LIQUOR CASES  
AGAIN FEATURE  
COUNTY COURT

Fines and Suspended  
Sentences Given  
Violators of Prohibi-  
tion Law

Sam Edwards, white, of Green-  
ville township, charged with re-  
ceiving and transporting whis-  
key, was fined \$50 and costs by  
Judge W. A. Darden, in yester-  
day's session of county court. He  
was also fined \$100 and cost and  
given a six months' suspended  
sentence on a charge of  
driving a car while intoxicated.

Court convened as usual yester-  
day morning, but adjourned  
until two o'clock in the afternoon  
out of respect for the late Judge  
J. Lloyd Horton, who was buried  
in Farmville yesterday morning.

In the case against Edwards,  
the court also ruled that he be  
confined in the county jail for a  
period of six months, for work  
on the road, sentence to begin  
any time within two years, at sug-  
gestion of the court, if the de-  
fendant should violate any of the  
criminal laws. It was also order-  
ed that his car license be revoked,  
and that he should not drive a  
car in Pitt county within a peri-  
od of two years.

Bill Bynum and Krank Hollo-  
man, of Fountain township,  
charged with possessing whiskey  
were released upon payment of a  
fine of \$50 and costs each.

William Griffin, white, charg-  
ed, with possessing whiskey, was  
fined \$50 and costs of action.

Robert Edwards, colored, of  
Ayden, was sentenced to six  
months on the county road, on a  
charge of carrying concealed  
weapon.

Claud Throver, colored, Ay-  
den, paid a fine of \$100 and costs  
on a charge of carrying concealed  
weapon.

L. H. Robinson, white, who  
operates a filling station on the  
other side of the river bridge,  
was fined \$25 and costs on a  
charge of operating a slot ma-  
chine.

The case of Will Clummon,  
charged with transporting whis-  
key, was transferred to Superior  
Court for jury trial.

TEMPERATURES  
IN SOUTH SAID  
BE SEASONABLE

Washington, July 14.—(AP)—  
The Department of Agriculture of  
conditions in southern states for  
week ended yesterday, said the  
temperatures in the cotton belt  
were generally seasonable.

There were generous to heavy  
rains over central and northern  
districts west of the Mississippi  
river and in parts of south east  
and light to moderate rains else-  
where.

These weather conditions said  
to be excellent for growth in  
crop.

For North Carolina the report  
said the fields are clean and crop  
growth good except for corn,  
truck, tobacco and pastures which  
need rains locally, especially in  
the upper Piedmont. Progress of  
cotton very good to excellent in  
east; through only fair in west  
where rain is needed. Chopping  
late and planting nearly completed.

PRINCETON, ILL., OUT OF  
DEBT HAS COMFORTABLE  
BALANCE IN TREASURY

Princeton, Ill., July 14.—(INB)—  
Princeton's city purse bulges com-  
fortably. And Princeton residents  
are anxious to hear from any other  
city of 5,000 population as com-  
fortably situated financially.

For Princeton is free from debt,  
has \$45,000 in the treasury and  
public assets aggregating \$904,334.  
The average Illinois city of 5,000  
or over is considerably in debt and  
finds it difficult to find the money  
to meet its obligations. The larger  
the city, the more acute the  
shortage.

Economical management by the  
city council is given credit for  
Princeton's comfortable status,  
and also from the profits of the  
water and light plant.

Total annual revenues average  
\$100,000, while the expenses aver-  
age \$106,000.

The Calvin Coolidge Way.  
Was the Irish Lost?  
\$12,000,000 and Cheap.  
The Sun and Earth Worms.  
By ARTHUR BRISBANE

The President caught a pike  
weighing three pounds, and an-  
nounces his plan to catch that  
pike's grandfather. Sure enough,  
trouling Lake Osgood yesterday,  
Calvin Coolidge caught a six-pound  
pike. See tomorrow's news for his  
next catch.

This is the Coolidge method, first  
in the Legislature, then Governor,  
then Vice-President. First little  
fish, then big fish. Watch the 1928  
returns.

A Supreme Grand Charter of  
Royal Order of Orange celebrates  
in Philadelphia the battle of the  
Boerne. Fighting Irishmen on such  
occasions have an answer for  
their eviling "orange" friends.  
The battle of Boerne was no test,  
for the Irish to their sorrow,  
were led by an Englishman, James,  
while the Englishmen were led by  
William, a Dutchman. And the  
English king was far from the  
fight, galloping to the rear, long  
before it was stopped.

The Hon. Luke Lea, of the Nash-  
ville, Tennessee, offers \$12,000,000  
(twelve million) for the Kansas  
City Star. A good newspaper is  
good property and \$12,000,000 is  
only a reasonable price for the  
Kansas City Star. There is nothing  
more dangerous than stock in a  
newspaper until it has been  
thoroughly established and proved  
its earning power. A newspaper  
is hard to build, hard to kill.

Dr. Abbot of the Smithsonian  
Institution, in 30 years study, dis-  
covers that the heat given off by  
the sun varies greatly from day  
to day and year to year. The re-  
markable thing is that, sending its  
rays through more than 90,000,000  
miles of ether at absolute zero, the  
sun has kept us warm enough to  
live, for at least 500,000 years.  
One cosmic freeze would wipe us  
out.

There is no big and no little  
in science. Dr. Abbot spent 30  
years studying the earthworm,  
half the size of your little finger,  
but longer, getting information as  
to the creation of our fertile soil.

United States Consul General  
Miller at Seoul, Korea, gives this  
interesting information about an  
American Missionary of the Sev-  
enth Day Adventist Church: The  
Missionary caught a little Korean  
boy stealing apples from his or-  
chard.

First threatening the boy's  
mother with prison for her son,  
the good missionary ordered a  
nurse to bring acid, and with it  
he burned, in Korean, the word  
"thief" on each of the boy's  
cheeks. The missionary's mark  
is still there, and the missionary  
has settled with the boy's mother  
for \$310 with a public apology.

This hurts missionary work in  
the East generally, as the story  
spreads. But it should not cause  
to be forgotten the remarkable  
kindness, self-sacrifice and de-  
votion of missionaries of all  
denominations.

Mrs. Glennington Carson of  
New York, swam from Dover to  
Ramatgata, in the rouza channel  
water, twenty-two miles in six  
hours and 20 minutes. It was a  
fine performance, but a \$7500 pa-  
tented boat would be better.

Nancy Hanks, a powerful wo-  
man, might have beaten Mrs. Car-  
son's record. Instead, she con-  
tributed Abraham Lincoln to the  
proclamation, and that was more  
useful than it would have been  
for her to swim from Paris down  
the Seine past Gibraltar into the  
Mediterranean, through the Suez  
Canal and on to China.

Will H. Hayes, determined to  
make moving pictures as pure as  
they are instructive, says they  
mustn't have any title to make  
prohibition ridiculous. No pic-  
tures must make light of the law  
of the land.

This is sound, morally, but is it  
going in the direction of van-  
ishing in advance? It is the busi-  
ness of moving pictures, like that  
of newspapers and of history, to  
tell what really happens, and if  
millions look upon prohibition as  
ridiculous, which they do, must  
(Continued on page four)

Families Reunited at Arsenal Refugee Camp

Heart breaking scenes were enacted in the Morristown, N. J., armory, where refugees from the Lake Denmark arsenal explosion were cared for. Children and parents were brought together, and little tots who will never see their parents again were fed and sheltered.

BEGIN TRIAL OF  
NELLIE FREEMAN  
IN MECKLENBURG

Court Room Crowded  
to Capacity as Al-  
leged Murderer  
Goes on Trial

Charlotte, July 14.—(AP)—  
The Mecklenburg County  
court room was jammed and law-  
yers had difficulty in getting to  
their seats when the case against  
Mrs. Nellie Freeman, charged  
with the murder of her husband,  
was called today. The special ven-  
ue of 100 men found it impos-  
sible to get into the court room  
and had to remain outside.

Mrs. Freeman, who killed her  
husband with a razor, the night  
of May 28, was present, accom-  
panied by her mother and two at-  
torneys. The parents of the  
slain husband were also present.  
Judge Michael Schenck order-  
ed strict silence in the court room  
and placed deputies in the crowd  
to prevent talking.

Currituck Man,  
Murders Woman

Elizabeth City, July 14.—  
(AP)—Solicitor Small, of the  
First District, today received a  
telegram from Sheriff Flora, of  
Currituck county, to the effect  
that George Waterfield shot and  
killed Bertha Ansell, on Knott's  
Island last night and seriously  
injured Willie Tatem. No other  
details were given. Solicitor  
Small is making an investigation  
of the matter.

AMERICAN PALEONTOLOGY  
GETS MEDAL FROM CHINA

Peking, July 14.—(INB)—A sig-  
nal honor was conferred upon Dr.  
A. W. Grabau, an American pale-  
ontologist, when the first gold  
medal ever bestowed by any sci-  
entific society in China was pre-  
sented to him.

LIST OF MISSING  
STILL VARIES IN  
N. J. EXPLOSION

Exact Number of  
Killed in New Jer-  
sey Disaster Will  
Never Be Known

Dover, N. J., July 14.—(AP)—  
Indications today were that the  
exact number of victims of the  
explosion that destroyed the Lake  
Denmark arsenal, the Picatinny  
arsenal and wrecked a dozen  
New Jersey towns probably will  
never be known. Even the light-  
ning bolt that set off the \$250,-  
000,000 explosion will never again  
receive official recognition as the  
only men who saw it close at  
hand were picked up dead near  
the building where it struck or  
have vanished.

The list of missing has varied  
from hour to hour, and Brigadier  
General Drum, in charge of the  
rescue work, has not at any time  
been willing to make a positive  
statement as to the number. All  
the records of the arsenal were  
destroyed and as late as yester-  
day three marines, who had not  
appeared in a dazed condition  
and were unable to give a clear  
account of what had happened to  
them.

The death toll stood today at  
21, and wet ground and ruins  
soaked by heavy rains during the  
night made for safety as marines  
continued searching for addition-  
al bodies.

Four towns were practically  
devastated. In Mount Hope, 107  
miners' cottages were entirely or  
partially destroyed, while Whar-  
ton, Rockaway and Hibernia were  
the three others that suffered the  
greatest damage. Smashed plate  
glass, plaster and other debris  
were strewn through the streets  
of eight other, New Jersey towns.  
The claims of civilians for dam-  
ages, of which there are about  
300, will have to be considered  
by Congress, as the army and  
navy are not authorized to pay  
them and they cannot be taken  
to court.

Jagged holes 30 feet deep and  
100 feet across in solid rock mark-  
ed the site of two naval store-  
houses that blew up first. Officers  
houses and barracks were crush-  
ed flat as if they had been made  
of cards.

Although every officer who  
viewed the wreckage felt there  
was no possibility of reconstruc-  
tion or rebuilding, Ordinance ex-  
perts have been ordered from  
Washington to survey the damag-  
ed and formulate a policy for the  
future.

TWO KILLED IN  
GANG WARFARE  
IN CHICAGO, ILL.

Convicted Gunman  
One of the Prin-  
cipals Connected  
With Gangsters

Chicago, July 14.—(AP)—Gang  
warfare resulted in the death of  
two in distant parts of the city  
early today. Jules Portuguese,  
24-year-old, convicted gunman and  
once before a target for gangster  
bullets, was "taken for a ride"  
and his bullet riddled body left by  
a lonely roadside 25 miles from  
Chicago. More than \$100 found in  
his pockets and four bullet wounds  
in his head indicated to police that  
the victim had been killed in tradi-  
tional gang fashion.

Joseph Ciccone, 37, said to be  
a high lieutenant in the thinning  
ranks of the notorious Genna  
gang was called to the door of  
his home shortly after midnight  
and shot and killed. The assail-  
ants were said to have been youths  
who escaped after an exchange of  
shots with police.

Ciccone's wife and six children  
were with him when the door bell  
rang and he opened the door to  
face the fullscale.

No clues to identity of the slay-  
ers in either case have been found.

Andrews to Meet  
With Britishers

London, July 14.—(AP)—Brig-  
adier General Lincoln Andrews,  
American prohibition enforcement  
chief, will have his first meeting  
with British government officials  
to seek ways of putting thorns  
in the pathways of trans-Atlantic  
bootleggers.

There will be a round table  
discussion at the foreign office,  
attended by General Andrews' staff  
and representatives of the British  
Foreign Admirals, Customs, and  
Colonial Offices.

518,504 BALES  
COTTON USED

Washington, July 14.—(AP)—  
Cotton consumed during June  
totalled 518,504 bales of lint and  
65,063 of linters, compared with  
516,758 of lint and 59,754 lint-  
ers in May this year, and 494,083  
of lint and 60,466 of linters in  
June last year, the Census Bu-  
reau announced today.

U. S. REPORTS  
TRADE BALANCE

Washington, July 14.—(AP)—  
The United States closed the fiscal  
year ended July 30, with a  
favorable merchandise trade bal-  
ance of \$286,828,711.00.

LOCAL PEOPLE  
ARE INJURED  
IN ACCIDENT

Mr. and Mrs. Sam T.  
White Suffer Minor  
Injuries When Car  
Turns Over

Mr. and Mrs. Sam White and  
daughter, Miss Helen White, and  
Mrs. Della McGee, are in the Par-  
rott Memorial hospital at Kin-  
ston, suffering from minor injur-  
ies sustained when the Willys-  
Knight sedan, driven by Mr.  
White, left the road and turned  
over into a ditch a short distance  
from Kinston. The accident oc-  
curred about the noon hour.

Only meagre reports of the acci-  
dent have been received by rela-  
tives here, but it is understood  
that none of the occupants of the  
car were badly hurt. Mr. White  
received a cut face, and Mrs.  
White was injured in a lower  
limb.

It is understood that the acci-  
dent resulted from locked steer-  
ing gear.

Crawford Trial  
Gets Underway

Albermarle, July 14.—(AP)—  
Four of the 65 men called as a  
special venire to try N. C. Cran-  
ford, charged with the murder of  
two negro convicts were excused  
immediately after the trial be-  
gan in Stanley county Superior  
court today.

Solicitor Don Phillips announc-  
ed soon after the convening of  
court, that the state would not  
seek capital punishment but would  
only ask for conviction of second  
degree murder. After the state  
had consented a motion of the  
defense was accepted to consoli-  
date the two indictments for mur-  
der against Cranford in order  
that both might be tried together.

SHORT ROMANCE  
ENDS IN WEDDING  
AT COURT HOUSE

Floridian Who Ad-  
vertised for Wife  
Married Here Yes-  
terday Afternoon

It's a long way from Jack-  
sonville, Florida, to Cottondale, Pitt  
county, North Carolina.  
But romance covers lots of  
territory.  
That fact can be vouched for  
by H. M. Banknight, 67, Floridian  
who was married here yesterday  
afternoon to Miss Lizzie Humph-  
rey, who resides a short distance  
from Cottondale.

The romance started only a  
short time ago. Humphrey ad-  
vertised for a wife. The Pitt  
county woman answered.  
Humphrey caught the next  
train bound for North Carolina.  
He found Cottondale after con-  
siderable questioning. And what  
is more, he found the prospective  
bride awaiting his arrival.

It was simply a case of love  
at first sight.

They came to Greenville,  
Magistrate B. F. Tyson, who is  
always in the marrying mood, tied  
the knot that bound them man  
and wife. The ceremony was  
performed in the office of the  
Register of Deeds, in the pres-  
ence of court officials and attend-  
ants. Banknight, one-legged, and  
adorned with many badges and  
emblems, safety pins and unsafe-  
ty pins, passed through the cere-  
mony like a seasoned soldier.

He admitted that it was a  
mighty long way to come for a  
bride. But he said he was satis-  
fied that he had found the ideal  
of his dreams.

Immediately after the cere-  
mony, the couple prepared to  
leave for their home near Jack-  
sonville.  
And again Dan Cupid tucked  
his little arrows away, giggled  
happily, and winked at old Sol,  
who had been keeping up radia-  
tion and perspiration during the  
ceremony.

CUMMINGS PREDICTS  
COOLIDGE WILL NOT  
RUN FOR RE-ELECTION

TWELVE KILLED  
ELEVEN INJURED  
IN BIG N. Y. FIRE

Tannersville, N. Y., July 14.  
—(AP)—Twelve persons were  
killed and eleven were injured  
in a fire that destroyed Tyl-  
light Inn at Haynes Falls early  
this morning. There were 48  
guests at the hotel and about  
40 employees.

The fire started from an un-  
determined cause and spread  
with such rapidity that many  
guests were forced to jump  
from the windows. The hotel  
was a frame structure three  
stories high. The dead were  
not immediately identified.

REV. JOHN COWELL  
TO HOLD SERVICES

MEN'S FEDERATION

Fayetteville Minis-  
ter to Preach on the  
Court House Lawn  
Saturday Night

Rev. John C. Cowell, Jr., of  
Fayetteville, who has just closed  
a successful revival in Jack-  
sonville, N. C., will preach for the  
Men's Federation Saturday night  
on the court house lawn. If the  
weather is bad, services will be  
conducted in the court house.

Mr. Cowell's meeting in Jack-  
sonville was a most successful  
one, 175 being added to the vari-  
ous churches. Several hun-  
dred re-dedicated their lives to  
church work. Miss Lill Wilson,  
of Greenville, assisted Mr. Cowell  
in this meeting. She conducted  
hundreds of prayer meetings and  
did valuable work with the young  
people.

Mr. Cowell will preach in Beth-  
el Sunday morning, and will  
start a revival at the school house  
in Conetoe Sunday night.

DISCUSS NEW  
WELFARE MAN

Raleigh, July 14.—(AP)—Em-  
ployment of a state prison welfare  
officer to succeed Reverend W. S.  
Shacklette, who was discharged  
last April, was discussed at the  
morning session of the monthly  
meeting of the prison directors  
held here today. The matter was  
not settled when the board recessed  
for lunch and will be taken up  
again during the afternoon ses-  
sion. The board has not decided  
whether it will employ a minister  
for the position, it was stated fol-  
lowing the meeting.

Mr. Shacklette held the dual  
position of Chaplain and welfare  
officer, but several members of  
the board believe it would be bet-  
ter to employ a trained social work-  
er rather than a preacher. Still  
other directors are not certain that  
the prison needs a welfare officer  
at all.

The state boards of charity and  
public welfare is required by law  
to supervise welfare conditions at  
the prison and some believe that  
this organization should alone  
handle the matter.

GEORGE HUFF  
NEAR DEATH

Champaign, Ill., July 14.—  
(AP)—George Huff, director of  
athletics in the University of  
Illinois, is near death in London  
according to word received here  
today. He was operated on for  
appendicitis on July 1, while on  
his vacation abroad.

WOULD CLOSE  
CENTENNIAL  
ON SUNDAY

Philadelphia, July 14.—(AP)—  
An injunction aimed at closing  
the Sesqui-Centennial Exposition  
on Sundays, was sought in Com-  
mon Pleas court here today.

Slomp Believes That  
Speaker Longworth  
Has a Place in the  
Next Presidential  
Campaign; Cum-  
mings Also Believes  
Republican Majority  
Will Disappear in  
Fall Elections

Chicago, July 14.—(AP)—  
With the presidential election  
still two years away, ex-  
pressions by political leaders on  
the coming battle and on this  
fall's Senatorial and Congressio-  
nal fights are already beginning to  
be heard.

Senator A. B. Cummings, of  
Iowa, has voiced a prediction that  
President Coolidge will not be a  
candidate for re-election.

C. Bascom Slomp believes that  
Speaker Nicholas Longworth has  
a place in the picture of the  
next Presidential campaign. If  
Coolidge is not a candidate and  
Franklin D. Roosevelt sees the  
next Senate and possibly the  
House as Democratic.

Senator Cummings, who was  
defeated in the recent Republi-  
can primaries by Col. Smith Brock-  
hart, also expressed an opinion  
on arrival in Des Moines, Ia.,  
from Washington, that the pre-  
sident "nominal" Republican major-  
ity in the upper house might dis-  
appear with the November elec-  
tions. "One does not know that  
President Coolidge will be a can-  
didate or that he wants to be a  
candidate," said Senator Cum-  
mings. "My own prediction is  
that he will not be a candidate.  
I think he will have had enough  
of it by that time. It is an im-  
mense task and few men last  
through it."

The veteran Iowa Senator said  
that in his opinion "Mr. Coolidge  
has been a very successful Presi-  
dent in all but one thing and that  
is his policy toward agriculture."  
His belief also is that political  
changes in Iowa and other mid-  
western states presages a prolong-  
ed period of strife in the Republi-  
can party which if allowed to  
continue, will throw the party  
"on their ocks" especially if the  
Democrats maintained their soli-  
darity.

Mr. Slomp, former Secretary  
to President Coolidge, dismisse  
some of the possible Republican  
candidates during his visit to  
Cincinnati. In event President  
Coolidge does not run again, Mr.  
Slomp believes Longworth, Low-  
den, Dawes, Hoover, and Watson  
would loom as Presidential num-  
ber.

Mr. Roosevelt, Democratic  
nominee for Vice-President in  
1920, based his belief on the  
make-up of the next Congress on  
the result of his survey of the  
national situation, made known  
in a statement in New York. He  
said that the survey conducted  
in state, where 36 Senators were  
to be elected next fall showed that  
eight Democratic candidates were  
certain of election and the Dem-  
ocrats would make sufficient in-  
roads among the remaining elec-  
tions to give them control of the  
Senate. The states were not  
named.

BROTHER OF  
DOOMED MAN  
ON STAND

Chicago, July 14.—(AP)—  
Robert S. Scott, brother of Rus-  
sell Scott, who is under sentence  
to die, took the witness stand  
today and denied that he fired  
the shot which killed Joseph  
Maurer, a murderer, to which he  
pleaded guilty. Robert testified  
after several long conferences  
between opposing counsel and  
Judge W. Gemmill. He was in-  
terrogated by the Judge on sev-  
eral phases of his life history  
and the judge asked the fol-  
lowing questions: "There are several  
questions I understand from your  
answer which you do not desire to  
answer. It is, were you in City Hall  
Pharmacy on the night of April  
2, 1924?" "I prefer not to answer," Scott  
replied.

WE HAVE THE WORLD BY THE TAIL

It has been a long time since American people have had to think real seriously of how to "make ends meet." But the time has come when they must begin to think of it—and think more soberly than they have ever thought before.

All of us have been living beyond our means. We have been doing it since the World War. And we would continue to do it, but economic conditions have called a halt.

And halt we must. It is mighty nice to "breeze along" on the wings of prosperity and easy money. All of us like it. It is the human part about us.

Our good times are not over. Not by a long way. But we have reached that point in life when prudence bids us stop, balance accounts, and then start again.

The unwise do not know when they have gone far enough. They became accustomed to high living and extravagance, and never know when to stop.

One of the greatest causes of the present period of depression is laid at the door of credit. All of us have overstepped the rules of common sense economy.

What we want to do now is loosen up on the tail and let the remainder of the old spheroid get its equilibrium.

Then, maybe, things will find their balance. But in finding this balance, it is going to be necessary for us to do our part.

There are many ways to do our little part. But they are simple ways. They are as simple as the day is long.

In fact, it has been an exceptionally hard year. It is a year when all of their labors have been in vain; a year when honest toil and expenditure of enormous sums of money have brought them nothing in return.

It is true the first part of the year witnessed good prices, and that conditions looked bright. But the good times did not continue.

Hardly had the season opened when prices dropped and the bottom of everything seemed to drop out.

All of this occurred, mind you, in one of the shortest crop seasons in years!

It had been a long time since the shortage was so acute. Growers held out only one hope—that hope was centered on good prices.

Can you imagine anything more discouraging, more disheartening and disconcerting? Certainly you cannot.

But Eastern North Carolina growers are made of old American stock. They do not surrender to circumstances. They have never surrendered under conditions of adversity.

They are looking forward to the future as sanguine and optimistic as it is possible to look. It is true you can't hear the sound of coin jingling in their pockets.

But that makes no difference. They may have to practice strict economy to make ends meet during the coming fall and winter.

But it will not be the first time they have done so. They have tasted of both the bitter and sweets of life. They know that good fortune and prosperity do not come in rapid succession.

And in knowing these things as they do, they are determined to "carry on" until it is impossible to cross more of life's barriers.

That is what it takes to win these days. The man who sticks tenaciously to any problem until he is satisfied that he has done his best, is bound to win out in the long run.

A new principle in motor lubrication

Engineers solve an old problem with a new and different "STANDARD" MOTOR OIL

ROAD TESTS Ford Mack In a 609-mile road test on a Ford run from Sept. 24 to Oct. 22, 1925, the new "Standard" Motor Oil showed a substantial decrease in both oil and gas consumption.

THE Standard Oil Company (New Jersey) has developed an oil which embodies an entirely new principle in motor lubrication.

"Standard" Motor Oil eliminates the possibility of dry spots on the cylinder walls—a failing which has always been present in even the best of the old type oils.

This irregular or spotty lubrication has baffled engineers ever since the perfection of the internal combustion engine. With many other motor oils, if the motor stands idle for a day or a week, there occurs the possibility of dry spots or a film too thin for complete protection.

Because there is little or no seal between the piston and cylinder walls, gasoline is forced through into the crank case oil. Dilution results, with a consequent lessening of the lubricating value of the oil.

When this absence of a complete piston seal persists, there is resultant lack of power—the car doesn't climb hills well; it misbehaves at low speeds in high gear; the motor heats up; heavy deposits of carbon are formed; gasoline and oil consumption increases.

An oilier oil that will "stay put" The problem was to find an oil that would cling to metal surfaces so thoroughly so as to abolish the areas of partial lubrication. It must

not be an oil of too heavy a grade. It must be, in fact, an oil of greater oiliness. And that is exactly what "Standard" Motor Oil is.

For more than three years the Standard Oil chemists and engineers experimented with this new "Standard" Motor Oil which, if successful, would mean more to the motorist than any recent advance in the automotive industry.

The first tests proved that "Standard" Motor Oil would withstand a far heavier load before breaking down than any of the leading oils of the old type. This showed its lubricating superiority.

Power tests came next. It was found that the lower friction losses and the better piston seal caused a gain of 3% to 5% in power when motors were lubricated with "Standard" Motor Oil. In cases where motors were in poor condition, the increase in power often ran up to 10%.

Amazing results can be verified with your own car

It was found that motors ran cooler, there was less crank-case dilution, and carburetors could be adjusted for leaner mixtures.

These tests have covered more than three years' time and some of the results have run quite beyond the original expectations.

It may seem almost incredible that a lubricating oil can produce such improvements in car operation. But trying is believing, and many motorists report that they can actually "feel the difference" while driving.

"Standard" Motor Oil is on sale now at "Standard" Service Stations and at dealers, in Medium, Heavy and Heavy X grades.

A Quarter a Quart

7 Advantages found only in "Standard" Motor Oil

- 1 Constant lubrication-film on metal surfaces. 2 Frictionless operation, in a practical sense, even upon starting after idleness. 3 Less "breaking down" under load or at high speeds. 4 More miles per quart of oil and less crank case dilution. 5 Better hill climbing and smoother operation in high gear at low speeds. 6 Negligible carbon, clean motor and clean spark plugs. 7 Actual saving in gasoline, with or without carburetor adjustment.

CARBON

Remarkable demonstration when you drain out your oil In addition to its other virtues, this new "Standard" Motor Oil is extremely effective in cleaning cylinder walls, piston heads and even spark plugs.

Second filling procedure Having filled up the second time with "Standard" Motor Oil it is unnecessary to refill oftener than every 500 miles or at your usual draining intervals. Needless to say, after the second filling, little or no carbon will form. If any deposit is made it can be easily removed.

"STANDARD" MOTOR OIL You can actually feel the difference STANDARD OIL COMPANY (New Jersey)

# LOCALS

J. H. Manning has returned from Norfolk and Virginia Beach. Mr. and Mrs. William McDonald and Mr. and Mrs. J. C. Gaskins left this morning for an automobile trip through the valley of Virginia.

Mr. and Mrs. T. A. Person and their niece, Miss Lucy Nottingham, of Norfolk, left this morning for Junaluska.

Rev. Le. Saddler, of Richmond is spending a few days in Greenville.

J. B. James and daughter, Nina, left last night for Greenville, Tenn.

Mrs. R. Greene left yesterday afternoon for Kingston to spend a few days with her son, Mr. Oscar Greene.

Charlie Cowell, of Washington was in the city today.

Mrs. Annie Lang, Mrs. J. Y. Monk, Mrs. Paul Jones and son, Paul, Jr., of Farmville, were here Tuesday.

Jack Boyd, Jr., went to New Bern this afternoon to spend several days.

Robert Ernest Pittman has returned from several weeks' visit in Gatesville.

Mr. and Mrs. J. H. Boyd, Jr., spent this afternoon in New Bern.

J. H. Blount has returned from Junaluska, where Mrs. Blount and the children are spending the summer.

Mrs. Bruce Warren and Miss Mary Warren spent yesterday at Morehead.

Mrs. W. E. McGowan has returned from a two weeks' trip to New Bern, Kingston, Pollocksville and Trenton.

John Hardy, W. E. McGowan and W. S. Fleming spent yesterday at Pamlico Beach fishing.

Mrs. Lucy Mason, of Norfolk is visiting her daughter, Mrs. W. B. Tilghman.

Mr. and Mrs. J. W. Higgs and daughter, Helene, who have been spending the summer at Pamlico Beach, have returned after a brief stay at their home here.

Mrs. H. H. Duncan left yesterday for several days' visit to Pamlico Beach.

Incidentally, Moore and Holmes both broke into pictures at the same time and collaborated in writing a scenario for their initial appearance. They joined the Kalem Company in New York and were sent to New Orleans to make a one-reel film. Discovering that the director could not begin work having no scenario, they wrote one for him.

## FIVE-YEAR-OLD GIRL FALLS OFF HORSE AND BREAKS HER ARM

Dr. C. J. Ellen, whose family is spending the summer at Mars Hill, this morning received notice that his five-year-old daughter, while riding a horse, fell and broke her arm. Her brother was also riding the horse when the accident occurred.

## "IT'S THE OLD ARMY GAME" AT WHITE'S THEATRE

An old phrase soon destined to come into popularity again is the well known saying "It's the Old Army Game." Why? That's the title of W. C. Fields' first starring picture which comes to White's Theatre today.

Old timers will testify that the phrase has nothing to do with the army. Fields himself says it means, "Never give a sucker an even break." And that just about explains it.

Remember the old circus and medicine side shows that used to arrive in town? There was always a red-faced chap mounted on a platform who called out: "Step up, la-sadies and gents! See if you can tell under which shell is the pea!" Then he moved the shells around rapidly and you'd guess. Usually wrong.

Well, that's "the old army game."

## TOM MOORE HAS THE "LUCK OF THE IRISH"

The "luck of the Irish" has always followed Tom Moore. Tom is diffident about commenting on his obvious good qualities, his proven ability or even his rare fortune. But several of the instances where Irish luck kept him in clover were related by Stuart Holmes, between scenes of "Good and Naghty," Pola Negri's latest picture, which comes to White's Theatre Friday.

Tom Moore is Miss Negri's leading man in that production and Holmes plays one of the principal roles.

Incidentally, Moore and Holmes both broke into pictures at the same time and collaborated in writing a scenario for their initial appearance. They joined the Kalem Company in New York and were sent to New Orleans to make a one-reel film. Discovering that the director could not begin work having no scenario, they wrote one for him.

## EPWORTH LEAGUE COUNCIL MEETS TOMORROW

Senior Epworth League of the Jarvis Memorial Methodist church will hold a council meeting tomorrow evening at 8 o'clock. All officers and interested members are urged to be present.

## TRUCK DEMOLISHES TELEPHONE POLE

It is not known exactly how it did it—but it did. A truck ran into a telephone pole on Evans street, on the block between Ninth and Tenth streets, and so completely demolished it that the telephone company will have to put up a new pole. The name of the driver could not be ascertained.

## MISS FLANAGAN HOSTESS TO BRIDGE CLUB

Tuesday morning, at her home on Evans street, Miss Rosamond Flanagan was hostess to her bridge club. The tables for the game were arranged in the sun parlor, which was decorated with hydrangeas and daisies. There were four tables. Miss Betty Dixon was given a bottle of black narcissus perfume for the top score prize. Mrs. Francis Bowen for low score prize was given tallies. The visitor's prize, a bottle of bath salts, was presented to Miss Lucy Nottingham, of Norfolk. Mrs. David J. Whichard, Jr., was remembered with a set of sandwich cutters. A tempting course luncheon was served. Guests of the club were Miss Lucy Nottingham, Norfolk, Miss Betty Dixon, Mrs. David J. Whichard, Jr., Mrs. Francis Bowen, Mrs. Graham Flanagan and Mrs. John Flanagan.

## Physician Advises People

"My wife suffered for years with stomach trouble which did not yield to any treatment. She took a dose of MAYER'S last Saturday with wonderful results. I have practiced medicine for 20 years and have never seen anything like it before. I have recommended MAYER'S to several that I know need this treatment." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by all leading druggists.

## Are You Hard To Fit?

Lots of men who think they are hard to fit, really are not.

It is only a question of getting the right last.

If the hot weather is "giving your feet fits," very likely we can overcome your discomfort. At least, it's worth your time to try. We have many lasts so that all types of feet can be fitted—and we KNOW how to fit shoes.

We carry same as above cut in black and brown kid and tan calf.

**Pitt Shoe Co.**

WE HAVE THE WORLD BY THE TAIL

It has been a long time since American people have had to think real seriously of how to "make ends meet."

But the time has come when they must begin to think of it—and think more soberly than they have ever thought before.

All of us have been living beyond our means. We have been doing it since the World War. And we would continue to do it, but economic conditions have called a halt.

And halt we must.

It is mighty nice to "breeze along" on the wings of prosperity and easy money. All of us like it. It is the human part about us.

Our good times are not over. Not by a long ways. But we have reached that point in life when prudence bids us stop, balance accounts, and then start again.

The unwise do not know when they have gone far enough. They became accustomed to high living and extravagance, and never know when to stop. But the judicious man or woman is generally able to read the writing on the wall.

One of the greatest causes of the present period of depression is laid at the door of credit. All of us have overstepped the rules of common sense economy. We have bought and bought until we even dream of buying. Many of us have thought we had the world by the tail, to use a little parlance of the street. And we have.

What we want to do now is loosen up on the tail and let the remainder of the old spheroid get its equilibrium. Then, maybe, things will find their balance.

There are many ways to do our little part. But they are simple ways. They are as simple as the day is long. It is merely a matter of economizing. Economizing at home, economizing in business, economize wherever economy is possible.

If we do this, then all should be well with the world.

IT'S A HARD LIFE AT THE BEST.

This had been a hard year on farmers in the trucking belt of this state.

In fact, it has been an exceptionally hard year. It is a year when all of their labors have been in vain; a year when honest toil and expenditure of enormous sums of money have brought them nothing in return.

It is true the first part of the year witnessed good prices, and that conditions looked bright. But the good times did not continue. Hardly had the season opened when prices dropped and the bottom of everything seemed to drop out.

All of this occurred, mind you, in one of the shortest crop seasons in years! It had been a long time since the shortage was so acute. Growers held out only one hope—that hope was centered on good prices.

Can you imagine anything more discouraging, more disheartening and disconcerting?

Certainly you cannot. But Eastern North Carolina growers are made of old American stock. They do not surrender to circumstances. They have never surrendered under conditions of adversity. And they have not done so now.

They are looking forward to the future as sanguine and optimistic as it is possible to look. It is true you can't hear the sound of coin jingling in their pockets. But that makes no difference. They may have to practice strict economy to make ends meet during the coming fall and winter. But it will not be the first time they have done so. They have tasted of both the bitter and sweets of life. They know that good fortune and prosperity do not come in rapid succession. And in knowing these things as they do, they are determined to "carry on" until it is impossible to cross more of life's barriers.

That is what it takes to win these days. The man who sticks tenaciously to any problem until he is satisfied that he has done his best, is bound to win out in the long run. Our farmers are facing a long, lean year, but they are doing it smilingly, content in the belief that the greatest any people can do is to do their best.

A new principle in motor lubrication

Engineers solve an old problem with a new and different "STANDARD" MOTOR OIL

ROAD TESTS section comparing Ford and Mack trucks. Includes text: 'In a 600-mile road test only Ford ran from Sept. 24 to Oct. 22, 1925, the new "Standard" Motor Oil showed a substantial decrease in both oil and gas consumption.'

THE Standard Oil Company (New Jersey) has developed an oil which embodies an entirely new principle in motor lubrication. "Standard" Motor Oil eliminates the possibility of dry spots on the cylinder walls—a failing which has always been present in even the best of the old type oils.

When this absence of a complete piston seal persists, there is resultant lack of power—the car doesn't climb hills well; it misbehaves at low speeds in high gear; the motor heats up; heavy deposits of carbon are formed; gasoline and oil consumption increases. The best of the old type oils could not correct this condition.

not be an oil of too heavy a grade. It must be, in fact, an oil of greater oiliness. And that is exactly what "Standard" Motor Oil is.

Oil would withstand a far heavier load before breaking down than any of the leading oils of the old type. This showed its lubricating superiority. Power tests came next. It was found that the lower friction losses and the better piston seal caused a gain of 3% to 5% in power when motors were lubricated with "Standard" Motor Oil.

A Quarter a Quart

- 7 Advantages found only in "Standard" Motor Oil: 1. Constant lubrication-film on metal surfaces. 2. Frictionless operation, in a practical sense, even upon starting after idleness. 3. Less "breaking down" under load or at high speeds. 4. More miles per quart of oil and less crank case dilution. 5. Better hill climbing and smoother operation in high gear at low speeds. 6. Negligible carbon, clean motor and clean spark plugs. 7. Actual saving in gasoline, with or without carburetor adjustment.

CARBON section with text: 'Remarkable demonstration when you drain out your oil. In addition to its other virtues, this new "Standard" Motor Oil is extremely effective in cleaning cylinder walls, piston heads and even spark plugs.'

"STANDARD" MOTOR OIL

You can actually feel the difference

# LOCALS

J. H. Manning has returned from Norfolk and Virginia Beach. Mr. and Mrs. William McDonald and Mr. and Mrs. J. C. Gaskins left this morning for an automobile trip through the valley of Virginia.

Mr. and Mrs. T. A. Person and their niece, Miss Lucy Nottingham, of Norfolk, left this morning for Junaluska.

Rev. Le. Saddler, of Richmond is spending a few days in Greenville.

J. B. James and daughter, Nina, left last night for Greenville, Tenn.

Mrs. R. Greene left yesterday afternoon for Kingston to spend a few days with her son, Mr. Oscar Greene.

Charlie Cowell, of Washington was in the city today.

Mrs. Annie Lang, Mrs. J. Y. Monk, Mrs. Paul Jones and son, Paul, Jr., of Farmville, were here Tuesday.

Jack Boyd, Jr., went to New Bern this afternoon to spend several days.

Robert Ernest Pittman has returned from several weeks' visit in Gatesville.

Mr. and Mrs. J. H. Boyd, Jr., spent this afternoon in New Bern.

J. H. Blount has returned from Junaluska, where Mrs. Blount and the children are spending the summer.

Mrs. Bruce Warren and Miss Mary Warren spent yesterday at Morehead.

Mrs. W. E. McGowan has returned from a two weeks' trip to New Bern, Kingston, Pollocksville and Trenton.

John Hardy, W. E. McGowan and W. S. Fleming spent yesterday at Pamlico Beach fishing.

Mrs. Lucy Mason, of Norfolk, is visiting her daughter Mrs. W. B. Tilghman.

Mr. and Mrs. J. W. Higgs and daughter, Helene, who have been spending the summer at Pamlico Beach, have returned after a brief stay at their home here.

Mrs. H. H. Duncan left yesterday for several days' visit to Pamlico Beach.

## BETHEL SCOUTS GO TO CAMP LEACH

Bethel Boy Scouts, headed by Scoutmaster Burns, passed thru Greenville yesterday afternoon, enroute to Camp Leach, where they will enjoy a week's outing.

## EPWORTH LEAGUE COUNCIL MEETS TOMORROW

Senior Epworth League of the Jarvis Memorial Methodist church will hold a council meeting tomorrow evening at 8 o'clock. All officers and interested members are urged to be present.

## TRUCK DEMOLISHES TELEPHONE POLE

It is not known exactly how it did it—but it did. A truck ran into a telephone pole on Evans street, on the block between Ninth and Tenth streets, and so completely demolished it that the telephone company will have to put up a new pole. The name of the driver could not be ascertained.

## MISS FLANAGAN HOSTESS TO BRIDGE CLUB

Tuesday morning, at her home on Evans street, Miss Rosamond Flanagan was hostess to her bridge club. The tables for the game were arranged in the sun parlor, which was decorated with hydrangeas and daisies. There were four tables. Miss Betty Dixon was given a bottle of black narcissus perfume for the top score prize. Mrs. Francis Bowen for low score prize, was given talley. The visitor's prize, a bottle of bath salts, was presented to Miss Lucy Nottingham, of Norfolk. Mrs. David J. Whichard, Jr., was remembered with a set of sandwich cutters. A tempting course luncheon was served. Guests of the club were Miss Lucy Nottingham, Norfolk, Miss Betty Dixon, Mrs. David J. Whichard, Jr., Mrs. Francis Bowen, Mrs. Graham Flanagan and Mrs. John Flanagan.

Guests of the club were Miss Lucy Nottingham, Norfolk, Miss Betty Dixon, Mrs. David J. Whichard, Jr., Mrs. Francis Bowen, Mrs. Graham Flanagan and Mrs. John Flanagan.

The eye-shade craze is a fine thing; it makes a lot of young people look like they work for a living.—Arkansas Democrat.

## Physician Advises People

"My wife suffered for years with stomach trouble which did not yield to any treatment. She took a dose of MAYER'S last Saturday with wonderful results. I have practiced medicine for 20 years and have never seen anything like it before. I have recommended MAYER'S to several that I know need this treatment." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by all leading druggists.

## LEAVE FOR PANAMA-PACIFIC CRUISE

Zeno Brown and Joe Mays left a few days ago for a six weeks' Panama-Pacific cruise. They will visit Havana, Cuba, go through the Panama Canal and visit a number of places of interest on the Pacific coast.

## ONE DEED FILED SINCE YESTERDAY

One deed of transfer has been filed in the office of the Register of Deeds for registration since the report of yesterday, that being by J. B. Eure to R. L. Johnson, 1 lot in the town of Ayden.

## NO MORE GOLF FOR CHAMPION OF THE WORLD

**Bobby Jones Will Not Appear On the Turf Again Until Some-time in September**

Atlanta, Ga., July 14.—(INS)—No more golf for the world's champion for a long, long time.

That is the program of Bobby Jones, who with three of the four major golfing crowns of England and America resting upon his youthful brow, is back home to forget about the strenuous campaign just closed which brought him the British amateur and American open titles. His next appearance as a competitive golfer probably will not be until September, when he defends his American amateur title.

Jones is said to be considering giving up his career as a real estate salesman, and entering Emory University, Atlanta, to take up the study of law.

Jones, on his arrival home, Sunday, was the recipient of the most enthusiastic greeting ever extended to any of the long list of notables who have visited the city. Thousands of citizens waited at the Terminal station, loaded Jones into an automobile, and marched behind him in a triumphant procession to the Atlanta Athletic Club, his home club, where Mayor Sims and other city officers, extended an official welcome.

## MURPHY FACES GRAND JURY ON MURDER CHARGE

**Athens Man Charged With Killing Jess Patterson Near Mooresville**

Athens, Ala., July 14.—(INS)—Henry Murphy, 35, today was awaiting action of the grand jury on a charge of slaying Jess Patterson near Mooresville.

(Sinc) he was arrested, late in June, Murphy has stoutly protested his innocence, maintaining that Will LaFarlett, brother of the slain woman, fired the shot that ended her life.

LaFarlett was the prosecution's star witness when Murphy was given a hearing in Superior court and ordered held for grand jury action. According to the version LaFarlett told the court, Murphy was the aggressor of the affair.

Murphy, on the other hand, introduced a number of witnesses whose testimony tended to show that he acted in self-defense. The testimony of a number of witnesses was impeached.

It was testified that the dead woman was killed by a load of shotgun slugs that was not intended for her, when Murphy and LaFarlett were scuffling.

Murphy will face a trial by jury in September.

The League of Nations must be in a bad way, when it isn't even news any more.—Durham Sun.

## TODAY

(Continued from page 1)

pictures pretend not to know it?

Witnesses in the trial of a whole sale bootlegger says rum cargoes were landed in New Jersey and in New York under the protection of uniformed policemen.

The bootlegging industry pays gladly \$200 a DAY to policemen and other public officials that make less than \$200 a MONTH. Each says to himself, "If I don't take it, somebody else will. That is wrong, but the bootleggers thrive.

In Europe, where they have dictators, the labor leaders meet strong opposition. General Panagolis, Greek dictator, hearing of a strike, sends leaders and "agitators" to think it over on an island in the Aegean Sea.

What would some American corporation give for such an island? Mussolini, it is said, issued a decree adding an hour to every day's work when he heard that Italian workmen planned to strike for more money, because living cost so much. Mussolini's remedy is "work an hour more every day and you will produce more, and things won't cost so much."

**DAUGHTER OF FAMOUS JAP ANARCHIST GOES TO U. S. T. BE EDUCATED**  
Tokio, July 14.—(INS)—Miss Mako Osugi, 10-year-old daughter of the late Sakae Osugi, Japan's famous anarchist, is to go to the United States to be educated.

In the troubled days immediately following the great earthquake in 1923, when Tokio was under martial law, Osugi, his wife and his nephew, were strangled to death in their home by Capt. Masahiko Amakasu, an army officer.

The crime, ostensibly committed in the interest of the public order, aroused widespread resentment in Japan and Capt. Amakasu was sentenced to ten years in prison.

Since the death of her parents, Miss Mako has been living with relatives in a remote country village. Now she is to be taken to America by her aunt, Mrs. Ayame Tachibana, whose husband is a restaurant keeper in San Francisco.

## AN OLD RECIPE TO DARKEN HAIR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75c. Everybody uses this preparation now, because no one can possibly tell you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

## PHOTOGRAPHIC EXHIBITION TO BE HELD IN GERMANY

Frankfurt on Main, July 14.—(INS)—For the first time after the war a National Photographic Exhibition will be held here in the middle of August.

A historic section will show the development of photographic art from the beginning down to the latest inventions concerning radio pictures. Prizemen photographers will exhibit their best photos and an International Photographers' Congress will be held during the exhibition.
