MAY ATTEMPT TO FLY AROUND WHOLE WORLD

NEW REIGN OF TERROR IN RUSSIA

Byrd's Plans so Elastic That He May Cross Europe and Pacific Ocean.

New York, June 15.—(AP)—The New York Evening Post says today that Commander Richard E. Byrd, who is expected to hop off soon for a trans-Atlantic flight, has such elastic plans for guiding his Fokker monoplane after it leaves the American shores that he may even cross Europe and the Pacific ocean before he ends his trip.

Byrd, the paper says, it was informed by him, "will not consider his task ended when he lands at Le Bourget. He may hop across to South America and thence back to the United States, or make a series of flights across Europe and Asia to Tokyo, flying the Pacific with a pause at Honolulu."

"All these planes," however, the paper says, "are subject to the approval of Rodman Wanamaker. Mr. Wanamaker is the backed of the flight."

"By necessity," the Evening Post quoted Commander Byrd as saying, "any plans for an extended flight for the objective—Paris—must be tentative."

Doctor Denies He Operated On Young Woman

Charlotte, June 15.—(AP)—Taking the witness stand in his joint trial with J. Marion Smith, automobile salesman, on charges brought by Margaret Jane Carpenter of Newton Dr. W. E. Wishart, prominent Charlotte physician today denied that he had ever performed an operation on the girl.

He testified that she came to his office and asked him to perform an operation but said he refused and said nothing more of her until in the course of his regular duties as house physician for a local hotel he was called to her room without knowing who the patient was. He was asked, he said to preclude something to relieve pain and give her a mild sedative. He said that he informed her he would not have her as a patient.

Dr. Wishart, who is one of the best known physicians in the city said that the next he heard from the girl was when he was made a defendant in a \$40,000 damage suit.

Sparks began to fly when the examination ended. Louie White, son of Hickory conducted the cross-examination. "Doctor, confine your answers to my questions and we will get along very well, I hope," the attorney said.

"Step on it," the doctor heatedly retorted.

Dr. Wishart's testimony was preceded by a number of character witnesses for the defense to lay the ground for future witnesses. Chief of Police Tom Gabriel of Newton and S. T. Gaddy, a hosiery manufacturer, testified as to the reputation of the girl. Former Sheriff Le Herault of Catawba County and Russell M. Young, clerk of the Superior Court of the same county, said the reputation of Dr. C. L. Hunsucker of Hickory recently cleared of charges made by the girl, was good. G. T. Heaven of Hickory testified that he sent his son, Clarence, an important State witness, money which he understood was to be used to pay for treatment of the girl.

Dr. Glenn Long, of Newton, testified that the girl told him she did not know who performed the operation.

INSECTS HELP TOWN

Wombell, Eng.—Taxpayers of this town are saved hundreds of pounds a year by a tiny blue insect called the spintail, which keeps sewage filters clean.

Second District Odd Fellows To Meet Tomorrow

The Second District meeting of the Independent Order of Odd Fellows will be held at Public Landing tomorrow. Five counties in this part of the state will take part in the meeting. They are Hyde, Beaufort, Washington, Martin and Pitt.

At this session Covenant Lodge of Greenville will celebrate the 60th anniversary of its founding with a basket picnic. All members are urged to bring their wives, and as many well-filled baskets as possible.

Rumors of Summary Executions and Military Operations Circulated Today.

London, June 15.—(AP)—Rumors of a new terror in Russia, with numerous summary executions, wholesale arrests, drastic military preparations, an impending declaration of martial law and crowds of foreigners fleeing from Moscow, are current in London.

They emanate from Warsaw, Riga and other centers which are notoriously given to circulating anti-Soviet reports, and whether they are based on facts could not be substantiated today from any independent reliable source.

It is said that a strict censorship imposed on all telegrams from Russia accounts for the inability to confirm the sensational stories which tell, among other things, of "mass executions in many parts of the Union of Soviet Socialist Republics, including Valvostok, the Republics of South Russia and Moscow and Leningrad."

The G. P. U. (political police) are represented as having been given a free hand with the power of life or death over citizens and as making liberal use of those powers which, it is declared, is in accordance with Soviet law.

The population of Moscow is described as being stricken with terror. According to a Warsaw despatch to the Daily Mail, the Ukrainian army alone will be increased by many thousands. This report says that boys and girls are being taught rifle shooting and that the workers are being compelled to devote their evenings to military training.

A dispatch from Riga to the Daily Mail tells of the shooting at Moscow of 28 former officers of the Czar's army and says that more than 100 persons have been shot in reprisal for the assassination of M. Volokh.

"This new terror," the correspondent adds, "has more than doubled the number of suicides in Moscow, where there are now from 10 to 15 daily."

The correspondent quotes he says is an announcement of the Moscow newspaper Izvestia or organ of the Federal Executive Committee of the Soviets, that 25 prominent persons held as hostages in Moscow will be put to death in the event of further attacks on commissars.

Mitchell Case Goes to Jury

Asheville, N. C., June 15.—(AP)—The jury in the case of Mrs. Mildred Mitchell, charged with the murder of Mrs. Sue E. Clay during an automobile ride in which it is alleged the two women engaged in a fight over the affections of a man in the party, is expected to get the case by noon today. Testimony was completed yesterday and the judge's charge alone remained to be placed in the hands of the jurors for decision.

Somewhat of a sensation was caused in court when, after he had testified, W. N. Muir of Greensboro, the man in the case, was held by Judge N. A. Sinclair in \$10,000 bond for his appearance at the next term of court to answer charges of driving an automobile while intoxicated, transporting liquor and to meet a statutory offense. Muir had testified that the two women engaged in a fight over the affections. Bryant English, the fourth member of the party, claimed that he was in a stupor from drinking and remembered nothing of the trouble.

Mrs. Mitchell on the witness stand in her own defense asserted that Mrs. Clay jumped from the machine, while it was running. She said Mrs. Clay objected to her attentions to Muir and then to the slowness of the speed of the automobile. When Muir refused to speed up, she said, Mrs. Clay jumped out of the machine, falling heavily to the pavement.

She testified that Muir was staggering and when she and Muir picked up Mrs. Clay to put her in the automobile Muir, dropped Mrs. Clay's head and it struck the pavement. She said Muir threatened her if she did not tell the story he told her to.

GRANTED DIVORCE

Paris, June 15.—(AP)—Count Frederic De Janze has been granted a divorce from the former Miss Alice Silverthorne of Chicago.

NEW YORK CROWDS CONTINUE TO PURSUE LINDY

Colonel Charles Lindbergh is getting no rest in New York, the tremendous all day welcoming reception given him having failed to dim enthusiasm over the aviation hero. Photo shows police struggling to control a mob hopeful of getting a glimpse of Lindy as he makes a brief appearance on Fifth avenue.

Georgia Woman Declares Klan Members Flogged Her

Toccoa, Ga., June 15.—(AP)—Small town gossip, thought to have originated with an "old man" in the community, finally reaped 82 blows across a woman's bare back. The story Mrs. Ansley Bowers told of an attack on her and her 12-year old son has led to the arrest of four men and to a charge laid at the door of the Ku Klux Klan.

From a hospital bed in Gainesville, Ga., near here, Mrs. Bowers told newspaper men that 12 men in three automobiles called at her home late last Sunday night, forced her to accompany them to a lonely road and then beat her four times. Her son Floyd was taken, too, she said, and beaten when he cried out against her assailants.

"These men are all members of the Ku Klux Klan. There is no doubt about it," Mrs. Bowers declared to newspaper men. "They wore the Ku Klux uniform, and threatened to brand the letter K on my back unless I left town."

Nathan Bedford Forrest, Grand Dragon of the Ku Klux Klan in Georgia, replied to Mrs. Bowers' assertion with a statement in which he said:

"If any member of the Ku Klux Klan took part in the Toccoa flogging, the Klan will do its utmost to send him to the State penitentiary." Forrester said that there was a local Klan in the vicinity of Toccoa but that he thought that men "who committed this dastardly outrage" posed as Klansmen to throw the blame on the organization.

The "old man" to whom the gossip was charged remained in the background. A prominent business man of the town told investigators that so persistent was this "talker" that the chief of police took cognizance of the stories but that after nine days he dropped the matter as not worthy of concern.

Mrs. Bowers' husband, from whom she has been separated two years and a railroad man and two of the men arrested on charges of having participated in the flogging are railroad employees. Elmer Clark and Charles Thomas surrendered to Sheriff F. A. Stowe of Stephens County, late yesterday after completing a run from Greenville, S. C. Both denied the charge.

The two others arrested were W. J. Acree, principal of a school near Toccoa and T. R. Lowery, sub-foreman of a furniture factory. All four waived preliminary hearing. A Grand Jury to consider the charges is to be convened July 4.

"After they had my son and I out of the auto they took a seat from one of the cars and forced me to lie across it. One man stood over me and held my head; others held my hands and feet. They pulled all my clothing up over my head and one began to strike me with a leather strap. I screamed with pain and one man thrust his fist into my mouth," the woman related.

"They whipped me so hard I almost fainted; they paused and one man said I would have to be out of Toccoa by Monday night. I asked why they were whipping me; if any of my neighbors or any one else had said anything against me. 'She don't talk about this thing; give her some more,' one of the men said. They put me down on the automobile seat and whipped me again. They cursed me and beat me again and again. They gave my son a whipping, but not so severe as the ones they gave me."

Hospital physicians said that the lower part of Mrs. Bowers' body was almost flayed.

HOPE REVIVED FOR SAFETY OF FRENCH FLIERS

Nungesser and Coli Believed to be on North American Mainland.

Quebec, June 15.—(AP)—By the Canadian Press—It was unofficially reported here today that the French aviators Nungesser and Coli have been found alive.

The information came from the River Bend through an employee named Blair in the district north of the Saguenay River. The information was contained in a telephone message with the man's mother who lives in Quebec.

Paris, June 15.—(AP)—Captain Nungesser and Coli had ten flares and a pistol with which to discharge them when their trans-Atlantic plane White Bird hopped off from Le Bourget field according to revelations made today by officers of the 34th Aviation Regiment.

The pilots had taken from the machine a package of flares weighing about ten pounds but at the last moment officers of the regiment handed to Captain Coli ten flares of the type employed in military aviation, together with a pistol for their discharge.

This revives the possibility that the flares seen in northern Quebec were fired by the two daring French aviators who have been missing more than a month, provided they actually reached the North American mainland.

Oklahoma Poses Hunt Bank Bandit

Tulsa, Okla., June 15.—(AP)—After binding Marshal of Jennings, Okla., to a tree and stealing a motor car in which a two year old child was sleeping, Matthew Kimes, notorious young bank bandit of the southwest today was the object of one of the most extensive man hunts in the history of Oklahoma.

Kimes apparently had eluded the officers this morning, having been chased to Hominy, Osage county, by Pawnee county possemen.

George McAninch, marshal at Jennings, was captured by Kimes early today when he attempted to stop the outlaw as he sped through the little town. Kimes tied McAninch to a tree and continued on his way.

The bandit stole an automobile belonging to Orville E. Noble at Drumright shortly after Noble and his wife drove up to the home of a friend for a visit. The child was found on a vacant lot two blocks from where the car was stolen, still sound asleep.

Coolidge Nears Summer Residence

President Coolidge's Special Train En Route to Black Hills, S. D.

June 15.—(AP)—President Coolidge was welcomed to South Dakota today soon after he crossed the state line on the journey to his summer residence in the Black Hills.

A crowd waved his greeting from Elkton, first station in South Dakota and shortly after breakfast Senator Norbeck of South Dakota and a delegation of more than 30 citizens extended the first official welcome.

President Coolidge's Train En Route to the Black Hills, S. D. June 15.—(AP)—A touch of the prairies and the old time west unfolded itself to President Coolidge today as he neared his summer residence in the Black Hills of South Dakota.

He sat with Mrs. Coolidge in the rear car of his long special train and saw stretching into the far off horizon rolling fields sown recently in wheat and corn.

The President was traveling thru the heart of that country where the folks he saw and the folks who came to see him were those whose desire for farm relief were embodied in the vetoed McNary-Haugen bill.

Shortly after sunrise the President's train entered the state which will be host this summer, and at noon he was to receive an official welcome at its capital, Pierre, from Gov. Bulow and other state officials.

A welcome delegation headed by Senator Norbeck of South Dakota waited at the state line.

The President, Mrs. Coolidge and their large party expected to de-train at Pierre for a brief tour of the city and the capitol grounds.

TODAY

The Most Enthusiastic. Japan Wants Ships. O. K. Industries Could Help. S. O. Of Indiana.

(By Arthur Brisbane)

Copyright 1927, by Star Co.)

New York may not be quite the most enthusiastic city in the world. No man, anywhere, ever had so great a reception, so many millions cheering, so many thousands of automobiles struggling for room in the streets.

Imagine the greatest demonstration that you can imagine, multiply it by ten and you will fall short of reality.

It was a great test for Lindbergh when he started out, barely clearing the Long Island trees, with his heavy load of gasoline, a few days ago.

A bigger test comes now, when Lindbergh dies away, and his common sense is called upon to find place, and his balance, in the great nation that cheered for ten hours, and forgets in a week.

The millions who saw Lindbergh Monday saw in his face his foreign extraction and Scandinavian blood. He has not been transformed into a "one hundred per cent" automaton. That's one reason why he flew across the Atlantic all by himself, instead of going in a tug store to order a nut sundae.

It is announced that Japan, at the Geneva naval conference, will demand an equal ratio with all United States. Japan in fact claims the right "to more cruisers and other auxiliaries than America," because she has such long trade routes to protect.

If this country and its government would build the necessary fleets of airplanes and submarines we could say to other nations, "Build battleships, cruisers, etc., to your heart's content. But keep them away from our coast when you are not friendly."

If we built as many swift planes as our post office, and our great industries could use, and if a few of our great industries, General Continued on Page Six)

100 Witnesses To be Examined In R. R. Hearing

Charlotte, June 15.—(AP)—Approximately 100 witnesses are expected to be examined by Examiner Davis of the I. C. C. in the hearing on the proposal of the Piedmont and Northern Railway to extend its lines it was announced today at headquarters of the railway here. The hearing, which starts next Monday, is expected to last 10 days or more.

The railway company is seeking the right to resume its program of construction halted during the World War. It is now seeking to connect its lines in South Carolina with the Gastonia-Charlotte line by building a line between Spartanburg and Gastonia and to extend the North Carolina division to Winston-Salem.

The States of North Carolina and South Carolina have filed notice of their intervention into the case and a number of municipalities, Chambers of Commerce and organizations of shippers are to be heard.

High officials of the P. and N. today expressed confidence that they will receive permission to proceed with the \$15,000,000 construction project. They said that opposition from railroads, chiefly the Southern Railway, would be strong, and they expected a hard fight.

RECOVERING FROM EFFECTS OF ATTEMPT TO COMMIT SUICIDE

Durham, June 15.—(AP)—Mrs. Helen Greer, 19, today was believed fully recovered from effects of taking poison in an alleged attempt to commit suicide Sunday night.

She had been in a period of despondency prior to the attempt it was said. She and her husband, Jack Greer, recently came to Durham from Gastonia.

CHARGES HEIRS WITH HOLDING PROPERTY

Durham, June 15.—(AP)—Complaint was on file in superior court here today to institute suit involving 480 shares of F. C. Geer corporation stock, valued at \$119,800, with W. L. Foushee, executor of the Geer estate in behalf of three resident heirs as plaintiff.

The complaint charged R. L. Bellamy and Clara Bellamy, the latter an heir with holding stock of the alleged value which should have been turned over to the executor but which the couple declined to relinquish possession.

LINDBERGH'S AIRPLANE IS READY TO FLY

Aviation Officers, However, Haven't Been Notified What To Do With it.

Mitchel Field, N. Y. June 15.—(AP)—Officers at the Army air field made known today that New York-Lindbergh's plane, the Spirit of St. Louis, before the flier returns home.

They said that present plans call for Lindbergh to leave here for Washington in an Army pursuit plane Friday morning immediately after receiving the \$25,000 Orteig prize at a presentation breakfast in New York. At Washington he will transfer to the "Spirit of St. Louis" and thence fly to St. Louis arriving there late Friday according to schedule.

Washington, June 15.—(AP)—The trans-Atlantic monoplane, the Spirit of St. Louis, today was in perfect running order, Navy aviation officers said, for its master Col. Chas. A. Lindbergh, at Bolling field here. But the officers were still awaiting word from the pilot as to his plans for the plane's disposition.

Lindbergh still has the Curtiss Army pursuit plane in which he flew from here to New York and the officers were inclined to believe he would fly this machine here, then pilot his own ship away.

The defective cam follower and guide which prevented Lindbergh from using the Monoplane in his New York flight have been replaced and the engine was given a thorough test which showed the trouble had been eliminated. It was being kept in the Anacostia Naval air station's hanger under heavy guard pending Lindbergh's decision as to its disposition.

The failure of the plane to function properly on Monday has led to controversy following an editorial about the incident in the Washington Post. Assistant secretary Warner in charge of the Navy Aeronautics in a letter to the Navy Department had done the work of re-assembling the machine after its unloading from the cruiser Memphis throughly but had awaited a test on the day of the flight by Lindbergh following a preliminary one on Sunday when it appeared to operate satisfactorily.

He said that the trouble was of such a nature that with the light load the plane probably could have flown to New York, but that "The Historic value of the plane dictated repairs be effected before proceeding."

His letter led to a reply by Colonel William Mitchell, former army air chief, who blamed the Navy for not using proper care both protecting the plane from salt water during the voyage from Europe and with failure in not properly reassembling it here. He also said Warner's assertion that the machine could have flown to New York was the sort of "a statement that is to be expected from a man inexperienced in aviation." The reply generally censured the Navy's handling of aviation.

Benson Farmer Is Shot by Son

Benson, June 15.—(AP)—Nathan McLamb, a farmer who lives one mile east of Benson, is in a serious condition as a result of a gun-shot wound inflicted by his son, David McLamb because of an argument over a stack of fodder.

The son is being held in the Johnston county jail at Smithfield without bond, awaiting the outcome of the affair. The elder McLamb is in a serious condition, but will probably recover. He was shot in removing a load of fodder from a stack belonging to his son. The son had rented land from his father, and the trouble arose over a small debt.

The shooting took place when the elder McLamb drove to the stack of fodder to collect his debt. His son ordered him to get off the place, and when the father refused, went into the house, got his gun and shot his father deliberately taking aim at his head and face.

It is estimated that the shooting took place at fairly close range. Soon after the shooting, deputies Parker and Hockaday from Benson arrived on the scene and placed young McLamb under arrest. He is married and has several children. His father is about 60 years of age.

Youth Killed By Live Wire

New Bern, June 15.—(AP)—Jack Keel, nine, was electrocuted early this morning near Grantham, while attempting to remove a live wire which had fallen to the pavement. The boy and his mother, whose home is in Wallace, Duplin county, were visiting with Mr. and Mrs. John E. Keel at Grantham.

The child was found shortly after the accident and medical aid summoned, but resuscitation was impossible.

SECOND ROUND OF OPEN GOLF TOURNAMENT TODAY

Oakmont, Pa., June 15.—(AP)—Bobby Jones, off shortly after noon on his second round in the National open with a 76 already to his credit, shot a "birdie" four on the first hole. The Atlanta ace and title-holder, reached the edge of the green with his second and ran an approach putt dead.

He overran his putt on the second hole, trying for a "birdie" and took par four.

The gallery numbering several thousand strong, was so unruly at the start that officials had to sound frequent warnings.

Starting the second round in defense of his National Golf championship, Bobby spoiled an otherwise good start by mistakes in the two short holes, the sixth and eighth, making the turn when his 18 hole total was 76.

His card:
Out 444 544 455—39.

Pulls For Huskies

NORMAN SONJU

Oakmont, Pa., June 15.—(AP)—Harry Hampton, after a brave start as one of the two leaders of the moment in the United States open golf championship play, slipped after he finished his first nine holes and was two over par with 39. He was two under par after five holes, having birdies on number 1 and number 5. He needed a six at the par four seventh and took three putts on the one shot eighth. He got his par five on number 9 after being trapped on his second.

Hampton, Memphis, Tenn. pro, tied with Harrison R. Johnston, Minneapolis amateur for the 18 hole lead in the United States open, was off to a good start in the second round today. Hampton started with a birdie four at the first hole. He was over the 482 yard green on his second, but came back close enough to get down with a reasonably long putt.

Johnston, off in Hampton's wake, missed a six foot putt for a birdie four on the first hole and was down in five. A beautiful iron second shot from the rough had put him on the edge of the green.

Hampton was one strike under par after four holes. After his birdie at No. 1, he played the next holes in par, having 444 5 for the four. He barely missed a birdie four at number 4.

Hampton, looking more than ever like a Memphis cotton broker rather than a golf professional, gained another stroke on par at the fifth where he holed a 30 foot putt for a birdie 3. Hampton was cautious, personified, making a careful survey of the situation before making a shot. His forethought was being repaid, however, by his scoring.

The bespectacled Hampton missed his first shot on the sixth when his iron from the tee landed in a trap guarding the green 187 yards away. He came well out but had to take two putts and was over par by a stroke on the hole with a four.

He lost two more strokes to par on the 7th and was one over perfect figures. He found a trap with his second and was short with his approach putt taking a five for the par four hole.

Johnston got his par four on the second hole but was one over on the third where he hooked his iron, chipped a bit short and took two putts. He took a disastrous seven, two over par, on the fourth, chipping over the green. Then back into a trap and finally missing a short putt.

Hampton took three putts for a four on number 8 after seeing his tee shot well on the green. He seemed to be slipping after his sensational start.

Archie Compston, Great Britain was "on" his game today. With a good 79 yesterday, the British contender shot a 38, one over par, going off this morning. On the first six holes coming home he was even with par.

That the sun was getting in its hand and drying out the course was indicated early when half of the first 16 players to tee off made birdies on the first hole.

The warm sunshine had a decided effect on the size of the gallery. Large crowds followed the early favorites. An hour before Bobby Jones, the open champion, was to tee off, a line of golf fans had formed at the main gate ticket office.

Johnston was down in par four on the fifth and was one over par with a four on the sixth. An extra putt was costly on the sixth.

Johnston shot par golf on the 7th, 8th and 9th, and he made the turn with a 41 on the out round as compared with his par 37 for the first nine yesterday.

His card:
Johnston out 545 744 435—41.

Mehlhorn and Sarazen each made the turn in 39, two over par. "Wild Bill" bagged perfect figures except for the short 9th, where he hooked to a trap, flubbing his approach and required two putts to register a five on this three par hole.

Sarazen, as he expressed it, was having one of his "wandering" rounds, but saved himself on the fifth and eighth with neat putts after straying from the fairway with his drives.

Card: Mehlhorn out 544 545 435—39.
Sarazen out 544 553 435—39.

Where They Play

PIEDMONT LEAGUE
Durham at Raleigh
Winston-Salem at Rocky Mount
High Point at Salisbury

VIRGINIA LEAGUE
Petersburg at Norfolk
Richmond at Kinston
Portsmouth at Wilson

SOUTH ATLANTIC LEAGUE
Charlotte at Knoxville
Greenville at Macon
Columbia at Asheville
Spartanburg at Augusta

SOUTHERN LEAGUE
Atlanta at Birmingham
Mobile at New Orleans
Little Rock at Memphis
Nashville at Chattanooga

AMERICAN LEAGUE
St. Louis at Boston
Chicago at Philadelphia

NATIONAL LEAGUE
New York at St. Louis
Brooklyn at Cincinnati
Boston at Pittsburgh

Heavy Hitting Big Feature In Piedmont

Raleigh, June 15.—(AP)—Heavy hitting at the expense of both ordinary rookie and experienced hurlers is playing a big part in the final lap of the first half of the Piedmont league season. The closeness of the standings of first division teams continues as of yore.

Raleigh bested Salisbury in a slugfest in the Rowan capital yesterday the contest, marred by rain, ending 12 to 7. Rocky Mount slugged Durham to turn in a 5 to 1 win in an abbreviated tilt at Rocky Mount. Rain caused the High Point-Winston Salem match to be postponed.

Clark, Colonial shortstop, led the hitting with a double and two singles.

GOLF SCORES

Oakmont, Pa., June 15.—(AP)—The following is a list of the 36 hole scores for the National Open Golf championships, totals including 18 holes played yesterday and 18 today:

Mike Brady, Mamaroneck, 78-87—165.

A. Whitcombe, Great Britain, 84-80—164.

Archie Compston, Great Britain 79-74—153.

Grant Halstead, San Gabriel, Cal. 82-71—153.

Harry Hampton, Memphis, Tenn. 73-78—151.

Fred Baroni, Crafton, Pa., 80-72—152.

Gene Sarazen, Flushing, N. Y., 74-74—148.

Bill Mehlhorn, New York, 75-77—152.

Walter Loeffler, Pittsburgh, 81-83—164.

Big League Leaders

Including games of June 14:

National

Batting—Harris, Pirate 441.

Runs—Hornby, Giants 49.

Hits—P. Wauer, Pirates 80.

Doubles—Lindstrom, Giants 16.

Tripples—P. Wauer, Pirates 11.

Homers—Wilson, Cubs 13.

Stolen Bases—Cuyler, Pirates 16.

Pitching—Meadows, Pirates won 3 lost 1.

American

Batting—E. Miller, Browns 404.

Runs—Ruth, Yankees 58.

Hits—Gehrig, Yankees 58.

Doubles—Burns, Indians 22.

Tripples—Manush, Tigers 8.

Homers—Ruth, Yankees 21.

Stolen Bases—Goslin, Senators 10.

Pitching—Lyons, White Sox won 11 lost 2.

MINE RUNS SCHOOLS

Virginia, Minn.—(AP)—A State-owned iron mine in Minnesota nets the State school fund \$1,500,000 a year in royalties. It is the Mesabi mountain mine, rated the world's heaviest shipper of iron ore. From it 6,000,000 tons were shipped last year.

Aileen Aspires

Having dropped out of the spotlight since she turned professional, Aileen Riggins, former Olympic diving champion, is turning to another sport in search of honors. She is studying golf under experts and is practicing in a bathing suit, so as to cultivate freedom in her stroke. Photo was taken at Briarcliff, N. Y. (I-N-N Exclusive.)

Dempsey-Sharkey Bout on July 21

New York, June 15.—(AP)—Jack Dempsey's drive to win back the title he lost in to begin July 21 in a battle with Jack Sharkey at the Yankee Stadium here. Tex Rickard has spoken.

When and Sharkey together attended a boxing show at the Brooklyn Navy Yard last night he broke the news.

One of the most delighted fans present was Sharkey. Sharkey is sure he can lick Dempsey or Tunney himself for that matter. The winner of the fray is to have the coveted chance to meet the champion for the title.

NOTICE OF SALE

Under and by virtue of the authority contained in a certain deed of trust from L. J. Peaden to Mrs. Annie S. Knight, recorded in Book D 10, page 363, in the office of the Register of Deeds of Pitt County and pursuant to that order signed in an action wherein J. F. Parker was plaintiff and Donnell Gilliam et al, defendants, default having been made in the payments secured by said deed of trust, the undersigned will offer for sale, and sell to the highest bidder for cash at the courthouse door in Greenville at noon, on Friday, July 15th, 1927, the following described property:

Being Lot No. 14 in the plat of Piney Grove Farm, which plat is of record in the office of the Register of Deeds of Pitt County, in Map Book No. 1, page B, and containing 21 acres, more or less.

This the 9th day of June, 1927.
A. B. CORRY, Trustee.

BOYS JUNIOR LEAGUE WILL OPEN FRIDAY

First Game of Junior Boys Work Program To be Played at Fair Ground.

C. W. Porter, director of the Boys' Work campaign now in progress in this city, stated this morning that the next game of the Sunday School baseball league would be played at the fair grounds Friday afternoon by the Juniors of the Jarvis Memorial Methodist church and a similar aggregation representing the Christian church.

Considerable interest is centered around this game. Mr. Porter said because it will be the opening of the season for the junior league. The first game of the season of the Senior league was played Monday afternoon between the Jarvis Memorial Methodist Church and the Memorial Baptist Church, resulting in a victory for the latter organization.

Mr. Porter also said that a swimming trio is being planned for next Wednesday. All boys desiring to take part are urged to get in touch with the committee immediately.

Shortstop Trade Recalls Old Days

SHORTSTOP TRADE RECALLS
Washington.—(AP)—It's getting to be a regular shortstop parade on the Washington ball club. The latest addition to the Nats' procession is Emory Rigney, formerly with the Detroit Tigers and Boston Red Sox. Rigney was acquired in a trade which took Budny Myer to the Carigan entourage.

Before Myer was assigned the shortstop job, the Senators had Robert Peckinpaugh, Donnie Bush and Everett Scott. Ozzie Bluege, third baseman, also took a whirl at the post at various intervals. All these players cavorted in the spotlight between second and third in the Senatorial battlefield during recent seasons.

This situation is a marked contrast to what Washington knew in the old days. For many years the Senators were acquainted with but one shortstop—George McBride. George ranged around the position for a dozen campaigns or so. As a fielder McBride ranked with the best. He covered worlds of territory, had a stout whip and was uncanny in coming in fast to gobble those tantalizing little rollers off the grass between the pitcher's box and third base.

McBride couldn't hit, however. He was in the 200 class. In one season's play he turned in the remarkably low average of .197 for a regular. In a word, McBride was one of the weakest hitting regulars in major league history. But his work on the defense kept him in the main canopy for a long stretch. McBride was always in shape. During his first eleven years in the majors he played 150 games or more each campaign. In five of them he didn't miss a game. He was the Everett Scott of his day, so far as the iron man stunt was concerned.

FINDS SNAKE-LIZARD

Oakland.—(AP)—Cree Tribble, Livermore, Cal., captured what appeared to be a new type of lizard. It looks like a cross between a lizard and a snake, has fangs and a forked tongue, being 10 inches long and sluggish in movement. The animal fought and bit its tail part of which dropped off after the fangs had sunk into it.

Captainless Crew

DON BLESSING

Berkley, Calif.—(AP)—The University of California crew has no captain this year and will have none until after June 29.

Coach Ky. Ebright is trying out the plan of making the post an honorary one, with selection to take place after the Poughkeepsie regatta.

Meantime Don Blessing as coxswain, outranks the others on the Pacific coast eight. He has been four years at the post, and this year guided the California boat to its first victory over Washington since 1921.

LEAGUE'S MOST FEARED HURLER

Ted Lyons, youthful Chicago White Sox slabman, is the most feared of American League hurlers. He checked Ruth, Gehrig and Co., in New York to win his eighth straight game and 12th victory of the season. New photo shows him in action. (I-N-N Exclusive.)

WALTER JOHNSON SETS A RECORD EVERY TIME HE FANS A BATTER

New York.—(AP)—Walter Johnson's fast ball is singing its way along the twentieth milestone in the major league career of the "Big Train," and every time the Washington pitching ace fans a batter or shuts out the opposition he is establishing a baseball record.

When Johnson blanked the Red Sox, 3-0, on Memorial Day, in his first start in the box this year, he established two new marks. It was his 113th shutout victory since he broke into the Senators' ranks away back in 1907, and when he fanned one batter he hoisted his life time total of strikeouts to 3,450.

Fully recovered from a broken leg suffered in the spring training camp at Florida, which kept him out of the game in April and May, Johnson is off toward new pitching achievements that may never be equalled. In 1912 he won 16 consecutive games and the next year pitched 56 consecutive scoreless innings. For nine years in a row he led the American League in strikeouts. For six years he topped all pitchers in games won. Johnson also has allowed less earned runs per game than any pitcher who served more than 12 years in the majors.

When Johnson came to Washington, a raw youth of 20, he had nothing but a blinding speed ball. Old-timers say he had more speed than any pitcher who ever lived. His fast one gave rise to that baseball axiom: "You can't hit what you can't see." Now at 40, Johnson has an assortment of curves and a deceptive change of pace. These tricks of the game were developed to divert the strain of an aging arm, but batters of the present day can testify that much of the "smoke" of the original fast ball is still available when Johnson cares to employ it.

CUBS CLIMB NEXT TO TOP IN NATIONAL

(By the Associated Press)
The climbing Cubs ascended today were within a single game of the Pirates at the top of the National league ladder. In games won the Cubs tied the Pirates with a max. of 32 by beating the Giants yesterday, 4 to 3. The last ten of those victories have been consecutive and the last four have been at the expense of the Giants for a clean sweep of the series. Since the Cubs have played two more games than the Pirates and lost two more they are still a few points behind them.

Rain washing out the Pittsburgh-Brooklyn game while the Cubs were mowing out the Giants in 11 innings gave McCarthy and Company their chance to gain. Luck as well as good baseball was with them as they made one less hit and three more errors and still won.

Western teams made a clean sweep of the day's games. There were only three as rain was general in the east and cancelled all the American league games as well as the Pirates' schedule tilt at Pittsburgh. In addition to Chicago the winners were the Cardinals and the Reds.

The world champions, in the third place continued to stay very much in the running for the pennant by sweeping a clean four-game series with the Phillies. The fourth victory was won at six to four with all the Cardinals run scored before the fourth inning.

Pitching by Jackie May helped the last place Reds to a 10 to 0 decision over the tying run on second base. Jackie struck out Mann and Farrell.

The day's lay off for the Yankees incidentally deprived Babe Ruth of the chance to hit home runs and put him behind his record for 1921, the year of his biggest homer crop. On June 14, 1921, he hit numbers 22 and 23. He now has 21. In number of games played, however, Babe is still ahead of his record.

Eagles Lost, Bugs Won Yesterday

Raleigh, June 15.—(AP)—Rain and wind played havoc with Virginia league results yesterday. The Norfolk-Petersburg contest being stopped at 4 all in the sixth inning and the Wilson-Portsmouth halted in the eighth, 4-2 for the North Carolinians. Kinston dropped its seventh out of the last 8 starts to Richmond 2-1. Eddie Moor's home run in the first proved the margin for the Colt's win.

LOCALS

Mr. and Mrs. Will Minor, of Durham, spent yesterday with Mrs. L. C. Skinner.

Mrs. E. B. Ficklen has returned from Greensboro where she has been to attend the Blount-Myers wedding.

Miss Elizabeth Skinner left yesterday for a visit in Goldsboro.

Mrs. Charles Skinner, Mrs. E. B. Ficklen and Dr. L. C. Skinner spent Tuesday in Windsor.

Mrs. Earl Harrington, of Dallas, Texas, is the guest of Mrs. Walter Harrington.

Mrs. James Coleman, of Raleigh, is the guest of Mrs. W. T. Lipscomb.

Jack Sturgeon, of Lake City, S. C., was in town today.

Mr. and Mrs. T. T. Hollingsworth left today for a visit to relatives in Georgia.

Mrs. David J. Whitford, Jr., and little son, returned today from a visit in Goldsboro.

A. B. Corey left today for Fort Bragg to be instructor in the Citizens Military Training Camp.

Mrs. W. R. Jones and Miss Ada Jones left today for a visit in Wilmington.

Ronald Palmer was among the Greenville boys leaving today for the C. M. T. C. at Fort Bragg.

John T. Thorne, of Farmville, was in the city this morning.

G. T. Gardner, of Grifton, was in the city a short time today.

Mr. and Mrs. Alf Forbes and Miss Elizabeth Forbes, of Winterville, were here today.

Mrs. Nana Brown and Miss Helen Brown have returned from a visit in Rocky Mount.

Miss Frances Moseley and Mrs. B. W. Moseley returned today from a trip to New York, Atlantic City, Washington and Richmond.

Miss Ruth Burke, of LaGrange, is visiting Mrs. Geo. B. W. Hadley.

MISS COTTEN SKINNER ENTERTAINS

Miss Cotten Skinner was hostess at a very attractive and enjoyable bridge party on Tuesday morning.

Bridge was played at six tables. Pink and white sweet peas were effectively used as decorations.

Prizes for each table and high score were given. The favors were novelty fans. A tempting salad course was served.

Let Zip give you a marcel permanent, at Lorraine's.

MRS. CARTER ENTERTAINS FOR MRS. COLEMAN

Mrs. E. V. Carter was hostess to three tables of bridge yesterday afternoon in honor of Mrs. James Coleman, of Raleigh. The home was lovely with quantities of garden flowers.

Mrs. Coleman was remembered with lingerie. Mrs. Richard Stokes, Jr., was given linen.

The top score prize, an attractive pillow, was won by Mrs. W. T. Lipscomb. Mrs. Boykin was winner of low score prize, a towel.

At the conclusion of the game, a salad course and an ice course were served.

BIBLE CLASS OF CHRISTIAN CHURCH TO HOLD MEETING

A special meeting of the Fellowship Bible class of the Christian church of this city, will be held tomorrow night at eight o'clock.

Several important matters will be discussed, and a musical program will be rendered by the male quartet.

The session will be featured by an address by Hon. F. C. Harding. Other short talks will be made.

MEMORIAL BAPTIST PICNIC POSTPONED THIS MORNING

The annual picnic of the Memorial Baptist church, which was to have been held at Public Landing today, was called off on account of inclement weather.

The next date for the outing will probably be decided upon Sunday.

TICKETS FOR ENTERTAINMENTS AT COLLEGE ON SALE

Season tickets for the several entertainments which will be presented at East Carolina Teachers College, are now on sale at Warren Drug Co. The program will cover a period of ten weeks and consists of some of the world's best known artists. A rare treat is in store for all who attend.

MISS FLORENCE PHELPS ENTERTAINS

Complimentary to Miss Carolyn Watson, of Henderson.

Miss Florence Phelps enjoyably entertained at three tables of bridge on Tuesday afternoon in honor of her house guest, Miss Carolyn Watson, of Henderson. The home was attractively decorated with summer flowers, carrying out a yellow color scheme.

After the guests arrived they were served iced watermelon, several games of bridge following. The high score, three novelty handkerchiefs, was awarded Miss Christine Wilkerson, and low score prize, a novelty pencil, fell to Miss Helen Burnette. The guest of honor, Miss Watson, was presented a bottle of Coty's perfume.

At the conclusion of the games, an ice course with salted nuts was served.

SMITH AND TUCKER REUNION JUNE 30TH

The Smith and Tucker reunion will be held at Reedy Branch church on June 30th. All descendants of Henry Smith and Cella Tucker are invited and requested to come and bring baskets. Dinner will be served on the grounds.

County Donates \$2,500. To The Flood Sufferers

The final total of funds collected by the local chapter of the Red Cross for relief of the Mississippi flood sufferers was \$1,919.34, according to announcement made by W. H. Rogers, chairman of the local chapter.

In addition to the funds collected by the local chapter, funds collected by the Farmville chapter of the Red Cross and the local chapter of the Salvation Army make the total for the county approximately \$2,500.

Chairman Rogers in giving out the statement regarding the donations, expressed gratification that the citizens of Pitt county had responded so nobly to the call for help and requested that his personal thanks, together with those of the national organization of the Red Cross be conveyed to the people who have donated to the cause.

Making up the final totals for the local collections are the following donations:

Previously reported \$1,849.34
City Union 5.50
E. E. Hardee 5.00
Cash 2.00
Black Jack Church 50.00
Miss Mariah Graham 2.50
D. M. Clark 5.00

Total \$1,919.34

FIDELIS CLASS TO MEET

The Fidelis class of the Immanuel Baptist church will hold its regular monthly meeting on Friday evening at the home of Mrs. F. A. Edmondson, on Chestnut street. All members are urged to be present.

RECITATIONS BEGIN TODAY AT COLLEGE

Over 639 Students Enrolled for Summer School at Teachers College.

Although recitations began today registration is still in progress for the East Carolina Teachers College summer school. To date 639 have registered. The college can accommodate approximately 700.

While the work given in the summer term is practically the same as that given during the three terms of the regular college year, and while much of the summer school patronage is made up of the same students who attend during the regular year, on the whole, the students of the summer term represent a greater teaching experience and a maturer group.

A large per cent of the summer students are pupils who have been out in the state teaching. They come to summer school for the purpose of doing work that will raise their certificate to a higher grade thus raising their salary and at the same time better fitting them for their profession.

East Carolina Teachers College is the only four year college in the state that offers the same courses and the same type of work during the summer that it offers during the regular year. This college attempts to do nothing but prepare teachers. It strives to fit its work to both those in service and those preparing to enter the profession.

It is possible for a teacher to take the full course at this college by attending only the summer term. For one who takes the four year course this would take a period of twelve years. None have done this so far in the history of the college. Many, however, have graduated from the two year course by attending summer terms. To do this requires only six summers.

Under this plan the college has four graduating classes each year: one in June, August, December and March respectively. At the close of the 1926 summer school 59 were graduated—50 from the two year course and nine from the four year course. The number of graduates will probably be as large this summer.

FOR YOUR VACATION

Come to a restful, healthful, home-like resort—beautiful

Buffalo Lithia Springs. Situated in the rolling hills of Mecklenburg County, Virginia, the hotel, under new management, offers large, comfortable rooms and unexcelled fare at reasonable rates.

Swimming, boating, fishing, horseback riding, tennis, bowling, and dancing. Daily concerts by orchestra. To these pleasures of an ideal resort are added the curative properties of

Buffalo Mineral Waters. Remarkable results have followed the use of these waters in the treatment of various diseases. Served free to hotel guests. Write for descriptive booklet and hotel rates. 1927 season opens June 15th.

RED OAK NEWS

Great interest is still being manifested in the contest going on at our Sunday School at Red Oak.

Miss Ella May's class is over five hundred points in the lead. Mrs. Leon Tyson's class is second; the infant, third; and the adult class is still like we said they were last week, although they are beginning to get a little "pop" in them.

The Sunday School reported 3,131 chapters of the Bible read last week. Miss Ella May's class read 1,515 of these. We think that is a remarkable report. There were 107 in Sunday School on last Sunday. We are expecting an even larger crowd next Sunday morning. All visitors and any new members are given a cordial welcome.

The "Sunshine Class" of Red Oak held their regular monthly meeting at the home of their teacher, Mrs. Leon Tyson, last week. About 25 members were present and the evening, The next together meeting will be a picnic.

Mrs. R. S. Allen and children will leave tomorrow for an extended visit to Richmond and other points in Virginia.

Mr. Sam James and daughter Naomi, have returned to their home at Liberty, after visiting friends in our community.

Friends of Mrs. Lou Forbes will be glad to learn that she has recovered from a recent illness.

Mrs. Hassell James and children are visiting at the home of her father, Mr. R. W. Vainright.

We feel that our community has made another progressive step. We will have electric lights from Greenville within the next few weeks.

Mrs. J. W. Timberlake and sons, Herndon and Johnnie and Miss Inez Allen visited relatives in New Bern last week-end.

Mr. and Mrs. Johnnie Clark visited friends in our community Sunday.

Mr. and Mrs. David Smith and Mr. and Mrs. Jasper Jones were visitors at Mr. and Mrs. B. L. Tyson's Sunday.

ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

Only one marriage license has been issued by the register of deeds since the report of yesterday afternoon, that being to Henry Green of New Bern, and Stella Harris of Grifton.

Pension Checks Received Today

Pension checks for Confederate veterans and their widows have been received in this county, according to an announcement made this morning by J. Frank Harrington, clerk of Pitt county Superior court.

The checks are mailed out twice a year, veterans receiving \$100 and widows \$50.

Records on file in the office of the Clerk of Court show that there are only fourteen members of the Confederacy receiving checks at this time. There are thirty-five widows surviving.

Pitt County Boys Go To Fort Bragg For Month's Stay

Thirty or more Greenville and Pitt county boys left this morning for Fort Bragg where they will spend the next month in training with the Citizens Military Training Camp. The boys were enrolled by Arthur C. Corey, local attorney, who left this morning for Fayetteville to be with them during their training period.

TO THE PROSPECTIVE BRIDE

We have a beautiful brochure "Wedding Ring Sentiment." This was issued by Traub Mfg. Co., makers of "Traub Genuine Orange Blossom Wedding Rings and Ring Mountings." This brochure gives a complete history of the wedding ring from its first use to the present day. It has a number of photographs showing the very newest designs in ring mountings and wedding rings. If you will come in we will be glad to present you with one of these brochures.

What Is Meant By Coplon Quality?

It's a term used frequently in our advertising. Old Eastern Carolinians, familiar with the character of Coplon merchandise, know well the significance of the phrase.

But for the benefit of the newcomers to Eastern Carolina, we'll define the term.

Coplon quality means dependable quality. It means merchandise in which customers can place every confidence.

Unless an article is dependable in every respect, it has no place in the Coplon stock. We prefer to forfeit a certain amount of business rather than sell merchandise that is shoddy or cheap looking. We are sure that you will not assume, however, that the gossamer of chiffon hose or the most delicate bit of lace will wear "like iron" just because it was purchased at Coplon's. But the lowest price chiffon hose or lace in our stock must give satisfaction.

Piece for piece, quality for quality, Coplon merchandise recognizes no superior in the field of reliability.

It is reported that the President is to call an extra session of Congress two months in advance of the regular opening in December, but not, it is stated, on account of the Mississippi flood situation. The writer of the announcement seemed to wish it clearly understood that Mr. Coolidge declines to change his mind about that.

"Coffee week" was not only hopelessly overshadowed by Lindbergh week, but further suffered from its suggestion of that abomination, weak coffee.

A new junior high school has just been named after Woodrow Wilson — and dyed-in-the-wool Republican Philadelphia, of all places. Petty prejudice would seem to be passing.

Not even "Lindy" himself yet knows what is inside his tons of letters, but it has been guessed that a heavy percentage of them will reveal the photographs and addresses of hopeful girls of all ages.

Unconscious humor has been found in the "want ads," but not often anything quite so refreshing as the following from a Chinese paper: "A young Chinese, knowing perfect English and typing, seeks position. Salary no objection."

A lonely newspaper correspondent who has not quite forgotten our greatest national calamity rather pointedly remarks that "when 600,000 people are homeless and the Mississippi River is turning Louisiana into a lake, this is not the time for empty bragging about the conquest of the air and ocean."

WHY ALL THIS
"HYSTERIA?"

Some people have been saying that they are tired of seeing Lindbergh's name across the front page and wonder how long it is to last, but it is safe to say that even these have kept on reading what has been said about him with continued interest and with even an occasional return of the first thrill. It is also safe to say that no other mortal ever received so much unstinted praise within a given time. Consider a few of the typical samples:

"Never was America prouder of a son." "More a tribute to character than even to heroism." "The unworldliness of Lindbergh has conquered the world." "It seems almost incredible that he has not made a single mistake. One-tenth of the applause would have turned the head of almost any man, yet he has been as

wise and well-balanced in his actions as in his words." "King Solomon said that he that ruleth his spirit is mightier than he that taketh a city, and no one ever saw a man who ruled his spirit more perfectly than Col. Lindbergh." And as to that "model speech" of 124 words in response to the President's formal greeting under the Washington monument, in which "the wonderful boy" said not a word about himself or his marvelous exploit, and spoke only of the message of unity from the nations across the sea: "If orators of greater experience would follow this young man's example, would choose and say only what is really pertinent and important, public speaking would lose its terrors."

So far as we have seen, only one writer complains of all this "mad hysteria" and submits that the credit for the first non-stop flight across the Atlantic belongs to Alcock and Brown who flew from New Foundland to Ireland in 1919. The obvious answer to this is that the "Lone Eagle's" flight gripped the imagination and bewitched the world, and that, moreover, Lindbergh is Lindbergh.

Murder Hearing
Near End At
Fayetteville

Fayetteville, June 15.—(AP)—The end was in sight today in the trial of Mrs. Maybelle Phillips and Kenneth O. Boone on charges of murdering Frank McLaurin here last January.

At a session last night, after Boone's attorneys had announced the close of their defense, attorneys for Mrs. Phillips announced they would offer no evidence and would depend on the testimony in favor of Boone to clear their client. The State at once started rebuttal evidence.

Rebuttal and sur-rebuttal evidence was expected to be completed today and the case may reach the jury tomorrow if not earlier.

Mrs. Phillips is accused of having fired the shot that killed McLaurin after he lay unconscious several days after being struck on the head by Boone during a fight. Boone on the witness stand denied having struck McLaurin, asserted that he left McLaurin near the place where the body was found and that McLaurin was alive and uninjured and claimed that McLaurin either killed himself or was killed by other persons. He asserted that Mrs. Phillips had nothing to do with the case.

Boone's case was rested late yesterday after eleven character witnesses had testified that he was of good reputation in the community. Three physicians testified that the fractures noted in the skull of McLaurin, which was introduced as evidence, were in their opinion, caused by the bullet fired into his head.

**WOULD ESTABLISH
PROTESTANT CHAPEL
AT FAYETTEVILLE**

Raleigh, June 15.—(AP)—Frank H. Stedman and E. F. Wheaton, of Fayetteville, and Chaplain Walter V. Zimmerman of Fort Bragg, conferred with Governor McLean today in regard to the establishment of a protestant chapel at Fort Bragg. There is at present a Catholic chapel only at the big army reservation. The proposal is to erect the protestant chapel by public subscription. The chapel will be non-denominational.

Lindbergh Rival

GLADYS ROY

Los Angeles.—(AP)—Out of Minneapolis, his former home town, has come a woman rival to Captain Charles Lindbergh. Gladys Roy has been an aviator for more than five years and holds low and high records for parachute leaps, the latter made at 16,000 feet.

Miss Roy, imitating Lindbergh in his "lone eagle" accomplishment, has ambitions to become an airmail pilot and plans flying from Minneapolis to Washington to see Postmaster New in her effort to secure the post. She has trained for the service in Los Angeles.

Third Call For
Bids on Printing
To Be Made Soon

Raleigh, N. C., June 15.—(AP)—A third call for bids on the half million dollars worth of printing which the State will have done in the next two years will probably be made by Governor McLean and the Printing Commission within the next two weeks, it was learned today.

Printers will not be required to bid on a proportionate part of the entire State printing, but will be permitted, it is indicated to bid on separate items.

Frank D. Grist, Commissioner of Labor and Printing has been authorized by the committee to visit Virginia, West Virginia, New York, New Jersey and Pennsylvania for the purpose of studying the methods used by those States in letting their public printing contracts.

Two bids have been received by the State Printing Commission on the biennial work.

The first was rejected because printers who have held the State printing contracts during the past two years, raising the bid on machine composition to 98 cents per thousand ems. In the second bid the printers who have held the contracts stuck to their 98 cent price claiming they had lost money at the old price.

Two North Carolina printers submitted bids of 80 cents per thousand ems, which was the old price, but their bids totalled only 30 per cent of the work.

It is generally accepted that the latest bids will be rejected, although no formal action has been taken by the commission.

BEGINS PAYMENT OF

Raleigh, N. C., June 15.—(AP)—

TURN HAIR DARK
WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, for only 75c. It is improved by the addition of other ingredients, and is called "Wyeth's Sage and Sulphur Compound" or blouses on face, neck, arms or nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

B. R. Lacy, State Treasurer, has begun the repayment of about eight million dollars of loans made by the various counties to the State Highway Commission. The loans are being paid back out of the proceeds of the State's latest ten million dollar bond issue. Mr. Lacy said that counties are getting their checks as fast as the financial procedure will permit.

NEW YORK POLICE
HAVE LARGEST FLEET
OF CARS IN WORLD

The New York City Police Department has just added sixty-one automobiles to its traffic squad.

Harrington-Lang Motor Co., of this city are today carrying an advertisement containing a picture of the cars leaving the Elizabeth City, N. J., Star plant of the Durant Motors, Inc. The fleet of cars operated by the New York City Police Department, is the largest police fleet in the world.

The Harrington-Lang Motor Co. are local distributors for the Durant Motors Co.

Market Report

Cotton--Stocks--Grain

COTTON

New York, June 15.—(AP)—Selling inspired by a favorable weekly weather report was absorbed on moderate reactions in the cotton market today. The prices later advanced on covering of rebuying. October sold up from 16.74 to 17.00, the general market ruling about 5 to 12 points net higher in the afternoon.

	High	Low	Close	P. Close
Jan.	17.37	17.05	17.37	17.18
March	17.56	17.23	17.56	17.34
July	16.71	16.40	16.71	16.53
Oct.	17.08	16.74	17.07	16.88
Dec.	17.32	16.96	17.32	17.12
Opening: January 17.25; March 17.38; July 16.60; October 16.94; December 17.17.				

GRAIN

Chicago, June 15.—(AP)—With no real wet, warm weather in sight, corn showed a decided upward trend today, and helped to rally wheat. Unresponsive Liverpool cables and better weather conditions for wheat both Northwest and Southwest made wheat prices average lower most of the time.

Corn closed firm, 15 1/2 to 21 1/8 net higher, wheat unsettled 3 1/4 to 5 1/8 cents gain. Oats 1 1/2 to 7 1/8 cents up and provisions varying from 1 cent decline to an equal advance.

Savannah, June 15.—(AP)—Turpentine firm, 52 1/4 to 52 1/2; sales 219; receipts 865; shipment 6; stock 21,089; rosin firm, sales 1,860; receipts 2,980; shipment 200; stock 65,563. Quote, B. D. E. F. G. H. I. K. 9.40 to 8.55; M. N. 8.55; W. G. 9.70; W. W. X 10.60 to 10.90.

STOCK MARKET

New York, June 15.—(AP)—The stock market displayed splendid recuperative power today after yesterday's sharp break. Weakness cropped out in the rubbers and a few specialties but the secondary selling elsewhere was well absorbed and prices of many issues rallied 2 to 12 points. The shifting of funds incidental to government financing, federal income tax payments and mid month dividend and interest distributions failed to disturb the money market. Call loans again dropped to 4.

The close was strong. Total sales approximated 2,000,000 shares.

POTATOES AND BEANS

Raleigh, N. C., June 15.—(AP)—(By Radio to N. C. Dept. of Agri.): Potatoes

Philadelphia—43 cars on track supplies moderate, demand moderate; market steady; N. C. cloth top stage and slat bbls. U. S. No. 1 550-6.

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population

London.—Political observers are noticing the very significant change in the note and manner of British foreign policy recently.

What is known as the "Die-hard" section in the Cabinet is now firmly in command. It is represented by Lord Birkenhead, Leopold Amery, Winston Churchill and Sir William Joynson Hicks. Its motto is "Britain first."

It was this party that was responsible for Britain's severe line in China. It was they who, in a note to the United States Government, described Secretary Mellon's statement as "misleading and inaccurate"—strong language from one friendly Government to another. It was they who were responsible for the complete severance of British relations in Russia, after a bitter fight in the cabinet.

Where this policy of firmness, or as some might say roughness, will lead, it is dangerous to speculate. But a big section of the British public will group a sigh of relief when this group is no longer in office.

The Mecca of every well-dressed woman in London according to Mrs. Frances Sanders of San Francisco.

"The ideal of every woman in America is to come to London to do her shopping," says Mrs. Sanders. "There is an atmosphere about London that makes it a woman's city. Everything seems to be done to meet a woman's requirements, and what appeals to women most, the best things are so much cheaper than in Paris or New York."

"A woman likes to feel that she has a bargain, and there is a thrill in buying hats and frocks when you have come 5,000 or 6,000 miles to do so."

"I like to have a look at Paris but I do my shopping in London because I always feel I am getting value. The courtesy of the shopkeeper does not go down or the bill; it is just in the ordinary run of business. In Paris one feels that one has to pay a substantial premium for being an American."

There was a great slump in the first three months of this year.

There were 167,125 births, and 68,770 deaths, the excess of the latter being attributed to the influenza epidemic.

This is only the third time in a

IN HONOR OF CHAMBERLIN

This plane, flying over Iowa, Kan., in celebration of the flight of the Bellanca plane from New York to Germany, failed Pilot B. T. Barber, a passenger, and a mother and four children in the house escaped injury as it fell.

(International News)

century that, in the first quarter of a year, deaths have exceeded births.

San Francisco.—Whirlwind marriages will be slowed down to a snail's pace in California, effective August 1, leaving couples time to stop, look and listen—and perhaps retreat.

In an effort to circumvent "amnesia" marriages, California has passed a law requiring couples to wait three days after securing a marriage license before proceeding with the wedding ceremony. Under the system now in vogue, an impulsive young man may meet an equally impulsive young woman and become married before either realize just what has happened.

The trouble with this system, according to authorities, is that many of these couples won't stay hitched. Under this heading are so-called "gin marriages," when the party of the first part, somewhat saturated with alcohol, persuades the party of the second part, also touched with the "roseate glow," to skid down to the sea of matrimony.

H. I. Mulcrey, county clerk of San Francisco, forces many mix-ups, particularly among foreigners, as a result. "Right now," he said, "we have

rel began in his place and ended with a revolver duel on the street below.

Mimi accepted all these tribulations more or less philosophically. But when someone planted a bomb in his cafe which ripped away one of the walls and endangered the lives of his family that was just a trifle too much.

TODAY

(Continued from page one)

Motors for instance, and the big locomotive companies would compete with Henry Ford in airplane construction there would be no need to worry about other nations or their floating targets.

Great industries arranging their planes to serve as pursuit planes and bombing planes, carrying rapid fire guns in war, could give this country absolute protection, on a self supporting basis.

Then the government might drowse along with its battleships, its old fashioned army and navy dodes; and do no harm.

Standard Oil of Indiana sets, an

excellent example to other great industries. Its chairman and board of directors use a three-engine double control all metal monoplane built by Ford, and invite citizens of consequence to fly with them. Recently at St. Joseph, Mo., the "Stanolind," Standard Oil of Indiana's airship, was inspected by 25,000 people, and took up 120 prominent citizens to test the machine.

A letter just received from Allan Jackson, vice president of Standard Oil of Indiana, gives interesting information.

The oil company at the end of the war, began working on gasoline and lubricating oil especially for flying machines such as "would never be the cause of engine failure." Agents were ordered to deliver these products to aviators whenever called on "regardless of expense, distance and time of day."

And Standard Oil, to help aviators locate themselves in flight, marks in big letters on the roof of all Standard Oil stations, the name of the town and will soon have 3,600 towns thus marked.

Important to Americans who ask "Does it pay," is the concluding

DO YOUR OWN BANKING

IF YOU SPEND all your money, somebody else will deposit it and receive the benefits that you should have.

PART OF THE MONEY that you earn should be laid away—you can put it in our savings department and have it set to work earning interest and you will be surprised how quickly it grows.

BUILD UP a bank account to call upon when needed.
