THE WEATHER
Showers tonight and probably
Wednesday morning. Cooler tonight
and in central and east portions.

SAY BYRD WILL FLY TO PARIS AND RETURN

Plane 'America' May Leave For Paris To- morrow Night or Early Thursday.

New York, June 14.—(AP)—Com-
menting on report that he planned
to hop off for France tomorrow
night or early Thursday morning,
Commander Richard E. Byrd, said
this afternoon that he would not
leave until the weather was pro-
pitious. He declined to comment
on the report that his projected
flight would be a round trip with
only a brief stop in Paris.

Mitchell Field, N. Y., June 14.—
(AP)—A man close to the flying
camp of Commander Richard Byrd
who asked that his identity be
shielded told The Associated Press
today that, weather permitting,
Byrd will hop off either tomorrow
night or Thursday morning for a
round trip European flight stop-
ping in Paris only a few hours.

This man expressed the opinion
which he said was based on per-
sonal knowledge, that the early
take off would be made so that
Charles Lindbergh might be pre-
sent to wish luck to Byrd just as
Byrd wished luck to him when he
took off. The round trip with brief
stop off had been decided on, he
stated, because it was believed Clarence
Chamberlin and Charles Le-
vine intended to fly home from Eu-
rope and that therefore a one-way
flight would no longer have any
great savor of originality.

Met by an Associated Press report-
er in the Lindbergh crowd yester-
day Commander Byrd said that he
was planning to leave for Paris
soon, but not until after the first
dash of the celebration for Lindy
because he is scheduled to receive
an honorary degree from a univer-
sity Wednesday. It was supposed
until the end of the week that
it was said that weather was the
only thing that could now de-
lay the take-off tomorrow night or
early Thursday morning.

It was learned this afternoon
that the food decided on for a
trans-Atlantic flight had been
stowed aboard the America and
that the gas tanks were filled. The
light landing gear had also been
changed for the trans-Atlantic
wheels, indicating no more test fly-
ing before the take off.

French Airmen Narrowly Escape Death in Crash

Le Bourget, France, June 14.—(AP)—
Capt. George Pelletier Dolsy, noted
French long distance flier, and
his navigator, M. Gonin, narrowly
escaped death today when their
heavily loaded plane hopping off on
a flight to Karachi, India crashed
about two miles from here and was
destroyed by fire.

Captain Dolsy, who is a noted war
aviator, was accompanied by M. Gonin,
his navigator. Their try for a
long distance non-stop record of
1,000 miles to Karachi was to fly
by preliminary attempt to fly
the Atlantic from Paris to New
York.

The French plane heavily loaded
for the 4,000 mile trip by which the
airman had hoped to break the rec-
ord set up by Clarence D. Chamber-
lin on his New York to Ger-
many flight in the Bellanca plane.
Columbia was unable to get much
altitude after it had taken off and
nosed downward a few minutes
after leaving Le Bourget.

The moment the plane struck the
ground the two aviators leaped
from the cockpit unhurt. An explo-
sion followed scarcely a moment
later. The burning 5,000 liters of
gasoline carried for the flight
quickly destroyed the plane.

Three Children Killed By Cars Since Sunday

Greensboro, N. C., June 14.—(AP)—
Three children have lost
their lives here since midday Sun-
day as the result of automobile
accidents.

Eight-year-old Robinson five years old,
of Olinette, was killed Sunday when
he was crushed beneath the wheels
of a car driven by Dr. Shahane
Taylor, Lucille Beaty, five years
was instantly killed yesterday af-
ternoon when struck by a truck
driven by Will Pinnix, employe of
a local coal concern. John E. Rob-
bins, five, died last night as a re-
sult of injuries received when an
automobile in which he was riding,
skidded and overturned Sunday af-
ternoon.

TODAY

He Who Fights Alone,
A Reason For Starting,
Levine's Flight,
Wireless Power,

(By Arthur Brisbane)

Copyright 1927, by Star Co.)

Deeds of individual courage still
arouse the world more than any
other achievement. Lindbergh's
welcome proves that men feel, to-
day, as they did about Crillon, Du-
geudlin or Perseus. The individual
fight, doing it himself, is the man
adored by the crowd.

Any man is courageous with many
around him. With a crowd, it is
easier to go than not to go. But
by yourself, it is different.

The great crowds that howl for
Lindbergh, and that were asleep
when he started off in the fog
alone, at daybreak, know why they
applaud him.

Other countries are working at
it earnestly, and working at the
possibilities of making long flight
destructive to an enemy.

The British soon begin a flight
of many airplanes to keep sailing
around and around the British Is-
lands for four days. And BOMB-
ING will be the important part of
the experimental flight. Special
prizes will be given for success in
bomb dropping.

Later Britain will organize an
air attack the object being to bomb
and utterly destroy a big city THE-
OREETICALLY.

That will be preparation for do-
ing the thing REALLY here, like
the ostrich with his head in the
sand, we are content not to know
what the world is doing. We or-
ganize out of date sham battles,
costly defense guns driving them
off, and other nonsense.

The President might say to his
army and navy: "Don't make the
country ridiculous. If you cannot
stand up to date, at least keep quiet.
Don't let the world think we are
still living in 1913."

But, so far as courage goes, Le-
vine is at least equalled Chamberlin.

LEVINE ABLE TO PREVENT ATTACHMENT

Possibility of Ameri- can Losing Mono- plane to German Re- moved Today.

Berlin, June 14.—(AP)—A confer-
ence this afternoon between the
legal representatives of Chas. A.
Levine and Dr. Puppe, German fi-
nancial promoter, brought a satis-
factory provisional compromise,
definitely removing the possibility
of attachment of the Trans-Atlantic
monoplane Columbia.

Dr. Puppe has threatened attach-
ment if money the amount of which
was not made public was not paid
him for work which he claimed to
have done in promoting negotia-
tions for a loan on behalf of Levine
with various steel mills in Germany
two years ago.

Under the terms suggested by the
lawyers, both parties will make ap-
ology, and Levine will pay a sum
to Dr. Puppe. The agreement will
be tendered to Levine for his ratifi-
cation upon his return tomorrow
from Baden, where he went with
Clarence Chamberlin, the Columbia
pilot for a test.

The German government and the
Luffthansa (German air league) play
off the part of mediators in the con-
troversy, according to American em-
bassy circles.

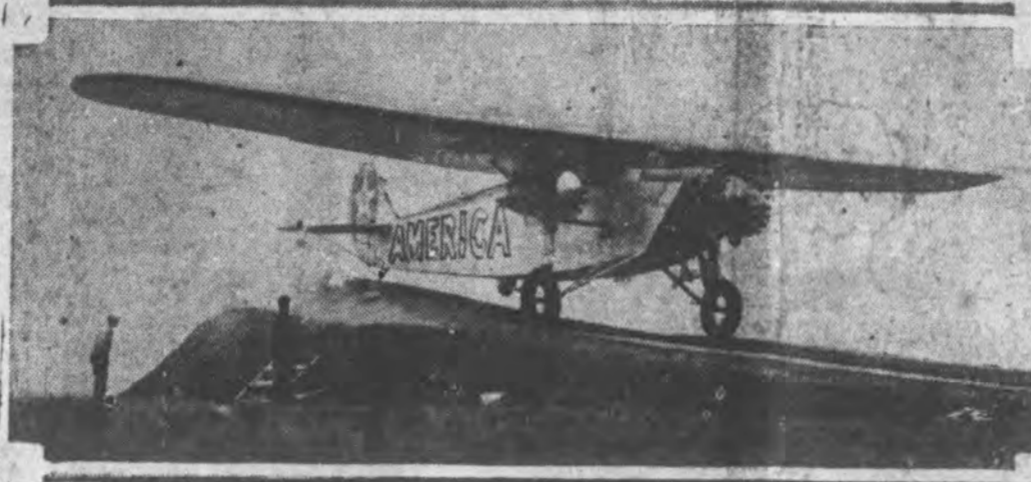

Four Killed In Auto Wreck

Birmingham, Ala., June 14.—(AP)—
Harvey Easterwood and his three
small children were instantly killed
and Ed Johnson was severely in-
jured when the automobile Easter-
wood was driving was struck by a
Southern Railway train near here
this morning.

Johnson was taken to a hospital
where physicians said his condition
was critical.

The automobile was demolished.

THE NEXT ONE TO GO

"America," gigantic plane of Commander Richard E. Byrd, aerial conqueror of the North Pole, on the runway at Roosevelt Field, New York, from which Lindbergh, and later Chamberlin, took off for Europe. Byrd is expected to follow them any day.
(International Newsreel.)

COOLIDGE OFF FOR VISIT TO SOUTH DAKOTA

President Coolidge's Special Train
En Route to South Dakota, Cum-
berland, Md., June 14.—(AP)—An-
ticipating two months of outdoor
life amid rustic surroundings in the
Black Hills of South Dakota, Presi-
dent Coolidge today sped westward
through Ohio and Northern Indiana
to Hammond where he stops over
this afternoon to dedicate the
Wicker Memorial Park.

It is the first trip westward the
President has made since last fall
and both he and Mrs. Coolidge
were up early to view the passing
countryside. Leaving Washington
at 9 o'clock last night both started
the long journey by turning out
the lights in their car soon after
their departure and retiring early
for a long night's sleep. The presi-
dential party will reach its destina-
tion late tomorrow, detouring at
Rapid City and from there travel-
ing by automobile to the State
Game Lodge, the summer residence
32 miles away.

Mr. Coolidge left Washington
with his desk clear and he was
prepared to devote the first few
days away to relaxation. As a re-
sult reading as well as sight-see-
ing was in order tomorrow and to-
day. Reaching Hammond after
today he planned a two hour
stop-over there during which he
was to deliver an address dedicat-
ing the park in memory of the
world war veterans of the Calmet
region, Indiana's steel mill district.
The special train will move on to
Chicago and the last lap of the
journey will be commenced from
there early tonight.

Moving the White House to the
far away Southwest corner of
South Dakota has proved some-
what of a task and the President
reached the train just at the mo-
ment it was scheduled to leave last
night. The train itself carried a
unique load, including the regular
White House staff, office help,
newspaper men, photographers,
household employes, some negro
servants and the White House pets,
Rebecca, the raccoon, and the two
collies, Rob and Prudence Prim.
Pretending good behavior, the
pets rode in the President's car
Rebecca occupying a comfortable
basket.

Postmaster General New was the
only guest accompanying the Presi-
dent's car. He planned to leave
the train after the exercises at
Hammond.

The Democrats had contested the
election on grounds of fraud, con-
spiracy and violation of the cor-
rupt practices act. As a result of
the decision of the State's highest
court Governor Fields, a Democrat,
must appoint city and county offi-
cers to serve until the November
elections.

Those unseated today include
Mayor A. A. Will, all the city board
of aldermen and city council, city
court clerk and other municipal offi-
cers; Fred Neutzel, Circuit Court
Clerk; Aubrey Cossar, sheriff and
several other county officers.

Two years ago in a similar case
the Court of Appeals held no elec-
tion in the case of the city council
and the Republican councilmen
were removed from office.

Two Arrests Expected In Flogging Case

Toccoa, Ga., June 14.—(AP)—
With warrants issued charging
them with participating in the flog-
ging of Mrs. Ansley Bowers, 38, and
her son, Floyd, 15, early Sunday,
the arrest of Elmer Clark, a rail-
road conductor, and Charles
Thomas, railroad employe, was ex-
pected by authorities today.

W. J. Acree, principal of the
Sastenville High School near here,
and T. R. Lowry, foreman of a
furniture factory, were arrested last
night on similar charges, and re-
leased on bonds of \$500 each pend-
ing preliminary hearing.

The warrants were issued yester-
day, Floyd Bowers swearing that
he recognized them as four of the
twelve men who took him and his
mother from their home near the
public square here shortly before
daybreak Sunday and lashed them
both agreed shrd hrd hrd hrd luan
Both Acree and Lowry declared
they knew nothing of the affair.

ROTARY CLUB TALK ABOUT LOCAL POOL

Members Ask Kiwanis
Club to Assist in
Making Municipal
Pool an Actuality.

Efforts to provide a swimming
pool for the city were brought to a
climax last night when members
of the Greenville Rotary Club in
regular session appointed a com-
mittee to confer with the Kiwanis
Club and the Board of Aldermen
regarding the establishment of a
municipal pool.

The committee appointed by the
club was requested to get in im-
mediate touch with members of the
Kiwanis Club and to ask that they
appoint a like committee to as-
sist in working out plans for the
proposed pool and that this be pre-
sented to the board of aldermen.
It was also requested that they co-
operate with members of the board
in making the pool an actuality.

This was the outstanding feature
of last night's session, which was
featured by the usual supper, the
singing of the Rotary songs, and
the discussion of matters pertaining
to administration.

It was voted to challenge the Ki-
wanis Club to a baseball game to
be played in about five weeks, the
proceeds from the game to be de-
voted to the purchase of equipment
for the boys' work program being
carried on this summer.

Records of the present adminis-
tration and plans for the new ad-
ministration were discussed in
round-table fashion, and resulted in
the bringing out of many interest-
ing facts.

J. N. Hart spoke on the subject
of "Who and What I am," it being
the continuation of a series of
biographical sketches of the indi-
vidual life of each of the members.

58 THROWN OUT OFFICE

Court Throws Out
1925 Louisville, Ken-
tucky, Election.

Frankfort, Ky., June 14.—(AP)—
The State Court of Appeals today
threw out the 1925 Louisville elec-
tions, unseating 49 city and nine
Jefferson County officers, all Re-
publicans.

The Democrats had contested the
election on grounds of fraud, con-
spiracy and violation of the cor-
rupt practices act. As a result of
the decision of the State's highest
court Governor Fields, a Democrat,
must appoint city and county offi-
cers to serve until the November
elections.

Those unseated today include
Mayor A. A. Will, all the city board
of aldermen and city council, city
court clerk and other municipal offi-
cers; Fred Neutzel, Circuit Court
Clerk; Aubrey Cossar, sheriff and
several other county officers.

Two years ago in a similar case
the Court of Appeals held no elec-
tion in the case of the city council
and the Republican councilmen
were removed from office.

RADIO STATIONS MUST
OBSERVE ALLOCATIONS

Washington, June 14.—(AP)—Ra-
dio stations which willfully fail to
observe the new frequency alloca-
tions of the Federal Radio Com-
mission which become effective at
3 a. m. tomorrow will have their
licenses revoked.

BOYS PROGRAM IN FULL SWING IN THIS CITY

Baptists Beat Metho-
dists in Opening
Game of Sunday
School Baseball.

The Sunday school baseball lea-
gue, organized recently as one of
the features of the Boys' Work program
for the summer months, got away
to a good start at the fair grounds
yesterday afternoon when the Me-
morial Baptist church defeated the
Jarvis Memorial church to the tune
of 4 to 3.

The game is described as one of
the most stubbornly contested af-
fairs seen on the local diamond this
season.

James did mound duty for the Bat-
tists. He was opposed by Harring-
ton, who pitched a wonderfully ef-
fective game at times but, was un-
able to prevent hits at critical stag-
es. The contest developed into a
pitchers' battle at an early stage,
Jones coming out with the big end
of the score by reason of his team-
mate's ability to hit when his count
ed for principals.

The principal stick work was done
by Forbes for the Methodist and
Dunn for the Baptists, each secur-
ing two bingles each. Forbes' two-
bagger was the only extra base hit
of the game.

Members of the board of directors
of the Boys' Work campaign will
met at Evans street school tonight
to perfect plans for future activi-
ties. Hugh C. Porter, director of
athletics stated this morning that
plans of the committee affected
every boy in the city, and it is
hoped everyone will take advantage
of them.

Thirty five boys taking part in
the campaign went to Rock Springs
on a picnic last night. They were
accompanied by Mr. Porter, who
reported today that they had the
time of their lives, and were interest-
ed in continuing the campaign.

Governor Paroles Members of Klan

Raleigh, N. C., June 14.—(AP)—
Four members of the "Great Tiger
Klan," Craven county hooded order
that was broken up last January
by Judge Cranmer when he sen-
tenced ten members to the roads
and fined two, were paroled by
Governor McLean.

They were: Joe Perry and Tom
Watson, serving 12 months and
Henry and Claude Davis, doing
eight months. All four were sen-
tenced for assault with a deadly
weapon on Ray McElwaine, young
man of near New Bern.

A thousand Craven county citi-
zens signed a petition for clemency
for the quartet and Solicitor D.
M. Clark recommended a parole.

Sentence given Roscoe Johnson, of
Iredell county, was changed by
the Governor from five to eight
years to four to seven years. Other
paroled included:

Charlie McFarland, convicted in
May, Buncombe Superior Court, of
a three to six year prison term
when McFarland was under four-
teen years of age. Blaine Garner
prohibition law violator, Moore
County, ten months county road
term; Buddie Lee Ford, Robeson
County, six months county road
term accessory to larceny of gaso-
line.

NEW YORK POLICE
ARREST STRIKERS

New York, June 14.—(AP)—One
hundred and fifteen policemen to-
day dispersed crowds of striking
"Left Wing" furriers in the down-
town district and arrested 150 men
and women. They were charged
with disorderly conduct.

Long lines of the strikers pa-
raded, despite the rain. Some of
the marchers wore steel helmets
which they said were for protec-
tion from police clubs.

POSTOFFICE TO CHANGE TO FIRST CLASS

Change in Rank, How- ever, Will Affect Regular Service Only in a Minor Way

The Greenville postoffice will join
the ranks of first-class postoffice,
July 1st, according to an announce-
ment made this morning by Heber
R. Mumford, postmaster.

The change affects regular route-
line of the office only in a minor
way. The general delivery window
beginning the first of the month
will open at eight o'clock and close
at six on all business days except
legal holidays. Special notices for
holiday service will be posted from
time to time in order that no con-
fusion may exist in the minds of
the patrons, the postmaster said.

The Greenville office has enjoyed
substantial growth during the last
several years, and especially during
the last six years. Receipts have in-
creased \$14,000 for the six year
period, and this growth is reflected
by expansion of other branches of
industry of the city.

Receipts for the past six years
follow:

1921, \$29,546.74;	1922, \$33,074.89
1923, \$34,597.28;	1924, \$36,612.02;
1925, \$37,300.45;	1926, \$43,231.16.

The Sunday school baseball lea-
gue, organized recently as one of
the features of the Boys' Work program
for the summer months, got away
to a good start at the fair grounds
yesterday afternoon when the Me-
morial Baptist church defeated the
Jarvis Memorial church to the tune
of 4 to 3.

MURDER CASE FEATURED BY NEW EVIDENCE

Story Told by Negro In McLaurin Case at Fayetteville Source Of Attention.

Fayetteville, June 14.—(AP)—Ef-
forts to break down the story told
by Will Priest, negro, regarding the
murder of Frank McLaurin started
yesterday was continued today by
attorneys for Kenneth O. Boone,
and Mrs. May Belle Phillips, ac-
cused of the murder of McLaurin.
Boone yesterday took the witness
stand and denied all connection
with the murder. He admitted,
however, that he had found the
body but fearing that he was "a
victim of circumstances" he had
said nothing. He said he thought
the case would be cleared up and
when it was not, he said he lacked
the courage to tell Mrs. McLaurin
where the body of her husband lay.

The defendant gave a detailed
account of his movements on the
day McLaurin disappeared. He
said he took McLaurin to a point
near the place where the body was
found and that on the way the
dead man stopped at a store and
got a pistol and a bottle of gin-
ger ale. He promised to return
that evening for McLaurin but forgot
it until night when he returned
and found the man dead.

In the with the defense claim
that McLaurin probably killed him-
self, Boone said that McLaurin
asked him how quickly a shot from
a pistol held against a man's head
would kill him.

Mrs. Phillips has not yet taken
the stand. Boone denied emphati-
cally that she had had anything
to do with McLaurin's being taken
to the woods, or anything to do
with his death.

L. J. Ledford, a former employe
of Boone, was severely handled by
State attorneys when on the stand,
an effort being made to connect
him with authorship of an anonym-
ous letter written to the Fayette-
ville Observer shortly after Mc-
Laurin's disappearance.

The story the defense is endeavor-
ing to break down as told by
Priest is that Boone wounded Mc-
Laurin in a fight, hid him several
days and then with the aid of Mrs.
Phillips and the negro, carried him
to a woods where the woman shot
and killed him.

NASH COUNTY FARMER SHOT BY DISTILLER

Wilson, June 14.—(AP)—C. O.
Tant, Nash county farmer, died in
a hospital here today of wounds
received yesterday when he was
slain near his home and shot
with a shotgun. Albert Denton, 14
years old, who is already under
charges of manufacturing whiskey,
is held in the Nash county jail on
a charge of murder.

Tant, according to the story told
officers here, recently reported
Denton for allegedly making whis-
key. It is charged that the boy
awaited Tant on a road near his
home and as the farmer drove by,
fired a load of buckshot at him at
close range.

NINGESSER AND COLI MAY BE STRANDED IN NORTHERN QUEBEC

Quebec, June 14.—(AP)—The
possibility that Nungesser and
Coli may be stranded in the north
of the province of Quebec
was raised today by receipt of
a telegram at the Parliament
building from a forestry employe
at St. Germain township, north
of Saguenay River.

The man stated that for half
an hour on Sunday night, be-
ginning at about 8 o'clock Stand
ard time, distress signals in the
form of flares sent up at inter-
vals of about three minutes seen
in the mountains north of the
township. The flares were seen
by four persons.

The flares used were modern
ones, and it is pointed out that
the Indians or trappers in that
region would light up only fires
in case of distress.

PITT BOYS AND GIRLS OFF FOR CAMPING TRIP

Demonstration a n d
Farm Clubs to Spend
Remainder of the
Week At Camp
Leach.

Between seventy and a hundred
girls and boys, representing the
home demonstration and agricul-
tural clubs of "20" coun'ty, left
this morning for annual encampment
at Camp Leach. They will be joined
by similar organizations from
Rowan county, and the remainder
of the week will be spent in study-
ing the various problems confront-
ing the American home and farm
of today.

Members of the clubs began
gathering at the court house this
morning shortly after eight o'clock.
At nine o'clock registration books
were opened, and in less than thirty
minutes fifty-four girls' represent-
ing at least twelve of the fifteen
home demonstration clubs, had
registered.

Fourteen youths from Stokes and
Simpson, the only agricultural clubs
in the county, swelled the total reg-
istration to sixty-eight, and it was
expected that several other mem-
bers of the girls' clubs would be
picked up along the route to Camp
Leach.

The court house presented a liv-
ing scene with the bevy of pretty
girls standing in front of the build-
ing this morning waiting for trucks
to be loaded with provisions and
paraphernalia to be used during
the encampment period. Represent-
ing some of the most thrifty
and progressive communities of the
county, these young women were
the cynosure of numbers of people
acquainted with what they are do-
ing in behalf of the sections in
which they live.

At ten o'clock practically all of
the large trucks had been loaded
and were speeding on their way
to Camp Leach. The club members
were not so fortunate, however, as
considerable difficulty was experi-
enced in getting an adequate num-
ber of automobiles to carry the
crowd. Some of those who prom-
ised to take a load were prevented
from doing so on account of un-
foreseen difficulties. But Miss Fer-
guson, uniting worker of the Coun-
ty Demonstration department, was
not to be daunted by such slight
confusion in plans, and in whole
the crowd were on their way
much sooner than expected.

The fifteen demonstration clubs
are the pride of Pitt county peo-
ple, a member of the department
stated this morning and it is hoped
to bring about more intensive
organization work through the an-
nual encampment activities. An
effort will also be made to increase
the number of agricultural clubs
by next season, Mr. Arnold stated
this morning before his departure.

Armour President Expelled by Board

Chicago, June 14.—(AP)—Expul-
sion from the Board of Trade is the
penalty born by the verdict of the
Board of Governors that George E.
Thompson was guilty of dishonest
conduct during his superintenden-
cy of the Armour Grain Company.

The Governors have voted 13 to
five that Thompson had concealed
knowledge of dishonest dealing and
that he had participated in the
misrepresentation of grades of
wheat supplied by his company to
the grain marketing corporation.

It was due to this misrepresenta-
tion, the governors found, that the
grain marketing corporation, a co-
operative enterprise sponsored by
the Armour Grain Company, was
defrauded. The corporation event-
ually went out of business and an
arbitrator, after long investigation
decreed that the Armour company
should pay the marketing corpora-
tion approximately \$3,000,000.

RAIN BREAKS UP SONGFEST FOR AVIATOR

Lindy Goes Out to Air Field and Has Chat With Members of Aviation Squad.

New York, June 14.—(AP)—Col.
Lindy made a flying trip—by auto-
mobile—to Mitchell and Curtiss fly-
ing fields on Long Island early to-
day to pay an informal call on his
friends the pilots, mechanics and
officers who helped in his prepara-
tions for his New York to Paris
hop.

Slipping out of the Park Avenue
apartment where he and his moth-
er had spent the night, Lindy got
away about 7 o'clock before the
first newspaper reporters had ar-
rived. He rode in the car of "Casey
Jones," Curtiss' test pilot, and Cas-
ey himself was at the wheel.

A hard rain, which later necessi-
tated abandonment of the school
children's welcome celebration sched-
uled for Central Park this after-
noon did not prevent the Col. from
carrying out his wish to thank "the
fellows" of the airfields for their
courtesies not only at the time of
his take off but on his arrival at
Mitchell field from Washington on
yesterday.

He paid his respects to Major
Davidson in charge of operations
at Mitchell field and then, as "just
another pilot," he chatted with mem-
bers of the operating force, all of
whom hurried to shake his hand.
One of his acts was to autograph
the funnel through which had been
poured the gasoline that carried
"The Spirit of St. Louis" across the
Atlantic.

The trip to the aviation grounds
occupied about three hours. His
program for the remainder of the
day, in view of the cancellation of
the Central Park celebration, was
indefinite, but it was expected that
he and his mother might take a
short automobile ride after lunch-
oon at the newspaper club restur-
ant to the temporary home in
New York City to be given by the
city of New York at the Commodore
tomb.

Cardinal Hays will say the in-
vocation at the dinner for the boy
whom he met yesterday with his
welcome: "I greet you as the first
and finest American boy of the day
God bless you and God bless your
mother."

Thousands, who in the mad crush
of yesterday were deprived of see-
ing their hero, today were afforded
another opportunity to see him en
route from the Park Avenue home
of

YANKEES TURN BACK ATTACK OF WHITE SOX

(By The Associated Press)

With the White Sox turned back at last temporarily in their drive to oust the Yankees from the top of the American league, their National League fellow townsmen, the Cubs, are making a spirited bid of their own.

A winning streak which has carried them to a game and a half behind the pace setting Pirates was fattened to nine games yesterday by a 6 to 12 victory over the Giants. In a furious batting attack led by Grimm the Cubs helped themselves to one of the quickest wins of the year, the game taking little more than an hour and one half to play.

First of the newly traded players to appear, Zack Taylor caught the whole game for the New York club, having been transformed from a brave to a giant in a single day. Taylor scored one of the two runs and made a brace of hits, but the team was unable to smack them when they counted.

Washington has been a Jonah for the White Sox before and proved so again yesterday in shutting out the second place tenants, 10 to 0, for the third straight win of the series. Last season it was the Senators who cost the White Sox a share in the World series players purse by taking fourth in the standing while the Sox were forced into fifth. Yesterday's victory had the Sox tottering on the edge of their second place shelf. Fifteen Washington hits off two pitchers while the visitors were getting but three from the delivery of Crowder told the tale.

A good exhibition of the violent way the Yankees usually win their ball games were given as they pumpeled the Cleveland Indians 14 to 6, on the wings of five home runs 10 other hits. Names not quite as familiar as those of Ruth and Gehrig were in the home run column. This time it was Paschal (2), Lazzeri, Dugan and Collins.

The Athletics, on the upgrade with their revised line up, came close to the White Sox in ranking by nosing out Detroit 7 to 6 while St. Louis displaced the Tigers at the top of the second division by beating the Red Sox 2 to 0, on the hitting and hurling of pitcher vanguard. Incidentally the Browns were the only road team to win a game yesterday.

After taking two on the chin in succession day from the Brooklyn Robins, the Pirates came back in emphatic defense of their league leadership by beating the Robins 4 to 3 Paul Waner, the newly wed, accounted for two of the runs in the sixth with a homer with a mate on base.

OAKMONT'S PAR

(By O. B. KEELER)

Every year, in the open championships of golf, the perennial struggle between Old Man Par is renewed. And while you hear and read often of the grubbing of Old Man Par on this course and that, in this match or the other, you have yet to hear where this tub-born old fellow ever has succumbed, in the United States or Great Britain, to any golfer in the standard combat of four rounds—the long route of 72 holes.

In Canada at the fine Hamilton course in 1919, Old Man Par once took a beating at his own game, in the Canadian Open Championship, when the late J. Douglas Edgar, just over from England, shot him full of holes with cards of 72-71-69-66-278 and set the lowest mark ever scored in a national open championship.

But the low mark in Great Britain is 291, held jointly by James Braid at Prestwick and Bobby Jones at St. Anne's. And in this country Chick Evans, with a score of 285 at the Minikahda course near Minneapolis, stands at the top. Gene Sarazen, with 288 at Skokie in the open championship of 1922, is next. And Long Jim Barnes, with 289 at the Columbia Country Club, Washington, in 1921 is the only other to win a United States open championship with a score better than 290.

Indeed, the U. S. G. A. Red Book discloses the fact that only three other players ever have broken 290 in that fixture. Jack Hutchinson in 1916 shot a card of 288 at Minikahda to be runner-up to Chick Evans. Bobby Jones and the venerable John Black tied at 289 as co-runners-up to Sarazen at Skokie. And no one else has been under 290 for the 72-hole bout with Old

Man Par in the United States open championship.

And of this gallant sextet, not one has beaten or tied that steady old chap who never gets down in a single put and never takes three, who never shoots a birdie at you nor lures a buzzard. Not one of the Six Musketeers has equalled Old Man Par over the long route. Minikahda, Columbia, Skokie, all were ranned a strict part of 70, and four times 70 amounts to 280. So even the brilliant Chick, in the top place today, was half a dozen strokes off the traditional opponent in his record bout at Minikahda. Sarazen was two strokes a round back of the old fellow at Skokie; and Jim Barnes was two and a quarter strokes, though Barnes and Sarazen and Evans each had one round that beat Old Man Par—for one round.

And now we have Oakmont, and Old Man Par stands on the first tee as the 1927 open championship begins—and who will beat him there, or tie him?

No one, I think. The Oakmont part today is 72. But it used to be 74. And the course is longer and more severe today. Four times 72 is 288. And that has been beaten but once and tied but twice in our American championship. And then on courses which were shorter and simpler than the great spread at Oakmont, with its 7,000 yards and its 250 furrowed bunkers.

They'll be shooting at him in this championship. Bobby Jones has knocked over the impartial old fellow in a practice round of 67, two years ago before the national amateur championship at Oakmont. Bobby is in this field, too; and the pick of the golfing world. But I'd like to have a mouset wagger on Old Man Par at Oakmont.

150 GOLFERS START OFF IN TITLE CHASE

Oakmont, Pa., June 14.—(AP)—Finding varieties of trouble after a flashy get away Bobby Jones, the defending titleholder, wound up with a 76, four over par, for the first 18 holes of the 72 hole American open golf championship hunt today.

Jones was on the edge of the eighteenth green with his iron second shot, he went seven feet beyond the cup on his first putt, missed by an inch with his second and took five.

Jones card for the last nine: Jones, in 645 216-39-76.

Harry Cooper of Sacramento Cal., finishing a few minutes behind Jones, scored 74 two strokes below the champion and gained a temporary lead over the field. Cooper like Jones, needed 30 to get home after going out in 35, two under par.

Cooper lost four strokes to Jones on the last four holes. He took five on the par four 15th and four on the par three 16th.

He then found himself in serious trouble on the 17th where he was finally down in 6. He looked upon his chip shot and went over instead of on the green. He got a par at the home hole.

Cooper's card for the second nine: Cooper in 614 245 464-39-74.

Oakmont, Pa., June 14.—(AP)—Over a long, long trail, growing harder as it goes along, some 150 golfers started today on a quest

leading to gold or honor, or both, as the preliminaries leading to the crowning of the open golf champion of the United States were started.

Seventy-two holes of stern competition against old man par, mythical but important golf personage who no quarters and asks none, lay in wait for the golfers.

More than 100 professionals, including nine of Great Britain's leading lights, outnumbered the dozen amateurs in the competition but the men who make their living at the game were prepared for the most rugged competition from those who play for fun.

One amateur was feared more than professional, Bobby Jones, Atlanta law student, who holds the cup, went out to defend the title with a competitive spirit that has caused his name to be mentioned first in every discussion.

The Oakmont course, lengthened to 6,965 yards, was declared by experts to be exacting but eminently fair, rewarding richly the long straight wooden shots, coupled with accurate irons, but exacting a heavy penalty for those who forget the straight and narrow path leading to the green. Traps in plenty awaited the careless.

The field was regarded as one of the most representative the long line opens has attracted. The added zest of international competition that either Aubrey Boomer or Chas. A. Whitcomb might win the right to pick the coveted cup in their luggage when they go home.

Bugs and Eagles Lost Yesterday

Raleigh, N. C., June 14.—(AP)—Art Hauger, right fielder, was in charge of the management reins of the Kinston Eagles today after Mike Konnick, old timer, had quit for what he said was the desire of the fans.

Kinston lost its first tilt under the Hauger administration yesterday to Richmond, 7-3. Portsmouth won another, 1 11-inning affair from Wilson, 5-3. Turner's triple decided the outcome.

Norfolk took advantage of Petersburg's miscues and won 7-5.

GOLF SCORES

Oakmont, Pa., June 14.—(AP)—National Open Golf championship scores for 18 holes:
Harry Cooper, Sacramento 74.

Caps Regain Top Place In Piedmont

Raleigh June 14.—(AP)—Youth had its fling again in the merry Piedmont loop's pennant chase, this time "Roosters" beat state college product, pitching Raleigh to a win over Salisbury to give the Caps on top once more. Winston-Salem regained its 500 per centage in the standings and handed High Point a defeat.

Durham's cellarites loomed bright also to win from Rocky Mount.

Orville Elliott, who helped the Caps gain the top position has announced his intention to quit at once and turn to his Indiana sawmill. He said again today he was willing to stay until Manager Watt obtained another hurrier.

There's only one answer

From coast to coast smokers have accepted Chesterfield

FOR five consecutive years Chesterfield has been America's fastest-growing cigarette. Taste, gentlemen—the pure natural tobacco taste of the choicest tobaccos the world affords, blended so that their natural goodness is fully brought out; and there's nothing made that can touch that!

Over two billion are smoked per month, and the sales still climb. There's only one answer—

—pure natural tobacco taste—that's it!

BIRTH ANNOUNCEMENT

Mr. and Mrs. P. C. Gober announce the birth of a son, Robert Clifton, June 6th, at Pitt Community hospital.

FOUNTAIN NEWS

The town of Fountain has adopted for its motto, "My Home Town, the loveliest place on earth to look at, and to live in. If it isn't so, we'll make it so," and they are fast making that motto come true.

Last fall the Woman's Club of Fountain caught a vision and put on a yard improvement campaign, offering prizes for the person making the most improvement on their premises. They called in the Home Demonstration Agent who worked out a score card to be used in judging and who discussed landscape plans with them. Then Miss Pauline Smith, district agent, came and scored the yards.

The contest has just closed and the second scoring has been done. Miss Smith scarcely recognized the town. Yards that had never known a sprig of grass were covered with a smooth green carpet. Bare foundations have been covered with clumps of beautiful shrubbery. The streets were clean and all the rubbish had been clean from the vacant lots. The Mayor, F. L. Eagles, had taken a two-horse mowing machine and mowed the church yards and vacant lots. Mr. Walter Owens, one of the aldermen, started out with a bucket and brush, and as a result all the streets were white and clean. Mr. Redick has furnished hose and water so that the Dutch garden planted at the station yard might be kept growing. The club has bought shrubbery and planted around the school building, and they are making plans to beautify their cemetery.

One of the unusual features of the town is a cooperation flower garden owned jointly by Mrs. Claude Owens and Mrs. Mack Smith. There is a vacant lot between the two homes and instead of two small cut up flower plots, they have a gate opening from each yard into the flower garden that is planted in well laid out beds across the front of the vacant lot.

Mrs. R. A. Fountain claims the distinction of being the pioneer in yard improvement, for she had most of the shrubbery in town when the contest started. But not to be outdone by her neighbors, she made her garden fences things of beauty by lining them with masses of

THE VANITIE BOXE
Phone 31

blooming plants. But for that matter, the town is a riot of color.

When the prizes were awarded at the club meeting, Mrs. George Jefferson was given first place. Mrs. Jefferson told the club just what the contest had meant to her, the inspiration she had received for a still more beautiful lawn and for a lovelier town. She then asked the club to take back the prize money she had won and to use it for some civic improvement.

Mrs. Goodwyn won second place in the contest. She is a perfect wizard with plants. She seems to be able to make any kind of cutting take root, consequently, she has a wonderful collection of shrubbery with a cash expenditure of only \$3.20.

Mrs. Gardner who won third place, has one of the best laid out grounds in Fountain. Her place is as lovely as any there, but her original score was higher than some of the others, hence her opportunity for raising her score was not so great.

There are numbers of others who have done much work, and who have beautiful lawns in the making.

But even more wonderful than the civic improvement, is the spirit of cooperation shown by the men and the women of the town, and the way they have all worked together to make their little village a place where the passer-by will want to linger.

Local Kiwanians Ready For Trip To Camp Leach

Members of the Greenville Kiwanis club today completed all plans for the trip to Camp Leach tomorrow afternoon where they will be guests of the Pitt county Girls and Boy's clubs. Ed. Griffin and Jack Klige, members of the committee in charge of arranging for the pilgrimage reported today that arrangements had been made for conveying all members desiring to make the trip. The cars will leave Five Points at four o'clock, according to present plans, and all members are urged to be present at this time.

The trip to Camp Leach will be made at the invitation of Miss Bertha Lee Ferguson, home demonstration agent of Pitt county, who will have charge of the fifteen clubs represented from this county. The Kiwanians will be given an opportunity of gaining first hand information as to what the farm demonstration clubs girls are accomplishing. They will also have a chance of observing some of the methods that have played such an important part in the success of the Boy's agricultural club under the direction of County agent Arnold. Beaufort county clubs will join the Pitt county clubs during the week, and much good is expected to result from the encampment.

Tolar's to Open Wed. June 15th

"Tolar's," Greenville's latest addition to the jewelry trade, will formally open to the public Wednesday, June 15th, according to an announcement made this morning. The new concern is located in the Munford building at Five Points. They will carry a complete stock of jewelry, and extend a cordial invitation to the public to be present at the opening.

DR. WILLIAMS TO MARRY IN LONDON

Raleigh, June 14.—(AP)—Word received here of the approaching marriage of Dr. Horace Williams, widely known professor of philosophy at the University of North Carolina and Miss Miriam Bonner, formerly of the same faculty and now a student at Oxford, England. The wedding will take place in London, it was learned, soon after Dr. Williams reaches there. He left Chapel Hill for Europe last week.

Miss Bonner was assistant professor of English at Chapel Hill for four years. She is originally of California.

Dr. Williams, one of the best known and beloved teachers in the State has held the Keenan professorship at the University since 1890.

He is author of "The Evolution of Logic" and "Logic."

Most of the folks who drive 70 miles an hour to get some place don't seem to have anything important to do after they get there.

With the major celebrations of Lindbergh's return, drawing to a close, and the President heading westward for his summer vacation, no doubt the newspaper columns will soon be devoted to the telling of the fish caught by the nation's Chief Executive.

START MOVE FOR SWIMMING POOL

A place for the children of Greenville to swim may soon be a reality if the movement started by the Rotary Club last night bears fruit. The club appointed a committee, and requested a like committee from the Kiwanis Club, to appear before the Board of Aldermen and request the erection of a municipal swimming pool. The club has promised all possible assistance in carrying the plan for a swimming pool to completion, and it is to be hoped that the effort will meet with success.

It goes without saying that the children of our city need a place for wholesome recreation, and citizens of the city should get behind the movement for a swimming pool.

OFF TO A GOOD START

The local Sunday School baseball league got off to a good start yesterday with a game that furnished plenty of excitement for the spectators. The material furnished by the various Sunday schools of the city gives promise of some real sport and the lovers of baseball will no doubt welcome this series of games.

FOR HIS FLAG

"Old Glory" is 150 years old today, and for the past few weeks the Stars and Stripes have been flown more generously in European countries than at any other time for a number of years. Thanks to Lindbergh, Chamberlin. The feats of these plucky American fliers have done untold good toward creating good will between America and the nations across the sea and each should be recognized for his service to his flag.

SHE GOT THE WINE

That lovely and spirited old lady, Mrs. R. R. Cotten, mother of the Woman's Clubs of North Carolina, told an anecdote which must have shocked some of the Willard devotees upon the occasion of the annual spring meeting of the Goldsboro Woman's Club at Herman Park yesterday afternoon. Because it catches and reflects the youthful spirit who has so long served the Women's Clubs in North Carolina and because it is a good story, we are going to try to repeat it.

Mrs. Cotten, she told her hearers, was in Goldsboro

several years ago for the purpose of organizing the Goldsboro Woman's Club. She was being entertained in the home of one of the best families. The servant brought forward "some lovely old wine."

"Propose a toast," the host invited Mrs. Cotten.

"Here's to the success of the Goldsboro Woman's Club," she proposed. The host had half raised his glass on his lips. But he stopped short and placed it on the table decisively.

"Never," he replied. "I cannot drink to that toast. I do not believe in women's organizations."

"Well, then, here's to the success of the man who doesn't believe in women's organizations," Mrs. Cotten is reported as saying she replied, and we have it that her eyes sparkled as she ended the story.

"And so I got the wine, anyway. I had been afraid I would miss it. — Greensboro Record.

Coast Guard Searching For Missing Yacht

Savannah, Ga., June 14.—(AP)—Scaphanes, privately owned and of the prohibition forces and coast guard cutters, launched an intensive search of islands lying off the coast of Georgia today in an effort to find survivors of the yacht Cincinbear which was reported lost off Savannah light Monday night, June 9.

The Cincinbear had six persons on board when her fuel tank was said to have exploded, causing her to sink. Of the six, Nick Haraboglia, seaman, is the only known survivor.

Others on the yacht were, Phil Pomeroy, automobile dealer of Miami, Fla., owner of the yacht, and his wife; Phil Bertachi, chief engineer, Asa Johnson, second engineer and a negro cook.

Haraboglia was picked up by the tug Peerless, of Jacksonville, Thursday night and it was then that the tragedy was learned. The seaman was in a state of exhaustion, but told rescuers that the Cincinbear fuel tanks exploded due to an overheated exhaust pipe. He also said that after the explosion, Mrs. Pomeroy's body was seen floating near the scene.

Despite the fact no word has been heard of the others members of the party on the yacht, Ted Suckow, of Miami, a business associate of Pomeroy's believes the others were washed ashore on one of the numerous islands off the coast of Georgia and an intensive search is to be made.

GOVERNOR McLEAN GETS NEW CAR

Raleigh, June 14.—(AP)—Governor McLean's handsome new automobile was parked on parade at the north entrance of the capitol building before the admiring eyes of hosts of State employees, officials and passersby Tuesday morning, the shining varnish of its sleek sides rivalled only by the broad grin across the face of Hugh the gubernatorial chauffeur.

The car was authorized for the Governor by the last session of the General Assembly. It officially becomes the Governor's State-owned car on July 1—but what's a few days more or less between friends?

WOMAN KILLED WHEN CAR GOES OVER EMBANKMENT

Roanoke, Va., June 14.—(AP)—Pinned underneath an automobile which went over an embankment near Montvale, sixteen miles east of here, the body of Miss Margaret Norris of Salem, was found this

morning. Out of the wreckage was brought Miss Anna Tate Wells, of Asheville, N. C., whose injuries have not been determined. The name of the driver has not yet been ascertained.

Miss Norris, who had attended the Sons of Confederate Veterans reunion at Alexandria and the reception of Washington for Col Lindy was 24 years old. The automobile moving slowly over slippery road, skidded over the embankment, turning over and pinning the two young women underneath.

Just about the time some of us got into the six-cylinder automobile group our friends took up golf and again left us with nothing to talk about.

SALTS FINE FOR ACHING KIDNEYS

When Back Hurts Flush Your Kidneys as You Clean Your Bowels

Most folks forget that the kidneys like the bowels, sometimes get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorder. You simply must keep your kidney active and clean and the moment you feel an ache or pain in the kidney region begin drinking lots of water. Also get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and is intended to flush clogged kidneys and help stimulate them to activity. It also helps neutralize the acids in the urine so they no longer irritate, thus helping to relieve bladder disorders.

Jad Salts is inexpensive; makes a delightful effervescent lithia water drink which everybody should take now and then to help keep their kidneys clean.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in trying to correct kidney trouble while it is only trouble.

United States Tires are Good Tires

PLENTY OF RUBBER in United States Tires starts out in the Far East—on the United States Rubber Company's Plantation. This Company owns 10,000,000 rubber trees—enough to make an unbroken line nearly twice around the earth. Seven million of these trees are producing rubber.

YOU'VE a question to ask— "How do I know that there's plenty of Rubber in Royal Cord Balloons?"

A natural question. You can't see all this "plenty of rubber"—and you can't tell it by weighing the tires. A tire manufacturer can make a tire weigh almost anything he pleases by "loading" it with heavy substances which add nothing to the wear.

The "Plenty of Rubber" in Royal Cord Balloons is distributed where it will do the most good. Take our word for it—until you prove it for yourself on the wheels of your car.

Market Report Cotton—Stocks--Grain

COTTON

New York, June 14.—(AP)—The cotton market opened barely steady today at a decline of 5 to 15 points active months showing net losses of about 8 to 17 points in early trading under a renewal of yesterday's selling movement, promoted by reports of further rains in the south-west.

October sold off to 15 1/2 and January to 16 7/8. The market generally, to be better demand around the 16.50 level for October and the market steadied up several points on trade buying.

The forenoon market was steadier. October contracts sold up to 16.76 and January to 17.07, or about 10 to 15 points above yesterday's closing quotations. Prices were within a point or two of the best at midday.

Futures closed firm, 19 to 29 higher higher. Spot quiet, middling 16.60.

Table with columns: Month, High, Low, Close. Includes entries for January, March, July, October, December, etc.

STOCK MARKET

New York, June 14.—(AP)—Acute weakness developed in today's market when heavy selling developed for both accounts. It was the first sharp general decline in several weeks, prices slipping so rapidly that hundreds of stop loss orders were recovered, with resultant breaks of five to ten points in many issues.

Selling is believed to have been inspired largely by the unexpectedly large increase last week of more than 56,000,000 in brokers' loans.

The closing was weak. Total sales approximated 2,500,000 shares.

NEW YORK STOCKS CLOSE

Table with columns: Stock Name, Price. Includes entries like All Chem & Dye 139, Am Can 53 7-8, etc.

GRAIN

Chicago, June 14.—(AP)—Better weather southward and a good deal to bring about lower prices for wheat most of the time today. Offerings of wheat increased quickly whenever the market bulged.

Wheat closed nervous 7-8 to 11-3 cents, net lower, corn 3/4 cents to 3-4 cents up, oats 1-8 to 1-2 gain and provisions 7 cents to 22 cents down.

LIVERPOOL COTTON

Liverpool, June 14.—(AP)—Cotton spot, fair demand, prices easier; American strict good middling 9.95; good middling 9.60; strict good middling 9.20; middling 8.95; strict low middling 8.50; low middling 8.10; strict good ordinary 7.75; good ordinary 7.30. Sales 2,000 bales, including 5,100 American, receipts 20,000 American, 12,500. Futures closed quiet but steady, July 8.73; October 8.90; December 8.94; January 8.96; March 9.01.

POTATOES

Chicago, June 14.—(AP)—Potatoes total U. S. shipments new 571; old 37. Canada 14 cars; new stock leading moderate, market steady; North Carolina barrel Cobblers 6.00 to 6.50; old stock trading slow market dull; Wisconsin sacked round whites few sales 3.00; Washington sacked russels 3.00 to 3.50.

COTTON SEED OIL

New York, June 14.—(AP)—Cotton seed oil closed firm (prime yellow 9.20 to 9.35; June 9.20; July 9.29; August 9.57; Sept. 9.27; Oct. 9.88; Nov. 9.88; December 9.96; sales 9,600.

Cotton Consumption

Washington, June 14.—(AP)—Cotton consumed during May totaled 633,025 bales of lint and 72,768 bales of linters, compared with 619,140 of lint and 66,957 of linters in April this year, and 516,376 of lint and 65,199 of linters in May last year, the Census Bureau announced today.

Cotton on hand May 31 was held as follows: In consuming establishments 1,794,284 bales of lint and 225,417 of linters compared with 1,894,930 of lint and 229,240 of linters on April 30 this year and 1,499,333 of lint and 165,287 of linters on May 31 last year.

In public storage and at compresses 2,868,347 bales of lint and 88,032 of linters compared with 3,676,083 of lint and 71,803 of linters on April 30 this year and 2,965,447 of lint and 85,023 of linters on May 31 last year.

Cotton spindles active during May numbered 32,968,580 compared with 32,892,442 during April this year and 32,275,036 during May last year. Imports for May totaled 21,347 bales compared with 37,519 in April this year and 13,625 in May last year. Exports during May totaled 628,132 bales including 15,786 of linters compared with 855,449 including 30,619 of linters in April this year and 419,459 including 7,408 of linters in May last year.

Consumption of cotton for the ten months ending May 31 totaled 19,570,844 bales compared with 19,475,502 bales for the same period a year ago.

Exports for the ten months totaled 10,271,637 bales including linters compared with 7,342,315 for the same period a year ago.

Statistics for cotton growing states: Cotton consumed during May, 456,285 bales, compared with 447,111 bales in April this year and 362,382 bales in May last year.

Cotton on hand May 31 was held as follows: In consuming establishments 1,790,521 bales, compared with 1,725,888 on April 30 this year and 849,638 on May 31 last year. In public storage and compresses 2,516,311, compared with 3,304,420 on April 30 this year and 2,725,400 on May 31 last year.

Cotton spindles active during May numbered 17,685,244 compared with 17,672,178 during April this year and 17,022,972 during May of last year.

WOMAN FINDS VIOLATION OF FLAG RULES

MRS JOHN HANLEY

Springfield, Ill.—(AP)—A woman in the Illinois legislature howled the members of the house representatives that the national flag code had been violated by her for years.

Mrs. Sarah Bond Handly, the democratic member of the house from Monmouth county, is trying to replace the two flags now draped behind the speakers chair with the correct United States flag and the emblem of the state of Illinois.

Children Can Tell the Real Thing

"When you want to know if a thing tastes good, ask a child," said a noted dietician recently.

Evidently the same instinct that gives children, the world over, a natural fondness for oranges makes them smack their lips over a bottle of Orange-Crush and call for more. For Orange-Crush contains real orange juice, derives its flavor entirely from oranges.

To the juice of luscious oranges is added the delicate flavor of the peel, the zestful tang of the fruit add found in oranges, lemons and limes, a pure food color such as is used in cakes and candies, healthful carbonated water, and pure cane sugar. Nothing else.

There is so great a difference between Orange-Crush and many so-called orange drinks which get their flavor from imitation extracts that parents are warned to instruct their children to ask for Orange-Crush by name and to see that it's served them in the Krinkly Bottle.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Everything a motor car can offer

Beauty Trim, graceful lines; charming proportions; rich Duco colorings; tasteful interiors—all combine to make Buick beautiful.

Comfort Ample wheelbase and cantilever springs; softly cushioned seats, conveniently arranged—Buick builds comfort for driver and passengers into every car.

Performance Buick's powerful six-cylinder Valve-in-Head engine, now vibrationless beyond belief; provides a new and higher standard of motor car performance.

Economy Low operating cost; long life; slow depreciation—these are examples of the economy of owning a Buick.

Value Because Buick gives everything a motor car can offer—in greater measure, at moderate cost—Buick is today the greatest value automobile dollars can buy.

If you are planning to paper one room or to paper and paint your house, see me. Z. T. Cherry, residence corner West 3rd and Tyson Sts., P. O. Box 309, phone 182. With Cherry, solicitor. 13-6f

Indians Off For 480 Mile Race

San Francisco, June 14.—(AP)—With race officials in every county between here and the Oregon line ready to see that rules are observed, eleven Indians today were matched for a 480 mile highway marathon between here and Grants Pass, Ore.

The race was scheduled to start at 10 o'clock. The official time limit for the race is 15 days but race officials expect the Indians to beat that time by at least five days. The prizes total nearly \$3,000 with \$1,000 as first prize.

No one ever did good work for an indifferent boss.

"OLD GLORY" REACHES SESQUI-CENTENNIAL

JOHN PAUL JONES

FRANCIS SCOTT KEY

BETSY ROSS HOUSE PHILADELPHIA

JAMES A. MOSS

Washington, June 14.—(AP)—The Stars and Stripes, that stirring emblem symbolizing all of the ideals which have fostered the United States and made it great as a nation, is 150 years old today.

The rough journal of the Second Continental Congress discloses this entry among a series of Marine Committee resolutions adopted on June 14, 1777.

"Resolved, That the flag of the United States be 13 stripes alternate red and white; that the Union be 13 stars white in a blue field representing a new constellation."

Today, throughout the nation, wherever the flag is revered, the sesquicentennial of that act is being celebrated by officials, patriotic societies and individuals, under the guidance of the United States Flag Association, of which Colonel

James A. Moss, retired, is founder and director general.

The flag to which homage is being paid today, with its 48 stars and 13 stripes, not only represents the ideals on which the nation is based but pictures its growth in 150 years from a group of 13 British colonies fighting for independence to a world power comprising 48 closely knit states.

Who designed and made the first United States flag under the resolution of the Continental Congress, and what became of it, remains a disputed question among historians. It seems to be established however that it was created to meet the need of these struggling republic's revolutionary navy, and that John Paul Jones, who was given command of the Ranger in the same series of resolutions which included the first

TODAY

(Continued from page one)

or anybody. He risked his life in an enterprise that he had financed, knowing well that if it were successful he would get little credit, and if he were killed he would probably be blamed for adding weight to the machine. That took genuine nerve, a quality that Jews have never lacked, as history has proven.

Robert F. Pack, head of a big electric company, predicts "wireless sending of power." Says he: "The turn of a switch in Blon, N. Y., some day may light up Mansfield, Ohio. The touch of a wireless spark in Memphis, Tenn., may turn the wheels of industry in the entire southland."

It is also quite probable, as suggested in this column, five or six years ago, that the turn of a switch will send hydro-electric power from Niagara Falls or the Colorado Dam to transcontinental fliers in the air.

No tons of gasoline to carry them. Some genius will lighten the horsepower weight of electrical machinery, as the horsepower weight of gas engines has been lightened. Then REAL FLYING around the world ten times without coming down.

France, supposed to worry about declining population, doesn't worry at all. At the time of the Franco-Prussian War, in 1870, the population stood at 38 in France against 47 in Germany. Now the ratio is 64 Germans to 39 Frenchmen. But Frenchmen say "One Frenchman with war gas and TNT in a flying machine, is worth one hundred of

any other nation on the ground." France is building up a great empire in northern Africa, and a very great fighting fleet in the air. And France wisely aims at quality, not mere quantity.

Botoribio Tijerino, once Consul General from Nicaragua, says: "New York banks have absolute control of Nicaragua." Some years ago that might have shocked us; not now. New York banks also have, largely, control of the United States. What is good enough for the United States certainly ought to be good enough for Nicaragua.

Uncle "Bennie," friend of Boy Scouts, aged sixty-four, held a big rattlesnake by the neck while science made an experiment to ascertain if snakes have "a sixth sense." In addition to taste, sight, smell, sound and touch.

The snake's nostrils were filled with wax as part of the scientific experiment, but at that point the snake's primary sense—instinct of self-preservation—awoke and it bit deeply into Uncle Bennie's hand, which swelled rapidly. Serum made of snake poison saved his life, a victory for science. The rattlesnake put back in its cage, probably considered the day one of victory for snakes.

You Know a Tonic is Good when it makes you eat like a hungry boy and brings back the color to your cheeks. You can soon feel the Strengthening, Invigorating Effect of GROVE'S TASTELESS CHILL TONIC 60c.

Negro Confesses Killing C. M. Fink

Charlotte, June 14.—(AP)—Dave Devlin, negro, who two weeks ago shot and fatally wounded Deputy Sheriff Yarborough of Rowan county, has confessed to the murder of C. M. Fink, here, the night of May 28, chief of police Alex West, announced today. The chief refused to say in what jail the negro is being held.

Devlin, the chief said, implicated another negro. The name of this negro was withheld.

Chief West said that Charlotte city detectives obtained the confession from Devlin ten days ago but that the information had been withheld in an effort to apprehend the other negro.

The confession was obtained at the Salisbury jail where Devlin was taken soon after his capture for the slaying of Deputy Sheriff Yarborough. The chief said however, that he had been removed to another jail and declined to tell where.

Fink, a machinist, was found dead in the railroad yards here the night of May 28. His throat had been cut and the body robbed of about \$300. The murder has been a mystery to the general public until today's announcement.

Rewards totalling \$5800 had been offered for the capture of the slayers.

from the tentative list of counties to share in the school equalizing fund, which the 1927 General Assembly increased from \$1,500,000 to \$3,250,000,000, the original list contained 91 counties but the number has now been reduced to 90.

Other counties which are expected to be omitted when the fund is distributed by the commission at its meeting here tomorrow are: Buncombe, Cabarrus, Durham, Forsyth, Gaston, Guilford, Mecklenburg, New Hanover and Wake.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change.

Wiggins, Miss.—Mr. A. L. Cons, a well known Wiggins resident, says: "I have used Theford's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change."

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay.

Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive the poisons so as to leave the organs in a state of healthy activity. Sold everywhere, 25c. NC-174
