Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the atomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

## Notice of Public Speaking

Hon. Johnson J. Hayes, Republican candidate for United States Senate, will address the voters of Pitt County, in the Court House at Greenville, N. C., on Saturday, October 9th, at 2:00 P. M.

Mr. Hayes is an orator of unusual ability, and will discuss the issues of the campaign in a manner that will be of interest to the voters of our county. The present tax system, the school book system and the Australian ballot are among the various issues of the campaign.

Everybody is cordially invited. The time has come when the women of our county should take a more active part in the affairs of our Government, and I especially urge the ladies of Pitt County, to hear Mr. Hayes next Saturday.
