MORE MARINES ARE ORDERED TO CHINA

Latest Advices Indicate That Only One American Killed

REINFORCEMENTS BEING RUSHED TO PACIFIC FOR EMBARKATION TO CHINA

Unless Chinese Situation Improves Immediately Infantry Will Be Sent to Join the Marines

Washington, March 26.—(AP)—Fifteen hundred more American marines were ordered to China today and unless the situation improves there is a prospect that infantry units of the American army will also join the expeditionary forces in the Chinese trouble zone.

The marines will be gathered from along the Atlantic seaboard, will cross the continent by train and will sail from San Diego, Calif., as soon as they can be concentrated there. April 2nd has been tentatively fixed as the day of embarkation. The transport fleet has been ordered from Corinto, Nicaragua to San Diego.

The new contingent of 1,500 marines will be drawn largely from the marine base at Quantico and the navy yards at Philadelphia, Boston and Parris Island.

The American government is reluctant to use the army in China unless it becomes absolutely imperative. Should it be found necessary, however, the troops probably would be taken from the 4,200 available in Hawaii, and the 1,500 at Manila. The Hawaiian force includes the 19th, 21st, 27th and 35th infantry regiments and the Philippine force is made up of the 31st infantry and one battalion of the 15th infantry.

There are additional two battalions of the 15th infantry stationed at Tientsin, China, guarding a section of the railroad to Peking.

About 4,500 men, counting ship crews, now are in the Chinese continent under Admiral Williams. The total includes some 1,500 marines, already ashore, mostly at Shanghai. Of the remaining personnel, probably 1,000 could be taken off their ships in an emergency without crippling operation of the craft.

Three cruisers are on their way to China from Honolulu, carrying about 1,200 men, of whom 400 or 500 could be spared for landing parties. Six destroyers, carrying about 100 men each, also are en route to the trouble zone.

Washington, March 26.—(AP)—Colonel Harold C. Snyder, commander of the force of 1,500 additional marines ordered to China.

Orders were sent to the Portsmouth, N. H., Boston, New York and Brooklyn yards to have their detachments made ready to report at Philadelphia, whence they will be sent to the west coast. The southern contingents will report at Quantico, Va., for organization.

North Carolinians Taking Part In Chinese Trouble

Raleigh, N. C., March 26.—(AP)—The man who as far back as 1924 planned the execution of Nanking, Commander Julian Timberlake, left his home here today for Annapolis to be assigned to duty at the United States Naval Academy.

Until the first of this year he was commanding officer of the U. S. S. Fish, flagship of the Yankee patrol. He and Mrs. Timberlake lived on Seaview Hill where foreigners were shelled Thursday.

He said he would not be surprised to learn that Russian Bolsheviks were inspiring the Cantonese movement but at the same time reported reported excuses offered that they attacked on foreigners at Nanking was the notion of uncontrollable troops.

They are not entirely to blame, however," he said, "they believed the Chinese Christian converts who told them that nothing serious would happen."

ST. PATRICK'S DAY IS OBSERVED BY LOCAL KIWANIS

Splendid Program Given at Regular Meeting of Club Here Last Night

The meeting of the Kiwanis Club last night was held at the Rotary Club building. President W. H. Woodard in the chair.

The program, in honor of St. Patrick, was in charge of Kiwanian James E. W. Cox. Savory tokens of Ireland's favorite emblem, the leek, were provided for all.

After singing "My Wild Irish Rose," an interesting debate was held on the topic, "Where Was St. Patrick Born?"

Dr. W. T. Wooten claimed the saint for Wales, Professor R. M. Fitzgerald argued that he had belonged to Scotland. Recorder Frank Harrington, contended that Ireland was the real birthplace of its patron saint.

The judges, Ed. Griffin, Pat O'Brian and Jim Starkey, being internationally divided, could not render a unanimous decision as to the winner, so they awarded miniature Irish hats to each debater.

H. E. Austin read a poem by Charles G. Halpine entitled "Irish Astronomy."

Irish jokes were repeated by Ed. Griffin, C. B. Rowlett, Marvin Blount, Charles Forbes and others. Miss Bessie Brown sang an "Irish Love Song" with such sweetness that she responded to her encore with "Mother Machree." Miss Bary Bertoleto accompanied her on the piano. The services of these two artists were so highly appreciated that they were unanimously elected honorary members of the club with a rising vote.

A most enjoyable evening was brought to a conclusion by singing the Kiwanis Ode.

SUPERIOR COURT ADJOURNS UNTIL MONDAY MORNING

Jury Fails to Return Verdict in Case of Robert Ellis vs. C. E. Ellis.

The two weeks term of Pitt County Superior Court, for the trial of civil cases, which convened here last Monday morning, adjourned yesterday afternoon at four o'clock following completion of its first week's calendar. The second week session will begin Monday morning.

Numbers of cases of interest to litigants in all parts of the county are contained in the calendar of the second week, and it is expected the session will be even busier than the first week term just ended.

In the case of Robert Ellis vs. C. E. Ellis, the court ruled that the plaintiff was not entitled to a sum of \$250 which he claimed the defendant owed him as a result of the sale of a homestead exemption.

TELLS HARROWING STORY OF ESCAPE FROM CONSULATE

Wife of United States Consul Relates Horrors of Chinese Warfare

Shanghai, March 26.—(AP)—Harrowing tales of escapes from death at the hands of lawless bandit Chinese soldiers inflamed against foreigners, were related today by Nanking refugees arriving at Shanghai on the steamers Kanawo and Wenslow. The number of refugees brought by these steamers totaled 230.

Mrs. John K. Davis, wife of the United States consul, was still shaken by the ordeal. She told of the flight of Americans, including herself and her two children, from the consulate, where the Cantonese threatened to kill all foreigners.

Mrs. Davis and her children arrived with nothing save the clothes on their backs. She displayed a bottle of cough syrup given to her by an officer on the Kanawo, saying "here's my baggage."

On Thursday morning, she related, 23 Americans were gathered at the consulate—she and Mr. Davis and their two children, Vice Consul Paxton, six missionary men, a nurse officer, and eleven marines.

Mrs. Davis ordered the marines to get away their arms, as he did not want the Cantonese to find an armed guard, as it might provoke an attack.

He also sent word to Americans concentrated at Nanking University not to try to oppose the soldiers since it might mean death.

At 10 a. m. Thursday word was received that the Cantonese troops had begun looting; then it was reported that the British and Japanese consuls had been killed and the consulates looted.

Mrs. Davis ordered the men to resume their arms and the party started for Socony Hill, which had been designated as the concentration point, with the stars and stripes at the head.

Hardly had the party left the consulate when soldiers in Nationalist uniforms fired on them. They kept up a constant sniping from all directions during the two miles to the Socony plant. The Davis children, a girl named Shannon, aged 11, and a boy named Spencer, aged 6, bravely walked the distance without a whimper.

Mrs. Davis' voice trembled with pride as she related this portion of the adventure.

She said she reached Socony Hill, "horribly exhausted; the men had to help her along. The sniping grew heavier until when a half mile from the hill, they were all most surrounded. There they took refuge temporarily in a bamboo grove. Three soldiers who followed fifty yards to the rear, fired and hit Private Plimley in the back and he fell, but gamely returned the fire, killing two of his assailants. Three of them fled.

The party ran the rest of the (Continued on Page Two)

RETURN INDICTMENT AGAINST YOUNG WOMAN Harlan, Ky., March 26.—(AP)—An indictment charging Marie Jackson, 27 years old, with false swearing, was returned today by the Harlan County Grand Jury. Next Thursday was set as the date of her trial.

The indictment against the Jackson woman charged her with testifying at the murder trial of Conda Dabney, that she saw him kill Mary Vickery, 16, and throw her body into an abandoned mine. Dabney was sentenced to life imprisonment. Miss Vickery returned last week and Dabney was pardoned.

Heroes Escape Death Twice

Here is the first picture to reach this country of the heroic airman, under command of Major Borges (left), who flew from South America almost to the coast of Africa, fell in the water, swam ashore, became prisoners of wandering Moorish tribes, and escaped death again by promising a reward for their return to civilization. With Borges are shown (left to right) Captain Glauco, Captain Ibarra, and Mechahic Rigli.

TODAY Bible Training Schools Closed Here Last Night. China on the Rampage. Useful Record Breaking. Guns for Sale. Will She Die? (By Arthur Brisbane)

News comes from China not pleasant or reassuring. Many Americans killed, the British Consul and a British missionary are shot. Britain and the United States serve an ultimatum on the Chinese, but that will not influence the revolutionists' determination to get rid of foreigners.

One Japanese marine was shot dead yesterday, while Japanese troops were rescuing European and American foreigners, and that death may have results. Japan must maintain her prestige in Asia. But marching through crowds of passive Chinese in ordinary times, is different from handling tens of millions in the heat of revolutionary frenzy.

Moscow rejoices wildly in Chinese talk of a world revolution and foresees 140,000,000 Russian Communists joining with 400,000,000 Chinese Communists to "make the whole world Communist." That is going ahead a little too rapidly.

The tall might like to wag the dog perhaps, but it never does. And Japan, the real Asiatic power, is far from Communism.

In America, Chinese seem to have caught the excitement of the flowery kingdom. Wars between the Hip Sing and On Leong gentlemen broke loose yesterday in (Continued on Page Six)

Says Chinese Tong Are Not at War

New York, March 26.—(AP)—Chinese tong members were told by their chiefs today that there is no warfare and there must be no killings.

The order, in the form of a letter signed by the presidents of the On Leong and Hip Sing tongs, was drafted at a conference called by District Attorney Stanton who threatened wholesale deportations if the warfare which already has taken a toll of 10 lives in six cities did not cease.

LIGHTWEIGHT BOXER STABBED TO DEATH Hollywood, Calif., March 26.—(AP)—Eddie Digins, 29, well known lightweight boxer, was stabbed to death early today in what police said was a free for all fight in a Hollywood tea room. Nine men and women including Lloyd Hamilton, motion picture comedian, were held for questioning.

UGLY SPOTS OF WORLD NO FAULT OF NEWSPAPERS

Speaker Says a Looking Glass Not Responsible for What You See In It

Raleigh, N. C., March 26.—(AP)—Newspaper criticism today must be taken with a grain of salt, Stewart Robertson, professor of journalism at State College told an initiation meeting of the North Carolina High School Student Press Association at Hagff Morson high school here today.

"The ugly spots in the world," he said, "are not the fault of newspapers. A looking glass is not responsible for what you see in it."

Newspapers are the only things left of a universal nature. Even if they present unpleasant facts, they are the only agencies that attempt expression of the complete panoramic picture," the speaker said.

There are higher critics today, the students were told, who look at the newspapers with a critical attitude. If these critics were allowed to run the papers. The result would be class organs, Mr. Robertson said.

"We live in a make-believe world; we make it as we want it. The individual paper reflects this world and not the real unit," Mr. Robertson said.

"The newspapers are public service institutions and as such they try to please the public. The public wants the kind of news that is in the papers today, or else they will fuss about it," he added.

Expressed purpose of the morning meeting was to hold informal initiation of certain journalism pupils into the local chapter of the Quill and Scroll, national honorary society for high school journalists.

The Raleigh chapter of the organization is known as the Josephus Daniels chapter and is the Alpha North Carolina chapter. Another chapter has been recently installed at Asheville, but has not yet been named. The local chapter is the only one in the Eastern section of the State.

Purpose of the Quill and Scroll is to encourage and reward ability in writing, to instill the ideal of scholarship, and to inspire the individual student. Mr. Robertson said.

Mrs. Nina Holland Covington, Raleigh High School supervisor of journalism, Mr. Robertson, Josephus Daniels, and others of local prominence are honorary members of the Raleigh chapter.

TWO WHITE MEN ARRESTED HERE

Aubrey Moore and Dreamy Peel Returned to Washington to Face Theft Charge

Aubrey Moore and Dreamy Peel, two men who have been held in jail here in connection with the robbery of a considerable quantity of meat in this and other counties, were returned to Beaufort County this afternoon where they will face trial. Frank Whitaker, another member of the band, has been arrested by the Beaufort County authorities and will go on trial along with those taken by officers here.

A Ford car said to have been the property of Aubrey Moore was discovered on the streets here today by traffic policemen. The machine was driven by a young white man who was not involved in the case. The car, however, is being held pending completion of the investigation now under way.

SCHOOL MEET TO BE BIG FEATURE IN EVENT MONDAY

Mammoth Parade and Track Meet Will Figure in County Commencement Day Program

The sixth annual Pitt County school meet will be held in the auditorium of the administration building at the East Carolina Teachers College Monday morning. The program will begin at 9:30 with literary contests in various rooms of the school. The main part of the program, however, will not be held until 10:20 o'clock.

Hubert Parent of Wake Forest College will deliver the principal address. This will be preceded by a spelling match and various contests in school work.

The literary meet is sponsored by the Kiwanis Club. The track meeting at the fair grounds in the afternoon is held under auspices of the Rotary Club. Both events will be preceded by a mammoth parade by children of Greenville Schools. The entire day's program goes on.

MRS. STIEDLEY TO SPEAK ON HEAVEN SUNDAY MORNING

Woman Evangelist Delivered Powerful Sermon on "Judgment" Last Night

Mrs. C. L. Stiedley, who is assisting in the revival at Jarvis Memorial Church, brought to a large audience a powerful message on last evening using as her subject, "The Judgment." The judgment is just as certain as death, she said. If the church believed the Bible, if our young people believed the Bible as the inspired Word, this would be a holier life. Grace, she declared, is God saving men who can't save themselves. There is just one class of people who will not have to come into judgment—those who are truly Christian. If we will not judge our own lives, the speaker said, we must be judged. The great judgment is going to be an individual judgment.

Christ is going to be the judge. He will judge righteously. He never made a mistake on earth. He is not going to make one over there. We are going to be judged by the Word. God left it here for us. All we need to do to be lost is just to neglect Jesus Christ. To be saved we have to accept the sinner's sacrifice. The great tragedy is this—many people are just neglecting.

This evening at 7:30 there will be services. This will be a full fashioned song and praise service. Don't miss this meeting. Come and help sing the old songs and join in the praise service.

"Heaven" will be Mrs. Stiedley's theme on tomorrow morning at 11 o'clock. Come tomorrow morning she will speak again at the evening service which will be at 7:30.

Invite your friends and join in some part of these services tomorrow.

Warships Cannot Suppress Aspirations of Chinese People, Declares Cantonese Commander-in-Chief

Washington, March 26.—(AP)—All Americans have evacuated Nanking and have boarded American naval vessels at that port, Rear Admiral Hough advised the Navy Department today. With the exception of E. Williams the admiral said no other Americans had been found dead.

The known American casualties are: Dead: J. E. Williams of Shawnee, Ohio, vice-president of Nanking University. Injured: Miss Anna E. Moffett, Fort Sheridan, Ill., of the Freshwater mission. Shot twice in the body by a Nationalist soldier. She will recover. Private Plimley of the Marine Corps. An American Biplane pilot, unidentified. Earl T. Hobar, manager of the Standard Oil plant at Nanking, single leg.

Shanghai, March 26.—(AP)—Foreign powers can not send enough warships to China to suppress the aspirations of the Chinese people, says a statement issued in the name of General Chang Kalshek, the Commander-in-Chief, who arrived in Shanghai today.

Peking, China, Mar. 26.—(AP)—The American legation has instructed the consul at Hankow to call on Eugene Chen, Cantonese foreign minister, and protest the "outrageous and unprovoked attack upon and the killing of American citizens by Nationalist forces" at Nanking.

Shanghai, March 26.—(AP)—Americans and other foreigners were on their way to places of safety today from various points along the Yangtze Valley, where the Chinese are in an ugly mood. Two hundred and fifty refugees, mostly missionaries, are en route from Hankow, present seat of the Cantonese government. Hankow was the scene of violent anti-foreign rioting early in January. Sixty-seven are coming on the American destroyer Preston from Nanking, the seat of the recent rioting and naval bombardment. The Preston, another American destroyer, has gone up the river from Shanghai to take off small groups of Americans at Kiangsu and other lesser ports below Chinkiang.

A group of foreigners boarded American and British destroyers at Chinkiang, in Szechwan province, after the police had been called to protect them from Chinese mobs.

Washington, March 26.—(AP)—Withdrawal of all Americans in Chinese Nationalist territory had been urged by Minister MacMurray at Peking, who notified the State Department today that his action was based on the "demonstrated inability or unwillingness" of the Cantonese forces to protect American lives.

Under date of March 25 the Minister said he had instructed all American consuls in the Nationalist territory to attempt to have Americans leave immediately.

Under date of March 26 Consul General Gause reported the situation in Shanghai as "very tense."

"The greatest precautions are being taken," Gause said.

Negro Bootlegger Arrested Today

Louis Gaylord, Arden town, Va., was arrested at his home near the Craven county line today, charged with having in his possession a half million or more of contraband whiskey. The arrest was made by Deputy Sheriff G. G. Ford after a total of \$250 and was the first until the next term of county court.

HOOVER INSPECTS SITE OF INITIAL AIRPLANE FLIGHTS

Visits Kill Devil Hill in Interest of Monument to Commemorate First Flights

Kill Devil Hill, N. C., March 25.—(AP)—With a strong breeze blowing from the Atlantic Ocean into his face Herbert Hoover, Secretary of Commerce, yesterday inspected the proposed site here for the monument to be placed where the world's first airplane flights were made.

The flights were conducted by Wilbur and Orville Wright early in 1903 on Kill Devil Hill, near Kitty Hawk, some 20 miles southeast of Elizabeth City. Twenty-five years later, Congress has decided to memorialize the spot.

Mr. Hoover came quite unheralded to Elizabeth City yesterday and his presence in the city became known only through his having carried on a brief conversation with Brad Sanders of the Elizabeth City Iron Works.

His official party stopped over there en route to Kitty Hawk. The party came south from Norfolk on the government yacht Killdeer and stopped in Elizabeth City only long enough to obtain directions for reaching the lower sound country. Mr. Sanders lost Mr. Hoover and others quite by accident at the foot of Colonial Avenue, near where the boat was docked.

The Washington party then proceeded directly to Nagshead, summer resort, about a dozen miles south of Kitty Hawk, with the idea of doubling back today, inspecting the region and later making their way to Roanoke Island for a visit of the site of old Fort Raleigh, where the Raleigh settlements were founded, and to other historic spots. They expect to spend the night in Manteo and return to Norfolk tomorrow, in time to catch a steamer for Washington tomorrow night.

BOBBY JONES LEADING IN ATLANTA TOURNAMENT

Atlanta, Ga., March 26.—(AP)—There was a disposition among professionals in the Southern open in its final phase today to let Bobby Jones go ahead in his rush to the top while the men who earn their living playing golf concentrate on the business of getting in the prize division.

Jones was five strokes in front at the start of the third round, thanks to a sensational 66 in the second first 36 holes was 1338. Johnny Round yesterday. He total for the Farrell of New York and W. H. Lyle of Cleveland were in a tie for second place at 143.

Bobby Crutcher, one of the most successful of the pros in the winter campaign in California, Texas, Arkansas and Florida, summed up the situation. "Bobby seems to have won the tournament. We can go out now and shoot for the money." The Scotsman started the third round with a score of 148.

Bobby Jones had little to say after his great round. "I was hitting my shoes well," was the extent of his comment. He spent the afternoon yesterday on the course with his camera, getting motion pictures of the other golfers.

The field was cut from 161 to 68 for the final 36 holes today. The rules provided for elimination of all but the low 64, but ties at 155, the last qualifying figure, caused us to crowd into the final test. Five amateurs were in the list. Bobby

FELT STUPID, DULL

Mississippi Lady Says She Took Black-Draught for These Symptoms and Was "Greatly Relieved."

Starville, Miss.—"I have been a user of Black-Draught for about twenty years," says Mrs. C. E. Buntin, of R. F. D. 5, this city.

"I used Black-Draught first for constipation," continues Mrs. Buntin. "I would feel dull, stupid, and have severe headaches, even feverish. I had an uneasy, tight feeling in my stomach.

"I read quite a bit about Black-Draught. I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about eighteen years. About two years ago I found I was having indigestion, a tight smothering in my chest, then severe pain, especially after eating sweets. I commenced taking just a pinch of Black-Draught after meals and by doing this I could eat about anything.

"I gave Black-Draught to my children for colds and headaches. I can certainly recommend it."

Theodore's Black-Draught is recommended by thousands of others for the relief of indigestion, biliousness and simple ailments due to constipation. Safe, easy to take. Costs only 1 cent a dose. KC-177

If one of the amateurs wins he will be given a trophy while the professional will receive \$4,000. Twenty-nine other money prizes will be distributed ranging from \$2,000 to \$50, the entire purses totaling \$12,000.

Former champions were not in the most favorable position today. Willie MacFarland was barely in the competition with 156, Gene Sarazen had 148, Jim Barnes and Cecil Walker 152 and Walter Hagen 151.

RALEIGH GOLFERS BEGIN LINK MATCHES

Raleigh, March 26.—(AP)—Raleigh golfers today entered on the first of a series of link matches with inter-city teams. The opening meeting was staged with the Sedgefield club at Sedgefield.

Other matches will be played later with golfing teams of Winston Salem and Greensboro. The local club comprises 20 men and four women.

WOLFPACK GETS FIRST TASTE OF NEW RULES

Raleigh, March 26.—(AP)—Coach "Gus" Tebell's 1927 wolfpack got its first taste of new gridiron rules today when two picked elevens went into a regulation game as the climax of an extensive spring football training period.

FOURTEEN PLAYERS REPORT AT ROCKY MT.

Rocky Mount, March 26.—(AP)—Arrival of two more players today brought the total number of Rocky Mount baseball players up to 14. They are Hobe Brummitt, infielder, formerly with Durham and Asheville, and Walters, semi-pro first baseman.

Kit May, young right handed pitcher belonging to the Philadelphia Athletics, has been sent to manager Lee Gooch here. He

was with Winston Salem the past season.

FOUR REFUSE TO SIGN ROCKY MT. CONTRACTS

Wilson, March 26.—(AP)—Manager Bunn Henry of the Rocky Mount baseball club today was confronted with the refusal of two pitchers and two infielders to sign contracts offered them.

Jones and Reil, pitchers, and Mellano and Roper, infielders, were the players in question. None of the quartet talked as if they would sign on the dotted line anytime soon.

Although not signed, Eddie Meeks, outfielder from Louisville was in camp today, and expressed willingness to talk about terms. "Rip" Harris, veteran reformer and once a Piedmont league player, is on hand for work-out.

Other groups of refugees arrived early in the afternoon, bringing the total to more than fifty. Soldiers in Nationalist uniforms began coming to the house in large groups, demanding money and threatening to kill all within.

This occurred several times. Mr. Davis and Earl T. Hobart, Standard Oil manager, risked their lives while facing the soldiers and arguing with them in Chinese. Finally one of the soldiers said to Mr. Davis: "We don't want more money. We want to kill you and your foreigners."

At three o'clock the firing which had kept up through the early afternoon, became heavier. Mr. Paxton, who had left the party while it was on the way to Socony Hill, to seek two Kuomintang (Nationalist) friends, returned with them, bearing a Kuomintang flag. This seemed to enrage the soldiers, who tore down the flag to crowd up the entry way and steps. The marines were ordered to arm and prepare to fight.

A pocket, the agreed signal sent the warship for aid, was sent up. Mrs. Davis continued. "The women and children were all shut in the bathroom, where

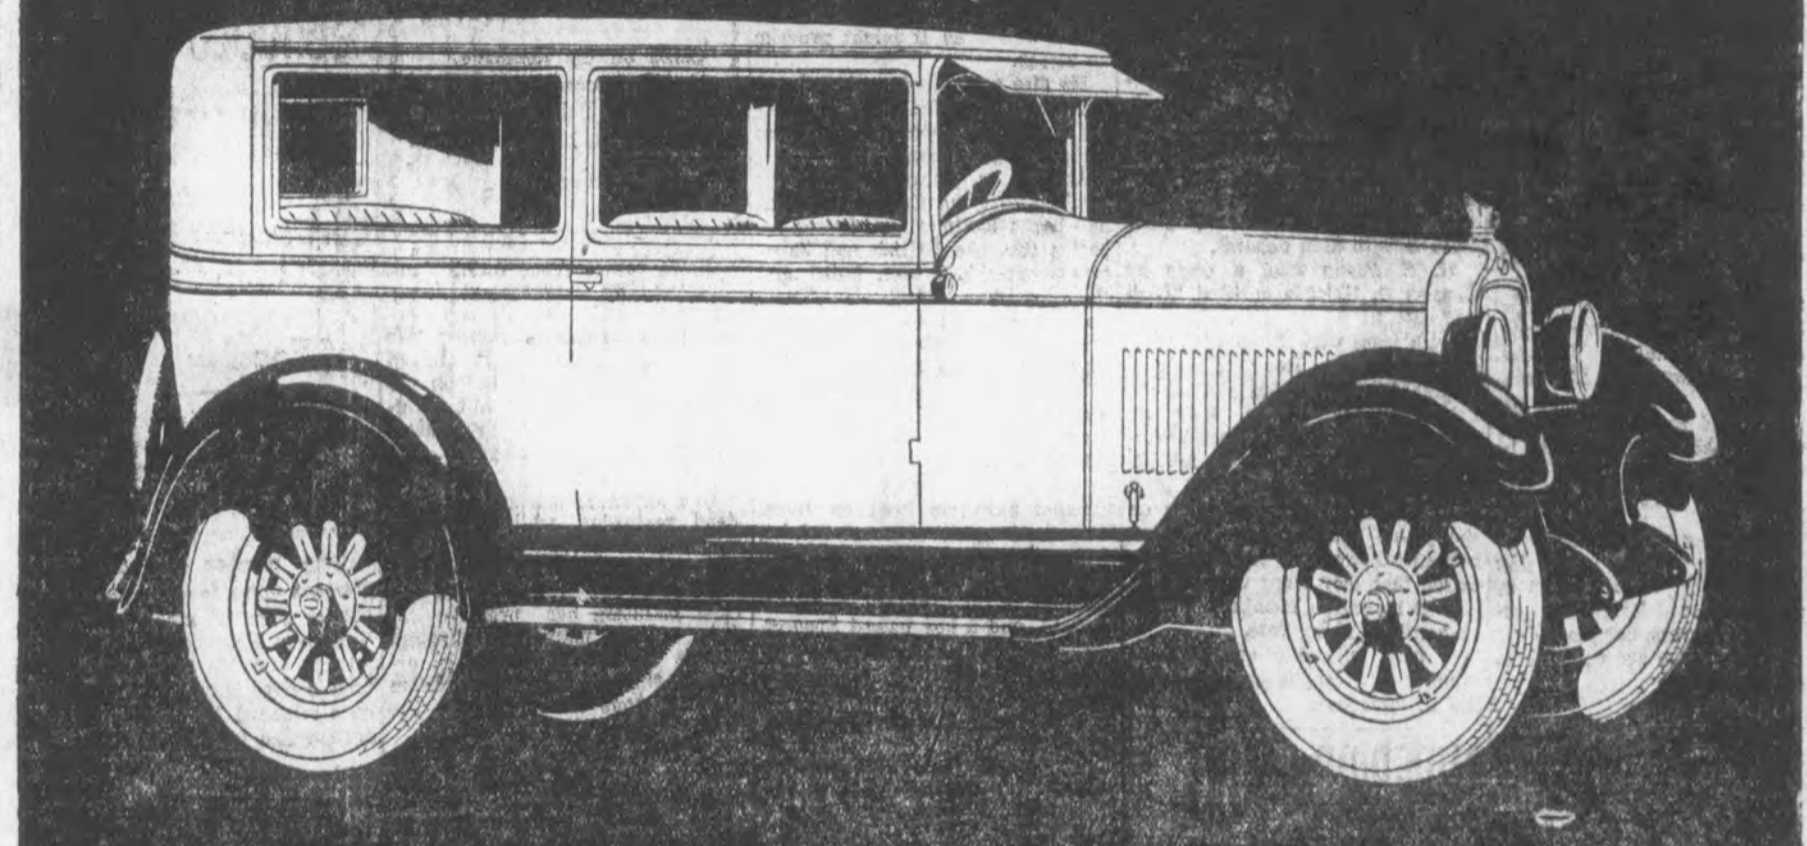

they lay on the floor, hearing the bullets crashing through windows and whistling overhead, meanwhile praying for the ship's barrage to begin. The firing of the soldiers became heavier and the marines replied. It is believed they inflicted heavy casualties. "Nevertheless the Cantonese forced an entry and began to assault the stairs, seeking refuge. "My husband then shouted: 'This is the end.' Just then the first shells began bursting around the hill, driving off the attackers. We breathed again. We seized this chance to escape."

COMMITTEES WORK ON INDOOR CIRCUS

Legionaries Working to Make Indoor Circus Auto Show and Merchants Exposition Biggest Ever Held in State

The different committees that will show the big indoor circus auto show and merchants exposition for the second annual event are now all hard at work and it is the aim of all the members of the Pitt County Post No. 29 and the different committees to make this year's event the biggest and most elaborate show of its kind ever staged in this section of the State.

The season ticket sale will be started next week and it has been decided to not change the price of admission even though a much larger and better show will be staged in every department.

Season tickets good for six admissions will be sold for \$1.00. This ticket will also entitle the holder to participate in the giving away of many night prizes and see everything including the big circus acts, the big auto show and many other exhibits of an interesting nature. The biggest value ever given for so small an amount of admission in this or any other section of the country.

Several nights are being arranged by the program committee and it is expected that by the middle of next week the entire section of the big warehouse that has been set aside for the auto show will be all taken by the local dealers and several outside dealers have already written for space whose line of cars are not represented here in the city.

A canvass of the dealers will be made starting Monday of next week and as space is limited it is an assured fact that the auto show feature will surpass any similar event this year ever staged in Eastern North Carolina.

Special auto show advertising matter has been ordered and this year's event will be a complete advertisement in the surrounding cities for a radius of 25 miles.

April 18 to 24 has been designated as the 4th and 5th annual auto show and it is expected that a large number of spectators will be attracted to the show.

CHICOD TOWNSHIP MAN BARELY ESCAPES LOSING A MIGHTY GOOD FOOT
Joe Clemmons, tenant on the Hardee farm in Chicod township was brought to the office of Dr. Skinner and Smith yesterday afternoon to receive medical aid following the severing of the fore part of a foot while chopping wood.

Joe didn't do the shopping himself. He was assisting in hewing a log. The log slipped, Joe tried to straighten it out with his foot. It was at this moment that the official chopper came down with the ax and did the damage.

That part of the foot about cut off was sewed back and Joe returned home firmly convinced of the inadvisability of using his foot in a case of emergency.

The man who did the chopping was his father-in-law.

Mystery Revived

Washington police requested that Dr. Knute Houck (top) be held pending an investigation following the finding of the body of his wife, Mrs. Gladys Walter Houck (below) in a small stream. Both disappeared a short time ago. The psychiatrist was found wandering in a dazed condition near Hornell, N. Y. He could throw no light on his wife's whereabouts and he was released.

BIG CART WHEEL CAUSES CONCERN

Sheriff Whitehurst Plied With Thousand of Questions About Wheel in Office
A large cart wheel in the office of the Sheriff of Pitt County has caused Sheriff Whitehurst and his deputies to answer thousands of questions as to why it is there, where did it come from, and under what conditions did it get there.

To all these inquiries the sheriff tries broadly and elucidates in the best manner possible.

To come suddenly upon such an unusual sight in the office of the high sheriff, one naturally concludes that some member of the official party is going to enter the office, or possibly conduct an analytical study of vehicular traffic.

"Where did you get that wheel?" an inquirer asked this morning while an equally inquisitive member of the Reflector reporter staff was standing nearby, awaiting some one to propound the momentous question.

Sheriff Whitehurst grinned and smiled a mischievous mackeralion.

"Well boys," he replied, "I am going to answer that question for the nine hundredth and ninety-ninth time. That wheel was brought here to use as evidence in a case completed some time ago. We thought of moving it, but the boys keep so busy we just haven't been able to get to it."

"Sure you didn't take it for axes?" Sheriff, one of the bystanders inquired with a humorous twinkle in his eyes.

"Positively certain we didn't," the Sheriff responded. "We always get something that sounds better than cart wheels to the county officers when we go out collecting."

OUR SATURDAY NIGHT MEDITATION

"THE ROUSING CHALLENGE OF CHRIST"

Ephesians 5:14:—"Awake thou that sleepest, and arise from the dead, and Christ shall give thee light."

These words are obviously a quotation. They are not St. Paul's own words, but an echo from some Christian challenge ringing through his soul. It is quite possible they are a quotation from a message of Jesus not found in the Gospels. They sound like HIM. The message of Jesus was always a summons to life and endeavor. Jesus went about ever calling to sunken souls lying in some quiet backwater, or stranded like some derelict on the shore of slackness and indifference—"Rise up and walk!" "Go and sin no more." He was always summoning men to life, challenging them out of their foolish ease and contentment, to leave all their unrealities and falsehoods and to come into the great reality, which is to come face to face with God. And St. Paul had heard that message and heeded it; and he passes it on through the ages as the ever-abiding challenge of Christianity. So long as Christ lives, so long as the memory of Christ remains in the mind of the world, so long will the world be spurred and stung into life, and progress, and effort.

1. The first fact I want you to notice is that **THE SPIRITUAL WORLD IS THE REAL WORLD.** The things that are, the things that endure, are revealed for us in Jesus. The love that made Him victorious is here. The beauty of Jesus is waiting to possess our hearts. The God in whom He trusted is asking us to trust Him also. All these forces are around us, like electric energy in the air. They are available, waiting for us now. When we come to Jesus and put our lives into His keeping we come into the very centre and focal point of all that is alive. Let no man say we do not belong to the spiritual world; that we have no kinship with the Eternal; that we are only the creatures of passion and the five senses. Do not believe it! "Ye are the children of the light," says St. Paul. Like plants, we are made for the sunlight, and the sunlight is all about us in Jesus. We have only to lift up our hearts to catch it and live.

2. The second fact we should notice is that—we have only to step into the spiritual world and its force

take hold of us and become operative in us. A man who was drowning now lies upon the river bank unconscious, eyes closed, lungs choked, rapidly passing down to death. Yet the life forces are all around him the sunshine, the air, waiting to fill his lungs; and there are forces in his own frame waiting to wake and function and bring him back to the living world. He has only to begin to breathe. So his friends take him in hand and set his lungs working until the air takes possession and his whole being becomes animated.

There are people like that spiritually. They do not realize that they have only to begin to function spiritually to become spiritually alive. You have only to begin to breathe a prayer to God, when, lo, the powers of prayer will attend you. You have only to give yourself to one generous impulse—and the warm, loving heart of God will be revealed to you.

There is not a single soul in the whole world outside of God's grace for any other reason than his own will. The obstacle is in our slackness and sleep, what has been called "the malady" of not wanting the things of the spiritual world.

So Christ's call comes to us: "Have you the will to

be cured? Have you a mind to be healed?" And to all who reply "yes," He says, "Then get up and walk. The spiritual world is all about you. Step into it and all the forces of the Kingdom will gather to your aid, and make your life a centre from which God can work." Awake thou that sleepest."

Now, there are various kinds of sleep. There is the sleep of DOUBT. There are lots of people who are not sure. They desire a cut and dried faith, plain and understandable, before they will venture into the spiritual world. But such a faith would be a poor, lifeless thing, like a flower which you cut off and put in your vase which soon loses its beauty and fragrance. I do not think you can have a living faith free from all doubts. One has to go out with the faith he has, face the storm, holding on to that faith amid all the challenges of unbelief. That is the only way to make faith vital. For Faith is not an assent to a logical argument. It is a consent to a way of life. It is not a question of intellectual type. It is a question of choice. Do you want to be the sort of person Jesus Christ will make you? If so, step out boldly, and "Christ shall give the light." When a man steps out in Faith, God steps in in assurance. When a man launches out in Faith

God will bear him up and carry him on. A man has only to wark toward God an inch, however dim the way, and "In blazing light God will advance a mile to him!" Then there is the sleep of EVIL HABIT. Sin deadens the sensitiveness of the soul. It brings the sense of failure and of moral impotence. It hypnotizes a man into defeat. Then we blame our weak wills for keeping us out of the Kingdom. It is the fact that WE BELIEVE our will has not the power to make us rise. That is the teaching of modern psychology, and it is right. We can, because we think we can. Jesus made men think they could, and when He did that, they arose. That is His power today.

In the presence of Jesus hope springs up, and the moral impotence that fatally burdered the will, is lifted. We arise as from the dead, and live in His light. Then there is the sleep

caused by FEAR. People are afraid that, should they start out in the Christian life, they will not be able to go on. They would rather not try, than fail. They do not realize how much better it is to be the kind of fool that fails than the wise man who never tries.

Some fear they will have to give up so much—they will. But when once they have seen Jesus they will never think of their sacrifices for Him. These will be lost in the overwhelming vision of His sacrifice for them.

Others fear the world. They know that the call and challenge of Christ will inevitably bring them right up against an unchristian social order demanding change; and they conclude that it is too hard a job, Christianity can not be put to work.

Well either Jesus was right or he was wrong. He believed christianity would work and would conquer the world. Either He knew the

word or he did not know it. If He did not know the word He is of no use to us, I believe He did know; but His challenge comes to each and every soul and each must report for himself. Jesus is out to claim in this age men and women who will be creative centers, quickened by the energy of God, men and women who have lost all fear of being poor or unpopular, and to whom God is nearer and dearer than any one or anything else, men and women who will make their lives the means of spending His light, His power and His love.

Are you among these? If not the call comes: Awake them that sleepeth. "Today if ye shall hear His voice, harden not your hearts".

Market Report Cotton--Stocks--Grain

WEEKLY STOCK REVIEW

New York, March 26—(AP)—Extensive readjustment of speculative accounts imparted widespread irregularity to this week's stock market. Generally prices sold off in the early part of the week and then made irregular recovery with the averages showing little net change. Buying was of a highly selective character, with stocks of investment merits tending upward while a number of specialties, whose earnings prospects are doubtful, crashed to new low levels for the year.

"Melon cutting" rumors accounting for some of the bullish enthusiasm manifested for high priced rails and industrials. The decision of the Lackawanna Railroad directors to create a new securities company for the purpose of distributing about \$92,000,000 treasury assets and the plan to increase the capitalization of the American Brake Shoe and Foundry Company for a stock dividend aroused hopes of similar action by other corporations.

Operations on the long side derived encouragement from the fact that freight car loadings crossed the million mark about two weeks earlier than usual and that spring trade showed further improvement. William C. Durant's announced intention to devote his entire time to the automobile business, coupled with persistent rumors of new automobile mergers also attracted widespread speculative attention.

COTTON NGOODS

New York, March 26—(AP)—The movement of cotton goods into distribution and consuming channels is much larger and more active than a year ago. The gray cloth markets have been quiet following the large buying of the past three months and the passing of the peak of the spring jobbing season. Prices are holding steady due to the large volume of goods on order, the light stocks and the firmer tone in the raw cotton markets following the publication of the following figures than were anticipated.

The wash goods markets are active, with printed fabrics, rayon and cotton and silk mixtures in leading demand. Prompt shipments of these goods is sought and finishing and printing plants are nearly all running some departments with rayon and cotton silk mixtures in leading demand. Prompt shipments of these goods is sought and finishing and printing plants are nearly all running some departments with rayon and cotton silk mixtures in leading demand.

Percales are very well sold ahead. Draperies are more active, chiefly the rayon mixtures. Bleached domestics are quiet, and some widths of wide sheetings have accumulated. Owing to the larger volume of tow-

els now coming on the markets from new mill that are getting into operation, prices have eased somewhat.

Heavy coarse sheetings rule quiet but print cloths, medium weight sheetings and convertibles hold steady. Varn sare quiet and barely steady, but mill shade considerable work in hand. Goods for auto uses are less active but the tire fabrics are moving steadily. Prices current in primary markets are as follows:

Print cloths, 28-inch 64x64s, 5-12 cents; 64x60s, 5 cents; 38-1-2 inch 40x40s, 7-1-2 cents; brown sheetings Southern standards 11 cents; denim 22s 14-1-2 cents; tickings 8 ounce 18 and 19-1-2 cents; prints 5 cents; staple ginghams 9 cents; dress ginghams 12-1-2 cents and 16-1-2 cents.

WEEKLY GRAIN REPORT

Chicago, March 26—(AP)—United States red winter wheat is being accumulated as the cheapest wheat in the world at this time. Some trade authorities expressed belief today that such cheapness, due large degree to unexcelled conditions prevailing for new crop domestic wheat, is mainly responsible for rallying the wheat market as a whole about 3 cents from recent declines of almost 11 cents a bushel.

Compared with a week ago wheat this morning despite rallies in the last two days was 1-3-4 to 2-1-4 cents down with corn futures 2-5-8 to 3-1-4 cents off, oats showing 7-8 cent drop but provisions 5 to 12 cents up.

COTTON

New York, March 26—(AP)—The cotton market was very quiet today, but ruled generally steady in a little trade buying and weeks and covering, probably promoted by slightly steady Liverpool cables and a less favorable view of the nearer outlook. July sold up to 14.34 5-8 closed at 14.31. The general market closing steady at a net advance of 2 to 3 points.

Futures closed steady 2 to 3 points higher. Spots quiet. Middling 14.40.

STOCK MARKET

New York, March 26—(AP)—Considerable week-end readjustment of speculative accounts imparted irregularity to the price movements in today's brief session of the stock market but the main trend continued upward. Buying centered largely in issues of companies whose current earnings are large, or in which special developments of some kind are pending. The closing was irregular. Total sales approximated 72,000 shares.

GRAIN

Chicago, March 26—(AP)—Uncertainty regarding the Chinese situation, together with enlarged export demand for North American shipments, gave a decided upward tilt today to wheat. Besides, Liverpool wheat quotations were much higher than due.

Wheat closed firm, 5-8 cents to 1 cent higher; corn 1-8 to 3-8 cents down, oats at a shade to 1-4 cents advance, and provisions unchanged to 7 cents decline.

Says Possibilities Textile Industry Very Promising

State College, Raleigh, N. C., March 26—(AP)—Never before in the history of America have more opportunities been offered to young men of the south than are available today for any who desire to enter the textile industry. Thomas Nelson dean of Textile, North Carolina State College, said at the conclusion of the three day textile conference today.

"North Carolina," he said, has more knitting mills than any other state in the south.

For 18 years national association of cotton manufacturers awarded the student's medal of the textile school here.

Out-standing features in regards to the textile industry in North Carolina were cited.

The largest towel manufacturing company in the world.

The largest denim mill in America.

One of the largest underwear mills in America.

North Carolina leads America in cotton consumption.

North Carolina leads the South in the knitting industry.

North Carolina leads the South in the number of spindles.

North Carolina embraces more mill shut dye and finish than any other Southern State.

The textile building here is being enlarged and remodelled and additional machinery being installed which will make it Dean Nelson of the school said, one of the best equipped schools in America for instruction in cotton manufacturing.

Textile graduates of State College, he added, were filling important positions today such as cotton mill owners, presidents, managers, superintendents, and overseers.

Prominent cotton men from all over the country in addresses before the three day conference echoed his remarks.

WOMEN LIVE LONGER THAN MEN SAYS DR. MORGAN

Indianapolis, Ind. —Women live longer than men and are better able to fight disease, according to Dr. Herman G. Morgan, city health officer of Indianapolis.

Health statistics also reveal that married women remain in this world longer than the bachelor girls

and it isn't because it seems longer to them, Dr. Morgan said.

Then Dr. Morgan proceeded to prove by figures during the month of January his contention. These statistics reveal that the average age of death for women during that month was 57.5 years.

"suppose this 'back to nativity' argument is right, said Dr. Morgan, "if a man came out into the winter

rather extremes but with stockings he would be in bed with pneumonia the next day. But the records indicate that the women can get by with it. There seems to be but one closing to draw from the facts—man is now, the weaker sex.

Nearly 57,000 persons are employed in the printing industry in New York.

Daily News Letter

Journal of Staff Correspondents at World Centers of Population.

Stockholm, March 26.—(INS)—Preparations have been under way here for some time for a visit to the United States of young people from Sweden and most likely the trip will be made in the months of August and September of this year. The plans are rather ambitious, aiming to send one hundred folk dancers and players across the ocean, accompanied by a select chorus with several soloists of the highest order. The enterprise has been named "the American trip of Swedish youth" and it is intended to visit all the prominent places where there are many Americans of Swedish descent. An artistic and very handsomely executed address will be presented to the Swedish-Americans, printed in several colors and furnished with a lyrical dedication written by the famous authoress Selma Lagerlof.

In order to finance the trip the newspapers publish an appeal for contributions and the appeal has been signed by no less than one thousand names of which many are of the best-known in the country. The committee of arrangement has inaugurated a far-reaching campaign of propaganda, and the special press organ of the undertaking which is being published already predicts as the chief result of the trip closer ties of friendship and understanding between Swedes and Swedish-Americans and between the United States and the kingdom of Sweden.

To have fresh vegetables in northern Europe in the middle of winter sounds like a fairy-tale, but is nevertheless a tangible reality. Electric heating is in vogue all over this country at present and the latest fad is to produce vegetables by applying electricity instead of the rays of the sun. Experiments have been carried on for the last few years and splendid results have finally been attained. Vast areas of kitchen garden land have been "electrified" and the other day 80,000 lettuce plants were placed in hot-beds in the open, while the snow still covered the ground and which are to be heated through the artificial method. One of the great advantages of this method is that vegetables which previously needed hothouses may not be spread all over the ground and thrive just the same. The lettuce will be ready for sale towards the end of March and next year the leader of the experiments promises to furnish fresh lettuce in the month of December. Attempts to produce melons and cucumbers in the same way will follow and the new method has even acquired enthusiastic supporters in the province of Norrland in the northern part of the country where experiments are under way.

Unskilled laborers who build fully equipped country houses in the course of three weeks are drawing considerable attention all over Sweden. During a new method, the so-called Sesam-method, all the various parts and divisions of the house even the heating plant are machine-made and simply put together on the lot, which saves time and money alike. The workmen putting the building parts together are young office boys who can find no employment in their own field and who moreover much prefer the fine exercise and fresh air which the new work provides. A two-story cottage consisting of three rooms, kitchen and bath costs merely 14,000 kroner or about \$3,200.

six cities, with six killed and two shot. In America, fortunately, the Chinese are considerate and usually shoot only Chinese.

Segrave, British, beat the world's automobile record yesterday, flying over the sands of Daytona Beach in Florida, at a speed greater than 166 miles an hour. His racing car, the "Mystery S," looking like a submarine on land broke the American record by ten miles an hour. It's an achievement interesting, but no useful, no automobile can go USEFULLY 166 miles an hour, or 10 miles an hour.

Up in the air, where the road is wide, is the place for real speed.

The United States War Department has sold 3,000 rifles, 200 machine guns, 3,000,000 rounds of ammunition to Nicaragua, and gets \$217,718 in notes, bearing 6 per cent interest, a satisfactory financial arrangement. But suppose some of the 3,000,000 rounds of ammunition accidentally kill women and children, as happens sometimes in South American and other quarrels. How will Uncle Sam feel about that? Couldn't we let our neighbors do their own killing and find the means of doing it?

Three women have been executed in New York State. Roxalana Bruce, who killed her husband, hanged in 1887. The second, Mrs. Martha Place, smothered her step child to death. Theodore Roosevelt, then Governor, refused to interfere. In 1908, Mrs. Mary D. Farmer was electrocuted. Govern-

nor Hughes refused a commutation.

Now New York may have to decide about executing Mrs. Ruth Snyder, young, blond, curly-haired widow, aged 32, who recently confessed she helped another man to murder her husband.

She says she now loathes the man that did the killing. He seems to have borrowed a suggestion from his original ancestor, Adam. Friends say he was hypnotized by the woman whose husband he killed.

If human nature, public opinion and the course of events work as usual, the man will be executed and the woman sentenced to life imprisonment. There seems to be a psychological objection to strapping women in the electric chair.

A blind soldier, asking the Prince of Wales for a "tip" on the grand national steeplechase, to be run today, was told to bet on a horse called "Thrown In," at 100 to 1 against that horse. The blind soldier knows, perhaps, by the time you read this, that his bet was a loss.

But he had an exciting time for awhile thinking of it. And an exciting time, thinking, is about all human beings get out of life.

Another young student, aged nineteen, Delbert James, of Detroit, kills himself, leaving this message: "I really don't see the use of hanging around."

Lack of mental interest accounts for many suicides. Nearly forty years ago, an evening newspaper discussed the question, "Is suicide a sin?" And while the discussion lasted, suicides diminished. That discussion supplied would-be suicides with something worth thinking about. So they waited.
