Combined Facilities of Several Nations Used In Vigilant Watch of High Seas

(By the Associated Press) The blue stretches of the stormy Atlantic are being combed today for the missing avi / s, Captains Nungesser and Coli, 23 hours overdue at New York on their flight from Paris.

Sixty-two hours had passed at three o'clock this afternoon since the "White Bird" lifted her wings from the flying field at Lebourget and not one authentic word of the plane's whereabouts had come from any source.

Steamships are searching seas as they cross between the continents-the liners Westphalia, Cam eronia and George Washingto porting by wireless today that they were keeping a lookout for the Frenchmen.

The United States Government has sent out two big naval tugs the Wandank and Mohave—to scour the waters between Boston and Cape Sable, one of the legs of the course to New York. Heavy fog olinded the lookouts. French destroyers, sub-chasers

and seaplanes cruised about the English Channel in the belief that the fliers have been forced down in that waterway. Off the coast of Ireland ships on their courses hunt ed for the missing airmen. Days may clapse before any definite information comes of the aviators. If forced down off the Grand

Why Wear Longer

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone tire design and construction-and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why Firestone Gum-Dipped Tires are establishing

such unheard-of mileage records.

Low Cash Prices OLDFIELD TIRES Fabric \$5.85 30x3

Fabric 6.85 30x31/2 30x31/2 Cord 7.35 29x4.40 Balloon. 8.40 Cord 13.40 32x4 31x5.25 Balloon 15.35 33x6.00 Balloon 18.35 Oldfield Tubes are

also priced very low Made in the great economical Firestone Factories at Akron and carry the Standard Tire Warranty

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted-actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these

Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The chminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feelng and, sometimes, toxic backhes and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occa-sional use of Doan's Pills—a stimulant diuretic. Ask your

Not only the South, but WORLD Mazagine intends to pre the entire nation loves and respects the valor of the Confederae soldier and it is fitting that on this day each year homage should be paid to the Wearers of the Grey.

READY, IF OUR TURN

Under the heading "It's the Greenville Reflector's Move in Oil Promotion Controversy," the Raleigh Times carried the following yes-

"State Geologist Herman Bryson's explanation of his statements regarding the recent Greenville oil scare, should prove satisfactory to all concerned with the exception of the Greenville Reflector, which, Geologist Bryson asserts, misquoted

"The Greenville paper in an editorial entitled "Talking Two Ways," took Mr. Bryson to task for alleged encouragement given oil enthusiasts in that town. In the same editorial it had the earmarks of attempting to promote a tilt between Mr. Bryson and the learned Dr. Collier Cobb, of the University of North Carolina.

Unless we are seriously mistaken, it is now the Reflector's move."

For the information of the editor of the Times we will state that the above editorial is the first knowledge we have had that Mr. Bryson or anybody else, had denied that our statements regarding his visit and talk in Greenville were true.

When we declared editorially that Mr. Bryson "talked two ways" regarding the possibilities of oil here, we did so from having heard Mr. Bryson make the conadictory statements. So iar. Mr. Bryson has made no complaint to us that he was misquoted, and other than the above editorial we have

Wanted: Original Short Stories

YORK SUNDAY

on with national pride.

America has labored and waited of Lukeman, the greatest wonder morrow. of the world is just revealing itself in the masterpiece at Stone Moun-

tain Memorial. The long, glorious line of thousand noble warriors on the face of a granite mountain will be more sublime than the regal elevation of the Pyramids, more lasting than China's Porcelain Tower Nankin, more fantastic than the Leaning Tower of Pisa, more beautiful than the Hanging Gardens of Bablyon. It will combine the won ders of all these wonders and surpass them all.

The glory and satisfaction of Stone Mountain Memorial is that it pays tribute to the heroes who have passed on and does bonor to the ones living. To make it this in truth, we call upon the children of North Carolina to pay this double tribute on Memorial Day, May 10. Bring your flowers in memory of

honor to your living Confederate Every five dollars pays for a subscription for the name of one living veteran and the name of the

your dead and bring a penry to do

Salesman For Face Cream Learns a Good Lesson

Mr. Vandivier, New York, writes: "1 was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples and blackheads, I tried one salve after a high vitamine content. another with no results. I found it as impossible to sell skin creaps as a bald headed man finds selling hair tonic. Finally I decided I would have to get al the cause—constipation. I was amazed to find that within a lowdays after taking.

VEGETABLES FOR VITAMINES

(Editor's Note: This is one of the un-ual cooking articles by 6 famous cooks.) Vitamines! What are they? We hear about them on all sides. "They are necessary for normal nutrition, necessary for

growth," it is said. Their chemical nature is not known. But it is an established fact, that TYSON RORER

when they are lacking in the diet, health suffers. Certain diseases are attributed to this lack-outstandingly

Vegetables, fruits and milk are rich in vitamines. Spinach and tomatoes contain a higher percentage of vita-mines than any other foods.

The Year Around

Can we have plenty of vitamines the diet the year around? Cer-inly. And very easily, too, in nued vegetables and fruits, among her things. (Though canning les-na the vitamine content some-

Mrs Sarah Tyson Rorer, the Phil-adelphia cooking expert, gives to-day a few simple rules for canning vegetables.

Vegetables.

"Light your stove first. Puv a wash boiler filled with water on one burner, a teakettle on another, and a large pan of water on the third.
