REED APPEALS
FOR OLD TIME
IDEAS OF LAWMissourian Declares
People Should Rise
Up Against Corrupt
Politics.

Johnson City, Tenn., June 18.—(AP)—Appealing for a return to the old time fundamentals of Government, Senator Reed, Democrat, Missouri, declared today in a speech before the Tennessee bar Association that the time had come when the patriotic people of the country should rise up and drive out the "parasites of corruption" which have spread throughout the nation's capital.

The Missouri Senator who was chairman of the Senate's campaign funds investigating committee charged that not one tenth of the corruption had been exposed. He also declared that, unless the soul of America was to be destroyed, the corrupt use of money in elections must be stopped.

Responsibility for the conditions was laid at the door of concentration of authority in the federal Government which he said "invariably brings in its wake the twin evils, incompetency and corruption".

Instead it has already proceeded so far that there is scarcely an activity of life from the rearing of babies to the mowing of armies, which is not now in some degree subject to the surveillance of Government officers, agents, spies, and courts," he continued. "If the march toward centralization be not soon arrested, state governments might as well cease to exist, for all authority will have been assumed by federal agencies and tribunals."

He assailed the pending child labor amendment to the federal constitution as an effort to supplant the "socialism of Lenin and Trotsky for the Democracy of Washington and Jefferson."

He claimed that another phase of corruption was "great money" given for the favor of the government. "We passed a law to tax all the people for the benefit of certain favored manufacturers," he added. "In turn those manufacturers were told that they must periodically submit to the process of having the profits tried out of them in the form of political contributions. To this end they responded with enthusiastic alacrity."

"They are willing to buy any government so long as the purchase price represented a small portion of the profits they were to receive."

"In every such instance, the leprosy of corruption has spread itself throughout the capital of the nation. No man of good judgement proposes to make war upon the honest acquired wealth but, if this government is to be perpetuated, it must be a government of men and not a government of money."

"Unless the purity of the ballot is protected, unless we turn back to the old principles of the American people as to a 'tale that is told,' a glorious picture vanishing in the mist of time."

Tobaccoists
Gathering At
Morehead City

Morehead City, N. C., June 18.—(AP)—The vanguard of 350 members of the Tobacco Association of the United States who will go into annual session here Wednesday, began arriving today and were quartered in private cottages for the convention. The gathering will continue through Friday.

Governor Angus W. McLean is expected to be present during the convention and United States Senator Furnifold Simmons is slated as the principal speaker at banquet to be held Thursday night. A cruise on the cutter Pamlico will be Friday's entertainment feature.

Charlotte Men
Are Acquitted

Charlotte, June 18.—(AP)—Dr. W. L. Wishart, widely known Charlotte physician, and J. Marion Smith, automobile salesman, today were free of charges preferred against them by Margaret Jane Carpenter, Newton girl.

Jury in Mecklenburg Superior Court at 4:25 o'clock yesterday returned an acquittal verdict after a five day trial during which the courtroom frequently was in an uproar and bitterness between attorneys and witnesses cropped out frequently.

The trial was the second growing out of charges made by the girl other defendants having been acquitted during a preliminary hearing at Hickory. What the fate of a \$60,000 damage suit brought by the girl against Dr. Wishart will be was not known today.

TODAY

A Lindbergh Night.
A New Ford Plane.
Sir Alfred's Sleep.
No Demand For July.
(By Arthur Brisbane)
Copyright 1927, by Star Co.)

Lindbergh's doing night before last:

At 8 p. m., with New York's Mayor he was watching a prize fight in aid of a boys' organization. Standing in the prize ring while the crowd yelled, he saw the moon shining brightly, and that gave him an idea.

He went from the prize ring to the Ziegfeld theatre, saw "Rio Rita" and the crowd, including George M. Cohan and Eddie Cantor, saw him.

From Ziegfeld's theatre he attended at William Fox's "Roxie" theatre a Nungesser-Coli benefit, beginning at midnight. Five thousand saw him there, in his dinner jacket.

Leaving that performance he motored to Mitchell flying field, on Long Island, arriving at 2:30 a. m., put a flying suit over his dinner jacket, rose into the air at 2:58 and arrived in Washington at 4:43 a. m.

He stayed twenty-seven minutes, and at 5:10 a. m. left in his own machine, the one that crossed the ocean, and flew back to Mitchell field, arriving at 7:43 a. m. The trip to Washington and back took four hours and seventeen minutes. He flew to Washington at 120 miles an hour and loafed back at ninety miles an hour.

He leaves New York today for St. Louis in his trans-Atlantic plane, planning to arrive at 4 o'clock in the afternoon, leaving New York at 6 in the morning. That record "without sleep" speaks for itself.

Henry Ford and his son, Edsel, according to announcement made yesterday by William B. Mayo, chief Ford engineer, are working on a giant Ford airplane, twice the size of the three motor all-metal Ford planes now in service with Standard Oil of Indiana and other companies.

The new Ford plane will carry 20 passengers and have 2,000 horsepower.

It is not the projected plane of which Henry Ford recently talked to this writer, to carry 100 passengers, many "superfluous" engines and cost about \$1,000,000 for one machine. But the new plane with 2,000 horsepower is a good start.

What big concern will build one twice as big? Will General Motors do it, or the American Locomotive Company?

Sir Alfred Yarrow, British scientist, thinks the rocking motion of a train cured his insomnia, and has ordered a bed that will rock all night. His bed, "reproducing all the motions of a train," has movements occurring at the rate of 80 per minute.

Evolutionists will tell him that the swinging bed should imitate the motions of tree branches swinging in the wind. We got used to that motion when we lived in trees. When there was no wind our half-monkey ancestor would shake the branch to put the baby to sleep. Therefore, the modern mother rocks the cradle, and we dream of falling because we used to fall out of the tree.

That's what evolutionists say, but you are not compelled to believe. (Continued on Page Six.)

Ayden Boy Gets
Appointment To
Naval Academy

Congressman Lindsay C. Warren today announced the appointment of another Pitt county boy to a Government academy, the fortunate appointee this time being Joseph Kitchin McLawhorn, of Ayden, son of former Sheriff Joe McLawhorn.

Young McLawhorn receives the 1927 appointment as principal to Annapolis. The first alternate is Lomile A. Soules of Washington, the second alternate is William Hackett, of Belhaven, and the third alternate is Wilbur W. Madrin, of Greenville. The examination will be held next February, and the successful one will enter the Naval Academy on July 1st, 1928.

Mrs. Bonnie Sutton
Laid to Rest Today

Mrs. Bonnie Sutton, 24 wife of Louis Sutton, passed away this morning at three o'clock at the home on the J. B. Tucker farm in Chicod township.

Funeral services were conducted this afternoon at one o'clock by Rev. Mr. Briggs. Burial took place in the Patrick graveyard between Farmville and Greenville.

She is survived by besides a husband, two sisters, Mrs. Leona Harris and Miss Annabel Hathaway.

WILL EXPLODE
NO BOMBS AT
GENEVA MEETAmerica Tells Japan
She Has No Idea of
Startling Arms Conference.

Geneva, June 18.—(AP)—Simultaneously with the declaration of Admiral Kobayashi, one of Japan's chief delegates, that his country's program at the naval conference opening at Geneva Monday does not embrace the question of the internationalization of the Panama Canal or reduction in strength of the naval bases at Hawaii or Singapore, the U. S. would not introduce any startling suggestion.

The general understanding on the eve of the parley, called at the invitation of President Coolidge is that the American delegation is not anxious for and "bombs" from either the British or Japanese, such as an attempt to reduce the tonnage of battleships or cruisers, to internationalize the Panama Canal or to establish reductions on the Hawaiian naval base. It is believed that Mr. Gibson in his opening address will outline a definite plan of warship limitation as conceived by the U. S.

Admiral Kobayashi emphasized that he and his fellow delegates would restrict their efforts to secure an agreement on warships not covered by the Washington treaty; that his country was attending the conference in a spirit of conciliation hoping that a fair agreement would be arrived at, and the Island Kingdom merely wanted a total tonnage of warships that would assure adequate protection.

As the time draws near for the opening of the conference, American circles are discussing the naval strength of their country. It is stated in these circles that because of the many old cruisers, described as worthless in modern warfare, the existing ratio on modern cruisers is five for Great Britain, as compared with 2.7 for the U. S. The point is made that as this ratio includes six cruisers which will attain the 20 year age limit next year, the actual strength of the United States is but ten 7,500 ton cruisers. With the eight 10,000 ton cruisers either in the course of construction or contracted for, it is declared that the United States will have a modern cruiser strength of 153,000 tons.

PUBLISHERS
MAKE VISIT
TO COOLIDGESeveral Hundred
Small Town Editors
Call at White House
In Black Hills.

Rapid City, S. D., June 18.—(AP)—Several hundreds small town newspaper editors and publishers came into the Black Hills today to hold an elk and buffalo barbecue close to the summer White House and to be received by President and Mrs. Coolidge.

They comprised the delegates and guests of the National Editorial Association's convention which was held in Omaha and which is making a post-convention tour of this section of the country.

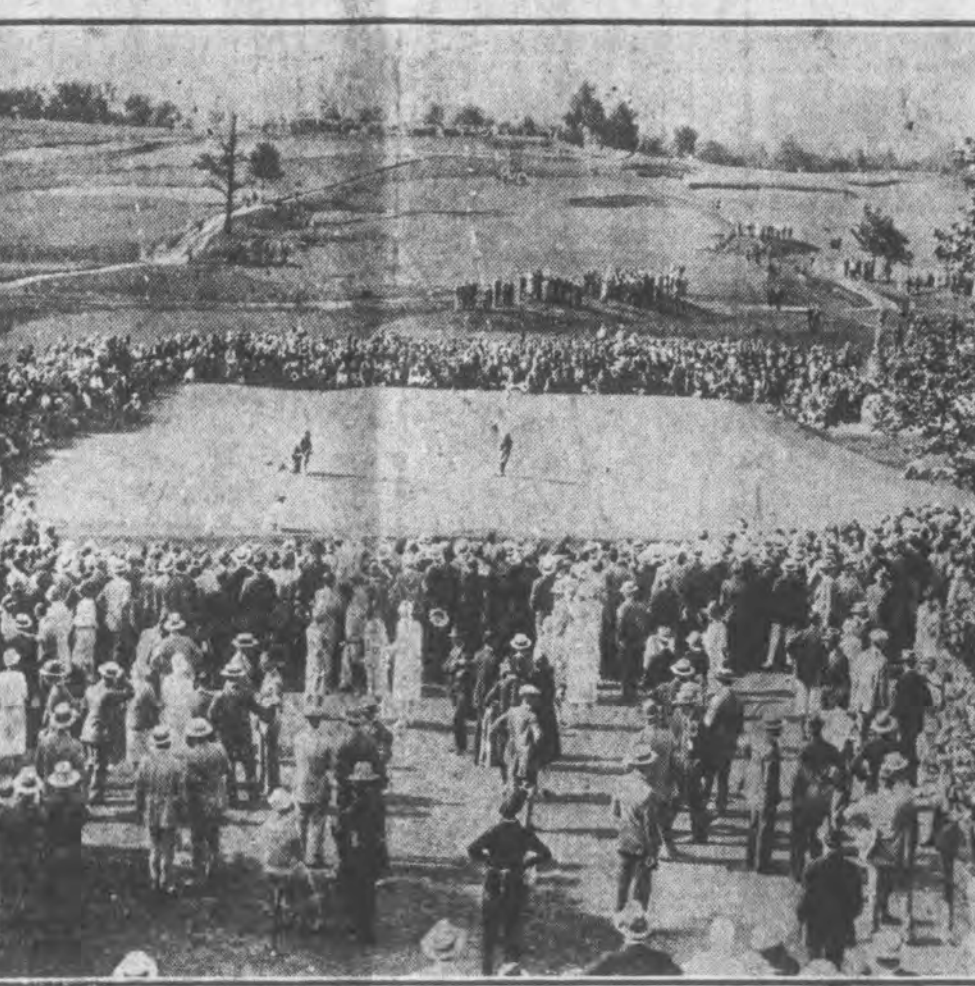

A half mile from the State Game Lodge workmen prepared for the big outdoor event. Large slabs of buffalo meat and quarters of elk, both obtainable within the park which is President Coolidge's summer residence were laid out on roasting irons and from Rapid City came truck loads on buns into which the steaming, spicy meat will be laid.

There was a hint that President Coolidge, drawn by what appears to be a zest to get the most out of the novel life which is his lot might decide to become part of the merry gathering but should such editors were to journey the half mile from Camp Galea where the barbecue takes place to be received by the presidential couple of the State Game Lodge.

LEADING CHEMIST
DIES IN BOSTON

Cambridge, Mass., June 18.—(AP)—Dr. Henry Paul Talbot, dean of the Massachusetts Institute of Technology and one of the leading chemists of the country died at the city hospital in Boston today.

ARMOUR MAKES LAST SHOT IN NATIONAL OPEN

Tommy Armour is shown making his last shot in the national open golf meet at Oakmont, Pa., which required an additional round to decide the tie between Armour and Lightfoot Harry Cooper. Match was the most thrilling golf spectacle in years.

Kiwanis Club Joins Hands
With Rotary In Providing
Swimming Pool For City

Efforts to provide a municipal swimming pool for the city of Greenville received additional impetus here last night when W. H. Rogers, newly elected president of the Rotary Club, appeared before the Kiwanis Club and asked that they co-operate with the Rotarians in making the pool an actuality.

"Greenville is in need of a pool of this kind," Mr. Rogers declared, "and it is incumbent upon our people to provide it as soon as possible."

The Kiwanians not only gave favorable consideration to the proposal, but went the Rotarians one better by proposing that the combined membership of both clubs unite and appear before the board of aldermen at their next meeting to offer their assistance in establishing the pool. A committee was appointed to confer with the Rotary Club during the interim, and both clubs are to vote on the attendance of the entire membership at the next meeting.

Mr. Rogers told of the numbers of young men drowned in this section of the country during the last few years because they had no properly protected swimming pool to go to. The lives of the younger generation are at stake, and it is the duty of public-spirited business men to protect them in every way possible.

He said most of the important towns and cities in North Carolina had found it necessary to provide public swimming pools for the young people. He said that there were sixty pools in twenty-three towns of the state, and that many of them were in nearby towns.

C. W. Porter, director of the Boys Work campaign in progress in Greenville during the summer months, said the public swimming pool is one of the greatest assets of a city. He declared Greenville had been in need of a place of recreation of this kind for some time, and that some action should be taken to make it possible. He said he had come in contact with a majority of the youth of the city during his stay here, and found that numbers were forced to go to other towns to do their swimming. This condition should not prevail in one of the most progressive towns in the state, he asserted.

C. S. Forbes said he was ready to give all support possible to the movement and urged that the Kiwanis Club render every aid possible.

B. W. Moseley proposed that the club go on record as favoring the proposition, and appoint a committee to confer with the Rotarians. President Woodard said names of the committee would be announced at a later date.

The session of the Kiwanians last night was probably one of the most spirited in months. Bert James led the singing of a number of familiar old melodies, and was ably assisted at the piano by Miss Regina Thomas. Kiwanians who probably never sang before, forgot themselves during the song service, and caroled like mocking birds. The musical program was featured by a number by Porter, East Rowlett and James.

The club virtually dispensed with oratorical fireworks and gave its attention to public health problems and the swimming pool. Dr. F. J. Rowlett, representing the Pitt County

BYRD'S FLIGHT
IS DELAYED BY
THE ELEMENTSInterest Aroused Over
Flier's Reticence in
Announcing Fourth
Member Party.

New York, June 18.—(AP)—Curiosity as to a fourth member of the crew on the projected trans-Atlantic flight of Commander Richard E. Byrd's giant monoplane, America, ran high today as unfavorable weather over the north Atlantic caused postponement of the take off at least until tomorrow night.

Commander Byrd said he had been deluged with applications from persons desirous of making the flight to Paris in the America. Many of these requests, he said had come from women, but "the fourth, there is one will be a man," he said.

While Byrd withheld definite announcement as to the probable fourth member, followers of the flight speculated whether a newspaper reporter, to act as official historian, or a passenger would be carried.

Some reports were that Lieutenant Berni Blachen, former Norwegian Naval Officer, who was associated with Byrd in his flight to the North Pole and has been active in preparing the America for its flight would be the fourth member.

Hearing of Co-op
Receivership Is
Postponed Today

Raleigh, N. C., June 18.—(AP)—Hearing on the petition of W. H. Holder, Harnett County farmer, for a receivership for the North Carolina Cotton Growers Co-operative Association, called in Superior Court here this morning was postponed and will probably not be aired until late in August.

Certain affidavits which were to have been exhibited in the hearing were not available and Judge W. C. Harris ordered the postponement in order to allow them to be procured.

Charges that officials gambled with Association funds, forming a combine among themselves and squandering association money by paying excessive salaries are contained in the petition drawn up by Holder through his attorney, Willie M. Person.

Hickory Lawyer
Draws Sentence
In Liquor Case

Charlotte, June 18.—(AP)—Louis Whitner of Hickory member of the law firm of Whitner and Whitner, today was sentenced to serve six months in city court of a charge of receiving whiskey. He was fined \$250 on a charge of buying whiskey.

The conviction was under the Turfington Act which makes purchase as well as possession and transportation of liquor a crime. Whitner gave notice of appeal and was released on \$500 bond.

BRITISH FLIERS
FORCED DOWN AT
MARTLESHAM, ENG.

Martlesham, Eng., June 18.—The British long distance fliers, Lieuts. C. R. Carr and P. H. MacWorth, who hopped off from Cranwell, Lincolnshire, at 12:41 o'clock this afternoon for a flight of India, were forced down at the Martlesham Heath air-drome this afternoon.

The aviators were forced to descend because of a minor defect, and despite the great load which their bombing plane carried for its long flight, landed successfully. The airmen were uninjured.

Martlesham is near Ipswich, which is about 100 miles from Cranwell.

ARMY TO TAKE
PART IN TRIP
TO HONOLULUTwo Crack Fliers
Pilot Planes to San
Francisco to Make
Preliminary Tests.

Washington, June 18.—(AP)—The Army Air Corps is striving to be first in crossing the Pacific ocean between San Francisco and Honolulu in a non-stop flight.

After months of preparation, shrouded in secrecy, the crack Army fliers are now piloting a giant trimotored Pockler monoplane across the continent to San Diego, Cal., for final grooming and testing of the machine and navigation instruments for the hop. Final authorization of the flight by the war department depends on the result of these tests.

If they are successful, the hop off on the 2,300 mile flight will be made not later than July 15, from March field San Francisco. First Lieutenant Lester Maitland, the plane's pilot, has announced. Lieutenant Maitland was accompanied by first Lieut. Albert F. Hegenberger as assistant pilot and navigator.

The flight has been an army project of long standing, assistant secretary Davidson in charge of army aeronautics declared, and was not motivated by the offers of prizes for the trip, for the army fliers would not be eligible to receive any awards.

Lieut. Maitland is not only one of the army's outstanding racing pilots but recently completed a 6,000 mile trans-continental flight, carrying assistant secretary Davidson on an inspection of air stations. Lieut. Hegenberger for the past four years has been chief of the instrument and navigation branch at McCook field.

COUNTY CLUBS
RETURN FROM
CAMP LEACHMembers of Boys and
Girls Clubs Report
Having Good Time
On Trip.

Members of the home demonstration and agricultural clubs of Pitt County returned to Greenville this morning after spending four days in annual encampment at Camp Leach. While it rained most of the time the youngsters were away they reported having a good time. Similar clubs from Beaufort county joined in the encampment.

The club girls and boys entertained quite a number of visitors from Eastern North Carolina during their stay at Camp Leach. They were visited by members of the Kiwanis Club of Greenville, the Rotary Club of Washington, W. O. Saunders, well-known writer from Elizabeth City, and numbers of notables connected with home demonstration and agricultural work in this State.

The Pitt County contingent in charge of Miss Bertha Lee Peterson, director of the home demonstration department of Pitt County and Mr. Arnold, Pitt county home demonstration agent. They were assisted in the work by Miss Brown of Washington, member of the county of Peace Institute and Miss Julia Peterson of the Pitt County Health Department.

Directors of the farm and home demonstration departments of Beaufort County were in charge of the fourteen club girls and three club boys from that county. There were several chaperones composed of district agents from the eastern part of the State.

LINDBERGH IS
HONOR GUEST
AT ST. LOUISElaborate Program of
Festivities Mark
Home Coming of Air
Hero.

St. Louis, June 18.—(AP)—The "Spirit of St. Louis" soared to its zenith today in its formal and official welcome to its dauntless son, Colonel Chas. Lindbergh, its own "Slim" who flew his viking plane, the "Spirit of St. Louis," from New York to Paris.

For four weeks while the acclaim of Paris, London, Brussels, Washington and New York was shouted and clung into the ears of the young flier, St. Louis, for the last three years his home, stored up energy for its shouting of paeans of praise.

Today it had him and his historic ship, and St. Louis took the day off to do him honor.

Thed ay was an official holiday, and despite threatening weather, which, however, early turned to a typical day in June, St. Louisians began to line the streets at dawn for its royal welcome to the reluctant youth already acclaimed royally in fact.

Many of those who lined the streets in front of boarded up windows, came from out of town. The thousands were eager for a glimpse of the hero of the age's great adventure.

Following a hearty breakfast with his mother at the home of Harry H. Knight, one of the backers of the New York to Paris flight, which is host to the flier during the homecoming celebration, Colonel Lindbergh was escorted to the Congress Hotel where he received the city's official welcome from a reception committee of 300, including Dwight F. Davis, Secretary of War; Governor Sam A. Baker and Mayor Victor Miller and those who helped promote the trans-Atlantic flight.

Turning out to witness and take part in the city's tumultuous welcoming, thousands of thousands of eager admirers crowded the early decorated streets to catch a fleeting glimpse of the celebrated birdman, who headed an almost endless parade through the city immediately after the official reception was over.

Headed by chief of police Clerk, who acted as marshal, and a squadron of motorcycle policemen in wedge formation, the parade started on Union Boulevard, north of Lindell, on its route through the residential and business sections.

Directly behind the motorcycle squadron was the machine containing Col. Lindbergh with Mayor Miller at his side, immediately behind in the car in which the flier's mother, Evangeline L. Lindbergh, Mrs. Victor Miller, Mrs. N. A. McMillan and Mrs. Baker rode. Secretary of War, Davis, Edward H. Hicken, chairman of the reception committee; Harold M. Bixby, president of the Chamber of Commerce, and Frank Carter, personal friend of Lindbergh, rode in the third car, while James E. Smith and Thomas N. Dyar, two of the flight promoters followed in another machine. Governor Baker, U. S. Senator Harry B. Hawes and former Mayor Kiel trailed in a fifth car.

Immediately after the parade, Colonel Lindbergh and his mother will be taken to the Coronado Hotel where they were guests at a private luncheon.

This afternoon the air hero will leave the Coronado Hotel for Sportsman Park, where he is to participate in the championship flag raising ceremonies for the St. Louis Cardinals. It is doubtful if Lindbergh will remain to witness the game with the New York Giants, as he probably will prefer to return to his hotel to rest up for the reception to be given him at the Chase Hotel tonight.

Colonel Lindbergh is scheduled to arrive at Sportsman Park at 2:30 o'clock, where he will be the cynosure of all eyes of local baseball fans. He will head a parade around the park in which Gov. of Baseball, K. M. Landis, president Baker, Mayor Miller, Commissioner John H. Heydler of the National League, president Sam Breadon of the Cardinals, Rogers Hornsby, the club's championship manager, Bob O'Farrell, present manager of the Cardinals and John J. McGraw, dean of the National League managers, will participate.

The dinner at the Chase Hotel tonight will be formal. Secretary Davis, Gov. Baker, Mayor Miller, Governor Hawes, Bixby and Knight will be the principal speakers.

REPORT RESCUE OF
FOURTEEN FRENCHMEN

Tunis, June 17.—(AP)—Rescue of 14 men from the French steamer Porce during a violent storm in the Bay of Biscay on May 30, became known today when the American steamer Aqueduct impinged into port here from Havana badly crippled herself from the same storm.

RUTH SHOWS IMPROVEMENT IN AVERAGE

Chicago, June 18.—(AP)—It won't be long now until Babe Ruth is up in his rightful place among the first ten hitters of the American league. Starting the season with a lowly .233 for the first week, the home run king climbed a few notches at a time until he is 15th in the list of regulars today. In figures including Wednesday's games with a mark of .340.

Along with his ordinary base hits, the Babe has kept pace with the schedule of his record-breaking home run year of 1921. Among his 66 hits have been 21 homers.

Crowded out of first place in the American league hitters for a few weeks, Bing Miller of St. Louis has snapped back in front with the only .400 mark of the circuit.

This week's newcomers among the sluggers is Jimmy Dykes of Philadelphia, who made nine hits in his five games, sending him from 13th place to fifth.

Shulte, St. Louis veteran displaced his teammate Ken Williams in tenth place.

Ted Lyons and Al Thomas, of the White Sox lead in pitching. Lyons has won 12 and Thomas 10.

Leading hitters of the American league are, E. Miller, St. Louis .404; Gehrig, New York .389; Schang, St. Louis .338; Simmons, Philadelphia .337; Dykes, Philadelphia .378; Musel, New York .377; Cobb, Philadelphia .374; Goslin, Washington .374; Forth, Detroit .367; Schulte, St. Louis .352.

Frankie Frisch is now right on the heels of his rival, Rogers Hornsby, only two points separating them in the batting averages compiled today, including Wednesday's games. Hornsby slumped has carried him to .363 while Frisch gained to .361.

The ex-Senator, Joe Harris, who was waived out of the American league, has become the sensation of the Heydler loop and has raised his clouting mark to .451. His good example has inspired Barnhart, of the Pirates, new outfielder, and Paul Waner, the three now clustered at the top of the column, Barnhart having a fine .400 mark.

Hack Wilson, the Cubs' long distance hitter, whose bleacher driver helped the Cubs to accumulate 11 straight wins is well in front of the four base knockers with 13, two better than old Cy Williams of the Phillies.

Frisch has also speeded up on the paths and now is leading the major league champion Kiki Cuyler of Pittsburgh, by one theft. Frisch has 16, gathering 20 this week.

Charlie Root of the Cubs, leads the circuit in victories with eleven. Jess Hains of the Cardinals has 10 wins with but three defeats as against four charged to Root.

Leading hitters in the National league are: Harris, Pittsburgh .451; Barnhart, Pittsburgh .440; P. Waner, Pittsburgh .388; Farrell, Boston .383; Hornsby, New York .363; Frisch, St. Louis .361; Harper, New York .361; Traynor, Pittsburgh .345; Lindstrom, New York .340.

Close Race For Leadership In Piedmont Loop

Raleigh, June 18.—(AP)—Piedmont league clubs went to bat for double headers today to continue their tight race for first half honor as Raleigh stood atop with .571 High Point .545 and Rocky Mount a single point lower.

Even breaks today mean the standings among the leaders would remain in a state of status quo. Raleigh lost yesterday to Winston-Salem, 6-1, but kept in the leadership while High Point held on to second place in spite of defeat by Rocky Mount. Durham climbed out of the cellar to give way to Salisbury which club the former defeated, 5-0.

Winston-Salem's victory over the Caps tended to re-establish the twine right to first division finish.

Kinston Wins From Wilson

Raleigh, June 18.—(AP)—North Carolina's Virginia circuit entries, Wilson and Kinston found themselves in second and fifth place respectively today after the Bugs had dropped a hot one to Kinston, 5 to 3 in the latter's ball park yesterday.

Norfolk trimmed the leading Portsmouth outfit, 9-6; and Petersburg savagely treated Richmond, once leaders now in third place, to a double header defeat, 9-7 and 41-2.

ARMOUR WINS GOLF CROWN AT OAKMONT

Oakmont, Pa. June 18.—(AP)—Tommy Armour today is open golf champion of the United States thanks as much to his heart as his hands. The Scotchman, who is pro at the Congressional Country Club, Washington, in defeating Harry Cooper yesterday after a tie at 72 holes in the open, won his title with a courageous exhibition. The score was 76 to 79, but the three strokes were gained late in the day, two coming at the sixteenth and the third at the 18th, where it did not mean anything.

Off in front, Armour, who rose from private to staff major in the British Army during the war and was seriously wounded, saw his lead shot away and finally was forced to stand by and see his youthful rival go two strokes ahead. The veteran much older in golf than his years would suggest, staged his comeback with a long putt at the 15th where he squared the count. His victory seemed certain when he came from the rough close by the pin on the 16th where Cooper had floundered in a trap and finally took five strokes.

Armour was leading by a stroke coming for the ninth but he was content with a par five there, while Cooper got down a birdie four making the strokes the same for the nine holes, 39. Armour needed three strokes to reach 10th green and went two strokes behind after the eleventh when his tee shot found a cross ditch.

After halving the twelfth in par five, Armour regained a stroke at the 164 yard 13th, where Cooper, off the green with his tee shot, needed two putts after getting on.

The fifteenth was one of the three big holes of the play off. Here both were in traps after their second shots and both came out onto the green about fifty feet from the pin.

Armour went boldly for the cup and was all square again when the long putt dropped.

The treacherous sixteenth gave Armour a mortgage on the title and the seventeenth foreclosed it. At the 16th 234 yards long but par 3, Armour's spoon shot struck the green in a trap. Cooper blazed away at the ball but only succeeded in getting it in the grass on the side of the trap. Armour carefully chipped to within three feet of the cup while Cooper, already in a serious situation made it worse when he failed to get close from the edge of the green and had to take two putts.

Two great shots on the 17th practically ended the contest regardless of the 18th. Armour crashed out tremendous drive of 250 yards to within sight of the winding, sloping green. Cooper from well back sent his approach spinning to the green and within 18 inches of the cup Armour then boldly shot for the cup, over a deep trap that might have eaten up any number of strokes. He was inside Cooper a few inches and the two birdies left the Washingtonian two strokes to the good with one hole to play.

'Armour reached the home green in two while Cooper needed three and was then too far away to hope for his putt to go down. Armour could then take four putts to win but he only took two and was champion.

Has No Style, But He's a Champion

By O. B. KEELER

When you are tempted to bow down too much before a golfing fetish known as style, and incorrectly termed form, stop and consider Major Charles O. Hezlet, the gigantic and genial Irishman who won the celebrated St. George's Gold Vase last summer at Sandwich, who has been runner-up in the British amateur championship; and who when I first encountered him, was playing on the British Walker Cup team of 1924 in the international match at Garden City, L. I.

Major indeed, was playing opposite Bobby Jones; and though Bobby was just coming on a game of sufficient power to breeze through the approaching national amateur championship at Merion, the huge Major gave him no end of a battle and had him down most of the way.

Major Hezlet, affectionately addressed always as Charles by his mates overseas, is as far from a stylist in golf as he is from his ball while addressing it, and he stands farther from his ball at that juncture than any other first-class player I ever saw. Also, his feet are farther apart, Bobby Jones told me, in speaking of this characteristic, that a Garden City he had noted the places in which the Major planted his feet for a full drive, and after the Major had vacated his stance he, Bobby, had tried to assume it, and was unable to get his feet that far apart!

The pair made an odd contrast. Bobby's hands are lower and closer to his knees and his stance is narrower, than I have observed in any other expert player, while in addition to a vastly wide stance the Major holds his hands far out, the club making almost an unbroken line with his arms.

Bobby was employing extreme body-turn and a free swing which

appeared upright, and the Major form. Form is the player's method was using next to no body-turn at of striking the ball; style is the all and spanking the ball with the ob-curious, restricted and yet powerful server. You may have a pleasing flat swipe. And both were playing style and rotten form, or vice-versa good golf, in an international match.

Don't put too much faith in style which usually is erroneously called

say, not less than 250 pounds; prob-

ably more. And he won the St. George's Vase competition at Sandwich in a cold gale that ruined all our American entrants except George Von Elm, who played well and steadily. Watts Gunn shot 193 in his first round over the gale-swept course, and Jesse Guilford himself a 200- pounder, inquired plaintively how one could be expected to put a ball that was doing the Charleston on the green.

In a graceful and whimsical little speech of acceptance of the famous trophy, Major Hezlet disclaimed all credit for his victory. "Nature is responsible," he declared. "Nature evidently intended me to stand foursquare to any wind that blows. I had all the advantage today."

In a graceful and whimsical little speech of acceptance of the famous trophy, Major Hezlet disclaimed all credit for his victory. "Nature is responsible," he declared. "Nature evidently intended me to stand foursquare to any wind that blows. I had all the advantage today."

PRESIDENT FISHING

Rapid City, S. D., June 18.—(AP)—President Coolidge put on a ten gallon hat of a size and shape that would make a movie actor or a cowboy justly envious, slipped on a pair of rubber hip boots, and went to Squaw Creek early today to angle for Mountain trout.

YANKEES STILL HOLD TO LEAD IN AMERICAN

Baseball stock of the New York Yankees rose higher today as their rivals noted that they had yet still been victorious without their usual heavy hitting.

The Yankees beat the St. Louis Browns by 3 to 2 in a game without an extra base hit or the services of Babe Ruth.

The big fence breaker left the line up after the first inning because of a wrenched knee. He acquired it by swinging too hard at a third strike Thursday.

Knowing long hits by the Yankees would be fewer, Urban Shocker unlimbered his pitching artillery and held the Browns to four safeties.

The third place Athletics scored an 8 to 3 victory over the White Sox on the pitching of Rube Walberg. The Athletics hit Shalks box men hard.

Lisbee held the Senators to their 3 to 1 victory over Detroit, while the Cleveland Indians replaced the Browns in 6th place by taking two from the lowly Red Sox 6 to 3 and 4 to 3.

Except for the Indians not a western team was victorious.

Even the National league leaders, the Pirates fell and the Chicago Cubs who are pressing them, went down in their first defeat in 13 states losing to the Phillies 12 to 2. A two run rally in the ninth enabled the Braves to down the Pirates 8 to 7.

Brooklyn accounted for the eastern victory in the day's three National league games by dropping the down trodden Cincinnati Reds by 5 to 3.

WEATHER OUTLOOK FOR WEEK
South Atlantic and East Gulf States, a period of showers at beginning of the week in the South Atlantic States and another period of showers about the middle of the week in the South Atlantic and East Gulf States. Temperatures below normal in the South Atlantic States the early part of the week; otherwise temperatures will be near normal most of the week.

For Economical Transportation

Hour after Hour over any Road -and always in Comfort!

Scientifically balanced—swung low to the road—and with the body resting on chrome vanadium steel springs that are 88% as long as the wheelbase—the Most Beautiful Chevrolet provides the most astonishing riding and driving comfort ever offered in a low-priced car.

At every speed up to wide open throttle, it holds the road with a surety that is a revelation—while rough stretches are negotiated in perfect comfort. You can drive for hour after hour, mile after mile, over any road, without the slightest sense of forcing or fatigue.

This exceptional riding and driving comfort has been engineered into Chevrolet cars as a result of the most gruelling road tests ever conducted in connection with the development of an automobile.

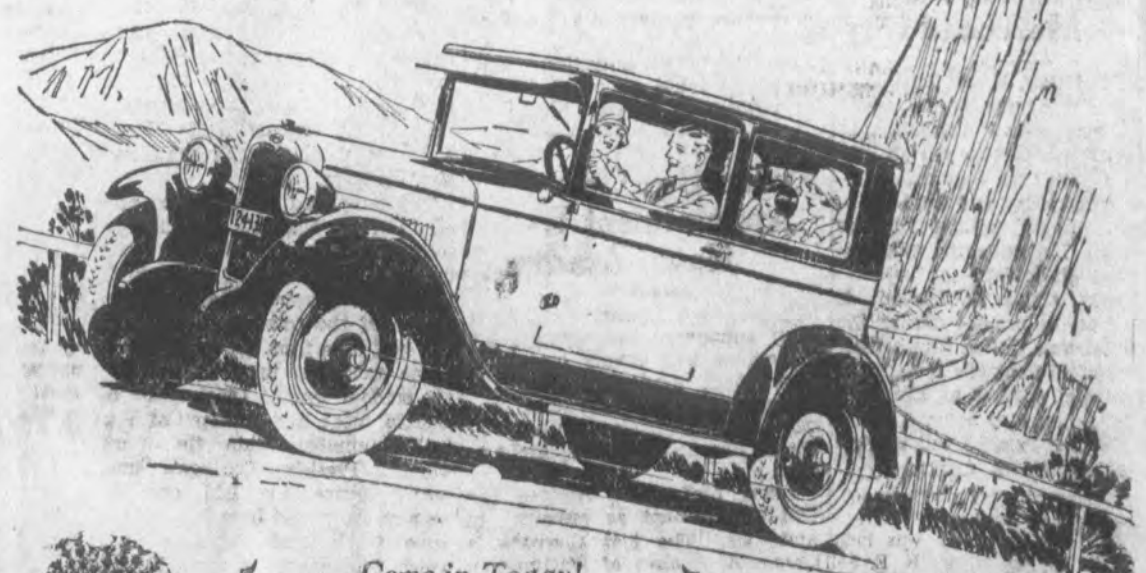

Fleets of Chevrolets are constantly under test at the General Motors Proving Ground—driven day and night over every conceivable type of road, from concrete straightaways to deep rutted clay lanes. Performance results are measured and recorded with scientific accuracy by delicately exact electrical and mechanical devices—invented and built by General Motors engineers. Every unit of the car has been tested and improved until it contributes its full share of comfort.

We have a demonstrating car waiting for you. Drive it over the roughest road you know. You'll find a type of performance that will delight and amaze you—riding comfort that you never thought possible in a low-priced automobile.

FATHER'S DAY

Tomorrow is Father's Day and those who are fortunate enough to still have a father with them should remember him, with some suitable gift and let him know by kind words and actions that he is loved and that his labors for his family are not unrewarded. If your father has passed on to his reward beyond, honor his memory and strive to follow in the pathway he would have you go.

There was never a father who did not have high ambitions for his children, and an honest effort to be what father wanted us to be is one of our ways to honor him.

ENDORSE MOVEMENT FOR SWIMMING POOL

Announcement that the Kiwanis Club at its meeting last night endorsed the movement for a municipal swimming pool here and will lend its energy and influence toward procuring same, is indeed good news for those citizens who feel that the children of the city are entitled to wholesome recreation under proper supervision and protection.

A municipal swimming pool properly managed and protected by a competent lifeguard will mean much to every child in this city, and it is to be hoped that the efforts toward getting the pool will not be in vain.

AMERICA'S VICTORY

"Ambassador Extraordinary" is the title especially adaptable to Charles A. Lindbergh, the intrepid young American airman, if one is to judge by the acclaim of foreign governments, kings and potentates.

It would be as futile as "carrying coals to Newcastle" to sketch the remarkable flight that will be inscribed in History's fair pages, and has added new honors to the flag of our nation. It would be needless repetition to attempt to describe the unprecedented ovations that greeted him in Paris, Brussels, London, Washington and New York.

It is almost impossible for the layman to grasp the significance of this victory of the air. That Col. Lindbergh assumed great risks in his daring flight, no one can gainsay. He gambled with death—and won. By his hard-earned victory he has added to the already brilliant record of American valor, and the deed will

mark a new era in the progress of aircraft, as well as adding fresh laurels to Columbia's crown.

The innate modesty and simplicity of this young man has gripped the European and American heart. His tender solicitude for the

valiant airmen, Nungesser and Coli, together with his stirring words of admiration for French valor, touched the emotions of the masses, and were glowingly reflected in the press.

Upon arrival in France as well as in England there

was a noticeable absence of petty envy and rivalry on the part of the assembled multitudes. No reproaches against "Uncle Shylock" were heard. The composite figure of "Americanism" conjured up in the foreign mind by impressions gained

from the debt settlement, and augmented by the attitude of wealthy tourists from the United States, had melted into thin air, and in its place stood a heroic figure of an American youth, who was destined to receive the crosses and medallions

indicative of the highest honors that could be conferred by King or President.

Underneath the exterior antipathies of our French and English friends there is a strong respect for gallantry. The sense of clean sportsmanship is easily

brought to the surface, and Col. Lindbergh's great deed, linked with his simple language and unpretentious conduct, won the hearts of the milling thousands where precise, diplomatic procedure would have utterly failed to convince.

NOTICE OF APPLICATION FOR PARDON

Notice is hereby given that application has been filed with the Governor of North Carolina for the pardon of Isaiah Peyton, convicted at the January term, 1927, Pitt County Superior Court, for assault with deadly weapon. All objections to such pardons should be forwarded to the Governor.

\$1,000 VALUE now \$875

TWO-DOOR SEDAN WITH BUMPERS

—F.O.B. Lansing. Other Models at similarly reduced prices. In addition to its low prices, Oldsmobile's delivered prices include the lowest handling and financing charges available.

Electrifying news!—that announcement by Oldsmobile—"All prices now reduced!"

Oldsmobile Six, product of General Motors... already recognized as a top value in the \$1000 field... now lifted bodily from its proper price class and placed far down the scale of prices.

Oldsmobile Six... embodying, one by one, the known essentials of motor car merit, such as four-wheel brakes, crankcase ventilation, oil filter, dual air cleaning and so on...

Designed, built, equipped to the standards of higher priced cars... the same fine car as ever, but now only \$875 for a quality closed car.

Look as you will—compare as you may—you'll find no competing values at competing prices.

You can prove this for yourself in ten minutes. Just come to our showroom, examine the car, check its features... and compare them with cars you know in any price class.

Then you too will know Oldsmobile for what it is—\$1000 value now only \$875.

Consider a new car for the Fourth of July. Think of the pleasant holiday your family would enjoy from so fine a car... now at so low a price.

Market Report

Cotton--Stocks--Grain

COTTON
New York, June 18.—(AP)—Early declines were followed by rallies in the cotton market today. The government report on boll weevil emergence prior to June 1, and the bullish comment which probably brought in some buying. After selling off to 16.80 October contracts rallied to 17.00, closing at 16.97. The general market steady at net advances of 10 to 11 points.
Futures closed steady 10 to 12 points higher. Spot quiet, middling 16.90.

NOTICE OF SALE OF LEASE
By virtue of authority contained in that certain mortgage executed by J. A. Wingate to W. T. Forrest on the 14th day of May 1926, same appearing of record in book Y-15 page 225, the undersigned mortgagee will offer for sale for cash before the court house door in Greenville, at public auction, on Monday, the 13th day of June, 1927 at 12 o'clock noon, the following property:
All their right, title and interest in and to a certain lease, executed by J. S. Higgs to Jesse A. Wingate for a term of five years, beginning January 1st, 1926, and ending December 31st, 1931, said lease containing three acres of land situated on the north side of Greenville and Farmville road, about one-half mile west of Greenville and being the premises now held by said J. A. Wingate, including all the buildings and improvements thereon, except the store building, including filling station, milk house, stables and fencing, for a more specific description of lease reference is hereby made to lease from J. S. Higgs to Jesse A. Wingate, May 14th, 1927.
W. T. Forrest, Mortgagee
S. O. Worthington, Atty.
18-17w-4wk.

COTTON GOODS

New York, June 18.—(AP)—Cotton goods selling this week "has been rather quieter in the gray cloth division but a seasonal movement is reported in finished lines, most of the buying being in small lots and for early delivery. Prices are tending higher. Several lines have been marked up another 1-4 cents a yard and Eastern ticking are 1-2 cents a yard higher.

The business on bleached cotton and wide sheetings ruled slow. Yarns are firmer and higher. Gingham in anything save the low priced lines to sell under 12-1-2 cents a yard continue slow. The volume of rayon demands and bedspreads being offered is larger. Towels are comfortably sold up but spot business is highly competitive. Flannel markets are in better shape than at any time in three years at this period while May blanket mills are sold ahead for the summer and early fall months. Cotton duck is irregular with mills asking higher prices but trading on small lots of stock goods.

Tire fabrics are well under order. More business has been passing in lines of fine and fancy cottons to be made for late fall and early spring delivery. A new shirting season will begin next month. Finishers are doing less having come into a seasonal lull.

Prices current in primary markets are as follows:
Print cloths 28 inch 64x64s, 53-4 cents; 38-1-2 inch 61x61s 73-4 cents; brown sheetings 113-4 cents; tickings 8 ounce, 19 cents and 20-1-2 cents; denims 15 cents; staple gingham, 9 cents; dress gingham, 14-5-8 cents and 16-1-2 cents; prints 8 cents.

WEEKLY GRAIN AND PROVISIONS

Chicago, June 18.—(AP)—An approach to July 1 with a corn crop barely showing above the ground is bringing about general unsettlement of the grain trade, especially in corn. Violent price changes are resulting from abnormal lateness of the season, and it is now generally admitted that weather conditions over the corn belt during the next two or three weeks are likely to have an important bearing on the course of grain values for several months to come.

Compared with a week ago the corn market this morning was 53-4 to 63-8c a bushel higher, with wheat 23-8c to 31-8c down, oats varying from 1-8c decline to 1-2 to 5-8c gain, and provisions at 5c to 30c decline.

Today found the corn market not far from the topmost level reached this year, prices having recovered the greater part of a recent big decline, but opinions were being freely expressed that should weather conditions now prove unfavorable for any good sized period the outlook would be for a material new setback. On the other hand, leading authorities point out that the area planted to corn this season is much smaller than intended, that the bulk of corn was put in the ground far later than is customary, and that almost the entire corn belt has suffered from excessive rain and prolonged low temperature.

CASH GRAIN

Chicago, June 18.—(AP)—Wheat, no sales reported; corn No. 2 mixed 1.00 3-4; No. 2 yellow 1.01 3-4 to 1.02 1-2; oats No. 2 white 51 1-2 to 52; No. 3 white 48 to 49 3-4; rye not quoted; barley 40 to 45; timothy seed 4.75 to 5.00; clover seed 20.00 to 25.00.

Lard 12.65; ribs 12.12; bellies 14.0.

NEW YORK DAIRY

New York, June 18.—(AP)—Butter steady; receipts 121. Eggs firm; receipts 10,943. Cheese receipts 14,684.

NOTICE OF SALE OF PERSONAL PROPERTY

Under and by the virtue of the authority and power contained in that certain chattel mortgage executed to J. T. Stokes and Hattie L. Stokes on September 1, 1926, of record in Book E-16 at Page 538 of the Pitt county Public Registry, default having been made in the payment of notes secured thereby the undersigned mortgagees, will sell at public auction, in front of the Travellers Inn in the Town of Bethel, North Carolina, to the highest bidder for cash, on Thursday, July 7, at 11:00 A. M., the following described personal property, consisting of the stock and fixtures in the Travellers Inn in the town of Bethel:

WEEKLY FINANCIAL REVIEW

New York, June 18.—(AP)—Railroad and industrial stock market averages closed practically unchanged on the week after making irregular recovery from Tuesday's sharp reaction. Credit conditions appeared to be the dominating influence on the price movement, the early break being generally attributed to an unexpectedly large increase in broker's loans, which operators for the rise attributed to the heavy financing necessary to carry recent bond flotation during the period of distribution, while the subsequent recovery was stimulated by a lowering call money rates and another increase in gold reserves now the largest on record.

The increase from \$7 to \$8 on the annual dividend on New York Central also gave impetus to the forward movement although many Wall Street observers interpreted the directors' action as a prelude to New Stock financing by the road. Sharp gains took place in some of the merger rails, particularly St. Louis-Southern, which soared to a new peak at 93 on reports that a tentative draft had been prepared of the revised, southwest merger plan. The rise in New Haven was accompanied by unconfirmed reports of an early announcement of the refunding of the road's debt to the government.

Much of the week's business news was unfavorable in character. Dividends on the preferred stocks of the American Brown Boveri and American Linsed companies were passed. A collapse in crude rubber prices was followed by the establishment of new low records by several of the rubber stocks although they made irregular recovery later on the announcement that the rubber purchasing pool had been extended for another eight months.

Freight car loadings in the week ended June 4 made unfavorable comparison with the preceding week last year, but this appeared to have little influence on the railroad group. Steel ingot production showed a further recession.

General Motors crossed 205 to 2 new high record for all time as Wall Street began to speculate on the possibility of an extra case of stock dividend at the next directors' meeting.

Increased activity also was noted in several of the other motors, particularly Chrysler, Willys-Overland and Yellow Truck, the last named touching a new peak in the face of reports of poor current earnings. Specialists, current earnings or prospects of which give indications of special dividend action this year were marked up under pool guidance. Among the many issues to register new tops during the week were American Bank Note, Erie Steam Shovel, Art Metals, Eastman Kodak, Hoe & Co., Intertype Corporation, Jones Bros. Tea, National Tea, Sears Roebuck, New York Dock, Texas Gulf Sulphur, Transcontinental Oil and White Sewing Machine.

APPLICATION FOR PARDON FOR JIM HARDEE

Application will be made to the Commissioner of Pardons and the Governor of North Carolina for the pardon of Jim Hardee, convicted at the January term 1925 of the Superior Court, Pitt County, for the crime of assault with deadly weapon, and sentenced for a term of three and one-half years.

All persons who oppose the granting of said pardon are invited to forward their protest to the Commissioner of Pardons without delay. This the 15th of June, 1927. 16-37w-2wk

Housework and Headache

When lack of fresh air working over a hot stove and the odor of cooking make your head throb, your back ache, take

DR. MILES' Anti-Pain Pills They'll relieve you quickly and safely.

WANT ADS PAY

Manufacturing Concerns Financial Institutions Railroads, Etc. USE THE BUDGET SYSTEM

By means of a budget system all expenses are determined upon a fixed income. A great many individuals are adopting the budget plan—it is nothing more or less than a systematic control of their expenses, which is a much better means than drifting along in a "HIT or MISS" fashion.

A simple method is to set aside 10 per cent or more of what you make and figure to live on the balance, and often then there may be some left to add to your 10 per cent fund.

Try the budget system for awhile; it may be beneficial.

For Miss June Bride
Electric Cookery of Course

The June-Bride in her daily preparation of meals is anxious for perfect results—she wants appetizing, tempting and not shriveled roasts or fallen cakes. The June Bride does not want the work of scouring her shiny cooking utensils, all black with soot from an open flame, nor the discomfort of a hot, stuffy kitchen. With the UNIVERSAL Electric Range, she will always have clean—cool—convenient cookery and she will always have the same perfect results. It provides a most appropriate gift for the June Bride.

UNIVERSAL
THE TRADE MARK KNOWN IN EVERY HOME
LARGES, FRANK & CO., NEW BRITAIN, CONN.

Oven Heat Control
Automatic Heat Control keeps the oven at an unvaried and even heat, making it always possible to maintain the exact heat desired in the oven, so previous cooking results can be easily duplicated.

Under our new rates THE COST OF COOKING IS REASONABLE. The Bride deserves the best for her new home and should have the advantages which only electric cooking can give.

FALKLAND NEWS

COUNTY CLUBS RETURN FROM ENCAMPMENT

(Continued From Page One)

(By Lucy Cherry Crisp)
Falkland, June 15.—The community is glad to welcome home again the following young people, who have been away from home at school during the winter: Brown Mayo, who was at Davidson; Miss Ruth Pittman, who graduated from the High School at Cullowhee; Miss Margaret Dupree, who completed the Normal course at E. C. T. C.; Richard H. Crisp, from N. C. State; and David Morrill, from the school for the deaf at Morganton.

Miss Ella Rasberry, of Kinston, is the guest of Mrs. G. H. Pittman this week.

Her many friends are glad to know that Edith Marsler is at home again and recovering rapidly from an operation for appendicitis at Parkview hospital in Rocky Mount.

Mr. and Mrs. C. E. Pierce and their children, of Metter, Georgia, are visiting friends and relatives in Falkland.

Misses Mattie Little, Annie Mayo, Ruth Pittman, and Emily Tyler are spending this week at the club girls camp at Camp Leach.

TODAY

(Continued from page one)

Here them.

Ex-Governor Lowden's friends, eager to see him President, say they "see no demand for Coolidge." Governor Lowden has many friends but Calvin Coolidge was elected with 7,000,000 votes to spare. Many take his election, a second time for granted, just as in June they anticipated the arrival of July. There is no particular "demand" for July because people think it will come along in due course, anyhow.

Paul Shoup, vice-president of the Southern Pacific Railroad and very popular with his friends in New York, is coming to Falkland, Arizona, to look after the business conditions in the West are excellent. He is a few other modern railroad men. Mr. Shoup believes that coal is flying on a big scale is not a way. His railroad owns many flying fields, some with oil under them. The Southern Pacific could include flying passenger service in its programme easily.

One hundred and fifteen years ago a little bank started in Wall Street with an old fashioned pump in front of it. When the president of the bank was thirsty he went to the sidewalk or sent a boy to get water into a tin cup. This was the National City Bank, which celebrated its birthday yesterday. Today its president, Charles J. Mitchell, has running water in his office, and the bank is in the "SWIFT" the biggest private bank in the nation in the world.

KINSTON MAN DECLINES GOVERNOR'S APPOINTMENT

Blacksburg, June 18.—(AP)—Dr. James M. Farrott of Kinston, who was appointed by Governor McLean as a member of the Board of Directors of the Industrial Farm Credit for women, has declined with thanks to accept the appointment, and Governor McLean has named D. S. Churchill of Kinston as a member of the Board, the Governor announced today.

NOTICE OF SALE

Under and by virtue of the power of sale contained in that certain deed of trust executed by J. M. Long and wife Annie E. Long, to the Hood Lumber Industrial Bank, under date of July 20, 1925, of record in Book 2-16, page 49, default having been made in the payment of the not secured thereby the undersigned trustee will offer for sale, to the highest bidder for cash at public auction before the courthouse door on Tuesday, July 18, 1927, at 12 o'clock noon all the following described parcel or parcels of land:

Beginning at the corner of Lot No. 11 on the East side of Snow Hill road or street and running thence with the line between Lots Nos. 11 and 12 in an easterly direction, 132 feet to the line of Lot No. 22; thence with the line of Lots Nos. 22 and 23 southwardly, 50 feet to the corner of Lot No. 13; then with the line of Lot No. 13 westwardly 136 feet to Snow Hill road or street; thence with the East side of said road 50 feet to the beginning, and being the same parcel of which was conveyed by W. R. Turner to Margaret Byrum by deed of record in Book C-15, at page 348 Pitt County registry and by Margaret Byrum to J. N. Long by deed recorded in Pitt County by deed recorded in Book C-15 at page 522 Pitt County Registry.

This the 4th day of June, 1927.
W. S. TYSON, Trustee.
Blount & James, Attorneys.
6 & 1144

EXECUTOR'S NOTICE

North Carolina—Pitt County
The undersigned having this day qualified as Executor of the estate of W. J. Braxton, deceased, notice is hereby given to all persons indebted to said estate to make immediate settlement with the undersigned Executor, and all persons holding claims against said estate are hereby notified that they are required to file their claims duly verified with the undersigned Executor on or before twelve months from the date hereof or this notice will be pleaded in bar of recovery of said claims.
This May 18, 1927.
J. F. Braxton, Executor
W. J. Braxton Estate
114-444

demonstration agent of Pitt County but who is now district agent, assisted in the training of the boys in agricultural development. B. T. Ferguson, district home demonstration agent, assisted the two county departments in their work. Miss Bertha Lee Ferguson said she was highly gratified at the results obtained during the stay at Camp Leach. The personal contact of the girls and boys representing so many different parts of two counties resulted in increased interest in their work.

Members of the civic clubs who visited the camp were unanimous in their support of home and farm activities. They expressed opinion that the scope of work should be enlarged, and that the young men and women ought to be given all encouragement possible.

Organization of agricultural clubs in Pitt County is merely in an incipient stage at this time, Mr. Arnold stated today. Only two such clubs exist at present, but it is hoped that several may be organized by next year.

There are fifteen girls' clubs in the county with a membership of between seventy-five and a hundred. They have been doing splendid work for several months, and it is Miss Ferguson's intention to increase their activities.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by D. S. Smith and wife, Ella Smith, on the 13th day of March, 1923, and recorded in book of mortgages U-14, page 300, Pitt County, we will on Saturday, the 2nd day of July, 1927, at 12 o'clock noon at the courthouse door in Greenville, sell at public auction for cash, to the highest bidder, the following land, to-wit:

Beginning at a pine corner of Richard Gaskins, George Oakley, and Caleb Tripp heirs, running North 80 degrees and 40 minutes E. 2710 feet to an iron stake, Jarvis Gaskins' corner on edge of Sutton road; thence N. 35 degrees and 15 minutes East 264 feet along edge of road, to a corner; thence North 12 degrees W. 1331 feet to J. B. Williams' corner; thence North 44 degrees and 30 minutes East 1900 feet to J. B. Williams' corner on road; thence South 31 degrees and 30 minutes West 1213 feet along edge of road to a corner; thence South 35 degrees West 1103.5 feet to a corner, the point of beginning, containing 1024 acres, and is the same tract or parcel of land conveyed to D. S. Smith by L. C. Arthur and wife, Nellie F. Arthur, by deed recorded in Book V-11 at page 384 in the office of the Register of Deeds of Pitt County, North Carolina.

All that certain parcel or tract of land situate and being in Chocod Township, Pitt County, North Carolina, lying on the south side of Tar River, bounded on the North by the Avon Farm, on the West by Chocod Creek, on the South by the lands of W. P. Galloway and Annie Edwards, and on the West by the lands of Pattie Wilson, wife of J. P. Wilson, and the lands of Tucker and Edwards (L. W. Tucker and H. C. Edwards) and more particularly described as follows:

Beginning at a point, the corner of Annie Edwards, wife of J. H. Edwards, running N. 39 E. 28.75 poles; thence N. 43-35 E. 36.36 poles; thence N. 35 E. 6.06 poles; thence N. 25-30 E. 6.06 poles to the Norfolk Southern Railroad; thence along said railroad N. 31-40 W. 26.12 poles to a corner in the Pat-ty Wilson land; thence 12-30 E. 6.06 poles; thence N. 22-10 E. 6.06 poles; thence N. 43-35 E. 36.36 poles; thence N. 14-10 E. 6.06 poles; thence N. 30-45 E. 6.06 poles; thence N. 16 E. 6.06 poles; thence N. 23-15 E. 6.06 poles; thence N. 22-40 E. 6.06 poles; thence N. 23-40 E. 6.06 poles; thence N. 9-30 E. 6.06 poles; thence N. 12-50 W. 6 poles; thence N. 18-18 poles; to a stake at a blown down oak; thence N. 5-30 E. 138.36 poles to a gum in run of Poplar Branch; a corner in the Tucker & Edwards and Avon Farms; thence down the run of Poplar Branch the following courses and distances: S. 18 E. 4.6 poles; thence S. 38-30 E. 8 poles; thence S. 63-30 E. 16.56 poles; thence S. 42 E. 20 poles; thence S. 36-30 E. 16 poles; thence S. 45-30 E. 16 poles; thence S. 18-30 E. 8 poles; thence S. 35-30 E. 12 poles; thence N. 67 E. 22.2 poles; thence S. 70 E. 16.36 poles; thence N. 87 E. 12.84 poles; thence S. 60 E. 6.22 poles; thence S. 34-30 E. 14 poles; thence S. 13 E. 6 poles; thence S. 40-30 E. 24.66 poles; thence N. 85 E. 16 poles; thence N. 57-30 E. 12 poles; thence S. 73-30 E. 22.3 poles; thence N. 76 E. 12 poles; thence N. 45-30 E. 14 poles; thence N. 32 E. 10.4 poles; thence N. 53 E. 10.6 poles; to the corner of the Avon Farm and the lands of Levy Williams on Chocod Creek; thence with the Chocod Creek S. 9-30 W. 65 poles; thence S. 7 E. 65 poles; thence S. 4 W. 35 poles; thence S. 40-15 W. 52 poles; thence S. 20 W. 32 poles; thence West 20 poles to the corner in the Annie Edwards and W. P. Galloway lands; thence N. 45 W. 62 poles; thence N. 80 W. 140 poles to the beginning, containing 133 acres, more or less, by actual survey.

This sale is made by reason of the failure of D. S. Smith and wife Ella Smith, to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint State Land Bank of Durham. This the 24th day of May, 1927.

LETS GO TO CHURCH

(This page is paid for by the following list of firms who believe the churches represent the greatest force for good.)

THE SOUL

"Man became a living soul."—Gen. 2:7.

Man does not have a soul, man is a soul. The soul is not something separate and apart from a man, to be cared for and nursed with a view to its future bliss. The soul of a man is himself, his personality. What strengthens his will, kindles his feelings, and develops his mind, cultivates his soul.

Man at his best means the soul at its best. Man at his worst means the soul at its worst. Under his sympathies, the broader his soul, the higher his aspirations, the taller his soul stands in the sight of God and man. He who will to know God stands in head and shoulders above those who content themselves with human acquaintance.

It has been generally recognized that a man's soul is intended primarily as the channel through which he comes to appreciate God. If the soul is equivalent to man's personality, then God is to be reached and understood through common and normal activities of a human life.

The Church emphasizes the necessity of the well rounded, symmetrical character. The Church stands on eternal foundations, reaches up to touch the hand of God, reaches out to help meet the human need.

CHURCH DIRECTORY

Jarvis Memorial M. E. Church

Lloyd B. Jones, Pastor

Sunday School—9:45 a. m.—J. H. Rose, Supt.

Morning worship—11:00 a. m.—Sermon by pastor. Subject: "New Point of View."
