

The Weather

Fair tonight and Friday, not so cool tonight in west and north central portions somewhat warmer Friday, moderate to fresh winds.

CONTINUE SEARCH FOR VICTIMS OF NEW YORK FIRE

Ruins of Twilight Inn Searched for the Bodies Believed Lost in Conflagration

Tanneraville, N. Y., July 15.—(INS)—Search was made today in the ruins of the Twilight Inn for additional bodies of guests and employees believed to have lost their lives when flames turned the three story wooden structure into a roaring furnace yesterday.

Eleven bodies lay this morning in a barn a short distance from the ruins of the hotel, which is in the Caskill Mountain. A few of the rescuers continued their efforts throughout the night to find bodies of relatives and friends. A revised list of the missing contained eighteen names, eleven of them women and two children. The bodies already recovered accounted for eleven of these, but they were charred beyond recognition. The hotel safe was taken from the ruins today and it was believed that it might contain some information on which to get an accurate record of the guests and employees of the building when it was destroyed.

The inn was the second Caskill Mountain structure to be destroyed by fire this year with loss of life. The first fire occurred on February 22 and took nine lives.

PATERNALISM IS SCORED BY BAR MEMBERS

Forty-Ninth Annual Convention Places Itself On Record to Resist Measure

Duvel, Colo., July 15.—(AP)—Increasing paternalism of the Federal Government was scored today by the American Bar Association. The organization's 49th annual convention placed itself on record through adoption of the report made by its committee on American citizenship, which declared "The American citizen of today is boarding his individual liberties and right for Government bounties and bonuses." and deplored the increasing tendencies toward centralization in the government.

"The Roman citizen, bartered their ancient liberties for bread and circuses," said the report. "The American citizen today is bartering his individual liberties and right for government bounties and bonuses. He demands government interference in everything and surrender, his individuality in return for it."

"The American citizen is being paraded by Government arms. It is the Government, he asks the Government in return to support him.

The report of the committee also contained an indictment of law schools and colleges as the training ground of the legal professional.

After declaring that "law schools of the country are not teaching the constitution," the report urged that each applicant for the bar be required to pass an examination on the Federal Constitution.

The convention also approved the report of its standing committee on jurisprudence and law reform in which the body went on record as opposing the adoption by Congress by the bill introduced by Senator Caraway, Democrat of Arkansas, that has for its purpose "substantial curtailment of the powers of trial judges."

The sure way for a young man to succeed is to decide on what he wishes to be and then marry a girl whose father is in that business.—The Palm Beach Times

MANY CASES OF TYPHOID FEVER IN THIS STATE

Prevalence of Fever Reached Highest Mark With Report of 18 New Cases

Raleigh, July 15.—(AP)—Prevalence of typhoid fever in North Carolina reached its highest mark of the year today when 18 cases of the disease were reported to the State Board of Health, bringing the total of typhoid cases reported for the month of July, to 121. This figure is approximately the same as the number of cases reported last year at this time.

Typhoid cases reported today were chiefly from Eastern North Carolina. Only one new case of infantile paralysis was reported today. It was in Catawba county.

ONE CASE HEARD IN CITY COURT

Teed Pollard, White, Appeals to Superior Court On Charge of Drunkenness

Teed Pollard, white, who resides a short distance from this city, appeared before Mayor D. M. Clark in yesterday's session of city court on charge of being drunk and disorderly and transporting whiskey. He was fined \$10 and costs in the first charge. He filed notice of appeal to Superior court.

BELGRADE POLICE ARREST STAMP COUNTERFEITERS

Belgrade, July 15.—The police here have arrested two men on charges of counterfeiting three million dinars worth of stamps of all denominations. The discovery was made when the government found that the stamp receipts were decreasing while the number of letters and parcels sent through the mails had actually increased. The men had sold the stamps throughout the city and provinces at about half their value. No counterfeiting machines have been discovered which leads the police to think that the stamps were made in another country.

CRAWFORD TELLS JURY OF CRUELTY WHILE IN PRISON

Says He Was Threatened With Whipping When He Asked to Have Physician

Albermarle, July 15.—(AP)—How on one occasion when he was suffering from blood poisoning and requested a physician, he was threatened with a whipping and placed in double shackles, was related to the jury trying Nevin C. Crawford, former Stanley county convict superintendent today by Clayton Smith, a former prisoner.

Crawford is on trial charged with whipping two negro prisoners so severely that they later died. Smith was pardoned by the Governor upon his promise to join the army. He was cross-examined today in an attempt to prove his relationship to the other witnesses for the state. Smith admitted he was a relative by blood or marriage of a number of the witnesses called by the prosecution and added that all but one of them had come to the Stanley county chain gang from Montgomery county.

Why We Fish.
San Francisco's Plan.
How Many Children?
A Rockefeller Rule.
By ARTHUR BRISBANE

The President is fishing ardently and Mrs. Coolidge, like a good wife, also fishes. Fishing is an extremely dull occupation, not much to stir the imagination, waiting for a fish to bite. The human race is a race of fishers, statistically, although it doesn't know it.

We fish for a vacation—our ancestors fished to avoid starvation. When you see a man sit all day to catch a small cat fish that will sting his thumb, or another man, in unhealthy rubber boots, walking twenty miles to shoot one thin rabbit, worth twelve cents, you see atavism at work.

Men do now "for pleasure" what they once did because it was fish, game or death.

We fish, also, because on this planet all life, including our own, began in the water. As the earth's hollows were filled and the water cooled off, life began in shallow places, then came ashore and developed into quadrupeds, reptiles, birds and animals, and man came ashore with the others.

Man's instinct is to go back to the water. That is why your little boy annoys his mother by rushing into every mud puddle. He is going back to the age when he and you were in the Amœba class—3 so science tells you.

San Francisco citizens develop scientific philanthropy. A meeting called by Messrs. Merrill, Fleischacker, Shoup, Crocker and Miller discussed plans for making money useful to the community. These men are included in a group of fourteen, worth more than \$100,000,000, and determined to use their money wisely for public purposes, charity, science and education. They are studying the Rockefeller and other foundations, each will give what he can give to a central fund and they intend that the money be used efficiently.

That is an improvement on the ancient method. Then each of the fourteen would have led a selfish, self-indulgent life, and then, separately, at the last minute, would have given money as a bribe to providence in the hope of escaping hell, and gaining paradise. The best way to achieve that result is to give to other men.

The Lord does not need money.

John J. Hanton, of Chicago, tells the National Government he intends to get married and wants "any literature on the government's ideas about marriage, particularly the size of the family the government wants one to have."

The ideal family is as many children as the MOTHER wants, and can take care of, and every mother should be allowed to decide for herself how many.

Some small families have done wonders. Alexander the Great had no brothers or sisters. Caruso, on the other hand, was the nineteenth child; Napoleon was one of many.

The size of the family is the mother's business, not the government's business.

John D. Rockefeller, Jr., wise man, will not allow his children to have their pictures in newspapers. He doesn't want them to "feel important before they have done anything worth while." He doesn't even want his children to know that they are very rich, which is also wise.

One of Mr. Rockefeller's children, asked to contribute \$50 to some worthy cause said, quite sincerely: "They must think we are Vanderbilts."

That innocent child doesn't know that her father and grandfather could buy the whole Vanderbilt family every little while and not know the difference. Sometimes Uncle Sam makes money. The big sugar men of the United States formed a "sugar equalization board" to control prices in the war. The government put in \$5,000,000 and yesterday.

Army Holds First Funeral of Arsenal Blast Victim

Full military honors were accorded Lieutenant G. W. Botts, Jr., the only army man to be killed in the arsenal explosion at Lake Denmark, N. J. He was buried at Dover, Del.

STATE RESTS CASE AGAINST NELL FREEMAN

Character Witnesses Presented to Court At Opening of the Court Today

Charlotte, July 15.—(AP)—The state rested its case against Mrs. Nellie Freeman, charged with the murder of her husband, shortly before noon today.

Mrs. A. C. Collins, today corroborated the testimony of Mrs. J. N. Wingate to the effect that Mrs. Freeman had said she would kill her husband "if he didn't change his ways." Evidence on the same subject was corroborated by others before the state rested its case.

Character witnesses for the Freeman family were presented to the court when it opened today. The Reverend J. A. Smith, pastor of the Biggs Springs Methodist Church near here, said that the character of the mother and father was good, and also testified to observing the good conduct of the defendant. Several other witnesses also testified as to the good name the Freeman's bore in the community.

Charlotte, July 15.—(AP)—Nellie Freeman took the stand today in her own defense in her trial for the murder of her youthful husband.

Speaking steadily and quietly she bared her life's history for the jury and a crowded court room and gradually led up to the killing. The only show of emotion came when she said "I did not have it in my heart to kill him. I wanted to teach him a lesson and make him a better man."

Here she spoke with dramatic accent. She said she slashed her husband's throat on the night of May 22 with the intent only of injuring him. He had threatened to desert her when she became angered and cut him, according to her story.

Mrs. Freeman gave her age as 20. She is to undergo cross-examination this afternoon when court reconvenes following the noon recess.

FREIGHT WRECK AT STATESVILLE

Statesville, July 15.—(AP)—Seven freight cars were demolished and an engine derailed when one freight Southern railroad train ran into the rear of another three miles west of here early today. No one was hurt in the crash. It is understood that a long freight train had been slipped into section and the wreck occurred when one section ran into another which had stopped. The road was blocked for several hours and early morning trains were rerouted to Asheville by way of Spartanburg.

CITY MERCHANTS TO BE HOSTS TO TOBACCO BOARD

Get Together Meeting to Be Held at O. L. Joyner Farm Thursday Week

The Greenville Merchants Association will be hosts to members of the Greenville Tobacco Board of Trade Thursday of next week, at 1 o'clock, at the farm of O. L. Joyner, three miles west of Greenville, on the Falkland highway.

Although the program for the occasion has not been completed, it is understood that addresses will be delivered by men prominent in the tobacco industry of the city. These addresses will deal largely with the development of Greenville as one of the greatest business and industrial centers of the state.

BISHOP CANNON PLANS TO VISIT EUROPE IN JULY

Methodist Bishop Has Also Arranged for Conferences in Brazil

Lake Junaluska, July 15.—(AP)—Bishop Jam's Cannon, of the Methodist Episcopal Church, South, who closed a social service conference here Sunday, has announced that he will sail for Europe in a few days. While absent, Bishop Cannon expects to attend as an official delegate appointed by President Coolidge, the International Convention of Young Men's Christian Association at Helsingfors, Finland; the meeting of the executive committee of the World Conference on Faith and Order; and the meeting of the continuation committee of the Universal Conference on Life and Work in Switzerland; and the Conference on Christian Missions in Africa, which will be held in Belgium.

After consultation with the Brazilian delegates to the recent general conference, Bishop Cannon has arranged to hold three Methodist conferences in Brazil, during October. He will probably return to the States from his European itinerary before going to Brazil, a part of his Episcopal area.

These days and times if Mary kept to her unusual love for her lamb, she would certainly be classed as a person of expensive taste.—Nashville Banner.

STATE FARMERS TO HOLD ANNUAL SESSION SOON

To Dedicate Animal Husbandry Building in Raleigh On July 27, 28, 29

Raleigh, July 15.—(AP)—A feature of the State Farmers' Convention to be held at State College on July 27, 28 and 29, will be the dedication of the new animal husbandry building to the livestock industry of North Carolina. The building, one of the most commodious and modern on the campus, will be called Polk Hall in honor of Colonel L. L. Polk, the first commissioner of agriculture for this state.

According to Dean L. O. Schaub, the dedicatory exercises will be held on Wednesday afternoon, July 28, at 4:30 o'clock. Dr. A. H. Glover, editor of *Hard's Dairyman*, will deliver the feature address of the occasion and Dr. Clarence Poe, editor of the *Progressive Farmer*, will deliver an eulogy of Col. Polk. Dean Schaub will describe the building and call attention to the uses to which it will be put.

Col. L. L. Polk, for whom the building will be named, was the first commissioner of agriculture for North Carolina, holding his position during the years from 1877 to 1886. He was one of the leaders for the establishment of the agricultural college and according to Dr. Poe, made speeches advocating such a movement long before the Water Club has begun its agitation for an industrial college. It was Col. Polk who helped to merge the farmer movement for an agricultural school with the movement sponsored by the club, and according to some farm leaders, he should share much credit for it with the club for the establishment of the present great college at Wea Raleigh.

LIGHTWEIGHT TO DEFEND HIS TITLE TONIGHT

New York, July 15.—(AP)—The high weight champion of the world will defend his crown tonight against the man many think should wear it. Paul Berlenbach, of New York, the product of amateur wrestling is the champion. Jack Delaney, of Bridge Port, Conn., who once took care of Berlenbach in four rounds is the challenger.

Fully 50,000 persons are expected to see the encounter which is scheduled for fifteen rounds. Only a heavy weight battle hitherto has aroused such interest as that manifested in this fight. Some 500 newspaper men from as far away as Mexico will be at the ring side. Delaney is the favorite in the betting by six to five. The match is scheduled to start about nine o'clock eastern standard time.

MRS. LIPSCOMB DIES SUDDENLY AT HOME HERE

Beloved Woman Passes Away While Taking Her Afternoon Nap

Mrs. W. T. Lipscomb, Sr., 76, died suddenly this afternoon at 1:30 o'clock at her home on Fourth street. Death came as a distinct shock, although she had been in declining health for some time.

After eating dinner, Mrs. Lipscomb lay down to take her afternoon nap. It was while she was sleeping that death came. She was one of the best known and most beloved women in this community, having lived here thirty years or more.

Funeral services will be announced in tomorrow's paper. Mrs. Lipscomb, nee Ellis Moseley, was born in Oakland, Halifax county, Va., April 18, 1850, the daughter of the late Mr. and Mrs. Charles Moseley. On February 22, 1869, she was married to Mr. W. T. Lipscomb, who with several children survive her.

At the age of fifteen she became a member of the Baptist church at her home, and upon coming to this city, more than thirty years ago, moved her membership to the Memorial Baptist church here. She was a Christian and a faithful member of her church, and attended services regularly as long as her health permitted.

She is survived by her husband, two daughters, Mrs. T. B. Wilkerson, of Durham, Mrs. H. W. Whedbee, of Greenville; two sons, Colonel Charles T. Lipscomb, of Easton, Md., and W. T. Lipscomb, Jr., of Greenville; two brothers, T. B. Moseley, of Durham, E. E. Moseley, of Snow Hill; a sister, Mrs. W. B. Oliver, of Anderson, S. C., and several grandchildren and three great-grandchildren.

TOBACCO CROP, LOOKING GOOD IN PITT COUNTY

State Crop Reporting Service Predicts 600 Pound to Acre Final Production

The July crop report of the North Carolina Crop Reporting Service says that present indications point to a decreased final production of tobacco this year at less than 600 pounds to the acre.

The acreage is about the same as last year, but the condition is about 66 per cent compared with 81 per cent a year ago.

"The Northwest part of the state," the report continues, "shows the poorest area of growth, the average being about 59 per cent normal, while the Eastern part of the state shows the best conditions, with an average of 77 per cent."

It is indicated that there is about 81 per cent of a full stand. The outlook for this section of the state is particularly good at this time. Many farmers are already housing their crops, and will be in readiness for the opening of the market. A considerable part of the crop is well developed, but whether the quality will measure up to last year's standard cannot be said.

The growers were rather doubtful as to the outlook for the first part of the season on account of unfavorable weather conditions. But an improvement came and resulted in rapid development of the weed in virtually all parts of the county.

SAYS SOUTHERN NATIONAL BANKS NOT IN DANGER

Closing of State Banks in Georgia to Have No Effect On Others

Washington, July 15.—(AP)—National banks in the South are in no danger as the result of the closing of state banks in Georgia, in the opinion of officials of the Federal Reserve Board who today conducted a hasty summing up of the situation. The board met in special session to survey conditions in Georgia, but it was said afterward there was no necessity for sending additional reserve to the Atlanta Federal Reserve Bank.

The view held was that the difficulties of the state banks were the outgrowth of real estate operations upon which most of the bank securities were based. The fact that nearly all of the banks belonged to a chain system outside the reserve system was held to be significant by the board members.

While expressing sympathy government officials insisted there was nothing they could do. Secretary Mellon and other said they had received no information that Northern banks were refusing to accept checks on Georgia and Florida banks.

POSSE IS STILL AFTER MURDERER BERTHA ANSELL

Thirty Hour Search On Currituck Sound Fails to Disclose Whereabouts

Elizabeth City, July 15.—(AP)—After 30 hours search of Knott Island, just off the Currituck mainland, and of adjoining sections, apparently had failed to disclose the whereabouts of George Waterfield, who is sought by a sheriff's posse in connection with the fatal shooting of Miss Bertha Ansell, 17, and the wounding of her escort, William H. Tatem, on the island Tuesday night.

No clear motive for the killing has been established. Tatem told authorities that Waterfield shot after being upbraided by him for an alleged insult to Miss Ansell. The shooting occurred in front of the Waterfield home.

GEORGIA BANKS CONTINUE PROBE

Atlanta, Ga., July 15.—(AP)—The Georgia State Banking Department today continued its investigation into the affairs of 40 state banks which have closed their doors since Monday. At the same time Federal Judge Samuel H. Sibley heard a petition for bankruptcy proceedings against the Bankers Trust Company, the operating company for 120 state banks, for which a temporary receivership was named in county court here yesterday.

King Albert Given Power to Save France

Brussels, Belg., July 15.—(AP)—Parliament today gave King Albert full power to institute by decree measures to save France. The full power bill was adopted by the Chamber of Deputies 139 to 9 with abstaining from voting and by the Senate unanimously, except for two abstentions.

Mobile, Ala., July 15.—(INS)—Runners using the disguise of tourists have been smuggling liquor through here for several months in large quantities.

Average wages paid in Paris and vicinity range from \$1.35 to \$1.77 a day, according to figures recently given out.

AMERICA TO HONOR SOLDIERS OF ALL WARS

Plans have been completed for a war memorial for the heroes of all wars in which this country has participated.

It will be placed on the new \$4,000,000 Victory Bridge, which crosses the Haritan River at Perth Amboy, N. J., connecting the Amboys, Perth and South.

The memorial will be made of bronze and granite—the figures measuring seven feet, three inches high, and the total height about twenty-five feet.

But our York county friends should not become unduly alarmed. The situation is not one to be proud of. It is merely the result of a lack of proper home environment.

On the face of the pillar where the minuteman stands is this quotation from Washington: "Let us raise high the standard to which the wise and honest shall repair, for the leaven is in the hands of God."

The memorial will be paid for by public subscription. It is estimated it will cost approximately \$30,000.

Memorials have been erected to almost every cause under the sun. It is fitting indeed that one should be erected in the memory of those who struggled upon countless battlefields in all our wars, that this nation might live.

honored dead we shall take increased devotion to that cause for which they gave the last full measure of devotion."

"SHIEKS AND DRUG STORE COWBOYS"

War has been declared again. This time it comes from the direction of South Carolina.

It is in the form of an ultimatum by a grand jury sitting in the county of York.

That type of young men who have been given the sobriquet of drug store "cowboys" and "shieks" are the object of attack.

Asserting that hundreds of young men over the county and state were loafing without visible means of support and assuming the role of "shieks" and drug store "cowboys," the grand jury has recommended that rural police round them up, order them to get jobs, and upon failure to do so, arrest them for vagrancy.

"Numbers of young men, some of them very young, are in one way and another being contaminated by the accursed whiskey evil that is raging throughout this land," the jury report said.

Members of the grand jury are to be commended. It is a pity the need of drastic action along this line has not been recognized by juries in other parts of the country.

The drug store "cowboy" and the "sidewalk shiek" are products of the modern parent. In other words, they are not receiving proper training at the hands of fathers and mothers.

It used to be that father and mother ruled the home. Today, sister and brother are supreme rulers. In the majority of cases, what they say goes.

When we get back to the old-fashioned way of raising children, there will be no need for grand juries to become alarmed. When American parents awaken to the danger confronting civilization through their failure to realize the responsibilities resting upon their shoulders, then, and then alone, may we expect to see the passing of the "painted face flapper" and the "cowboys and shieks."

A change is imminent. We are beginning to find ourselves. The awakening at last has come.

It Melts Freckles Away in 4 Days

You remember her of course—not so long ago she was a regular scarecrow—skinny is a mild word for the way she looked.

Just look at her now—if ever a woman had a perfect figure she has it—she is the envy of half the girls in town.

It's nothing to get excited about—all she did was to take on weight—filled out the hollows in her face, neck and chest—any skinny weak, run down woman can do the same and gain a clean clear complexion at the same time.

Just get 60 McCoy's Cod Liver Oil Compound Tablets for 60 cents at Denton Drug Co., or any drug-gist, anywhere—Take 2 after each meal and two at bedtime and if any excessively thin woman, or man either for that matter, does not gain at least five pounds in 30 days! Why? Money back.

Bed-Bugs? Instant Death for the Pesky Creatures

Yes, instant death to bed-bugs, roaches or flies. The modern P.D.Q., the new chemical discovery touches these insects as they die. Can do so damage to your springs, or furniture won't rot or stain clothing. P.D.Q. is used and recommended by leading hotels, hospitals and restaurants as the quickest and safest way of getting rid of pesky insects. Instantly it suffocates and kills the living creatures, coats their eggs and stops them from hatching and multiplying. A 3c package of this golden chemical will make a quart of mixture—so plenty it will kill a million bed-bugs. P.D.Q. can also be had in double-strength liquid form—ready for use. Free patient booklet enables you to check hard-to-get-of places with ease. Get P.D.Q. at your druggist's today. Your money back if the bugs are not gone tomorrow.

Lasky Predicts Coming of Movie Shakespeare

Hollywood, Cal., July 15.—(AP)—The screen is ready for its Shakespeare; and the film will have its "Bard of Hollywood" as surely as the stage produced its Bard of Avon.

This is the pronouncement of Jesse L. Lasky, motion picture producer. And while he does not forecast the arrival of the super-scenarist this year or next, he declares the great need of mo-

tion pictures eventually will bring its answer—a screen Shakespeare.

"A man will come who will tower above past writers and contemporaries in the construction of original screen stories," Lasky said. "He will bring to the screen something new, some great thought, some finely wrought form of construction and story telling. He will open our eyes to new possibilities, to new dreams of the screen as a medium of art, and when he passes will leave a creative monument behind him that many genera-

GRIMESLAND MAN ILL.

Rev. J. J. Lewis, past of the Grimesland Methodist church, was reported today as being seriously ill at his home in Grimesland.

MRS. J. C. WHITEFORD, JR. AND MRS. L. B. MCCORMICK ENTERTAIN

Hostesses at Bridge in Honor of Mrs. O. B. Pentross and Mrs. D. E. Taylor.

On Wednesday morning, at the home of Mrs. L. B. McCormick, in College View, Mrs. J. C. Whiteford, Jr., and Mrs. L. B. McCormick delightfully entertained at a bridge luncheon, having as honor guests their sisters, Mrs. O. B. Pentross, of Danville, Va., and Mrs. D. E. Taylor, of Norfolk, Va. The home, ensuite, was decorated with summer flowers and ferns, carrying out the pink and green color scheme.

Upon arrival the guests were given a cordial welcome by the hostesses and honorees. Seventeen tables were arranged for the games and several interesting progressions were enjoyed.

Miss Mamie Ruth Tunstall, making the top score, was presented a beautiful bed lamp. Mrs. Pentross was also given a bed lamp, while Mrs. Taylor was remembered with an attractive hand painted bowl. Miss Rosamond Flanagan, who will be married in the early fall, was presented a beautiful had made bou-doir hair band, and Mrs. D. J. Whichard, Jr., a recent bride, was given a bottle of bath salts. The consolation prize, table cards and pencils, was presented to Mrs. Walter Harrington.

At the conclusion of a most pleasant morning, Mrs. Whiteford and Mrs. McCormick, assisted by Mrs. M. B. Massie, Mrs. W. T. Bryan and Mrs. Clifton Edwards served a tempting luncheon.

The party was one of the most enjoyable of the season and will be remembered by a large number of guests who enjoyed the hospitality of the hostesses.

MRS. DENNIS AND MISS MANNING ENTERTAIN AUXILIARY

The Auxiliary of the Pitt County Post of the American Legion met Wednesday afternoon with Mrs. P. G. Dennis and Miss Mollie Manning at their home on Third street. The poppy committee reported the sale of fifty-one hundred poppies Memorial Day. After the usual business meeting a social hour was spent. The

hostesses served a tempting luncheon. The next meeting will be with Mrs. K. B. Pace in August.

SENIOR B. Y. P. U. OF THE IMMANUEL CHURCH TO ENJOY GYPSY TEA TONIGHT

Members of the Senior B. Y. P. U. will meet at the home of Rev. and Mrs. L. R. O'Brien, in front of the College, at six o'clock this evening, from which place they will go to Public Landing, on a Gypsy Tea. Each car will be properly chaperoned.

EXTENSION ENGINEER TO ADVISE FARMERS ON WATERWORKS SYSTEM

Mr. H. H. Gordon, Extension Farm Engineer, will be in Pitt county Monday and Tuesday, July 19 and 20, to advise with any farmer in regard to putting in a satisfactory and inexpensive system of waterworks. If anyone is interested in talking with Mr. Gordon, please communicate at once with Miss Bertha Lee Ferguson, County Home Demonstration Agent, Greenville, N. C., so that she may bring Mr. Gordon to your home. Mr. Gordon is an employee of the North Carolina Extension Services and his services are free.

MRS. BROWN RETURNS FROM RICHMOND

Friends of Mrs. James Brown, who has been in St. Luke's hospital, Richmond, will be glad to learn that she has returned to her home.

DR. NOBLES TO SPEAK AT COLLEGE TONIGHT

Dr. C. S. Noblis will speak at the college tonight at 8:30 o'clock. Dr. Noble has been Professor of Education in the University of North Carolina, Chapel Hill, for a number of years and is well known throughout the state. He is a most interesting speaker and will please his audience. The public is invited. There will be no admission charge.

FIRE DEPARTMENT CALLED OUT TODAY

The fire department was called out this morning to handle an unruly oil stove at the Will Hooker house, corner Second and Evans streets. No damage, other than to nerves, was reported.

SESQUI-CENTENNIAL Philadelphia, Pa.

Coach Excursion Fares, via Norfolk Southern R. R. and connections, tickets sold Tuesday and Friday July 2 to November 30th, 1926, inclusive. Final limit including date of sale.

MR. DAVENPORT ILL.

The friends of J. R. Davenport will regret to learn of his illness at his home in Pactolus.

MR. JAMES EVANS LEAVES HOSPITAL

Mr. James Evans, who has been confined in the Pitt Community hospital suffering from injuries sustained in an automobile accident some time ago, has returned to his home near this city.

S. T. WHITE AND PARTY TO RETURN HOME TODAY

Mr. and Mrs. S. T. White and daughter, Helen, and Mrs. Delia McGee, who were injured in an automobile wreck near Kinston yesterday morning, are expected to return to their home in Greenville this afternoon.

While none were seriously injured, all of them suffered cuts on head, face and limbs which necessitated the taking of several stitches, at the Parrott Memorial hospital in Kinston.

BUSINESSMEN'S INVESTMENT

Our 745-Store Buying Power Gives Great Savings to the Public

This buying power is far-reaching! It means much more to you than perhaps you even suspect! How many Stores buy at one time 8,940 pairs of women's hosiery? This means but a dozen pairs to each one of our 745 Stores. How many Stores buy 107,280 pairs? Yet this means but a single gross of hosiery to each one of our Stores? The same extensive buying applies to practically every line of goods we sell.

Extensive buying also commands the cream of Quality—the kind of goods that not only look well but which gives long, dependable service. Our buying is not a game of chance. It is based upon Quality Always at the Lowest Possible Price. We give you the full benefit of every advantage we enjoy in the country's greatest markets. This Store brings all these advantages to you and thus is giving great savings to the public.

JULY CLEARANCE SALE

First Day Opens With a "BANG"

Attendance was large, enthusiasm high, and buying was brisk. Many who came to look found that prices were so low on the very things they needed or could use later, bought liberally, then told their friends about the wonderful values they got. Tomorrow the second day of the sale will, in every respect, be just as big as the first day. How could it be otherwise with such offerings as these?

BLOUNT-HARVEY COMPANY

"THE SHOPPING CENTER"

TODAY

(Continued from page 1)
day received from that board, which ceases to exist, a check for \$11,000,000, making a total of \$41,000,000 profit for the government on its investment of \$5,000,000.

Let there be light and power, is the motto of New York City. That one American community uses five billion kilowatt hours of electricity every year, more than the total amount developed by all the generating plants in Greece, Denmark, Latvia, Jugo-Slavia, Poland, Hungary, Norway, Roumania, Turkey, Switzerland, Sweden and the Netherlands. Those twelve countries have 100,000,000 population, nearly twenty times the population of New York City, almost the population of the United States.

The people's use of electricity power and telephones is the measure of its prosperity and enterprise. It not actually a measure of civilization.

H. G. Foker, brilliant flying man from Holland, manufacturing planes here, has insured his life for \$2,000,000 and pays high premiums because of the risk.

This particular flyer is worth many times \$2,000.00. He built the machine in which Commander Byrd, fine young American naval officer, flew over the North Pole, with the financial help of Vincent Astor, Edsel Ford and John D. Rockefeller, Jr.

Mr. Foker ought to be working for the United States Government and it ought to insure his life for \$20,000,000—if money made any difference.

Germany builds first-aid airplanes to take the injured swiftly to the nearest hospital. Patients will be carried to and from the airplane in padded hammocks. This country gave Europe the flying machine, Europe is teaching us to use it.

FILM STAR'S LIFE IS NOT SO "ROSY"

The average follower of motion pictures looks upon the life of a screen star to be a thing of golden adventure and striking reward.

While there is probably no more romantic profession on the globe than that of acting for the silver screen, the every day life of a star isn't all brightness and cheer. Witness the daily life of Richard Barthelmess, appearing

in "Soul Fire," at White's Theatre today.

He is awakened at his home in East 92nd street at 7:30 by his trainer, a young amateur prize fighter. He first devotes about an hour to exercises. If it is a pleasant day he takes a run in Central Park with his trainer.

A hurried breakfast—and he is off to his studio. There he must make up and reach the set, ready for work at 9.

Studio hours run from 9 to 5 with an hour for lunch. All in all, a star has "more work and less play" than the average man.

VIENNA EGBRNS BUILDING APARTMENTS FOR WORKERS

Vienna, July 15.—(INS)—The municipality of Vienna has begun the building of an apartment building containing 600 flats for workers which is the last step in their program begun in 1924 to build 25,000 flats. Already more than 22,000 flats are being occupied by workers at small rentals, while the remainder will be completed by the end of this year. All

of the flats have running water, baths, and electric light and are connected to gardens and playgrounds.

Despite this increased housing accommodation there is still a great demand for flats and it is probable the city government will undertake another such project.

Found booze in a hearse at St. Louis. It hadn't died of old age.—Shreveport Times.

A DODGE BROTHERS SEDAN

\$ 895

F. O. B. Detroit

People are surprised to learn that this beautiful and sturdy car now sells for \$895.

They have heard so much about its exceptional value that they are under the impression it sells for a higher price.

Moreover, the Sedan possesses all the roominess and character of closed cars that call for a much greater investment.

It is substantial in appearance because it is substantial in fact. And serves its owners far beyond the period usually expected of a car at any price.

The body is all steel—safe, sturdy, fireproof, and smartly finished below the belt line in coolie blue lacquer, with cartouche yellow stripe—upper body in black lacquer—shields and fenders in black, oven-baked enamel.

Blue Spanish genuine leather upholstery, removable rear seat-back, and optional wood or steel wheels are included among many other features that commend themselves forcefully to the buyer.

Many who expected to buy a cheaper car, now find that Dodge Brothers product is well within their means. Many who had expected to buy something more expensive, now find everything they could possibly desire in these smart and dependable vehicles.

See the cars for yourself—and investigate our attractive time-payment plan.
