COOLIDGE SAYS U. S. SURPLUS IS \$390,000,000

Makes Report of Nation's Condition At Meeting of the Budget Commission

Washington, June 22.—(AP)—A treasury surplus of \$390,000,000 for this fiscal year ending June 30 was predicted tonight by President Coolidge, but he withheld promise of early tax reductions pending a test of a program of "constructive economy, which he said should produce surpluses also for the next two years."

Addressing the semi-annual budget meeting, Mr. Coolidge estimated that the next fiscal year, beginning July 1, should be closed with a surplus of \$185,000,000 on the basis of present estimates of receipts and expenditures, and the following year with a margin of \$20,000,000.

"It would be unfortunate to raise hopes of further tax relief," he continued, "until we are sure that the state of our finances justified it. There is no such surety today. Business was quick to anticipate the last tax reduction. It was justified in doing so. To raise such hopes at this time might be to encourage business, to anticipate again, as it did in the year 1925, further tax reduction. This might have a detrimental effect upon the stabilization of the country under the present tax law."

Facing the necessity of public improvements such as the present authorized buildings program, the President said, the government could not expect an "appreciable reduction" in total annual expenses, and he proposed therefore a gradual reduction in personnel.

"It is very easy to have too many people on the pay roll," he said. "The reductions which have been made in personnel show no detrimental effect upon our results. Rather has it seemed to improve the efficiency of the service. I am encouraged in the thought that we can have further reduction of personnel without discharging a single person, by the simple device of not filling all the vacancies that occur. This would not operate in the summary separation of anyone from the federal service."

Debt reduction also was emphasized by Mr. Coolidge as an essential element in constructive economy. Every dollar applied to the debt saves at least four cents a year in interest to the people of this and coming generations, he said.

The President again reproached the state and local governments for their increased expenses, warning it was fraught with grave consequences. In 1921, he said, the cost of all government in this country was \$9,500,000,000, of which federal expenses constituted almost 60 per cent. In 1925 the cost of all government had increased to \$11,500,000,000 of which only 27 per cent was represented by federal expenditure.

While expenditures of the federal government probably will reach \$3,600,000,000 for the next fiscal year, Mr. Coolidge expressed a hope the following year could be concluded at a surplus of \$3,200,000,000 exclusive of the Postal Service and tax refunds.

NEGRO CHARGED WITH ASSAULTING WHITE PERSONS

Cannie Price Cuts Herbert Lewis, White Farmer, and Attacks His Wife

Cannie Price, colored, is held in the county jail here today awaiting trial on a charge of assault. He is charged with attacking Herbert Lewis and wife, white, who reside three miles southwest of Greenville. Lewis received a painful wound in the left side of the neck which was inflicted by the negro with a pocket knife. The wife was thrown clean across the porch upon which the affray took place when she attempted to interfere.

Price is a tenant on the farm of Lewis. He became dissatisfied over some matter pertaining to the crops. He engaged in a controversy with Lewis. In the midst of the wrangle, he is alleged to have drawn his knife and used it as effectively as possible until the woman interfered. He was arrested yesterday afternoon by Deputies Sellers and Pierce. He will probably be given a hearing in county court today.

STATE EXAMINERS REVOKE LICENSES OF TWO DOCTORS

Physicians Charged With Violating Harrison Narcotic Act; Others On Probation

Raleigh, June 22.—(AP)—The State Board of Medical Examiners in session here today, revoked the licenses of two physicians—Dr. Memory F. Boyles, of Gastonia, and Dr. Frank V. Taylor, of Stanley, Gaston county. The two physicians were convicted of violating the Harrison narcotic law in Federal Court at Charlotte in April, 1925, and were given sentences in the Federal prison at Atlanta.

At its session yesterday Dr. Edward H. Bowling, of Durham, whose license was revoked in July, 1925, was placed on probation, and Dr. L. J. Stoner, also of Durham, was restored to full privileges. This difficulty with the board also grew out of Federal narcotic charges.

Science Tries Power Process On New Foods

Ithaca, N. Y., June 22.—(AP)—G. W. Cavanaugh, professor of agricultural chemistry at Cornell University, is endeavoring to apply to other foods and food crops the methods by which milk is reduced to a powder containing all the nutritive properties of the fluid product.

He believes his experiments thus far indicate that means will be found to concentrate, and thus save, many perishables in which the percentage of loss is now very high. "One of the chief functions of agricultural chemistry," he said, "is to show man how to make the best possible use of his food after nature has done her part by growing it. If we can preserve foods by concentrating them rather than by using preservatives, we will have made a great economic gain. It is towards these ends that we are working."

Chas. W. Cohn, age 30, a lineman for the Southern Power Company, was killed here today when a heavy pole fell across him. The accident occurred this morning when Cohn and other linemen were unloading poles from a truck.

TODAY

(Copyright 1926) Wanted—Safety. Always Experimenting. Buy Loud. Don't Wait. The Free Thinkers. By ARTHUR BRISBANE

A railroad wreck killed 15 injured 50, of whom some may die. One train ran into another that had stopped for repairs. The engineer was killed, as usual, perhaps justly. The New Jersey Central Railroad has experimented recently with a safety device that makes it IMPOSSIBLE for a locomotive to run into a train ahead, or for two locomotives to collide head-on. Switzerland owns her own railroads, they are national property, and are equipped with all safety devices. Why not try such devices on the privately-owned railroads in the United States?

In spite of occasional accidents it may comfort you to know that American railroads are the safest in the world. According to good authority, the superior safety on British railroads is "a venerable myth." The safety section of the American Railway Association convinces you that English railroads cause twice as many deaths PER PASSENGER MILE as American railroads.

In justice to British railroads, it must be mentioned that traffic is more congested with forty million Britons traveling up and down in a territory smaller than the state of California.

Dr. Butler, learned head of Columbia University, tells a campaign in Paris that self-government in this world is essential. Government has always been on trial, ever since the first thinking, two-legged animal with a spear and a bow, and a human citizen, the others made himself the boss. We shall always be experimenting, and, thank heaven, always gradually improving. The Angel Gabriel will find us experimenting when he comes. The life of the individual and of the race has been a long experiment and that makes life interesting.

Dr. Butler says, "The world out grew communism 2,500 years ago, and socialism in the sixteenth century." The world has never really TRIED socialism or communism, and never will. When socialistic and communistic ideas are tried out we give them other names. A great public park, or magnificent public school, paid for by taxes, and free to rich and poor, represents both communism and socialism. But we call such socialism "intelligent government."

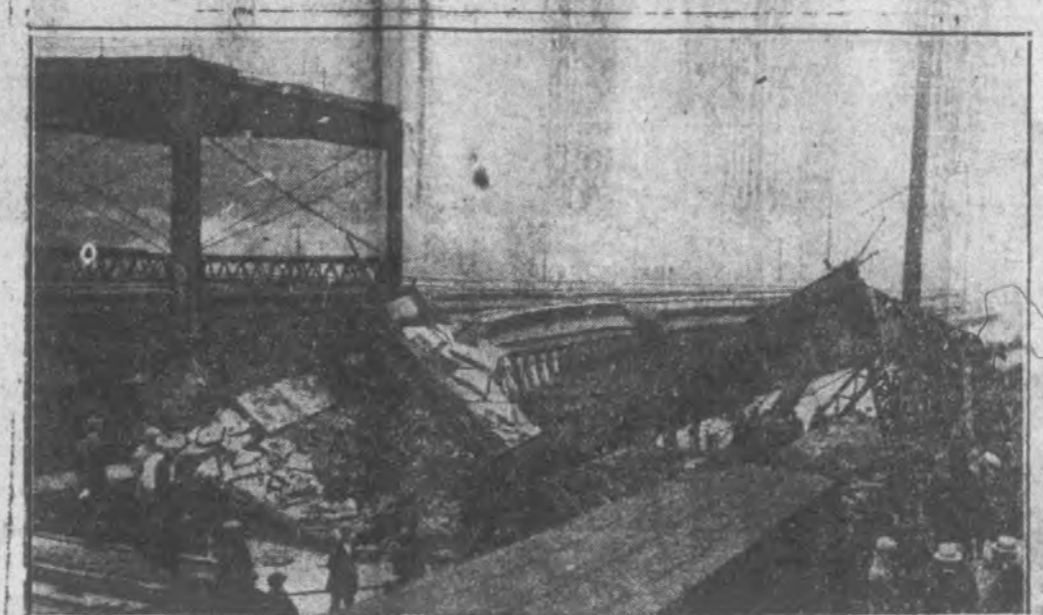

If opportunity offers, get a good piece of land between Portland, Maine, and San Diego, or between Seattle and Miami. Don't wait; that is expensive. Three or four years ago the Vanderbilt New York house at Fifty-seventh Street and Fifth Avenue was offered at four and one-half millions. Frederick Brown, asked by this writer why he didn't pick up such a bargain—Brown is the biggest real estate operator in the country—said, "Oh, it's dirt cheap, of course, but I like to buy things that I can sell to any one of a thousand customers. Buyers are limited for a place like that."

Before he sailed for Europe recently Mr. Brown arranged to buy that same Vanderbilt house for \$7,10,000. It cost him \$2,000,000 to wait. The Freethinkers' Society of New York protests by telegram to Governor Smith and Mayor Walker against a reception given to the visiting cardinals in New York city hall last Tuesday.

The Freethinkers are especially agitated because a "throne" had been prepared in New York's aldermanic chambers for Cardinal Bonzano, representing the Pope. The Freethinkers say that because the United States doesn't recognize the vatican or the temporal power of the Pope, does not send a representative of this government to the vatican, New York's governor and mayor had no right officially to receive the pope's representative in New York City. "Freethinkers" should think a little MORE freely. The visiting cardinals are certainly distinguished foreigners. It is customary to receive distinguished foreigners in the city hall, kings, princes, foreign dignitaries coming here to borrow, etc. Governor Smith and

(Continued on Page 6)

Train Hits Viaduct, Viaduct Hits Ground

A train struck a pillar supporting a viaduct over a Jersey City freight yard. The viaduct collapsed, impeding traffic in four directions. None was hurt.

DR. CHAPPELL TO BE GIVEN HEARING SOMETIME IN JULY

Asheville Minister Absolved of Charges of Immorality By Memphis Police

Asheville, June 22.—(INS)—Absolved of charges of immorality preferred by Memphis, Tenn. police, Dr. Arley Chappel, one of North Carolina's leading religious leaders, today awaits trial by a committee of 13 churchmen at Statesville, N. C. The minister's trial is scheduled to be heard some time next month. Chappel, pastor of the Asheville Central Methodist church, was suspended from his charge a few days ago.

Chappel's friends declare he is a victim of a series of sinister coincidences. Here is one version of the affair: While attending the Methodist Conference at Memphis last month, the minister went out for a walk one night, following a long session of the conference. The occasional victim of a serious physical affliction, Chappel was stricken, and, crazed with pain, sought refuge in a negro woman's home to rest for a few minutes and recover his strength. The house which he entered was being watched by police, it was said, and it was immediately raided. The clergyman was taken to police station and locked in a cell. When he was able to communicate with friends and his identity established, he was released by Memphis police and acquitted of all charges.

Dr. H. K. Boyer, of Shelby, N. C., has been appointed by the North Carolina Conference to defend the Asheville minister at the church trial.

Cattle Removed From Provision of McNary Bill

Washington, June 22.—(AP)—Cattle was removed from the provision of the McNary Farm Bill today when the Senate adopted an amendment suggested by Senator Kendrick, Democrat of Wyoming. Another amendment adopted would make the equalization applicable to corn, immediately upon passage of the bill instead of three years later as originally provided. It was offered by Senator Norris, Republican of Nebraska.

Alaska's Fur Production Nearly Hundred Million

Seattle, June 22.—(AP)—Furs shipped from Alaska to the United States since its purchase in 1867 have been appraised at \$98,800,000. The value of last year's output was \$3,000,000. Ninety per cent of the world's fur seals are in a herd owned by the United States government in the Pribilof Islands, off the coast of Alaska. The herd numbers approximately 700,000. Government sales of fur seal skins during the fiscal year ending on June 30, 1924, totalled \$528,823.

THREE NEGROES IN JAIL HERE ON LARCENY CHARGE

Negro Man and Two Women Charged With Stealing From Stores of the City

Harry Cutlerbridge, Mary Francis Outerbridge and Carrie Mack, colored, members of a local band of thieves who have been operating among various stores of the city, are held in the county jail today awaiting trial on a charge of larceny. One colored woman, believed to be implicated, is being sought by officers. Her arrest is expected momentarily.

News reached the sheriff's office some time ago that the women in the case had been wearing mighty fine clothes. Neighbors said they came out from day to day gowned in the latest and most fashionable colors and materials. The man himself was the last wild scream in sartorial splendor.

The officers investigated and found several articles of wearing apparel, including fifteen expensive dresses. Several dresses were identified by J. C. Perry & Company. Some piece goods were claimed by Mount-Harvey Co. There are several other pieces in the hands of the sheriff but so far the owner has not been found.

Facists Also Intend to Restore Culture of Old Rome

Rome, June 22.—(AP)—Facist Italy intends to be the restorer and successor of the Roman Empire of the Caesars culturally as well as politically. With the work of restoring Rome's architectural supremacy the government has turned to reclaiming Italy's heritage in the other arts. Virgil, considered the symbol of Rome's poetical genius, will be honored by a magnificent monument at Mantua.

Republicans Get Bruises in Melee At Big Meeting

San Antonio, Tex., June 22.—(AP)—A score of Bexar county Republicans—including one woman—today nursed bruises received in a melee at an executive committee meeting last night at which supporters of H. M. Wurzbach, Texas' only Republican Congressman, emerged victorious over a faction headed by National Committeeman R. B. Creager, in a dispute over party patronage.

BRIAND'S TENTH CABINET BEGINS ON DEBT ISSUES

Ratification or Non-Ratification of Washington Settlement Expected Soon

Paris, June 22.—(AP)—A long conference this afternoon with M. Poincare and Paul Doumer, the tentative choice for finance minister, brought Premier Briand a little nearer solution of the cabinet crisis. The conference broke up at 6:25 to be resumed late in the evening. It is understood that M. Briand meanwhile, will consult former finance minister Caillaux.

Paris, June 22.—(AP)—Ratification or non-ratification of the Washington debt settlement and decisions on other questions bearing on stabilization of exchange and financial renovation of French finances will determine the Aristide Briand's 10th cabinet which is now completely recruited, will be officially announced.

Paul Doumer, who is asked to take the Finance Ministry, which he left about four months ago after an adverse vote in the Chamber, makes his acceptance conditional upon a previous agreement by the members of the new cabinet on the precise program which the Ministry would be obliged to defend without amendment before parliament.

Airplane Pilot Dies of Injuries

Norfolk, Va., June 22.—(AP)—Claude D. Colley, owner, and pilot of the airplane which crashed yesterday near the naval base instantly killing George H. Hubbell, a passenger, died today in a hospital. Colley is the fourth man to die in ten days as a result of airplane accidents near here.

Coolidge Signs Bill for Aid In Road Work

Washington, June 22.—(AP)—President Coolidge today signed the bill to continue federal aid for road work. It authorized an appropriation of \$75,000,000 for the fiscal year 1928 and a similar amount for 1929.

CAMPAIGN COMMITTEE INVESTIGATES ACTIVITY OF WOMAN'S UNION

PROHIBITION VIOLATORS GO TO THE ROADS

Judge Darden Well Entertained in County Court With Volstead Violators

Violations of prohibition laws and giving worthless checks occupied attention of Judge W. A. Darden in this morning's session of county court. The session was longer than usual, owing to the amount of evidence involved in the various cases. West Baker, charged with manufacturing liquor, was sentenced to four months on the county roads. Ed Leggett, charged with manufacturing whiskey, was given six months on the roads, sentence to begin anytime within two years at suggestion of the court. He was required to give \$200 bond. C. L. Wilkinson, giving worthless checks, was released upon payment of costs.

Paul Alford, was fined \$50 and costs and required not to drive an automobile in Pitt county for a period of twelve months on a charge of reckless driving while drunk. H. M. Venters was sentenced to the roads on a charge of assault on a female. Sentence is to begin, any time within two years at discretion of the court, if defendant should violate any criminal laws, and especially the prohibition law, or mistreat his wife. He was required to give \$300 bond. Leslie Elks and E. T. Evans, were charged with assault. Evans was adjudged not guilty. Elks was fined \$20 and costs. Richard Dudley, colored, charged with larceny, was sentenced to three months on the roads.

Memorial to Cohans is His New Chicago Theatre

Chicago, June 22.—(AP)—Behind the footlights of the Olympic theater here, the Four Cohans—Jerry and Helen and their children, George M., and Josephine—first found themselves headliners on a vaudeville bill. On the roof garden of the Old Masonic Temple here they appeared at a salary of \$1,000 a week when that was unprecedented pay for a vaudeville quartet. And here, at the Colonial theater, eighteen years ago, the curtain first rose on "Little Johnny Jones," one of the greatest of George M. Cohan's hits.

PLAY FOR GOLF CUP HAS BEGUN AT COUNTRY CLUB

Golf Committee Has Established Handicaps and Selected Pairing for First Day

The third annual tournament for the president's cup of the Greenville country club was given today with practically all men golfers engaging in play. This is the third time the cup has been played for. It was previously won by J. S. Ficklen and W. W. Lee. The golf committee established the handicaps and selected the pairing for the first days play, as follows: John Shorts, 18, and J. I. Morgan, 17; S. T. Heath, 18, and J. M. Henderson, 8; W. W. Lee, 8, and J. L. Little, 18; John Flanagan, 14, and C. Heber Forbes, 20; Roy Batchelor, 18, and E. S. Williams, 14; W. Z. Morton, 17, and N. O. Warren, 18; Geo. Chapman, 11, and Charles James, 22; Carey Mayo, 8, and Graham Flanagan, 15; J. B. James, 23, and Abdon Dunn, 19; E. G. Flanagan, 14, and L. H. Bowling, 11; W. H. Woodard, 10, and R. H. Wright, 18; J. J. Sumrell, 23, and R. C. Deal, 10; J. H. Ross, 14, and Edward Batchelor, 22; J. H. Waldron, 8, and Luther Herring, 12; W. L. Whitehead, 12, and J. J. White, 14; J. F. Bowen, 17, and J. S. Ficklen, 19; R. G. Little, 13, and J. C. Lanier, 13; K. W. Cobb, 30, and E. B. Ferguson, 15; S. T. White, 15, and J. Knott Proctor, 10.

Argument Started In Crowder Trial

Henderson, June 22.—(AP)—Argument by counsel started with the opening of Vance county Superior Court this morning and the trial of R. B. Crowder, charged with embezzlement of more than \$50,000 of the funds of the defunct Farmers and Merchants Bank, of Henderson, and indications were the entire session today and probably tonight would be required for them to complete the presentation of the case to the jury. Taking of testimony was finished last Monday afternoon. It is expected that the counsel's charge to the jury will be the first order of the court tomorrow morning and that the case will be in the hands of the jurors by noon. Roy Rassa infuriates John Bull by doing more than just flouting a flag, so that play can begin Friday for the second elimination. —Gastonia Times.

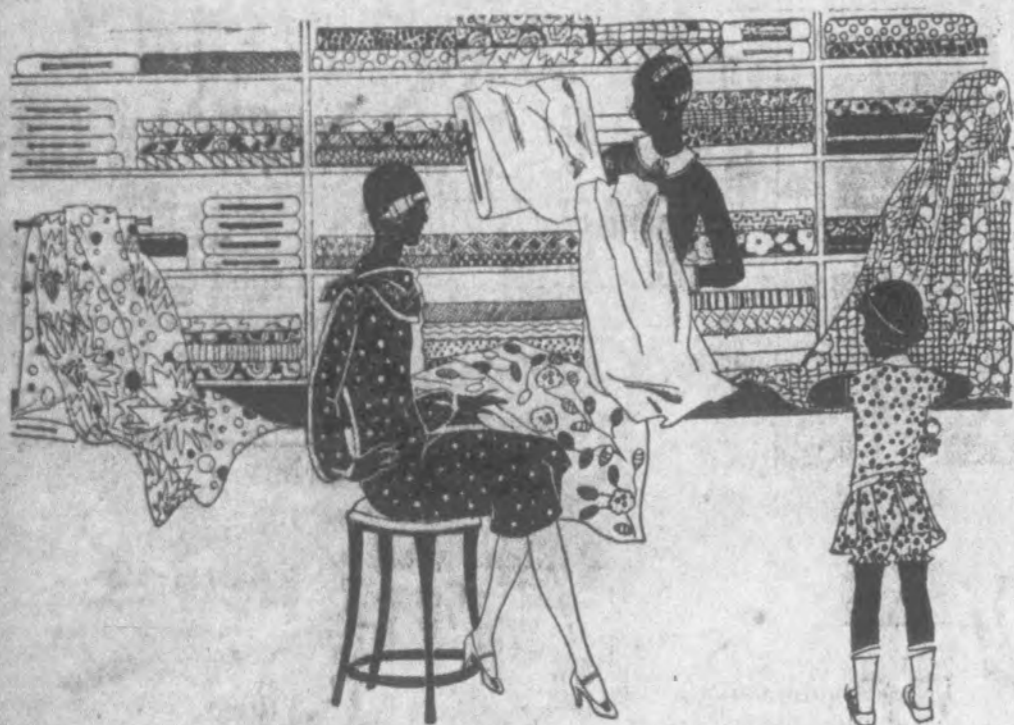

Committee Investigating the Pennsylvania Primary Seeking to Determine Whether Women Raised Any Funds to Aid in the Primary

Washington, July 22.—(AP)—Again leaving the main trail in its investigation of the Pennsylvania primary, the Senate campaign funds committee today set out on a wide excursion into the operation of the Pennsylvania Women's Christian Temperance Union.

Seeking to establish whether any political campaign chest benefited by a large fund raised by that organization for prohibition enforcement work, Chairman Reed first called to the witness stand Mrs. Ella M. George, the W. C. T. U. president, who said it was the practice to oppose candidates for public offices who are opposed to prohibition and to use paid speakers. Mrs. George estimated the income of the Union at \$50,000 annually, made up of \$1 dues of the members. In order to get at the details, Mrs. Leah C. Marion, of Emporium, Pa., treasurer of the Union, was called to the stand momentarily, and she presented the annual report of the organization for 1925 showing receipts of \$31,337.

Continuing her testimony relative to campaign speakers, Mrs. George said she did some speaking herself but received no pay other than the \$100 a month paid her as president. In the recent primary she said the Union supported Governor Pinchot at his unsuccessful campaign for the Republican Senatorial nomination, and John S. Fisher for the Republican gubernatorial nomination. Letters supporting Pinchot were sent to the county and local residents and to the county officers as well.

Building & Loan Convention Opens Today at Concord

Concord, June 22.—(AP)—The annual convention of the North Carolina Building and Loan League convened here today. While informal matters were heard during the morning, the first formal session was set for this afternoon. The address of the president, J. F. Stevens, was the feature of the day.

High Hats to Identify French News Men

Paris, June 22.—(AP)—Parisian newspaper reporters may wear high hats when covering assignments where trouble is likely to rise. Not as a matter of protection, but of identification. Instances of reporters being injured in street frays have grown quite common, not due to the police growing more ferocious but because they are unable to distinguish between rioters and reporters. French news writers are beginning to appear on the scene of manifestations rather than remaining behind police lines and waiting for the news to reach them—as once was the custom.

Prince Wears 'Em Down As Trap Drum Artist

London, June 22.—(AP)—The Prince of Wales as a jazz band drummer has made his first appearance. When the prince arrived at one of the fashionable clubs the band leader decided to give the royal visitor one of his favorite tunes, "I Wonder Where My Baby Is Tonight." The Prince began to dance almost immediately and kept at it through

Bed-Bugs—Smothered by Liquid Fire

A liquid fire applied to bed-bugs, roaches and fleas! That's the new chemical discovery—P. D. Q. Can do no damage to your springs, or furniture; won't rot or stain clothing. P. D. Q. is used and recommended by leading hotels, hospitals and railroads as the quickest and safest way of getting rid of pesky insects. Instantly it smothered and kills the living creature; coats their eggs, and stops them from hatching and multiplying. A 25c package of this golden chemical will make a quart of mixture—deadly it will kill a million bed-bugs. P. D. Q. can also be had in double-strength liquid form—ready for use. Free patent specification sent to reach hard-to-get places with ease. Get P. D. Q. at your drugist's today. Your money back if the bugs are not gone tomorrow.

No Lawyers Or Doctors Among Haskell Graduates

Lawrence, Kan., June 22.—(AP)—There were a good many potential chiefs among the young braves who were graduated from Haskell Indian Institute this spring. There were a handful of boys prepared for life as "merchants," but not a lawyer nor a doctor was among them.

Haskell graduated its largest class, with forty-three boys and sixty-seven girls. In its vocational school the boys picked out thirteen different professions. Six were given diplomas from the school of farming; six others graduated as printers, five as engineers, three as auto mechanics, teachers, coaches, painters and carpenters, and one each as a baker, dairyman, mason and blacksmith.

Only four professions were open to the girls, and the study of home-making was the most popular.

All work and no play also gives the Indians more room along the carling.—Arkansas Democrat.

All that's best in a cigarette

AFTER glorious exercise nothing is so refreshing as the fragrant smoke of a Camel. Wherever Camels go—to the seashore, to the mountains, to the office—they bring pleasure, full smoking enjoyment.

No other cigarette made ever gladdened the taste of so many millions, for Camels are made of the choicest tobaccos grown. Camels alone satisfy the taste for all that's best in a cigarette, for Camel blending can be found nowhere else at any price. Camels never tire the taste, never leave a cigarette after-taste.

Camel leadership over all other cigarettes shows that the smokers of America want smoking quality. Camel success is built up on goodness, by the world's largest tobacco organization. Each year the makers of Camels spend millions for quality, and not one cent for frills or fancy wrappings.

No two ways about it, Camels are the finest pleasure, the richest contentment that ever came from a cigarette. If you haven't yet found the utmost in cigarette goodness, answer the most popular smoke invitation ever sounded—**Have a Camel!**

CITY FATHERS TO MEET THURSDAY NIGHT
The meeting of the Board of Aldermen which was to have been held last night, has been postponed until Thursday night.

NATIONAL GUARDSMEN APPEAR IN PUBLIC
Members of the local unit of National Guardsmen received their uniforms the latter part of last week, and last night made their initial appearance in public.

The boys looked in tip-top shape, and were the cynosure of all eyes. They will go in annual encampment some time next month.

PEED-WHICHARD
Mr. and Mrs. Clarence B. Whichard announce the marriage of their daughter Magnolia Jordan to Mrs. Ralph R. Peed on Tuesday, the twenty-second of June. Nineteen hundred and twenty-six Greenville, North Carolina. At Home After July First Rocky Mount, N. C. No cards.

Miss Maggie Whichard was married to Mr. Ralph R. Peed at the parsonage of the Memorial Baptist church this morning at ten-thirty. The ceremony was performed by Rev. H. Frederick Jones, pastor of the Memorial Baptist church, in the presence of members of the bride's family.

The bride was gowned in blue flat crepe with blonde accessories. Immediately after the ceremony the couple left on an automobile trip through western Carolina and Virginia. Miss Whichard is the oldest daughter of Mr. and Mrs. C. B. Whichard. She was educated at the Greenville high school and Draughan's Business College, Atlanta, Ga. She is one of the most attractive members of Greenville's younger set. She had been employed as bookkeeper at the National Bank the last year. The groom is the son of Mr. and Mrs. J. B. Peed, of Bayboro. He is well known in Greenville, having lived here during his boyhood. He is at present employed as conductor on the Seaboard Railway. He is located in Rocky Mount. He served with A. E. F. forces in France during the World War. After the honeymoon the happy couple will make their home in Rocky Mount.

The Garden club department of the Woman's Club will have a flower show some time in the fall. Any members of the Woman's Club may exhibit flowers.

PRESBYTERIANS WILL HAVE PICNIC THURSDAY
The Presbyterian Sunday School will have its annual picnic Thursday afternoon. Every member of the church is invited and requested to meet at the church at 12:30 o'clock.

SERVICE FOR WOMEN AT THE FREE WILL BAPTIST CHURCH TONIGHT
There will be a special service for the women of the Free Will Baptist Church tonight at eight o'clock, conducted by the pastor, Rev. L. E. Ballard. Mrs. Ballard will speak on the subject "The Power of Women's Influence." All women of the church are expected to attend and visitors are cordially invited.

This is the second of a series of special services to run through the week. Last evening the services were in charge of Mrs. Ballard and were for the children of the church. The pastor talked on "Lessons From Little Things." Wednesday evening the services will be for everybody and the subject will be "The Church of Mighty Power."

"CYCLONE" McLENDON GOOD AT HUNTING FOXES
"Cyclone" McLendon is not only a good preacher, but he is mighty good when it comes to chasing foxes.

In company with Gus Forbes and H. F. Jones, pastor of the Memorial Baptist church, the visiting evangelist went on a successful hunt yesterday. They bagged one fox and chased another six hours. It was a highly exciting chase, and one which will be long remembered.

THIN, NERVOUS
Virginia Lady Tells of Taking Cardui and Says She Has Since Recovered Perfect Health.

Lynchburg, Va.—"I have taken Cardui several times for a run-down condition and have found it perfectly splendid," says Mrs. Lee T. Marsh, 715 First Street, this city. "About ten years ago," she explains, "I became so weak I could not go about. I looked like a skeleton and . . . was dreadfully worried about myself. A friend suggested Cardui and I decided to try it. "I kept up the medicine until I had taken six bottles. It regulated and built me up. I improved greatly. "Last year we drove up here through the country from Florida. I was exposed to the weather and must have taken cold, for I became ill . . . I got run-down, lost flesh, . . . could not sleep and had no appetite at all. I was so nervous that I did not know what to do. "I thought of Cardui. I began to take it regularly and it was not long before I began to feel better. I took six bottles, one after another, and at the finish of the last one was perfectly well again. Since then I have continued gaining in weight and all winter have been in perfect health." Sold by all druggists. NC-172

LOCAL BALL CLUB ANNOUNCES LINEUP FOR GAME TOMORROW
Members of the local ball club today announced the line-up for the game with Gold Point, which will be played here tomorrow at the fair grounds at four o'clock.

Here it is: Curry and Horton, catchers; Brown, pitcher; Forbes, first base; Respass, second base; West, short stop; Elks, third base; Kittrell, right field; Brown, center field; Lloyd, left field. Club members hope the public will attend this game. They are trying to provide a little diversion

for the summer months. They have several other games scheduled.
MR. JAMES EVANS GETTING ALONG FAIRLY WELL TODAY
Mr. James Evans, who was injured when run down by an auto-

mobile while returning from Morehead Sunday afternoon, was reported to be getting along as well as could be expected today. He is an uncle of James L. Evans, local attorney, who was with him at the time of the accident.

Rare Turkish tobaccos give distinction to Chesterfield's blend
Drawing from a photograph by our Mr. Gary, showing the loading of Turkish tobacco aboard lighters to be transferred to the ocean liner in midstream.

For Chesterfields, the best Turkish tobacco — and nothing but the best!

Where does Chesterfield get its spicy tang, its delicate piquancy of taste and aroma? From costly Turkish tobaccos, world-famous for their distinctive character, their sheer excellence of quality. And how does Chesterfield get its mellow fullness and its satin-smoothness? From the way this fine Turkish is blended with the choicest

Domestic leaf; carefully, shrewdly, in that can't-be-copied Chesterfield way that brings out the hidden flavors in each type of leaf. It took no end of skill and patient experiment to get this blend right. Was it worth it? Just smoke a Chesterfield and let the good tobaccos speak for themselves!

"The Little Minister"

Sir. James M. Barrie's Great Play
Will Be Presented at

Greenville Chautauqua

THURSDAY NIGHT, JULY 1

With Ruth Nugent and Allan Bunce, two Broadway stars in the leading roles. Miss Nugent has just finished a Broadway run in "The Trouper," while Mr. Bunce was at the same time playing a leading role in "Laff That Off" also on Broadway. A New York cast will support these stars.

"The Little Minister" is well worth the admission price which you pay for the entire week's program.
Secure your season tickets now for the seven joyous days of Greenville's best Chautauqua.

All Of A Summer's Day

Summertime is playtime, summer clothes are play clothes. And it's a smart summer you'll be having in the apparel we have assembled for every hour of your day. From early morn till the wee hours of the night these costumes will fit your moods, your sports and other activities. Many are copies direct from the French, every line and every detail chic. You will find them suited to your personality, in colors that enhance. You will find them comfortable, appropriate and correct. Come in and learn the wonders of these new collections.

BREAKING IMAGES
Cyclone McLendon says
the trouble with America
today is the lack of home
environment.
He is right. He general-
ly knows what he is talking
about. He is no iconoclast
in the true sense of the
word. But he does believe
in doing away with shams
and pretenses and getting
down to the truth.

The problem confronting
the American home today is
a difficult one. It has been
made more difficult by fail-
ure of the parents to realize
the responsibilities which
have been placed upon them.
Instead of ruling their chil-
dren, the children rule them.
They are permitted to go
where they want to, when
they want to, and in com-
pany with any kind of man
that happens to look fairly
good, who dresses well, and
who is able to pass muster
in a crowd.

Our ideas of character
and what constitutes right
and wrong are rather hazy.
We do what is wrong in
many instances and claim
that it is right. Fear as a
word has vanished from our
vocabularies. When hell
was changed from a place of
punishment to an expletive,
there went with the change
that salutary fear which had
heretofore acted as a check
on an emotional and impul-
sive people.

We do things today our
forefathers would have shun-
ned with disgust. They
were actuated by a desire
to serve humanity. They
desired above all, to pre-
serve those ideals of moral-
ity which had helped them
to blaze their way from
coast to coast and to be-
come the greatest people on
earth. Apparently we have
lost track of these ideals in
the roar and din of modern
industry.

But there is a power that
watches ever the destiny of
all nations. We may forget
our duty to ourselves, our
country and our God, but
not for long. The Maker of
mankind has a peculiar way
of doing things. We are
not able to divine the mo-
tive behind this and that oc-
curring from time to time.
But it is there. It always
will be there. We may be
swerving from the path of
righteousness; but the day
is not far off when we shall
find our balance.

A DISTINCT HONOR

The election of Dr. Chas
O'H. Laughinghouse as sec-
retary of the State Board of
Health is a distinct honor.
It is an honor which every
one in Pitt county will share
with him. He has been a
leader in public thought in

this section for many years.
And it is gratifying that his
ability in the field of public
health work and medicine
has been so distinctly recog-
nized.

The State Board of Health
has done a splendid work in
North Carolina. That it will
continue to do good work
cannot be questioned. The
new secretary is a man with
a great vision. He knows
what is required to make
this great democracy safe
for generations to come. He
realizes that an increase of
longevity means an increase
in our national resources.

There is no organization
more intensely interested in
the welfare of the people
than the health department.
Its members everywhere are
working with one end in
view. That end is to pro-
long and preserve the lives
of our citizenship. Long
years of investigation in all
branches of medical science,
in all fields of existing hu-
man knowledge, have shown
them that mankind must be
governed by certain fixed
laws of nature. These laws
must be understood. The
public must be educated to
know their values before
there can become an abid-
ing peace of safety and im-
munity from disease.

Dr. Laughinghouse is one
of the best qualified men in
the state for this job. Long
acquaintance with condi-
tions prevailing in North
Carolina fits him for the
great task before the de-
partment. He is a thorough
student in medicine and
sciences which affect it. As
a member of the State Board
of Health for several years,
he is fully familiar with any
program it may have under
way. And it is this famil-
iarity with the work of the
various departments which
causes him to be the man
for the job.

That certain tract or parcel of
land lying and being in Beaver
Dam township, Pitt county, ad-
joining the lands of Stanley Par-
ker on the north, W. H. Allen on
the east, Ben Willoughby on the
south, and R. A. Willoughby on
the west, containing four acres
more or less, and being the same
land conveyed by will of George
W. Hemby to Jane Virginia Pey-
ton and record of same being
found in Will Book Number 4,
Page —, and described as Item
Number 1 in said will in the Clerk
of Superior Court's office of Pitt
county and also the interest of
said Jane Virginia Peyton in the
estate of her father as set out
in said will as before stated.

Terms of sale: Cash.

**NOTICE OF SUMMONS BY
PUBLICATION**
North Carolina—Pitt County
In The Superior Court
H. D. Cox and H. T. Cox,
trading as Cox Lumber Co.
vs.
Mrs. Annie Haddock, executor of
the estate of Oscar Haddock,
and individually, Saddle Had-
dock, Guy Haddock, Woodrow
Haddock, Grace Haddock, Hen-
ry Haddock, Russell Haddock,
and Sammy Johnson.

The defendants, above named,
will take notice that an action as
above entitled has been instituted
in the Superior Court of Pitt
County for the recovery of the
sum of \$289.86, and to have said
sum declared a material furni-
sher's lien against the property de-
scribed in the complaint, and the
defendants will further take notice
that they are required to appear
before the Clerk of the Super-
ior Court of Pitt County and de-
fend their cause of action, if
any they have, on the 10th day
of July, 1926, or within twenty
days thereafter, and either an-
swer or demur to the complaint,
which has been filed in this office
or the relief therein demanded
will be granted.

This the 10th day of June,
1926.

**Says He Felt Drunk
Most of the Time**
Brooklyn. Mr. Fred G. Marquart
writes:—"I felt drunk most of the
time. My head was dizzy. I
couldn't think clearly. One day I
dropped a coin and when I stooped
to get it I got so dizzy I almost
fell. I later found out that the
cause of this condition was consti-
pation. This was overcome by a
short course of Carter's Little Liver
Pills. My appetite has doubled, and
my dizziness has entirely left me."
Carter's Little Liver Pills move
the bowels and relieve the system
of its poisonous matter.

Esso

Makes your motor young again

WHY is ESSO so much better than any-
thing else you've ever used?

Why does ESSO do away with all motor
knocks; why does it literally unlock all the
latent power of your motor, make your car
perform in traffic, on the hills, and over the
long country roads in a manner so superior
that there are no previous performance
standards by which to judge it?

The answer is not difficult to find. It is
because ESSO is not an experiment; not a
chance product. On the contrary, ESSO has
been developed out of the long refining
experience of the Standard Oil Company
(N. J.), and has been especially designed to
give just this sort of super performance.

But the proof of what ESSO is really rests in
your hands.

Test it today. Test it in any way you want.

Start clean with a tankful of ESSO. Watch
traffic melt away as you beat the whistle.
Start cold on the longest, toughest hill you
know. Watch ESSO pick up speed, go sailing
over the crest in record time—clean ahead
of the rest of the field. That's exhilaration,
that's power, that's speed,—that's ESSO.

After this test—we'll leave ESSO to your
judgment.

*Red in Color. Packed with Power. Costs 5c
more—worth it.*

**"Standard"
Gasoline**
is the ideal fuel for
normal requirements

ESSO is manufactured to meet
the following special conditions:

1. For motors that knock.
2. For motors with excessive carbon.
3. For high compression motors.
4. For motors which from long use no longer develop full power.
5. For motors operating under excessive loads.
6. For any motor from which the driver demands extra power and performance.

What consistent use of Esso gives

1. All your motor's power—and no knocks.
2. Greater flexibility—less gear shifting.
3. Freedom from use of choke—no crank-case dilution.
4. Quick start—lightning fast.
5. Instant pick-up—quick as a cat.
6. Speed and pull for the long hard hills.
7. New and longer life to the engine.

FLORIDA COLLEGE END CONTROVERSY ABOUT EVOLUTION

Militant Crusade of Church Elders Against College Said Be 'Closed' Incident

Tallahassee, Fla., June 22.—(INS)—The evolution contro-

sy which for a time threatened to wreak its fury on the Florida State College for Women, thru the militant crusade of L. A. Tatum, Tallahassee church elder, now is a "closed incident."

That is, as far as the State Board of Control is concerned. The board has advised Tatum that his charges concerning the use of several alleged objectionable "evolution teaching" books at the college were submitted to the president of the college and that "his reply, in detail, with full explanations is entirely satisfactory to the board."

Polish names have been polished until most of the vowels have been obscured, and hence are consonantal pronunciation puzzles.

CRABTREE HEIRS MAY GO TO LAW TO SETTLE WILL

Settlement of Estate of Noted Actress Attracting Attention in Tennessee

Nashville, Tenn., June 22.—(INS)—Long litigation today

loomed over the estate of the late Charlotte M. Crabtree, noted Tennessee actress.

Five Tennesseans, who say they are heirs, have started a fight to win a portion of the Tennessee woman's estate, valued at two million dollars.

The claimants here are two nephews and two nieces of the actress, who was familiarly known as Lotta Crabtree. They are W. E. and Thomas A. Briley, Miss Eu'a Lee Briley and Mrs. W. G. Lepley. The fifth claimant is Thomas A. Crabtree, of Roberson county, an uncle of the actress.

It was through the investigation of the latter that efforts were made to follow the life and antecedents of the girl whom he

did not know, but who was the only daughter of a brother who moved to California many years ago. Miss Crabtree was born there.

The actress died in Boston September 25, 1924. As far as it can be ascertained here, she left no heirs. However, soon after her death, a woman living in the East claimed she was a daughter of the actress, and a long litigation followed which resulted in the refutation of the woman's claim.

The wide notoriety of the contest brought the case to the attention of the Tennessee claimants.

FORMER CONSTABLE GIVEN NEW TRIAL

Dandridge, Tenn., June 22.—(INS)—Robert Seymour, former constable, accused of the slaying of Robert Moore at Strawberry Plains, today was enjoying a new lease on his freedom after Judge Drinnon granted him a new trial.

Seymour was first sentenced to serve eight years in the state penitentiary. The defendant maintained he shot Moore in self-defense.

MILADY MAY EXPECT TO PAY MORE FOR PERFUMES

Grasse, France, June 22.—(AP)—The price of perfume is destined to mount. Grasse, the perfume centre of Europe, with twenty-nine distilleries, will run short of 600,000 pounds of petals this year as a result of the late frost, and inclement weather which destroyed a fifth of the Riviera flower crop.

FLOWER CULTIVATION BEGUN IN MISSISSIPPI

Wiggins, Miss., June 22.—(INS)—Springing into existence shortly after an embargo was placed on the importation of bulbs from foreign countries, cultivation of gladiolas in this section has become a thriving industry.

Gladiola farms now dot this section of Mississippi, and growers are reporting large profits. While most sales are made to supply the demand in nearby towns, the bulb also are being shipped to points all over the country.

GULF COAST CLEARED OF RUM RUNNERS

Mobile, Ala., June 22.—(INS)—Vigilance of the coast guard has practically cleared the Gulf of Mexico of the elusive rum-running craft which landed gigantic cargoes of contraband liquor into the United States six months ago.

While this the declaration of the commander of one coast vessel, it is generally conceded hereabouts that the gulf coast has been "cleared up."

MEXICAN ARID LAND IS MADE PRODUCTIVE BY ITALIANS

Nogales, Ariz., June 22.—(AP)—Transforming 5,000 acres of arid, unproductive land in the heart of the Sonora river delta, state of Sonora, Mexico, into a farmer's paradise, has been the feat of a small colony of Italians all in a space of seven years.

The settlers have built a thriving little community and have constructed twenty miles of substantial canals, checks and drains. The Italians have raised two crops a year on heretofore waste land, including those of beans and corn (in December and January) and wheat in May. Now they are at work on a project to plant grape vineyards.

Miss Margaret Hall, nutrition expert of the Battle Creek College of Home Economics.

Scientific Battle Creek was more than satisfied

Great institution recommends
Perfection after exacting tests

TRULY scientific is the Battle Creek College of Home Economics. Its nutrition expert, Miss Margaret Allen Hall, cooked many meals on a Perfection in a nation-wide cooking test conducted by six famous cooks. Miss Hall expressed the most complete satisfaction with the Perfection.

The results were fine
"Whether I broiled mushrooms, boiled peas or fried timbale cases the results were fine," she said. "The stove lighted quickly. Its heat was steady and even and so easily regulated that I cooked all those dishes at the same time, using a different grade of heat for each.

The flame is steady
"The flame did not creep or crawl. I tested the oven with a standard oven thermometer and found that I could keep it any length of time at the temperature I desired. This is very necessary for successful baking.

Odors don't mix in the oven
"One meal I cooked entirely in the oven, corn and cheese soufflé, stuffed tomatoes seasoned with onions, and angel food cake. There was no mingling of odors. This meal saved fuel, too, as I used only one burner. Through the glass doors I could see at any moment how every dish was getting along.

"The Perfection is easy to handle and easy to keep clean. And I didn't have to scrub pots and pans. The long chimneys prevented discoloration. From the former knowledge I had of oil stoves, my expectations were exceeded by the performance of the Perfection."

Battle Creek Recommends
This recommendation came from the Battle Creek College of Home Economics after the most exacting laboratory tests. Scientific Battle Creek was more than satisfied. And the Perfection was proved ready to meet the cooking needs of any household.

All six famous cooks recommend the Perfection. Every day 4,500,000 women with Perfections in their kitchens are having real cooking satisfaction.

See Perfections today
See the complete line at any dealer's. Sizes—from a one-burner model at \$6.75 to a five-burner range at \$120.00. Select the stove that best fits the needs of your family. Cook on the Perfection—approved by Battle Creek College.

Manufactured by
PERFECTION STOVE COMPANY
Cleveland, Ohio

Clean, Even Cooking Heat

The long chimneys of the Perfection burn every drop of the oil before it reaches the kettle. Thus you get clean, even cooking heat free from soot and smoke.

You can be doubly sure of this sort of heat when you use a pure water-white Kerosene that burns cleanly, evenly and without odor—"Standard" Kerosene. It is specially refined.

All impurities that might cause smoke or leave deposits of soot are removed. This assures the maximum amount of heat. By sticking to "Standard" Kerosene you are sure of best results from your Perfection. Insist on it. You can buy it anywhere.

Just Suffered Misery With Stomach Trouble

Had Almost Reached the Limit of Her Endurance When She Got Karnak and Stopped Her Awful Distress. Declares Spartanburg Woman

"Yes, indeed, Karnak is such a grand medicine I just want to tell everybody about it," declares Mrs. A. L. McAbee, of 141 Irwin St., Spartanburg, S. C., well known dentist assistant.

"Why, I don't know what I would have done if I hadn't gotten Karnak when I did, for I had simply suffered the limit with as severe a case of indigestion and stomach trouble as most anybody ever had," continued Mrs. McAbee. "I had been suffering for two years and was simply in awful condition."

"I was in misery after eating most any kind of food, and I did not dare eat meat or anything greasy. My stomach would turn

sour as vinegar, and I would bloat with gas till I could hardly get my breath. Oh, the pain was something terrible, and I was nervous, and couldn't even rest at night. My circulation was poor, too, and I would have spells when my hands and feet would get cold and swell out of shape.

"Well, I had used so many remedies without getting relief that I didn't see how I could get much good from Karnak either, but it was simply wonderful how this medicine stopped my troubles."

"I have used eight bottles of Karnak and those awful attacks from sour stomach, indigestion, gas and shortness of breath a thing of the past, and I eat anything I want now without it hurting me one bit afterward. I don't have spells with hands and feet swelling any more either, and I am just like a different person in every way. Karnak certainly does all that is claimed for it, and I just can't say half enough for the medicine."

Karnak is sold in Greenville by B. S. Warren and by all leading druggists.

National Known Concert Singer and Victor Record Artist Coming Here

Elsie Baker, nationally famous concert contralto and Victor Record artist, will appear on the Chautauqua program here Wednesday evening, June 30th, in a full evening's concert, assisted by the composer-pianist, Grover Tilden Davis, according to an announcement just made by the Swarthmore Chautauqua.

Striving for quality has forced the Chautauqua standard so high that there seems to be no artist among the nation's great who is not coveted and finally enlisted. But, to be sought, the artist must have personal charm in addition to technical artistry. The Chautauqua platform is the most exacting. This test Miss Baker meets with a smile. She possesses the joy of living—that eager, sympathetic enthusiasm which embraces the audience, sharing her emotions with them, thrill for thrills. Miss Elsie Baker, known from Broadway to the humblest desert cabin through her concert appearances, her Chautauqua work and her great list of Victor records, has the depth of feeling, the contagious smile, the glorious voice, the verve and zest that woo and win. Whether she sings, in rich pure contralto, a Victor record

negle Hall, her triumphs have left her unspotted. Associated with Miss Baker, as her co-artist and her accompanist, is the well-known composer-pianist, Grover Tilden Davis. Mr. Davis offers an instrumental program of high merit. He is a gifted pianist whose authority as an interpreter of Schubert, Liszt and Wagner on the piano has been broadened by his skillful work as a composer. Secure your seats now, on sale at Horne's Drug Store.

TODAY

(Continued from page 1) Mayor Walker of New York are both Roman Catholics. Why should they not receive visiting cardinals at least as politely as they would any other distinguished foreigner?

Those that know nothing about France tell you her financial condition is desperate. But the Bank of France has a gold reserve of about one thousand million dollars, (not francs) more gold than

any other country except this, and while the drop in the franc is unpleasant, the internal debt of France is payable in francs regardless of their foreign value, and while billions were added to the French debt during the war, the actual amount of that debt, in real money is today less than it was before the war.

Melts Away Every Freckle in 4 Days
