## FLOOD WATERS CONTINUE TO OVERRUN MANY TOWNS IN THE MISSISSIPPI VALLEY

### Careful Check Of Lists Places Known Dead At 100; Estimate Of Over 300.

Memphis, Tenn., April 25—(AP)—Following somewhat frenzied courses flood water from the Mississippi and its tributaries overrun more towns today in both Mississippi and Arkansas, rendering additional thousands homeless and adding to the already staggering total of property damage.

Occasional reports of death filtered through the vast inundated territory but careful checks of the list placed the known dead at a few more than a hundred with an estimated death total of approximately three hundred.

Indiana in Mississippi and Arkansas City and Marked Tree in Arkansas were the latest town to be visited by the flood water. There combined population is about 6,000, but each had a large quota of refugees and the encroachment of the flood waters has created a serious situation for the relief authorities to combat.

The Mississippi town, which is about 25 miles east of Greenville, was overrun with flood water rushing down from the yawning crevasse in the levee at Stags Landing, which caused the flooding of the rich Delta lands.

The flood water is moving on to Vicksburg at a rapid rate. The engineers reported today that it was approaching Rolling Fork, 43 miles south of Greenville. A number of plantations and villages were flooding overnight but it was assumed that the inhabitants had heeded the urgent warnings sent them yesterday by officials to flee the levees.

Under five feet of water early today Arkansas City, 20 miles north of Greenville, became isolated, all telephone and telegraph wires going out. Five hundred persons were homeless there and appeals for immediate relief were sent to Governor Martineau of Arkansas before communication lines went down. The flood water came from the Perleiton break on the Arkansas river.

Reports to the Mississippi Levee Board said there had been another break in the levee on the river and should this prove correct, the situation in and around Arkansas City would be aggravated. Water from the Big Lake district were descending upon Marked Tree but little alarm was felt there as observers said the flood would not become deep enough to stop auto traffic.

South of New Orleans a vast territory was flooded by water rushing through a break in the levee at Junior Plantation caused by the steamer Inspector ramming the dyke. Evacuation of a section about 30 square miles was underway.

Water in Louisiana also were spreading forcing many of the inhabitants of that section to high ground.

Levees along the Mississippi were holding well today except that weak spots were developing around Helena, Ark., and above Vicksburg.

Arriving from Washington as the personal representative of president Coolidge, Secretary Hoover and Major General Jamin went into conference with Henry M. Baker, director of Red Cross flood relief, to map a program of relief.

The crest of the flood was moving down river today.

At Helena the river will rise, the weather bureau said, reaching a stage of 56.8 to 57 feet by Wednesday if the levees hold. This is the highest stage on record.

Announcement also was made that there were indications of a stage of 31 to 32 feet on the St. Francis Lake Lock Guard and 21 feet at the Marked Tree Gauge by the middle or end of the week. These two would be record figures.

## Federal Government To Pay Expense Of John Early's Trip

Raleigh, N. C., April 25—(AP)—An attendant from the Carville, Louisiana, Leprosarium will take John Early, escaped leper, back to his hospital home.

State Board of Health officers today said they had notified Surgeon-General Pierce of U. S. Health service, Washington, D. C., to send an attendant to Burnsville, N. C. to return Early to the hospital from which he escaped recently to visit his folks in Western North Carolina.

The Federal authorities had offered to send an attendant but, asked if one were available in the state. Word from Yancey county was to the effect that no volunteers had appeared so the Federal officers were notified here to send their men.

The Federal authorities will pay expenses of Early's return.

## Gastonia Young Man Killed In Auto Wreck

Gastonia, April 25—(AP)—John A. Davis, 21 years old, was instantly killed and Hubert Johnson was seriously injured Sunday night when an automobile in which they were riding, collided with a steam roller on the Wilkinson highway just across the Catawba river in Meclenburg county. Odell Morton, driver of the car, was not injured.

The three boys are residents of this city.

Johnson was taken to a hospital in Charlotte.

## FARM TENANT SHOOTS SELF EARLY TODAY

### Zeddie Deaver Commits Suicide on Cox's Farm Early This Morning.

Zeddie Deaver, white tenant on the Cox farm, a few miles from Greenville, committed suicide early this morning by shooting himself through the heart with a shotgun.

A coroner's jury under the direction of county coroner E. S. Williams investigated the tragedy during the morning, and returned a verdict that Deaver came to his death by a shot gun in his own hands. No motive for the act was ascertained by the jury.

Deaver left his home shortly after breakfast. He is said to have gone to a neighbors to borrow a gun with which to shoot a chicken on his way back home he shot himself. The report of the gun was heard by relatives, who immediately rushed to where the suicide was enacted.

The discharge took effect in the region of the heart, death being instantaneous.

Deaver was about nineteen years old and unmarried.

## Coolidge To Speak Before United Press

Washington, April 25—(AP)—Business was curtailed today at the White House with President Coolidge prepared to leave about noon for New York where he will speak tonight at a dinner of the United Press Association commemorating the 20th anniversary of the founding of the organization.

Official Washington is waiting with interest the address of the President which is the first he has prepared since congress closed and in which it is expected he will discuss outstanding problems confronting the administration.

The Press Association dinner will be at the Biltmore Hotel, where extensive accommodations for radio transmission of the address have been made.

## Charlotte Voters Go To Polls Today

Charlotte, April 25—(AP)—Charlotte voters today went to the polls to decide which of fourteen candidates for city offices should be balloted for at the city election on May 3. They today were selecting, on a non-partisan basis, the two candidates most favored and who will battle it out during the next two weeks.

Miss Julia Alexander and P. M. Redd are certain to be the candidates for Mayor as there are only the two candidates for this place. There are five candidates for Commissioner of Public Safety and 3 for Commissioner of Public Works. There are only four candidates for the school board and all will be on the ticket May 3.

## DR. WESTRAY BATTLE IN SERIOUS CONDITION

Raleigh, N. C., April 25—(AP)—Condition of Dr. S. Westray Battle of Asheville, who is in Rex hospital was reported as "very serious" at noon today.

Dr. Battle, 73, one of the foremost medical men in the state, is suffering from a severe stroke of paralysis. Dr. W. B. Dewar is attending him. The stricken doctor's wife arrived Sunday night and was at his bedside. Mrs. Vinton Liddell Pickens, his step-daughter, arrived from Atlanta. Dr. Battle suffered the stroke while attending a meeting here Saturday night.

These women and children, victims of the disastrous Mississippi floods, are dependent upon the generosity of fellow Americans for food and housing. Red Cross is aiding them with funds sent from over the country. YOU can help. Photo at left shows persons living in a box-car at Laconia Circle, Ark., right, women and children hovering around a relief truck at Hickman, Kentucky.

## SECOND WEEK OF CRIMINAL COURT BEGINS

### Trial of Amos Jackson To Feature The Court's Activities During The Week.

The second week of the criminal term of Pitt county Superior Court convened here this morning with Judge E. H. Cranmer of Southport presiding, and D. M. Clark, prosecuting. The calendar for this week contains only a small number of cases. The most important is that against Amos C. Jackson, former sheriff of Pitt county, charged with embezzlement.

It is expected the case against Jackson will be reached tomorrow morning about eleven o'clock. It will be one of the outstanding criminal actions of the two weeks term because of the former political prominence of the defendant.

Jackson disappeared sometime last May. A shortage of funds was found in his records, and when he failed to appear by a certain date he was removed from office.

He is charged with embezzling over twenty thousand dollars from the county. Prosecuting witnesses in the case are members of the insurance company with whom Jackson had arranged bond during his term of office.

Sentence of defendants convicted last week had not been returned today. The Grand jury is expected to make a report of its activities sometime this afternoon or early tomorrow morning.

The calendar for this week follows: State vs. E. M. Rush and Richard Phillips. State vs. Adam Langly. State vs. Bryce Sigmam. State vs. Charlie Wilson. State vs. Nymman Elks. State vs. Amos Brown. State vs. Jim Owens and Jim Langley.

State vs. State vs. Jesse Langly State vs. Josh Taylor. State vs. Clifton Williams. State vs. A. C. Jackson. State vs. A. C. Jackson. State vs. A. C. Jackson. State vs. E. D. Porter. State vs. L. W. Everett. All cases not set subject to be called any day.

## RAISE \$2,000 FOR UPKEEP OF NEGRO DELINQUENTS

Raleigh, N. C., April 25—(AP)—Mrs. Kate Burr Johnson of the child welfare commission returned from Winston-Salem today where she attended the state Federation of C. L. Y. men's club at Grove Memorial Church. A total of \$2,000 was raised by 59 clubs, comprising 700 members, for upkeep of the institution for delinquent negroes. Mrs. Johnson will go to the Regional meeting of the National Commission at Pichmond Wednesday.

## Pitt County Urged To Meet Appeal For Aid For the Storm Sufferers

The citizens of Pitt county are most urgently requested by the Local Chapter of the American Red Cross to meet the request for aid that has been received from the national Red Cross for the relief of the Mississippi flood sufferers.

In the worst catastrophe this country has ever experienced a sister city the same name as ours is at present the worst sufferer. Will the citizens of this county go quietly about their daily labors and not stop to give a thought to the thousands that are homeless, and without food, water, clothing or a place to lay their heads.

After communities are rising up to meet the remnants of the occasion. Food nor clothing are practical to be sent to the distressed areas. Money and Money alone can meet the demands for help.

President Coolidge has dispatched some of his cabinet officers to the scene of the disaster and has ordered every agency in the Nation to send all assistance possible to the flooded areas.

Those of you who have listened in on the radio for the last two evenings have gotten some idea of the appalling situation that Greenville, Mississippi, Vicksburg, Mississippi and the other cities of the flood area are having to contend with. You have heard the appeal for funds and have seen how nobly the people of other cities are meeting the demand.

So far the Local Chapter of the Red Cross has received but little response to the appeal it is making. The Local Chapter has never been called on to help our immediate community in time of disaster and God willing I hope we may never be should the occasion ever demand it the American Red Cross would be the first agency to be called upon for relief.

Why then should we be favored as we are by Gods good grace stand by and see others suffering and turn our hand to lend them such assistance as we might. Let us bestir ourselves and not have it said of Pitt county that in time of need we were indifferent and thinking only of our selves and our own comforts disregarding the call to help our fellow man.

The following telegram was received yesterday from the National Red Cross at Washington:— Central Committee in joint conference with cabinet officers named by President Coolidge to assist Red Cross estimates minimum five million dollars required Red Cross relief in Mississippi floods.

National Campaign being launched immediately. Your quota \$750. dollars needed immediately as hundreds thousand refugees look to us for emergency care. In greatest flood this country's history.

Confident your people will respond quickly and generously. Suggest special campaign with possible publicity, use radio appeal if possible. Impracticable to accept local donations of clothing.

## WOULD LIKE CATHOLIC AS U. S. LEADER

### Nellie Tayloe Ross Believes Catholic As President Would Be Beneficial.

Washington, April 25—(AP)—Nellie Tayloe Ross, former Governor of Wisconsin, today declared that although she is a protestant, she would like to see a Catholic elected president to prove that this is in reality a republic in which we live and not one in name only.

Speaking before the National Woman's Democratic Club Miss Ross denounced as unworthy of the "Precious heritage of American Citizenship any declaration by policy or practice that prejudice rather than liberal principals shall prevail in this Government," and called upon the women of the democratic party to back her up in this stand.

She said she was not referring to any particular potential president candidate but speaking "only of the principal" involved and added that the issue was one that "can not be dodged or evaded."

"There are many factors to be taken in consideration in the nomination of a president," she continued, "I do, though, insist that one factor that can not be taken into consideration is church alignment."

"I believe that the sin of intolerance is the greatest sin of the age. It is amazing that those who call themselves christians can harbor and encourage in others a sentiment so inconsistent with the teachings of christ."

## WOMAN SETS HIKE RECORD

### Mrs. Charles Hutchins Of Burnsville Finished Forty Mile Hike Today.

Asheville, April 25—(AP)—Mrs. Charles Hutchins, 33 mother of two children and wife of a prominent attorney of Burnsville, finished at 1:16 o'clock this afternoon her forty mile hike from Burnsville to Beaver Lake, 3 1/2 miles north of Asheville. Her time is said to have been beaten by four minutes that of Miss Eleanor Sears' hike between Providence, R. I. and Boston.

Hiking under the auspices of the Asheville Times Mrs. Hutchins abandoned her original plan to walk the 43.75 miles from Burnsville to Park Square, Asheville, when she reached the 40 mile mark. Although apparently considerably fatigued Mrs. Hutchins displayed no impatience while she remained standing several minutes for newspaper photographers to "shoot" close ups of her.

She announced she will attend the opening game of the south Atlantic Association Between Columbia and Asheville this afternoon.

## Men Can't Do As They Please In Own Homes

Raleigh, April 25—(AP)—A man does not have the right to do as he pleases in his own home with impunity, Chief Justice W. P. Stancy of the Supreme Court of North Carolina, told the Billy Memorial Christian Church Sunday at the regular morning service.

"He only has the right to do as he pleases so long as he does not do wrong," he said. "He said life was a trust, the trustee required to observe the terms of the trust or will and must keep the estate in repair and improvement. He must keep it for the use of the beneficiaries and finally must render a final accounting."

In the Bible it is to be found the will, he said, expressed in many different terms but prominent among the revelations was the sanctity of life, sanctity of law and the indestructibility of life or immortality.

He incidentally mentioned Clarence Darrows philosophy that a man has the right to sin and be sorry so long as he does not interfere with another man's right to do the same thing, expressed in the Chicago criminal lawyer's debate on prohibition with Wayne B. Wheeler, head of the National Anti-Saloon League.

## MR. MADRID VISITS NEW YORK

Washington, April 25—(AP)—President Machado of Cuba left Washington today for New York accompanied by ambassador Ferrera and his suite.

## TODAY

A Chance to Spend Money In California, 36 Eggs, 85 cents New Style Irrigation. Buy Land Courtiously

(By Arthur Brisbane)

Copyright 1927, by Star Co.

Hodge, California April 23—Many killed — 100,000 homeless — danger constantly increasing is the news from the flooded areas, some other business should be dropped such as our sentimental interest in European their doings and armaments until the Mississippi problem is disposed of.

The country is rich enough to do it and it can be done, one tenth the money lent to help Europeans kill each other would do it or one privately since the war ended.

Temperature about ninety, on this warm land, 2,000 feet above the Pacific where you read of frost in the Mid-West, terrible floods, making thousands homeless this so called "desert" of the Mojave is covered with wild flowers. Untold millions of them, the first of the seven annual cuttings of Alfalfa is cut or ready to cut. Mr. Carter near Hendale 12 miles to the west, plans and irrigates in a way new to California with many narrow trenches or furrows running down the land, avoiding flooding the whole field, in the old fashioned way. That is the way in some parts of Nebraska, also Colorado, says Mr. Carter, who likes alfalfa raising. He starts at four a. m., and stops whenever he gets tired, but never before seven in the evening. Remember that, when you read about him later, as the "California Alfalfa King."

This way "says he" the land does not cake, which it will do the old way, if there is even a little clay in the ground. This writer will stick to the old way, for this year's planting, on the advice of L. L. Weis, of Victorville, and try the new way, next time.

Frugal Eastern housewives would be interested in signs along the road from here to Los Angeles, 90 miles away. "New laid eggs, three dozen for eighty-five cents, or large broilers chickens three for one dollar", sometimes broilers, here, means rabbits.

Peas fresh picked, cost five cents a pound, Asparagus, the same, and you don't have any coal bills. But in California, down in Florida, on Fifth Avenue New York, or Michigan Avenue Chicago, don't buy real estate without knowing what you are doing.

Anywhere in the United States real estate wisely bought will make you rich, but ANYWHERE will ruin you if you do not know what you are buying.

This is meant especially for women, who write "why do you say such nice things about real estate? can't get ven four thousand dollars for lots that cost me eight thousand six years ago". Remember that the man selling, quite evidently, prefers your money to his land. Investigate before you invest. And charming ladies, with eight thousand dollars think it over eight thousand times, and get the advice of at least eight business men that have made money in real estate before you invest a dollar.

The group that attempted a recent Mussolini fiasco assassination are sentenced to prison terms totalling 99 years. Mussolini repeats "I refuse to be assassinated, shall live and work to 100, then take a rest, and watch Italy grow." He has confidence.

The administration, which means President Coolidge, is said to have a farm bill under which government would provide \$250,000,000 to finance (Continued on page four)

## Mexicans Seek Other Priests In Conspiracy

Mexico City, April 23—(AP)—Having deported eight archbishops and executed a priest on the charge the government was engaged today in seeking out other priests alleged to be implicated in a revolutionary movement.

Despite vehement denials by the Mexican Catholic authorities of all connection with the rebellion, the government places responsibility for the outbreaks on the Catholic episcopate, priests and some laymen.

Archbishop Pedro Vera Cruz of Puebla and Bishop Jose Manrique Zarate of Huejutla, were put aboard a train bound for Laredo Friday night, shortly after six o'clock, including Archbishop Mora De Rio had left the country. Zarate has figured prominently in the controversy which began with the promulgation of the religious laws last summer.

An official count of the execution of the priest of Rio Del Cuale, in the state of Jalisco, says he was captured with others in an engagement against government troops.

## CHAOS REIGNS OUTSIDE CITY IN KWANGTUNG

### Peasant Troops In China Slaughter The Cantonese Troopers; Submarines Arrive.

Shanghai, April 25—(AP)—Chaos prevails outside the city of Swatow in Kwangtung, following upon an outbreak of red peasant troops; who were aided by remnants of the army of General Chen Ching-Min. Chen's soldiers are reported to have turned bands.

Dispatches from Swatow say that the red peasant troops slaughtered a number of Cantonese troops and former students of the propaganda corps. The Cantonese retreated with field guns, but the peasants eventually gained control. Many houses were burned.

Hong Kong, April 25—(AP)—Two American marine submarine tenders and a flotilla and submarines arrived here today.

Shanghai, April 25—(AP)—The United States destroyer Perry was fired on yesterday near Kiating, an the Yangtze, about 125 miles east of Hankow. The source of the firing was not located and the warship did not return the fire.

## CYRUS McCORMICK HONEYMOONING AGAIN

Boston, April 25—(AP)—Cyrus H. McCormick, 67 year old chairman of the board of the International Harvester Company, and his bride, the former Miss Alice M. Holt of Chicago, were honeymooning on the high seas today bound for Europe aboard the Celtic.

They boarded the steamship here yesterday unrecognizable after having successfully kept a secret of their wedding in Dublin, N. H., last Friday. Mrs. McCormick has wedded Mr. McCormick as private secretary for several years. She is about 45 years old.

Only intimate friends were acquainted with their intentions.

## KINSTON AND CLAYTON FIRMS FILE BANKRUPTCY PETITIONS

Raleigh, N. C. April 25—(AP)—Petitions of involuntary bankruptcy were filed with Federal Officers today by H. E. Moseley, L. O. Ottinger and F. C. Dunn of Kinston and also one by J. M. Turley, Clayton, N. C. Johnson county sheriff who states his assets were \$129,000, of which \$82,000 was in endorsements of other persons notes, and \$79,000 liabilities.

## FIRE DOES \$15,000 DAMAGE AT KANNAPOLIS

Kannapolis, N. C., April 25—(AP)—Damage estimated at \$15,000 was done by fire here last night. Originating in the Thomason Grocery building, it spread to the O'Key Shoe Shop, the Hoffman Cafe and burned several real estate offices. Power connections were destroyed. The Concord fire department aided in saving the business section of the town.

## CONFEDERATE VETERAN DIES AT CHARLOTTE

Charlotte, N. C., April 25—(AP)—Funeral services for J. V. Hays, 87, confederate veteran and retired farmer who died Sunday night at the home of his daughter Mrs. J. A. Jenkins here, will be held Tuesday morning. Rev. W. W. Orr the associated reformed Presbyterian Tabernacle will officiate. Burial will be at Sardis.

## Mineral Producers Are Not Complying With New Statutes

Raleigh, April 25—(AP)—Fewer than one-fourth of the mineral producers of North Carolina have reported to the Department of Conservation as required by recent legislative enactment. State Geologist H. J. Bryson said today.

The law required that within 40 days after its ratification on March 9 every person, firm, or corporation "engaging in manufacture or production of any product from any natural resources, classified as mineral products," shall notify the Department of Conservation and Development of the products being produced. In case of a new enterprise, notice is required before beginning operations; or in case of discontinuing work to appraise the department of this action.

A penalty of a fine of not less than \$5 and not more than \$25 for failure to comply with the law is provided. Geologist Bryson mailed forms to 324 producers, but only 60 replied. Of these, 58 were in active operation, and 14 not working at this time.

Producers of kelp, mica, granite, sand and gravel led those making the returns.

ILLINOIS STRUGGLES WITH FLOODS, TORNADO

Illinois has floods and tornado damage to cope with at the same time. Photos show what rising waters of Ohio and Mississippi rivers did to Mounds, Ill., and how one plant in De Kalb, Ill., suffered from a disastrous tornado. These views are typical of conditions in wide areas.

**DO IT NOW**

Thousands of persons homeless, and suffering as a result of the floods in the Mississippi Valley and citizens of Pitt county have been urged to contribute \$750 to aid in the relief work. We reiterate that our section has been blessed in escaping such catastrophes and every citizen can well afford to give something to this fund to be used to relieve this mass of suffering humanity in the flood area.

The need is a present one and unless citizens act at once many who might be saved by the fund may perish because of delay in receiving the necessary aid. \$750 is a small amount for us to raise. Let's put it over now. Tomorrow may be too late.

HIS OWN KEEPER

Congressman E. W. Pou has given some sound advice to the farmer in his statement that regardless of anticipated farm legislation the farming business of our nation cannot prove profitable unless the farmer himself sees to it. So long as farmers continue to increase their acreage and produce an oversupply of certain crops, just so long will the price of these crops remain low.

The experience of this section with low priced cotton last year will be repeated in tobacco prices this year unless farmers see to it that the acre age is not increased.

A recent report from the agriculture department indicates of an increase in tobacco acreage this season. Persons in close touch with the tobacco business of the world have issued a solemn warning against such a step on the part of the farmers lest tobacco prices suffer a similar fate to that of cotton.

The farmer is indeed his own keeper and the wise one will see to it that there is no increased acreage planted on his lands this year.

TOO DEAR

The American "Good Will" fliers have arrived upon American soil after a tour of Central and South American countries. The flight, as others, that have been attempted by the American government, was not completed, however, without its losses. Only three of the original planes were in the return flight, while the bodies of two of the daring young aviators who began the flight have already been brought to this country for burial. Aviation in America has not yet reached the stage that flights of note can be made except at a price that is very dear.

BETTER HOMES WEEK

Locally Better Homes Week got off to a good start under the direction of the Woman's Club with the cooperation of other organizations. During the week there will be "Better Home" demonstrations which will include every feature for making the home and its surroundings more attractive. Better homes make a happier people, and it is to be hoped that every person in the community will give his or her attention to this better homes movement.

Greenville will grow faster when all of its citizens pull together for the community's good. Most of them pull but many are always pulling in opposite directions.

The weather man is apparently determined that we shall leave that new "straw" in its box for a while yet.

KILLS SWEETHEART AND TAKES OWN LIFE

Dadeville, Ala., April 23.—(AP)—Harlan Jennings, 28, a planter, shot and killed his sweetheart, Miss Bernice Harris, 19, and then committed suicide near here today. A motive for the act is unknown.

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population

Paris, April 25.—(INS)—Cocktail sausage is the newest fad at the Ritz and various other smart bars which are frequented by the elite of Parisian society. These sausages are tiny, nicely browned and stabbed through their juicy middles with a long toothpick. Accompanied by a far-famed cocktail and an assortment of olives and potato chips, the cocktail sausage puts the finishing touch to the afternoon's refreshments.

Jack Stone, a Vermont farmer, is responsible for the cocktail movement. Mr. Stone has a flourishing farm in Normandy, thirty miles from Paris. Here he raises prize hogs and specializes in the porks, hams and sausages so much loved by the American. As the French do not cure meats in this manner the Jack Stone farm is a boon to the American housewives in France.

The demand for cocktail sausage has already exceeded all other orders and will probably continue in popularity throughout the summer, according to Jack Stone. Also he declares, the sausage are to be served only at tea-time and not with the dinner appetif. Sausage etiquette, so to speak.

Gayly striped awnings are appearing on the cafe terraces along the boulevards. Paris is brightening up after a dismal winter, and the early

rush of tourists will find her decked in orange, green and other loud colors in her honor.

It is estimated that over 60,000 yards of awning have been purchased, besides numerous flower boxes and potted plants, all of which go towards making Paris the "city beautiful."

Chairs are being painted and the cafes freshened up in preparation for the summer stampede of travelers. The Cafe de la Paix is again spreading out far into the streets. This is the real sign that the season has begun. These cafes are the best money-makers in France and the fact that they are kept shining and spotless is an added attraction.

Trends in men's dress, was the subject of a lively debate at the Club de Faubourg recently.

Frenchmen do not approve of the elephantine trousers and the stiff collar, worn by the American and Englishman. Monsieur Maurice de Waleffe declared that these articles are unpractical especially the trousers which stir up the dust and envelop the feet. He compared the short, form-fitting French trousers to the lamentably long pantaloons now in vogue, saying that the latter were stupid and lacking in elegance.

Monsieur Andre de Fouquieres, debating for the modernists, responded by saying "that the collar was worn for the pleasure it offords when one takes it off and, that it was the only dignity of man. As for the pantaloons long" they are for evening and not for afternoon.

Protests were made at this speech and the meeting nearly ended in a riot. France evidently refuses to adopt the "oxford bags" although they all agreed that it is necessary for men to be elegant to do honor to the women.

Signs of the times are shown by the fact that more and more bearers of famous French names are going in for shopkeeping. No less than the Duc de Mouchy and Viscomie de Noailles are the latest newcomers to commerce. They are selling lingerie and hats. The shades of Antoine de Noailles, Admiral of France, and the many marshals, cardinals and men of state who have borne the celebrated name of Noailles, may be somewhat disturbed on learning that their descendants, that is their cousins, have taken up the millinery trade under the name of "Marie and Marie-Laure, Incorporated."

LARGE ROCK FISH CAUGHT IN TAR RIVER

Rocky Mount, N. C., April 23.—(AP)—The record catch made in Tar River for a number of years basked before the eyes of admiring Rocky Mount citizens today in the form of a 25-pound rock fish.

The fish, which was slightly more than four feet in length, was caught late yesterday by four local fishermen who were engaged in skimmer operations on Tar River four miles below the city in the Cool Springs vicinity. Three smaller rocks, weighing only 3 or 4 pounds, were caught in the same hole from which the record catch was made.

While there are no authentic records, the twenty-five pound member of the finny tribe is the largest rock that has been caught in Tar River during the memory of veteran fishermen of the city.

The run of rock fish has been unusually good in Tar River this season, according to local fishermen. Large numbers of shad have also been taken in by skimmer operations.

A New and Faster Telephone Service From Greenville, N. C. To All Points

Now in effect a new and faster telephone service is available to all telephone users in Greenville, N. C., on calls to all points. By the new method you can call a station in any town by simply giving your local operator the telephone number of the distant station wanted. For example, to call a Wilson station, signal your operator in the usual way and when she answers, say, "Wilson 123," and hold the receiver to your ear. Calls to other points can be made in the same way. For your convenience we are publishing in our directory which will be delivered May 15, the listings of subscribers in Ayden, Farmville, Kinston, Snow Hill, Tarboro, Washington, Wilson, Elm City, Kenly and Pinetops.

The rates for this new service to the above mentioned points are as follows

Ayden, N. C.	10c for a 5 minute talk	Washington, N. C.	15c for a 5 minute talk
Farmville, N. C.	15c for a 5 minute talk	Wilson, N. C.	20c for a 3 minute talk
Kinston, N. C.	25c for a 5 minute talk	Elm City, N. C.	30c for a 3 minute talk
Snow Hill, N. C.	20c for a 5 minute talk	Kenly, N. C.	40c for a 3 minute talk
Tarboro, N. C.	20c for a 5 minute talk	Pinetops, N. C.	20c for a 5 minute talk

This new and fast service applies to calls made by numbers only. Calls for a particular person must be given to "Long Distance" in the usual way. Consult the directory for the number wanted, if the station you desire is in one of the above mentioned towns. Try this new fast service. It will save you time and money.

**STATE ORCHESTRA AND GLEE CLUB HERE SATURDAY**  
On Saturday evening, at 8:30 o'clock, the State College Orchestra and Glee Club gave one of the most delightful programs of the year, in the auditorium of the college campus building. This unusually good program, coming as it did, under the skillful directorship of "Dad" Price, was no surprise to the audience, but merely came up to the very high standard State College boys have set for themselves in the music world.

The program given was as follows:  
**Orchestra**  
Raymond Overture (The Queen's Secret)—Thomas.  
L'Arlésienne (Suite de Concert)—Bizet.  
Egmont (Overture)—Beethoven.  
Huldigungsmarsch—Orleg.

Forest City, N. C., April 23.—(AP)—Joe J. Reinhardt, aged 45, prominent druggist of Forest City, committed suicide early this morning by plunging a knife into his heart. An inquest was deemed unnecessary by the coroner and the act was attributed to ill health.

Mr. Reinhardt was found about 6:45 by his sister, Mrs. B. H. Long, who was spending the night with him. She went into his bedroom to awaken him and found the body stretched on the floor beside the bed. She summoned Dr. W. H. Bostick, who after an examination stated that Mr. Reinhardt apparently had plunged the small pearl handled knife into his heart about six o'clock this morning.

## First Hat of Season Shied Into the Ring

Clyde G. Colburn, of Los Angeles, is absolutely the first to enter the race for the Presidency in the 1928 elections. He is certainly not the only fellow in the hole!

**LOS ANGELES (U-I-N Special)**  
There's nothing tight lipped or conservative about Clyde G. Colburn, of this city.

While President Coolidge has maintained a discreet silence, while Al Smith has thrown himself into the hands of his friends, while Charles G. Daves has announced himself not to be a candidate, and while other notables have struck attitudes of keeping one ear to the ground, a nose to the wind and fingers crossed, Colburn has come forth boldly as a seeker of the Presidency.

The \$75,000 a year salary is not the lure, Colburn asserts. Rather it is the desire to bring about world peace. This he can do, he is convinced, if elected President by having heart to heart talks with the representatives of other countries in Washington. Straight from the shoulder diplomacy, that's Clyde all over.

It has been suggested to him that he start in as a candidate for Vice President, and work his way up, so to speak. But Colburn has spurned the idea, pointing out that a successful candidate for the Vice-Presidency must have a ticket-made strong enough to carry the election. And frankly and between ourselves, no one can do that except Colburn.

## LOCAL CLUB TO OBSERVE HOMES WEEK

Interesting Demonstrations To Be Given In City Week Of April 24th.

The week of April 24 to May 1 will be observed throughout America as Better Homes Week. Secretary of Commerce, Herbert Hoover who is president of Better Homes in America, today made the following statement regarding this Nation wide program.

"More than 3500 local committees invited the American people to join in observing Better Home week from April 24 to May 1. These voluntary groups are doing much to advance improved housing, home ownership and the art of home making and thus giving the American home more nearly the place which it should have in American life. They have made so fine a contribution to the welfare of their communities and of the Nation as to deserve the gratitude of every one of us."

The Greenville Women's Club is sponsoring Better Home week in Greenville, many interesting demonstrations will be held throughout the city. Miss Ruth Benowitz of the Home Arts Department of the College will have her classes will arrange rooms for the entire house in the windows of furniture stores. A special shelf of books on Better Homes has been arranged at the Library and the housekeepers are urged to use these books this week. The Garden Club will have a special meeting on shrub culture and flower arrangements.

Miss Burtha Lee Flanagan is having all Home Demonstration Clubs in the county observe Better Home week thru a series of demonstrations on table setting.

Other special attractions will be announced for this week.

The home is the concern of all and every lady should welcome the opportunity to contribute to its welfare.

## A. G. FELMAN SPEAKS HERE

### Converted Jew Addressed Two Congregations At Baptist Churches Yesterday.

A. G. Felman, converted Jew, spoke at the Immanuel Baptist Church yesterday morning at the Memorial Baptist Church last night upon conditions of the Jew in this country today. His subject at the morning services was "Christian Obligations of the Jew." At the Memorial Baptist Church in the evening, his discussion was more general and embraced many interesting facts as they pertain to his countrymen in the United States.

Mr. Felman has spoken in a number of the principal cities of the South. He is a missionary worker of the Northern Baptist Board. His activities are confined to the Southland where approximately seven hundred thousand Jews reside. His mission is to spread the teachings of the Bible among his countrymen, and he is meeting with great success.

He said over 4,500,000 Jews live in the United States. Over 2,000,000 of this number live in the city of New York alone. About 400,000 of these people are members of Christian Science churches. A similar number attend Catholic churches.

The Catholics are making a concerted effort to get the Jew interested in their church, Mr. Felman said. They know the nationality to be thrifty and wealthy, and they want most of all to gain his financial support for the Catholic organization. The political movement of the Catholic church is gaining considerable scope among the Jews in all parts of the country, and is meeting with success.

Christian Science, he declared, is no religion. It is a philosophy. But it is interesting the Jews because the followers of Mrs. Eddy's teachings are giving much time and attention to its propagation among the Jewish race.

The Christian churches of this country are vitally interested in the welfare of all humanity. The salvation of the Jew is as essential as the salvation of any other set of people. It is incumbent upon the various denominations to do as

much as possible to bring about the conversion of the sons of Israel.

There would be no need of extensive campaigns to raise money for foreign missionary fields if the wealth of this great nation were on the side of Christianity. The Jew is giving liberally to every cause launched in behalf of humanity, and in many instances he is also giving liberally in behalf of church work in America.

Go to a service at a Jewish synagogue and there will be no great crowd present. Go to services in a Christian Science church, to a Catholic church, or some Protestant churches, and you will find a greater part of the synagogue congregation there. This indicates that the general run of Jews are not interested in Judaism as they used to be. They apparently have a catholicity of sympathy for religious activities in this country, and are willing to use their enormous wealth and affluence in behalf of any cause when convinced it is what they are seeking.

Save a little each week. Books for our 46th Series are now open. Home Building & Loan Assn.

### Colored Quartette Sings Spirituals Methodist Church

The Christian Star Quartette, composed of colored singers of the city gave a recital at Javis Memorial Methodist church yesterday afternoon at four o'clock.

The program consisted of singing of a number of negro spirituals and other selections.

The quartette has made its appearance before audiences composed exclusively of white people on a number of occasions, and always won considerable commendation.

The program was rendered under the direction of Rev. Charles Peyton and W. O. Hardee, managers.

SUNDAY WAS BUSY DAY AT THE REVIVAL

Evangelist Harris Spoke To Large Congregations At Church Of Christ. Sunday was a great day at the Christian church. There was a large Bible school and Rev. Harris brought a message to the young people...

At the eleven o'clock service the Evangelist used for the subject of his discourse "The Lord's Supper" basing his remarks upon Act 20: 7. It was a powerful message.

Let a man examine himself and so let him eat and drink. Christ left those monuments—Lord's day, Baptism and the Lord's Supper. Any of these declare to the Divinity of our Lord...

Love gave us the Lord's Supper. Love keeps it going and love will give us the crown well won. A quartet "Festival Te Deum" was beautifully rendered by Messrs. Porter, Settle and Messrs. Spain and Rowlett.

At the evening hour another great audience greeted the Evangelist, singing was a feature of the evening. The Sunshine Chorus adding much to the service, a quartet sang very touchingly "Warning Child Come Home."

The subject for the evening was "The Second Coming of Christ, The Last Days, The End of the World." Time for the coming of Christ is so near, the Evangelist stated that he believed we who are spirit-filled will be translated like Enoch...

The thinkers of the world agree that all prophecy has been fulfilled except one that is being fulfilled. People are living and going so fast they have no time to go to church or time for Bible reading...

Tonight the subject will be "The World's Greatest Need" Baptism will follow the service. Tomorrow night is High School night again the subject for the message will be "Three Hundred White Roses."

Come friends and enjoy these great messages that Rev. Harris is bringing us. It will do you good. Special music at every service.

B. G. Abeyounis. Now located on Dickinson Ave., between the N. & S. Depot and Forjies & Morton's Warehouse, in one of Flanagan's stores, across the street from the Velvet Ice Cream plant, and will be there while my original store is being remodeled. We are in position to offer the public great values in the line of clothing for men and boys, dresses for ladies and children, shoes, dress goods, and everything we handle. I invite all my customers and friends, and the buying public of Pitt county to call to see us. B. G. Abeyounis Dickinson Avenue
