Model Law Which Reduced Arson Losses By Half in Two States, Introduced In Other Legislatures

The year 1927 promises to make a new record in the war against Arson. Already there has been introduced in the legislatures of West Virginia, Iowa, Alabama, Tennessee, Maine, New Hampshire, Connecticut, Ohio, Indiana and Arkansas the new Model Arson Law of the Fire Marshals' Association, with the solid backing of the United States Chamber of Commerce, the National Association of Credit Men and many other influential organizations.

He may have planned the fire; he may be the one who will profit from it; he may have hired the actual "torch" and yet may have been many miles away at the time the fire way set. away at the time the fire wa, set.
