CHINESE TEAR DOWN AMERICAN FLAG

ANTI-FOREIGN FEELING REPORTED GROWING AND AMERICANS GETTING OUT

First Official Statement of Nanking Incident Says Six Chinese Killed and 15 Injured

Draft demands on the Chinese Nationalists in consequence of the anti-foreign excesses at Nanking are under consideration by the powers, as well as the steps to be taken in the event of their refusal.

Shanghai dispatches say Americans and Britishers there see only two alternatives for the powers—either to withdraw from the Yangtze valley or to take quick definite action.

Chinese have torn down and destroyed the American flag on the Consulate at Chungking in the middle of Yangtze valley, where anti-Americanism is rife.

Shanghai, March 31.—(AP)—Chinese at Chungking on the Yangtze river in Szechwan province, have torn down and destroyed the American flag on the United States Consulate.

Anti-Americanism there has been to such proportions that the American business houses are being closed and Americans are concentrating near the water front.

Shanghai, March 31.—(AP)—A party of 47 Americans and British evacuated from Anking by the U. S. destroyer Hulbert, has reached the international settlement.

As foreign refugees continue to find shelter within the barriers of the international settlement and the situation in the native quarter of Shanghai grows more menacing with a new general strike in prospect, the defense force authorities are impressed with the necessity of being fully prepared for all eventualities.

The anti-foreign feeling in China, which first manifested itself in concerted agitation in the Yangtze valley several months ago and then led up to the events of the past few weeks, is rapidly spreading not only through the territory under Nationalist control, but northward into the provinces of Szechwan and Szechuan.

The native city of Shanghai, already seething with labor unrest may see further disturbances when the campaign of the newly organized "association for a fifty per cent reduction" gets underway.

Resolutions adopted by this association stipulate that members will pay only half their usual rents to landlords, and if this is refused, the tenants will pay nothing.

Shanghai, March 31.—(AP)—The Chinese casualties from the Anglo-American bombardment of Soong Hill Nanking last Thursday were estimated by the Cantonese commander, Chang Kai-Shek, in a statement today as six killed and 15 wounded, with the majority of the victims civilians.

From forty to fifty houses were destroyed. Chang emphasized that a full and accurate report was not available and that these figures were subject to revision.

This is the first definite estimate of the number of Chinese casualties from Thursday's shelling, which was undertaken to protect Americans and other foreigners on Soong Hill who were menaced by soldiers in Cantonese uniforms. Fantastical figures as to the

BELVOIR MAN IS HELD IN JAIL ON SERIOUS CHARGE

Lennie Everett Charged With Entering Home of Woman in Belvoir Section

Probable cause was found in the case against Lennie Everett, white man of Belvoir township, who was given a hearing this morning before Magistrate John Ivey Smith.

Everett was bound over to the next term of criminal court under bond of \$500. He was remanded to jail in default of bond.

Everett was arrested Monday after a warrant had been sworn out charging him with entering the home, using profane and vulgar language and making threats against the woman.

Several witnesses were examined, two of them being placed under bond for their appearance at the hearing in criminal court.

Interest Revived in Disappearance of Asheville Man

Asheville, March 31.—(AP)—Investigation of the possibility that Alex. S. Jones, partner in an Asheville plumbing and heating concern, who has been mysteriously missing for four days, may have been slain and resurrected by Mr. Jones had been seen alive yesterday stirred new interest in the case today.

Mr. Jones, 55 years old, last was seen in a row boat on Lake James, near Morganton, last Sunday afternoon. A companion returning to the lake a few minutes after leaving Mr. Jones, found the boat calmly floating near the shore, with no trace of Mr. Jones remaining, and with no indication that he might have fallen into the lake.

A dispatch from Morganton quotes a Mr. Miller, "salesman for an Asheville coal company," as having said he saw Mr. Jones driving a small automobile along the State highway No. 18, toward Leola late yesterday. No trace of such a Mr. Miller could be found here.

Sheriff Lawrence E. Brown of Buncombe county, and Captain Fred F. Jones of Asheville police detectives, joined actively in the search today. The sheriff's deputy and Jones, departed for Lake James this morning for the purpose of dynamiting the waters in an effort to bring the body to the surface, if it lies there.

Record Breaking Tax Collections Reported Today

Raleigh, March 31.—(AP)—Record breaking collection of taxes for the first nine months of the present fiscal year was reported today by the State Department of Revenue. The total, as of April 1, was \$10,021,741.

The previous highwater mark for the same period was reached last year when \$9,741,439 was taken in by the last day of March.

Government Not To Take Hand In Soft Coal Strike

Washington, March 31.—(AP)—The eve of an expected widespread shut down in the soft coal mining industry finds all indications pointing to the Federal Government keeping its hands off the situation.

Neither the union—the United Mine Workers—nor the operators have any appeals pending in Washington, and other aspects of the situation apparently preclude any immediate possibility of Federal action.

Developments in the various coal districts relating to possible settlements have been closely watched by labor department agents but no official word has been issued on the situation.

Previous government surveys, however, indicate that non-union and union coal mines, little likely to be affected by the union's wage difficulties, have a potential output rate that will fully supply the country's demands for several months.

Further, the miners' union in a number of important districts either had completed or has pending a number of negotiations looking to the maintenance of operation of union mines, even though in the central competitive fields, including Ohio, Illinois, Indiana, and part of Pennsylvania, there will be a more or less complete shut down.

Chicago, March 31.—(AP)—Conflicting reports as to the extent of the mining shut down in the central competitive field came today from operators and miners officials as the midnight zero hour expectation of the Jacksonville wage agreement approached.

Operators' spokesmen in Iowa, Ohio and Illinois maintained that tomorrow would find virtually all of the mines, which employ 150,000 men, idle, but union officials announced that number of operators had concluded agreements to continue work pending a general settlement.

District officials of the United Mine Workers of America pointed out that any cessation of work could not be termed a strike as it was possible for individual operators to continue under the present agreement. All activity will stop, however, they said, where agreements are unsigned.

Union claims of a large number of temporary agreements were met by operators that the mines involved were small and that the coal produced by them had no commercial significance.

Union officials claimed that 30 Iowa mines would continue work, with an equal number operating in Illinois, while F. J. Bender, secretary of sub-district No. 6, announced at Zanesville, Ohio, that 12 to 15 mine operators in that area had signified a willingness to operate while awaiting a settlement.

Likewise announcement was made that a number of Indiana operators had signed temporary agreements and that others were expected to take the same action today.

Kansas City, March 31.—(AP)—Union officials were to resume conferences with coal mine operators of the southwest here today in an effort to prevent a show-down at midnight.

W. L. A. Johnson, commissioner for the Southwest Intra-state Coal Operators Association, declared cessation of work apparently was inevitable. Neither side has shown

FOUR MEN KILLED IN EXPLOSION OF EHRENFELD MINE

Miners Rejoicing Today Over Escape of Some 300 Men From Death Trap

Ehrenfeld, Pa., March 31.—(AP)—Miners were rejoicing today over the escape of some 300 of their number from the number three mine here of the Pennsylvania Coal and Coke Corporation, visited yesterday by a tremendous explosion.

Sorrow tinged that celebration, however, as preparations went forward for burial of the four men killed by the blast.

Expert opinion seemed to agree that the very force and speed of the blast, coupled with the fact that most of the miners were at work in rooms of the main headings, had contrived to avert what had been feared would be a much greater loss of life.

The mine was equipped with an air intake system and air outlet and authorities believed the explosion was borne by a heavy air current past the closed rooms, the main spotting plane, until it spent itself on the outside.

Buildings and mine materials were damaged while every window in this town's 200 houses was shattered. The four men killed were caught in open tunnels but their comrades at work in digging rooms made their way safely to the surface. Some few were affected by after-damp but recovered quickly.

State and federal investigations were under way today. Company officials believed a runaway trip of cars had broken a trolley wire, resulting in a spark that ignited the coal dust. Damage to the interior of the mine was not great, a company announcement said, and the mine will reopen within a few days.

North Carolina Missionaries in China Are Safe

Wilmington, N. C., March 31.—(AP)—North Carolina missionaries in China are safe insofar as Rev. C. N. Caldwell, secretary of the Presbyterian Missions in China, is able to learn. B. F. Hall, prominent Wilmington citizen, was advised today in a letter received from Egbert W. Smith of Southern Presbyterian headquarters, Nashville, Tenn.

Mr. Hall has a daughter in China, and the letter he received today was in response to a message which he sent to Nashville, asking for information with regard to the missionaries.

Cablegrams received by headquarters of the church, Mr. Smith said, are to the effect that all American women and children in Nanking had safely arrived in Shanghai, and that others were reported to be en route to that city. The cablegram was dated March 26.

Greenville Cops to Doll Up For Spring Tomorrow

Bright and early tomorrow morning eight members of the Greenville police department will appear in the streets all "dolloed up" in new uniforms.

Chief of Police Jones said the new clothes arrived today; but that none of the cops would attempt to come out in their "togs" until evening. The uniforms are patterned after those worn by members of the Philadelphia police department. And the Philadelphia styles were set by no less a dignitary than Commissioner of Public Safety Butler.

This change from winter to summer clothing by the police is the city's harbinger of springtime. Greenville has yet seen. Naturally every-day will anticipate a similar change by the weather man.

NATIONAL GUARDSMEN SEEK BANK ROBBERS

Harrison, Ark., March 31.—(AP)—An all night hunt by a detachment of National Guardsmen and sheriff's posse through Western Cove near here, in pursuit of three men who robbed the Newton County bank Tuesday of \$2,500, failed to land the outlaws.

National Guard officers returning from the chase today reported that the men apparently had escaped from the Cove during a heavy rainstorm. Earlier reports indicated that the fugitives were believed to have been surrounded in a hollow.

Vincent Astor Brings News 203.8 Miles an Hour. A Strange Conspiracy. Let the Lady Have It. (By Arthur Brisbane)

Vincent Astor, of New York, brings from Europe information for builders of airships and fast cruisers. Germans have perfected Diesel engines for fast cruisers, weighing only eighteen pounds per horsepower, as against the standards of 180 pounds per horsepower. This should interest the United States if it decides to build cruisers, instead of weeping on Eurone's cold shoulder, sobbing, "Please disarm."

Even more important, Mr. Astor's news of a new flying machine perfected by Swiss engineers and manufacturers. Germany's great flying company, the Luft Hansa, will equip zeppelins with this new Swiss engine, for trans-Atlantic flight. The new Deisel flying engine will weigh five pounds per horsepower, too heavy according to present plans, for airplanes. But they will use oil instead of gasoline, doing away with danger from fire.

And in power development, oil will be twice as efficient as gasoline in proportion to weight. (Continued on page six)

B.Y.P.U. REGIONAL CONVENTION WILL OPEN HERE FRIDAY

A regional convention of the Baptist Young Peoples Union will convene at the Immanuel Baptist Church in this city tomorrow evening at 7:30 o'clock.

The convention will continue through Sunday, and will be featured by one of the most interesting programs in years.

Four associations are co-operating in the convention this year. They are: Chowan, Roanoke, West Chowan and Neuse Atlantic. Four hundred delegates are expected to be in attendance, it was stated today by Rev. L. R. O'Brien, pastor of the Immanuel Baptist Church, who has been busy the last few days arranging to care for the visitors.

The Harvard plan of entertainment will be strictly adhered to. This plan provides for sleeping accommodations and breakfast. It was stated today that churches of the city were co-operating splendidly in providing entertainment for the guests, and that everyone would be provided for.

One of the outstanding features of the first day's session will be an address delivered by Dr. J. A. Campbell, of Buies Creek College on the subject, "The Obedient Life." The address of welcome will be delivered by J. C. Lanier, mayor of Greenville. A violin solo by Miss Jean Morton and numbers by the choir of the Teachers College, will be the outstanding part of the musical program.

The program follows: Friday Night, April 1. 7:30—Song service. Joe D. Hamrick, leader. Wake Forest; Miss Edna Smith, pianist, Greenville. 7:45—Words of Welcome, by J. C. Lanier, Mayor of Greenville. William S. Tyson, Greenville. 7:55—Response, by J. J. Parker, Jr., Murfreesboro. 8:00—Executive session. 8:10—Violin Solo, by Miss Jean Morton, Greenville. 8:15—Sounding of Keynote, by Perry Morgan, State B. Y. P. U. (Continued on page six)

Investigator Declares Ford Injuries Were Probably Caused by Careless or Drunken Driver

Detroit, Mich., March 31.—(AP)—Lying in his own big hospital, surrounded by all the secrecy made possible by a fortune accounted the world's greatest, Henry Ford today was reported recovering from injuries of last Sunday night when his coupe was forced from the road by a larger car.

The Ford organization discredited reports that the 64-year-old automobile manufacturer was the victim of a deliberate attempt to take his life.

In the first authoritative statement from any Ford source, Harry H. Bennett, chief of the Ford investigators, said today that he was satisfied no attempt was made to crowd Mr. Ford off the road and that the accident was caused by a careless speeder, either driving with an arm around a girl companion, or a little the worse from liquor.

A source highly responsible and close to Mr. Ford said last night it was believed a premeditated attempt to assassinate had been responsible for the injuries, while another close source said that a great many men were working along numerous avenues of investigation and that it was believed the large car responsible was known.

From the Ford organization there emanated only such information as was wisely published in a condensed virtually entirely of word hospital bulletins.

"Mr. Ford spent a good night, is now resting comfortably and his new complications have arisen," said the last bulletin issued by Dr. H. P. McClure, chief of the Henry Ford Hospital.

The bulletin indicated that for a man of 64 years, possessed of rather frail, though wiry, physique, Mr. Ford had survived remarkably. In the first statement made public his injuries were described as including hemorrhages of the bladder and lungs, although slight, and a concussion, which even yesterday had cleared up. Dr. McClure, however, reported a painful contusion of the chest and back muscles, and the back was wrenched, which led him to fix Mr. Ford's range of expansion by splinting.

First reports referred to a "minor operation," but Dr. McClure's bulletin stated the "operation" consisted of splinting.

The hospital was closely guarded and none except especially selected visitors, including Mrs. Ford and their son, Edsel, and Mrs. Edsel Ford were admitted.

There was a report today that Mr. Ford himself had turned in the license number of the large coupe which waylaid him last Sunday night and crashed into him as he drove alone in a Ford coupe from his laboratories to his home estate at Dearborn.

Ford spokesmen said that it was believed the "automobile is known" and that arrests might be expected. "A great many men are investigating from angles," said one spokesman.

With all operations under cover by private investigators, however, it became a matter of attending the Ford spokesmen and awaiting an announcement.

LABEL HEARING AGAINST EDWARDS POSTPONED

Birmingham, Ala., March 31.—(AP)—Trial of Frederick I. Edwards, former publisher of the Birmingham Age-Herald, C. M. Stanley, former associate editor, and E. W. Kinney, city editor on a charge of libel referred to James Esdale, Grand Dragon of the Ku Klux Klan of Alabama, today was indefinitely postponed.

JUDGE BEN LINDSEY WILL ASK SUPREME COURT FOR REVIEW

Washington, March 31.—(AP)—Judge Ben R. Lindsey, ordered ousted from the juvenile court at Denver, Colo., by the Supreme Court of that State, today gave notice of his intention to ask the United States Supreme court for a review.

Says Present Generation No Worse Than Others

Male College, Raleigh, March 31.—(AP)—The most wholesome generation of wives and mothers the world has ever known will come from the present generation of girls who have a vast amount of knowledge concerning sex matters.

Dr. Taylor is a sociologist, has spent many years studying social problems. He has taught sociology and psychology in various colleges in the United States for the past 15 years. He was a Metropolitan minister for seven years. He is not a father-hater, his usual policy is to be a regular father to the children of his students at State. He played quarterback for Duke University four years.

"The trouble with the older fellows," Dr. Taylor told the Association, "is that they got terribly started at the foundation of the world which the younger generation has concerning sex matters. When it comes to sex matters, the older boys and girls of the world are far behind their generation which have lived before."

"In previous generations, the lack of knowledge about sex and the fear of being known as a 'know-it-all' led to a repression of ideas and emotions which break out in all sorts of social abnormalities. The human mind is full of such ideas. The strongest sentiment of young people today is their knowledge of the fundamentals of life."

"It is inevitable that boys and girls will come and arrive at a conclusion on sex matters. The only question confronting parents and teachers of the country is whether the knowledge shall come to these young people in a regular or abnormal manner."

"I have seen many personalities completely abandoned because of this very thing. They have come to college with no knowledge what they are doing. They have become a part of the occasion which they live. They just face the temptations of life whether they want to or not. Their conduct will determine the outcome."

"The old idea of ignorance about sex is absolutely the worst kind of ignorance which a boy may receive. Many times the whole personality is shattered and we have seen boys for Arthur and Mr. Hayes. It is a terrible thing to do today."

COTTON FARMER LOSS BLAMED ON MARKET SYSTEM

Expert Sees Relief for Planters in Diversified Crops

Albany, March 31.—(NS)—Representatives of hundreds of farmers in the Southeast in the past few years is blamed on the "rotten" system of marketing by Martin American State cotton statistician and agricultural economist.

Planters who have spent years in the cultivating and study of cotton have been driven to the verge of bankruptcy because of the "rotten" system of marketing. The cotton farmer is being driven to the verge of bankruptcy because of the "rotten" system of marketing.

"The present system of marketing of cotton is a failure. It is a failure because it does not give the farmer a fair price for his cotton. It is a failure because it does not give the farmer a fair price for his cotton."

"In all other articles of commerce the producer gets a profitable price on actual demand and the consumer gets a fair price. If the law of supply and demand were applied to cotton, the farmer would get a fair price for his cotton."

the they (all) can pay their debts. "I respect the integrity of the farmer is due to the rotten system of marketing accredited by the United States government under which it is known as the United States cotton futures act. Under this law New York is the final market for all cotton grown in the United States and the New York cotton exchange is limited to trade in one grade of cotton, known as middling up-ends, and the longest staple. This rule is only 25 per cent of the actual crop.

"The price of all other grades of cotton is fixed at 10 to 15 per cent below the price of the middling up-ends. This is a gross injustice to the farmer. It is a gross injustice to the farmer."

Cobb Home Badly Damaged by Fire

Fire of undetermined origin this afternoon badly damaged the home of R. J. Cobb, Fifth and Greene streets. Originating in the roof of the two-story wooden building, the flames had gained considerable headway by the time the fire department arrived. By the use of extra lines of hose the firemen were able to confine the fire to the roof. The house furnishings were badly damaged by water.

Garden Club Corner

March is the great garden month. Time lost now, can never be regained. Transplanting is an important part of gardening. Thin out all plants to a proper distance apart. Transplant in the evening, or on a cloudy day.

The following annuals may be sown in the place where they are expected to remain. The only work to be done on them after sowing is to thin them out in order to give individual plants more space to develop.

Camellias, hollyhocks, California poppy, baby's breath, ranunculus, poppy, nasturtium, Delphinium, blue, forget-me-not, candytuft, mignonette, marigold, verbena, sunflower, aster, rock cress, calendula.

If you want rhodolite early, you may not them in now. They bloom in 90 days.

Rules for Cutting Wild Flowers
1. Cut wild flowers with scissors or pocket knife; never pull them.
2. Never strip a plant of all its flowers; leave enough to produce seed.
3. Cut stems and seedpods of flowering or fruiting plants and trees. Never break or tear them off. Have some reserved for arrangements after the operation.

THE REMEDY

The following bulletin recently sent out contains suggestions which if followed by the farmers of the section will work wonders in overcoming the present situation in the agricultural industry: Let's make this crop for less.

The Lord helps those who help themselves.

Plan food enough, so there's be plenty, even if it is too dry.

Double your poultry and dairy income.

Raise something to sell every month for ready money.

Do without most things you can't buy for cash.

If you owe little the price of cotton won't matter much Plan as well as pray— It takes more labor to kill grass

Than to make more hay.

Gather in more young pigs for this winter's smoke house.

Sow down more pasture land for future fertilizer free.

"Soon to bed and early to rise Work like the devil And win the prize."

The greatest prize in life is INDEPENDENCE and only through diversification can the farmer of today hope to gain that prize.

INTERPRETING EVENTS

Declaring that the business of the United States in China is for the protection and removal of Americans, and not to "pull somebody else's chestnuts from the fire," the New York World says:

"Sensational interpretations of events in China continue to come from Shanghai. One correspondent reported yesterday:

"The Canton Government by disavowing responsibility for the killing and looting of foreigners in Nanking, has turned definitely and murderously anti-foreign."

"This is not news, of course. It is one correspondent's own interpretation of the news. Another correspondent argues that it is folly for the Chinese to think of running their own country; to attempt to do so will be to perform untold injury to themselves." The Nationalist movement is 'a ghastly tragedy,' more ghastly for China herself than for the United States and Britain.

"Both meant the Chinese well but as a nation she is apparently incapable of understanding." A terrible nation truly. Ignorance and distress are too widespread to permit her to understand kindness with the authority of force." All of this, and columns more, lead up to a plea for open warfare on Chinese Nationalism. By taking the filed aggressively, an American army, it is pointed out, could re-establish the missionaries as well as the business men. It could

be accomplished with comparatively few troops, the Chinese armies being ridiculously weak, their warfare childish in character and the morale of their armies negligible.

"There is not much danger of an American army being sent to China to make war on Chinese Nationalism in the interests of a system of imperialistic European treaties of which American sentiment disapproves. But there is a great deal of danger that no tall people realize that signed despatches are intended to be 'interpretative,' and that each interpretation is the correspondent's own. Such people are likely not to note the fact that an attempt is being made to saddle us with the burdens of other powers, and to urge us into the use of military force to uphold a political and economic status quo in China which this country did not establish and does not like.

"We have a good reason for our duty to protect American citizens and to evacuate them from points in danger. It is not our duty to pull somebody else's chestnuts from the fire."

Triangular Debate Here Friday Night

On Friday night, April 1, in the auditorium of Greenville, Washington and New Bern high schools the annual triangular debate will take place. The query this year will be, "Resolved, Congress should enact the Curtis-Reed bill, providing for a Federal Department of Education, with a secretary in the President's Cabinet."

The Greenville team has been chosen. It is composed of Charles Whedbee and Ada Crton Moore, affirmative team, and Edward Ferguson and Aline Johnson, negative team. The negative team goes to Washington, the affirmative remains here and debates New Bern's negative.

The work of Miss Clem Bringers and Mr. J. A. Keech in coaching the debaters is highly appreciated. Much time and effort have been spent on the debates and the teams have something worth while to place before the public.

An effective program has been planned. The light symphony orchestra will furnish music. The musical program begins at seven-thirty and the debate at eight o'clock. Be on hand Back up your team.

DOES NOT AGREE WITH CRITICISMS

Dunn, N. C., March 31.—(AP)—Representative N. A. Townsend, of Dunn, has put himself on record as not agreeing with those who pictured the last Legislature as "up the hill and down the hill" body.

"It was the most serious-minded Legislature I have ever been a member of," Mr. Townsend, Superior Court judge-elect said. He said the Volz equalizing school fund bill was the most outstanding piece of legislation passed.

-better vegetables

"After applying Vigoro," writes Ad Hennig, of Neenah, Wisconsin. "I had tomatoes three weeks earlier than the year before. They were of a better quality, more delicious, and uniform in size. The same success was evident with the rest of my vegetables."

Vigoro is the ideal plant food for lawns, flowers, gardens, shrubbery and trees. It is easy to apply; results are quick and certain.

Clean, dustless, weedless, and odorless! Vigoro is not to be compared with any other plant food you have ever known. It isn't at all costly.

SWISS NOVELTY ACROBATIC ACTS TO BE AT CIRCUS

Legion Circus Committees in Interesting Session Here Last Night

At a meeting held last night at the Legion Indoor Circus headquarters of the committee that will steer the big legion circus, which opens Monday, April 18th for one week, several contracts were ordered closed. One of which was with a big foreign act known as Bernice and Williams in their novelty trapezole acrobatic act.

Bernice and Williams are known among the bigger booking agents as being the best in their respective line and are truly big time stars. This act will come direct here from Chicago where they are playing the week before at the big indoor circus that will be staged by the civic societies of that city and upon leaving here at the close of this engagement are booked with one of the larger circuses for their annual tour.

The Auto Show and Merchants Exposition spaces are being snapped up rapidly and Business Manager E. L. Eger states that the Greenville legion exposition will exceed in size the successful Wilson exposition that was directed by Mr. Marr also. The Wilson show was credited with being the largest auto show ever held in the State.

It was the unanimous opinion of all the committees to make the Auto Show and Merchants Exhibits the biggest ever held in this section. C. B. Rowlett, secretary of the Merchants Association will have charge of the big style revue which will be staged on Friday night, April 22, and it is expected this feature will be one of the biggest ever staged in this section. Special decorations for the monster stage will be arranged for and a large promenade will be built sixty feet long for that particular occasion.

The different committees are now hard at work on the final details of the big event and from now on from day to day new announcements will be made as the final work progresses.

Alleged Whippers To Be Heard Apr. 4

Raleigh, N. C., March 31.—(AP)—Hearing of Gaston Jones, Sade Ray and Otis Harrison, alleged whippers of Mrs. Fannie Davis, widow of Barton's Creek township, was set today for Monday afternoon before Justice Roy M. Banks. Mrs. John P. Jones, 42, of New Light township, mother of Gaston Jones, is in the State Hospital for the Insane for treatment, her husband said she had "gone crazy over Gaston's trouble."

Hearing originally had been set for today. The three men, charged with breaking and entering, larceny and assault, are in Wake County jail, in default of \$2,500 bail each. Mrs. Davis alleged that on Sunday, March 20, she was whipped when she refused to drink whiskey and serve chicken.

INDIGESTION

North Carolina Lady Says She Had An Awful Time With Indigestion, Till She Took Black-Draught.

Pilot Mountain, N. C.—"For several years I suffered with a bad case of chronic indigestion," says Mrs. Sam C. Inman, of this place. "I had bad spells with my stomach. At times I had severe pains in my right side. My stomach would get upset and I would have an awful time. It seemed like everything I ate disagreed with me. I was in a pretty bad shape."

"My husband had been using Theford's Black-Draught for some time for indigestion. He had spells of it too, so he suggested that I try Black-Draught. I took some from his box, just to see if it would help me, and I found it was the very thing for my trouble. It did me a great deal of good. My condition was brought on by a chronic case of constipation and, by getting relief from this, I found my general health was much better."

"We keep Black-Draught in the house all the time. Whenever I find I need it, I take several doses and thus avert a bad spell of indigestion. It is a splendid medicine and I am glad to say so."

A New and Faster TELEPHONE SERVICE

Effective March 29th, a new and faster long distance telephone service will be available to all telephone users in Greenville.

By this method you can call a station in any town by simply giving your local operator the telephone number of the distant station wanted.

For example, to call a Wilson station, signal your operator in the usual way and when she answers, say "Wilson 123" and hold the receiver to your ear. Calls to other points can be made in the same way.

The rates for this service to certain nearby points are given below:

Ayden, N. C.	10c for a 5 minute talk
Farmville, N. C.	15c for a 5 minute talk
Kinston, N. C.	25c for a 5 minute talk
Snow Hill, N. C.	20c for a 5 minute talk
Tarboro, N. C.	20c for a 5 minute talk
Washington, N. C.	15c for a 5 minute talk
Wilson, N. C.	30c for a 3 minute talk
Elm City, N. C.	30c for a 3 minute talk
Kenly, N. C.	40c for a 3 minute talk
Pinetops, N. C.	20c for a 5 minute talk

This new and fast service applies to calls made by number only. Calls for particular persons must be given to "Long Distance" in the usual way.

Try this new and fast service. It will save you time and money.

COTTON
New York, March 31.—(AP)—Early advances in the cotton market were followed by reactions today, reports unfavorable weather and delayed farm work in the south being partially offset by a private report pointing to a reduction of only 8.7 per cent in acreage. July was ruling around 14.35 during mid-afternoon, active months generally showing net advances of about 4 to 5 points. Futures closed steady 9 to 12 points higher. Spot quiet; mid-day 14.45.

STOCK MARKET
New York, March 31.—(AP)—Widely conflicting price movements again characterized today's stock market. Renewal of selling pressure against the oil, motor, and some of the specialties brought about further uncertainty early in the session but the persistent demand for a number of rails, coupled with a revival of activity and strength in U. S. Steel common, turned the main course on prices upward again by early afternoon.

The closing was strong. Total sales approximated 2,200,000 shares.

Pays Doctor's Fee with Enemy's Head

This picture shows wife of Dr. H. S. Dickey holding the severed head of a savage presented to her husband as a fee. Not springs hanging from mouth. These are sewed into the lips by the savage so the head cannot curse its assassins.

THE head of an Anguashi chieftain, just brought to New York by Dr. and Mrs. Herbert S. Dickey, bears mute witness that everything is fair in love and war even among certain of the head-hunting tribes of savages that infest the dense and tangled jungle lands of South America along the banks of the great Amazon.

According to Dr. Dickey, the head is that of a former head-hunting chieftain who suddenly was made to depart from this life, not because he loved too well, but because he most unwisely lavished his affections on a woman.

Dr. Dickey, who by profession is a physician and by avocation an explorer, received the gruesome token several months ago in the way of a "fee" from one of the Anguashi chieftains for having saved his life at a time when the tribe's medicine

Collegiate Baseball Season Will Open in This State Tomorrow

Raleigh, March 31.—(AP)—Tomorrow and Saturday will find the N. C. collegiate baseball season on its first lap, the majority of the "Big Five" and "Little Five" clubs scheduled for action at home and abroad.

Several exhibition games have been played this month despite unfavorable weather conditions, which kept coaches from getting a fair view of their stars in action. With warmer weather just around the corner, the collegians are expected to round into mid-season form much faster.

Possessed with seasoned pitchers, Wake Forest and Elon, always favorites in their classes, are strong bidders for 1927 titles. Wake Forest, winners over High Point, met Wilson's Virginia leaguers today. Elon, with victories tucked away at the expense of Springfield and Davidson, matched with High Point.

State College, first of the "Big Five" entries to open the season, had a 500 percentage in the work and lost column, winning from Cary independents but losing to Springfield.

Carolina, with one of the heaviest schedules in Chapel Hill history, divided with the Durham Bulls in a two game series. Davidson, splitting her annual two contest series with Oak Ridge, lost to Elon. Duke's Blue Devils have not undergone fire.

Atlantic Christian's little Christians bested High Point in their encounter in Wilson.

RED SOX CHEERED AT BIRMINGHAM, ALA.
Boston, March 31.—(AP)—The Red Sox who are in Birmingham, Ala., for a game today were cheered when it was announced that no one would be dropped before Boston was reached.

ATHLETICS TO MEET BOSTON NATIONALS
Philadelphia, March 31.—(AP)—The homeward bound Phila. Athletics today meet the Boston Nationals at Savannah in the fifth and last game of their training season series. Each team won two of the previous contests. A raw, moisture laden wind seemed to make winter weather necessary for comfort of the Phils due home today from sunny Brundent, Fla.

RUBE MARQUARD FAILS TO FIND BIRTH WITH NEW YORK GIANTS
New York, March 31.—(AP)—Rube Marquard, greatest left hander in the game 15 years ago, is unable to end his major league career as he achieved his greatest fame—in the uniform of a New York Giant.

The tall, slim southpaw, who turned in 18 straight victories one season for John McGraw, has been told that his arm has lost its cunning, his whistling speedball has slowed to a walk, and there is no place for him on the Giant staff this season.

The Giants have moved to Chattanooga on the first leg of the homeward journey. The revamped outfit of Wilbert Robinson battles out for Brooklyn under the hot sun at Clearwater was on the way home today by way of Jacksonville and New Orleans, where exhibition games are scheduled.

The Yankees left St. Petersburg yesterday for another year. Four familiar figures were left behind, pitchers Pennock and Chesterfield to iron out some army, catcher Bengough to help them and Tony Lazzeri to watch and recover a knee infection. The Yankees because of exhibitions, will be nine days on a homeward trail.

RALEIGH PREPARES FOR BALTIMORE
Raleigh, March 31.—(AP)—Manager Albie Wadd today put his Raleigh caps on the Piedmont league through their final preparation for the contest tomorrow with the Baltimore Orioles. The game will be played here with the Boston Braves carded to come in on Saturday for another exhibition.

In a practice engagement yesterday, the regulars walloped the Yankees. Joe Smith, local youth, was the only freshman able to hit clearly the offering of Ford Smith, veteran hurler.

DURHAM BULLS TO PLAY INTERNATIONALS
Durham, March 31.—(AP)—The Durham Bulls of the Piedmont circuit were scheduled to play the Baltimore Internationals here this afternoon.

Durham wound up its two-game series with the University of N. C. Tar Heels here yesterday, winning by a 11-8 count. The collegians took the first contest, played at Chapel Hill Tuesday.

THRASHER CONFERS WITH WILSON BUGS
Wilson, March 31.—(AP)—Frank "Buck" Thrasher, outfielder suspended from organized baseball five years ago, conferred today with Wilson Bug owners on the possibility of reinstatement.

Thrasher was put out of baseball for a minor violation of rules, he said, but is eligible to play again. He hopes to wear a Wilson Virginia league uniform this season.

Kauckler, Louisville, Ky., semi-pro catcher, stayed on with manager Henry today. Dispatches yesterday saying he had been released were incorrect. Patty Rohan, young collegian second sacker, however, was released.

KINSTON WORKING OUT NINE HEFTY HURLERS
Kinston, March 31.—(AP)—Manager Mike Konick, of Kinston's Virginia league entry today had nine pitchers going thru workouts, counting on this offensive to stack up well against opponents during the coming season.

The pitchers included Paul Bennett, Durham; Ross Roberts, Norfolk; Fred Deleach; John Gates, Graham; Snodgrass, St. Paul; Walker, Texas; Stein, who hails from up east; Newberry, Warsaw, N. C., and Homer Byrd, reinstated on request.

BAPTISTS DEACONS ENTERTAIN WILSON
Wake Forest, March 31.—(AP)—Coach Pim Baldwin's Deacons were at home today to the Wilson baseball club for the second game of the series, the first being rained out yesterday at Wilson.

FRIDAY WILL PLAY WITH ILLINOIS CLUB
Gastonia, March 31.—(AP)—Grier Friday, local boy who has had his fling with clubs in the American, Southern and Piedmont leagues, will play this season with the Decatur, Ill., club of the Three I league. He confirmed reports to that effect today.

CHICAGO CUBS TO PLAY DALLAS CLUB
Chicago, March 31.—(AP)—Some indication of the relative strength of the Chicago Cubs and the White Sox will come out of the four game series the Cubs start today with the Dallas nine of the Texas league.

The Sox have already played a series with Dallas. Ross McCarthy of the Cubs has picked Tony Kaufman to pitch today. Aided by two local bds, the Boone's huddles defeated Willie Kamm's regulars at an intra-camp game of the White Sox at Shreveport, La., yesterday, 2 to 1.

YOUNG PITCHER SHOWS MUCH STUFF FOR BROWNS
St. Louis, March 31.—(AP)—Elam Van Gilder, one of the lesser pitching lights on the Browns' mound, shone on the job yesterday when he gave only three hits to New Orleans up to the ninth. The Browns won.

The Cards faced the Senator for the last game of a series today at Tampa. They lost yesterday by a score of 6 to 4.

PUBLISHER JAILED FOR CRIMINAL LIBEL
Muncie, Ind., March 31.—(AP)—George R. Hale, publisher of the Muncie Post-Democrat, was arrested on a charge of criminal libel at his home near here today by Sheriff Harry B. McAuley and a deputy, and was taken to jail in lieu of \$3,000 bond.
