Legislature Will Urge Congress to Oppose Warlike Policy Toward Mexico.

Raleigh, Jan. 15.—(AP)—The North Carolina Legislature on Monday will consider urging the state delegation in Congress to oppose any warlike policy on the part of the federal government in dealing with the Mexican-Nicaraguan situation.

A joint resolution was introduced today by Representative Little of Polk, opposing "a warlike policy on the part of the United States" met with a warm debate before Mr. Little called for immediate passage but the resolution was tabled to be reconsidered on Monday.

In all only three bills reached the House. Judge Winston presented a petition from citizens of Bertie county, asking that drink stands outside the corporate limits of the towns in the county be closed on Sundays.

The Senate, after prayer by Dr. Johnston, editor of the Biblical Recorder, failed to produce a single new bill or committee report. It passed three local bills and adjourned until Monday night at 8:30.

The Little resolution came at the tail end of the House session and was presented with a request that the rules be suspended and the measure placed on immediate passage. Apparently it caught the few members present by surprise, as it was generally understood that no state-wide bills would be introduced today.

Mr. Little in his resolution stated that the Latin-American situation is acute and that there are rumors of war between the United States and another country of countries of the Western Hemisphere. It stated that the United States appeared at the breaking point with Mexico and "if the present policy is continued, war is inevitable."

Mr. Little continued in his denunciation of what he inferred was the present Washington foreign policy, to declare that powerful interests appeared to be organized and supported by national propaganda to bring about war with Mexico and that the concentrated armed forces of the United States and Latin America are far in excess of requirements to control the situation in Nicaragua. This he characterized as an unwarranted policy for which many clumsy excuses have been given out, but the real reason has not been announced officially.

The resolution proposed that the General Assembly of North Carolina take a stand of utter disapproval of any policy that may lead to war with our southern neighbors and that it condemn any warlike preparations tending to irritate Mexico until all peaceful means were exhausted.

Florida has chosen "Optimism and Work" as the state slogan, following the big wind and a temporary land slump. It's an excellent slogan, especially if you put the heavy accent on "WORK."

Death of Mrs. Hemby Friday Afternoon Near Arthur

Mrs. Margaret Hemby, 57, died Friday afternoon at 3 o'clock at the home of her son near Arthur. She suffered a stroke of paralysis last Monday, from which she never recovered. Funeral services were conducted from the home at 1:30 o'clock by Rev. R. J. Bamber, pastor of the Eighth Street Christian church, of this city, and interment followed in the cemetery in Ayden.

Mrs. Hemby was the widow of the late Luke Hemby, who died in 1919. She was a faithful member of the Red Oak Christian church, near Arthur. She is survived by only one son, Earle Hemby, with whom she made her home.

LAST LINK IN HUDSON BAY RAILROAD TO OPEN UP SHIPPING ROUTE

Minneapolis, Minn., Jan. 14.—(INS)—Possibility that the North west may soon ship its products to many world markets via Hudson Bay appears with the announcement here that the last link in a new railroad to the bay will be completed next summer.

The announcement was made by Rankin-Lellie, vice president of the Ontario-Bay association of Canada, who said that money for the final link had been appropriated and that work will start in the spring.

More than 700 miles of the railroad which runs from Winnipeg to Port Nelson, around the west side of Lake Winnipeg, already have been built and the grade is completed for the remaining 90 miles, Leslie said.

TODAY

The Latest—Not Too Good. A Coolidge Miracle. Free Love Is Sad. Optimism and Work. (By Arthur Brisbane)

The very latest, last night, from Mexico was not pleasant. Mexican mobs in Guadalajara fired shots in the air, indicating annoyance, when stopped in their march against the American consulate. Mexican students "will fight and die with Calles in his battle against the northern Colossus." Uncle Sam is the Colossus.

Ninety-nine are killed in Mexican rows. The Russian lady envoy to Mexico indignantly denies the truth of President Coolidge's statement about Bolsheviki propaganda in Latin-America. She says "We are innocent."

The Pope denies the charge by President Calles that Catholics have instigated rebellion in Mexico, and says Mexican Catholics have shown great self restraint.

This country sends the fifth regiment of marines to concentrate at the Quantico naval base, for "emergency" service. Two more fighting ships are sent to Nicaragua, and La Prensa, powerful Argentine paper, reflects Latin-American public opinion in calling President Coolidge's message "an imperialistic utterance."

Dispatches from Mexico City reports business almost paralyzed, a serious crisis threatening the Mexican Cabinet, and Mexico, many say that the fate of President Calles is in the hands of President Coolidge, others think a conflict between Mexico and the United States inevitable.

It is dangerous to attack RELIGION and OH, the HEARD and the POCKET at the same time. National Committeeman Clements, of Missouri, says "Nothing short of a political miracle can stop President Coolidge's re-nomination and re-election in 1928." The only question is "Does President Coolidge want that nomination?"

There is no third term question involved. Mr. Coolidge has been elected President ONCE. George Washington's idea was to prevent Presidents using the power of patronage to force repeated nominations and elections. 1928 would be President Coolidge's SECOND elective term.

As for a miracle defeating President Coolidge you can imagine even miracles that are impossible. No miracle could make a six weeks old calf in five minutes, for if made in five minutes it wouldn't be six weeks old.

The son of a Methodist Bishop demands a divorce because his wife believes in a new, strange, abhorrent theory of "Free Love." It is strange, it is abhorrent, but it is NOT new. Monkeys entertained that theory before there were any men on earth. And lower animals had it before monkeys came. That is part of the animal inheritance out of which we have been slowly climbing, pushed upward by the institution of marriage and strong will of women.

Florida's future is assured as one of the great national sun parlor. Incidentally, at this moment you can't, for love, money or pull, engage rooms for the season at the big Palm Beach hotels. Try it.

Another good slogan for Florida would be "give us men like S. Davies Warfield." Transportation is to a state what blood is to the body.

Mr. Warfield, a born fighter, and successful in the face of vicious opposition, has forced new branches of his Seaboard Air Line System north, south, east and west in Florida, carrying passengers direct from the north to Miami without change of cars.

A far-sighted railroad man is as valuable to a state as a great governor, and as scarce.

"Yea, the sparrow has found a house, and the swallow a nest for herself."

It is reported that Count Salm from Europe, who married a daughter of the Standard Oil, Miss Rogers, will withdraw all claims against the lady and her father for half in the shape of \$325,000. KIWANIANS HOLD FIRST MEETING OF THE NEW YEAR

Last Night's Meeting Was Ministers' Night And Was Enjoyable Occasion.

W. H. Woolard, the president of the Kiwanis Club, presided over the first meeting last night which marks his year's service. R. G. Fitzgerald had charge of the program, and it was "a live one" from the start. The musical part was provided by the Misses Fullilove, who rendered several charming duets and solos, ably accompanied by Miss Eugenia Thomas.

It was "Minister's Night." The Rev. W. S. Harden, being out of town, sent regrets. The other city ministers were present: L. B. Jones, H. Frederick Jones, R. J. Bamber, L. R. O'Brien, and James E. W. Cook. These were all forbidden to speak, while J. F. Harrington addressed them on "The Kind of Minister I Want in My Church," and J. B. James delivered himself of a mouth-ful on "Why I Am Not a Minister."

The sparkling wit and merry jibes of these two orators has never been surpassed, and it was funny to watch the preachers "in the congregation" wince, when they could not make reply.

C. B. Rowlette presented B. McK. Johnson with the "Badge of a Daddy," and Doc made suitably reply inviting the Club to call any morning at 2 a. m. to hear his human radio.

President Woolard appointed the following committees for 1927: Program—M. B. Massey, chairman; M. K. Blount, R. G. Fitzgerald, Dr. Paul Fitzgerald, C. W. Barker.

House—Berry Bostie, chairman; S. A. Whitehurst, Tom Litchfield. Finance—Geo. J. Woodard, chairman; J. F. Harrington, John Short.

SAYS TESTIMONY OF KELLOGG MAY BE MADE PUBLIC

Borah Says Stenographic Report of Talk On Mexican Situation is not Complete.

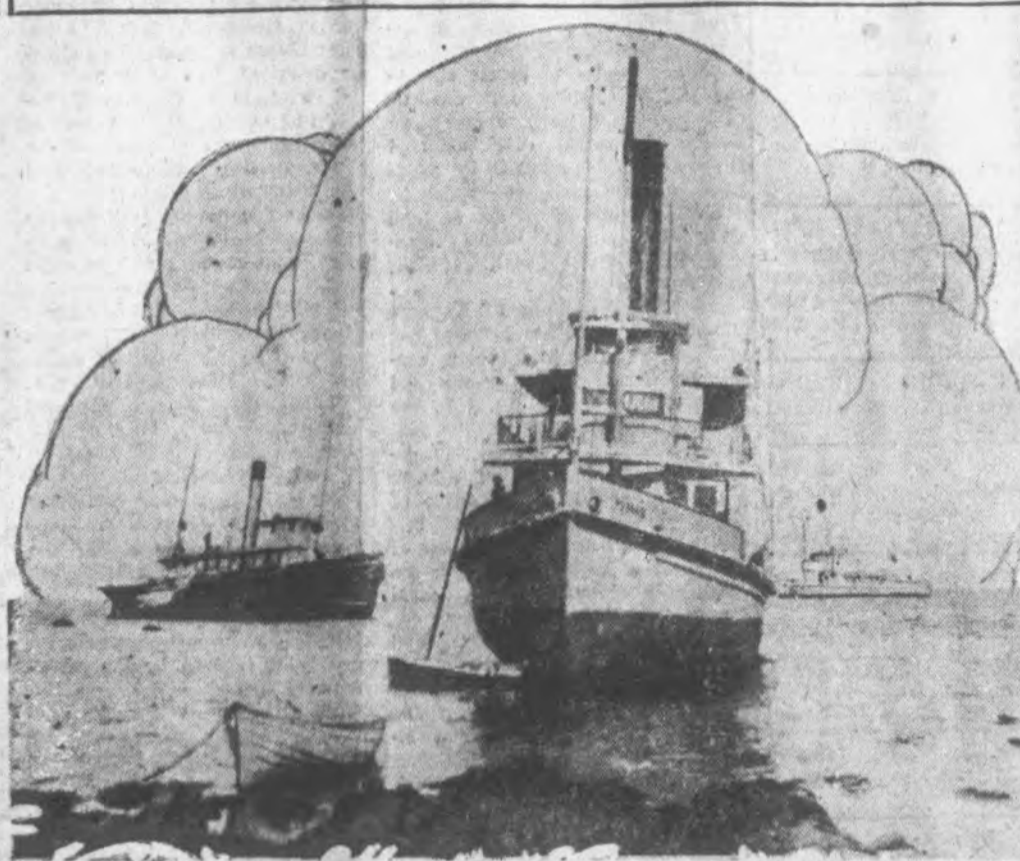

Washington, Jan. 15.—(AP)—While Congress was swinging into debate on Mexican-Nicaraguan affairs today, a new source of controversy developed over the move to make public the testimony given Wednesday before the Senate Foreign Relations Committee. What was described by the State Department as a corrected copy of the stenographic record of Secretary Kellogg's testimony was sent to the committee by the secretary with his permission to make it public, but chairman Borah said some of the things that took place in the committee meeting had been stricken out of the record and that the committee would consider later whether to give out what remained.

When Secretary Kellogg appeared to explain the government's policy in the Latin-America situation he took along his own stenographer who took down the records in place of the committee stenographer who is usually present at such meetings.

THE BISHOPS' CRUSADE IN EAST CAROLINA

The Bishops' Crusade will open for East Carolina at Wilmington on January 23 to January 28, inclusive. The crusaders will be the Rt. Rev. Theodore DuBoise Bratton, L.L.D., Bishop of Mississippi; and the Rev. Pembroke W. Reed, of Richmond, Va.

January 30 to February 4, inclusive, the crusade will open at Washington, N. C. The crusaders will be the Rt. Rev. Frederick Foote Johnson, D.D., Bishop of Missouri; and the Rev. H. F. Klammer, Cumberland, Md.

Our people are cordially invited to attend these mass meetings, and it is hoped that they will make a special effort to hear Bishop Johnson at Washington, N. C., that being the nearest point for us. Although this movement is begun under the auspices of the Episcopal church, the meetings are open to all, and all will be welcomed.

After these meetings at Wilmington, Elizabeth City and Washington, the crusade will branch out and radiate to every parish in the United States. The missioner appointed to Greenville is the Rev. Clarence P. Pardo, of Williamston, who will conduct services at St. Paul's church from February 14 to 20, inclusive. Mr. Pardo is the diocesan chairman of the committee on evangelism, and our city is fortunate in having him sent here.

Warsaw, Jan. 14.—(INS)—An agreement for the exchange of political prisoners has been made between the Polish and Russian governments. About five hundred Poles will be sent to their native land from Russian prisons and six hundred Russians will gain their liberty.

The negotiations succeeded principally because of the aid given by the Vatican legates.

DECLARE ENGINEER RESPONSIBLE FOR SOUTHERN WRECK

Safety Bureau Says Engineer Overran Orders and Crashed Into Other Train

Washington, Jan. 15.—(AP)—Primary responsibility for the wreck on the Southern Railroad at Rockmart, Ga. December 23 where nineteen persons died and 123 were injured was placed by the Interstate Commerce Commission Safety Bureau today upon an official of the railroad. Forman of Locomotives, Pearce, who was fatally injured in the wreck, Pearce was at the throttle of the Ponce de Leon when it overran orders and crashed into the Royal Palm.

TESTIFIES NORRIS KILLED CHIPPS IN DEFENSE OWN LIFE

Austin, Texas, Jan. 15.—(AP)—D. E. Chipps lost his life in the office of Dr. J. Frank Norris at Fort Worth because he threatened to kill Norris. L. H. Nutt, eye witness testified today in court here.

Nutt was conferring with Norris as Chipps entered the door about 5 p. m., July 17. Chipps warned the pastor to cease his attack upon his friends Mayor McLaughlin, W. E. Austin and he would kill him, the witness testified. Nutt said Chipps made a move toward his hip pocket in a threatening manner, and said "Let's go to it!" Norris then shot three times and Chipps took a few steps and dropped to the floor.

Dr. Norris showed emotion during Nutt's story, holding a handkerchief to his face.

POLAND AND RUSSIA AGREE ON EXCHANGE OF PRISONERS

Warsaw, Jan. 14.—(INS)—An agreement for the exchange of political prisoners has been made between the Polish and Russian governments. About five hundred Poles will be sent to their native land from Russian prisons and six hundred Russians will gain their liberty.

Among the Russians to be allowed freedom will be Dink the Communist director of the former Agriculture Bank of Moscow. He was sentenced by a Polish court to six years imprisonment as a Russian spy. Among the Poles are several priests and two bishops.

The negotiations succeeded principally because of the aid given by the Vatican legates.

TOBACCO MARKET LIGHT THIS WEEK

Bad Weather Makes Light Sales, Prices Better Than Just Before Holidays

After postponing the re-opening of the tobacco market here because of the heavy snows, sales got under way Wednesday with prices a little better than just before the holidays but with the offerings the lightest in the history of the market.

The excessive bad weather during the week made it impractical for farmers to bring their tobacco to the market and total sales for the three days ending yesterday were but little more than 69,000 pounds.

Official figures for the week place the sales at 69,180 pounds at an average price of \$21.24 per hundred, bringing the total of \$1,469,211. Total sales for the season are 48,562,470 pounds, average \$28.42, bringing a total amount of \$13,804,563.58.

While the definite closing date for the season has not been decided upon by the Tobacco Board of Trade it has been generally understood that the market would officially close on Friday, January 28 unless the weather continued so bad that farmers could not bring in their offerings.

Those in close touch with the tobacco situation in this community feel confident that the million and a half pounds necessary to carry the season's total beyond the fifty millions mark will be brought to market before the closing date.

EVOLUTION ISSUE TO AGAIN COME UP IN LEGISLATURE

Representative Poole Says He Will Present Bill to General Assembly.

Raeferd, Jan. 15.—(AP)—Representative D. S. Poole, Hoke county, leader of the anti-evolution fight in the 1925 General Assembly, commented briefly today on the Tennessee Supreme Court's decision upholding the anti-evolution law in that state.

Representative Poole said he was not surprised at the outcome in Tennessee. He came here from the capital yesterday evening to be with his wife who has been ill.

The Poole bill was killed after a hot debate on the minority committee report in the House last session but he introduced a bill that would prohibit the teaching of the evolution theory in institutions supported by the state would be presented at the present session.

UPHOLDS VALIDITY OF ANTI-EVOLUTION LAW IN TENNESSEE

Supreme Court Says Statute Valid But Reverses Decision of Lower Court.

Nashville, Tenn., Jan. 15.—(AP)—The supreme court upheld the state's Anti-Evolution statute today in an opinion which reversed the verdict of the lower court in the Scopes case.

The opinion delivered by Chief Justice Green declaring the constitutionality of the anti-evolution law, reversed the lower court's verdict on the ground that a judge cannot assess a fine of more than \$50 that being the duty of the jury.

The court ruling suggested that the presentation of John T. Scopes who was convicted in district court at Dayton, Tenn. in July 1925, be nolle prossed.

Associate Justice McKinney in a dissenting opinion declared his belief that the act is valid. The whole court agreed that the verdict must be reversed because only a jury may assess a fine of more than \$50. Chief Justice Green in a statement preliminary to reading the opinion said:

"The majority of the courts holds the act to be constitutional. Judge Cook, Judge Chambliss and myself believe that the act is valid. I think the act prohibits broadly the teaching in the schools of the lower order of animals. Judge Chambliss thinks the act only prohibits the teaching of materialistic theories of evolution which denies the hand of God in the creation of man. All of us agreed that the judgment herein must be reversed on account of error by the trial judge in attempting himself to fix a fine of \$100 upon Scopes. Under the constitution of Tennessee a fine in excess of \$50 can only be assessed by a jury. The jury in this case returned a verdict of guilty but did not assess the fine and the judge undertook to do this himself. Since the minimum punishment authorized by the statute is a fine of \$100 and no tribunal except a jury can levy such a fine in this state, the error pointed out can be corrected by awarding a new trial. All agree that nothing is to be gained by prolonging the life of this bizarre case. On the contrary we think the peace and dignity of the state which all criminal prosecutions are brought to redress will best be subserved by the entry of a nolle prosequi herein. Such a course is suggested to the attorney general."

Justice McKinney in a dissenting opinion declares his belief that the statute is invalid because of its uncertainty of meaning.

Scopes was not present when the opinion was handed down.

Mrs. Mabel Burke Dies This Morning In Goldsboro

Mrs. Mabel Burke died at seven o'clock this morning in Goldsboro following a long illness. The funeral will be held Sunday afternoon in Goldsboro. Mrs. Burke will be pleasantly remembered here, having held a position in this city for several years with M. K. Blount, attorney. During her stay here she was a faithful and loyal member of the Memorial Baptist church. She won a host of friends, while living here. Last June she was taken ill and gave up her position, returning to her home in Goldsboro.

Looking back at the records of the last campaign conducted by the paper a year ago last fall, shows that at this time there were eleven active workers competing for the prizes, while in this particular campaign there are at the present time, thirteen active workers. Although there are two more workers this time the campaign has been cut a week short running but six weeks where the last drive ran for a period of seven weeks.

Autos and Cash Galore Await These Workers Feb. 12th

The Daily Reflector offers these workers and others who care to enter their subscription and prize campaign over \$3,000 in valuable awards in exchange for their spare time. No outstanding leaders have been developed as yet—new workers are invited to enter and compete.

Table listing names and prize amounts: Mrs. Martha Congleton, Leans 131,800; Mrs. Blanche Cherry, Greenville 128,700; Miss Christine Pollard, Evans St. 127,100; Miss Rose Hadley, Greenville 119,700; Mrs. Sugg Fleming, Pictou 118,200; Miss Irma Cox, 400 Student St. 112,500; Mrs. T. M. Gorman, Jr. (Alicie Galloway) 112,300; Mrs. R. T. Cox, 914 Reade St. 110,900; Miss Annie Mayo, Falkland 107,500; Miss Louise Jones, Evans St. 105,000; Mrs. Wade Holmes, Greenville 84,700; Mrs. J. E. Roberts, Greenville 33,800; Mrs. John Carroll, Winterville 29,100.

NO REAL LEADERS ESTABLISHED YET IN AUTO CONTEST

Brilliant Records Of Last Week Fade As Rain And Snow Slow Subscription Workers.

At no time since the announcement of the The Reflector subscription contest for the more than \$3,000 in prizes, has the opportunity presented itself more strongly to forge ahead and take the lead as it does now. Any one of the thirteen active contestants listed for the two autos and other prizes, have it within their power to earn a lead in votes and hold that lead right up to the closing hour.

Today marks the close of the second week of the six weeks drive for new readers by this newspaper and a sign up of old ones. The first week of the campaign was blessed with beautiful weather giving the early entrants in the contest an opportunity to get about and do much work. That first week closed in blaze of glory with most of those now listed as active workers doing better work than automobile winners of the past have done during this initial week.

At the close of the first week of the campaign there was little to choose as to the probable winners of the leading prizes on February 12th. And then this week opened up Monday with disagreeable weather, making it hard and inconvenient for the majority to get around and canvass. Little has been accomplished, compared with results obtained last week.

As the Campaign Manager thumbs through the records for this week, he notes the first report of Miss Annie Mayo of Falkland, a report from Mrs. Wade Holmes, one from Miss Rose Hadley, Miss Irma Cox, Mrs. Tom Gorman, Jr., Mrs. Blanche Cherry, Mrs. John Carroll, Miss Christine Pollard, Mrs. R. T. Cox and Miss Louise Jones. This makes all reporting this week who did last with the exception of Miss Martha Congleton, Mrs. Sugg Fleming and Mrs. J. E. Roberts. It is expected that these three workers will report in today.

It is not too late for any ambitious worker to enter the contest and compete for the \$1,595 Studebaker, the Chevrolet Coach, one of the cash prizes, or a cash commission that goes to all non-winners of prizes. Although good work was accomplished during the early days of the campaign, contestants and their friends have been held back considerably during the past several days, making it possible for a new entrant to come to the top with a day or two of well directed effort. Votes and subscriptions are to be had on every hand for the asking. Each coupon clipped from the paper by a contestant or their friends, counts for 100 votes while every subscription to the Reflector, whether a renewal or a new subscription, counts for a given number of votes as shown by the schedule.

Looking back at the records of the last campaign conducted by the paper a year ago last fall, shows that at this time there were eleven active workers competing for the prizes, while in this particular campaign there are at the present time, thirteen active workers. Although there are two more workers this time the campaign has been cut a week short running but six weeks where the last drive ran for a period of seven weeks.

**OUR SATURDAY NIGHT MEDITATION**

**"ACCIDENTS NOT JUDGMENTS"**

St. Luke 13:1-5: — "There were present at that season some that told Him of the Galileans, whose blood Pilate had mingled with their sacrifices. And Jesus answering said unto them, Suppose ye that these Galileans were sinners above all the Galileans, because they suffered such things? I tell you, nay; but except ye repent, ye shall all likewise perish. On those eighteen, upon whom the tower in Siloam fell, and slew them, think ye that they were sinners above all men that dwell in Jerusalem? I tell you, nay; but except ye repent, ye shall all likewise perish."

The death last Sunday of seven little children in the Laurier Palace fire in Montreal while attending a moving picture show, has caused some to say that the fire was God's judgment on their wickedness for attending a Sunday performance.

The same type of people declared that the tornado which struck Miami and Coral Gables was God's judgment on the wickedness of Florida cities.

I believe a little more careful thought would lead us to a different interpretation of such accidents.

"An old Maiden Gentlewoman," says Addison in one of the "SPECTATORS," "whom I shall conceal under the name of NEMESIS, is the greatest Discoverer of Judgments that I have met with. She can tell you what Sin it was that set such a Man's House on fire, or blew down his Barns. She has a Crime for every Misfortune that can befall any of her Acquaintance; and when she hears of a Robbery that has been made or a Murder that has been committed, enlarges more on the Guilt of the Suffering Person than on that of the Thief or the Assassin. In short, she is so good a Christian that whatever happens to herself is a Trial, and whatever happens to her Neighbor, is a Judgment."

Addison's "Old Maiden" must have married very soon after, for her descendants are today innumerable and scattered through every town and village of the world. You know them—the folk who have been noses for other people's sins, yet run strangely wild when their own sins are in chase. They are somehow wonderfully well acquainted with all the secrets of human guilt combined with an equal proficiency exemption from its stains. They manifest prompt and pitiless indignation against those who suffer wrong, rather than

against those who did the wrong. Those are ear-marks of the Nemesis family, and they are found among the rich and the poor, in churches even, and some pulpits, too. That is one of their un-failing features—they publish all they see or suspect. They love to bring to light the things of darkness, and to proclaim from the house-tops what has occurred in the chamber. Unfortunately their version is hopelessly if not wilfully false.

These people are international also. For instance, an Austrian prelate assured the Italians that "Liberation is a great sin, for which Heaven punishes mankind with the Vine Disease." A Scotch Presbyterian once declared that the "Potato Blight" was due to the government grant made to the Irish Roman Catholic College at May-worth, Kildare!

I could fill columns of this paper with historic illustrations of these uncharitable and untruthful interpretations of the ways of God to man.

We do not deny God's Providence, nor that it touches the minutest details of individual life. With Cowper we say—

"Happy the man who sees a God employed In all the good and ill that chequer life."

or with Wordsworth: Happy the man who rests in—

"An assured belief That the procession of our fate, how'er Sad or disturbed, is ordered by a Being Of infinite benevolence and power."

But we do deny that those Discoverers of Judgments are in the secrets of the Almighty. It is a most merciful law of God that national sin brings national punishment, and personal sin personal punishment. But it is presumptuous for any one to declare that God sent this national calamity for that personal sin. Indeed it is near blasphemy.

The gospel text I have chosen tonight shows a more excellent way of interpreting the facts of life. Instead of harping on the bloody fate of the men of distant Galilee, it bids us look nearer home at "the eighteen" here in Jerusalem on whom the tower fell. Instead of dwelling on the mysterious fate of our close neighbors, it bids us come QUITE HOME, and repent lest we ourselves should likewise perish.

It teaches us that no evil is so evil as the spurious goodness which makes us feel holier than others, and a joy in their misfortunes.

It teaches us that accidents are not personal judgments or personal sins, but part of the great mystery of evil.

Accidents are not even accidents if they are ordered by God, but form part of His gracious discipline raising us in His service. They are sent for OUR sakes, who witness them, as well as for the sake of those who suffer them. Not that we may judge others, but that we may examine ourselves, and "Repent."

**INDIGESTION**

**North Carolina Lady Says She Had An Awful Time With Indigestion, Till She Took Black-Draught.**

Pilot Mountain, N. C.—"For several years I suffered with a bad case of chronic indigestion," says Mrs. Sam C. Imman, of this place. "I had bad spells with my stomach. At times I had severe pains in my right side. My stomach would get upset and I would have an awful time. It seemed like everything I ate disagreed with me. I was in pretty bad shape."

"My husband had been using Theford's Black-Draught for some time for indigestion. He had spells of it too, so he suggested that I try Black-Draught. I took some from his box, just to see if it would help me, and I found it was the very thing for my trouble. It did me a great deal of good. My condition was brought on by a chronic case of constipation and, by getting relief from this, I found my general health was much better."

"We keep Black-Draught in the house all the time. Whenever I find I need it, I take several doses and thus avert a bad spell of indigestion. It is a splendid medicine and I am glad to say so."

**CALLS "KID BOOTS" ROLE "HEAVIEST" EVER PLAYED**  
Back in Menominee, Mich., where Malcolm Waite hails from there's a saying that "Men ain't men 'less they've licked their weight in lumberjacks."

Waite, who plays a "heavy" role in the Florenz Ziegfeld production, "Kid Boots," which comes to White's Theatre Monday and Tuesday, leaves the impression that his 200 pound six feet three must have qualified without much difficulty. Nevertheless, Waite holds that when he signed for his part in "Kid Boots" he took on the heaviest "heavy" job he has had in his three years on the film coast.

"Kid Boots" is Paramount's screen adaptation of Eddie Cantor's musical comedy success, with Cantor, Clara Bow, Lawrence Gray and Billie Dove playing the leading roles.

Frank Tuttle directed. The picture was made under the supervision of B. P. Schulberg, associate producer for Paramount.

## CABLE LETTER

Berlin, Jan. 15.—(AP)—A cry for a new Messiah to inoculate the German people with a Christian base on true German ideals, is raised by a group of nationalist and monarchist leaders.

"The Christian God whom we have worshipped has deserted us and gone over to our enemies," one manifesto declared. The denunciations, one of the chief nationalist Dailies in the country, published another appeal which read in part as follows:

"Away with everything that is foreign and repellant to the German mind! We must purge our religion of all foreign heroes. No longer must our children be taught to respect Abraham, Jacob, who defrauded his father and brother and was rewarded with riches and David who slew Goliath at a safe distance instead of in honorable combat; are not red-blooded men in the future must be German in language and character?"

To which the socialist Daily, Vorwaerts, replies: "The German heroes which the monarchists presumably hold to be our worship are the murderers of Erzerher and rathenau and the chiefs of the black reichswehr who killed a score of republicans sympathizers."

There will be no more cold feet for Berlin traffic cops this winter if a system of artificial hot water bags at street intersections find general adoption, the scheme consists of installing electric heating devices in the heavy glass-encased safety islands upon which cops stand during the day and which are illuminated from the inside with red lights.

Traffic officers at the few intersections where the device is in use are pleased with the idea. They say it is like standing on top of a warm stove.

Col. Leopold Von Kleist, who takes office this month as administrator General of the house of Hohenzollern in Berlin, has long been the most intimate friend and confidant of the former Kaiser. His appointment is taken as evidence of William's policy of continuing to reward his staunch adherents despite the loss of his throne.

Col. Von Kleist was made aide camp to the Kaiser in 1919 during the war he was commander of the emperor's corps and was decorated for valiant service. Thought little seen but the exile villa at Doorn, Holland, until recently, it is believed he has been in the Ex-Kaiser's service since the war.

Paris, Jan. 15.—(AP)—A blood test is the really modern way to determine whether a staggering gentleman is really drunk. Striking proof that this is more certain than the old time police method of making a suspect walk a chalk line has been accepted by the Paris courts.

It is true that the experiment in this case was on a dead man, but chemists say the method will work as well on a live one.

A motorman ran into a pedestrian who staggered into the car's right of way. The man was killed. There were no eye witnesses but the driver demanded an autopsy.

Leon Bonn, an expert chemist attached to the courts, analyzed the victim's blood and found alcohol in sufficient quantity to indicate the man had drunk about four quarts of wine of 10 per cent alcoholic contents. That made four-fifths of a pint of pure alcohol, which the judges agreed was enough to make the hardest drinker disregard traffic regulations.

Concegers who really protect the building under their charge have almost disappeared and are mourned by some of the retrospective French people who are appalled at the number of burglaries.

Concegers are institutions in France. They are installed in little one or two room apartments on the ground floor of flat buildings so they can watch the front door and keep out undesirable persons.

The have certain police powers and usually are in close relations with the police. They collect the rent, close the front doors at a fixed hour at night and by means of a wire or an electric system release the lock for late callers or tenants. The caller is generally required to announce the name of the person to be visited and the tenant always announces himself returning at night. The conceger puts on the stair lights, which are automatically extinguished within a few minutes.

In the old days the concegers had free rent, a small salary and tips from everyone. They got salaries now and their ambition caused them to leave the building unprotected. Even when they are there vigilance has been so relaxed that they afford but slight protection. Newspapers therefore have criticized them and to support their case point to the increase in burglaries.

Sabots, the big french wooden shoe, have been adopted by many of the autobus conductors of Paris during the cold winter.

When the thermometer hit freezing recently a whole flock of the bus men reverted to the methods of their youth.

Second Parcel: Commencing at the fork of the road 2 1-4 miles on the Tarboro road on the North side of the Tar River; running thence with the old Tarboro Road about 70 yards to a ditch; thence with the ditch to Moorings canal; thence with the canal to the River Road; thence with the River Road to the beginning, the Old Tarboro Road, containing two acres, more or less, and being the same parcel of land that was conveyed to L. A. Mayo by H. G. Whitehead and wife by deed of record in Book J-9, at page 81.

Third Parcel: Being a part of the William Whitehead land and which was deeded to Susie Moore by R. J. Cobb and bounded as follows: On the East by L. A. Mayo's store lot, and being the East corner of said Susie Moore's land and containing one acre more or less, and being the same parcel of land that was conveyed to Louisa Keel by Willie Moore and wife, Susie Moore, by deed of record in Book G-10, page 80, and by Henry Keel and wife conveyed to L. A. Mayo by deed of record in Book G-11, at page 517.

And the said three parcels of land being the same land that was allotted to W. L. Mayo in the division of the L. A. Mayo lands, as will appear by reference to Book Q-14, at page 7.

## TODAY

(Continued from page one)  
Salm walks away with a piece of  
Standard Oil change. And the  
mother must allow him to see his  
dear little boy. Very touching  
scene in modern domesticity.  
"Every sweet has its sour, every  
evil its good," says Emerson.  
The Scopes evolution trial in  
Tennessee made the United States  
scientifically ridiculous, the  
world's laughing stock. But it  
causes hundreds of thousands to  
read and think about evolution  
that had never done either before.  
Now Professor Griggs, teacher  
of biology at Dartmouth, says the  
Scopes trial has greatly increased  
interest in natural science studies,  
causing expansion in the college  
courses on evolution, geology, as-  
tronomy and geography. The  
Scopes foolishness becomes an as-  
set.

## Greenville Highs Lose to New Bern By Score 37 to 12

Friday the local squad met the  
New Bern squad on home court,  
only to be defeated by a score of  
37 to 12. Regardless of the score  
the game was a snappy, hard  
fought one by both teams, nei-  
ther at any time losing courage and  
pep which went to make the game  
interesting.  
The first few minutes of play  
were thrilling, with New Bern  
caging the first goal and Greenville  
closely following. The first quar-  
ter ended with score 6 to 4 in New  
Bern's favor. After this Green-  
ville was never able to recover the  
close score, though she tried her  
best.  
The second quarter showed  
steady headway by the visitors,  
and ended with a score of 16 to 6.  
The second half was fought with  
determination by both teams.  
Though the goals seemed to be  
apart from the local team, New  
Bern had no trouble in finding  
them as shown by the all round  
star of both teams, Miss Elizabeth  
Davis, of New Bern, who caged  
25 points to her credit.

The line-up was as follows:  
Greenville—Forwards, Alma Lee,  
Zelotta Tripp and Marguerite  
Hall. Guards, Zelle Foley, Bon-  
die Dickinson and Rose Mae Jones.  
—Marjorie Jenkins relieving Jones  
for a few minutes in the third  
quarter.  
New Bern: Forwards, Sufest,  
Hafer and Davis. Guards, Bryan  
Jackson and Church.

**STRANGE LAW POINT  
INVOKED FOR HOLMES**  
Leavenworth, Kansas, Jan. 14.  
—(INS)—A strange point of law  
is involved in an effort now being  
made to obtain the release from  
the federal penitentiary here of a  
prisoner known as "Ducky" Hol-  
mes, convicted nearly 20 years ago  
of the murder of a woman in  
Washington, D. C.  
He was sentenced to be hanged  
but after several women's organi-  
zations had petitioned against the  
hanging, President Taft commuted  
the sentence to life imprisonment.  
Now Holmes seeks release on  
habeas corpus proceedings, contend-  
ing that the President lacked the  
constitutional right to commu-  
tate the sentence except on a pe-  
tition of the condemned man.  
Holmes made no request that his  
hanging be stayed, he declares.  
If he had made such a request,  
habeas corpus proceedings could  
not be sustained. The papers in  
the case have been misplaced.  
Federal Judge John Pollock will  
hear the case soon. Holmes has  
always maintained a good record  
as a prisoner.

Los Angeles, Jan. 15.—(INS)—Who  
was it said American film pro-  
ducers were discriminating against  
foreign born players in favor of  
native talent?  
Let him or her take a run over  
to the Metro-Goldwyn-Mayer  
studio in Culver City, California.  
He or she will have the surprise  
of his or her life to find out that  
fully one third of all the players  
on the M-G-M list are foreign born.  
Statistics at the M-G-M casting  
office show that of the forty-eight  
stars and featured players under  
contract thirty-six are Americans  
born and of the remaining twelve  
three have become citizens of the  
United States since their arrival  
here.

Owen Moore and Estene Clark,  
born in Ireland and Poland, re-  
spectively were brought here as  
children and have automatically be-  
come citizens on reaching their  
majority. Renee Adoree, though  
her marriage to Tom Moore, be-  
came an American citizen. Of the  
remainder several have taken out  
their first papers of naturalization.  
Eleven distinct nationalities are  
represented on the M-G-M lot, as  
follows:  
Renee Adoree, French; George  
K. Arthur, Scotch; Ralph Forbes  
and Cecil Holland, English; Owen  
Moore, Irish; Estelle Clark, Polish;  
Natalie Kovanko, Russian; Ramon  
Novarra, Mexican; Norma Shear-  
er, Canadian; Karl Dane, Danish;  
Greta Garbo and Lars Hanson  
Swedish.

The American born players of  
this studio are as follows:  
Marion Davis, Lillian Gish, Mae  
Murry, Lon Chaney, John Gilbert,  
Jackie Coogan, Buster Keaton,  
Lionel Barrymore, Patricia Avery,  
Eleanor Boardman, Ralph Bush-  
man, Lew Cody, Edward Connelly,  
George Cooper, Roy D'Arcy, Mar-  
celine Day.  
William Hines, Marico Kains,  
Gwen Lee, Louise Lornita, Tim  
McCoy, Carmel Myers, Conrad Na-  
gell, Tom O'Brien, Gertrude At-  
stead, Sally O'Neal, Dorothy Phil-  
lips, Alleen Pringle, Bert Roach,  
Dorcy Sebastian, Pauline Stark and  
Clare Windsor.

If one is to judge by the activity  
scheduled at the DeMille and Met-  
ropolitan studios for the month of  
January as an indication of pro-  
duction for 1927 at these producing  
units of the Producers' Distribut-  
ing Corporation, then P. D. C.  
stars, directors and employees are  
in for a prosperous new year in-  
deed.  
January will see completion of  
actual camera work on "The King  
of Kings" Cecil B. DeMille's pic-  
tureization of Jennie Macpherson's  
story of Christ.  
"White Gold" Jetta Goudal's  
current starring feature, will also  
be completed in January by Direc-  
tor William K. Howard.  
The new pictures upon which ac-  
tual filming will be started at De-  
Mille's during the month include,  
"Turkish Delight" featuring Julia  
Faye and Joseph Schildkrut; The  
Little Adventuress directed by  
William DeMille and starring Vera  
Reynolds; "Vanity" which Donald  
Christ will direct with Leatrice Joy  
starring; "His Dog" an Albert Pay-  
son Terhune story, and "The Coun-  
try Doctor" which will feature  
Rudolph Schildkrut.

Pity the poor ostrich! He doesn't  
dare be himself any longer—he  
hasn't enough clothes left.  
The motion picture colony has  
gone wild this season over ostrich  
effects. It is used for frocks; it  
makes complete evening wraps; it  
trims evening slippers; it fashions  
new sholder corsages; it is worn  
in boas; it trims pocketbooks; new  
garters have ostrich rosetts, and  
hair bandeaus simply must have a  
bit of ostrich trimming.
