Worshippers in all Honolulu churches yesterday offered prayers for the rescue of the six men and one woman comprising the crews of the lost airships.

A faint flicker of hope regard ing the plane carrying Miss Mildred Doran, went up from Long Beach Cal., last night, when a carrier pigeon landed there. At one time Miss Doran spoke of taking carrier pigeons on the flight and releasing them 150 and 300 miles out in the Pacific. Check of the markings on the bird, however, revealed it was a participant in a carrier pigeon race being conducter; on the Pacific coast and it had no connection with the San Francisco to Honolulu fliers.
