MARKET REVIEW

(By W. S. Cousins, INS Financial Editor)

New York, Oct. 28.—(INS)—Industrial reports and developments were much more favorable than the action of industrial stocks in the New York market today. Though speculative sentiment has recently undergone a considerable improvement, the shadow of the approaching election hung heavily over the market, restricting outside participation in stocks and confining transactions largely to professional trading and evening up of the commitments of the floor traders.

United States Steel, General Motors and a few other of the speculative favorites set a pace for activity and buoyancy which the

market as a whole was unable to follow. Today's buying took place in slight advance over Wednesday's closing prices. But liquidation was equally active, especially in Hudson Motors and several of the industrial shares which have been under more than the usual selling pressure in recent sessions.

Steel companies reported a better inquiry for structural steel, and steel mill operations held steadily. Equipment companies also reported the influx of good volume of new business.

Weakness in Hudson Motors was due to reports that the third quarterly earnings statement would make an unfavorable showing by comparison with previous quarters.

Philadelphia and other oil stocks in the late trading, on buying attributed to a powerful bullish pool operating from the south. Superior oil was a leader in the low-priced oil shares, stimulated by reports of the opening of new flush wells in the Seminole district.

Pharmacists' Club In Interesting Meeting Here

The Greenville Pharmacists' club held its second regular monthly meeting Tuesday afternoon in the National Bank building. This club was recently organized for the purpose of the druggist, of Greenville getting together and exchanging ideas once a month, which should mean much to the drug business in the city.

The following are officers of the club: G. M. Atwater, president; J. Key Brown, secretary; Chas. H. Home, treasurer. All the pharmacists in Greenville are members. The members besides the officers are C. T. Morrow, B. S. Warren and Hill Horne.

NEW SENSATION IS PROMISED IN HALL-MILLS CASE

Sender Anonymous Letter Declares She Will Reveal All When Trial Starts

New Brunswick, N. J., Oct. 28.—(INS)—The coffin containing the body of Mrs. Eleanor Mills, who was murdered four years ago with the Rev. Edward W. Hall, was removed from its grave this afternoon.

An autopsy will be performed later in the day to determine how the fatal bullets entered the woman's head and whether her tongue was cut out, as had been reported.

While the body was being ex-

humed, an anonymous letter was received from Philadelphia by the police authorities, which they regarded as of much importance. The writer, who signed herself, "a broken-hearted woman," claimed to have been the Rev. Hall's "only true love," and promised to reveal the slayer of the minister and Mrs. Mills.

The writer intimates that one of her brothers was the murderer and promised to reveal the entire story "before the final curtain" her letter said in part:

"Dr. Hall promised to marry me, for I knew him before he was married. All my family knew of the affair, and by brother once had a stormy scene with Dr. Hall. I have letters to prove Dr. Hall intended to marry me.

"Mrs. Hall is innocent. I don't know what to do, but perhaps the day the trial begins there will be another sensation. Dr. Hall married the other woman because he wanted money and social and religious advancement.

"Before the final curtain I will tell the truth, even if I shame my own name and honor and that of my family. I have

shielded a member of my family for many years because of the shame."

FIVE INJURED WHEN THREE AUTOS CRASH

Philadelphia, October 28.—(INS)—Five Philadelphia and Camden persons were injured, two possibly fatally, early today when three automobiles crashed on the Delaware River bridge connecting Philadelphia and Camden.

CELEBRATES FIFTH BIRTHDAY

Little Miss Louise Tingle was hostess to about fifty of her friends Tuesday afternoon when she entertained from four until five-thirty at her home on Third street, in honor of her fifth birthday anniversary.

The little guests were greeted by the hostess as they arrived and shown into the living room where the many gifts were unwrapped.

Master Leo Birch won the prize in the "pinning the cat's tail" contest, which was a pencil box.

Many games were played after which the little guests were invited into the dining room where a large birthday cake with five burning candles formed the center piece on the dining table. A delicious ice course was served.

The home was appropriately decorated carrying out the Halloween idea and Halloween favors were given the little guests as they departed.

LITERARY DEPARTMENT WOMAN'S CLUB MEETS

(Reported)
Mrs. W. H. Woolard entertained the literary department of the Woman's Club at her home on East Tuesday afternoon. Mrs. Woolard, chairman of the department, presided.

A most interesting course of work for the year has been outlined. A very enjoyable and helpful program was given by Messdames D. L. Mangum, Troy Rouse and K. T. Potrell, on the lives and work of Isaac Erwin Avery Christian Reid, and Edward Kidder Graham.

Practically all members of the department were present and one new member was added, Miss Eache Scarborough. Mrs. Leo Burks was a visitor for the afternoon. Tea and sandwiches were served.

ROUND TABLE CLUB MEETING

(Reported)
The Round Table club met with Mrs. W. C. Vincent at the home of Mrs. W. A. Sellars Tuesday afternoon with a goodly number present. After greetings and commenting on the extreme weather, Mrs. Herring, the president, called the meeting to order.

The regular business was dispatched in a creditable manner. A report from the district meeting at Belhaven was called for. In the absence of Mrs. H. L. Carr delegate, her report was read. Five members from the Round Table were in attendance and in addition to the written report, gave glowing accounts with much enthusiasm. It was decided that we all go to the next meeting.

Mrs. R. G. Fitzgerald referee, gave a most interesting word picture, in verse.

Mrs. J. W. Higgs entertained us in a charming manner by an interesting paper on the beautiful Danube river.

Current events were next in order and caused much merriment.

The Halloween effect was carried out in the menu which consisted of a delicious salad course. The decorations were beautifully tinted chrysanthemums which looked more beautiful in the glow of the firelight coming forth from the open grate.

FIRE IN SIMPSON

On Wednesday afternoon an unoccupied residence owned by Fred Edwards, Jr., was burned in Simpson. It was partly covered by insurance. But for the brave efforts of the fire fighters, several nearby residences would have burned. At one time the blaze looked so threatening that an S O S call was sent to the Greenville Fire Department to which they quickly responded.

TERRIBLE PAIN

Alabama Lady Tells How She Obtained Relief by Taking Cardui. Feels Fine and Enjoys Life Now, She Says.

Talladega, Ala.—Mrs. Mary Hardy, 406 Henderson Avenue, this city, says that seven years ago she "got down sick" and was unable to attend to her housework.

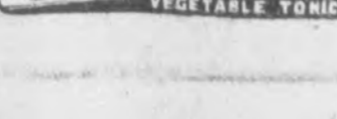

"I have never been so weak before or since," she says. "I had a terrible pain in my side—so sore in my side and the lower part of my body.

"Across my back ached, and I was so nervous I couldn't stand up. I had just about given up when some one who came to see me began talking about Cardui. This caused me to get it. I took about two bottles before I saw much improvement.

"After this, though, I picked up right away. I slept better at night. I was hungry, enjoyed my food, which I hadn't done for some time.

"The pain and soreness gradually left my side. I regained my strength. I took about six bottles and left off for awhile, then took two or three more. . . I feel just fine, enjoy life and can work now, too."

Cardui is purely vegetable, and contains no harmful drugs. It has helped thousands of suffering women and should help you, too. NC-168

Local High School Team Will Meet Methodists Friday

The local high school football team will meet the Methodist Orphanage of Raleigh tomorrow afternoon at 3:30 o'clock here.

As both teams are light and fast, the game will probably be close and exciting. The public is cordially invited and a large crowd is expected.

The local line-up will be as follows: Smith and Jones, ends; Ferguson and Baker, guards; Hicks and Wilson, tackles; Skinner, center; Reppert and Bostle, halves; Robeson, fullback; Denton, quarterback.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial catarrh, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds of the Money refund if any cough or cold is not relieved after taking a 7-day trial. TO WHICH WE AGREE
 "The party's tone must be raised and placed in a position of unquestioned respectability," declared Harry Spears, prominent Memphis Republican, in an address before the Southern Republican League in Atlanta yesterday. In making his statement Spears was referring to the negro domination of the Republican Party in the Southern states, but as we see it, he has expressed the greatest need of his party, not only in the southland, but thru-
 out the nation.
 Fall, Daugherty, Miller and other scandals, to say nothing of the state and senatorial election scandals charged to the Republican Party are evidence that the party needs considerable fumigating before the people of the nation can longer endure it.
 Yes, sir, Mr. Spears, we agree with you, the Republican Party's morals must be raised considerably in order to place the party on a plane of unquestioned respectability, and we believe that the result of next Tuesday's election will convince you that the entire nation agrees that the moral standards of your party need raising to a more respectable level.
A CITIZEN'S DUTY
 In view of the tendency of eligible voters to remain away from the polls at former elections, we feel that we cannot too often remind them that next Tuesday is election day and that it is the duty of every citizen to cast his or her ballot on that occasion.
 The caliber of men chosen to handle the affairs of our county, state and nation will be the men the voters choose, either by casting their ballot for them or by remaining away from the polls and failing to vote the opposition ticket.
 Voting is not only a privilege but a duty of every citizen and the voter who wilfully casts aside his opportunity to vote is endangering the fundamental principles of our representative form of government.

DEFENSE IN GASTONIA MURDER TRIAL RESTS
 Gastonia, Oct. 28.—(AP)—The case against C. D. Keezer, charged with the murder of Will L. Gannie last month, reached the midway point today when the defense rested. After a short recess the state began its examination of a large number of witnesses.
 The state put several witnesses on the stand to prove a good character of the dead man after the defense had endeavored to prove him a "dangerous and violent character." State attorneys announced their evidence would continue the remainder of the day.

Feel Out Sentiment As to Ownership Merchant Marine
 Atlanta, Oct. 28.—(INS)—Admiral W. S. Benson arrived here today to conduct a public hearing on the question of public ownership of the American Merchant Marine. The hearing here is one of a series held throughout the country to ascertain the sentiment of business men.
 Benson said sentiment in the South favors private ownership with government aid.

ANNOUNCEMENT!!
TO THE PEOPLE OF EASTERN NORTH CAROLINA:
 I am using this method to advise the public generally that I have disposed of my interest in the firm of Wilkerson and Williams, Funeral Directors and Embalmers and Retail Music Store. This announcement is made principally to express my appreciation for the large volume of business we have enjoyed, and for which our friends are responsible, and at the same time to commend to you Mr. Ed S. Williams who has acquired the sole ownership of the establishment. I have never had business relations with any one that has proven more pleasing than those existing between Mr. Williams and my self, and I know that he is qualified to serve you from any department of the establishment.
 My only reason for serving my connection with the firm is to engage in other business which may prove more profitable to me.
 Again thanking you for the patronage of the past, and with hopes that you will continue as a patron of the firm, I am,
 Yours very truly,

SECRETARY WORK DEDICATES STADIUM AT HASKELL INSTITUTE FOR THE INDIANS OF AMERICA

Lawrence, Kan., Oct. 28. (INS) —An'd a colorful gathering of Indians, government and State officials, Secretary of the Interior today dedicated the athletic stadium at Haskell Institute, the government's famous training school for his Indian wards.

The stadium of magnificent proportions is the gift of the Indians and was erected as an expression of the gratitude of representatives of 50 Indian tribes for what has been done for them during the past 50 years in providing educational facilities for native Americans.

Calling attention to the fact that the occasion was unique in the annals of world history, Secretary Work said that the changes wrought among American Indians in the last half century were marvelous. The stadium, he said, was a substantial financial dividend on the investment made by the government in education.

"It represents much more than that," said Secretary Work. "It is an expression of the desire of the donor to provide a suitable, adequate place for outdoor re-developing strong, healthy boys and girls capable of meeting the physical demands of life."

Pointing out that only 50 years ago Sitting Bull and his warriors were on the warpath and that during the summer of 1876 occurred General Custer's last stand on the Little Big Horn river in Montana, "an incident in history which will never be forgotten," Work said:

"It was about that time that the policy of the government was changed. Warfare conducted by soldiers with rifle and bullets gave way to campaigns of education conducted by teachers. The earlier method of warfare which lasted from the days of King Philip to Sitting Bull had failed. The wonderful success of the educational method of dealing with the Indians may be appreciated in a slight degree by contrasts of this occasion.

"The camp, its occupants in the dress of bygone days, the buffalo, the barbecue, the dance—all these forming the background of this picture. The school, its students in the modern dress of the times, the classrooms, the shops, dairy, gardens and farm, the tennis courts and farm, the tennis courts, baseball field, gridiron and the stadium we are now dedicating in the foreground. A wonderful picture representing the progress of a half century, through education."

Work said that as the incident leading up to the Custer battle of 50 years ago awakened thru which led to the adoption of a new policy in dealing with the Indians, it was believed that when the real significance of the present occasion was appreciated, still greater opportunities for the progress of the Indians may be developed by the government, supported by the "understanding people."

"Another significant fact closely related to this occasion," said Work, "is that this stadium is a result of the first united effort of the Indian race to advance in modern sports. Thus it may be recognized that education is now sweeping away suspicions, hatred and selfishness and creating friendship and good will. It has given Indians a new vision of life."

"The Indians have always been fond of games and exhibited a great endurance, and skill in playing Indian football, lacrosse, hockey and running long-distance foot races, all of which have been adopted in some form by other races. That Indians are maintaining their record, as athletes was recently demonstrated by Phillip Cusi, 18 years old Pima boy, when he finished first in both the junior and senior divisions of the six-mile run at Philadelphia and thus won the A. A. Championship. On October 19, in a marathon race of five miles, up the road in Colorado, seven Indians easily ran away from six white men. A Hopi Indian was the winner, making the race in 35.54 3/4 minutes."

SHEPHERD WINS POINT IN FIGHT TO GAIN FORTUNE

Supreme Court Holds That He Has Right to Probate "Billy" McClintock Will

Springfield, Ill., Oct. 28.—(INS)—William D. Shepherd of Chicago today won an important point in his fight for possession of the million dollar estate of "Billy" McClintock, when the State Supreme Court affirmed the verdict of the Cook county circuit admitting McClintock's will to probate.

"Billy" McClintock died at Shepherd's home in Chicago, following which Shepherd was tried and acquitted on a charge of poisoning the youth.

Following "Billy's" death Shepherd produced a will, which left the million dollar estate entirely to Shepherd, with the exception of an \$8,000 annuity to Isabelle Pope, Billy's fiancée. McClintock also is survived by ten cousins.

The heirs claimed that Shepherd unduly influenced making of the will and when Shepherd presented it for probate in Cook county, Judge Henry Homer refused to probate it.

The court ruled that alleged undue influence in the drawing up of a will is grounds for a contest but not for preventing its filing for probate.

The decision throws back the case into the Chicago courts where a contest is probable as soon as it has been filed in accordance with the decision.

Three Face Charges for Violation of Anti-Narcotic Act

Wilmington, Oct. 28.—(INS)—A warrant was issued here today for the arrest of the alleged head of a gigantic dope ring which officers declared has been operating here for the past six months.

The warrant was issued, officers said, on information given by two negroes who were arrested here yesterday on charges of peddling cocaine.

The two negroes, Sam Hughes and Pete Howard, together with E. H. Spence, hotel steward, will go on trial here, Friday on charges of violating the anti-narcotic law. Their trial was to have been held today, but was postponed.

Wilmington, Oct. 28.—(INS)—E. H. Spence, hotel steward, and two negroes, Sam Hughes and Pete Howard, will face trial in Recorder's Court here late today on charges of violating the

anti-narcotic act.

The three were arrested yesterday afternoon, when a hypodermic needle and a quantity of cocaine were taken from Spence by officers. The two negroes were charged with selling "snow" to Spence.

The three arrests were said to have been the result of a week's investigation by plainclothes men

Home Suffers Three Tragedies In Ten Days

Whiteburg, Ky., Oct. 28.—(INS)—Tragedy three times in the past 10 days has visited the home of J. W. Adams, of this city.

Ten days ago a son was killed when run down by a train. Five days later a second son was seriously injured in a mine explosion.

Just the other day a third son died without regaining consciousness after he was hurt in a fall at the mine where he worked.

POLICEMAN SLAYS WOMAN'S ASSAILANT

New York, Oct. 28.—(INS)—Police today took the upper East side a guest of John J. "Bum" Rodgers, notorious outlaw, early today shot and killed an unidentified man as he was fleeing the scene where a woman had been attacked.

The police were drawn to the section by reports that Rodgers intended paying a visit to his old haunts. Passing 92nd street and Second Avenue, they heard a woman scream. Investigating, they found a woman who gave her name as Mrs. Edith Baber, 35, who said she had been dragged into a hallway and severely beaten. A suspect in the neighborhood refused to halt on police orders, and shooting ensued. A revolver was found near the body of the man killed.

EARTHQUAKE SHOCK FELT AT TOLEDO

Toledo, Ohio, Oct. 28.—(INS)

Reports of what they believed to have been a brief earthquake shock which they felt here, early today, were made by employees of several Toledo railroads, stationed in signal towers. The reported shocks, according to the towermen, were felt at several widely separated points in the city and suburbs.

Verification from any other source was lacking, however, and no report was received early today, according to police, of an explosion anywhere in this vicinity which might have caused the shocks. Two distinct shocks were felt, the towermen reported at about 2:45 a. m.

PRESIDENT AND MRS. COOLIDGE ON KODAJIGE TOUR IN VIRGINIA

Washington, Oct. 28.—(INS)—President and Mrs. Coolidge are going sight-seeing this afternoon and they are "going to Kodajige" as they go.

Escorted by Rep. Moore, of Virginia, Mr. and Mrs. Coolidge

will motor 40 miles into Virginia to Fairfax court house, there to inspect the home of President Monroe.

Behind them will be an official White House touring car loaded to capacity with new photographers. The car was placed at their disposal by direction of the President.

Apparently, it is pictures only that Mr. Coolidge desires, for when the newspapers asked about their transportation, they were told they could hire a car.

GO TO ASSISTANCE OF DISTRESSED SCHOONER

Rockland, Me., Oct. 28.—(INS)—Patrol boats, coast guardsmen and two boats rushed to the aid today of the stricken live-masted schooner Gardner G. Deering of Portland, in distress twelve miles south by east of Matonicus rock.

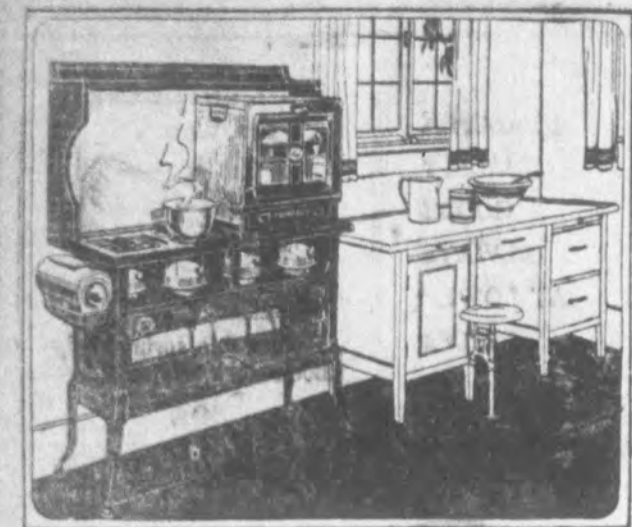

Sails of the Deering were torn and apparently she and her crew of ten men had weathered a stiff gale.

LOOK FOR THE BIG SIGN OVER THE DOOR

ARRANGING SERIES OF BOUTS TO PREPARE DEMPSEY FOR CHAMP

(By Davis J. Walsh)
INS Sports Editor
New York, Oct. 28.—There will be plenty of boozes on the heavyweights doing their buck and wing for local diversion or so before he can presume with the ensuing ten months and Jack Dempsey will be in there elevating the mistep with the best or the worst of them.
This is the deep, conviving plan of Tex Rickard as outlined to the writer today for the greatest heavyweight campaign in the history of boxing. Before he is through, Mr. Rickard will have approximately \$2,500,000 of the customers' money and the customers will have approximately all they wish to see of men who were intended to be piano movers but thought better of it. The main idea is to build Dempsey back to where he was in 1919. The customer, ever on the alert in an emergency, will do the first.
Dempsey, as I understand it, will take part in possibly three matches before October next, and

So will any bout involving Dempsey and Berlenbach. All of these gentlemen have ideas and they run into thousands.
Persson will do for the garden however. Being a bit naive or something, he probably will be willing to go in there for \$1.68 and carfare to the arena. This automatically makes Dempsey a very desirable indoor attraction. Any guy who will fight for the price of his breakfast ought to be indoors, according to the standards of pugilistica; in fact, they will tell you he ought to be in Mattewan.
Dempsey is scheduled to return to California next week to take stock of himself and see what he has. He says he will quit the ring if he finds he can't fight as he once did. That is plain, undiluted and unpalatable bunk for the fighter doesn't live who thinks he can't fight, even at the age of ninety. Dempsey will be back. So will the customers. More power to both of them, meaning Dempsey and the customers. Unfortunately, there will be more than two customers.

WDAF Plans Series of Stage and Radio Plays

Kansas City, Oct. 28, (AP)—An attempt to produce series of plays for the stage and for the radio simultaneously will be made this winter by the WDAF Players, a group which produced radio plays from The Kansas City Star's studio last winter.
An organization composed of Kansas City actors and directors has been formed under the name of The Theatre Graft Guild, Leonard Anthony and Jack Moffit, both known for their work here in amateur theatricals, are directors. Mr. Moffit said tests had proven the plan was feasible.
Acoustics in the theatre varying greatly from that of the radio the directors had to work out the action of the plays so that the players would never be too far away from the microphones. A fairly small stage in a local auditorium has been selected and the microphones concealed in torchieres near the footlights. Five original plays are under consideration and one or two of

these will be produced if the experiment is successful.
The WDAF Players, achieved a wide reputation by their radio presentation of Don Marquis's "The Dark Hours," a story of the crucifixion which was given on Good Friday this year.
R-1 said the R-2 was in no danger and that her disabled engine was being repaired by the crew.
The SOS call that the R-2 was in distress was believed to have been sent by the steamer Veendijk. The Revenue Cutters Gresham, Hammond and Seneca were standing by the submarines this morning after a quick dash out to sea, according to reports received at the coast guard base at Cape May, N. J.
Although the SOS call was received at Boston and Philadelphia, the Cape May coast guard station and naval communications here did not pick it up. The message read:
SOS Peruvian R-1 with brake engines, latitude 38-24; longitude 71-20. Sinking. Make every effort to tow. SOS.
A report that one of the submarines was sinking was dispelled when the R-1 sent a wireless asking for radio compass bearings, and at six o'clock this morning naval communications characterized the SOS call as 'fluke.'
Receipt of the SOS call last evening resulted in a general suspension of radio broadcasting from 6:35 to 7:57 p. m.

Distress Signals From Submarines Described as 'Fluke'

New York, Oct. 28.—(INS)—The Peruvian submarines R-1 and R-2, reported seriously disabled 150 miles off Cape May, N. J., did not send out an SOS call last night and are in no danger of sinking, naval communicators reported this morning. The R-1, carrying a crew of twenty-two, accompanied by her sister ship with a crew of twenty, left Newport, R. I., last Tuesday for Peru.
The distress call picked up at various coastal stations last night was actuated by the fact that the R-2's engine was temporarily disabled and that she was being towed by her sister ship, the R-1 informed naval communications. The

Detroit police have taken up golf. They are thinking about carrying their clubs on the beats so they can put people in jail.—Lakeland Ledger.

REVIVAL MEET BAPTIST CHURCH CLOSURES TONIGHT

"Decision" Will Be the Subject of Rev. Stevens Tonight At Immanuel Church

Again last night Rev. Herman T. Stevens, who is conducting the revival at the Immanuel Baptist church, thrilled his audience with what perhaps might be called the best of all sermons delivered thus far in the series. Last night's sermon might fittingly be called the climax of the revival. Each sermon delivered by Mr. Stevens during the two weeks past seemed to lead up to the message of last evening, and the speaker appeared to put his whole heart into this single sermon.

Mr. Stevens took for his text II Corinthians, 9:15. "Thanks be unto God for His unspeakable gift." He interpreted this passage of Scripture as meaning the gift to the world by God, of His Son. Never was an audience

more attentive as the speaker talked and on, bringing out each point of his message with the ease, naturalness and grace noticeable only in men who are blessed with the gift of speech. "The love of God for us, in sending down His only Son, to redeem a lost world is something that no man can really tell," said Mr. Stevens.

"Then the life of Jesus, the perfect life, life without sin. No man has ever lived the life as Jesus did, the unspeakable life. In ancient times different means and ways were used to kill criminals, condemned to die. One way, they put the man's head in a vise and gradually screwed the vise until the skull was crushed; another way, they would take a man and tie one leg to one animal and the other to another animal, and cause the animals to go in different directions, tearing the human body apart, and many different means were used to put criminals to death," said Mr. Stevens. "But none of these compares with the crucifixion of Jesus, the unspeakable death. And," declared the speaker, "there is unspeakable joy when one confesses Christ, and His Him in his heart. There are no words that can describe the joy of a person who has been 'born again.' Joy knows no bounds in Jesus," Mr. Stevens concluded.

The music, too, was a feature of the service. Besides the splen-

did congregational singing, the quartet came in for a special number, and Mrs. Herbert Waldrop sang a beautiful solo entitled "His Eye is on the Sparrow."

Tonight will be the last night of the revival. Mr. Stevens will speak on "Decision." The public is urged to attend and make this the best of all the series.

POLICEMEN MEET IN WILMINGTON

To Discuss Law Enforcement and Perfect Plans Communication

Wilmington, Oct. 28.—(INS)—With more than 20 chiefs of police in attendance at the opening session, the annual convention of North Carolina Association of Police Chiefs got under way here today at the City Hall. Attendance at the convention was expected to be swelled considerably during the day. Practically every city and town of any size in the state is represented at the convention. The purpose of the convention is to discuss law enforcement and perfect a medium by which the police chiefs may keep in touch with each other. The convention will last for three days.

MARS STILL MYSTERY TO EARTH DWELLERS

London, Oct. 28.—(INS)—The Planet of Mars, today remains as far distant and as much mystery to the dwellers of the Earth as ever. The attempts by professional and amateur astronomers of London to gain telescopic insight into the Martian life were generally unsuccessful, as were the radio experiments. Heavy clouds interfered with the majority of astronomical observations from London and other parts of England during the night. Some dark markings on the surface of the distant Planet were distinguished, but all lesser markings were indistinct or almost wholly invisible most of the time.

RUSSIA'S ARMY STREET URCHINS CRIMINAL MENACE

Moscow's Streets Haunted by Children Unable to Find Shelter From Cold

(By H. R. Knickerbocker) INS Staff Correspondent Moscow, Oct. 28.—Desperate at the first cold spell, Russia's great army of homeless children has again become a criminal menace engaging attention of the police.

Thousands crowded into the government homes for children when frost began to bite their bare feet and nearly naked bodies, but the homes are now full to overflowing, and Moscow's streets are haunted by drifting squadrons of the "army" unable to find shelter from the cold. Official statistics place the present number of homeless children in the Soviet Union at 125,000.

Prospects of freezing to death have made the waifs recklessly courageous. No adult Moscow citizen ignores the danger of these tiny criminals. Ranging from 10 to 15 years of age, even the youngest is capable of murder. They stand in ragged, filthy groups on the corners of the city's busiest streets. Their bare feet stir restlessly in the snow, their arms hug their meagre chests, while their eyes greedily appraise the fur coats of the passersby.

Drastic means are advocated to deal with the older and more vicious elements among the vagabonds. Comrad Egorov, chief of the administrative department of Leningrad, proposed to the Leningrad Soviet that the more vicious, homeless children should be shipped off to the uninhabited is-

lands of Kildin in the Arctic ocean, whence they could not escape. Kidlin is 45 miles north of Murmansk. This suggestion followed the mutiny of child inmates of the 67th Leningrad home for children, in which one of the women attendants was killed, and a male supervisor had his skull fractured by stones that were hurled by the child mutineers.

FLAT TIRE CAUSES THE ARREST OF YOUTHFUL BURGLARS TODAY

Asheville, Oct. 28.—(INS)—A tuck in the road today resulted in the arrest of three youthful alleged burglars.

The three youths were arrested by officers when the automobile in which they were alleged to have been escaping with stolen goods, ran over a tuck and a tire was punctured.

The youths are: Cleybren Taylor, Neut Mace, and Dale Birch, all of Sylvia. They are being held here in jail pending action by the Buncombe grand jury.

(Continued from page 1) rians might learn something from the French who have made a success of their republic for many years.

No pretender to the French crown, no matter how remote, may set foot on French soil. For Germany to permit the former Kaiser to return is like planting an active cancer in the body of the German republic.

Chicago attack, one big prob-

lem in a big way, building the biggest, best jail in the world. The cost, with a court house in front to help fill the jail will be seven and a half millions. Rooms for fourteen criminal court, will be built with high ceiling and back of the court the big jail for the modern crime army.

In view of jail breaking and the unusual energy of criminals, would it be a good idea to let jailers wear gas masks and goggles in the corridor, and the main office, valves that, when opened would flood the jail with some convincing gas of the mustard type.

EARTHQUAKE TOLL MAY REACH 1,000

London, Oct. 28.—(INS)—The death list in the Armenian earthquake disaster may reach 1,000 according to a report received here today by the Bible Land Missions Aid Society from the director of the Near East Relief at Leningrad.
