AIRMEN WINGING WAY ACROSS PACIFIC

BEGIN FLIGHT FROM OAKLAND TO HONOLULU

Smith and Bronte Hopped Off At 10:40 for 2,400 Mile Flight; To Return.

Municipal Airport, Oakland, Calif. July 14.—(AP)—The silver winged monoplane "City of Oakland" manned by the Pilot Ernest L. Smith and Navigator Emory B. Bronte took off here at 10:40 a. m. today for a 2,400 mile flight to Hawaii.

The plane left the runway about 4,000 feet from the starting point on its second take off attempt, the first having gone awry when Smith halted after veering toward a crowd of spectators.

As it arose slowly from the ground the escort planes that had been circling about during the delay after the first hop off, fell in behind.

The Smith plane headed due west and disappeared in low fog over San Francisco Bay.

Spectators who watched with field glasses expressed astonishment when Smith apparently spurred up and passed one of the escort planes.

The plane appeared near the field again but Captain Royle explained that Smith was not going to land that he was merely gaining altitude.

Smith was circling above the city of Oakland after which the plane was named, gaining a height and as a farwell to the city.

Finally the monoplane straightened out and headed straight for the Golden Gate.

Two delays cost Smith the better part of the morning.

The first, a fog in the path of the Golden Gate, necessitated a wait of two hours after which he attempted to start but a ground loop threw his plane to one side of the runway, causing him to halt rather than risk the possibility of veering into a mass of spectators.

Two Indicted For Clan Activities

Nashville, Tenn., July 14.—(AP)—The Nashville Tennessean today in a special from its Gainesboro correspondent says W. A. Boyd, a storekeeper and a man named Holmes have been indicted in that charged with "commission of a misdemeanor," growing out of recent activities of "hooded men" purporting to be members of the Ku Klux Klan.

The correspondent says a "clavem" has been organized in the county "for the purpose of clearing up moonshining, bootlegging and vagrancy." And that several visits have been made on persons suspected of participating in liquor traffic and other violations recently.

The correspondent further states that the specific instance for which the indictments were returned was when a band of hooded men visited the home of a young man named Franklin and after a fruitless search of the house went to the home of John Reese, a neighbor where Mrs. Reese, who was in a delicate condition was badly frightened.

Declares He Will Not Grant Pardon To D. C. Stephenson

Indianapolis, Ind., July 14.—(AP)—Declaring he never would be blackmailed in granting D. C. Stephenson a pardon, Governor Ed Jackson today formally repudiated published statements that he had received a check for \$2,500 from the former Klan leader who now is a life prisoner at Michigan City State prison.

The governor asserted that the check was in payment for a saddle horse and equipment and that the transaction occurred months before he knew he would be candidate for governor. The check was dated Sept. 12, 1923.

JURY COMPLETED FOR TRIAL OF GANGSTERS

Benton, Ill., July 14.—(AP)—A jury was completed today for the trial of Charles Bidder, Art Newman and Ray Hyland, Southern Illinois gangsters, charged with the murder of Mayor Joe Adams, four and a half days were required to obtain the jury.

Oakland To Honolulu To Oakland

Ernest L. Smith, pilot of the "City of Oakland" monoplane, is shown in one of the latest photos of Ernest L. Smith, civilian pilot, who with Emory N. Bronte, hopped off from Oakland, Cal., this morning for a round-trip flight to Hawaii.

25 PERSONS DEAD FROM HEAT WAVES

Three Others Killed By Electrical Storms In New England Towns Yesterday.

New York, July 14.—(AP)—Twenty five persons in cities in the east were killed by the heat in the last 24 to 36 hours. It was shown by compilations made here today.

Three others in New England towns were killed in electrical storms which brought only temporary relief to the heat blanketed section yesterday.

Although predictions were for slightly cooler weather today, temperature forecasts gave little indication of the relief.

In New York where five persons had died since the heat wave appeared, the temperature at 10 o'clock was 80 and climbing and the humidity was holding at 75.

From Pennsylvania came reports that five had died during the day.

Wilmington Man Dies Early Today

Wilmington, N. C., July 14.—(AP)—Fred W. Dick, 50, one of Wilmington's foremost citizens and prominent banker, died early today at a local hospital following an operation for appendicitis performed several days ago.

He had been in failing health for some time, although his illness only became acute about six days ago.

Mr. Dick was president of the Peoples Savings Bank, having served continuously with the institution since 1900.

Surviving are his widow; a daughter, Miss Louise Dick, and a son Fred W. Dick, Jr. both of Wilmington; and two sisters, Miss Sallie Dick and Mrs. C. B. Skipper of Lumberton.

Funeral arrangements had not been completed early today.

Questionnaires Sent Out Today On Equalization

Raleigh, N. C., July 14.—(AP)—Leroy Martin, secretary of the State Equalization Board, today mailed out to county school superintendents questionnaires to be answered in cases where an apportionment of the \$100,000 emergency equalization fund is desired to supplement the regular apportionment.

The county superintendents are asked to give details as to conditions of education in their counties.

NEGRO GIVEN TRIAL HERE IN ROBBERY CASE

Kid Brown, of Raleigh, Held Under \$1,000 Bond For Term Of Superior Court.

Kid Brown, Raleigh negro, was bound over to the next term of Pitt County Superior Court under bond of \$1,000 for alleged complicity in the recent \$1,000 robbery of the Greenville Ice & Coal Co., in a preliminary hearing conducted in this city yesterday afternoon at two o'clock before Mayor J. C. Lanier.

Brown was arrested in Raleigh a few days ago and returned to Greenville where he has since been held in jail awaiting hearing.

Mary Thomas, local negro, arrested a few days ago in connection with the case, was released following inability of officials to produce sufficient evidence to justify her detention.

The main witness in the case against Brown was R. M. Sanders, chief of detectives of Raleigh. A number of negroes from the capital city were also placed on the stand.

Evidence brought out tended to show that Brown had been seen in Raleigh with an unusually large sum of money in his possession. It was also brought out that he had been hanging around the office of the Greenville Ice & Coal Company two or three times on the afternoon before the night the robbery was committed.

Franklin Back To Normalcy After Murder Hearing

Franklin, La., July 14.—(AP)—Franklin today settled back into something approaching normalcy after hearing Mrs. Ada Bonner LeBouef, Dr. Thomas E. Reichler and James Beadle plead not guilty of the murder of James J. LeBouef in Parish court here yesterday.

The trial of the trio for the slaying of the Morgan City utility operator, which grew out of an alleged love affair between his wife and the prominent physician, was set for July 25 over the protest of defense attorneys.

PROMINENT LUTHERAN MINISTER IS DEAD

Savannah, July 14.—(AP)—Rev. M. J. Epling, D. D., pastor of St. Paul's Lutheran Church, died today. He was very prominent in Lutheran Church circles in the South.

FIVE PERSONS ARE ARRESTED FOR FLOGGING TODAY

Two Women and Three Men Involved In Whipping At Florence, Alabama.

Florence, Ala., July 14.—(AP)—Two women and three men were arrested here last night on warrants charging complicity in the flogging last week of Mrs. Bertha E. Slay by a band of persons wearing weather masks and robes.

Those under arrest were Mrs. Allen Butler, Mrs. Lucille Lindsay, Allen Butler, Charles Lindsay and Albert Lindsay.

In describing the persons for whom warrants were issued by Walter K. McAdory, head of the State law enforcement department, Mrs. Slay stated that she recognized the two women "by their long hair and small feet."

When Mrs. Slay first told authorities of her experience, she neglected to mention that women had a hand on her mistreatment, stating only that she had been taken from her home by a masked band and after her sister and husband had been tied to their beds, she was given a severe whipping with "something like the fan belt of an automobile." She said the whipping was administered in her backyard while she was tied to a barrel. The reason, she said she was told, was because she would not confess to "some local scandal."

Almost simultaneously that action was taken here, it became known that a fourth flogging case was being looked into. Jefferson County authorities were investigating today a story told by Arthur Hitt, negro, that he had been taken from his home recently, strapped to a tree and lashed cruelly by masked men until he finally agreed to sign away for a minor sum a tract of land which he did not wish to sell. The county solicitor announced that if the negro's story is found true, he will take action against the recorded purchaser of the property and restore it to Hitt.

State and county investigators continued their efforts to find members of the two masked bands which flogged Jeff Calloway, 19 year old orphan of Oneonta and Esion Murchison, 17 years old, of Bessemer.

Attorney-General Charlie McCall in Montgomery had received no reply from his letter sent to James Edsale in Birmingham. Mr. Edsale, as grand dragon of the Ku Klux Klan in Alabama, was asked by the attorney-general to make public the names of Klansmen implicated in the flogging of Calloway. Mr. McCall claiming that the State knew that members of the Oneonta and Tarrant City local Klan chapters were among the floggers.

U. S. BUILDING UP AIR FORCE

Huge "Dreadnaughts Of The Air" Now Being Built For Government.

Washington, July 14.—(AP)—Selection of a standardized type of bombing plane is the next task of the army in its effort to build up its flying forces.

The bombers, the "dreadnaughts of the air," are the last group in the air corps to receive attention in the selection of a standardized type of machine for the pursuit, attack and observation groups already have been ordered by the army but they will only be used in rigid and extensive testing both in flying and in engineering examination. The actual corps equipment will include the furnishing of planes to the heavy bombardment wings of the corps on the Atlantic and Pacific coasts probably will not be ordered until during the next fiscal year.

Several types are under consideration by the army air fliers, including the giant Condor Curtiss bi-plane which has been tested at Mitchell Field; Fokker monoplane being built by the noted Dutch aeronautic inventor whose machines were used by the Germans in the World War; a heavy bombardment plane under construction by the Keystone Company and another heavy ship which is being designed by the Glenn Martin Company.

The huge bombing planes are distinct from the other military flying machines both in their size and in their armament. The Fokker monoplane it is planned, will mount two machine guns and weigh 15,000 pounds when loaded, carrying 2,000 pounds of bombs, while the giant Condor carries six machine guns in both types the machine guns are housed in steel plated turrets not unlike protective armor of warships' gun turrets.

WOMEN BEGIN THIRD LAP OF FLIGHT TO HAWAIIAN ISLANDS

Chicago, July 14.—(AP)—On the third lap of their flight to Hawaii Miss Mildred Doran, Michigan school teacher and Auggie Pedlar pilot took off from the Maywood airfield at eight o'clock today.

MORE DEATHS REPORTED IN EARTHQUAKE

670 Persons Injured and 3,000 Wounded In Recent Severe Quake of Holy Land.

New York, July 14.—(AP)—Dispatches from Jerusalem to the Jewish Telegraphic Agency say that figures compiled up to the present show 670 persons were killed and 3,000 wounded in the earthquake in Palestine and Transjordan. The damage is estimated at \$2,000,000.

The stricken areas are described as presenting scenes similar to those of a battlefield. Thousands of tents have been raised to care for the families made homeless while transports of food are being sent from Jerusalem and Tel-Aviv to the sufferers.

The Samaritan community of Nabulus, where only two streets remain has appealed to the Jews for help.

Jerusalem, July 14.—(AP)—Examination of the wreckage of government house, badly damaged in Monday's earthquake, revealed that a stone from a partially wrecked tower hurtled through the roof of the chapel, destroying a picture of the former German Emperor in Biblical robes.

One of the worst damaged in Jerusalem, if not in the entire Holy Land region affected by the quake, is the Hebrew University. Its library and chemical laboratory suffered most. The damage to the university is estimated at \$500,000. A tentative estimate of the losses suffered by public and private buildings in the earthquake area has been set at \$1,250,000.

Some narrow escapes from death have been reported. A train on which Colonel Symes, government secretary, was traveling, was derailed by the shock in the Yermuk Valley. It was thrown to the left against an embankment.

Had it been thrown to the right it would have fallen down a 300 foot precipice.

A chance postponement of a class from 3 to 4 o'clock at a girl's school in Es Salt saved the pupils and teachers, for in the interim the school was destroyed.

Had it been thrown to the right it would have fallen down a 300 foot precipice.

NOTE OF HOPE EXPRESSED AT NAVAL CONFAB

Plenary Session of Conference Came to End Last Night With out Rupture.

Geneva, July 14.—(AP)—The plenary session of the tri-partite naval conference today, which had been looked forward to with much speculation by observers, came to an end tonight with no rupture of negotiations.

On the contrary, all the speeches, made the official representatives of the U. S., Great Britain and Japan, although they unequivocally explained the various positions on the cruiser problem were distinctly temperate in tenor and breathed a note of hope that the conference would eventually succeed.

W. C. Bridgeman, first Lord of the British Admiralty and head of the British delegation, and Admiral Jellicoe, first Lord of the Admiralty, users with a fix.

Mr. Gibson, head of the American delegation, insisted upon the necessity of a low tonnage in order to limit the burden of taxation and to prevent naval expansion.

Admiral Viscount Ishii, speaking for Japan, publicly proposed limiting the number of 10,000 tons cruisers to ten or less for the U. S. and Great Britain and seven or less for Japan.

Mr. Gibson, after voicing hope for an agreement at the conference said that the Japanese delegation had advised a procedure which was considered in accord with the minimum cruiser tonnage submitted by the United States, but added that difficulties had arisen in finding a common ground between the low level proposed by the Japanese and the level which would be involved in fulfillment of the naval requirements advocated by Mr. Bridgeman.

Mr. Gibson declared that finding a common ground which would obviate the burden of competitive building has the real task before the conference, he insisted that naval needs are relative and not absolute and declared that the United States did not feel justified in agreeing upon a tonnage so high that, far from limiting the burden of taxation, would merely sanction naval expansion.

Geneva, July 14.—(AP)—Uncertainty and some tension marked the hours preceding today's public session of the tri-partite naval conference.

Nobody seems sure as to what might happen as there were indications that all three delegations were prepared to defend their respective positions in case of attack. Among some confidential observers a short adjournment of the conference was looked upon as a possible outcome of today's meeting.

While the American delegation refused to divulge the tenor of their speech of Hugh S. Gibson, head of their delegation, it was believed probable in conference circles that he would not fail to emphasize his contention that the real difficulty consists in the great divergence of cruiser figures between Great Britain and Japan and not between the figures of Great Britain and the U. S.

This means that from the American viewpoint the British and Japanese, the former seeking what are regarded as high figures and the latter seeking as low as possible, must get together before there can be any hope of an agreement. The American delegation is represented as feeling that the U. S. occupies the middle ground and as being disposed to move in either direction within reasonable limits.

It was forecast also that Mr. Gibson would dwell upon the contention that it was impossible for the United States to estimate the number of 10,000 ton cruisers that it needs until an accord has been achieved on the total tonnage for Great Britain, Japan and the U. S.

W. C. Bridgeman, first Lord of the British Admiralty and head of the British delegation, was scheduled to speak for Great Britain while Admiral Viscount Ishii, member of the Japanese delegation, was scheduled to speak for Japan.

The meeting was called for the ball room of the Hotel Des Bergues instead of at the League of Nations hall, in order to permit more space for newspapermen and the public.

A Moor considers it a sin to cut bread with a knife, believing that hands were given for this purpose.

LOCAL BOY BADLY HURT

Elmer Hardee Suffered Dislocated Spine In Plunge in Pamlico River Yesterday.

Elmer Hardee, 19, son of Mr. and Mrs. D. W. Hardee, Dickinson Avenue, sustained probably fatal injuries when he lost his balance and plunged into the shallow waters of Pamlico River during a picnic at Public Landing last yesterday afternoon. The young fellow was brought to a local hospital in this city a short time later, and today an x-ray examination disclosed a dislocated spine. He is said to be paralyzed from his armpits down.

Young Hardee, with numbers of other youngsters attending a picnic given by the Immanuel Baptist church of this city, had gathered along the pier a short distance from the pavilion at the edge of the river. One of the members of the picnic party was said to have passed the spot where Hardee was standing and playfully threatened to push him overboard. Whether Hardee intentionally dived overboard or lost his balance and fell eye witnesses to the accident were unable to say, but he plunged into the shallow waters below.

Young Hardee was so completely stunned by the force of the impact that he was unable to lift himself above the surface of the water. He had been injured, rushed to his assistance and in a few moments placed him on the pier. He was later rushed to the local hospital where everything was done to bring about his revival. Little hope was today entertained for his recovery.

Another of a series of county-wide tobacco meetings will be held on the Cox farm, near Ayden, tomorrow afternoon at two o'clock, according to information given out this morning by the Pitt County Department of Agriculture. The meeting will consist of an interesting program and E. F. Arnold county agent, urged that all farmers make it a point to be present.

E. Y. Floyd, a tobacco specialist of the State Department of Agriculture, will be present and offer many valuable suggestions pertaining to the growing of bright leaf.

G. W. Fant, plant disease specialist of State College, will also be present. He has been in the county the last day or so conferring with members of the department of agriculture relative to improving plant life through elimination of disease.

A. H. Harris, fertilizer expert from Goldsboro, is scheduled to attend the meeting.

The variety of tobacco to be used in the demonstration is that now being planted so extensively in Craven County. It is said that production of this kind of bright leaf has resulted in considerable increase in the growers earnings. In fact, some farmers have reported as high as \$150 increase to the acre.

Agricultural experts in all tobacco growing sections are urging the growers to plant the new variety.

FARMERS TO MEET FRIDAY

County Wide Meeting Of Tobacco Growers Near Ayden Friday Afternoon.

Washington, July 14.—(AP)—An agreement between the navy and interior departments under which the navy after August 1 will take back administration of the naval oil reserves and leases of land in them was announced today at the navy department.

Clayton citizen's put up \$5,000 for the project, with the promoters' drilling sum but at present the drilling of 700 feet at an estimated cost of four dollars a foot, is without results Bryson said he had been informed.

CUBS GAIN BIGGER LEAD OVER PIRATES

(By The Associated Press.)
The Pittsburgh Pirates were half a game father behind the Chicago Cubs today in three cornered fight for leadership of the National League. While the McCarthy Bruins were dividing a doubleheader at Boston the Pirates suffered a 11 inning reverse at the hands of Brooklyn 2-1. The world's champion Cardinals travelled 12 torrid innings to beat Philadelphia 9-7 and gain on the leaders from their third place seat in the merry-go-round.

Kiki Cuyler's error at Brooklyn prevented the Buccaneers from making any headway. The day previous Cuyler had beaten Dizzy Vance by a daring bit of base running in the ninth. Yesterday the Pirates outfielder allowed Partridge's single to get away from him and the runner went all the way on the misplay.
Boston pounded three Cub pitchers for 12 hits in the first game for a six-three victory, but Charlie Root chalked up his sixteenth win of the year in the second 4-1.
The Giants appeared sluggish in the hottest weather of the year at New York and Cincinnati gave them a 11-3 beating. McGraw's club gave one of its worst performances of the season, committing six errors.

Washington's ambitious campaign for a hold on second place in the American league race suffered a rude jolt when the Detroit Tigers by hard hitting setback the Senators twice 7-3 and 13-9.
Babe Ruth and Lou Gehrig failed to hit home runs at Cleveland but the Bambino's four hits in as many attempts were instrumental in the Yankee's 5-3 victory over the Indians.

George Sisler went on another rampage at St. Louis and his four hits, including a double and a triple assisted in the Browns 14-3 win over the Boston Red Sox.
The Philadelphia Athletics bunched hits off Ted Lyons and defeated Chicago 7-5.

Ball Player Killed By Pitched Ball

Macon, Ga., July 14—(AP)—His team-mate accompanying as a guard of honor, the body of Raymond Mann, third baseman of the Macon team who was killed by a pitched ball in yesterday's game here, was sent home to Terre Haute, Ind., today.
Pat Stamey, a pitcher and intimate friend of Mann's, went from Macon to represent at the funeral services Friday, his team and the city of Macon, as well as the players and fans of the national pastime in the South Atlantic Circuit.

Mann, whose base ball contract gives his age as 29, was struck over the heart and instantly killed by a ball pitched by Tom Farrell, pitching for Asheville in the regular scheduled association game here yesterday. The game was immediately called off.
Today the players wore black bands of mourning for their comrade of the diamond.

Farrell a native of Montvale, Va. and only a short while in professional baseball, was exonerated last evening by a coroner's jury which held that Mann's death was accidental.
Mann was known as "Pete" and "Whitey" and had played before in the South Atlantic Circuit. He has a brother, Johnny Mann, now with the Wichita Falls Club in the Texas league.

Sharkey Ready For Dempsey

New York, June 14—(AP)—Jack Sharkey is just about down to fighting weight for his fifteen round contest against Jack Dempsey. Under a broiling sun Sharkey yesterday worked off four pounds in a short sparring session, some rope jumping and shadow boxing. Because of the fear of getting too fine the former sailor abandoned his usual road grind in Central Park.
"When I whip Dempsey, I am going to insist that the championship fight be held in New York," said Sharkey. He didn't use the word "if."
Tex Rickard has been considering Chicago for the championship fight.

SPORTS SLANTS

By ALAN J. GOULD

New York, July 14—(AP)—New batting kings probably will be crowned this year in both major leagues.
In 1926 champions in both circuits have slumped so badly for hitting honors that they are virtually out of the race. Heinie Manush of the Detroit Tigers, who led the American league last season, has been having a struggle staying around the 300 mark while Bubbes Barrgrave, the Cincinnati catcher who upset the dope by leading the 926 National league list, has dropped off to an even greater extent. It was around 285 in the latest official figures.

It may be too early to pick their successors, but Paul Waner of the Pirates, in the National and either Joe Gehrig of the Yankees or Al Simmons of the Athletics, in the American league, seem to have as good a prospect as any of landing at the top. All three are youngsters, comparatively, yet seasoned sufficiently to have established themselves among the games most brilliant all-around performers.

Waner was close to it last year. Of the former American league champions Babe Ruth is in a threatening position but Ty Cobb, Harry Heilmann and George Sisler seem unlikely to displace their young rivals now at the top.

In the National, Rogers Hornsby, six times batting champion, started off sensationally but has been having a struggle lately in remaining among the first five. It will take a big spurt to put the Giants Captain back in the running, with Waner, as well as Joe Harris and Frank Frisch, setting the pace they are. Ed Roush another ex-champion, hasn't been hitting anywhere near his former pace.

Wills Knocked Out By Uzcudun In Fourth Round

New York, July 14—(AP)—Although he accomplished what only one man before him has done over a stretch of 17 years, Paulino Uzcudun, the Spanish woodchopper, still is as far away from the heavyweight throne as he was before he knocked out Harry Wills in the fourth round of a 15-round fight last night at Ebbetts Field.
After three rounds of lethargic sparring Paulino brought a right blow on a direct line from his knees to the giant negro's chin and Wills rolled over to the canvas. He was up at the count of nine only to run into a volley of lefts and rights that put him under the lower rope, where he lay supported on his elbows while Referee Lee Magnolia counted him out.

The Spaniard's victory availed him nothing insofar as a title chance this year is concerned. He was dropped from Tex Rickard's heavyweight elimination after Jack Dempsey had refused to engage in more than one preliminary bout before again meeting Tunney.

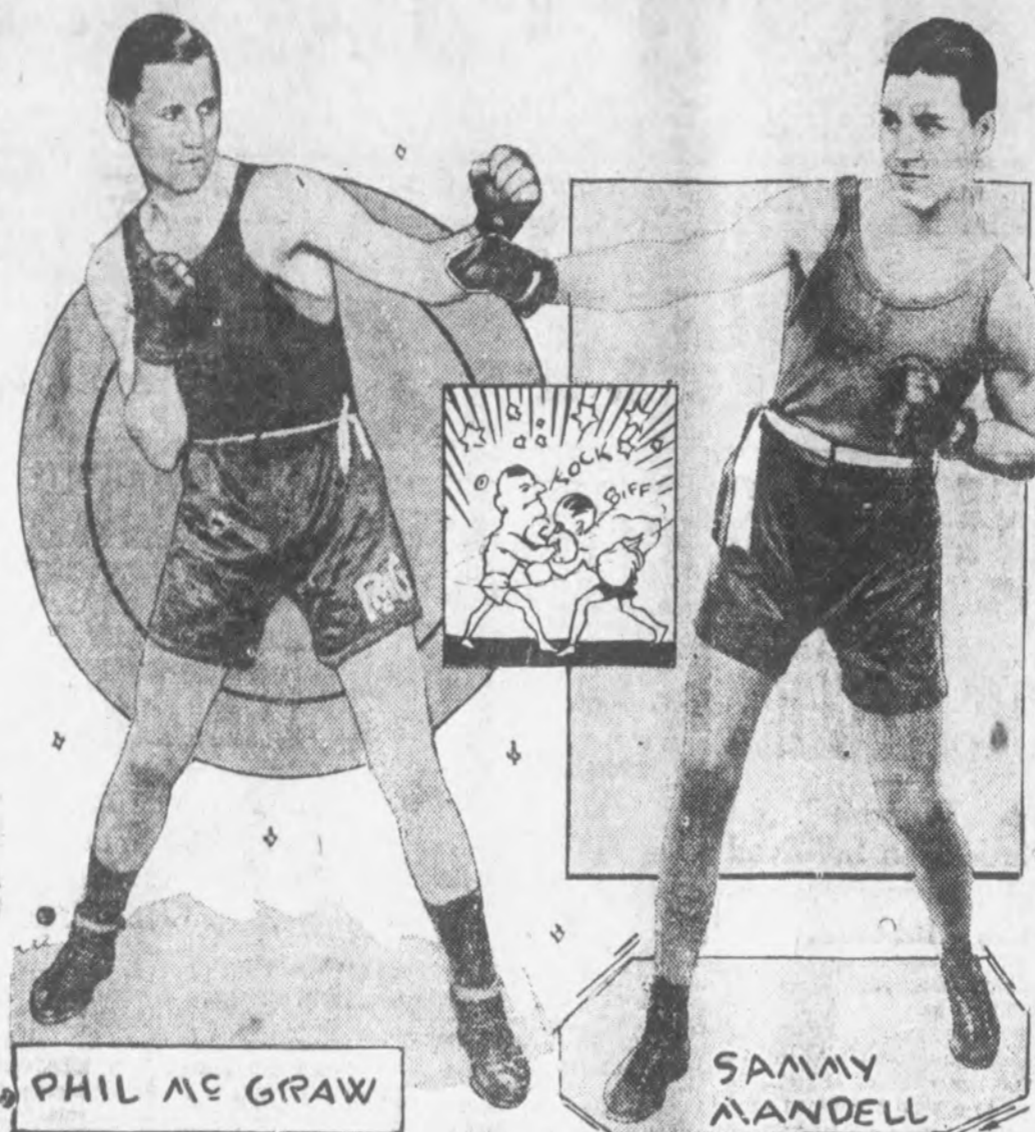

While Paulino's victory was wholly unexpected the manner in which it was attained confused an array of ringside critics who thought that the Spaniard's right hand wallop was the least effective among those in his repertoire.

Langford, the Boston "Tar Baby" put Wills down for the count eight years ago, but aside from that setback no fighter had been able to put the crafty black down and keep him down.

Mandell Gives McGraw Shot At Lightweight Ring Title

Detroit, Mich.—(AP)—For the first time since he won the lightweight boxing championship more than a year ago, Sammy Mandell of Rockford, Ill., will risk his title when he meets Phil McGraw of Detroit in a 10-round bout on the night of July 15 at the University of Detroit stadium.
This will be the second time the two aggressive fighters have met. The Detroit challenger will have a chance to show whether his ring ability has improved more than Mandell's since the pair fought to a draw two years ago.

Mandell, who won the championship from Rocky Kansas in a Chicago rainstorm on July 3, 1926, by a decision in 10-rounds, has fought a number of matches since then, but always under weight agreements which kept the title out of issue.
McGraw, christened Phil Karmanos, has come to lightweight prominence by a series of successful bouts in the east. Only once in two years has he fought in Detroit—last May 27, when he disposed easily of Chick Clark of Holyoke, Mass., holder of two decisions over him.

Floyd Fitzsimmons is promoting the first important title match Michigan has seen since the Dempsey-Miske joust at Benton Harbor in 1920. He has guaranteed Mandell \$50,000—the sum the lightweight king demanded to risk the crown which cost him and his manager a considerable sum, paid to make up Kansas' guarantee for the match in which Mandell won the title.

McGraw's contract calls for a \$7,500 guarantee and a bonus of \$5,000 if the gate exceeds \$125,000. With 25,000 seats available at \$3 to \$10, a sellout of the stadium would yield close to \$170,000. Whether Detroit has that much interest in boxing is the one thing the Mandell-McGraw bout is expected to determine.

There is less than two weeks difference in the ages of the contenders. Mandell was born in Chicago in February, 1904, and McGraw in the same month and year in Sparta, Greece. McGraw has an inch advantage over the champion in height.

Dempsey Shows Flashes of Old Time Ferocity

Saratoga Lake, N. Y., July 14—(AP)—Flashes of old time tiger ferocity, reminiscent of the days of Toledo and Boyles Thirty Acres, indicate that Jack Dempsey is well advanced on the road that may lead to the most sensational comeback in ring history.

With a lone week remaining before Dempsey meets Jack Sharkey in the Yankee stadium, an ever increasing inclination to drop boxing lessons for the sheer joy of crushing a sparring partner appears daily in the former champion's workouts.

The drawn face of the Dempsey of 1926 when legal difficulties beset him, has given away to the old fighting visage and the rest of Jack's physical make-up seems to have followed suit.

Despite the constant effort of Jack's handlers to hold him to the grind that comprises learning a defense for Sharkey's cutting left hand, Dempsey showed yesterday that he was unable to keep in leash his terrific punch by cutting loose for a few moments.

BOBBY JONES STILL IN LEAD BRITISH OPEN

St. Andrews, Scotland, July 14—(AP)—Bobby Jones played his second round of the British open golf championship in 72 one stroke under par, giving him a total for the two days of 140 and maintaining his lead in defense of the title he holds. He was a stroke over par for the first nine, but clipped two strokes off coming home.

Jones Card:

Out	544	463	435	37
In	325	444	454	35
				72-68-140

The champion faces the final 36 holes test tomorrow with an advantage of six strokes under par for the classic St. Andrews course. He was five under par with his record equalling 68 score of yesterday and added another today. Bobby's score of 140 for 36 holes compares with par 146 for two rounds.

Bobby found when he had completed his round he was leading the field by two strokes. B. Hodson of Lenby, Wales, returned a 7 today which coupled with his 72 yesterday gave him a 142. Joe Kirkwood was in third place with 144, made up of two 72's.

Jim Barnes after a bad outgoing nine when he needed 40, came home in 36, to equal his score of yesterday and remain in the running.

Barnes Card:

Out	456	554	444	40
In	434	464	443	36
				76-76-152

Larry Nabholz taking 82 today for a total of 159 eliminated himself from further competition under the rules reducing the field for the final 36 holes by removing from the play all 15 strokes or more behind the leader.

Raleigh, July 14—(AP)—High Point had another cripple added to its sick list today, this time Railroad Ray, catcher, suffering from the effects of a bum knee, result of a foul tip from the bat of Lundeen, Raleigh first baseman, during play here yesterday.
Raleigh won the game 4-2, the youthful Slim Elliott getting the better end of his duel with the veteran, Rubb Eldridge.
Salisbury broke up Rocky Mount's winning streak with a 14-2 trouncing. Durham erred in critical moment to let Winston-Salem win 3-2.
Pitcher Hank Gober, bought from Winston-Salem today reported to High Point.

ATLANTIC COAST LINE

In the Spotlight of highest public favor more than ever Riding is like flying

New advantages never associated with this price-field, single out the Greater Essex Super-Six with spotlight brilliancy, marking it farther than ever above all comparison.

And public acceptance, intensified by knowledge that the most popular Essex of history was withdrawn to make way for it, has swept the country in a nation-wide buying fervor that quickly outran the greatest of all Essex production schedules.

All that the previous Essex stood for—speed, reliability and a riding ease that was like flying—is here in greater and more enjoyable degree. There is greater power, pick-up and performance. There is greater luxury and comfort in these longer, roomier, more beautifully finished bodies. But no words can adequately describe the totally different thrill of this new transportation. No price comparison can give any expectation of the quality, value and zestful performance exclusive to this car.

Even though production is greatest in Essex history, demand is so large that we must handle all deliveries on the basis of priority of orders.

LOCALS

Mrs. J. J. Rouse, of Schoolfield, Va., is visiting Mrs. W. E. McGowan, on Cotanche street.

Mrs. Troy Myatt, of Wilson, spent today with Mrs. Graham Flanagan.

Miss Julia Herring Miller, of Wilson, and Miss Myra Skinner Carr, of Norfolk, are the guests of Miss Elizabeth Carr.

Mr. and Mrs. O. Q. Lassiter have moved into their new home on Billmore street, in College View.

Mrs. E. W. Griffin left today for Virginia Beach.

W. E. Padgett returned today from Wilmington.

W. M. Hinton has returned from a visit in Elizabeth City.

Mrs. B. W. Moseley and Miss Frances Moseley have returned from Fort Bragg, where Miss Moseley attended the officers' balls at the Post.

Mr. and Mrs. C. M. Tolar, Mr. and Mrs. C. J. Barr and children and Miss Doris Bander spent yesterday at Bayview.

Miss Katherine Davis, of Concord, has returned home after visiting in this city at the home of her cousin, Miss Gretchen Willard.

Mr. and Mrs. J. E. Davis, of Concord, who have been visiting in this city at the home of Mrs. Davis' sister, Mrs. J. S. Willard, left today for Atlantic City.

Rev. and Mrs. W. S. Harden and Mrs. C. W. Harvey left today for Montreal.

MISS ELIZABETH CARR ENTERTAINS

Miss Elizabeth Carr entertained a number of the younger set this morning in honor of her home guests, Miss Myra Skinner Carr, of Norfolk, and Miss Julia Herring Miller, of Wilson. There were three tables placed for bridge. The home on Pitt street was lovely with summer flowers.

Bath salts was given for high score and table prizes. The honorees were also remembered with bath salts.

Following the game a tempting salad course was served.

A LETTER FROM MR. GALLOWAY

Claude Tunstall, Agent
 Provident Life & Accident Co.
 Dear Sir:—
 Check received to cover recent accident. Thanking you for your promptness in paying claim.
 John R. Galloway

MRS. NYE VISITING IN WINTERVILLE

Winterville, N. C., July 14—
 Mrs. E. C. Nye and children, Kana and Undene, of West Jefferson, N. C., are visiting friends in Winterville.

Prof. Nye and family are pleasantly remembered here and by many in eastern Carolina who were students in W. H. School, where he was principal for several years. The family left here eight years ago.

MRS. PACE AND MRS. KITTRELL ENTERTAIN AUXILIARY

The Auxiliary of the American Legion held a very enjoyable meeting yesterday afternoon at the home of Mrs. K. B. Pace in College View, with Mrs. Pace and Mrs. J. B. Kittrell.

At this time delegates were appointed to go to Washington for the State convention of the American Legion and Auxiliary, which is to be held in that place August 15th and 16th. Mrs. L. H. Bowling, president of the Auxiliary, Mrs. V. A. Ward and Miss Estelle Greene were appointed as delegates. Mrs. C. A. Bowen, Mrs. S. N. Graham and Miss Hennie Whitchard, alternates.

A pleasant social hour was spent. The hostesses served tempting refreshments.

RED OAK NEWS

It is seldom that we have two climaxes such as we had in the Sunday school contest at Red Oak church. Miss Ella May's class probably thought that the greatest climax was when they came out victorious in the contest but the rest of the Sunday school acted as they enjoyed the picnic at Public Landing best. All in all, it was a success—the children were just as enthusiastic as they could be. It was impossible for a time, to tell which class would win, as it was a close race all the time between Miss May's class and Mrs. Tyson's. But when the final score was announced Miss May's class was the victor by 1,838 points.

Medical Society To Meet Tonight

Drs. Garrinton and Hemmingway of Bebel, will be hosts at the regular monthly meeting of the Pitt County Medical Society at the Rotary Club tonight. The session will begin promptly at 7 o'clock. An interesting program has been arranged.

Leach Accepts Call To W. Va.

Rev. H. H. Leach has received a call to a group of rural churches in West Virginia, lying in the "Eastern Panhandle." He has accepted, and Albermarle Presbytery has accepted his resignation as Pitt county evangelist, at a called meeting in Tarboro, July 12, to take effect August 1st. After shipping his household goods, Mr. and Mrs. Leach will spend a short vacation at Massanetta Summer Conference, Harrisburg, Va., before beginning work in early August in his new field.

In the absence of the pastor, Rev. W. S. Harden, Mr. Leach will preach at the Presbyterian church here, Sunday, July 17, at 11 a. m., which will be Mr. Leach's "farewell discourse."

HULDAH NOBLES ENTERTAINS IN HONOR OF MARGARET ABBITT

Tuesday morning at 11 o'clock Huldah Nobles entertained at a bridge luncheon at her home on Second street in honor of Margaret Abbit, of Wilson. The home was decorated with summer flowers.

Bridge was played at four tables and took at one. At the conclusion of the games Frances Morton was found to be winner of high score bridge prize, a dornie; Frances Harvey, a little old fashioned lady pin cushion, high score rook prize. Margaret Abbit, the guest of honor, was presented with a dornie. A platter of candy was served at each table during the game.

A delightful luncheon was served with iced tea, at the conclusion of the games.

Those playing were Margaret Abbit, honoree, Hattie and Helen Slyvant and guest, Louise Barber of Raleigh, Elizabeth Carr, Blanche Stason, Helen Larkins, Emma Frances Hardee, Frances Gross Nancy Lee Summerell, Annie Rosemond Horne, Katherine Utley Mary James Lipscomb, Frances Harvey, Frances Morton, Margaret Hassel, Christine Wilkerson, Kara Lynn Corey, Jane Hall and Mary Effie Patrick.

K. T. Futrell To Attend Conference Welfare Workers

K. T. Futrell, director of the Pitt county department of Public Welfare, will attend the welfare conference which opens at Chapel Hill Sunday, July 17th, according to announcement made this morning. The conference is conducted by the State Board of Charities and School of Public Welfare of the University of North Carolina. Numbers of public welfare workers from all parts of the state will be in attendance.

Mr. Futrell is president of the state association of county superintendents of public welfare, and will attend the annual business meeting of that body Thursday, July 21.

The Chapel Hill conference will last five days. It will be featured by lectures by prominent welfare workers from various parts of the country.

Noted Violinist To Appear Here Friday Evening

Bernard Oeko, violinist who was chosen to appear as soloist with the New York Philharmonic Orchestra, and who has been selected by Winthrop Tryon, musical critic, as the best example of rising violin talent in New York, will appear in concert Friday evening at East Carolina Teachers College.

Mr. Oeko is an American, a graduate of Columbia University and a student of Mark Tarnaroff and Franz Kreisler. He is an artist of rare talent and his concert in Greenville offers a wonderful opportunity to the people of the city.

RETURNS FROM FORT BRAGG

A. B. Corey, who for the past thirty days, has been acting as instructor at the Citizens Military Training Camp at Fort Bragg, returned to Greenville last night.

Last Wednesday we had our picnic at Public Landing. After a bounteous dinner about 75 enjoyed bathing and playing in the water.

The correspondent is exceedingly sorry to report the illness of Mrs. J. J. May. We hope that she will soon be better.

Friends of Mrs. Lou Forbes will be glad to know that she has practically recovered from her recent illness.

Mr. and Mrs. Donald B. Jenkins and daughter, Margaret Simms, of Greensboro, have been visiting Mrs. J. J. Jenkins, Mrs. James Allen and Mrs. B. L. Tyson for the past two weeks.

Clayton Stokes spent last Sunday at Seven Springs.

Dave White had an automobile wreck this week. Several of his children were painfully injured.

Hyman Causey was a visitor in our community last Sunday.

Seventy-five million dollars spent last year by North Carolina motorists for the operation of automobiles alone would indicate that we are fast approaching the prophecy of a "State on Wheels."

Now comes word that Charles A. Levine has offered the English fier, Courtney, \$10,000 for a seat in his flying boat, on its trip to America which indicates that all is not well with the proposed Drouhin-Levine flight in the plane Columbia.

Oil operators near Clinton have been arrested on a charge of moonshining. No doubt they decided that there was a greater demand for "Corn Juice" than for crude oil and that the former industry would prove more profitable.

STRAY DOG DANGEROUS

Sunday a dog in this city bit a child, following the incident the dog was permitted to run at large and since that time another child has been bitten by the same dog. The dog was then killed and its head sent off for examination and telegraphic reports state that the dog was mad.

Recently the city made a ruling that all dogs running at large in the city would be shot by officers and had this order been carried out to the letter, probably neither of the two above children would have been bitten.

While we do not desire to see any unjust slaughter of the dogs, just because they are dogs, and it is not our desire to deprive anybody of their pets, but we do feel that persons who own dogs should keep them confined to the premises or suffer the consequences. The prevalence of rabid dogs this year has made it unsafe for dogs to be allowed to run at large and we urge that the officers use their authority to rid the city of all dogs found running about our streets. The life of some child is too dear a price to pay for failure of dog owners to keep their dogs in their own back yards.

THE GRAIN CROP AND THE VOTE CROP

Just the other day a bevy of railroad directors were telling Mr. Coolidge that Western farming is in a hopeful condition. Rapid City dispatches reported them declaring that it is "on the eve of its greatest crop production in seven years." The most roseate political deductions were being drawn. And now on the heels of this comes a chilling Government crop report. The outlook is for the shortest corn crop in a quarter-

—and the Worst is Yet to Come

century, a very short fruit and tobacco crop and for average wheat and potato production.

If the Agricultural Department's forecasts are borne out, we shall have a wheat crop slightly greater than in 1926, and much larger than in 1925 and slightly smaller than in 1924. The late spring and bad weather will give us a corn crop smaller than any since the disastrous drought of 1901. In wheat it is the spring crop which is at bumper level. Winter wheat shows a much heavier acreage but a smaller indicated yield than last year. In other words, the Northwestern farming belt—the Dakotas, Minnesota, Northern Wisconsin and Nebraska, Montana—seems likely to do fairly well. It grows spring wheat and little corn. The great corn belt and winter-wheat belt is likely to be hard hit again. Already the dropping hog prices have staggered those corn growers who tried to beat the low price for grain by turning their product into pork.

July crop forecasts are too early to be very certain; but so far as it goes this report has a clear political implication. It is the corn belt which has furnished the chief Republican discontent and the demand for the McNary-Haugen bill. From Ohio to Nebraska it is far

more irreconcilable than regions devoted to wheat. Now its resentment and demands seem likely to increase.—N. Y. World.

NOTICE OF DISSOLUTION

All persons will hereby take notice that the co-partnership heretofore existing between Z. V. Bunting and Mrs. Sallie L. Bunting, under the firm name and style of J. R. Bunting's Sons, has been by mutual consent dissolved. Z. V. Bunting has taken over all of the co-partnership affairs, and the same will hereafter be conducted by him in his own right under the firm name and style of Z. V. Bunting. All persons indebted to J. R. Bunting's Sons will please make settlement with Z. V. Bunting, who has full authority to accept settlement thereof. This the 9th day of July, 1927. Z. V. BUNTING
14th-11w-4w.

CHAMP TESTERS OFF FOR EUROPE

Here are the junior dairy cattle judges of Clayton County, Iowa, United States champions by virtue of their victory in the national contest held in Detroit. Now they're on their way to London for international competition. The team made the highest score in American competition, and the girl made the highest individual score on record. Left to right, Kenneth Walter, Gertrude Kaiser, her cousin, Lloyd Kaiser, and Ray Combs, county farm bureau agent and coach.

ROUND WORLD FLIGHT WAITS BETTER PLANE

Leaders Think Motors are Far Ahead of Balance of Machines.

New York, July 14.—(INS)—An around-the-world flight with many a stop may be just around the corner of time but it must wait until the building of planes for such a super-human effort becomes as far advanced as the construction of motors. This formed the consensus in waking aviation circles today in the wake of the recent non-stop trans-Atlantic and trans-Pacific flights. Whatever else these epochal

flights may have disclosed, one fact was forcibly brought out which the technical men concerned with aviation deem of paramount importance—the planning and building of motors approximates perfection.

Heretofore the average persons regarded an airplane trip with mingled feelings of misgiving, and the fear of a stalled engine hundreds or thousands of feet in the ether was foremost. Airplane engines were viewed somewhat in the same light as prima donnas—too temperamental to get familiar with. But the trans-ocean flights topped by the remarkable performance of the three motors in the America which functioned perfectly on Commander Richard E. Byrd's memorable trip, have virtually dispelled this trepidation from the mind of the average person.

With the experience gained in building airplane motors in the years since the Wright brothers electrified the world with their heavier-than-air flying machine, engineers have been educated to a point where today they make them almost fool proof. It took the recent cross-ocean flights, however, to impress upon a skeptical public how

far motors have been developed. Even those closely identified with aviation, aware of the remarkable progress made in this respect, were at least mildly surprised by the performance of America's motors. For approximately 48 hours through the

RUB PAIN OUT OF RHEUMATIC JOINTS

For 65 years, millions have rubbed soothing, penetrating St. Jacobs Oil right on the tender spot, and by the time they say Jack Robinson — o u t comes the rheumatic pain and distress. St. Jacobs Oil is a harmless rheumatism and pain liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. 35 cent bottle guaranteed by all druggists.

Pastry can be "rich" and still be wholesome — it all depends on the shortening

You can have the most delicious pastry—even for the children—and you can serve it without fear of disturbing anybody's digestion—if you use a shortening that meets certain health needs.

In the first place, the shortening itself must be easily digested.

Next, it must mix evenly and thoroughly with the dry ingredients like sugar and flour. Lumpiness or uneven mixing slows up both cooking and digestion.

Finally, it must be sweet and fresh,—free from the off-flavors that too often indicate a "breaking down" of the fat.

FLUFFO supplies all of these needs in the highest degree. It is made from one of the most easily digested vegetable oils known to science. It is beaten or fluffed like a well-beaten egg—and for the same reason—so that it will mix easily. And the air-tight can brings it to you as fresh as the day it was made.

Try FLUFFO the next time you bake. If you fail to get a new satisfaction in your favorite pastry, tell your grocer and he will refund the full purchase price without question.

FLUFFO

For a NEW SATISFACTION in all your BAKING, FRYING & COOKING

Sold in 1-2-4- & 8-lb. air-tight cans

most discouraging weather conditions, the three engine popped away steadily, never faltering once until a shortage of fuel made a forced landing necessary.

And therein lies the problem in an around-the-world non-stop flight—a plane so built as to carry sufficient fuel for such an effort.

The motors used in each of the trans-ocean flights were good for 100 hours, on a conservative basis, without need of mechanical attention, according to experienced engineers. And 100 hours at the rate of 100 miles an hour would take a plane 10,000 miles.

Today it has been proved that motors have practically been made safe enough for a non-stop flight around the world. But aviation must await the planning of a ship capable of carrying enough fuel for such a breath-taking attempt.

MAN KILLED BY LIGHTNING
Asheville, July 1.—(AP)—Taylor King, 54 years old was instantly killed by lightning bolt Wednesday afternoon during a brief storm, while seeking refuge from the rain in a small house in the Wood yard of the Champion Fibre Company where he was employed as foreman.

Mr. King, a native of Buncombe county, moved here from Sandy

Mush and had served as policeman here before going with the Fibre Company.

He was sitting near a telephone in the house when the bolt apparently came down the telephone wire. No one else in the house was injured, although several were momentarily stunned. Miss Louise Jimison, switchboard operator of the Company, fainted when the same flash registered on her board in a spectacular display.

King is survived by his widow and four children. Among other relatives is a brother, Budd King of Walla Walla, Washington.

JURY IN FLOGGING CASE FAILS TO REACH DECISION

Toccoa, Ga., July 14.—(AP)—The jury which since last night has been considering the case of Elmer Clark, charged with assault with intent to murder in connection with the flogging of Mrs. Ansley Powers, sent word to Judge E. H. Patton when court convened this morning that it had not reached a verdict.

The message said the jury stood "about the same" as it did when it took the first ballot last night.

Meanwhile the State called for trial five men indicted in connection with the flogging of Bartow Singleton, farmer.

PROMINENT

THE INCREASING popularity of this institution in the business community is due to many things.

THE—Courtesy an general efficiency of its officers and employees.

THE—Completeness of its service rendered.

THE—Constantly planning new ways to please its customers.

THE—Absolute protection of all funds deposited in its custody.

Gossip of Staff Correspondents at World Centers of Population

TODAY

(Continued from page one)

them, on the contrary, it proves that laws governing the universe including this tiny earth, work evenly, without magic interference everywhere.

George Eastman celebrated his seventy-third birthday yesterday and enjoyed it. He has given employment to tens of thousands, has distributed millions of his profits among his working people, and has made good through the years his promise that if you would press a button, he would do the rest.

When he needed a change, he went killing lions, tigers and such animals, making sure that those he collected would kill no more natives.

Mr. Eastman has given to the world something it needed and he manages his business with public spirit. That's enough.

What is interesting in news? It depends on who reads.

"Bobbie Jones shoots a 71 in the British open championship." That interests millions.

Standard Oil and Vacuum Oil Companies, brother and sister, know that business is business, and have made five year contracts with the Russian Government's state oil monopoly. Americans get five years of Russian oil business. That interests business men.

Commander Byrd and the good flier Chamberlin are on their way home. The Hawaiian fliers are back. Levine, who flew with Chamberlin "for fun" and paid for the trip, intends to fly back.

British scientists use moving pictures in war against cancer. The camera records cancer growths slowly, for two days. Then the film is speeded up nine hundred and sixty times, and scientists see cancer cells actually growing. That's important.

Otto Koennecke, German flier, prepares for his trip from Berlin to San Francisco, with interesting care. Every part of his motor was being X-rayed yesterday in search of defects in the metal. Old statues show goddesses with three eyes one in the forehead. Science has given to men a real third eye, the X-ray, that looks through solid metal, and we hardly appreciate it.

TOPEKA STORES SET ALARM CLOCKS TO WARN WHEN PARKING LIMITS EXPIRE

Topeka, Kansas, July 14.—(INS)—Topeka stores are selling alarm clocks for a new purpose—to warn automobile owners who park their cars in restricted zones when the two hour parking periods have elapsed.

In a number of business establishments where the employees come to work in cars, they buy an alarm clock and set it so that it will go off every two hours. One of the employees then goes out and changes the cars and at the expiration of the next two-hour period, another takes on the job of moving to comply with the parking ordinance.

DENIES MOTION FOR CONTINUANCE OF TRIAL OF TOCOCA FLOGGERS

Toccoa, Ga., July 14.—(AP)—Judge I. H. Sutton today denied motions by defense attorneys for a continuance of the trial of five men jointly indicted on charges growing out of the flogging on last March 10 of Barton Singleton, farmer. Taking of testimony in the case began this afternoon.

Heads Teachers

Seattle—(AP)—From the classroom, which has been the seat of her scholastic influence, Miss Cornelia S. Adair of Richmond, Va., ascended to leadership over her fellow-teachers throughout the United States.

Miss Adair was elected president of the National Education association at its convention here. She has been chairman of the education committee of the National League of Women Voters.

PICK JURY FOR TRIAL OF GIRL CHARGED WITH MURDERING POLICEMAN

Waynesville, N. C., July 14.—(AP)—Eleven jurors had been picked at noon today to try Dolly Carnes, pretty 20-year-old girl of the Cedar Top section near Lake Junaluska, facing a charge in Haywood County Superior Court of stabbing to death Policeman C. O. Howell in a room in the city hall here on the night of June 16.

It was expected the jury would be completed this afternoon and that testimony would not be long drawn out.

BODY OF MAN KILLED IN ACCIDENT BURIED TODAY

Greensboro, July 14.—(AP)—The body of W. M. Roach who was instantly killed in Wilmington yesterday when he fell from a scaffold was brought here at noon today and taken to the late residence, 800 Walker Avenue. Funeral services will be held Friday afternoon at 3:30 o'clock but complete details had not been arranged this morning.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headaches, no hawking, snuffling, mucous discharges or dryness; no straggling for breath at night.

FIRST DETAIL OF BATTERY E OFF FOR CAMP

Main Body of Artillerymen to Leave for Fort Bragg Tomorrow Morning 9 a. m.

A detail of eight men of Battery E local military unit left today for Fort Bragg, Fayetteville, to make preparations for the arrival of the main part of the Battery which will go into annual encampment tomorrow. The main body of artillerymen will leave on a special troop train tomorrow morning at 9 o'clock on the Norfolk-Southern railroad. They are due to arrive in Fayetteville during the afternoon.

The total strength of the battery was today placed at 70. The majority of members are well seasoned and are expected to make excellent showing during the month's stay at encampment. A few recruits have

been added during the last thirty days, but officers expressed opinion that they had had sufficient training to enable them to keep pace with other members of the organization.

Battery E last year established an enviable record at summer encampment. They had the rating of being among the best drilled men on the field, and are expected to cling steadfastly to the honor this year.

Captain Lester Jones stated today that everything was in readiness for entraining tomorrow morning. The boys have been working hard the last few days getting everything in proper shape for the trip and movement is expected to be made without the slightest hitch.

COLONEL A. D. WATTS IN CRITICAL CONDITION

Statesville, July 14.—(AP)—The condition of Colonel A. D. Watts, former collector of internal revenue for North Carolina, who has been ill for some time at his home here, was said to be critical this morning. Attendants at his bedside said the end was apparently a matter of only hours.

Any family can get together on the proposition that an automobile is a necessity.

COOKE ELECTED HEAD SOUTH CAROLINA MILLS

Charlotte, July 14.—(AP)—Norman A. Cooke, attorney, and executive officer for several units of the Duke interests, has been elected president of the Republic Mills of Great Falls, S. C., according to a telegram received here today from New York.

At a meeting held in New York to consider the cotton company's affairs, the telegram said, E. C. Marshall, president of the Southern Public Utilities Company of Char-

LOTTE WAS ELECTED VICE-PRESIDENT AND F. E. VANITINE, TREASURER

The reorganization of the company followed relinquishment of the mills by R. S. Mebane, Sr., R. S. Mebane, Jr., and H. B. Mebane. W. S. Lee, Mr. Vantine and Forrest Hyde were added to the company's directorate according to a telegram from Mr. Lee.

Humming birds pass the winter in Central America.

CHARLOTTE LAWYER ACQUITTED OF ASSAULT

Charlotte, July 14.—(AP)—Conley E. Robinson, young local attorney was acquitted of a charge of assault with intent to kill, but found guilty of assault with a deadly weapon in Superior Court here today. The latter offense is a misdemeanor and does not involve the loss of citizen ship or his license to practice law. The verdict was directed by Judge James E. Webb of Shelby.
