,925, while during April of this year it only reached \$175,478. Alterations for April of last year in Raleigh amounted to \$18,400 and this year, in April, the figure only reached \$12,833.

Charlotte's total valuation has increased the Bank figures, \$546,650, while, according to other figures tabulated on the same report, Raleigh has decreased \$258,724.

The entire number showing decreases in the volume construction show proportionate declines in valuation, while the three showing in building operations, show similar increases.

### London May Install A Marriage Bureau

London, June 14.—(INS)—The question has been raised here of the advisability of establishing an official marriage bureau.

Throughout the country, according to local Boards of Guardians, municipal authorities are flooded with requests from bachelors searching for wives and with girls and widows desiring husbands. At Dorset recently a widow asked the Guardians to find her a husband, and the result was that forty applications were received within a fortnight from men who were willing to provide a home for the unknown. When the existence of the prospective husbands became known, applications came in from seven widows and one spinster of 28.

The Guardians threw up their hands and declared it was not their business to arrange marriages, though some members of the board were of the opinion that much good might be derived from the establishment of an official agency for handling applications from men and women who are matrimonially inclined.

The proposal is opposed by Miss Florence Underwood of the Women's Freedom League.

"If a man wants a wife or a woman wants a husband," she said, "they should go out and look for one. The government has enough to do without running a matrimonial agency."

### French Money Values Tumble

Paris, June 14.—(AP)—The French franc today tumbled to a new low record for all time, reaching 36.57 to the dollar.

The opinion is growing more and more that the franc can never be stabilized until the entire situation, political as well as financial, is settled.

Economists feel that the government will be obliged to decide on financial measures and to settle the political crisis which is expected to result. The monetary situation can be solved that exists, only by radical measures which would cause a temporary but serious economic derangement.

ment. This derangement can be avoided, they say, only if it is possible for the government really to disregard all partisan considerations and proceed with the stringency measures that the situation requires.

### Rocky Mount Man Is Fatally Injured In Auto Accident

Rocky Mount, June 14.—(AP)—R. F. Schroder, 30, contractor, formerly of this city, but now of Whitakers, was fatally injured when the automobile which he was driving, was in collision with another car driven by Raymond Green, a negro, on the Goldsboro road a short distance from this city. The force of the collision precipitated Schroder from his machine and against the bumper of the negro's car, crushing his chest and causing other internal injuries from which he died while enroute to a hospital.

Greene was exonerated of any blame as the accident was declared unavoidable by investigating officers. At the time of the accident Schroder was coming from a detour into the main road and a fringe of trees obscured his view of the highway.

### Forty-Four Killed In Dixie Traffic During Past Week

Dixie's toll to traffic including air plane and railroad accidents during the past week was 44 persons killed and 263 injured, a survey conducted in eleven southern states by the Associated Press revealed today.

Georgia leads the entire Southern States in the number of persons killed with nine reported and 54 injured. Florida came second in the injuries toll with 43, while North Carolina came second in the killed with seven. North Carolina reported ten injured.

### BALANCED BREAKFAST DISCUSSED BY WOMEN OF GUILFORD COUNTY

Greensboro, June 14.—(AP)—A balanced breakfast has been the topic for discussion and demonstration at the women's clubs of Guilford county during the past month. At the Brightwood club recently the members drew slips of paper on which were the names of the dishes they were to prepare and a committee of four was appointed to enjoy the meal.

### O'Donnell Here

A huge throng greets Patrick Cardinal O'Donnell of Ireland when he arrived in New York on his way to the International Eucharistic Congress in Chicago.

After the cereal with fruit had been eaten, this committee rebelled and a new committee was appointed to eat the remainder according to Miss Addie Houston home agent.

### Ask World to Help In Shakespeare Fund

London, June 14.—(INS)—Five distinguished Englishmen representing art, architecture, finance, literature, and the stage, are to act as advisory council to the governors of the Shakespeare Memorial Theatre at Stratford-on-Avon in the work of erecting and endowing the new building to take the place of the one burned down by fire last March.

Special mention is made of the large number of subscriptions received from Americans in the appeal for new funds, and hopes are expressed that many more donations will be received from the United States.

### Memorial in Flanders for Irish War Heroes

Dublin, June 14.—(INS)—Leaving Dublin August 13, over 1,000 officers and men of the 16th Irish division, together with relatives of officers and men who fell in the World War, will make a pilgrimage to the Flanders battlefields to witness the unveiling of memorials to the division at Wytchaete and Guillemet.

After mass and divine service at Ypres August 15, the party will leave for Wytchaete, where it is hoped the unveiling ceremony will be performed by the King of the Belgians. On the following day Marshal Foch will unveil the second cross at Guillemet.

A picnic luncheon will be held on the battlefields, after which the party will travel to Thiépval, where a wreath will be laid on the memorial there to the men of the 30th Ulster Division, who fell in the war.

### Moscow Housemaid Sentenced to Siberia

Moscow, June 14.—(INS)—A pearl, but a black pearl, among housemaids, is the title given by Moscow police to Miss Darya Smirnova, 39, just arrested here, who, in the course of twenty-five years' stealing from trustful mistresses, got away with a total of more than \$300,000.

Miss Smirnova is known to the police under 100 different aliases. She worked for Grand Duchesses before the revolution and for the wives of Soviet officials after it.

In every job she gave perfect satisfaction until the day came when she walked off with everything not nailed down. Her collection of forged recommendations would fill a five-foot shelf. "If I had saved my money," she declared, "I could have a villa in Switzerland now." The Soviets are providing her with a six-year residence in a Siberian penal colony.

### American Legion to Celebrate on July 4 Signing Declaration

Indianapolis, June 14.—(INS)—Simultaneous ceremonies throughout the entire country under the auspices of the 10,250 American Legion posts and with hundreds of thousands of people participating, will be held on the afternoon of Sunday, July 4, to commemorate the adoption of the Declaration of Independence, 150 years ago, National Adjutant Jas. F. Barton of the Legion, announced here.

Calling the roll of the fifty-six signers of the Declaration with feature the joint ceremonies, according to Frank C. Cross, director of the Legion's National Americanism Commission, under whose direction plans are being pushed forward.

The ceremonies will be timed, it was announced, so that they will be held as nearly as possible at the exact minute when the Declaration was adopted. Tradition fixes the time as 4 o'clock in the afternoon, Mr. Cross said.

## Health and Refreshing Beauty

Their Secret Is In Your Bedroom

Fortunately for the modern woman, health, and the beauty which comes from health, depend more upon how she sleeps than upon how long.

It often happens that those who sleep the fewest hours enjoy the most brilliant beauty and radiant health, because they know the secret of perfect rest. Others, who spend many hours of each night in bed, are the victims of many physical ailments, because they do not know how to throw off fatigue.

Each day fills the system with fatigue poisons or toxins—and each night should remove them. If you "wake up tired" in the morning, it is a sign that the poisons are still there, and flabby facial muscles are very often the danger sign of a sagging bedspring.

When your circulation is blocked by a distorted, twisted sleeping position—when you nerves are deadened by the pressure of a cramped spine—ten hours of such sleep may do less good than seven hours of sleep which is comfortably, luxurious, buoyantly relaxed.

These principles have been recognized in the construction of Rome Quality DE LUXE, The Bedspring Luxurious. This bedspring supports every part of the body in gentle balance; it keeps the spine straight, no matter how you lie; it prevents harmful pressure on delicate nerves; it allows the muscles and the whole body to relax—and deep, health-building sleep is the natural result.

Millions have felt the benefits of this DE LUXE principle which is to produce perfect sleep. Rome Quality DE LUXE Bedsprings keep their resilience for a lifetime. Buy them for economy as well as for healthful beauty. Sold by
