SHANGHAI TODAY AGAIN IN THROES OF GENERAL STRIKE AND DISORDER

Many Killed in Clashes between various Factions. British Gunboat Fired on by Chinese

Shanghai, April 13.—(AP)—One hundred Chinese were killed and two hundred and fifty were wounded resulting from further raids in the native suburbs of Shanghai this afternoon by General Chiang Kai-Shek's troops, engaged in routing the Reds.

Shanghai, April 13.—(AP)—Shanghai today was in the throes of a general strike accompanied by disorders.

There were two attempts by Chinese to storm the barrier leading to the international settlement.

Early today a group of Chinese tried to rush the barrier and a clash followed with the Italian guards on the Unga road, the Italians fired over the heads of the Chinese and they retreated.

Last night a small mob made a sally to storm the barrier, but it was soon realized that this was impossible. The Chinese then set fire to circulars which they had thrown into the barbed wire and several posts were burned.

The strike was due to General Chiang Kai-Shek's efforts to suppress the radical element of the Kuomintang, or Cantonese political organization.

The labor unions ordered the workers to leave their posts as a protest against General Chiang's action in ordering raids yesterday on labor union halls.

It was made clear by the labor organizations that the strike was not aimed at foreigners but was purely intra-Kuomintang—a movement by the Communists to bring about the overthrow of General Chiang, commander in chief of the Cantonese armies.

The northern Chinese troops, who turned suddenly several days ago against the Cantonese, appeared today to be following up their success.

Northern authorities in Peking in an official account of the last week's raid on Soviet buildings in the Peking Embassy Compound announced that among the documents seized were detailed plans for military operations, the Soviet government to supply and organize cavalry in Mongolia and Manchuria.

Shanghai, April 13.—(AP)—Word was received here today that the British boat Woodcock, proceeding down the Yangtze river from Hankow, had been fired on by the Chinese, presumably Nationalists.

A wireless message from Hankow today said that an American gunboat, the name of which was not given, had brought to Hankow a group of Americans from Chungking and Ichang.

Chinese Nationalists were reported to have occupied the offices of British and American tobacco companies in Wuhu, about 50 miles up the Yangtze from Nanking.

FIRE FIGHTERS ENTERTAINED

Local Firemen Entertained Washington Department at Supper Last Night

Forty members of the Washington Fire Department who assisted in fighting the fire which last night destroyed the Junior High School building, were entertained at supper by members of the local department last night after work of extinguishing the flames had been completed.

The visitors were heartily congratulated upon the record run from Washington to Greenville. The trip was made in thirty-two minutes after the alarm was sounded in Washington.

George Clark, chief of the Greenville fire department, was hearty in his praise of the splendid service rendered by the Washingtonians.

DAVIS FINISHES HIS TESTIMONY IN TURNER CASE

Parker Robbins Another Defendant Went on Stand During This Afternoon

Sanford, N. C., April 13.—(AP)—Bud Davis, one of the four men accused of the slaying of Sheriff James L. Turner, sheriff of Lee County, today completed his testimony and his defense rested.

Parker Robbins, another of the defendants, took the stand this afternoon.

Davis tried to escape from officers Saturday night, they affirmed today, following general spread of the report in the crowded courtroom. He was handcuffed, but made an attempt to break from the automobile which was carrying him back to jail.

Davis did not say he took part in the shooting, although the prosecution hammered his cross-examination at him. Capt. E. H. Whistler and John C. Gunter, farmer, went on the stand for the defense. Under cross-examination they gave Davis a good character. Gunter, however, said he sold whiskey to the defendant. The Davis defense then rested.

Defense for Parker Robbins on the stand was met with cross-examination which developed testimony that Robbins had fired two or three shots but "not at anybody in particular."

Possibility of night sessions were seen in order for the case to be cleared and a decision on the first degree murder charges rested before Saturday night.

Washington, April 13.—(AP)—The Washington Post says today that government counsel will ask postponement possibly until fall of the conspiracy trial against Harry F. Sinclair and Albert B. Fall, former Interior Secretary, now set for April 25, before Justice William H. Taft of the Supreme Court of the District of Columbia.

TO PRESENT NEW FARM RELIEF BILL IN NEXT CONGRESS

Prospective Measure to Be Mapped Out by McNary During Summer Months

Washington, April 13.—(AP)—Drafting of a farm relief bill that will comprise the divergent views on this question is the work chairman McNary of the Senate Agricultural Committee has mapped out for himself this summer.

Preparatory to leaving today for his home in Oregon, he announced he would have the prospective measure in shape for presentation to the new Congress next winter.

The Senator, co-author of the McNary-Haugen bill vetoed by the President last session, has had a number of conferences at the White House recently, and has reached the conclusion that this measure in the face of presidential opposition would have but little chance of becoming a law even if it should be passed again by both House and Senate.

The new bill will be desired to offer real aid to the farmer, he said, and at the same time will be written with objections of the President to the original bill kept in mind.

The President has been represented as desirous for enactment of the relief legislation by farm leaders who have discussed the agriculture subject with him recently. Those who have talked with him, however, say that he is firmly opposed to the equalization fee principle and certain other features that were proposed in the McNary-Haugen measure.

Under the drastic order the concern, which has sold as high as five million bushels of cash wheat in one day, privileges of the company as to trading through the board were ordered removed effective Saturday.

No officers of the grain company have been suspended, but the Board of Trade director in its statement last night said such officers would be brought to trial later.

John Kellogg, who is president of the company, said the concern has no statement to make concerning the suspensions "at this time."

The Armour family is understood to hold large interest in the company, which was organized in 1890.

Washington, April 13.—(AP)—Senator Fess, Republican, Ohio, today declined to accept appointment as a member of the Reed campaign funds investigating committee to succeed Senator Goff, Republican, of West Virginia who resigned.

In declining, Senator Fess said he believed that investigations of elections should be conducted by the regularly constituted standing committee of the Senate and that he was not in accord with the views of a majority of the special committee.

Oxford Orphans to Give Program at the College

The Oxford Orphanage Singing Class will present a program at the auditorium of East Carolina Teachers College tomorrow night at eight o'clock. It was previously announced that the entertainment would be held in the Junior high school building. This, however, is impossible, because of the structure being destroyed by fire last night.

Sentenced to Die in July

Bartolomeo Vanzetti (left) and Nicola Sacco must die the week of July 10, under an order of the Superior Court of Dedham, Mass. The men were convicted seven years ago for the murder of two men in a robbery at South Baintree, Mass. They say they were framed because of the radical activities.

SIXTY-TWO KILLED AND HUNDRED-FIFTY HURT BY TORNADO IN TEXAS

Sixty-two Bodies Recovered From Ruins Of The Town Before Noon Today; Relief Workers, Doctors And Nurses Rushed To Scene From San Antonio; Booneville, Miss., Hit By Storm.

Rocksprings, Texas, April 13.—(AP)—A tornado that struck this inland town last night took a toll of at least 62 lives and injured about 150 persons, some fatally. The twister was the most disastrous in this section of the State.

Sixty-two bodies had been recovered from the ruins of the town before noon today, 33 of which had been identified. Of the injured, twenty were expected to die before night. Most of the unidentified dead were Mexicans.

The usual sardonic pranks of the "twister" were in evidence. A baby was hurled fifty feet through the air and landed safely, almost gently.

T. K. Newell, an auto salesman, in the midst of the wind, rushed into the splintering Valentine Hotel to save whoever he might. He continued to extricate dying and wounded after the hotel was in ruins.

The storm came from the north-east with little or no warning just after dark, according to survivors. Few buildings were left standing as to the tornado howled on into the blackness.

Fire broke out soon after and the postoffice and a restaurant, two of the shells still withstanding the wind, were burned.

Relief workers including physicians and nurses from San Antonio and Kerrville, and a detachment of troops from Fort Clark were delayed in arriving with aid on account of storm damaged roads.

After the tornado passed two women, neighbors for many years, lay side by side. One of the verge of unconsciousness asked: "Are you sleeping well?" "I'll be sleeping in a minute," she died with the last word, and her companion lapsed into unconsciousness.

Physicians would issue no statements as to Carroll's condition at this time.

SAPIRO COUNSEL PRESENT DEMAND TO SEE RECORDS

Ford's Attorney Battles Lengthily, but Loses Out in the Long Run

Detroit, April 13.—(AP)—Henry Ford's attorney and counsel for Aaron Sapiro in his million dollar libel suit against the motor manufacturer battled lengthily today over the Ford demand for the right to inspect Sapiro's records of income and Ford lost.

At the end of a long argument in the absence of a jury, Judge Fred Raymond decided that he would not issue an order giving the Ford counsel the right of access to the books which have been in the courtroom daily but would trust to the opposing attorneys to argue upon time and place for inspection of the books.

They cover the period of 1917-1924 inclusive.

For twelve days Senator James A. Reed of Missouri, chief of the Ford counsel, has cross-examined Sapiro in an effort to establish the amounts and manners of fees obtained as legal counsel for farmers organized into cooperative selling organizations.

The defense reason for desiring the records was reiterated today in this language in one of the numerous affidavits which accompanied the motion for the formal ruling:

"Petitioners further aver that the charges made by plaintiff and the firms of which he was from time to time a member were in some instances exorbitant and unreasonable, and that plaintiff ceased to continue to be able to collect such exorbitant charges, not because of said alleged libels but for other and different reasons, and that in order to determine the amount and reasonableness of the charges made to the various cooperative associations, organization committees and persons associated with cooperative associations, it is necessary for defendant to inspect the books of accounts of plaintiff and said partnerships herein before referred to."

It became known that on two occasions the books had been opened to a Ford accountant, Ansel F. Hosmer, but that he and Milton D. Sapiro, brother of the plaintiff, who brought the books from San Francisco, and in whose possession they remain, had been unable to make progress in eliciting data for Ford's use.

Hosmer made an affidavit charging obstructive tactics by Milton Sapiro, who in turn made one denying Hosmer's statement.

Chapel Hill, April 13.—(AP)—From Bryson City in the mountains to Moyock, on the coast, high school debaters of North Carolina gathered here today to participate in the state-wide debates and athletic contests.

The meeting, the fifteenth under the directorship of E. Ralph Rankin, of the Extension Department of the University, will be attended by 268 youthful debaters, representing 67 high schools, contesting for the Aycock memorial cup. Track and tennis tournaments attracted many others.

Raleigh, April 13.—(AP)—Unanimously, the board of trustees of the University of North Carolina, voted for employment of women in the faculty and thereby shattered a 133 year tradition.

The vote was part of a plan to enlarge the school of engineering in line with recommendations of Governor McLean's educational commission to permit teachers to receive courses at the university for which they had formerly gone to Columbia University, University of Chicago, and Peabody Teachers' College, Nashville.

Hardwar, United Provinces, India, April 13.—(AP)—Thirty-six pilgrims were crushed to death and many injured during a rush to be the first to bathe in the holy Ganges river as part of the Kumbha Mela, or Hindu religious bathing ceremony.

HIGH SCHOOL BUILDING IS GUTTED BY FLAMES; LOSS AROUND \$60,000

School Work Continued Today Without Interruption; Building to Be Replaced By September 1st

Fire of undetermined origin completely gutted the Junior High school building, corner Fifth and Deeg streets, yesterday evening shortly after six o'clock. The loss is estimated at \$60,000. The building and equipment were insured for \$53,000.

J. H. Rose, superintendent of city schools, said this morning that the building would be replaced by September 1st. New equipment to replace that destroyed has already been ordered out. An architect was at the scene of the fire this morning looking over the situation. Complete arrangements, it is understood will be made at a special session of the board of education today.

The fire brought about no disorganization of school activities. Three hundred students of the intermediate department were being given instruction in the advanced high school building and at the Teachers college. All these classes had been completed by the noon hour today, and actual study began during the afternoon.

Virtually all public records in the office of the superintendent were saved, together with one of the four planes in the burned building. The records were moved this morning to the Evans Street school building where Mr. Rose has opened a temporary office.

The Junior High School building was erected in 1915. It was valued at \$50,000 and contained about \$10,000 worth of equipment. The building was two stories high with basement, and while not of the modern fireproof type, was considered one of the handsomest structures in this section.

Caused by a high wind, the fire had gained such headway when discovered that the efforts of the fire department to prevent the flames from eating through to the lower floors were without effect. The entire roof and second floor were a mass of flame and smoke when the first alarm was turned in. The department fought valiantly, and was aided in their work considerably by the distance between the school building and other structures along the block.

The advanced high school was the nearest of the buildings, but at no time was it threatened with destruction.

The Washington Fire Department responded to a call for aid sent out with the sounding of the first alarm here.

Raleigh, N. C., April 13.—(AP)—Rights of posthumous children to share in estates was upheld by the Supreme Court here today in an opinion covering the case of Christian against Carter, from Serry County.

Remainder of the fifteen decisions touched on a wide variety of subjects.

It was decided that a municipality must exercise due care against injury to citizens as a result of faulty streets or bridges within corporate limits. The decision was made in the case of W. W. Minchaux, administrator of Bernard P. Vaden, Jr., against the city of Rocky Mount. Vaden was drowned when his car ran off an allegedly unguarded bridge in Rocky Mount and a Superior Court jury awarded damages to his estate. The city's defense was that the bridge was maintained by the county, although it was in the corporate limits.

W. B. Ellis, Winston-Salem litigant who has gained wide publicity by his sallies into the Supreme Court of late, lost both his cases.

A cemetery deal by the city of New Bern was upheld by the court. Plaintiffs had alleged damage to adjoining property, lack of authority and fraud.

A four months road sentence against James Baldwin, Durham negro, for aiding in transportation of liquor, was upheld.

FLOODS THREATEN MORE DAMAGE IN STATE OKLAHOMA

Oklahoma City, Okla., April 13.—(AP)—Floods today threatened more damage to Oklahoma, where a series of tornadoes yesterday claimed at least five lives and injured a score of persons.

The most severe of four distinct tornadoes yesterday ripped through a section ten miles in length in Eastern Oklahoma, killing two men and a woman in Haskell and LeFlore counties, it jumped into Arkansas where it took two more lives in Fort Smith.

Scores of wrecked buildings marked its path across the Oklahoma-Arkansas border.

Three tornadoes were reported in Caddo county in northern Oklahoma. Several buildings were destroyed but no one was known to have been killed.

Lakehurst, N. J., April 13.—(AP)—The Navy dirigible Los Angeles was safely moored in its hangar at 5:50 o'clock this morning after riding out a storm since 11 o'clock last night.

Chicago, Ill. Pump Guns Used by Gunmen in Automobile on Streets of Chicago, Ill.

Philadelphia, April 13.—(AP)—An outbreak of gang warfare, the second within a few weeks, early today took the lives of two men.

Edwin Callahan, 34, was riddled with bullets from a "pump" gun as he stood on the running board of a speeding automobile about to fire at four pursuers in another machine.

The second victim, unidentified, was found propped against an entrance of Lankenshaw hospital, and died a short time later from the effects of heavy blows on the head.

Virginia League Season Officially Opens

Local Interest Centers Around Contest Between Wilson and Kinston Clubs

Raleigh, N. C., April 13.—(AP) The Virginia Baseball League will open today with the Blue Sox facing the Wilson team at Wilson. The game expected to draw a large crowd from Raleigh and the surrounding territory.

The same teams play again to-morrow at Kinston. Mike Kinnick, Kinston manager, is a newcomer to the circuit while Dan Bern at Wilson, and Dave Robertson of Norfolk, Va., are the only club bosses held over from the 1926 season. The other managers, newcomers, are Eddie Moore, Richmond; Zim Beck, Portsmouth; and Olin Perritt, Petersburg.

With Kinston at Wilson for the opener, Petersburg was at Richmond, and Portsmouth at Norfolk. The season close September 10 while the annual post-season series with the South Atlantic league start September 12.

Wilson put an outfit of players on the field today, predicted by many fans to have championship qualities, with an admitted weakness, however, in the pitching department.

The Eagles, bedecked in the most spectacular uniforms in many sections, readily agreed, looked to fans to be the best looking outfit in playing quality, as well as dresser to represent Kinston in professional baseball.

SAGE TEA KEEPS YOUR HAIR DARK

Gray hair however handsome denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it falls, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Witch's Sage and Sulphur Compound" for only 75 cents. This is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation because it darkens the hair beautifully, besides, no one can readily tell as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By moving the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Comeback?

Willie Ritche, ex-king of the lightweights, is in daily training at the Pacific Coast, and threatens to return to the ring.

SPORTS SLANTS

(By Alan J. Gould, Sports Editor)

Boxing's annual hiatus has set in—the spring period when the circus invades Madison Square Garden, Tex Rickard goes golfing and the metropolitan fans focus more attention on such heavyweight sluggers as Babe Ruth and Rogers Hornsby than on the crop of contenders for Gene Tunney's portfolio.

There has been scarcely the rustle of a signed contract and only a furtive sally or so by the process servers since Paulino and Tom Heeny cuffed each other about the garden ring in the final round of the indoor heavyweight eliminations.

It is merely the lull, however, before the storm. Within a few weeks Jack Sharkey and Jimmy Maloney, the offing Bostonians, will be punching their sparring mates and breathing editorial defiance in preparation for the first heavyweight championship bout on May 19 at the Yankee Stadium.

As a result of a preliminary baritone turn in vaudeville, Maloney expects to have a vocal advantage over his rival but Sharkey's followers insist their man has yet to run second in a verbal encounter.

Meanwhile, there is still the unanswered question—will Jack Dempsey come back? Teddy Hayes, who was Dempsey's secretary until the split between the ex-champion and Jack Kearns, says the manna mauler is "through." But Teddy no longer may qualify as an "insider" so perhaps more heed can be given to the fact that Tex Rickard, on the other hand, is buying all plans in anticipation of Dempsey's return, with a preliminary match or two as to his fitness for another crack at the title.

There is much mystery about Dempsey's training tryout but to the long range observer it seems that the former king of the padded gloves must have some serious intentions if he is willing to undergo such rigorous physical work.

SIX HOME RUNS MARK OPENING OF MAJOR LEAGUES

New York, April 13.—(AP) The heavy artillery of baseball is in action. Salvoes of base hits resounded yesterday in the ball parks of seven cities where the opening games of the big league season were played before some 200,000 fans.

Six home runs marked the opening day and those were divided between two teams. The Giants gathered three of them in pounding out a 15 to 7 victory over the Phillies at Philadelphia. Rogers Hornsby, late of the Cardinals, came through with one of them while George Harper and Bill Terry contributed the others.

The world's champion Cardinals lost to the Chicago Cubs when the home team unfurled a few over-size howitzers in the hitting of Webb and Grimm. Webb came through with two home runs and Grimm crashed out another. The score was 10 to 1.

Babe Ruth was left behind in the heavy hitting parade when he could not get his eye on the ball as the Yankees met and defeated the Athletics at Yankee Stadium. He struck out twice and was benched in the sixth for a pinch hitter.

In the same game Ty Cobb appeared and showed some of the base coaching that has made him one of the outstanding figures in the national game for years. He beat out a bunt shot to third by a hair with a hook slide, and later

scored. The Yankees beat the McGillicuddy team of old time talent by 8 to 3 before a record crowd of 65,000.

It was a bad day for pitchers, but a few names stood out, most of them names of veterans. Old Jess Petty pitched sterling ball for Uncle Robbie's clan at Boston, where the Brooklyns beat the Braves 6 to 2, he held them hitless through the sixth inning and allowed only seven safeties in the entire game.

Another good pitching performance was turned in by Walter Hoyt of the Yankees, who turned down the Athletics with eight hits.

The familiar figure of Walter Johnson was not in the box at Washington as the Senators downed the Red Sox, 6 to 2, before President and Mrs. Coolidge, but Coveleskie, another veteran, pitched good ball. Grover Cleveland Alexander, the Cardinals' iron man, fared not so well at Chicago and was forced out of the game in the third by the Cubs' heavy hitting.

The teams that won their opening games were the Yankees, Giants, Robins, Cubs, Pirates, Senators and Phillies. The Pittsburgh sluggers nosed out the Reds 2 to 1, and the Indians beat the White Sox 3 to 2. Italy prevented the Tigers-Browns

WESLEY PHILATHEA CLASS MEETS

(Reported)

The regular monthly meeting of the Wesley Philathea Bible class of Jarvis Memorial Sunday school was held Monday evening at the home of Mrs. J. E. Winslow, on Fifth street, with Mrs. E. L. Willard and Mrs. R. E. Harris assisting hostesses.

The business session was presided over by Mrs. K. T. Futrell, who first read the beautiful story of the Resurrection as a scripture lesson. After a prayer by Mrs. Milton White, the reports of various committees were heard and other committees appointed for the coming month.

The business being concluded the hostess took charge and a delightful social hour was enjoyed with music, games and contests.

Mrs. Futrell and Mrs. Richardson won the prizes in an egg hunt Mrs. Gulley and Mrs. Fitzgerald won in a bunny race and Miss Ferguson won in a flower contest.

A delicious ice course was served with angel cake and mints in a yellow and white color scheme.

After giving big "bunny hugs" to our partners, we concluded by singing "Good Nigh, Ladies," and all departed declaring it a delightful evening.

Invite us to your next blow-out. We make a success of it. Credit Tire Stores. Mon-Wed-Fri

SPLENDID CROWD ATTENDS REVIVAL

Sermons by S. H. Styron at Free Will Baptist Church Very Forceful

Rev. S. H. Styron delivered a very strong sermon at the Free Will Baptist Church last night. He used as his text "What have they seen in this house," Luke 19:4. Hezekiah answered "All that is in mine house have they seen; there is nothing among my treasures that I have not showed them." He was only interested in showing them the things of his house. Isaiah the prophet told Hezekiah to hear the word of the Lord.

Rev. Styron asked the fathers and mothers to give special care to their children and bring them up so that they will become Christian men and women. He emphasized very strongly the three houses. First, the body; second, the home; third, the church. The greatest sins that are committed are the ones that you try to hide what you do from the public. You should be the same to your fellowmen at all times. Someone is going to be affected by what you do and say, so be careful what you say or do before others. It is an awful thing to look upon a home where little children are born and reared by parents who are not Christians.

Fathers have your children seen you under the influence of strong drink? Have they ever seen you going into places where you should not go? To my mind, the most pitiful man in the world is a "liar," a man with a liar on his tongue.

Parents keep your homes clean—go to your music cabinet, look your music over and see what kind you are allowing your children to listen to, things that will poison their little minds.

Seventy-five per cent of the music of today should be destroyed.

Parents, how about your libraries? What kind of books are your children reading? See to it that your children get the pure and wholesome books to read and not a lot of trashy books that will influence them away from God. Such books will cause children to forget Jesus. Every father and mother should be the watch-dog of their library. Never put a book in there that will not have a good influence over your child. Let Jesus be at the head of your house.

Next, clean out your churches. Get the church members converted and then you will see sinners come home to God. Some people go to church just to warm the benches, not for the blessing they receive. Did you invite them to come again? "No."

Then I ask you to let these questions sink deep down in your heart is my prayer.

Windham Winner In Ice Contest

L. Windham, of Greenville, was the winner of the refrigerator given away in a guessing contest recently conducted by the Home Furniture Company.

One hundred and fifty pounds of ice was placed in a 175 pound capacity refrigerator on April 2. The one furnishing the best guess as to the time required for the ice to melt was to be judged the winner.

Mr. Windham guessed that it would melt at 3:00 a. m., April 13. It actually melted at 11:04, April 12th.

Considerable interest was manifested in the contest, and numbers participated.

A GHOULISH PERFORMANCE

Describing the acts of the recent Legislature in providing for filling of a vacancy in the United States Senate, a ghoulish performance on the part of politicians, the News and Observer says:

"The politicians who are planning and manouevring to put some favorite in the position of Senator Simmons and Overman ought to be engaged in better business. The introduction and passage of the bill to take away from the Governor the power to fill a senatorial vacancy was a ghoulish performance, and, though neither Senator would say so, their real friends resented it."

Market Report Cotton--Stocks--Grain

STOCK OPENING

New York, April 13.—(AP)—Selling orders were numerous at the opening of the stock market today but losses were limited to fractions aside from Nash Motors...

STOCK MARKET

New York, April 13.—(AP)—The stock market trended upward again this afternoon after an earlier period of irregularity. Reaction of relatively stiff call money rates and a sharp increase in brokers loans probably account for much of the early selling...

COTTON OPENING

New York, April 13.—(AP)—The cotton market opened steady today at an advance of 2 to 4 points on buying which appeared to be promoted by unfavorable weather reports from the south and unfavorable features in the weekly report of the weather bureau.

COTTON

New York, April 13.—(AP)—Continuance of unsettled weather and reports that conditions were leading to a somewhat general decline in average grain receipts by talked of, were reflected in a generally steady movement in the cotton market today. There was no improvement in the volume of business however, and after selling up to 14.40 for July or about 6 to 7 points higher, the market sagged off slightly under realising during the middle of the afternoon.

GRAIN

TOBACCO MEN HAVE PROBLEM IN 1927 CROP

Quality of Leaf Must Be Improved to Meet Foreign Requirements

Washington, April 13.—American tobacco growers are facing a number of difficult problems due to rapid changes that have taken place in market requirements, the Department of Agriculture announced today. For several years there has been a tendency, both at home and abroad for cigarette consumption to outrun the consumption of cigar, pipe chewing and snuff tobacco...

Some Maan Is Oosterbaan! Wins When No Other Caan!

THIS THING HAS GONE FAR ENOUGH! HE'S WON FIVE VARSITY LETTERS (INCLUDING SWEATERS) AND ISN'T THRU YET!

LIFE FOR BENNY IS JUST ONE 'M' AFTER ANOTHER! HERE'S YOUR LATEST MODEL

Benny OOSTERBAAN

Bennie Oosterbaan, terror of "Big Ten" gridirons last Autumn and captain-elect of the University of Michigan football team, is piling up one of the most remarkable records in the history of athletics at Ann Arbor. He now owns five varsity "M's" the fruit of stardom on three teams—football, baseball and basketball. He's considering going out for track. Oosterbaan lives in Muskegon, Mich.

ANN ARBOR (M. Special)—Now, as to Bennie Oosterbaan, star in football, basketball and baseball. Possible track candidate. Member of five successive Big Ten championship teams in three sports. Michigan University has never seen the equal to that record. Oosterbaan came to Ann Arbor from Muskegon High with considerable reputation. In his freshman year he was polished with an injury to his back. By the time he entered his sophomore year, however, he had struck his stride. He became a candidate for the All-American eleven by his ability to receive forward passes on the football. In the same year he made the basketball and baseball teams. Bennie gathered three "M's" in the Big Ten championship. Last year Oosterbaan became an All-American star by his remarkable footballing. In the last game of the season he grabbed a fumbled ball and streaked across the line for a touchdown, making the score that gave Michigan a tie for the championship and himself another "M". Football over, he turned his attention to basketball, put on stellar performances, helped win another championship and garnered another letter. Now he's out for baseball. He's being given a chance to play first, and Oosterbaan may yet have another letter to wear. Meanwhile, the track team is watching his progress in the new job of handling the first sack. No one at Mich wants to see Bennie quit any job, but they like his arm and they need someone to throw the javelin. And on top of all this, Bennie is captain of this year's football team, and before he finishes the university he'll probably have been elected class president, most popular student, handsomest man, and grand marshal of the daisy chain parade, if any.

SHANGHAI TODAY AGAIN IN THROES OF GENERAL STRIKE AND DISORDERS

Hong Kong reported that small groups of missionaries, mostly Americans, were arriving daily from Canton and vicinity, taking refuge at Kowloon, outside Hong Kong.

Prior to the entry into Pukow of the northern forces, the foreign warships moved a mile up the Yangtze river from Nanking in order to be out of the direct line of fire between Nanking and Pukow on opposite sides of the river.

Shanghai, April 13.—(AP)—The Cantonese troops apparently are evacuating Chinkiang on the Yangtze river, 40 miles northeast of Nanking.

Most of the Cantonese officials have left Chikiang and the Cantonese flag has been hauled down from the custom house.

Shanghai, April 13.—(AP)—Twenty pickets of the Shanghai general labor union were killed this morning when they attacked the headquarters of General Kai-Shek's Cantonese troops in the Chapei district, north of the international settlement. The attackers apparently were angered by yesterday's raids on the red labor unions, ordered by Chiang.

Shanghai, April 13.—(AP)—Northern troops of the tenth division have crossed the Yangtze river to the south bank, landing at Hsiaoohoku, near Kiangyin. Official advices says that General Chang Chung-Li, whose Cantonese troops were defeated by the northerners has fled toward Shanghai.

Shanghai, April 13.—(AP)—The three confessed floggers of Mrs. Fannie Davis, 75 year old widow were under prison terms today.

Otis Harrison drew a five to ten year term. He had just been released for killing his father in a drunken brawl. Gaston Jones, 19, drew 18 months on the road, and Sade Ray, 16, drew two years with a six months minimum on good behavior.

Judge Devin in Wake Superior court sentenced the three late yesterday.

That is the opinion of the Rev. Roland D. Sawyer, Congregational clergyman and member of the Massachusetts Legislature. The commission, for which he introduces a bill, would consist of the Chief Justice of the Massachusetts Supreme Court, and four others to be appointed by the Governor.

The commission would be authorized to recommend to the Governor a new trial or such course as might seem necessary.

The impression that justice in the United States is in a hurry to execute anybody or determined to do so, should be carefully avoided. This is a case that has never been passed upon, as regards the evidence, by any but one judge, and a case in which after-the-war excitement played a considerable part.

Cyrus H. K. Curtis' men, hired to investigate bootlegging, say it is already a ONE BILLION DOLLAR INDUSTRY.

It took our steel business more than ten years to become a thousand million dollar business. Curiously enough bootlegging is booming, just as the steel business boomed because of PROTECTION. High tariff protected the steel; prohibition protects bootleggers, giving them an exclusive market.

Recently Mr. Giffard, head of the telephone company, proved that "television" making it possible to see and hear individuals or crowds hundreds of miles away, is practical.

The question "How can that be useful?" is answered in a way that in centuries to come will shed light on our civilization.

"There is no doubt about it," you are told, "the only way in which television can be made profitable is IN CONNECTION with prize fights." People will pay well to see men fighting and to hear the yells of the mob gathered around the prize ring. Would television make money enabling distant crowds to see and hear great preachers or college professors? It would NOT.

The Hamburg-American liner, New York, christened by Mrs. James J. Walker, wife of New York's mayor, arrived in port yesterday on her first trip.

The first ship of the Hamburg-American line, the Deutschland, of 717 tons, came here in 1847. Now comes the Hamburg-American liner, New York, of 21,500 tons, and a city in herself.

This great ship is one proof of Germany's recovery. When the great war came she had 1,500,000 tons of shipping. All that was politely "taken" by the treaty of Versailles. Germany now has built her shipping up to 900,000 ton. Nothing succeeds like courage and determination.

Russians Ready for Service in China

The raid on the Soviet Embassy at Peking caused a diplomatic breach between the Soviet and Northern Chinese. A Soviet note of protest reminded the Chinese that the "technical resources" were sufficient to "undertake repressive measures." Here are some of the "technical resources"—ready to march on China from the North.

commissioner. Figures show \$1,033,184,923 as the amount of life insurance in force on December 31, 1926, and increase of nearly one hundred million dollars in one year.

More than one-quarter billion dollars of life insurance was written in North Carolina during 1926, according to the Insurance Department's figures and premiums totaling \$34,435,258 were paid in this State.

More than one million and a half policies were in force at the close of 1926 in North Carolina.

NOTICE OF ELECTION

The Private Laws of the General Assembly of North Carolina, Session 1927, as amended by Session 1925, require that an election for the selection of a Mayor and members of the Board of Aldermen of the Town of Greenville, shall be held on the first Monday, the 2nd day of May, 1927; that the books for registration of voters who are not already registered for Municipal elections or who have transferred from one ward to another, since the last election, shall be kept open for 20 days exclusive of Sunday preceding the first Monday in May; and that all candidates for Mayor shall register their candidacy with the City Clerk at least ten days prior to the first Monday in May.

and shall deposit such registration the sum of \$10.00, and that all candidates for Aldermen, shall register their candidacy with the City Clerk at least five days prior to the first Monday in May, and shall deposit for such registration the sum of \$1.00; that there shall be only one voting place; to-wit: the county courthouse, and that all persons registering to vote shall be registered according to the wards in which they reside, and that all tickets to be voted shall contain the names of all properly registered candidates and shall be supplied by the Clerk of the Town of Greenville; and that all persons residing within the Town of Greenville will be allowed to register and vote, if eligible under the State Laws governing the qualifications of voters in General Elections, said qualifications being one year's residence within the State, four months residence within the town.

At a special called meeting of the Board of Aldermen held on the 18th day of March, 1927, the foregoing notice of election was ordered published and Mr. Harvey Ward appointed registrar to open books for registration on April 8, and to keep open said books for a period of 20 days, exclusive of

Sunday at various places in the Town of Greenville most convenient for the registration of those citizens not already registered who desire to register and vote in said election.

This the 19th day of March, 1927.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by A. L. Jackson and wife, Rosa Lee Jackson, on the 12th day of January, 1925, and recorded in book of mortgages 1-15, page 271, Pitt County, we will on Saturday the 30th day of April, 1927, at 12 o'clock noon at the courthouse door in Greenville, sell at public auction for cash to the highest bidder the following land to-wit:

Adjoining the E. A. Gardner lands and the J. McDixon lands and others, and beginning at a point in the public road, where the southern boundary line of the tract of land conveyed to Peter T. Chapman by H. M. Stokes intersects the said public road and runs thence N. 41-4 E. 1178 feet to a corner,

thence S. 81 E. 2875 feet to a corner, thence S. 7 W. 1145 feet to a corner, thence S. 82 E. reverse line 76.3 acres, and being the identical tract of land conveyed to Peter T. Chapman by H. M. Stokes as appears of record on the office of the Register of Deeds for Pitt County, in book S-12 at page 572. This sale is made by reason of the failure of A. L. Jackson and wife Rosa Lee Jackson, to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham.

This the 24th day of March, 1927.

That the great, fierce Arctic owl, driven south from his polar home by lack of food, according to scientists, shows no inclination to return has been evidenced amply by reports concerning the visitor whose presence here has wreaked havoc among the pheasant flocks.

With his return to the cold north-land long overdue, bird experts state, the presence of these ferocious migrants still are revealed by remains of midnight feasts partaken of by the great owl. One report states that thirty-two pheasant heads and remains of other game had been found under the roost of an Arctic owl.

More than half of the felony complaints recorded by the Police Department of Rochester are for stolen automobiles, according to a report issued by the chief of police.

The practice of stealing machines for reconditioning and sale has reached the proportions of a regular business, the report states, with the higher priced models seen as the prey of the motor thieves.

Inflicted, a written apology from the commander of the Cantonese revolutionary forces, financial reparations, etc. It doesn't say exactly what the five big powers will do if China says, "We won't."

The Chinese, observing that one great power, Russia, missing, might ask, "Why don't you send an ultimatum to Russia? She has been sending agents here, stirring up our ignorant scores of millions to drive out Europeans and Japanese."

The five big nations says to China, "If you refuse our demands we shall take such steps as may seem necessary."

Rather vague, as it has to be 400,000,000 Chinese are too many to coerce. You might kill 5,000,000 and the remaining 395,000,000
