AMERICANS AGAIN RETURN FIRE CHINESE

More Than 500 Coal Miners Entombed By Explosion

FORCE OF BLAST LEAVES LITTLE HOPE THAT MEN WILL BE REMOVED ALIVE

Number of Surface Workers Also Killed by Explosion That Wrecked Pennsylvania Mine

South Fork, Pa., March 30.—(AP)—Between 350 and 600 miners were entombed and a number of workmen on the surface were killed this afternoon when a terrific explosion spread death and destruction through Mine No. 3 of the Pennsylvania Coal and Coke Corporation at Ehrenfeld, near here.

Pittsburgh, March 30.—(AP)—More than 500 men were entombed by a terrific explosion in the Ehrenfeld mine of the Pennsylvania Coal and Coke Corporation this afternoon, according to reports received here. The mouth of the mine was wrecked by the blast, it was said.

A U. S. Bureau of Mines rescue car, stationed at Derry, near Ehrenfeld, has been ordered to the scene.

All efforts to get into direct contact with the mine failed. It is believed that between 350 and 400 men had been trapped by the blast.

The explosion was of such force that it blew down a two-story brick office building about 200 feet from the entry. Some office employees were injured.

Volunteer rescue crews were organized quickly. They were equipped with helmets, were rushed to Ehrenfeld by automobile, within a short time they were attacking the mine mouth blockade in an effort to get into the mine.

Harrisburg, Ills., March 30.—Eight miners were reported to have been killed in a gas explosion today in the Saline county coal corporation's mine number 2 at Ledford, five miles south of here.

The entry men behind the car and believed to have been killed are Joe Toth, William Filber, George Lynch, George Ambrock and Bill Reynolds, all of Ledford.

Mrs. Clark's Home Damaged by Fire

The home of Mrs. Ollie Clark, on Greene street, was badly damaged by fire yesterday afternoon. The fire started from defective wiring to an electric stove in the kitchen, and had made considerable headway under the roof by the time the fire department arrived.

Henry Ford Hurt In Auto Wreck

Greenville, March 30.—(AP)—Henry Ford is in the Henry Ford Hospital for treatment for injuries received in an automobile accident Sunday and has undergone a minor operation, it became known today.

Midnight Tomorrow Will Usher In Big Coal Strike

Chicago, March 30.—(AP)—Midnight tomorrow will usher in a strike in Illinois coal fields predicted to be 100 per cent effective unless miners make a proposal acceptable operators in the interim.

NEGRO KILLED BY AUTOMOBILE

Church Perkins Exonerated Following Investigation by Coroner's Jury

Rome Carr, Greenville colored man, died from injuries sustained last night when struck by an automobile on Highway No. 91, three miles from Greenville.

Church Perkins, driver of the car, immediately informed Sheriff Whitehurst of the accident. He was later exonerated following an investigation conducted by E. S. Williams, county coroner.

The accident occurred at a filling station located at a sharp curve on the road. Carr was sitting on the pavement by the side of the car which he had been driving, patching a tire.

Four Men Shot to Death Last Night in Chicago

Chicago, March 30.—(AP)—Four men were shot to death here last night within an hour, making eleven children fatherless.

A fourth man, Frank Palumbo, was shot and killed in his automobile by unidentified assailants. He is not related to John Palumbo, police said.

Clemente lost his job and went gunning for his employer. He found him sitting at his evening supper, listening to the prayers of his four children.

Police found Clemente entrenched behind a push car in the yard of a relative. Clemente fired a volley, missed and ran for a shed. Two volleys from police guns struck him. He was dead when police found him inside the shed.

SHUFF ELECTED PRESIDENT OF COUNTRY CLUB

Election of Officers, Barbecue and Tournament Feature Annual Session

Election of officers, reports of progress of the club, a barbecue and golf tournament, were the outstanding features of the annual meeting of the Greenville Country Club yesterday afternoon.

C. W. Shuff was elected president, succeeding H. A. White. W. W. Lee was elected vice-president.

The terms of three members of the board of directors had expired and the following were elected to succeed them: M. K. Blount, succeeding Dr. L. C. Skinner; H. A. White, succeeding W. H. Dail; J. S. Ficklen succeeded himself.

A large number of members attended the meeting and watched with more than usual interest the golf tournament, the concluding attraction of the afternoon.

YOUNG WOMAN IS INJURED IN WRECK

Miss Virginia Boyd received a broken collar bone when the automobile in which she was riding with James Little crashed into the automobile of Coroner E. S. Williams last night, while the latter was conducting an investigation into a wreck on Highway 91, three miles from Greenville.

The wreck occurred at a filling station on a sharp curve in the road. Mr. Williams was endeavoring to re-enact a scene of the former wreck in which Rome Carr, Greenville negro, sustained injuries from which he died a short time later.

The coroner's car was parked in the position of that occupied by the dead negro, Church Perkins, who drove the death car, had driven around the bend at the coroner's request to show the impossibility of seeing anyone on the road at that particular spot.

It was not thought at the time that anyone was injured, but examination of Miss Boyd's neck following return to the city revealed the broken collar bone. Both cars were damaged, but not badly.

Revenue Department Gets \$20,000 Worth of "Goat Feed"

Raleigh, N. C., March 30.—(AP) The State Revenue Department holds about \$20,000 in worthless checks, including one for \$3,000, given by a corporation.

Commissioner R. A. Doughton said that most of the trouble is experienced with pollars and purchasers of automobile licenses. It is by no means, he said, infrequent for checks for taxes amounting to hundreds or even thousand dollars to be returned, marked "insufficient funds."

The last Legislature placed a penalty of 10 per cent upon all worthless checks given the department under any circumstances. It has been necessary for the department to employ two additional clerks to look after worthless checks.

They Curse Us, Too Bad. Study Wise Japan. That Fidgety Bull. They Get Rich, Build, Die. (By Arthur Brisbane)

Russia is very interested about American and British activity in China. Pravda, one of the largest Communist and anti-capitalist newspapers, says, "Your civilized herd had better know that ten million organized Soviet proletarians curse you and demand hands off China."

Real Russians, in centuries past have seen their villages invaded, cattle killed, women carried away by hordes of invading Mongolians. Russians do not like men with slanting eyes. They are infinitely more anti-Mongolian than anybody in this country. They know what Mongolia DOES on a march westward.

Let the United States study Japan and learn something in the way of common sense. In the big war Japan stayed out, didn't send men or money, only a few military observers to learn what might be learned. Everybody in Europe is friendly to Japan. Everybody there hates us.

Now the Japanese Foreign Office says it isn't going to send troops to China. But it will at once open negotiations requesting profound apologies and CASH REPARATIONS for damage done (Continued on page eight)

SUPERIOR COURT ORDERS MISTRIAL IN PERKINS SUIT

Case of May vs. Mills Holds Limelight in Official Circles Today

Following failure of the jury to agree, Judge Crammer last night ordered mistrial in the case of J. E. Perkins against Guy Evans, in which the plaintiff was suing for payment of \$222.00 for building material which he claimed the defendant had purchased from him.

The case was given to the jury yesterday afternoon shortly after noon adjournment. After deliberating until about eight o'clock without reaching a decision, Judge Crammer dismissed them.

Court yesterday afternoon began hearing the case of W. F. May vs. Snodgrass Mills. The plaintiff is suing for \$10,000 as damage for personal injuries received when run down by an automobile on the Cox's Mill road.

Argument in the case was completed shortly before the noon hour today. It is expected a decision will be returned sometime during the afternoon.

THREE CHILDREN PERISH IN FIRE NEAR OXFORD, N. C.

Oxford, N. C., March 30.—(AP) Three children of John R. Daniel, prominent Granville County farmer, perished today in a fire which destroyed the Daniels home near here.

Mr. and Mrs. Daniel were awakened by the screams of the children who were upstairs and found the house in flames. They fled into the front yard with four other children just in time to escape the collapse of the roof.

The dead are Bonnie Daniel, aged 24; Callie Daniel, 22; and Carrie Daniel, 9. Funeral services were held Wednesday afternoon. All three of the victims were buried in the same coffin.

MR. VON EBERSTEIN TO BE BURIED IN BEAUFORT COUNTY

Funeral Services to be Held From Trinity Church Near Chocowinity Today

Funeral services for Mr. F. H. Von Eberstein, 68, who died suddenly yesterday of heart failure, will be conducted from Trinity Church near Chocowinity, this afternoon at three o'clock by Rev. James E. W. Cook, pastor of St. Paul's Episcopal Church of Greenville, and Rev. Stephen Gardner, pastor of the Episcopal Church of Washington. Interment will take place in the Trinity Cemetery, a short distance from the church.

Mr. Von Eberstein, prominent tobaccoist and planter, dropped dead yesterday afternoon at three o'clock, followed his return from an automobile trip to Wilmington, where he had been visiting a daughter. His death came as a distinct shock to hundreds of friends in this and other sections of the State.

The deceased was born and reared at Chocowinity, Beaufort County. He was the son of William H. Von Eberstein and Annis Harding Von Eberstein, being born December 11, 1858. He lived on the plantation granted from the Crown to his ancestors prior to the Revolutionary War.

He was married May 1st, 1879, to Miss Sarah P. Brown. He always took an active part in matters of public interest affecting his community and State and held many positions of trust in Beaufort County. He was for several years a member of the board of county commissioners of this county.

Mr. Von Eberstein came to Greenville several years ago. While interested in the tobacco market here, he still retained active interest in the management of his farm in Beaufort County, and was a large tobacco producer.

He is survived by his wife and one son, Mr. W. H. Von Eberstein, of Washington, two daughters, Mrs. W. A. Peschan, of Wilmington, and Miss Mahel Von Eberstein.

The pallbearers will be: Active: Dr. P. A. Nicholson, J. E. Turnage, G. C. Harding, of Washington; F. V. Johnston, W. L. Rice, B. B. Sugg, W. I. Skinner and W. D. Pruitt.

Honorary: Dr. D. T. Taylor, Sr., Dr. S. T. Nicholson, W. D. Grimes, A. M. Dumay, Jess B. Ross, of Washington; Z. V. Murphy, W. H. Woolard, H. B. Harris, J. S. Higgs, S. J. Everett, W. O. Bilbro, L. R. Meadows, W. H. Norris, C. C. Pierce.

SUPREME COURT REVERSES DECISION IN BRILEY CASE

Raleigh, N. C., March 30.—(AP) The Supreme Court handed down its opinion today. The Veterans' loan test case was not in the lot.

Included in the decision was one Pitt County case, that of State and Briley vs. Koenig. Decision in lower court reversed.

Declars Both Parties Will Endorse 18th Amendment

Utica, N. Y., March 30.—(AP)—The 18th amendment and its enforcement will be endorsed next year by both big parties and their standard bearers will be President Coolidge and Governor Smith of New York, in the opinion of Senator William E. Borah of Idaho, Republican.

"I'll venture that the Republican party in national convention declares for the eighteenth amendment and its enforcement," the chairman of the Senate foreign relations committee said in an address before the Utica Republican Club last night.

"I'll require that if Governor Smith is nominated for President he'll declare for the 18th amendment and its enforcement and not only that but will make the people believe in it.

"This is not speaking in disrespect of Governor Smith, but in eulogy of his great abilities. From the time he leaves Manhattan Island and crosses over into the United States, he'll be for the 18th amendment and its enforcement."

In an address at Syracuse University earlier in the day, Senator Borah predicted Coolidge and Smith would be opposing candidates. "Do you think President Coolidge will run again?" the Senator was asked from the audience.

"I think he is entitled to the nomination and can have it if he wants it," he replied. "He would be a strong candidate."

"What do you think of Al Smith's chances for the Democratic nomination?" "You've Governor seems to be the accepted candidate at the present time. I feel quite sure he will receive the nomination, as he seems to have everything his own way right now."

In his Utica address the Senator advocated friendly relations with all nations, arbitration of the Mexican question and recognition of

Outbreaks Similiar to Nanking Expected Momentarily at Wu-hu; Japan Issues Ultimatum to Cantonese

Japan's naval commander at Shanghai served notice on the Cantonese today (Wednesday) that further aggressions against Japanese subjects or vessels will not be tolerated.

The British foreign secretary told the House of Commons that the powers whose "flags were outraged" at Nanking were considering what steps to take. The Peking diplomatic corps is deliberating on prospective measures.

Chang Tso-Lin, Manchurian military leader, has sounded foreign officials as to the possibility of foreign support against the spread of Bolshevism in China.

Refugees continues to pour into Shanghai. The majority of American missionaries in Cantonese controlled territory are on their way out, but about 100 have elected to remain.

A disturbing situation is again developing at Hankow, seat of the Cantonese regime, and scene of anti-foreign rioting in January.

Communism is reported to have gained the upper hand over the Moderates, headed by foreign minister Chen. Rowdy elements are running wild; an American and a British newspaper have been suppressed and the remaining Britishers are prepared for immediate evacuation.

Agitation continues in Shanghai. Another general strike has been decided upon by the labor union. Barbed wire defenses are going up between the French concession and the international settlement. More British troops are en route to Shanghai from Hankow. Authority's quarters in London hear that the situation in the upper Yangtze valley is such that it may get out of hand at any moment, endangering the lives of foreigners.

Indications also are seen of possible trouble at Tientsin, far to the north of the zone affected to date. The powers have about 5,000 men at or near that city, which was the base for the allied expedition to Peking in the Boxer rebellion.

The British colony in Hong Kong and the leased territories on the mainland are to be fully protected, the British authorities announce. There is no intention of surrendering the colony to the Chinese.

Shanghai, March 30.—(AP)—Another American warship on the Yangtze river has found it necessary to let loose its guns.

Washington, March 30.—(AP)—After listening to two hours of argument Chief Hitz today took under advisement until tomorrow the motion of Harry F. Sinclair, wealthy oil operator, to set aside the verdict of a jury in the District of Columbia Supreme Court finding him guilty of contempt of the Senator, who is at liberty on bail.

Removal of Americans from the Yangtze river has been continued today to the accompaniment of the firing of shots from the shore at destroyers and other ships of refuges.

West Victorious In Basketball

Chicago, March 29. (AP)—The East-West struggles which dot the opening rounds of the National Interscholastic Basketball Tournament here were decided in favor of the Westerners in the opening rounds of competition at the University of Chicago. All but one southern squad in the first day play of 13 hours yesterday were down to defeat, the Vienna, Va. team standing out in its sole victory for the south as a foe to be reckoned with in the later round.

Alpine, Tenn., lost to Lincoln, Neb., 71 to 9.

One of the Southern team Greenville, S. C., was eliminated by Haron, S. D., after an overtime battle.

North Carolina's entry, Durham High, went down before Beacott Idaho 26 to 24 in one of last night's contests. Durham gave the Western team a tough contest throughout a game that thrilled the spectators.

Today's fourteen hours of basketball will reduce the field to sixteen teams, which will start the third round at noon Thursday at the quarter finals. Friday afternoon, semi-finals and finals will be played Saturday.

YANKS SEND CHANTS ROUND FOR NEW YORK

New York, March 30. (AP)—Yankees will end the Yankee Giants and Brooklyn squads ban on their respective home grounds on routes that will allow for the maximum contests and the way.

The Yankees, leaving Her's Park behind at St. Petersburg, worked out a sore southpaw with Catcher Benny Bezough, will train for Palm Beach to take on the Cincinnati Reds before resuming the spring "world series" with the St. Louis Cardinals. George Davis, outfielder, has been released to the leading club in the International League.

Brooklyn, preparing for departure from Clearwater, sent Ed Street back and Ray Gordinier, pitcher, and outfielder Ernie Neitzke to Jersey City.

The Giants lost the final match of St. Augustine to the Cleveland Indians, 7 to 4, yesterday. Bob Marquard was credited with the loss.

RED SOX PRESIDENT SAYS HE HAS WINNING BALL CLUB THIS YEAR

Boston, March 30. (AP)—Bob Quinn, president of the Red Sox is convinced he has a winning team. "I never saw such spirit among major league ball players as I saw today. I left them only forty days ago at New Orleans and I am still bursting up with the excitement of a first night."

While their boss was eulogizing the boys were lying up to his expectations by winding up their training season with a 4-2 win over the New Orleans Pelicans.

TIGER RECRUIT PLAYED BRILLIANT PART WITH BEAUMONT, TEXAS CLUB

Detroit, March 30. (AP)—Berbe Devivore, Detroit Tiger recruit infielder from Beaumont of the Texas League, played a leading part last year in setting up a new minor league record for double plays. The combination of Devivore, Regan, Conolly and Calloway secured a total of 208 double plays, exceeding the previous record of 193 set by Milwaukee. The major league record is 182, held by Washington.

Devivore, who played shortstop or beamont will be used as an adequate to Yastenev, regular 11 or shortstop, and as a utility infielder, according to Manager Murray's present plans.

ROUND TABLE CLUB MEETS

Mrs. Jesse Moye was hostess on Tuesday afternoon to the members of the Round Table Club.

Other guests besides the club

members enjoying the hospitality of Mrs. Moye were, Mrs. Ramsey, Miss Ramsey, and Mrs. Dick Brown, of Schenectady, N. Y. The home was attractively decorated with spring flowers.

During the business session, the members discussed the topics for study for the coming year. The club has purchased its full quota of twenty books, "History of the North Carolina Federation of Women's Clubs," by Mrs. Sallie Southall Cotten, and these were distributed at this meeting.

The program for the afternoon consisted of a splendid paper on the subject "The Story of Photography," Mrs. W. B. Tilghman led us into the intricacies of photography. It is said that no single individual can claim to have discovered the essential principle of photography. All, however, are agreed that photography as a practical art, dates from the daguerreotype. Modern photography is of American birth and its development dates from the invention of the kodak by Mr. Geo. Eastman, 37 years ago.

Snapsots was the next subject on the program, which each member was privileged to interpret as she saw fit. Mrs. Herring's interpretation was quite the most humorous. She pictured the club celebrating the twentieth anniversary of its birth in five more years. Quite a few changes are to take place in the meantime. At this time, she predicts that the club will compose and give its own drama.

At the conclusion of the program, the hosts, assisted by her daughters, Miss Jessie Moye, and George Bradley, served a delicious ice course.

Barthelmess Makes New Film on Coast After Long Absence

"Ransom's Folly," which comes to White's Theatre on Thursday, one day in the first picture Dick Barthelmess has made on the coast since over seven years.

"Ransom's Folly" was filmed at the Marshall Nolan Studio under the direction of Sidney Olcott. Colonel George L. Byron, a retired U. S. Army expert, superintending the costume and military detail.

In this picture Dick plays the role of "Lieutenant Ransom," which was made famous in the stage by Robert Henson. This is the second Edison stage play Dick has selected for the screen, the other one being "Kassanova."

"Ransom's Folly" is an adaptation of the famous story by Richard Harding Davis. It takes Barthelmess back to the time of the Indian wars. He plays the role of Lieutenant Ransom, an adventurous soldier who enrolls himself in military discipline in account of the desolated soldier.

Others in the cast are Anders Randall, Pat Harrigan, William Norton Bailey, Brooks Bonfield, Colonel C. C. Smith, Pauline Neff and Bill Bennett.

More than fifty full-blooded American Indians have parts in "Ransom's Folly" among them, Chief Eagle Wing and Chief Big Tree.

RETURNS FROM TRIP TO STUDEBAKER PLANT

B. S. Sumrell, vice-president of the Sumrell Motor Car Co., has returned from a trip to the Studebaker automobile factory at South Bend, Ind. Twelve other representatives of the Studebaker organization in this part of the State also made the trip.

Mr. Sumrell stated today that he enjoyed going through the large automobile factory. He had the pleasure of going over the \$1,000,000 profit ground, where the Studebaker people test their cars with competitive organizations. Mr. Sumrell said the \$1,000,000 daily factory was one of the "ten wonders of the world" to automobile men and that he looked until his eyes grew tired from too much

BANK ROBBED

Robbers, our new pastor, began the teaching of the Plan of Salvation and he is a fine teacher.

He is from Hollis, Miss., and has visited the Bible land. He is a fine lecturer, as well as preacher. He plans to show us pictures and lecture on what he saw there real soon. I am sure it will be very interesting.

Our officers, S. M. Martin and Jones went out and captured a whiskey still one day last week. They found it on the W. A. Taylor farm, came near enough on the man to see him, grab his jug and run. Martin and Jones are good officers, who never shirk duty.

Potatoes are coming up in some places, but lots of potatoes planted before the big snow rotted in the ground. I think most of those that rotted were planted again. Our farmers are very busy now, as this is good farming season. Cabbages, plants are fine and plentiful, several new barns are going up around here.

Major Segrave is welcome to the honor of breaking the world's speed record. Better than 200 miles per hour is all right for those who like it, but "No, Thanks," we don't care to ride.

Senator J. M. Broughton is credited with the statement that the Australian Ballot will become a law in North Carolina just as soon as the politicians are willing to trust the people of the state to make their own choices in elections. In his statement the Senator said plenty. Under our present system the elections in North Carolina express the wishes of the politicians. It is high time that public sentiment demanded that election reforms in North Carolina be put into effect.

NOT OUR FIGHT

War talk, Nicaragua, Mexico and now China and what is behind it all? The answer is one word, "Dollars." It is fitting and proper that the American government should extend every effort to protect American citizens in China until they can reach the safety of the warships, but beyond that the American government has no business with its fingers in the Chinese affairs. The protection by American forces should also depend upon the honest effort on the part of Americans in China to leave the country as speedily as possible. Months ago the American Government advised its nations to prepare to leave the country but apparently many have not chosen to heed this advice but when trouble arrives they are ready enough to call for American protection.

American interests in China beyond the getting out of American nationals is nothing to compare with the cost of a war with China, nor has this country any reason for a scrap with that eastern country. The best plan to be followed by the American government is to get the Americans aboard the battleships as speedily as possible and bring them back to this country leaving to their own destiny any who feel that their interests in China are too great to be given up.

In getting mixed up in the Chinese affairs we have everything to lose and nothing to gain. Get the Americans out and leave China alone is our advice, and we believe we voice the sentiment of the majority of the American people.

OUTLAW THE OTHER FELLOW

A man who spent several years of his life working for the Federal Government, a good portion of that time with prohibition enforce-

—and the Worst is Yet to Come

ment, relates this experience?

"I was sent into another state for the purpose of making observations for the Enforcement Department. I spent the first day in watching the court in session. A number of men indicted for bootlegging were tried, found guilty and given a sentence by the judge. In the evening I was invited into the home of one of the officers of the court for dinner; the judge was a guest, and I noticed that as we sat down to dinner at each place was a mintjulep which the judge apparently enjoyed very much."

Some months ago a judge of the Superior Court in our own State was relating how it came under his personal observation that those who were associated with him in the enforcement of the laws were to a man violating every traffic law known to man. It seems to be a fact that much of our whole enforcement activities are built upon the assumption that the law is made for the other fellow to obey—as for us; altogether another story. —Salisbury Post.

ger of another crushing surplus. There were many suggestions made as how best to effect this reduction, and crop diversification was hailed as the savior of the farmer.

Many communities pledged themselves to crop diversification, in other words reducing the cotton acreage a certain percentage and utilizing the soil for the raising of other necessary crops.

It was believed that the cotton himself, sensing the critical state affairs would show enough "business sense" to make an effort to reduce acreage, thereby boosting the returns on the 1927 crop, eliminating any surplus for the following year, and thus place himself in a reasonably strong economic position.

The belief seems general over the cotton section, it would appear that there will be a big increase in cotton acreage throughout the year, hence the farmers' anxiety, there will be a big advance.

Farmers in some localities may have done so. West Texas Chamber of Commerce officials declare, but they are inclined to believe that man's capacity will again give the cotton farmer a lesson he is not likely to forget.

Reports show that normal cotton planting is proceeding now. Reliable advices from some sections show that an increase in cotton acreage will be chalked up before the planting season is over.

The belief seems general over the cotton section, it would appear that there will be a big increase in cotton acreage throughout the year. Hence, the farmers' anxiety, there will be a big advance in cotton prices, and by slipping in a few extra acres the country growers will reap a harvest.

Charges have been made that in some sections meetings have been held in which prominent local agricultural leaders advised their neighbors to "talk a lot about cotton acreage reduction," but to "let George do the reducing." These local authorities on the cotton problem are said to have advised planting 10 acres or more cotton than in previous years, and then reap the harvest.

It seems to be a case of sow now, chamber officials declare, but when

No 1927 Drop In Acreage of Texas Cotton

San Antonio, Texas.—Reports coming to the headquarters of the West Texas Chamber of Commerce would indicate that man's capacity is hard to overcome. According to figures compiled by that regional organization, it would appear that there will be no lessening of the acreage planted to cotton this year, in the territory served by the chamber.

After the disastrous slump in cotton prices last fall, the general belief was that the cotton growers of the south would voluntarily curtail their acreage anywhere from 10 to 25 percent and minimize the dan-

WILL INVESTIGATE CHARGES MISTREATMENT OF ASYLUM INMATES

Raleigh, N. C., March 30.—(AP) Attorney General Dennis Brumfield announces his will conduct an investigation here April 6, of charges of mistreatment of inmates at the State Hospital for the Insane Morganton.

Charges that R. H. Williams, of Beaufort County, was mistreated while at the institution were made by Representative of Beaufort, during the last Legislature. Hospital authorities have been notified to attend the hearing.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mangles the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of Wyeth's Sage and Sulphur Compound, for only 75 cents. This is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Ad.

Daily News Letter

Consul of Staff Correspondents at World Centers of Population.

Moscow, March 30.—(INS)—Russian women won "emancipation" through the revolution, but the revolution and its attendant wars cost about 5,000,000 Russian women the chance to marry. Returns from the late census throughout the Soviet Union show that in regions comprising about three-quarters of the entire country there are more than 5,000,000 more women than men.

In all there have been registered so far a total of 119,800,838 men and women. Of this number 61,420,949 are women and 58,379,889 are men. This figure of 5,403,775 more women than men will doubtless be augmented in the complete returns, but even so it is much less than had been expected. From a social point of view the excess of women over men has constituted one of the most serious Russian problems since the revolution. It is regarded as one of the immediate and most important causes of the lax morality which constitutes a salient feature of Soviet society.

Full reports on the population of Leningrad show that it has 1,611,000 inhabitants, of whom 783,553 or 49 per cent are men and 827,447 or 51 per cent are women. This is an increase of population during the last three years of 549,000, and indicates a surprising revival of the one-time capital which during the worst days of military communism sank to an estimated population of 400,000. Its pre-war population was 2,075,000. Incomplete returns indicate that Moscow, which had a pre-war population of 1,900,000, now has more than 2,000,000. In other words, the shifting of the capital to Moscow has virtually exchanged the size of the two cities, each being now about the size the other used to be.

The new marriage law passed by the last Soviet Central Executive Committee contained a clause raising the age limit for girls permitted to marry from 16 to 18 years. The day it went into effect witnessed extraordinary scenes throughout the Soviet Union. Every marriage registration bureau in the large cities was besieged with hundreds, sometimes thousands of girls between the ages of 16 and 18 years, applying for marriage licenses. Until midnight of the day the new law went into effect girls of 16 and 17 years could marry legally. After midnight they could not marry for two years.

In their hurry to obtain legal recognition of their union the young women in many cases became panic-stricken. At the Moscow marriage bureau militia had to intervene to keep the crowds of girls in order. Several of the more lenient clerks shoved the clock hands back on the fatal night and worked until morning passing out marriage licenses.

Offers Cash Prizes For Best Essays on Progress of Negro

Atlanta, Ga., March 30.—The Commission on Interracial Cooperation, with headquarters in Atlanta, has announced the offer of three cash prizes of \$50, \$30 and \$20, for the best papers by high school students on "Negro Progress Since the Civil War." According to the announcement, the papers submitted must not exceed one thousand words in length and each must bear name, address, school, and grade of the student submitting it. The contest closes May 1, and all papers must be handed in or postmarked not later than that date. The commission has prepared a pamphlet embodying suggestions and data, which will be sent on request to teachers and students interested. In announcing the competition the commission says:

"Ambassador James Bryce has said that in an equal length of time no other group ever made so great progress as the Negroes of America have made since the Civil War. The record is highly creditable to both races, and should be to both a source of pride and of mutual appreciation and good will. The commission's purpose in offering these prizes is to encourage the study of this subject by high school boys and girls of both races. To this end, the cooperation of principals and teachers of high schools and leaders of high school groups is earnestly requested, in the effort to enlist as many young people as possible."

Dr. A. M. Schultz, chairman of the indoor circus stated today that there would be a very important meeting tonight at 7:30 at the circus headquarters, No. 5 Munford block, of all committees of the big show. It is earnestly hoped that every member of these committees will be in attendance as all final plans of the big event will be formulated and a large attendance is requested.

In the Wake of a Tornado

Green Forest, Ark. was in the path of the tornado which swept the Ozark region Friday night and the bus district was left in ruins by the storm. Top—Workers searching the ruins of what once was Green Forest's two-story brick schoolhouse. Lower—National guardsmen, stationed in Green Forest to prevent vandalism, assist workers in clearing the business section of debris.

Consul said, and precautions were being taken for their protection. Admiral Williams also reported the looting of the American Catholic mission at Fuchow, Kwangtung province. It is believed his message referred to the same incident as was recorded in State Department advices Monday which said a mission had been looted at Fuchow. The occupants escaped.

The evacuation of Yangtze points was said by Admiral Williams to be proceeding "satisfactorily" but he spoke of 47 Americans and British as having left Nanking while stones were thrown at them. Spanish missionaries and one American family, a Dr. Taylor and his wife, and children declined to leave.

Shanghai, March 30.—(AP)—Approximately one hundred American missionaries are refusing to leave their posts in the Yangtze valley, notwithstanding the advice of the American authorities to do so.

The rest of the missionaries are either enroute to or will shortly leave for Shanghai, where the international settlement is affording a haven of refuge from the fury of riotous mobs in the ports and inland towns along the Yangtze river.

The United States destroyer Hulbert called at Nanking today and took off 47 American and British missionaries, who will go to Kiukian gulf await the first merchant steamer. The members of the Spanish mission and Dr. Ernest H. Taylor of the China inland mission, with his wife and family, refused to come out.

The American Chamber of Commerce at Hankow has asked for more protection, but it is understood that official notification was sent that Americans should leave instead of expecting protection.

In response to a consular call for protection, the United States destroyer William B. Preston, has gone to Chefo, in Shantung.

The United States destroyer Pillsbury, is going up the Yangtze river to take on any American missionaries remaining at minor ports.

As the refugees continue to stream into the international settlement here those in command of the foreign defense forces are leaving nothing undone to assure their protection. The barriers separating the settlement from the native city are constantly inspected and protected and any signs of encroachment are quickly investigated.

C., to the highest bidder for cash, on Saturday, April 30th, 1927, at 12:00 o'clock noon, the following described piece, parcel or tract of land, lying and being in Pitt county, State of North Carolina, in Pactolus township, more particularly described as follows, to-wit:—

RAIL INITIATORS FROM CEMETERIES

Raleigh, N. C., March 30.—(AP)—City cemeteries are not places for college fraternity initiations, Raleigh police decided today, and sought other scary places to hold ceremonies.

Mistaken for grave robbers by officers, fraternity pledges found in cemeteries were ordered to keep out at night. The freshmen were seeking a certain verse on some tombstone in a Raleigh graveyard to copy and take to their fraternity brothers.

Initiations, however, continued today, with freshmen put to other shaky tasks before being sworn to as full fledged brothers.

PLEADS NOT GUILTY ON KILLING CHARGE

Hickory, N. C., March 30.—(AP)—Joe Pierce, charged with killing Dr. G. H. Gerberding last Sunday night, entered a plea of not guilty when brought before Recorder M. H. Yount in police court this morning. His defense will be that he did not drive his rented car past Lenoir-Rhyne College where Dr. Gerberding was run down and killed by an automobile.

The State called six witnesses when the preliminary hearing began at 10 o'clock. It is believed here that the trial will continue throughout the day. The defense is being represented by W. C. Feinster of Newton, and T. P. Pruitt and Whitener and Whitener of Hickory. City Attorney John W. Allen is representing the State.

GOVERNOR HAS A CLOSE CALL

Wilmington, N. C., March 30.—(AP)—Presence of mind of Hugh Davis, negro driver of the executive's automobile, probably saved Governor McLean from an automobile wreck late yesterday near here. Hit by another car, the Governor's car was forced toward the brink of a 20-foot embankment, unprotected by guard rails. Davis held the car on the road with force, those in the party said, and avoided a possible turnover.

Both cars were moving about 40 miles an hour when they crashed, it was said, on the McLean automobile's right. The unknown driver left after a very short while. His license number was not secured.

ONLY TWO POSITIONS WORRYING BUNN HEARNE

Wilson, March 30.—(AP)—Signatures of two of his regulars to 1927 contracts finds manager Bunn Hearne of the Wilson baseball club with worries of only two holdouts. Clarence Roper, shortstop and Joe Mellano, third baseman, have not come to terms with their boss. Frank Reil, veteran pitcher secured from St. Petersburg, Fla., and Sam "Bucky" Jones, knuckle ball twirler, were in camp today with their signatures on contracts. Apply the "can" to his squad, manager Hearne has released Bob Popo, outfielder and Knuckles, a catcher, who hails from Louisville by semi-pro circles.

FOUNDER OF RURAL DELIVERY IS DEAD

Perry Heath, Noted Editor and Publisher, Dies at Washington Home

Washington, March 30.—(AP)—Perry S. Heath, known as the founder of the rural free delivery and for years prominent as an editor and publisher, died at his home here early today after an illness of more than six weeks.

A picturesque figure in the last quarter of the 19th century as a newspaper man and prolific political writer, Mr. Heath entered the postoffice department in 1897 under McKimley, and with less than \$30,000 authorized by Congress for experimental purposes, he started the first work on one of the greatest advancements in postal distribution in history.

When he resigned three years later as assistant postmaster general the rural delivery service he had established was costing about \$25,000 a year. In 1925 the cost was \$103,000,000. His 1,200 letter carriers roaming the remote farm centers in 1900 have jumped to more than 45,000 at the present time.

Born at Muncie, Ind., August 31, 1857, Heath at the age of 21 established the first daily paper in Muncie, and later gave Aberdeen, S. D., its first daily paper. Later he bought the Salt Lake Tribune and established the Salt Lake Telegram in 1902.

NAME MEMBERS REA ESTATE BOARD

Raleigh, March 30.—(AP)—H. V. Koontz, Greensboro; W. S. Murchison, Raleigh; and Ross Simpson, Salisbury, have been named as members of the recently created real estate commission, by Governor McLean. The commission has power to grant licenses to real estate dealers in the eight counties of Buncombe, Durham, Forsyth, Guilford, Henderson, Lee Rowan and Wake.

Elizabeth City Man Fined for Assault on W. O. Saunders

Elizabeth City, N. C., March 30.—(AP)—Fined a dozen dollars and a thirty day suspended jail sentence were imposed in justice court here today on M. Mass, laboratory technician, upon conviction on charge of assault and battery upon W. O. Saunders, editor of the Elizabeth City Independent and widely known magazine writer.

Mass pleaded guilty to the charges growing out of an altercation with the editor Monday in a downtown drug store, after an alleged dispute over a printing bill. He was not represented by counsel when he faced Justice Sawyer today.

"Suppose he writes me up in his paper, and says something nasty that no man could swallow," Mass demanded of Justice Sawyer after he had heard the judgment.

"The court will take cognizance of anything like that," the justice assured him. Saunders was the first witness. He testified that Mass, after demanding that he remove his glasses, made a grab for them and succeeded in snatching them off. He said they exchanged several blows before bystanders intervened.

Saunders charged that Mass had made repeated threats against him after the altercation. He said he had declared he would beat him with a club and would throw acid in his face.

He said he regarded Mass as a very dangerous man and that, quite frankly, he was afraid of him. Mass did not take the witness stand, but told the court that Saunders had called him a crook in the course of a telephone conversation several days before and that he had "smacked" him for that.

STOCK MARKET

New York, March 30 (AP)—Heavy selling of oils and low priced motor shares, based on unfavorable developments in those industries unsettled today's stock market. While a number of stocks continued to move against the general trend, there was a noticeable slackening of the strong demand for investment shares, many of which established new high records earlier in the week.

The closing was irregular. Total sales approximated 2,100,000 shares.

GOVERNMENT TAKES

HAND IN KIDNAPING OF U. S. CITIZEN
Washington, March 30 (AP)—Ambassador Sheffield at Mexico City was directed today by the State Department to make representations at the foreign office regarding the kidnaping at Guadalajara Sunday, of Edgar M. Wilkins, an American citizen.
Mexican military authorities at Guadalajara have been making efforts to obtain Wilkins' release and capture the bandits, thus far without success, so far as the Washington government knows.

Find Cache of Confederate Arms Near Greensboro

Raleigh N. C., March 30 (AP)—Highway Commission officials today made public the finding of a cache of Confederate muskets and ammunition found by them seven feet below the bottom of Deep River between Hig Point and Greensboro.
The highway force, while excavating for a bridge, dug up the weapons, which it reported excellently preserved after lying in mud and water for half a century. Five and 1 1/2 inch shells and cannon balls, still packed in shipper's boxes, were found.
Tradition has it that two cartloads of ammunition were shipped from Richmond to North Carolina during the war between the States. The federal forces succeeded in burning a railroad bridge over Deep River before the Confederate train crossed. Southern soldiers threw the supplies into the river to keep the enemy from using them.

Public Sentiment Will Bring About Australian Ballot

Raleigh N. C., March 30 (AP)—The Australian ballot bill will become law whenever those responsible for the election machinery are willing to trust the people of North Carolina to vote as they want to vote. Senator J. M. Broughton, of Wake, reiterated today.
I speaking of other bills in the past Legislature, Senator Broughton said, "Among other things that, without disparagement to representatives who fought for a State-wide tax for support of schools and accepted the larger equitable fund as a compromise that Senator A. E. Writz, of Gaston, had not received proper credit for his share in the fight for the measure."

Congressman Dies Washington Today

Washington March 30 (AP)—Representative Ladislav Lazaro of Louisiana, died here early today.
Death came at 7:30 o'clock at Garfield hospital where he was taken March 9 for an operation. Mrs. Lazaro, three daughters and a son, were at the bedside.
He would have reached his 55th year next June.
A Democrat and a doctor by profession, Mr. Lazaro served continuously in Congress for 14 years and had been elected to the 70th Congress, which convenes in December. He represented the seventh district.

Dutch matrons are expressing concern because Princess Juliana will be eighteen on April 13, yet has no husband in sight. The Dutch insist on being governed by an Orange, Queen Wilhelmina was the only survivor of the line for a time. She married a German prince, not to the delight of her subjects, but when Juliana was born, they were happy. And now all Holland will worry until Juliana weds and bears a successor. Two pictures of Juliana and one of Wilhelmina (lower right), are shown above. Juliana is not of the flapper type, and she strongly resembles her mother, both of which facts please the Dutch.

Why?

Every day shoppers in our big store inquire of clerks why we do this and why we do that and how can we do this and how can we do that, and this personal inquiry is a source of much pride to us. That our thousands of patrons may know the answers to some of the "WHYS," we are devoting this entire ad to the answering of some of the questions we and our employees have been asked.

WHY can we sell cheaper?

Coplon's can sell quality merchandise cheaper than other stores because it has a shrewd group of buyers who are constantly in touch with the markets of the country and are backed by a buying power which enables them to purchase in enormous quantities thereby paying less for merchandise for every department. The saving is passed on to the patrons of the big store.

WHY do we feature the budget plan?

This question could easily be answered by over 1,200 users of this plan. We feature the budget plan not only because it is an asset but it gives many of our patrons who cannot afford to buy a large amount of merchandise and pay for it in a lump sum a chance to stretch the payments over a period of time.

WHY do we rarely change clerks?

Because we employ only those who are willing to become a part in an organization which stands for courtesy and a willingness to help the patron with her or his shopping problems. We pay them living wage and endeavor to make their environments as pleasant as possible.

WHY are our styles newest?

Because far ahead of each approaching season we have representatives in the big style centres who are instructed to purchase only those numbers which will be popular in the metropolitan cities—which in turn means that they will be admired in this section. We do not entrust style selections to foreign representatives but send our own direct from the big store—men and women who know every whim and fancy of the shoppers in this community.

WHY do we do such an enormous mail order business?

Because for over thirty years the name Coplon has been a byword in every home in eastern Carolina. Men and women outside of New Bern know that if they phone or mail us an order, the package will contain the same quality at the same price as it would if they stood at the counter and bought it. Then, too, every order is filled immediately on its arrival at this store and before 24 hours have passed the merchandise is in the home where the order originated.

WHY do we advertise outside of New Bern?

Because we realize that there are many town and cities which have merchants within their confines, who do not carry the great variety of merchandise that this store offers. We believe in the "trade at home" movement but when you can't get it in your home town you can get it in North Carolina—at Coplon's. We do not seek to take the dollar away from your home town merchant but we do offer you a place to buy quality at low price if you can't get it at home.

WHY do we run charge accounts?

Because we realize that in eastern Carolina are hundreds of responsible persons who like this plan of running monthly accounts because it saves time and trouble. They buy a little bit each week and simply say "Charge It!" At the end of the month the group of purchases is paid for by check at one time and a world of trouble and delay has been saved. Then, too, it may not be convenient to pay during the month, so here again it comes in mighty handy.

WHY is this the biggest store in Eastern Carolina?

Because quality merchandise, lower prices, courteous treatment and splendid service formed its foundation 30 years ago when the store was established and throughout those 30 years these big four have been our main assets. They have caused our business to expand, our list of patrons to grow—and today our customers are served in a large, spacious department store—served with the same quality at the same low prices that was dispensed in one small building 30 years ago.

TODAY

(Continued from Page one)

ter say, "Too old fashioned, tear it down."

The brilliant young Chinese leader of the revolutionists from South China, Chang Kai-Shek, says of his Chinese followers, "We want to get rid of the foreign yoke and save China from our own militarists who sell our riches to the foreigners."

Chang says also, "No man is too bad not to have enough rice, and no man is so good as to have too much to waste."

No wonder the Chinese millions whose lives are unutterably miserable, follow a leader who says no man is so bad that he ought not "to have enough rice." Perhaps we have worried too much about the souls of the Chinese, and not enough about their supply of rice.

We forbid polygamy because Christianity forbids it. We say it is immoral.

In Egypt doctors of religious law interpreting Mohammed's Koran say monogamy is immoral. It is bad for women to be unmarried, and many must remain single if you don't let each man marry several women.

Mohammed said that a man should marry only as many women as he could make really happy. The modern Mohammedanism says that, in any case, a woman is happier married than unmarried.

A Senate committee shows that ardent prohibitionists in six years spent \$13,000,000 for prohibition. It seems a good deal, but is less than two cents per year per capita. You can fight the demon rum, especially the bootleg demon rum, efficiently with that sum. Nevertheless, it would be interesting to know just how the \$13,000,000 was spent.

Commanders

Lieutenant-Commander C. E. Rosendahl (top), and Lieutenant-Commander L. V. Wiley were in charge of the dirigible Los Angeles, which is about to start on a series of Spring flights from Lakehurst, N. J.

to Japanese subjects in China. Compared with practical Japan, we are feeble minded.

The big earthquake came in Armenia and a local religious personage explained it simply. A huge bull carries the world on its shoulders, and occasionally becomes fidgety. Then the earth rocks. The proper incantations, for which you pay a reasonable sum to the religious personage, pacify the bull and he again becomes quiet. Nothing simpler.

The human mind requests and accepts any "reasonable" explanation. Anciently believed that the giant Atlas held the world on his shoulders. When asked "What does the giant stand on?" They replied, "On a big turtle." That satisfied everybody.

In Wall Street lately the world has been more or less balanced on the back of a giant bull, which occasionally becomes fidgety when a bear attacks it. But prosperity incantations pacify it, and all is well.

At present it is safer to bet on the bull. "Big Steel" went to "a new high" yesterday.

Rich men pile up millions, build gigantic houses, die. Intelligent "real estate" men buy the houses for them.

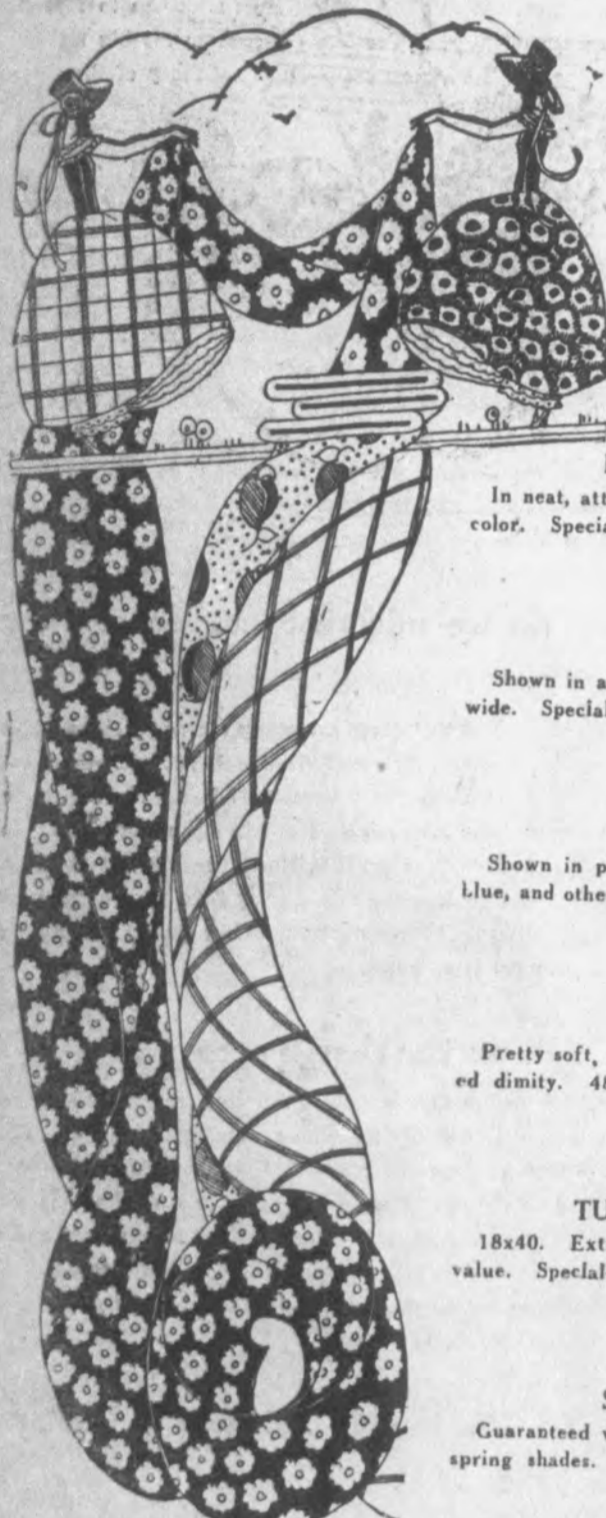

The New York City houses of Cornelius Vanderbilt, William H. Vanderbilt, W. K. Vanderbilt, are all in the hands of "house wreckers," also the gigantic, ugly palace built by Senator Clarke on Fifth Avenue. One concern will buy the ceiling made from a gigantic British oak, said to have been two thousand years old. Another will buy the great fireplace of Vienna marble, for a moving picture theatre.

Thus passes the glory of the great. Papa builds, son and daughter say, "Too old fashioned, tear it down."

in fascinating Period Styles
We offer with each SELLERS these
GROCERIES and CHINAWARE
without extra cost!

You ought to see them—these exquisite period styles in Sellers Kitchen Cabinets. Color! Warmth! Charming lines! New in beauty! New in style! What a joy it is to work with the new Sellers Kitchenaire. Beneath the beauty is the famous Sellers Kitchen Cabinet—the helper—the time-saver—the labor-saver supreme. You must see these colorful period designs to fully appreciate them.

To introduce this most beautiful of all kitchen cabinets, we are making this extraordinary offer: With each Sellers Cabinet you get all the groceries shown here and also an exquisite set of old ivory chinaware—all without a penny of extra cost. You pay the low introductory price of the cabinet only. The terms are so liberal you'll never miss the money—a full year to pay.

This introductory offer is so unusual we are forced to limit it to a few days—from today to and including Saturday, April 2nd. Only 4 days. Here is an unprecedented opportunity to have the very latest—the most beautiful of Kitchen Cabinets and all these groceries and chinaware, too, at the cost of the Cabinet only. The terms make it easy for you to have them all now.
