ELBERT GARY
DIES TODAY
IN NEW YORK

Head of U. S. Steel
Corporation to be
Buried at Wheaton,
Ill., Wednesday.

New York, Aug. 15.—(AP)—Elbert H. Gary, chairman of board of the U. S. Steel Corporation, died at his home at four o'clock this morning.

Reports of Mr. Gary's death first began to circulate in the Wall Street district in the middle of the morning. Confirmation was not immediately available at the office of the United States Steel Corporation but when reporters went to the Gray home at 11:30 an employee at the household made the bare announcement that Mr. Gary had died at four o'clock. He said all further details would be given out in a statement at the Steel Corporation later.

It was stated that the cause of Mr. Gary's death was chronic myocarditis. He had been in ill health for a month. About the office of the Steel Corporation, the exact time of death was placed at 3:40 o'clock this morning. Beyond that bare announcement it was said no details would be available until sometime during the afternoon.

On the 25th of July, Mr. Gary, who at that time had been ill for about a week, was reported "on the mend" and it was expected at that time that he would return to his office within a few days.

One of Mr. Gary's last public acts was on the 16th of June when by passing his hands over an electrically sensitized mechanism, he set in operation the gigantic electrified Homestead steel plant, near Pittsburgh.

To perform this operation he sat in his office at 71 Broadway and the feat involved building up a large quantity of energy released from his hand into great enough electrical strength to control the operation of the steel plant.

The home, where Mr. Gary died, is up-town on Fifth Avenue from the famous Gary mansion at 958 Fifth Avenue, said to be one of the finest residences in New York which is now in process of demolition. The mansion contained a marble staircase valued at \$150,000. Because the contractor tearing down the mansion estimated that it would cost the full value of the great staircase to remove it, however, it was offered for sale for \$1 to anyone who would take it away. Ever since Mr. Gary passed his 80th birthday anniversary, rumors of his impending resignation as chairman of the steel corporation, have been recurrent. Time after time rumors which appeared to be based on authentic information have been circulated only to be proven baseless.

Chicago, Aug. 15.—(AP)—The body of Judge E. H. Gary will be brought to Chicago Wednesday for burial near his old home in Wheaton, Ill. His daughter Mrs. R. W. Campbell wife of the chairman of the board of trustees of Northwestern University and Mrs. Gertrude Sutcliffe of Chicago, are at the Campbell home in Evanston, seat of Northwestern University.

Arrangements were made this morning, representatives of the New York Central Railroad disclosed, to bring the body of the steel chieftain to Chicago on the Twentieth Century Limited, arriving at 9:45 a. m., Central Standard time, Wednesday.

The two daughters were his only children.

Mrs. Campbell has two children who are the only grandchildren Mrs. Sutcliffe is a widow.

New York, Aug. 15.—(AP)—Elbert H. Gary's death caused only a temporary flurry of selling on the New York stock exchange, which already had undergone a drastic downward readjustment of quotations as a result of a failure in the collapse of several pools last week. Although rumors of Mr. Gary's death were in circulation before trading began, steel common opened unchanged at 131 5/8. As the rumors gained circulation liquidation increased and the stock sold down to 130 1/4, but it had recovered all of its loss before noon.

Six Are Killed
In Explosion

Montreal, Aug. 15.—(AP)—Six persons were killed and six injured by flames, smoke and debris from an explosion which blasted its way through a wall and ignited an apartment house in Segueurs Street early today.

Vincent Collette, 36, lost his life while searching for his wife and four children who had escaped.

TODAY

Why Many Cruisers?
They Are Only Sheep Dogs.
Bamboo for Paper.
Wonderful Glands
(By Arthur Brisbane)
Copyright 1927, by Star Co.)

Of course, Britain will not make any arrangement that does not suit her about limiting armament. The conference was a gentlemanly gathering at which Great Britain wrote the program and everybody else was expected to sign it.

Will Rogers says the difference between "Britannia Rules the Waves" and "Columbia, the Gem of the Ocean" is that "Britannia Rules the Waves" is a fact, whereas "Columbia, the Gem of the Ocean" is only just a song.

As it happens, the dispute means nothing to the United States, although it means much to battleship builders anxious to make money out of the people of the United States.

Britain needs fast cruisers, or thinks she needs them, to protect her commercial fleets over all the oceans. We haven't such fleets and need few if any cruisers. It is as though one man had ten million sheep, needing many sheep dogs and another man with a thousand sheep insisting on having as many sheep dogs as the man with ten million.

It's silly. Let Britain have her cruisers, and spend her money on them. We should build only what our commerce actually needs.

In ten years cruisers will be ridiculous and even Great Britain's "experts" will know it. A few high-powered ships, each carrying twenty fast airplane bombers, would take care of all commercial ships.

Newspapers here and in Canada used fifteen per cent more paper than last year. More trees cut down.

The British plan to use bamboo on a gigantic scale for newspaper production.

That should be done in the United States. Vast tracts in Florida, California and all along the Gulf coast would grow bamboo.

A yearly crop of bamboo with long fibre, grown close to cheap power would solve one problem.

Praise the Lord, for you really

MILITARY UNIT
AT CONVENTION

Local Soldiers to Take
Part in Mammoth
Parade at Washing-
ton Today.

Members of Battery E, local field artillery unit, left this morning for Washington where they will take part in the parade at the annual convention of the North Carolina department of the American Legion which convened in that city this morning. Fifty men and three officers comprised the fighting strength of the unit when they left this morning.

This was thirty-odd members short of the normal strength.

Several members of the Pitt County post of the American Legion left yesterday and today for the Panama city where they will spend today and tomorrow taking part in the convention. Delegates from all sections of the State were represented in the vanguard of arrivals yesterday afternoon, and indications this morning were that attendants would surpass anything in recent years.

Batteries C and E and a band from the 113 field artillery of which the two units are a part, will do the military honors in the parade today. This feature alone is expected to be one of the most remarkable parts of the day's program.

Mrs. Ann Fulford
Buried Yesterday

Mrs. Smithy Ann Fulford died at the home of her son-in-law W. B. Briley, near House Station, Saturday night about 10 o'clock, following long illness. She was 80 years of age.

Funeral services were conducted from the home at three o'clock Sunday afternoon by Rev. Mr. Little, who lives near Reedy Branch Church. Burial took place at Mount Pleasant Church.

Besides an aged husband, the deceased is survived by several grown children who live in various parts of the country.

With these five Justices of the Massachusetts Supreme Court lies the fate of Nicola Sacco and Bartolomeo Vanzetti. They will decide the new appeal for which the execution of the condemned men was postponed. Left to right: Justices Braley, Pierce, Wait, Sanderson and Carroll.

STRIKERS TO
REJECT PLAN
OF MILL MEN

Harriet Cotton Mill
Operatives at Hender-
son Ready to File
Answer Today.

Henderson, Aug. 15.—(AP)—Strikers for a 12 1/2 per cent increase in wages at the four Harriet cotton mills in Henderson today planned to give their answer of rejection to the mill owners' proposal of consideration of individual cases, made at a three-hour conference last Friday.

S. P. Cooper, president of the company, said officials had no intention of starting up the South Henderson mills today. Strikers continued to talk of further walk-outs at the North Henderson mill today but these factories have so far been able to continue in operation in most departments, although admittedly somewhat crippled.

Meanwhile, some of the strikers were picking up odd jobs of work where they can find employment, and some were preparing to go to other mill towns for employment, although the movement appeared to be by no means general, most of the workers expressing intent to fight it out here.

Labor leaders were due back here today and their arrival, together with the conference this afternoon between the strike committee and with conference this afternoon between the strike committee and the mill directors loomed as possible developments as the new week began.

No personalities have crept into the deadlock from either side and the strike continues to be orderly with difference based solely on matter of wages and local company policy.

There were no developments over the week-end. A mass meeting at Swain's Grove, on neutral ground, Sunday afternoon, resolved itself into singing of hymns, prayers and talks by Rev. H. A. Ellis, pastor of the First Baptist Church of Henderson, and W. H. Johnson, merchant of the South Henderson mill settlement.

The Baptist preacher used Paul's exhortation to "set your affections upon things that are above, and not on things that are of the earth," and remarked at his conclusion that he didn't want to say what he thought. Mr. Johnson exhorted his audience to frequent prayer for guidance, and reiterated that he had told the strikers in the beginning that he was with them so long as pure principle governed and he believed they would win if they stood together.

Holiness preacher J. C. Hopkins told the audience to keep a prayerful heart, and cautioned that God was not going to help them because they were poor but because they were right.

One of the hymns was "Victory Ahead," referring to the promises of the Christian life.

Dr. McDaniel
Better Today

Richmond, Va., Aug. 15.—(AP)—The condition of Dr. George W. McDaniel, pastor of the First Baptist Church of Richmond, was described as "more favorable" today by physicians attending him. Dr. McDaniel has been in the hospital since last Wednesday when he suffered a stroke of paralysis.

Nicola Sacco Ends Fast
Boston, Aug. 15.—(AP)—Nicola Sacco broke his fast today after starting on 30th day of his hunger strike by refusing breakfast. During the forenoon he took a quart of beef broth.

State American Legion
Takes Over Washington
For Two Days' Meeting

Washington, N. C., Aug. 15.—(AP)—The American Legion, its auxiliary, and their friends, today took over Washington for a two day's stay.

The annual convention brought an influx of visitors from every section of the State, such as seldom if ever has been seen in this city and with business and pleasure combined this morning began the meeting of the Legion will last through tomorrow with a big parade, annual election of officers and reports on the last year's work the leading events.

The delegates to the convention were told today by Paul Younts, of Charlotte, commander of the American Legion for the State, that there now are 10,000 members of the organization in the State. Rehabilitation, child welfare, service, guardianship, Americanism, Armistice Day, finance conference and his visits to posts were touched upon in his annual report.

Tomorrow Rear Admiral Conz of the United States Navy will address the Legionnaires.

Commander Younts in his address reported the formation during the year of White Legion posts at Mocksville, Haystack and Lansing and negro posts at Lenoir, Henderson, Durham and Concord, with revival of eight dormant white posts at Rosemary, Burnsville, Brevard, Murphy, Sylva and Snow Hill and negro posts at Washington and Winston-Salem.

The finances of the organization were reported in excellent shape with all bills paid and \$4,000 in the treasury.

With General Albert L. Cox, of

Man Killed In
Shooting Affray

Lillington, Aug. 15.—(AP)—One man is dead, another is in a hospital in a serious condition and four others are held in the county jail here as the result of a shooting affray late during the week-end in a remote section of the western part of Harnett County.

John Allen, negro, was killed in an exchange of shots with Sam Douglas, white, who lies in a hospital with serious wounds about the face. Tony Carter, his brother Earl, and Sam Cameron, all white and Jesse Young, negro, are held without privilege of bail for action of the Harnett County Grand Jury.

According to Sheriff Kyle Matthews, the shooting occurred when Douglas accused Allen, who at one time was associated with him in the manufacture of whiskey, of reporting the location of the Douglas still.

Douglas and Allen, according to the sheriff's office, met on a road between Olivia and Pine View in western Harnett late Friday afternoon. Words were exchanged and gunplay began, according to reports given Sheriff Matthews.

Allen fell with the first volley, but before he died he shot Douglas in the face.

The connection of the others with the shooting is not quite clear just yet, it was said today, but County Coroner Raymond Cromartin, of Dunn, after conducting an inquest ordered Douglas and all his companions held without bail for the action of the Harnett Grand Jury next month.

All five of the defendants are charged with the killing of Allen.

APPROVE APPLICATION
TO REDUCE BANK RATE

Washington, Aug. 15.—(AP)—Application of the Federal Reserve Bank of Richmond, to reduce its discount rate to 3 1/2 per cent from 4 per cent effective Tuesday, was approved by the Federal Reserve Board today.

REDFERN HOPES TO
SPEND NEXT SUNDAY
IN RIO DE JANEIRO

Brunswick, Ga., Aug. 15.—(AP)—I confidently hope to spend next Sunday in Rio de Janeiro, Paul Redfern, Georgia aviator, again reiterated his belief today that he will be able to hop off about the middle of the week on his proposed 4,600 mile non-stop flight from Brunswick, to Brazil. He has estimated his flying time to Rio as 55 hours.

Coal Companies
Get Restraining
Orders in Ohio

Columbus, Ohio, Aug. 15.—(AP)—Temporary restraining orders against United Mine Workers officials and members were granted to four coal companies operating in the Eastern Ohio district in federal court here today.

The mines affected are: Provident mine number one, near Saint Clairsville, operated by the Clarksville Mining Company; the Webb mine, near Belaire, of the Monroe Coal Company; the Rose mine, near Cadise, of the Boomer Coal and Coke Company; the Florence mine near Martin's Ferry, of the Atlantic Construction Company.

All the companies intend to begin work immediately with non-union labor.

The union men are restrained from interfering with men going to work at the mines.

RANSOM RECAPTURED

Raleigh, N. C., Aug. 15.—(AP)—State prison today reported the recapture of Lonnie Ransom, sentenced from Catawba County in 1922 to serve one to nine years, and who escaped in 1923, in Anson County Sunday. Ransom had served but one year of his sentence and had escaped twice during that time.

AERIAL DERBY
TO GET UNDER
WAY TUESDAY

Seventeen Men and
One Woman to Com-
pete For \$25,000 Of-
fered by James Dole

Oakland, Calif., Aug. 15.—(AP)—The first long distance aerial derby in history, over a trans-oceanic course 2,400 miles out in the Pacific will get under way at noon tomorrow when nine planes will swing into the airways for Oahu, main island in the Hawaiian group.

Seventeen men and one woman—Miss Mildred Doran, 22 year old Michigan school teacher—will travel toward Wheeler Field, near Honolulu, for a \$25,000 first prize and a \$10,000 second award, the gifts of James Dole, of Hawaii.

Early today, but one plane lacked official approval. The "Dallas Spirit," piloted by Capt. William Erwin, distinguished war time flier which arrived here a few days ago was ready for navigation tests and expected to qualify before noon the deadline for federal certification of official entries to the Dole starting committee.

Captain Erwin's plane has passed the Department of Commerce tests and confidence was expressed in A. H. Eichwald, navigator, who will accompany the "Dallas Spirit" to pass the tests. The plane will be the ninth starter, eight having qualified previously.

The planes will carry nine tons of gasoline, averaging a ton of fuel to each plane. They will dash down a take-off runway permitting only one plane to get into the air at a time. The difference between the first starter and the last was originally estimated at sixteen minutes, but as post time approached it was figured that at least ten minutes would elapse between take-offs. The list of starters in the order of take-off, is as follows:

1. The Monoplane Oklahoma, piloted by Bennett Griffin, A. L. Henry navigator.
2. Normal Goodard, San Diego, pilot of the Monoplane El Enchante, with Lieut. K. C. Hawkins, San Diego in the navigator's cabin.
3. Livingston G. Irvine, war ace flying alone in a Breeze Monoplane.
4. Jack Frost, piloting the San Francisco Examiner's Golden Eagle and navigated by Gordon Scott, of Santa Monica.
5. J. Aubrey Pedlar, of Detroit, pilot V. R. Knorpe, Sandie Diego, navigator, carrying Miss Mildred Doran, 22 year old Michigan school teacher, as passenger.
6. Charles W. Parkhurst's Al King, backed by the citizens of Peoria, Ill., and navigated by Ralph C. Lewis, Jr., Kansas City, Mo. The plane is the smallest in the race.
7. Martin Jensen, 26 year old flier from the Hawaiian Islands, carrying Paul Schuller, master mariner in the navigator's cabin. They will fly a new Breeze Monoplane, purchased by citizens of Honolulu.
8. Arthur Gobel, Hollywood stunt flier, piloting a Monoplane, navigated by Lt. Wm. C. Davis, U. S. N.
9. Capt. Wm. Erwin piloting the Dallas Spirit, navigated by A. H. Eichwald.

The airmen expect to be in Honolulu twenty-two hours after they leave this airport, providing the navigators are able to map out a course over the great circle which will strike the Isle of Oahu, a twin target in the Pacific.

It is learned that there are more than a hundred witnesses in the case. It will likely take three, or four days to try Wagoner if it is believed, and bail cases were disposed of during the first week to clear the docket for the only first degree murder hearing scheduled for this term of court.

Wagoner To Go
On Trial Today

Winston-Salem, N. C., Aug. 15.—(AP)—The double murder charges against Hubert S. Wagoner, Watauga county man, for the killing of Dexter Byrd and Earl Moody, at Fosco, on Christmas day 1926, was scheduled to be taken up in Wilkes Superior Court today. A jury will be picked from a venire of 100 men summoned last week by Sheriff G. G. Elledge and his deputies for that purpose.

LINDBERGH LANDS
AT SPRINGFIELD

Springfield, Ill., Aug. 15.—(AP)—Col. Charles A. Lindbergh and his "Spirit of St. Louis" slipped out of the sky today, landing at the newly-named Lindbergh field near here at 12:01 o'clock.

GERMANY'S ATTEMPT TO CROSS

UNFAVORABLE WEATHER TODAY

NEGRO MURDERER
SURRENDERS TODAY
AT FAYETTEVILLE

Fayetteville, Aug. 15.—(AP)—Hector Graham, negro, sought for three days in connection with the fatal shooting of Capt. Paul W. Johnson, at Racford, came into Fayetteville this morning and surrendered himself to sheriff McGeachy of Cumberland county.

The sheriff of Hoke county, where the shooting occurred, is on his way to Fayetteville to secure his prisoner. It was regarded as likely the negro will be taken to Raleigh for safe keeping.

LOCAL MAN
KILLS SELF

Gustave Gergle Acci-
dently Shoots Him-
self While Handling
Pistol Sunday.

Gustave Gergle, 29, was found lying on the floor mortally wounded in an upstairs room at the home of his father-in-law, Sam Revels, Paris avenue, Sunday morning, about 11 o'clock. A revolver found lying by the side of Gergle led relatives to the belief that he came to his death while reloading or cleaning the gun. He died within a few minutes after the accident occurred.

Gergle and his wife, who live on Greene street, left their home about 10 o'clock, to spend the day with his wife's folks. A crowd was on the porch watching an aeroplane do stunts, and children in the yard were throwing a baseball on the top of the house. Someone inquired about Gergle. He was called. Getting no response, members of the family conducted an investigation. Gergle was found in a back room upstairs with a bullet wound in his left temple.

The noise made by the airplane and of children throwing the ball on the house top prevented those gathered on the porch from hearing the report of the pistol.

Coroner E. S. Williams conducted an investigation a short time later, but found no cause for the tragedy other than that advanced by members of the family.

The body was shipped to Columbia, S. C., today, and burial will be made in the Jewish cemetery of that place. Gergle is survived by a wife and child.

To Ask Special
Court Term For
Trial of Wrenn

Winston-Salem, N. C., Aug. 15.—(AP)—It is learned that Solicitor John R. Jones, will ask Governor McLean for a special term of Wilkes Superior Court to try Clem Wrenn, president of the defunct Bank of Wilkes, on the charges of embezzlement, forgery and false issuance of a note for \$25,000, said to have been marketed through Wrenn's bank and purported to have come from the board of county commissioners. The particular note is a specific charge in itself it is stated, but in a confession agreed upon for publication by the banker and released to the State press through his attorneys and the State's solicitor, Wrenn took full responsibility for the notes aggregating \$150,000, said to be serious and outstanding against the county and board of education.

It will be piloted by Edvard and Ristic and probably will also carry Hubert R. Knickerbocker. The D-1198 was first selected to accompany the Europa and Bremen but later was removed from the flight plans.

Eight prisoners who yesterday broke out of the Knox county jail to make their escape, were still at liberty today, after officers had made an all night search for them. Seven of the men were being held for trial while the other, Tom McCarroll, was a federal prisoner being detained pending his transfer to Atlanta where he was sentenced to serve a year and a day.

Oscar Hicks, Tom Rylan, William Glenn and Early Clemmens, were under state charges, while Wallace Woods, Lee Alexander and Stanley Newland, were being held to answer federal charges.

EIGHT PRISONERS
ESCAPE AT KNOXVILLE

Knoxville, Tenn., Aug. 15.—(AP)—Eight prisoners who yesterday broke out of the Knox county jail to make their escape, were still at liberty today, after officers had made an all night search for them. Seven of the men were being held for trial while the other, Tom McCarroll, was a federal prisoner being detained pending his transfer to Atlanta where he was sentenced to serve a year and a day.

Oscar Hicks, Tom Rylan, William Glenn and Early Clemmens, were under state charges, while Wallace Woods, Lee Alexander and Stanley Newland, were being held to answer federal charges.

It is learned that there are more than a hundred witnesses in the case. It will likely take three, or four days to try Wagoner if it is believed, and bail cases were disposed of during the first week to clear the docket for the only first degree murder hearing scheduled for this term of court.

CUBS PILE UP BIGGER LEAD IN NATIONAL

(By The Associated Press)

After a home stand that netted 13 victories and in 17 games played the Chicago Cubs were en route today on an invasion of enemy camps the success of which probably will determine to a large extent the fate of the National League leaders. Joe McCarthy's hustling outfit is scheduled to meet Brooklyn, Boston, Philadelphia, New York, Pittsburgh and Cincinnati in order, before returning to Chicago September 4th.

The Cubs made a clean sweep of the three game series with Cincinnati by winning yesterday's game, seven to two. Percy Jones, Chicago left-hander, was invincible after the first inning when both Red runs were scored.

By defeating Philadelphia, 3 to 1, the Giants pulled up to win one game of third place cards. The game was played in a drizzling rain. Larry Benton, allowed only four hits.

Ray Kremer's airtight pitching was too much for the Cards and Pittsburgh strengthened its hold on second place with five to one victory. Kremer held the world champions to six hits and kept them scattered.

Brooklyn failed to end its losing streak and returned home to take a four to nothing beating at the hands of Kent Greenfield and the Boston Braves. The Kentuckian held the Dodgers to four hits and never was in difficulty.

Three homers spelled the downfall of Jess Petty, the Robin south-paw; Hogan, Welsh and Fourner hitting for the circuit.

The New York Yanks chalked up another one on the Washington Senators, six-two. Waite Hoyt allowed the Harrismen only five hits, while Tom Zachary was ineffective.

Detroit made it four in a row from St. Louis, the Robins being tossed out by a five-four margin, way for the St. Louis beating.

The White Sox finally broke their losing streak by knocking in the Cleveland Indians seven-three. Blankenship was in good form and eased up only in the ninth.

STATISTICS SHOW BACHELORS DIE SOONER

London—(AP)—Married men live four years longer in England than bachelors, it was stated before the Associated Press. Bodies of Life Insurance Actuaries.

According to Professor G. M. Robinson distinguished British medic-psychologist, insanity is three times as prevalent among single men and women as among married men and women.

The organization officially went on record urging everyone to marry before the age of twenty-five.

FIRST AIR MAIL SENT 57 YEARS AGO

Pittsburgh—(AP)—What may have been the first successful delivery of mail by air was made 57 years ago in France.

Out of a mass of mail stamps of famed flights collected by Harry A. Truby of New Kensington, vice-president of the Aero-Philatelic Society of America is one recording that on September 23, 1870, M. Jules Darouff flew from Paris in a balloon with messages to Craonville, France at that time Paris was withstanding the Prussian siege.

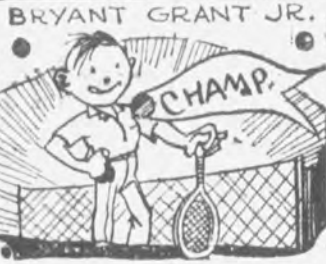

Truby's collection of mail stamps includes those used in many pioneering flights over various sections of the globe.

HOPES TO COME BACK

Helen Wills is scarcely more than a child, yet she is one of those who hopes to come back. For she was once national tennis champion, and she hopes to regain the honor lost to Molla Mallory in the championship play at Forest Hills, N. Y., starting August 22.

Title At Sixteen

Memphis, Tenn.—(AP)—A mere lad of 16 summers—Bryant Grant, Jr., of Atlanta—is the new Southern amateur tennis champion. Close followers of the game already refer to him as the "Bobby Jones of tennis."

It has been a long while since the South had an outstanding national figure in tennis. In trouncing the strongest players below the Mason and Dixon line in the recent tournament, Grant exhibited splendid form, strength and speed as well as the ability to employ strategy. Perhaps, the strongest points of Grant's game are his placements and lobby shots. Time and again they saved him and carried him on to the championship.

Grant is the first junior ever to hold the Southern senior title and succeeds Dan Murray of New Orleans, as champion.

Big Western Farmer
Sioux City, Iowa—August Klindt is the largest farmer in South Dakota—in stature. He is 7 feet 2 inches tall and weighs 383 pounds. Klindt is 28 years of age. He has turned down many side-show offers.

Brooklyn 0; Boston 4.
Chicago 7; Cincinnati 2.
New York 3; Philadelphia 1.

AMERICAN LEAGUE
Cleveland 3; Chicago 7.
Washington 2; New York 6.
Detroit 6; St. Louis 5.

SOUTHERN ASSOCIATION
Chattanooga 0; New Orleans 5.
Nashville 5-4; Mobile 9-3.
Birmingham 5; Memphis 6.
Only games scheduled.

Raleigh, Aug. 15.—(AP)—Kinston at Portsmouth, Richmond at Wilson and Norfolk at Petersburg comprised today's Virginia League offerings.

The standings had Portsmouth on top, followed by Richmond, Petersburg, Wilson, Norfolk and Kinston.

DE PAUW STAR WILL TRY FOR OLYMPIC TEAM

Greencastle, Ind.—(AP)—Richard Sturtridge, De Pauw University's greatest athlete who was graduated last spring will re-enter the university this fall to train for the 1928 Olympic trials.

Sturtridge is an all-round athlete. He was a track, basketball and football star at De Pauw, a crack brawler, and considered the best handball and tennis player in the institution.

GIRD TEAM HAS RECORD OF 24 STREIGHT GAMES

Peoria, Ill.—(AP)—Bradley Polytechnic Institute will open its 1927 football season, October 1, after one of the longest winning streaks ever piled up in the middle west. Bradley has not been beaten in three years and has won 24 games in a row, twice carrying off the championship of the "Little Nine-teen", Illinois Conference.

"What Martinelli Says Won Me to Luckies"

Regan Stewart remarks to Grace Dalton as he lights a Lucky Strike while waiting for a group of guests at The Riding Club.

© Mashkin, N. Y.

Giovanni Martinelli, famous tenor of Metropolitan Opera, says:

"We who sing must be extra cautious about our throats. I get my greatest enjoyment from Lucky Strikes because I find they do not affect my voice."

Giovanni Martinelli

BEFORE and AFTER

Says a report from Los Angeles: "Rumors that Alberto Guglielmi was being groomed to succeed his late brother, Rudolph Valentino, were revived when it was reported that the former had submitted to an operation in plastic surgery. Guglielmi's face, it was said, has been remodeled on lines resembling those of the late screen idol." Guglielmi is shown at left; Valentino at right.

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

"It's toasted"

No Throat Irritation - No Cough.

LOCALS

DUNBARS MOVE HERE
Mr. and Mrs. Marvin Dunbar, of Goldsboro, have moved to Greenville. They are making their home at 521 Greene street. Mr. Dunbar is manager of the French Book Shop of this city.

WRIGHT RETURNS FROM TORONTO, CANADA MEETING
R. H. Wright, president of East Carolina Teachers' College, has returned from Toronto, Canada, where he attended a convention of the Western Federation of Educational Associations. He was one of the fifty delegates from his college attending the gathering.

DR. CHARLES O'H. LAUGHINGHOUSE was here from Raleigh for the week-end.
Person Nicholson was at home from South Carolina for the week-end.

JACK BOYD, JR. is spending the week at Bayview.

MISS HORLENSE WILLIAMS of Jacksonville, Fla., who has been visiting her sister, Mrs. J. H. Boyd, Jr., left Saturday for her home. Miss Katherine Tyson accompanied her.

MRS. W. R. JONES and **MISS AD. JONES** are in Washington attending the American Legion and Auxiliary convention.

MISS LUCY LAY of Raleigh, spending a few days with her sister, Mrs. C. A. White.

H. S. SHOPPARD of Wilson, yesterday with his father, Messrs. Sheppard.

MCD. HORTON of Farmville, in the city this morning on business.

MRS. L. H. BOWLING, **MRS. C. O. LAUGHINGHOUSE**, **MISS ESTELLE GREY** and **MISS HENRIE WHITFIELD** left this morning for Washington where they will represent the local American Legion Auxiliary.

MRS. JAMES R. FAY is visiting her mother, Mrs. M. J. Fay, at her home on avenue.

MAJOR AND MRS. O. J. FAY and daughter, **MISS O. J. FAY**, left Saturday for Washington, D. C., on business.

B. WILSON, left yesterday for Washington, D. C., on business.

MISS MARGARET BURNETTE of Raleigh, who has been spending some time here, returned to Raleigh Saturday.

W. F. PADGETT, of the University of North Carolina, is here Saturday.

L. T. PEACE, of Farmville, is a Greenville visitor Saturday.

MISS PEARL WRIGHT and **ROBERT H. WRIGHT, JR.** have returned from Wrightsville Beach.

MRS. MARGARET BURNETTE of Raleigh, who has been spending some time here, returned to Raleigh Saturday.

MRS. M. A. JONES of Richmond is visiting her daughter, Mrs. F. Clark.

MRS. VIRGINIA EARL and **MRS. MARGARET BURNETTE** left for Washington.

MASTERS BERRY and **CHILDRENDEN** have returned from a week-end trip to White Lake.

MR. AND MRS. C. H. MCMURRAY and **MISS JANICE** and **MISS MARGARET** spent the week-end at Mountain City.

EDWARD MILLER of Atlanta, Ga., is visiting in this city at the home of E. F. Arnold.

MESSRS. DINK JONES and **JAMES LITTLE** returned today from a week-end stay at Wrightsville Beach.

INTERESTED IN REAL ESTATE will call on H. A. White and Sons, Real Estate General Insurance Established 1899.

POULTRY PROFITS ARE INCREASED BY ELIMINATION OF SLACKER HEN

Farm women how to increase their poultry profits by eliminating slackers. A social leader is here indicating to local farm women how to tell a good egg producer.

Slackers will make a profit from their eggs. It is greatly to their advantage to know how to select a good producer and to eliminate the slackers which are good producers and which others which do not pay for their feed and care.

Frequently the slackers may be culled out and the remainder lay as many eggs as were removed before with a corresponding reduction in cost for feed.

Slackers will make a profit from their eggs. It is greatly to their advantage to know how to select a good producer and to eliminate the slackers which are good producers and which others which do not pay for their feed and care.

RED OAK NEWS

Friday morning, August 11, a little after daybreak, forty-four residents of the Red Oak community left for a day's visit to the capital of their State. We arrived at the capitol square about nine-thirty. A trip was made through the capitol and on up the winding stairs to the top of it, where a delightful bird's-eye view of Raleigh may be seen. Those who visit this city should by all means include a trip up on the dome.

Next we crossed over to the Museum and when we left we really knew more about our native state than we could have learned in a month's study. We were awed by the snakes, especially the big six-foot rattler. That was the first time that most of us had ever seen the rattler, the cotton-mouth moccasin, the garter snake and many others. The garter snake and her 42 young ones, about eight inches long, were put up in alcohol.

The children were carried away with the squirrels, deer, birds and bird-eggs. In fact, it is the most interesting place that the writer has ever visited. A trip to the Museum should by all means be included in a visit to Raleigh.

Next we passed over to the Hall of History. We were met there by that lovely old gentleman, Colonel Fred A. Olds, who took us in charge the rest of the day. Before he had been with us an hour he had endeared himself to all of us and when we look back upon our visit to Raleigh we will always think of Colonel Fred A. Olds.

He told us the history of Pitt County and pointed out to us the most interesting things. He then showed us one of the most beautiful rooms in North Carolina. The predominant colors are old red and gold. This was the room where the Supreme Court of North Carolina sits. The tapestry is the most beautiful we ever saw. The lovely clock struck twelve while we were in the room and held the sound of the last moment of the day.

By this time it was lunch hour and a slow rain was falling. We began to wonder where we would spend our lunch when Colonel Olds said, "Follow me."

We followed him, and he took us across the street to the Y. M. C. A. building where we were extended the greatest hospitality by the management. That is another place that would linger long in our memories. It was in this building that Colonel Olds showed us how to eat country ham, fried chicken, cornbread and cake.

After lunch we were conducted to Dix Hill and before we entered Colonel Olds told us the history of it, and asked us never to think of the inmates as crazy, but to think of them as mentally sick. We were shown through the cleanest and largest kitchen that it has ever been out let to see. We saw the arts and handicraft and it doesn't seem possible that anybody mentally sick could do such lovely and intricate work. We left there with a more thankful heart than we had when we entered.

We were then driven over to the penitentiary and shown through there. Colonel Olds had one of the members of the party strapped in the electric chair and he went through the outlines of an electrocution. The occupant of the chair felt a great relief when she was released. It was a delight to look at the lovely flowers that were blooming on the grounds around all the public buildings.

The rest of the afternoon was spent in visiting the stores. A tired but happy crowd returned home at a most enjoyable day.

Those in the party were: Mr. and Mrs. W. B. Vandford, Miss Rubelle Vandford, Miss Ruby Smith, Clifton Crawford, Mr. and Mrs. N. W. Tyson, Mr. and Mrs. V. S. Tyson and son, John Wyatt, Mr. and Mrs. Tom Manning and son, Claude; Ray Allen, James and Ada Gold Manning, Mr. and Mrs. Albert Allen and children, Forbes, Arline, Louise, Carrie, Belle, and Allan Ruth; Mr. and Mrs. R. R. Tyson, Vivian Heath, Misses Louise and Willard Allen, Edgar Allen, Mrs. J. J. Jenkins and daughters, Genevieve and Marjorie; Mr. and Mrs. H. P. Tyson and daughter, Betty Sue; Mr. and Mrs. J. H. Tucker, Mrs. Herman Allen, Miss Charlotte Tyson, Herbert Crawford, and Mrs. Leon Tyson and children, Dorothy, Ray and Joseph. We were joined in Raleigh by Bertha Jenkins and Miss Patsie Jenkins, mother and sister of Mrs. Leon Tyson.

Mr. and Mrs. R. S. Allen and children are spending a few days with relatives at Smithfield this week. From there Mr. Allen will go to South Carolina to visit the tobacco markets.

Miss Louise Stokes visited friends at Grifton this week.

Robert Allen has returned from a visit to Norfolk and Ocean View.

Even "Big Bill" Thompson wants to run for President on the Republican ticket. His promise to "bust King George on the nose" may have made him mayor of Chicago, but this, his seemingly chief qualification, could hardly elect him President of the United States.

Naturally Chicago's anti-alimony club of men is treated with considerable levity, but a judicial decision in Atlantic City that a childless divorce was not entitled to alimony because she was able to earn her own living, would appear to be a sign of the times.

During a 'psychic seance' at a Chicago theatre when sickness was supposed to be a necessary part of the performance, a man in the audience caused a great disturbance by touching off a flashlight. Brought into court, he stated that he had done so because his wife "believed the stuff" and he wanted to convince her that faking was going on. He stated further that his wife was cured because the light turned on showed the "ghost" on the stage to be the medium herself. He was discharged, the medium vainly protesting that the light turned on her trickery endangered her health.

CANDIDATES AND THEIR AGES

Charles E. Hughes, who was 65 last April, stated some weeks ago that he was "too old" to run for President, for four years after March 4, 1929, he would be 71. Now that the choice of a Republican nominee other than Mr. Coolidge is receiving serious consideration, the friends of several Presidential "possibilities" have awakened to the conviction that Mr. Hughes's view is altogether wrong for some of the "possibilities" mentioned will be more than 71 four years after March, 1929. Secretary Mellon, for example, will be 79 at the end of the next Presidential term and Mr. Lowden will be 72, while Mr. Dawes will be only 68, Mr. Coolidge only 61, and Mr. Hoover only 59.

On the Democratic side, Governor Ritchie is now only 50 and Governor Smith lacks eight months of being 54. Mr. McAdoo is 64, Senator Reed 66 and Senator Walsh 68.

"What's 71?" ask the friends of Mr. Hughes. They can at least point to Charles W. Elliott who did not retire until 75, to Gladstone, who seemed to retain all his vigor beyond 80, and to Justice Holmes who is understood to be very lively at

86. But obviously much depends on the health, strength and temperament of the individual, some men being younger and more capable at eighty than others at sixty.

ATTACHES AIRPLANE

THA HIT HIS COWS
Paris—(AP)—An airplane collision with cows has caused a French judicial comedy in which airmen and farmers are at odds.
At Dunkirk the London-Brussels air liner with ten passengers aboard came down in a clover field and ran into two cows. The farmer had to have the cows killed. He promptly drew up a bill of expense.
Besides the two cows he added the item of one field of clover and presented it to the pilots. The pilots argued and wouldn't pay. The farmer went off to the seat of justice and came back with a court officer and a writ of attachment. The airplane owners finally had to put up security before the indignant farmer would let them board the machine and fly away.

LONDON RESENTS JOKE AT PRINCE OF WALES

London—(AP)—Milton Hayes hit a snag in the new review "shake your feet" when he cracked a line about the Prince of Wales which did not appeal to the audience.
Hayes was doing a silly ass monologue of the type which has won him favor in the music halls. He remarked that the Duke of York brought a perambulator at a recent exhibition as a hint to his brother the Prince of Wales.
The audience not only did not laugh but it booed the actor unmercifully.

Ever Will Rogers had to tone down his remarks about the Prince of Wales when he was performing in London.

FRENCH BABY BAND WINS HIGH PRAISE

Paris—(AP)—Ninety orphans form a brass band that has won much praise at many public ceremonies.
The children some of them no bigger than the horn they are blowing are from five to ten years of age. They have been trained in the Saint Georges-de-Lille Orphanage by good conductors.
Dressed in white with assistants to hold the drums and straps to help support the larger instruments, the band is a feature wherever it goes. They won much credit when they played before a musicians meeting.

SEARCHING FOR HEAVEN

John D. Humphries, of Atlanta, Ga., one of the most distinguished lay astronomers in the South, believes that there is room for a physical heaven in the skies. He's shown with a young friend studying the stars.

Physical Heaven in Skies Possible, Says Astronomer

ATLANTA, Ga. (I-N Special)—Heaven may actually exist in the skies! That is the claim of John D. Humphries, superior judge of Fulton County and one of the best known lay astronomers of the South.

Humphries takes issue with the assertions said to have been made by the late Luther Burbank and others, and attacks the charge that there is no place in the uncharted regions of the universe big enough to contain the biblical Heaven.

"Scientists have found that our system of measurements are not big enough to measure distance in the firmament," he said.

"The figures in our miles would run so large that the human brain could not encompass them. So they have invented the light year, which contains a million millions of our miles. The distance from our little earth to some of these stars are many thousands of these light years."

"In all probability, the stars we see in the skies have other solar systems of their own, larger and much more beyond our comprehension."

"Therefore, we see that science itself refutes the claims of scoffers that there is no place big enough for Heaven. Their idea of the limits of space is encompassed in their own puny minds. Space is

16-YEAR-OLD GIRL HEADS SACCO RIOT

"Aw, I'm just a kid," said Aurora D'Angelo, 16, when arrested by Chicago police. Pictures taken just before the arrest show the "kid" in action, preaching anarchy and demanding violence to save Sacco and Vanzetti from the electric chair.

NAZERENES WILL HOLD KANSAS CITY MEETING

Kansas City Mo.—(INS)—Kansas City has been selected as the meeting place of the eighth quadrennial international convention of the Nazarene church, according to officers of the denomination here.

The convention is scheduled for June 1928. Over 400 delegates from all parts of the world will attend. Several thousand visitors will also attend the conferences of the church. Among countries that will be represented are Japan, China, France, England, Germany, Brazil and several others. Kansas City was selected at a recent meeting of bishops of the church in Pasadena, Cal.

Forest Receipts Gain

A total of \$5,166,603.39 came to the federal government during the last fiscal year through sales of timber, permits for grazing, and other uses of the national forest. The figure represents a gain of \$10,948.37 over the preceding year. Twenty-five per cent will be turned over to the counties and states.

Costes Finishes Plane Tests, Girds For Paris-New York Hop

Paris—(AP)—For more than two years the plans and dreams of Dieudonne Costes have been centered about an airplane flight from Paris to New York.

While he made ready for his flight and tested his plane he has seen the Atlantic crossed from the west by Lindbergh, Chamberlin and Byrd, and he has seen two comrades of his own nation, Nungesser and Gali, strive in vain to fly to America from Paris.

After months of preparation Costes is ready for his flight, and he hopes still to be the first to journey by plane across the eastward route from Paris to New York.
Last May the French aviator flew from Paris to Djarsk, Russia on a test voyage preliminary to his ocean jump. That flight set a non-stop distance record which stood until Chamberlin and Levin crossed the Atlantic.

Returning by way of India, Athens and Rome he got to Paris to see his nonstop record wrested from him and he took off again for Russia on another flight, but not only to Nijni-Tagorsk, 5,000 kilometers from Paris, when storms forced him down.

His test have served to give him ample confidence in the bi-motored Breguet plane of military design, in which he made all his experimental voyages, an in which he will essay the Paris-New York hop. The French government has permitted him to use the ship in his flight.

The plane has been modified to make room for more fuel than military planes ordinarily carry, and its two 650 horsepower motors made by Hispano-Suiza, have been

DIEUDONNE COSTES

placed tandem fashion one behind the other.

Costes will carry almost 3,000 pounds of gasoline, and the weight of the plane at the take-off will exceed five tons. Like Byrd's America, the Breguet will have a dumping valve permitting quick emptying of gasoline tanks, thus reducing danger from fire in event of a crash and giving the plane the buoyancy of a boat if it has to make a landing in the sea.

Costes is 35 and he has few superiors in skill or experience among French airmen. He has been flying since 1912, and he won eleven citations during the war for achievements in airplane combats. He has remained in the air service since the war.

ON WORLD HOP

Edward Schlee (above), wealthy Detroit, and William S. Brock expect to fly around the world in three and a half weeks. Detroit is the start and finish point.

TRUSTEE'S SALE OF DRUG STORE BUSINESS

By virtue of a Deed of Trust executed December 15, 1926, and recorded in Book O-16, page 285, and the terms of which not being complied with, I shall, by virtue of authority vested therein, sell at the College Pharmacy on Fifth Street, all accounts, fixtures, furniture, goods, lighting fixtures, cash register, soda fountain, and all other stock including toilet articles and medicines of all kinds embraced in above trust and located in that store leased by Denton Drug Company from W. H. Dail, Jr., on Fifth Street, being near the High School and it being all of what is known as the College Drug Store and owned by R. I. Stanley. This sale being made to satisfy purchase price security; terms of sale, cash; time and place of sale being 11 o'clock a. m. Thursday, August 25th at the said store.

The store, stock and fixtures are

open for inspection and the same being kept in operation to keep a live, going business. It is a good opportunity for investment.
This 25th day of July, 1927.
S. J. Everett, Trustee
28-11w-4wk.

ADMINISTRATOR'S NOTICE

Having qualified as administrator of the late Pennie Buck, this is to notify all persons having claims against her said estate to present them to me on or before the 9th day of August, 1928, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This August 8th, 1927.
G. H. Buck, Administrator
of Pennie Buck
Albion Dunn, Atty.
Aug.-8th-11w-4wk.

NOTICE OF RE-SALE

By virtue of the power of sale contained in that certain deed of trust executed by D. F. Turner and wife, Susan R. Turner, and Janie T. Turner to F. C. Harding, Trustee, dated July 5, 1924 and recorded in Book E-15 at page 375 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the indebtedness thereby secured, and the bid made at the first sale having been raised and a re-sale or deed, the undersigned trustee will on Tuesday, the 23rd day of August, 1927, at 12 o'clock, Noon, at the court house door in Pitt County sell to the highest bidder for cash the following described real property: Lying and being situated in the town of Greenville, Pitt County, North Carolina, situated on the East side of Clark street in said town of Greenville and beginning at T. E. Hooker's corner on the East side of Clark street and running with said street South 30 feet and 6 inches to Cherry Johnson's corner, thence along her line 140 feet easterly to a corner, thence northwesterly and parallel with C/ k street to T. E. Hooker's line, thence with T. E. Hooker's line to the beginning, and being the same lot described in a deed executed by L. R. Harris and wife to Susan R. Turner recorded in Book S-12, page 598.

TV: the 8th day of August, 1927
F. C. Harding, Trustee
Raleigh B. Lee, Atty.

INCOME TAX NOTICES SCARE HONEST PAYERS

Washington—(AP)—Many of the 3,500,000 income tax payers may—but shouldn't—be subjected to a start of apprehension this summer when they receive franked envelopes from the Internal Revenue Bureau. They won't necessarily contain the bad news that errors have been found in the recipients' tax returns.

Under a new procedure, all tax payers will be notified as soon as their 1926 returns are examined, that they do or do not, owe the government more money. Most of them do not.

A number already have been mailed. Several protests have been received from taxpayers who objected to what they regarded as an implication that they had rendered incorrect returns. Others however, have thanked the bureau for the notices, which leaves them assured that no error has been found will be found. And the scheme saves the bureau employees a lot of correspondence.

Cow Is Record Mother

Crittenden, Ky.—(AP)—W. D. Drennan is the owner of a cow which holds the record of being the mother of three pairs of twins calves, all born within 28 months.

ENGINEERS SAY TERRACED LAND STOPS FLOODS

RAYMOND OLNEY

St. Joseph, Mich.—(AP)—Land terracing is the remedy advanced by the American Society of Agricultural Engineers to prevent floods like those that spread over the country last spring. The organization will make the

spread of such a doctrine its main for activity during the coming year. Raymond Olney, secretary, will direct the effort.
"Terracing to prevent erosion, as well as preserve soil fertility, has been proved sound by centuries of us in China and the Philippines," said Olney. "We plan to ask State universities to inaugurate terracing programs."

Market Report

Cotton--Stocks--Grain

COTTON
New York, Aug. 15.—(AP)—Unfavorable weather and reports of deteriorating crop prospects in the southwest together with increased complaints of boll weevil damage in other sections seemed responsible for advances in the cotton market today.

December contracts sold up to 19.40 and were ruling around 19.33 in mid-afternoon when the general market was 40 to 45 points net higher.

High Low Close P. Close Open
Jan. 19.40 19.22 19.49 18.99 19.28

LIVERPOOL COTTON
Liverpool, Aug. 15.—(AP)—Cotton spot fair demand, prices barely steady; American middling fair 11.63; strict good middling 11.13; good middling 10.78; strict middling 10.43; middling 10.13; strict low middling 9.75; low middling 9.38; strict good ordinary 9.03; good ordinary 8.58. Sales five thousand bales including four thousand American; receipts none; futures closed steady, October 20.11; December 19.21; January 19.28; March 19.32; May 19.07.

GRAIN
Chicago, Aug. 15.—(AP)—Wheat prices ruled strong almost all day. Influential commission house buying and short covering based on the strength in Winnipeg were the main factors toward the finish. The Canadian market was up on colder weather forecast. The market here started higher on frost reports from northern Alberta but dipped under local pressure because of a dip in Minneapolis. September liquidation made the corn market lag.

Wheat closed strong with prices at the finish 7-8 to 1-7-8 up; corn unchanged to 3-8 higher; oats unchanged to 1-4 gain and provisions 3 lower to 1-2 advance.

STOCK MARKET
New York, Aug. 15.—(AP)—The stock market, having undergone a drastic downward readjustment of prices last week, rallied briskly today after a temporary sinking spell on the announcement of the death of Chairman E. H. Gary of the United States Steel Corporation. The recovery which embraced practically all groups of stocks was led by the rails and the high priced specialties.

The rally was not associated with anything in the day's news. Pools resumed operations on a large scale on the theory that easy money conditions were likely to continue for sometime to come.

Case Threshing Machine which had sold down to 242 in the early trading, rallied to 251-2, a week-end gain of more than 9 points. Commercial Solvents B extended its gain to 7 points.

U. S. Steel common opened at 131-5-8, sold down to 130-1-4 and then rallied to around 133.

The closing was strong. Total sales approximated 1,750,000.

French Piolets Ready To Hop

Plane Equipped For 5,000 Miles

Paris.—(AP)—Flying in good weather and bad, day after day, is an old story to Leon Givon and Pierre Corbu, two of the Frenchmen who are preparing to hop across the Atlantic from Paris to New York.

Each of them had many hours in the air during the war and each has added hundreds more in piloting regular commercial airplanes between European capitals.

The plane they are preparing for the ocean voyage is a two motor Farman with a cruising radius of 5,000 miles more than enough for the extra long route they have charted across the Atlantic. By dipping down towards the Azores and then turning toward Halifax they hope to find favorable weather and avoid possibly bad weather off Newfoundland. The route is a few hundred miles longer than the Great Circle followed by Lindbergh, Chamberlin and Byrd.

Givon is one of the crack pilots employed by the Farman air lines. Almost every day for more than a year he has linked Paris and Rotterdam, or Paris and Berlin, through the air. Although he has more than 3,400 hours of flying to his credit, last February he celebrated his 32nd birthday.

Givon's flying companion, Pierre Corbu is a former military aviator, employed since 1926 by the Farman company as a commercial flyer on the Paris Berlin and Paris Amsterdam routes. His commercial flying totals 1,265 hours although he is only 25 years old. Corbu's military pilots license was granted when he was 19. He was cited for his daring flights with the Orient Army in Morocco.

The plane will be equipped with French instruments exclusively. Instead of the earth induction compass, they will use an ordinary French aerial compass. The plane has been christened The Blue Bird. Each of its two Farman motors, set tandem-fashion, develops 600 horsepower. Each propeller has four blades, one motor acting as a propulsive engine, the other as a tractor one. They will carry enough fuel for six hours.

German Countess Sure Husband Can Fly Over Atlantic

Laubach Germany.—(AP)—Accustomed since marriage to living quietly as the wife of a country squire, the Countess Johanna Marie, wife of Count George Friedrich Solms-Laubach, has found herself in a fortnight the cynosure of German eyes because of her tiled husband has announced his intent to fly across the Atlantic ocean with Otto Koennicke, German war ace.

The countess, a princess by birth and mother of three children at 22, has implicit faith in the success of her husband's project flight to America based on her own observation of preparations for the voyage at Berlin aerodrome.

She will go to Cologne to see the hop off, and then she will take a plane to Berlin to await reports on the progress of the count's journey at the Berlin bureau of The Associated Press.

The countess is amused and amazed at the interest her country folks have shown in her since her husband's flight was projected. Since her marriage she has lived happily and quietly at the Solms-Laubach estate with her husband and children.

"I seldom get even as far away as Berlin," she remarked. "Managing the estate and taking care of two-year-old Irene and our year-old twins, Carl and Otto, has kept me busy enough not to want the distraction of a big city. Except for an occasional trip to Munich or Frankfurt I seldom travel."

Modest and unassuming, with bobbed hair, blue eyes and a slender figure, the countess spends her leisure hours in playing tennis swimming and riding with her husband.

NOTICE OF LAND SALE
Under and by virtue of the power of sale contained in that certain deed of trust, executed by G. A. Clark and wife, Georgia Clark, to C. E. Everett, Trustee, for the Hood System Industrial Bank of Greenville, and recorded in Book H-5, page 332 of the Pitt County Registry, default having been made in the payment of the note secured thereby, the undersigned trustee will offer for sale to the highest bidder for cash, before the courthouse door in Greenville, North Carolina, Wednesday, September 7th, 1927, at 12 o'clock noon, all the following lot or parcel of real estate:

It being Lot No. 8, in Block 6, situated in the town of Greenville, N. C., formerly owned by the United Development Corporation and known as Greenville Heights. Z. V. Bunting has taken over all of the co-partnership affairs, and the same will hereafter be conducted by him in his own right under the firm name and style of Z. V. Bunting. All persons indebted to J. R. Bunting's Sons will please make settlement with Z. V. Bunting, who has full authority to accept settlement thereof.

This 9th day of July, 1927.
Z. V. BUNTING
14th-11w-4w.

ADMINISTRATOR'S NOTICE
Having qualified as Administrator with the will annexed, of the estate of T. W. C. Moore, deceased, late of Pitt County, N. C., this is to notify all persons having claims against the estate of the said deceased to exhibit them to the undersigned on or before the 15th day of July, 1928, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 14th day of July, 1927.
Sylvaine Moore, Admrx. with the Will Annexed, of T. W. C. Moore, Bethel, N. C.
Julius Brown, Atty.
15-11w-6w.

RE: PITT COUNTY DRAINAGE DISTRICT NO. 2. ELECTION
North Carolina—Pitt County. In the Superior Court Before the Clerk.

It appearing to the satisfaction of this court, that the three year term of office of R. D. Whitehurst, commissioner of this district, expired September 30th, 1926, and that he has continued in office as no successor has been elected. That the term of office of T. R. Hodges, as such commissioner will expire September 30th, 1927. That Monday, August 15th, 1927, is the most convenient time to hold an election of said district for the purpose of electing officers to succeed the said two commissioners whose terms expire as aforesaid.

Now, therefore, it is ordered that an election be held by the owners of land within the boundaries of Pitt County Drainage District No. 2, under authority of Chapter 94, C. S. for the purpose of electing two Drainage Commissioners; one for a term of two years, from October 1st, 1927, to succeed Commissioner R. D. Whitehurst, and one for a term of three years from October 1st, 1927, to succeed Commissioner T. R. Hodges.

THAT SUCH ELECTION WILL BE HELD AT 11 O'CLOCK ON

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population

Denver. — (INS)—The woman who harbors secret longings to become a golf champion should start her training by getting married.

This is the conclusion reached by observers of the Women's State Tournament held here recently.

In the qualifying round of the event 41 women took off, and of this number only there were unmarried. From the start it was evident that the champion would emerge from among the 38 grandmothers, mothers and brides and not from among the three misses.

Not only does the present advantage in golf appear to lie with the married women, but a glance over the record of past titleholders shows that this is not a new development. Out of five champions listed, only one was unmarried.

Is the efficiency of the modern matron on the golf course only an added indication of her efficiency in the house? observers asked.

Housekeeping which formerly consumed all of the married woman's time appears to be as well or better done than in the past, they declared. And added that the modern child is happy and healthy as ever his parents were, and he is very often much better behaved.

There is no indication as to which particular phase of the married woman's life especially adds to her ability as a golfer. It was impossible to interview any of the husbands on the question or perhaps the women would have been solved.

With all the modern conveniences for doing housework, as an inducement to the girls of today to join the ranks of the married, the added vision of golfing glories should be enough to convince the more sporting members of the sex of the advisability of muzzling the fateful "I do."

In five years George L. (Len) Reamey, drug addict and member of Denver's famous million-dollar bunco ring, who turned State's evidence and sent 20 of the gang to the State penitentiary, has established for himself a record as a prosperous, respected business man.

After the trial in which Reamey played so important a part, he was spirited out of the city. He changed his name and appearance and he and his wife took up their residence in a Southern city where they have found success and peace.

"Reamey is now the owner of a small hotel business. He is a member of a luncheon club in the city where he lives, and he has become the teacher of a Sunday School class," declared Roy O. Samson, Denver investigator, who aided in the round-up of the bunco gang five years ago.

Samson refused to betray the city where Reamey is living or the name which he has assumed. To give this information would be to sign the man's death warrant, the detective believes.

"His comrades call him 'the squealer,'" explained Samson. The men whom he betrayed are all out of the penitentiary now, save for the few who died before the end of their sentence. Their hatred of him is deadly.

"FATHER OF WIRELESS" PAID \$75 A MONTH

Paris. — (AP)—Edouard Branly is cited by newspapers as typifying the struggle of French scientists to work under miserable conditions. Branly is inventor of the condenser. France calls him the "father of the wireless."

Branly has his only assistant in a ramshackle "laboratory" an aged woman who ekes out a living by doing extra hours of housework in other homes. This maid of all work, is now the scientist's "Laboratory Chief." She was intelligent and the professor trained her in his work.

For 50 years Branly has worked under these conditions, drawing a salary of about \$75 a month as professor and supporting his family by occasional practice as a physician. These facts are told by French papers as illustrating the need to pay well men who give their lives to science.

UNIVERSITY HOST TO REPRESENTATIVES FROM FOUR STATES

Chapel Hill, N. C. Aug. 15. — (AP)—The University of North Carolina through its extension division is today host to social and recreational workers from four states, assembled here for a summer institute which opened this morning.

Registration continues through today and enrollments, including that of the coaching school which opens next Monday, is expected to pass 130 North Carolina, Virginia and Tennessee are represented. The institute offers courses in recreation and physical education, social problems and coaching.

BRITISH WOMAN NET STARS BID FOR LEAD IN WIGHTMAN CUP PLAY

KITTY MCKANE
GODFREY
HELEN WILLS

New York. — (AP)—Leadership in competition for the Wightman Cup international woman team tennis trophy, will be at stake when America defends the prize against a British challenge on the courts of the West Side Club at Forest Hills Long Island, August 12 and 13.

Each nation has won the cup twice since it was put up for play by Mrs. Hazel Hotchkiss Wightman of Boston, former American woman's champion of 1923.

America regained the trophy last summer at Wimbledon by the close margin of 4 matches to 3 without the service of Miss Helen Wills, who was convalescing from an operation for appendicitis. The return of Miss Wills, whose Wimbledon triumph has revealed her in better form than ever, considerably strengthens the chance of an American victory. On the other hand the defending teams will not include the No. 2 ranking player, Miss Elizabeth Rayn, who is remaining abroad this year after placing a leading part in the American team victory of 1925.

The native forces, however, muster a strong lineup with such stars as Miss Wills, Eleanor Goss, Mrs. Molla Mallory and Helen Jacobs, as well as the cup donor, Mrs. Wightman to depend on.

In quest of the trophy Great Britain has sent over a team composed largely of young players, but headed by the experienced internationalist, Kitty McKane Godfrey, twice Wimbledon champion.

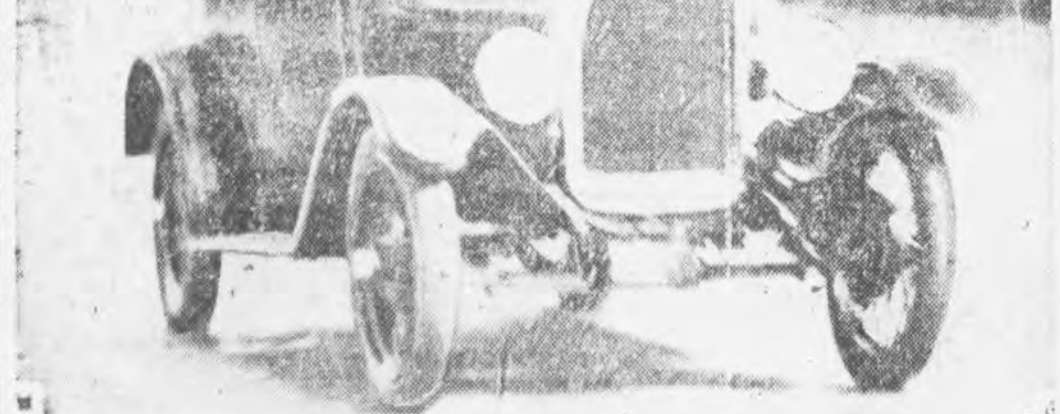

Miss E. H. Harvey, another member of the team figured in the 1925 matches in this country as did Joan Fry by Miss Betty Nuthall, the sensational 16-year-old girl star, and Miss Gwendolin Sterry are newcomers to the cup competition.

WANT ADS PAY

SMOKED 40,000 CIGARETTES

New York. — When New York transit companies imported strikebreakers in preparation for a subway strike, they agreed to furnish not only bed and board but also cigarettes. The last was a costly item. The strike failed to materialize, and the strikebreakers stayed but three days—but in that time they smoked 40,000 company fags.

IS THIS THE NEW FORD?

This car sped through Detroit streets at 45 miles an hour. It is like no known car, and observers took it to be the new Ford model. The front springs differ from the old Ford; the car has wire wheels and four-wheel brakes.

JONES SPEAKS AT SERVICES SUNDAY NIGHT

Pastor Memorial Baptist Church Spoke Second Time About Crucifixion.

"Jesus, measured by all standards, is the most colossal figure in history," said Rev. H. Frederick Jones, pastor of the Memorial Baptist church, in delivering the second sermon connected with the crucifixion, at the union service on the court house lawn last night.

Mr. Jones spoke on the subject of "Him Who Died on the Crucifixion." His text was taken from the twenty-second verse of the twenty-seventh chapter of St. Matthew. He quoted the first few lines of the verse in which Pilate said: "What shall I do then with Jesus which is called Christ?" The crowd seeking the death of Jesus, responded to the question by the declaration, "Crucify him." The subject was presented in a plain and convincing way, and brought to a conclusion two of the most powerful discourses pertaining to the crucifixion heard here in some time.

The services last night were largely attended. The crowd was as large, if not larger, than the preceding Sunday when numbers who couldn't find seats, either stood or seated themselves upon the grass. Song services were led by Rev. L. R. O'Brien, pastor of the Immanuel Baptist church. The congregation sang joyously, spontaneously, under the skillful direction of Mr. O'Brien and everyone was in a fitting mood for the timely sermon following immediately afterwards. The scripture lesson was read by Rev. L. B. Jones, pastor of Jarvis Memorial Methodist church, who also had charge of the services.

Announcement was made that Mrs. John Cowell, well known evangelist, would speak on the court house lawn Thursday evening at 8 o'clock. Mr. Cowell is well known in Greenville, and local church workers are of the opinion that numbers of people from all parts of the county will be present to hear him.

Mr. Jones declared that the gospel of Jesus had been a source of help and inspiration to peoples of all nations. There have been those in every era who would crucify him even as the persecutors of old, but the great truths of the Nazarene are as vital in the lives of men and women of today as they were to that little band of loyal followers who stood by the Saviour during his last days of ministry on earth.

Christ is at the disposal of humanity today. But it is the duty of each individual to make a personal disposition of him. "What shall I do with Him?" challenges humanity today even as it challenged Pilate of old. Persecutors still shout, "Crucify him," but the vociferous stridency of their voices has little effect upon the millions struggling for supremacy of the teachings of the Bible—the only foundation of civilization.

We have a choice of disposing of Christ in our lives but the prerogative of receiving him is beyond the power of all earthly influence. The life of Christ is felt wherever civilization exists today, and it will continue to be felt as long as humanity continues to progress and develop as it should.

Incas Losing Out in Fight With Bolivians

La Paz, Bolivia, Aug. 15. — (AP)—Dreams of a new Inca Empire, reported to be the goal of the Indians uprising in various parts of Bolivia appears to be fading today as troops equipped with the white man's devices were bearing down upon the rebellious hordes.

A whole division of soldiers has been brought into action and the government claims to have succeeded in pacifying certain sections. When the remainder of the troops detailed to the campaign reach their destination, the government contends the situation should be brought under control quickly.

In the failure of the Indians in the department of La Paz to join the movement, the Incas have lost their principal hopes for success, and if there is truth in the government's claim that the danger of a rising in La Paz is over, then it probably is merely a question of time until the disillusioned natives in the more remote regions will be obliged to resume their menial labors.

Clubs and sling shots are proving inadequate arms for the restoration of Inca power pitted against the rifles, bayonets, and machine guns and the Indians now are making a pitiful defense.

A HOME BY ANY OTHER NAME

Duluth, Minn.—Houses are named as well as numbered in Park Point, Duluth, resident district. One can walk up and down the streets and read under the number plates such names as Hank's Haven, Sweet Asylum, Step In, Pirate Rest and other names of the owner's originality.

THE WEALTH OF THIS COUNTRY

The wealth of this country, if it could be divided, would make every man, woman and child worth more than \$1,000,000. Wealth won't be divided, fortunately—such division would kill ambition and deaden interest in life. Men must travel a long way mentally before they earn freedom from necessity's lash.

THE LEARNED JUSTICE SULLIVAN

believes that too much science is taught in schools and universities. Some of it should be omitted and "American citizenship" taught instead.

Unfortunately "American citizenship" is a little indefinite; there are too many definitions of it, and science is VERY definite. It has always had to struggle against the theory that it was superfluous, or not necessary.

But science conquers. Those that once put scientists in jail for teaching "a round earth, going around the sun," now teach that theory also.

MUSSOLINI HAS HAD TO USE ROUGH METHODS

some times. But one opinion is that without Mussolini there would be no organized Italian government today. It was a choice between Bolshevism and Fascism.

YOU WILL NOTICE THAT THE ITALIAN LIRA

is worth 25 per cent more than the French franc. That one fact outweighs much theory.
