BRITAIN TO TERMINATE TRADE AGREEMENT WITH RUSSIA NEXT THURSDAY

Withdrawal of Trade Delegations and Soviet Mission is Also Pending Today.

London, May 24.—(AP)—Premier Baldwin told the House of Commons today that Great Britain would terminate the trade agreement with Russia on Thursday and require withdrawal of the trade delegation and Soviet mission from London unless the House should express disapproval of this course.

The Premier added that Great Britain, if the House approved, also would recall her mission from Moscow.

The Premier stated that the legitimate use of aeroplanes was not affected by the government's decision and that the government was prepared, while terminating privileges conferred by certain articles of the trade agreement, to make all the arrangements necessary for ordinary trade facilities between the two countries.

Premier Baldwin, answering a question by J. R. Clynes, Laborite, this afternoon as to whether he could now make a full statement regarding the raid on Soviet House and the result of the search, replied, "Yes sir," to the accompaniment of loud Conservative cheers.

The Premier said that for many months the police in collaboration with the military authorities have been investigating the activities of a group of secret agents engaged in an attempt to obtain highly confidential documents relating to the armed forces of Great Britain.

Premier Baldwin continued that these suspicions were confirmed when early this year, a British subject employed by the air force, was convicted of stealing two such documents. These documents were recovered and the individual was put in prison.

The Premier said that from information received and evidence obtained as a result of these investigations, it became increasingly difficult to resist the conclusion that the agents were working in behalf of the Soviet government and had obtained their instructions from members of the Russian trade delegation, who were working at a Soviet House and who had arranged for the conveyance to Moscow of photographs or copies of the documents obtained.

During the raid on Soviet House the Premier said, a locked room was found containing a man hastily burning papers. After a struggle one of these papers was secured. It consisted of a list of secret addresses, including some in the United States.

Southampton, Eng., May 24.—AP Former Premier Ramsay MacDonald, Parliamentary Labor leader, arriving on the Berengaria from his American trip, said the Labor party was prepared to challenge the government to an election in case of a complete break with Russia.

FRANK TAYLOR REPORTED TO BE IMPROVING

Injuries of Principal Of Gun Battle Not Considered Necessarily Fatal.

Frank Taylor, white man, who sustained serious injuries in a gun battle with negroes Sunday afternoon at Red Banks, was reported, as getting along as well as could be expected, by attaches of the local hospital where he is receiving treatment. While his wounds are considered of a serious nature, it is not believed they are necessarily fatal. Two 32-20 pistol bullets took effect in his abdomen.

John Little, colored, who is alleged to have shot Taylor, and who was mortally wounded in the engagement, was buried yesterday afternoon. He died yesterday morning about five o'clock. Babe Brown, another colored man, said to have been shot by Taylor, was seriously injured, but is expected to recover.

Coroner E. S. Williams began an investigation of the shooting yesterday morning, but was unable to complete the inquiry because it could not be determined at the time whether Taylor would recover. Following the examination of two witnesses and the empanelling of a jury, the inquiry was postponed until tomorrow.

Jury Out For Ride Capture Still

Washington, N. C., May 24.—(AP)—North Carolina has known all types and kinds of prohibition raiders from the Carrie Nation type of the late nineties down to the modern day rum raiders, but the first recorded case of a jury sitting in a court case making a raid came to light today.

The jury is sitting in action here to nullify the will of the late Superior Court Judge John H. Brown. Sunday the jurors grew tired of sitting around.

"What do you want to do?" asked a juror. "Let's go for a ride." A bus was obtained and the ride started. Finally a juror wanted to go to Coburn Springs, a once locally well known picnic ground. A juror slightly ahead of the rest sped a still in full operation. The deputy sheriff finished the job.

Roanoke, Va., May 24.—(AP)—Two persons were killed and several others injured near Princeton, W. Va., today when a Virginia passenger train was derailed.

DRY WEATHER HOLDS SWAY

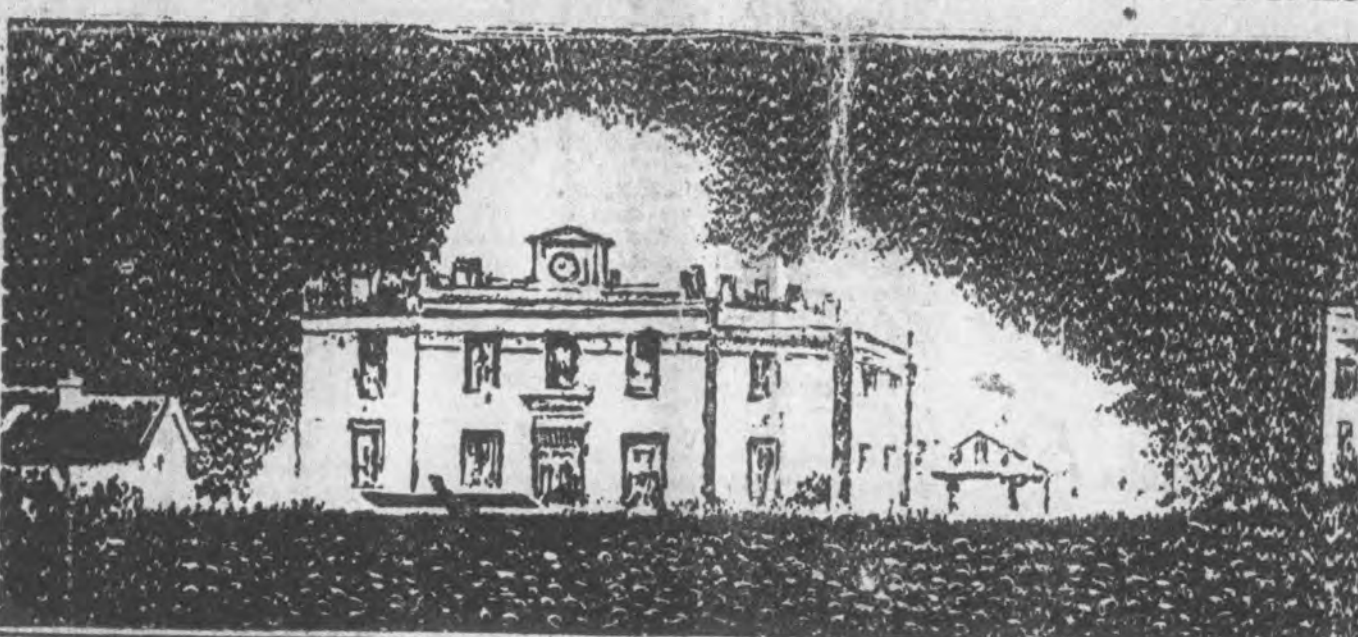

Greenville and Vicinity Gets Only 1.72 Inches of Rain Since May 1st.

B. T. Clark, local weather observer, stated this morning that Greenville and vicinity had had only 1.72 inches of rainfall since the first of the present month. The greatest precipitation for the entire month accompanied the wind and hail storm which did considerable damage in and around Greenville about two weeks ago. Only one shower of a minor nature has occurred since that time.

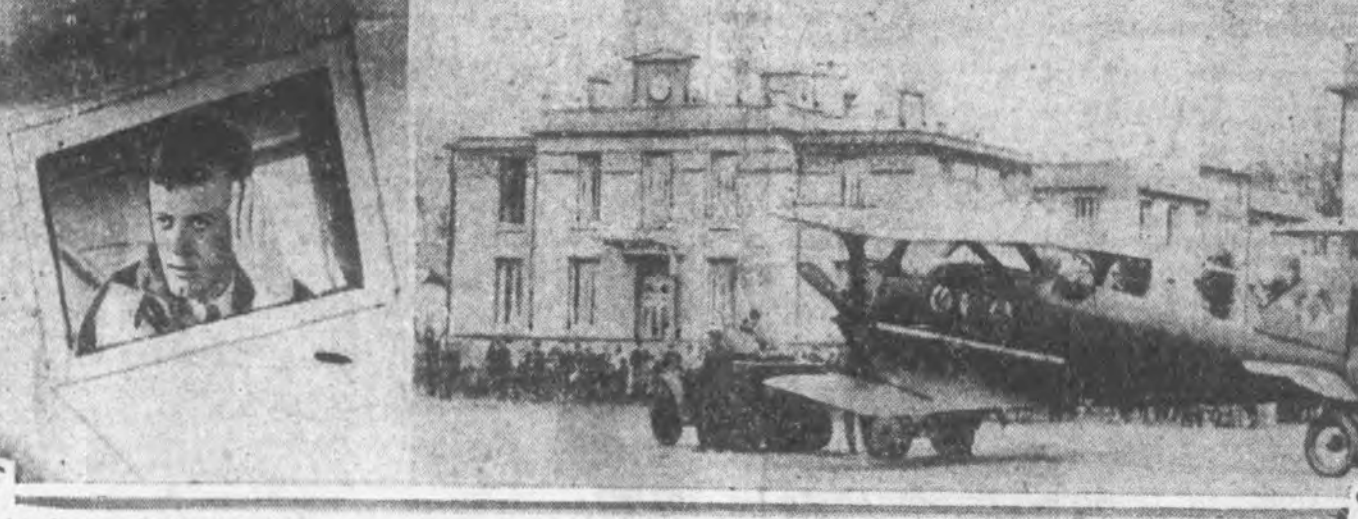

The lack of rain is being felt in virtually all parts of the county, and today many farmers were complaining of the condition of their crops. The dry weather in this locality, however, is not as pronounced as in other parts of the state where it has approached drought proportions. The situation has become so serious in some of the southwestern communities that prayer services are being held in supplication of rain.

While the dryness is beginning to affect the crops in Pitt county to no little extent, indications today were that rain would be promised before an actual drought makes itself felt.

CAPTAIN CHAS. LINDBERGH ARRIVED IN PARIS

At the top is the first picture to record the arrival of Charles Lindbergh in Paris. It was carried by plane to London, radioed to New York and sent here by fast train. It shows the hotel at Le Bourget Aerodrome, bathed by searchlight and surrounded by a milling crowd fighting to glimpse the American aviator. His plane may be seen silhouetted against the building.

Below are shown Lindbergh shortly before he took off and a daylight picture of the hotel a few days before Lindbergh arrived. The plane in the latter picture is a Beriot-Spad, one of those that went to greet him. (Int'l. N. R.)

ITALIAN FLIER FORCED DOWN NEAR AZORES

De Pinedo Unable to Penetrate Heavy Fog 150 Miles From Island Destination.

New York, May 24.—(AP)—The first definite word that Francesco De Pinedo, four continent flier, was apparently safe, was reported this afternoon by the Radio Corporation of America to the Associated Press in a radiogram picked up by the radio corporation's coastal station at Chatham, Mass., reporting "All well," with his plane Santa Maria.

The Radio Corporation said the message, originating with the steamer, Cabo Torres, was relayed thru the Leviathan and read: "Sailing vessel Infanta Vesagies, bound southeast toward Italian hydro-airplane Santa Maria Savoia 40016. All well."

The Cabo Torres was at latitude 41.25 north and longitude 32.28 west when the sailing vessel towing the Italian's plane was sighted at 12.50 G. M. T., or 8.50 Eastern Daylight time.

Buenos Aires, May 24.—(AP)—Wireless advices from Lisbon to La Nacion said that Commander Francesco De Pinedo landed 150 miles from the Azores because of fog and that his machine was being towed to Horta.

Horta, Island of Fayal, Azores, May 24.—(AP)—Commander De Pinedo's seaplane, which failed to reach here from New Foundland, is reported in tow of a sailing schooner about 240 miles west of Fayal Island. One of the wings of the plane is crippled and there are other minor damages. The Portuguese gunboat Beira is on the way to the scene.

Name Registrars Vital Statistics In Pitt County

John R. Barker has been appointed registrar of vital statistics for the town of Greenville, according to announcement made this morning. Mrs. Blanch Cherry was appointed to a similar office with jurisdiction in all parts of the county outside of Greenville. Mr. Barker stated this morning that it is imperative that a complete report be made of births and deaths throughout the county, and urged the public to co-operate with the registrars in making this possible.

Round of Festivities For Lindbergh In Paris Shows No Signs Waning Today

Paris, May 24.—(AP)—Captain Lindbergh made his second Paris speech at a luncheon given in his honor today by the American Club. It was even a greater success than his first, given last night, although he stuck to the same simple style.

After holding the guests spellbound for ten minutes with a most modest description of his New York flight, he concluded: "I hope I haven't kept you too long," and sat down amid a terrific round of applause.

Paris, May 24.—(AP)—Captain Charles A. Lindbergh is firmly established as an idol in France. Today the third since he completed his memorable air journey, the enthusiasm of Parisians showed no signs of waning, and his natural simplicity was making fresh friends every hour.

The universal spontaneous affection felt for him among all classes and conditions of Frenchmen is absolutely unique. No honor, it is felt, can be adequate to express the national admiration. His every action is talked of eagerly by impetuous Gallic people; he is sung of by popular bards.

"Lindbergh, the saga!" is on every lip. Primitive bands, consisting of violin, guitar and concertina, peddle songs written in his honor in every market place and square, the men warbling the verses through megaphones.

But the people are not satisfied with talking and reading about him. They want to see him and have not had much opportunity. It was with the idea of satisfying this popular desire that the city council fixed on Thursday, which is ascension day and a public holiday, for a reception so that as many as possible can get a glimpse of him.

On that day the president of the city council, the vice president and officers of the assembly will go in state to the embassy to accompany Lindbergh in an open carriage by the Arc de Triomphe through the champs Elysees and the Rue Rivoli to the City Hall, on the steps of which he will be presented to Parisians. Later he will sign the "Golden Book," as did Louis Blériot after he flew across the English Channel 20 years ago.

Lindbergh knows that the people above all, want to see him in action in his element, and he is going to try to give them an exhibition of the skill which brought him across the ocean with the regularity of a crack express train. He is planning to make a flight over Paris Thursday aboard his "Old Bus," the Spirit of St. Louis.

MILTON CARR AWARDED \$500 DAMAGE SUIT

Administrator of Wreck Killed in \$500 Damage.

Milton Carr, administrator of Rome Carr, colored man, who was killed on the highway some time ago by a car driven by Church Perkins, of this city, yesterday was awarded damage of \$500 by a jury in the civil term of Pitt county Superior court, which convened here yesterday morning.

Five other cases were disposed of during the day's hearings, two of them consisting of compromise action, and two non-suits.

The Hooker Wholesale Co., suing R. M. Johnson for the recovery of \$200 in payment of a mortgage on some goods which they held against the defendant, were awarded judgment for the total sum.

Compromise action was taken in the case of Fisk Tire Co. vs. W. T. Bryson and J. K. Proctor, trading as the Greenville Storage Battery Co. Settlement provided for the payment to the plaintiffs the sum of \$2,114.96 with interest from Nov. 30, 1925, and cost of action.

Non-suit was ordered in the case of F. S. Royster Guano Co. and Blount-Harvey Co., Inc., vs. L. W. Wilson and wife, Maggie Wilson, involving an old account.

Compromise was also ordered in the action of Blount-Harvey Co., Inc., vs. H. H. Proctor.

Non-suit resulted in the case of N. B. Dawson et al., vs. I. L. Robinson.

Numbers of cases of minor importance will be considered during the two weeks court will be in session. The majority have been on the calendar for several months and special effort will be made to finally dispose of them, it was stated yesterday morning by court officials.

LAST DRY SPOT IN SUGAR BOWL NOW IN DANGER

An Area of Approximately 150 Miles Threatened by Inundation Today.

Baton Rouge, La., May 24.—(AP)—Waters from the Atchafalaya River were sweeping down the east bank of the stream through a gap 600 feet wide at McCrea on the east bank of the stream at 7 o'clock this morning, according to Lieutenant Kiefer, who flew over the break. The aviator said the crevasse was rapidly widening with the main force of the Atchafalaya sweeping through the gap.

New Orleans, May 24.—(AP)—The last dry spot in the famous Louisiana "sugar bowl"—an area approximately 150 miles north of New Orleans on the west bank of the Mississippi—was threatened with immediate inundation today through a break in the levee at McCrea, ten miles above Old river on the bank of the Atchafalaya.

Two thousand men, augmented early today by an additional thousand and saw their frantic work go for naught when the pent up waters rushed through at 3:30 this morning. Parts of five parishes were in the new path of the flood.

Information of the break reached flood relief director John M. Parker from the sheriff of Point Coupee Parish, whose son was at work on the levee when the crevasse occurred. Secretary of commerce Hoover was immediately informed.

Warned of the danger, 1,500 persons had been evacuated from the area and a fleet of boats and many men recruited from refugee camps concentrated on the section during the early hours.

Plans were made today to dynamite Bayous in the Bayou Chené country, approximately 100 miles west of New Orleans, where 150 persons were said to be marooned. Rossina Piro, in charge of water transportation for the Red Cross at New Iberia, said the persons marooned were in a precarious position and that it had been reported that they had already been forced to their house tops.

Access to the inundated section which is on the southern border of the vast lake which is sweeping gulfdward from the north has been cut off by the heavy growth of water hyacinth in the Bayous, roads have been inundated for some time.

Miss Piraro said that only one boat had been able to make the journey to Bayou Chené so far and that the crew reported when they returned to New Iberia yesterday afternoon that they had to saw their way through.

Unless more boats are able to get through at once, those who live along the Bayou will be in grave danger, she said. The water hyacinths have added to the troubles of those living along Bayou Teche and other Bayous of the section. Huge masses of the loosened by the unprecedented flood waters, have floated down the Bayou and lodged against bridges and piers and have added greatly to the strain of the High Waters. In some cases they have forced closing of the bridges.

The water hyacinths on the Louisiana Bayous form a problem during normal times. After the hurricane last fall they were backed up in Bayou Teche to a depth of nine feet in some places and were so solid that men and horses could cross them in some places. A party of volunteers left New Iberia this morning with dynamite to open the way into the Chené country.

Brussels Prepares To Welcome The American Flier

Brussels, May 24.—(AP)—As in Paris, the American embassy here will take charge of Captain Lindbergh when he lands here Saturday on his flight from Paris. James C. Dunn, the American Charge d'Affaires, was engaged today in making arrangements for his visit, and the American Club was planning a big banquet in his honor.

It is believed almost certain that King Albert will wish to see the daring aviator from overseas as soon as he arrives, for being a veteran flier and a man of scientific tastes, he has shown a special interest in everything pertaining to Lindbergh's and his remarkable achievement. The King was one of the first in Brussels to ask Mr. Dunn to send his personal congratulations.

A number of other ceremonies to honor the American only await official announcement of his visit to take shape.

NEW YORK TO GIVE FLIER A BIG WELCOME

Preparations to Receive Lindbergh Reach Unprecedented Proportions.

New York, May 24.—(AP)—New York's welcome to "Slim" Lindbergh today assumed proportions that might well justify his expression in Paris when he said he is "tired of what these New Yorkers will do" when he returns.

All the traditional welcome festivities that New York loves to extend to returning heroes and heroines and visiting royalty will be carried out on a scale far exceeding anything of the past.

The municipal tug, Macon, which has gone down the bay to meet Bobby Jones, Trudie Ederle and other notable folk, will carry an official reception committee to meet the conquering aviator.

There will be a triumphant parade from the Battery, between the towering skyscrapers of the financial district. The returning hero will be escorted to City Hall where he will be received by Mayor Walker.

Many, however, assert the aldermanic chamber is far too small to hold even a small part of the dignitaries who will wish to greet the Paris flier and suggestions have been advanced that the Yankee Stadium be substituted.

Details are awaiting definite announcement of the date when the young aviator will return. "Misunderstandings attendant upon zealous welcome plans have arisen."

D. F. Mahoney, president of the Ryan Air Line, Inc., builders of Lindbergh's plane, said the flier had not authorized a testimonial dinner of the American sportsmen, planned by a group headed by Richard R. Sinclair.

Colonel Theodore Roosevelt, who had consented to act as toastmaster, asserted he had withdrawn from the affair last Sunday, after he had forbidden Mr. Sinclair to use his name until it was established the affair met with the approval of Lindbergh.

Mr. Sinclair, however, declared Lindbergh had approved the function before he departed. "The people of New York City are impatient in their anxiety to greet Captain Charles Lindbergh and to make his reception here a memorable event," Mayor Walker said.

Senator Royal S. Copeland of New York has asked Secretary Wilbur to despatch a warship to France to bring Lindbergh back to this country.

Presentation of the \$25,000 Ortego prize, won by the aviator, will take place in America. Friends of Lindbergh today said they believed he would reject the hundreds of offers, totalling more than a million dollars, for his appearances in movies, vaudeville and other enterprises.

KEELER SAYS A 300 MAY WIN IN NATIONAL

(By O. B. Keeler)

The "white faces" of Merion the furrowed faces of Oakmont. They have out-stared many a good game golfer and trapped many and many a shot. Great championship courses, both, with a somewhat different fashion as to bunkers.

We shall doubtless hear much in the near future of the furrowed bunkers at Oakmont, near Pittsburg, where the United States open championship will be held June 14-16.

The "white faces" already are famous. It was Chick Evans named them that just before the national amateur championship of 1924. Two hundred and fifty bunkers to the very brim, staring at you every time you got off line, staring menacingly, ready to catch your next shot.

"The White Faces," said Chick meditatively, looking out over the great course. "How they stare at you! And they'll get you, if you don't watch out!"

Well, they got Chick there, in 1924.

And the field at Oakmont will find bunkers, termed traps in our simple Americanese, not faced so high and with not such speckles of white sand, but furrowed.

It is a sort of tradition, at Oakmont. The theory there is that the player is not compelled to shoot into a bunker and that when he does certain punishment should ensue.

The plan is this. Every morning the sand in every bunker is gone over with a curious sort of rake which arranges the sand in grooves and ridges, the grooves being about as deep as the diameter of a golf ball, and as far as possible set crosswise with the line of play from any part of the bunker.

At Oakmont the fairways are side-guarded severely, and you may find your ball, if off-line, in the most scientifically placed trap a golf architect can devise, perhaps 200 yards from the green. But you will not take your trusty No. 2 iron and attack that ball with the idea of reaching the green from a clear line lie on the sand, and saving a shot. No—you will take your trusty niblick and you will excavate, intent grimly on getting that ball out of the bunker and back on the fairway. Nothing more.

If you would save strokes at Oakmont, you may as well make up your mind to stay out of the furrowed bunkers. One shot alone is to be relied on from an Oakmont bunker—the blast. If you are adjoining or very near a green and happen to be a master of the explosion-shot, you may get the ball onto the putting surface, even near the pin. But you won't chip it there. And along the fairway you won't startle the gallery with any brilliant recovery shots of 190 yards. You will blast to get out.

The only thing that will save a wild driver at Oakmont is to be so very wild that his shots go clear outside the furrowed bunkers. And then he likely to find unmitigated grief awaiting him there. Oakmont offers 7,000 yards of truly championship golf course, well guarded against the habitual par-busters. I should not be greatly surprised to see a score of 300 win the coming championship there.

GRANTED DIVORCE

Paris, May 24.—(AP)—A decree of divorce was granted to the Princess Galatin, formerly Almee Crocker (California heiress).

The court upheld completely her contention that Prince Mislav Galatin, whom she married here in September, 1925, had deceived her and maintained intimate relations with other women.

TUNNEY TO GET READY FOR SHARKEY

New York, May 24.—(AP)—Having seen Jack Sharkey in action against Jimmy Maloney, Gene Tunney has come to the conclusion it is about time he began to train for that heavyweight title bout in September against the winner of a Sharkey-Dempsey match.

"Sharkey is as good a fighter as I ever saw," said the champion as he made arrangements to leave New York the end of this week for the tiny Lakeside hamlet of Speculator, N. Y. in the Adirondacks, where he trained for the title fight with Dempsey.

"Sharkey has everything. I was astonished when I saw him last Friday night."

WHITE SOX NEXT TO TOP IN AMERICAN

(By The Associated Press.)

Defying the experts who consigned them to the second division at the start of the season, the Chicago White Sox not only had a tighter hold on second place in the American League today, but actually were threatening the lead of the pace hitting Yankees.

The three hit victory pitched by the White Sox hurling ace, Alphonse Thomas, against the St. Louis Browns yesterday, went down in the records as one of the finest pitching exhibitions seen in either league this year and gave the critics one good reason why the Sox are up where they are.

Of the White Sox 20 victories this year, Thomas has pitched seven being only two games. In the latest addition to his string he beat the Browns 4 to 1 and came within an ace of a shutout. Up to the time when the Browns made their single run, Thomas had pitched 55 scoreless innings.

At the same time the Sox were winning the Yankees were losing to the Senators 3 to 2, enabling the Chicago Club to cut down the New Yorkers long lead to less than 100 percentage points.

Both of the New York runs were scored on homers by "the home run twins," Babe Ruth and Lou Gehrig and both came in the first inning. The third man up, Ruth, cracked one into the centerfield bleachers for his eleventh circuit wallop of the season and Gehrig who followed him, knocked another new ball over the right field fence for his tenth, but that was about all the heavy hitting there was in Yankee bats that day.

MRS. J. E. DICKINSON ENTERTAINS

Complimentary to Miss Hadley Woodard, of Wilson.

Mrs. J. E. Dickinson entertained at her home last Friday afternoon, at a garden party, in honor of Miss Hadley Woodard, of Wilson, it being one of the most elaborate parties of the season. Profusions of early summer flowers were used in the decorations. The garden, home and porch were attractive with Dorothy Perkins roses, ragged robin and larkspur, carrying out a color scheme of pink and purple.

A number of Wilson guests were present and upon their arrival were shown to the sun parlor, where the color scheme of black and yellow was emphasized with black-eyed Susans. They were then invited to the lawn to meet the Greenville guests.

Mrs. Dickinson, Mrs. J. H. Blount, Mrs. J. Key Brown, Mrs. H. L. Rivers and Mrs. J. E. Winslow greeted the guests and introduced them to the Wilson visitors. Delicious punch was served on the porch. The hostess was assisted in receiving at different places on the lawn and porch by Mesdames S. T. White, J. L. Fleming, J. L. Skinner, Jr., J. L. Hassell, W. I. Skinner, B. W. Moseley, C. S. Forbes, C. J. Ellen, T. E. Hooker, Penn Watson, Malcolm Thompson, R. B. Brunson, Larry James, George Hadley, W. I. Wooten, K. B. Pace, and E. S. Williams and Misses Margaret Fleming and Ernestine Forbes.

During the afternoon ten young ladies from the East Carolina Teachers College, entertained with the "Dutch Folk Dance" and Miss Louise Dickinson with the "Hobo Dance." The Misses Morton played selections on the piano and violin, and Miss Nellie Bond Dickinson played the clarinet.

A pretty ice course was served by the young ladies in Dutch costume, assisted by Misses Louise Winslow, Nellie Bond Dickinson, Florence Jones and Lela Davenport.

The Wilson guests, besides the guest of honor, were:

Mesdames J. Ed Woodard, F. L. Woodard, J. W. W. Thompson, Tom Washington, George Connor, Lawrence Brett, Ed Barnes, W. T. Clark, W. A. Finch; Misses Sallie Hadley, Bessie Rouse, Melvin Fort, Ida Wiggins and Mary Hadley Connor.

BIRTHDAY DINNER FOR DR. WRIGHT

Mrs. R. H. Wright tendered Dr. Wright a delightfully enjoyable surprise birthday dinner last Saturday evening at 6:30 o'clock. The dinner was a stag affair and covers were laid for ten. The home was decorated with Dorothy Perkins roses. The decorations in the dining room were sweet peas and the table was prettily appointed with a center piece of sweet peas. An elegant four-course dinner was served.

Those present besides the honor guest were Messrs. E. G. Flanagan, H. A. White, H. E. Austin, J. L. Little, F. C. Harding, L. R. Meadows, W. H. Dall, J. D. Rogers and Dr. R. L. Carr.

TWISTER HITS MISSOURI

St. Joseph, Mo., May 24.—(AP)—A Kansas twister came across the Missouri river early today and caused damage estimated at \$150,000 in St. Joseph.

The path of the tornado was little more than a block wide and the length of about a mile. The only damage in the residence district was fallen chimneys and trees and broken windows. No lives were lost. One man was injured by falling bricks.

evening in 'Finding the Pin' and other games. Music and singing was also enjoyed.

Delicious tea and sandwiches was served in the dining room. The center piece was sweet peas and rambler roses. Toasts 'To the Hostess,' by Miss Willard Allen and 'To the Boy I Love,' by Miss Almeta Jolly, were thoroughly enjoyed.

After giving three cheers for their hostess 'Sadie,' and three for their teacher, 'Leota,' the class departed declaring they had spent a most enjoyable evening. Twenty-five members and four visitors were present.

The members of the Red Oak fire company have been called into services four times within the last month or two. The lightwood pile on Mr. Persane Tyson's yard caught fire, but the fire company was soon on the scene and the fire extinguished. The woods back of the church and one of the outbuildings was on fire but they also put that out before much damage was done.

Mrs. J. J. Jenkins, Mrs. James Allen and children and Mrs. Leon Tyson motored to Wilson a few days ago to take Mrs. John Pickard of Asheville.

Miss Naomi James of Liberty, N. C. is visiting at the home of her uncle, W. G. Stokes.

The contest at Red Oak Christian Sunday school got off with a flying start Sunday morning. There are four classes in Sunday school and they are racing against each other to see who can win the most points by the fourth Sunday in June. Each member present counts five points; each new member fifty points; each visitor ten points; each member that goes all five Sundays one hundred points and each member of the Bible read, one point. Largest collection, 25 points. Over four hundred chapters of the Bible were reported read Sunday. When the score was counted it was found that Mrs. Leon Tyson's class was ahead—watch the paper each week for a report on how each class stands.

Next Friday afternoon at two o'clock there will be a typhoid fever clinic at Frog Level school house for both white and colored. The vaccination is free and everyone who has not had it should avail themselves of this opportunity.

H. C. TURNAGE LAID TO REST

Funeral For Retired Merchant and Farmer of Fountain Held Monday Afternoon.

Funeral services were held yesterday afternoon for H. C. Turnage, retired farmer and business man, who died at his home in the Fountain community Sunday evening at eight o'clock. Death followed feeble health resulting from old age, and was expected momentarily.

The funeral was conducted by Rev. Amos Crisp, pastor of the Primitive Baptist Church at Aultres Creek, assisted by Rev. Mr. Campbell, pastor of the Presbyterian Church at Pinetops.

Active pallbearers were: T. C. Turnage, W. J. Turnage, D. L. Turnage, A. M. Moore, E. G. Gaynor, W. D. Gaynor, W. G. Shepard and B. R. Fields.

Honorary: S. S. Nash, John Long, C. H. Dowdy, R. L. Davis, M. L. Moye, R. A. Tyson, B. F. Eagles and J. L. Wiggins.

Mr. Turnage was 83 years of age, having been born on the old Turnage homestead a few miles from Farmville, May 5, 1844. He was among the youth of this section to take part in the Civil War. He saw service in the memorable battle at Gettysburg, being a member of a company made up in this immediate locality. Returning home from the war, he engaged in farming. At a later date he operated a store in the Farmville section.

He was married to Miss Alice Jefferson thirty-seven years ago, and she with four daughters and one son survive: Mrs. M. E. Lane, Pinetops; Mrs. G. E. Trevathan, Tarboro; Mrs. Harry Johnson, Fountain; Mrs. F. L. Parker, Pinetops and F. D. Turnage, of Fountain. He is also survived by a brother and sister, A. P. Turnage and Mrs. Alfred Moore, both of Farmville.

Wild Scenes Mark Arrival Of Lindbergh

Paris, May 24.—(AP)—A pair of trousers, hundreds of hats, ladies' and men's coats, handbags and odd shoes have been gathered by the army of workmen cleaning the Le Bourget flying field. Squads of gardeners were at work today replacing shrubs and flower beds, trampled or torn up by the enthusiastic crowds that swept over the field when Captain Lindbergh landed Saturday night, while mechanics were putting in a new fence to replace the one flattened by the eager mob.

About fifty persons were more or less hurt in the crush; three of them on examination at the hospital were found to have fractures. A few policemen and soldiers also were injured, while rescuing the blame from the fury of souvenir hunters.

Lindbergh's feat has drawn forth favorable comment from even the Chief Executive of the nation. In his epochal flight across the Atlantic he has given America and the world a wonderful lesson. The question is will the government be as quick to grasp the real meaning of Lindbergh's achievement as it was to shower its praise upon him for his success. He has pointed the way to greater achievement in the way of aviation and now it is up to the government to follow his lead. He has proven that America has the fliers, the rest is up to the government.

Members of a Beaufort county jury, out for a joy ride, captured a moonshiner still. It's a pity there are not more such juries in the state. Apparently it is a hard matter to get juries to convict moonshiners after someone else has done the capturing and the jury that lends aid in capturing a still is indeed on the job.

Some forty American authors have organized for the "suppression of irresponsible censorship," or, in other words, for the censorship of the censors.

Mussolini is said to point with pride to samples of wheat which will be sowed with his own hands in a field that he plowed himself—and with an air, it is intimated, implying that even nature bows to his sovereign will. Yet it must be admitted that his plowing and sowing was a rather democratic performance.

SCARLET PETALS

The poppy, long the emblem of opiate forgetfulness, is now the sign of remembrance, too. Yet this choice is not wholly inappropriate. Observe how the poppy sheds scarlet petals at the touch of a rough hand—for four years the world was splashed with the same red while nations traded blows. It is a common flower—they whose graves it now decorates were mostly common men. Note its pert arrogance—these fallen had the swagger of venturesome youth. Watch it thrive in poor soil—these faithful endured privation. It has no excuse for being save its beauty—they had no reason for fighting save their patriotism. The poppies will come again each Spring, and youth will ever enlist in good cause—but not the same poppies, nor the same youth.

In the United States on Memorial Day tens of thou-

sands of poppies—or rather their paper substitutes—will flame in American streets. Again it is not inappropriate since these artificial flowers are made by disabled or needy ex-service men, the most of whom now lead artificial lives. A copyright label guarantees the origin of these "buddy poppies" and the sale has been endorsed by three President of the United States, by a host of organizations and individuals "let we forget."—Rotarian.

Veteran Loan Checks To Be Mailed Out

Raleigh, May 24.—(AP)—Checks for the first two loans made by the State under provisions of the veterans' loan act will be mailed out tomorrow, Colonel John Hall Manning, executive secretary of the loan board, said today. The checks for \$3,000, go to veterans of White and Edgecomb counties and are loans secured by extraordinary good collateral, Col. Manning added. Under the provisions of the veterans' loan act, the State was authorized to issue bonds for a fund of two million dollars to be loaned to North Carolina veterans of the World War for the purpose of enabling them to build homes. The terms on which the loans are made are a little more liberal than terms which can be secured from the banks of the State.

WANT ADS PAY CLEAN KIDNEYS BY DRINKING LOTS OF WATER

Take Salts To Flush Kidneys If Bladder Bothers Or Back Hurts

Eating too much rich food may produce kidney trouble in some form says a well-known authority, because the acids created excite the kidneys. Then they become overworked get sluggish, clogged up and cause all sorts of distress, particularly back-ache and misery in the kidneys region, rheumatic twinges, severe head aches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any food pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acid in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean thus often avoiding serious kidney disorder.

Pitt County Club At University Elects New Officers

Chapel Hill, May 23.—On Thursday night the Pitt County Club of the University of North Carolina in the final meeting of the year, elected new officers. Tom Johnson, Ayden, was elected president. The other officers elected were Clifton Stokes, Grifton, vice president; and Willis Whichard, Stokes, secretary and treasurer. Johnson will be a senior next year, while both Stokes and Whichard are members of the rising junior class. John Lewis, ridding president, presided at the meeting and gave a brief survey of the accomplishments of the club during the year. He also made a few remarks concerning the work of the club for next year. One of the greatest achievements of the club was the issuing of the "Carolina Reporter," the first paper to be issued by a county club. This paper had as its purpose the boosting of both Pitt county and the

Was Suffering Dreadfully, Just "Wasting Away," Took Cardui, and Says It Helped Her.

Arlington, Texas.—A resident of this town for many years, Mrs. J. H. Jackson, says: "I had suffered dreadfully with an aching all over my body. At times my head would give me so much trouble I could hardly stand it. I had been in bed for weeks and it looked like I was just wasting away. I took 9 bottles of Cardui and my strength began to slowly return. "Since that time I have used this medicine a good many times and it has always helped me. "At one time I took Cardui for several months regularly. I would be afflicted with sudden spells of dizziness when I could not stand on my feet. Everything would turn black before my eyes and I would feel as if I were going to faint. At times I would be quite nauseated. I turned at once to Cardui and took it till I was safely through." Cardui is a mild, medicinal tonic, made from purely vegetable ingredients. It has been in use for over 50 years, and in that time thousands of women have written that Cardui helped them back to good health. Sold by all druggists. NC-182

University with the aim of getting more Pitt county youths to go to college. In addition to this it served as an organ through which the alumni might keep in touch with the events of the campus. Frank Wilson and Willis Whichard made short talks in which they urged the boys to take more interest in the work of the club next year and make it the greatest year in its history. They stressed the fact that new members should be made to feel that they were an essential part of the club. Willis, especially urged more varied programs with short talks by men prominent on the campus. A rising vote of congratulations was given John Lewis, Farmville, who was recently initiated into Phi Beta Kappa, national, honorary scholastic fraternity. After all business had been disposed of, the members remained to enjoy a supper and social hour.

Although there have been complaints from gardeners and farmers of a lack of moisture in recent weeks, the situation was not brought forcibly to the front until prayers or rain were said in some Wilmington churches on Sunday and yesterday the Ministerial Association of the city adopted a resolution urging all religious bodies to pray for rain. Sister and Two Brothers Dead

Knoxville, Tenn., May 24.—(AP)—Sam and Floyd Phillips and their sister, Louise Phillips, were found dead today in what police believed was a case of double murder and suicide.

The finding of the decapitated body of Sam Phillips on the Southern Railway tracks just west of the city resulted in the discovery of the bodies of Floyd and Louise Phillips in the house the three occupied on Edgewater Street. The latter two had been attacked with an axe, the skulls of both having been crushed. Persons residing near the point where Sam Phillips' body was found told police they had seen him walking excitedly back and forth along the tracks and one said he saw Phillips throw himself in front of a freight train. Police advanced the theory that Sam Phillips had slain his brother and sister and then ended his life, although no motive was known. Sam Phillips was a textile worker residing in the Marble City suburb.

Keep Fit!
 Good Health Requires Good Elimination.

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and achy. A nagging headache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

Flat Tread Balloon

The Firestone Gum-Dipped Balloon with its scientifically designed tread permits free flexing, easier riding, extra comfort and safety. The balloon tire with heavy, flat tread design is obviously stiffer and rides harder. The excess rubber, placed for appearance at the edges of the tread, is not only wasted but produces hinging action causing ply separation and "shoulder breaks."

Firestone designed and manufactures Oldfield Tires and Tubes, distributing them direct to Firestone Dealers only, through 148 Factory Warehouses. This efficient and economical distribution assures tire buyers everywhere, clean, fresh stocks of Firestone and Oldfield Tires in all types and sizes, and has helped to make possible today's remarkably low prices—the lowest in tire history. Market Report

Cotton--Stocks--Grain

COTTON

New York, May 24.—(AP)—A bullish private crop report, combined with the government report pointing to a greater survival of boll weevil than last year and an unsettled weather forecast led to a renewal of buying in the cotton market today. An opening decline not only was recovered, but prices made new high ground for the movement, July selling up to 16.90 and January to 17.20 or 7 to 10 points net higher. There was considerable realizing at these figures, but it was readily absorbed. The mid-afternoon market held within 3 or 4 points of the best.

STOCK MARKET

New York, May 24.—(AP)—Increased selling pressure accompanied the resumption of the upward movement in today's stock market, giving the general list an irregular appearance most of the time. Marking up of the renewal rate on call money to 4 1-2 per cent, coincident with the calling of about \$15,000,000 or \$20,000,000 in loans, had a tendency to dampen bullish enthusiasm, although it was generally agreed that the stiffer money rates were only temporary.

The closing was steady. Total sales approximate 2,200,000 shares.

JURY UPHOLDS WILL OF JOHN S. EHRD

Abermarle, May 24.—(AP)—The jury hearing the case of the attack on the will of the late John E. Ehrd today returned a verdict upholding the document. The case was considered only 16 minutes. The will was attacked by W. T. Ehrd, a son, whose portion of the estate of several millions of dollars was left in trust to be distributed to his children. The case ended today had occupied the attention of the Superior court for approximately 10 days. Efforts were made to prove that during his last days, Mr. Ehrd, who was widely known as a cotton mill magnate, was of unsound mind.

All Frigidaire
cabinets are built in the Frigidaire factory

—and designed exclusively for electric refrigeration

GENERAL Motors standards are carried out in every detail of Frigidaire construction. Even the cabinets are made in the Frigidaire factory. Each one is steel and finished either in white duco or seamless porcelain. Each has the famous hydrolene-treated insulation that keeps heat out and cold in, thus reducing operating costs to a minimum. It is this scientific insulation, plus direct frost-coil cooling, that maintains a temperature in Frigidaire 12° colder than you ever thought possible. Come in and see how easy it is to have this modern, sanitary, care-free refrigeration. A small deposit puts Frigidaire in your home. Then pay a little each month under liberal General Motors terms. Caveators Try to Prove Insanity of Judge Brown

WASHINGTON, N. C., May 24.—(AP)—Continued effort on the part of caveators of the will of the late Judge George H. Brown to refute and tear down testimony of Dr. Dave Taylor...

Witnesses were put on both to show that Dr. Dave was wrong in his statement of the witness stand that Judge Brown had never been crazy...

Dr. Dave testified upon the stand that he had never told anyone that Judge Brown was crazy and didn't know what he was doing during the last six months of his life.

Among the witnesses introduced by the caveators today were Mrs. R. H. Rowland, Mrs. Bessie MacLean and John Havens...

Mr. MacLean, himself a member of the group seeking to set aside the will, was recalled to the stand at 11:35 and told of having at least three conversations with Dr. Dave Taylor in regard to the mental condition of Judge Brown...

Mr. MacLean testified that Dr. Taylor said Judge Brown was mentally unbalanced while in the last one he told him that if there were any litigations about the will, he would testify that he did not know what the jurist's mental state was on January 5, 1926.

This Discovery Will Benefit Millions

Mr. W. J. Dorion, New York, writes: Sick headache, indigestion and constipation have troubled me for years. I tried everything but truthfully your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives containing Mercury, Calomel and other poisonous drugs are injurious.
