BAPTISTS TO RAISE FUNDS FOR SCHOOLS

Launch Drive for \$1,500,000 at Conference Held in Capital City Yesterday.

Raleigh, N. C., Sept. 16.—(AP)—A improvement of Baptist educational institutions in North Carolina today was the goal of leaders in the denomination, following the launching of the campaign for funds when 665 workers pledged their support at a conference meeting held here.

Active work in raising the money, which will be pledged by Baptists and paid in ten equal quarterly installments, is expected to be launched around the middle of October, following the week of October 2-9, which has been set aside as a period of preparation for the huge drive. It is the plan to clear payment of all the pledges before the 100th session of the Baptist convention in 1930.

One million dollars of the fund is to be used for payment of the present indebtedness on Meredith College, Raleigh; \$250,000 will be spent for new buildings at Wake Forest College, the other major Baptist institution. The remaining \$250,000 is to be allocated as follows: Mars Hill College, \$85,000; Campbell College, \$60,000; Wingate and Bolling Springs \$40,000 each and Chowan College \$25,000.

Movement for the building fund was inaugurated by the Women's Missionary Union of the Church, which is a part of the convention. Women, said Mrs. W. N. Jones, Raleigh, president of the W. M. U., are particularly interested in the campaign, feeling a peculiar interest because most of the indebtedness was incurred for Meredith College, a women's school, and because they feel the debt should be paid by the generation which made it.

Dr. Charles E. Maddy, Raleigh, general secretary of the Baptist convention, will direct the campaign. Six campaign districts will have as their headquarters Raleigh, Tarboro, Lumberton, Charlotte, Winston-Salem and Asheville. Dr. Maddy said.

Mystery Plane Reported Over Azores Today

Horta, Azores, Sept. 16.—(AP)—An unidentified airplane was reported to have passed over the western side of Fayal this morning at 3:30 local time. The plane was flying at a low altitude and apparently in good condition. The weather was very fine and the sea calm with a light breeze.

London, Sept. 15.—(AP)—Considerable mystery is attached here to the identity of the plane reported sighted since there has been no news here of any trans-Atlantic or other over-water flying, except the MacIntosh flight which started from Ireland after the plane had been reported over the Azores. The fact that the machine was flying from West to East would seem to indicate that it was most improbable that its starting point was on this side of the Atlantic.

New Type Airplane Fails to Get Off The Ground in Test

Cocoa, Fla., Sept. 16.—(AP)—George R. White's engineless, wing-flapping machine failed to get off the ground in a series of tests this morning.

An Associated Press correspondent who witnessed the test at the invitation of the inventor, was told that further attempts today would be abandoned because of light breezes which caused side sways as ornithopter trailed in tow of an automobile.

White, who claims to have taken the machine into the air for eight tenths of a mile on a test September 3 was not discouraged by today's failure. He will continue his experimentation, declaring that successful flight now depends entirely upon his ability to navigate the contraption and supply the physical motive power.

The tests were conducted on a lonely section of the beach near here where the ornithopter is being developed away from the curious eyes of the public.

TODAY

Vodka and Whiskey. Four Magic Words. 62 and a Star.

(By Arthur Brisbane)

Copyright 1927, by Star Co.)

Senator Tidings, of Maryland, back from Russia, says "Vodka is a drink excels both Scotch and rye." It might do that easily and still be bad.

The best fact about Vodka is that it is sixty per cent water. Only forty per cent is alcohol. Count Witte, who established a government monopoly of vodka, said it brought in just enough money to pay the Czar's army.

The Czar abolished vodka for a while, gave the Russian people a chance to think, and they abolished him.

Mr. Sleep, intelligent student, thinks President Coolidge will run again because, says he, "the President might have said, 'I won't run' instead of saying, 'I do not choose to run'."

Mr. Sleep misunderstands the four magic words. "I do not choose. Had the President said, 'I won't run,' his enemies might foolishly say, 'You are afraid to run, the third term bogie worries you, or you think you might not get the nomination.'"

President Coolidge expressed his mind exactly when he said, "I do not choose to run." In those words he said to anybody that can read: "I could be nominated, I could be ELECTED, everybody not a fool knows it, and everybody not a fool knows that there is no question of a third term, since I have been ELECTED President only ONCE. The excellent third-term rule is based on the theory that a man should not use the Presidency to get for himself REPEATED ELECTIONS."

"I could be nominated, and elected, by a plurality bigger than the seven millions of last time, but I DO NOT CHOOSE TO RUN."

Money plus interest makes money. Indians sold New York for \$40 to Dutchmen. Had they placed that sum at six per cent compounded on the day they sold the land, their heirs would have more money than the city of New York is worth.

Chauncey Depew, past 96 years, tells how he put \$100 in the savings bank, 60 years ago, and now has \$1,100 in the bank.

But interest, while sure, is slow. A good idea makes money quickly. John E. Andrus, called the "Strap" (Continued on Page Six)

PITT SCHOOLS TO OPEN FALL SESSION SOON

Forty odd schools coming under supervision of the Pitt County Department of Education will open for the fall term during the months of September and October, according to information given out this morning.

Eighteen schools will open Monday, September 19th; five October 3; and sixteen on October 17th.

Bethel, the only school of the county system having nine-months term, opened Monday, September 12th. The remainder of the schools operate for a period of eight months.

The new consolidated school building at Stokes will be among the eighteen institutions opening next Monday morning. This building is one of the finest structures in the county, and takes the place of six one- and two-room buildings comprising that district.

The building has eighteen rooms and is equipped with all modern conveniences. It will have eleven teachers this session. The principal is J. E. Brinson.

The schools opening Monday are: Oak Ridge, Renston, Arthur, Belvoir, Stokes, Grimesland, Simpson, Falkland, Fountain, Joyner's, Fleming, Mason, Pactolus, Clark's Neck, Clay Root, Winterville and Williams. Those opening October 3rd are: Galloway's, Hollywood, Cox's, Mills, and the Hardee school in Swift Creek township.

The following will open October 17th: Ballard's, Shermidine, Nobles, Cox's Mill, Black Jack, Elks, Dixon's, Frog Level, Hardee's, Greenville township, Red Banks, Staton Mills, Cannon Swamp, Gum Swamp, Stakestown, Helen Cross Roads and Tucker's.

110 PERSONS MEET VIOLENT DEATH IN N. C.

Report Fatalities for Past Month Shows That Automobile Accidents Lead

Raleigh, Sept. 16.—(AP)—One hundred and ten persons met violent deaths in North Carolina during August, says the report of the health department, issued today. Automobile accidents continued in the lead as the major cause, 32 losing their lives in this manner. Homicides were second with 20.

A tribute to the railroad crossing underpass is contained, say health department officials in the report that but one life was lost in train-automobile crashes. In August 1926, nine were killed and during the period from January through August, 1926, 34 fatalities were laid to this cause as against 11 from January through August, 1927.

Other violent deaths: Accidental drowning 14, gunshot unknown 13; suicides 11; gunshot accidental 7; railroad accidents 5; burns 4; lightning 3.

STILL SEARCH FOR PREACHER

Authorities at Columbus, Ga., Intensify Search for Rev Willis T. Jordan.

Columbus, Ga., Sept. 16.—(AP)—Search for the Rev. Willis T. Jordan, pastor of the local Methodist Episcopal Church, North, mysteriously missing since Wednesday night was intensified by authorities and members of his congregation today while the Rev. A. V. Noble, dismissed pastor of the church, was held by police on a charge of kidnapping.

The Rev. Mr. Jordan was last seen by his wife Wednesday night, when, as they entered their home after the minister had conducted prayer meeting, the pastor was accosted by two strange men who said they wished to "discuss church matters" with him. Mrs. Jordan said she entered the house and the minister walked away with the two men.

When Mr. Jordan did not return, his wife appealed to police to assist her in finding him.

The Rev. Mr. Noble who was dismissed by the congregation on September 4, was said by the Rev. C. B. Netherland, a retired minister and member of the congregation, to have declared that no man would live to fill the pulpit in his church. The Rev. Mr. Netherland also said Mr. Jordan had received several threatening letters since he assumed charge two weeks ago.

Noble refused to vacate the parsonage on the arrival of his successor to assume charge and the matter was taken into court where a dispositive warrant was issued and was to have been served on the Rev. Mr. Noble yesterday.

When arrested Noble, according to police, denied any knowledge of the missing minister's whereabouts or that he had any connection with the disappearance. Police refused to permit newspapermen to interview the imprisoned minister. Police did not disclose their reasons for arresting the Rev. M. Noble.

The Rev. Mr. Jordan and his wife came here from Wisconsin.

Special Term Of Court Will Hear Tax Case

Raleigh, Sept. 16.—(AP)—A special term of United States District Court will be called probably in December or January to try the Cannon tax refund case. District Attorney Irvin B. Tucker said today.

The Cannon estate brought suit against G. William Grissom, U. S. Internal Revenue collector for North Carolina, alleging that the estate had overpaid its governmental taxes to the sum of around \$750,000. The tax was levied during the Wilson administration but as Collector Grissom collected it he was made defendant in the case.

A similar case, involving the same and Charles Evans Hughes, New York estate, came up in New York State court, and former U. S. Governor, won his case for the Cannon heirs. Mr. Hughes will appear here.

BACK TO DUTY

Jan Ciechanowski, Polish Minister to Washington, has returned from a visit to his native land.

MURDERS TWO U. S. CITIZENS

Other Attacks on Nationals Reported From Mexico, San Domingo and China.

Washington, Sept. 16.—(AP)—From three countries, Mexico, San Domingo and China, word has reached the State Department telling of the murder of two Americans and of other attacks on the country's nationals.

The fatal shooting of David L. Fisher, of Philadelphia, a chief clerk in the Southern Pacific of Mexico railroad offices, by a Mexican employe, was reported by the American Consul at Guadalajara, who also sent advice about a radical disturbance at the Mazata mines in that region from which the foreigners were forced to flee and a renewal of radical activities at the Amparo mines after the protection of Mexican federal troops had been withdrawn. The same Consulate also reported that Javier Diaz had been arrested for the recent murder of Arthur Brewer, an American, and a former Harvard football player.

In Santo Domingo, according to Consular advices, Rene R. Dumarest, said to be a naturalized American from New York City, was slain by Ruben Saso, a Dominican, in a dispute over the collection of an overdue \$25 account. Saso was arrested, the Consulate reported.

Marion Duncan, an American missionary, and his family were robbed of all their possessions by Chinese brigands who attacked them in the vicinity of Tsalei Pass, the Yunanfu Consulate advised the Department. The attack occurred on July 6 and a British family, named McLeod, was robbed at the same time.

In the Nicaraguan campaign against banditry, the Department received a report from the Managua legation, telling of the killing of three bandits and the probable mortal wounding of two others by American marines. The marines after an all night forced march, made a surprise attack on the bandits near Sanoto.

PASSENGER PLANE ON RETURN TRIP

Nashville, Tenn., Sept. 16.—(AP)—The Ford-Stout passenger plane trail blazer for an express passenger service between Detroit and Jacksonville headed north on its return trip took off from here at 8:40 o'clock this morning. A stop for lunch will be made at Cincinnati and Detroit will be reached late this afternoon, according to the plane's schedule.

Held For Murder

Roanoke, Va., Sept. 16.—(AP)—William Thomas, 17, who is alleged to have confessed to the police that he shot and killed his father and stepmother here Tuesday morning, was indicted on a charge of murder by a special Grand Jury here today.

Local Tobacco Market Makes Average \$18.34

According to the official daily report of K. W. Cobb, secretary of the Greenville Tobacco Board of Trade, the local market yesterday sold a total of 978,680 pounds of tobacco at an average of \$18.34 per hundred lbs. The total amount paid out for the market was \$179,378.11.

Buyers this morning were again faced by heavy sales, and farmers were being urged to hold back their crop as much as possible and avoid rushing to the market. This, it was stated, would have a decided effect upon the price situation.

SEES SINISTER INFLUENCES IN CROP REPORTS

Senator Rankin Scores Dept. of Agriculture for Report of Crop Conditions.

Tupelo, Miss., Sept. 16.—(AP)—Charging that the department of agriculture has betrayed the cotton farmer, Representative John E. Rankin, of the first Mississippi congressional district, has announced that when Congress convenes he will start an investigation to see if we cannot locate the sinister influence behind the department of agriculture in its present unfriendly attitude toward the cotton growers.

Mr. Rankin, in a telegram addressed to Secretary Jardine, made public here, protested vigorously against the reported prediction as to cotton prices which sent the markets tumbling yesterday.

"Your department has again betrayed the cotton farmers of the South and West by giving out a statement predicting a decline in the price of cotton if present crop prospects are realized," Mr. Rankin said in his telegram. "The sole purpose of this statement was to depress the price of cotton for the benefit of New England spinners, and it was not based on any knowledge of the conditions of the cotton crop at this time."

The Mississippi congressman declared that messages he had received from members of Congress over the cotton belt were "almost unanimous in predicting a crop ranging from 50 to 75 per cent of the amount made last year."

"Your unprecedented action in giving out your berish statement has had its effect," Mr. Rankin said in his message to the secretary. "It broke the market and caused a loss of millions of dollars to the farmers your department is supposed to serve."

Continuing, Mr. Rankin said in his telegram that he proposed to start an investigation when Congress convened to "locate the sinister influence behind the department of agriculture," and to "put a stop to its present practice of joining the enemies of the cotton farmers and using its influence as a government agency to depress the price of cotton to their detriment."

Baby Princess Named

Tokyo, Sept. 16.—(AP)—The baby Princess born to Empress Nagako last Saturday, has been named Hisamomiyu Sachiko, meaning "eternal happiness."

The ceremonies including the ancient custom of gathing the child, also the twanging of a bowstick to ward off evil spirits.

Alderman and School Board Discuss The School Situation

At a joint meeting of the Board of Trustees of the Greenville City Schools and Board of Aldermen of the town of Greenville, which was held last night in the office of the superintendent of schools, the school situation of Greenville was discussed in detail.

The superintendent of schools made a general report to the two boards as to conditions in the schools at the present time. He stated that there had been an increase of 210 in the enrollment of the schools so far as compared with last year. That the West Greenville School is now filled to its capacity, two additional rooms have been put out there this year; that the intermediate school is using seven rooms at the college, but that there is a possibility that some of these rooms will have to be given up as soon as the college opens; that the high school has an enrollment of 445 and is so crowded that the seniors have to be dismissed in the building when they have study periods; that the negro school is so full that the auditorium is being used for class rooms.

It was brought to the attention of the board that a rating of all the school systems of N. Carolina had just been made and published by the State Department of Education and that the rating which the Greenville schools received is a source of gratification to Greenville citizens. To rate these schools the cities of the State are divided into three grades, large cities such as Greensboro, Charlotte, and Wilmington, medium size cities such as Salisbury, Gastonia and Goldsboro, and smaller cities such as Greenville, Fayetteville, and Reidsville.

FLYING OVER

Captain H. R. MacIntosh (above) and James O. Fitzmaurice hopped off from Dublin, Ireland, today for a flight to America. The fliers hope to reach New York before noon tomorrow.

AYDEN SUES LANCASTER

Pitt Town Brings Contemnation Proceedings in Effort to Acquire Cemetery Land

Contemnation proceedings started by the town of Ayden against E. A. Lancaster in civil term of Pitt County Superior Court yesterday afternoon, continued to occupy attention of the court this morning.

It was indicated at the noon hour today that the case would hardly reach the jury before the middle of the afternoon.

The issue involves 175 acres of land belonging to Mr. Lancaster and desired by the town of Ayden for extending the cemetery.

Facts brought out in the hearing yesterday showed that Ayden commissioners had offered Mr. Lancaster the sum of \$900 for the price of the property. He refused, contending that the price was too low. Having no other recourse, the town carried the matter to court, and the jury some time today will decide whether or not the price offered by the town is sufficient to justify the transaction.

TWO DARING FLIERS HOP OFF FROM DUBLIN, IRELAND, FOR FLIGHT TO AMERICAN SHORES

FOURTEEN FIREMEN INJURED IN 325,000 FIRE AT SACRAMENTO

Sacramento, Calif., Sept. 16.—Fire sweeping through the Zelbach Paper Company and Ward Seed Company buildings here was believed under control early today, with loss placed at more than \$325,000. Fourteen firemen were injured by a falling wall, two seriously. One may die as the result of a fractured skull.

HEAT WAVE HITS EAST

One Death and Many Prostrations Reported From Heat in New York City

New York, Sept. 16.—(AP)—A heat wave that brought at least one death and many prostrations to the east causing more than a score of deaths in the middle west, was given a short life in the predictions of weather bureau officials today.

As the mercury jumped to 90 degrees, New Yorkers reversed their complaint against a September of too much rain and too little sunshine.

The heat wave broke previous records for September 15 in New York, Philadelphia and other eastern cities, sending the mercury to 102 degrees at Washington. Five fatal prostrations occurred in Baltimore and one in Harrisburg, Pa.

The unseasonal warmth swept in after giving Chicago its hottest September in years.

The maximum temperature for Manhattan was 90 1/2 degrees, as contrasted with an average temperature for the past 46 years. New England escaped the heat wave, but Philadelphia reported a high of 95 degrees with other cities of the Middle Atlantic states, suffering in corresponding fashion, slight relief came from a destructive wind storm that uprooted trees and unroofed houses in eastern Pennsylvania.

Atlanta, Ga., Sept. 15.—(AP)—Parched by an unprecedented September heat wave and drought, the South found little hope for either being broken today, as the weather man predicted "fair and continued warm" for all states east of the Mississippi river.

West of the Mississippi, however, relief was in sight for the weather man predicted "cloudy weather" in Texas, Arkansas and Oklahoma, with showers probable in some sections.

A blazing sun sent the mercury soaring to record heights for the season practically throughout the South yesterday, with Columbus, Ga., holding the high for the day at 104, while Birmingham was officially credited with a temperature of 102 degrees, these two being the hottest places in the nation yesterday.

Temperatures of 95 and better were the rule rather than the exception for all territory south of the Ohio river yesterday. Florida points reported a maximum of 92, as did New Orleans.

Deficiency of rainfall for the year is prevalent in the South, except in Kentucky, Louisiana, Arkansas, Tennessee and Mississippi. Rainfall shortage on the year ranges from 5 to 15 inches at various points throughout the South, while New Orleans reports an excess of 20 inches to date.

Hot, dry weather is a boon to farmers throughout the cotton belt, however, tending to make cotton open more rapidly.

SAYS DEPARTMENT HAS ISSUED LAST REPORT ON PRICES

Washington, Sept. 16.—(AP)—In all probability the Department of Agriculture's Bureau of Economics has issued its last report on the trend of farm prices, it was said today at the office of Secretary Jardine, as a result of the wild market fluctuations caused by a report made public yesterday on cotton.

Officials held that although the long range indications were helpful to farmers, they might be put to harmful use and that until the public had been better educated to the purpose of the statements the part of wisdom dictated that they be discontinued.

MacIntosh and Fitzmaurice Confident Of Crossing "Graveyard of Atlantic."

Dublin, Sept. 16.—(AP)—Capt. Robert H. MacIntosh and Commandant James C. Fitzmaurice, war products of aviation, this afternoon set out in a daring effort to make a peace record in the air. They hopped off this afternoon for New York on a trail that has never been followed to its western end.

The two pilots, who fought in the air during the World War and have flown steadily since, were confident that they would be able to meet the challenge of the Atlantic which claimed Nungesser and Gollé, the French occupants of the "White Bird," and the "St. Raphael," carrying Princess Lowenstein-Wetheln, Captain Hamilton and Colonel Minchin.

"I have every confidence in the success of our attempt," said Captain MacIntosh as they finished their final preparations to hop-off. "We have made every possible test of our machine and the weather report is better than we have had in a long time and as good as we can expect. There's a north wind off the Irish coast and a slight head wind beyond."

The fliers were in danger of being mobbed by admirers who crowded about them and their plane to deluge them with congratulations on their pluck and perseverance and best wishes for success on their daring venture.

Finally, Fitzmaurice, breaking away from the friendly crowd, turned to MacIntosh, saying:

"Come on Mac, let's get on this machine and get a bit of peace."

Fitzmaurice embraced his wife and little daughter and they stood by to wave their handkerchiefs as he entered the plane.

The crowd cheered lustily with loud cries of "good luck" as the Princess Xenia, named for the Russian wife of an American millionaire, gracefully took the air, after running 500 yards across the field. Airmen said the take-off could not have been improved upon, the plane, despite its 720 gallons of petrol, rising without difficulty.

Fifteen gleams of sunshine fell on the blue fuselage and brown wings of the Fokker monoplane as it sped away, the crowd remaining to cheer in an enthusiasm that could no longer be communicated to the airmen.

MacIntosh and Fitzmaurice said they expected to reach America in 26 to 30 hours. They carried no radio equipment to record the progress but took a rubber boat with two paddles on board and believe that they can leave their craft in this boat if they are forced down.

The plane is the same type used in the passenger service between London and Amsterdam. It is equipped with a Bristol-Jupiter engine of 500 horsepower. Distinguishing marks on the plane are its name "Princess Xenia," and the letters "Gebts," the license marking. It has a wing spread of 60 feet and measures 30 feet from the propeller to the tail.

Dublin, Irish State, Sept. 16.—(AP)—One of the planes which escorted Captain MacIntosh returned to the airfield about half an hour after the flight started. The pilot said the Princess Xenia was making excellent time when he last saw her she was traveling about 110 miles an hour. He said that as he was a few minutes behind the trans-Atlantic plane in taking off he was unable to catch up with her. When he saw the plane, he said it was flying steadily and the other escorting Free State plane was accompanying MacIntosh to the coast.

Belfast, Ireland, Sept. 16.—(AP)—The Princess Xenia, Captain MacIntosh's trans-Atlantic plane, crossed over Maryborough, Queen's County at 2 p. m. headed due west.

Belfast, Sept. 16.—(AP)—The plane Princess Xenia passed over Galloway Bay at 3:30 p. m. going steadily.

Galloway Bay is approximately 110 miles west of Dublin.

Halifax, Sept. 16.—(AP)—The weather today was fair for Captain MacIntosh's flight with a northwest wind blowing at a rate of 20 knots an hour. Reports from St. John's, N. B., gave conditions as clear with a 14 mile an hour wind.

# PIRATE LEAD HAS REACHED 41-2 GAMES

(By The Associated Press)  
Pittsburgh's hold on the National League pennant had increased to four and one half games today. The Buccaneers increased their winning streak to eight games when they rolled over the Braves again while the Giants and Cards shared equally in the third bargain bill at St. Louis.

The Pirates path to the heights is beset with difficulties however, they must meet the Giants in a four game series at Pittsburgh and then the Cubs in a like number of contests at Chicago.

The Braves went under by 2 to 1 victory, their fifth in a row in the series, as well as their 12th consecutive setback. Carmen Hill shared Bob Smith on the mound easing Boston down with five safeties. Traynor's double and singles by Harris and Earl Smith settled the verdict for the Cosairs in the seventh.

As the Giants split with the Cards again both Clubs went into a tie for second place for the sixth successive day.

The word champions called upon five pitchers in the first game as well as six pinch hitters but lost, 11 to 3. Haines was blasted for six runs in three innings and his successors could not stop the assault. Terry of New York, got two homers, one with two on base, while Taylor made a pair of triples one with the bases full.

Paulkner, late of the Toronto Leafs, received credit for the victory in his first start for New York although Benton went to his rescue in the sixth and finished the game without granting either hit nor run. Darkness halted the second game in the eighth. Frankhouse, for St. Louis, beating the Giants 8 to 5. The Cubs were forced to idleness by rain.

Other national clubs were without schedule.

While the Yanks pennant is already flying the American league race is now for the spoils which go to the front division clubs the Athletics kept in stride for second money by making it three straight over the White Sox by 5 to 4, a double steal by French and Cobb paving the way for the deciding run, after Chicago had tied the count at four all in the sixth.

Detroit came from behind with a

four run rally in the seventh to defeat the Senators by 6 to 5. Manush coming through with a homer with one on base in the attack. The victory brought the Bengals up to within two games of third place now occupied by Washington.

George Uhle sidetracked the Yanks for their close victory as the Indians finished in front by 3 to 2 in the last clash of the clubs this year. Summa robbed Ruth of a prospective home run by making a spectacular catch against the right field embankment. Elton Langford, former Yankee, walloped for the circuit with one on base in the sixth to swing the game to the Indians.

Gaston won a close verdict for the Browns at Boston by 2 to 1 when Rice belted a homer off Slim Harris in the sixth to break a deadlock.

## Salisbury Just A Single Game From Pennant

Raleigh, Sept. 16—(AP)—With Salisbury within one game of the Piedmont Baseball League Championship for 1927, Raleigh and the Cois came back to the Capital today to stage a fifth contest as Salisbury stood three games to one in the post series play.

Morger was Raleigh's choice for mound work while Hammack, who bested the Caps ace in the first game of the series was slated to hurl for the Cois. Both outfits presented weakened lineups with pitchers filling in outfield positions.

A win for Sausoury today would clinch the championship for the Cois. If Raleigh wins today and tomorrow at Salisbury another game will be necessary and that game will be staged here, officials said contrary to reports that it would be played in Durham.

Six consecutive singles after two were out in the first inning of the game at Salisbury yesterday counted four runs, enough to sew up the contest for the Cois. Salisbury added three more in the sixth when Jones hit a home run with two on base.

None of the Cap's three tallies were earned.

Huffman, Pitcher playing first base for the Cois, got three hits to lead their attack, while manager Whitman drove in three Cois runs. Strain featured afield for Raleigh and also connected safely twice.

## Dempsey Shows The Ferocity Of Former Days

By MASON E. TAYLOR (Associated Press Sports Writer)

Lincoln Field, Crete Ill., Sept. 16—(AP)—Jack Dempsey is this close today to the scowling ferocity of his Toledo battle fight years ago when he won the heavyweight title—he has scored his first knockout of a sparring partner since he started training here three weeks ago.

Whitley Allen, a Boston 165 pounder, took a left hook to the chin last night and faked up for the evening. Allen was the third of six partners in Dempsey's third moonlight workout, which was put on before 100 visiting sports writers who had been gurgling about the secrecy of Jack's preparations.

Dempsey cut loose, too, against Benny Kreuger, German heavyweight, the last of the six. But Kreuger managed to last out the round. The German battler caught two of those left hooks, followed by a right to the midsection, which draped him on the ropes.

In strange contrast to these two periods of furious attack, Dempsey allowed Big Boy Peterson to throw gloves at him for nearly half of their round, apparently studying the rangy New Orleans heavyweight for his reputed similarity to Tunney's upright style. Peterson stabbed the former

champion with several lefts to the head, and twice connected with right uppercuts, before Dempsey decided to start the attack. From then on Peterson was in full retreat, but he had out-scored the former champion when their round ended

# TOMORROW'S the Last Day for

# FREE COAL!

## Don't Miss This Once-a-Year Opportunity!

You can join by telephone if you can't come in!

This is the last call. If there is any likelihood that you will be in the market for a modern heating plant this fall, we urge you to investigate this extraordinary offer, and then act without delay. Remember, it cost only \$2.00 to join the Free Coal Club, and this amount is applied on the purchase price of the Heatrola.

The beautiful heater and the free ton of coal will be delivered to you in the fall. You will not only secure a whole ton of coal free, but from the time your Heatrola is installed, you will be able to make a big saving in your fuel bills. Statistics show that the Heatrola saves, on an average, 45 per cent in fuel.

Solve the home-heating problem now—once for all. Get the facts, and sign up for membership in the Free Coal Club before tomorrow night.

# GORMAN'S MARKET REPORT

Greenville has averaged up to date more than any Eastern North Carolina Market.

Gorman's has sold this week, up to Thursday night, 692,960 lbs., averaging 18.62 and we have on our floor for today's sale around 300,000 lbs.

Compare our average with the Supervisors report and you will see Gorman's averages more than the market. Many are daily asking our advice as to selling. I will give you the conditions as I see them; Every redrying plant in Eastern North Carolina is over run, the weather continues hot and tobacco taken out of your pack house in right order is too soft (with few exceptions) by the time it is put on the warehouse floor and sold. The Independants are having to take care of nearly all of the thin cutters as well as the bulk of the low grades in both the tips and thin tobacco, therefore I advise holding your tobacco, it cannot be any lower and I feel sure it will be higher when it turns cooler and the redrying plants catch up.

With the increase in consumption of cigarettes, the stocks of tobacco held (which is suitable for their manufacture) and this being one of the best cigarette tobacco crops we have had since 1919, I feel that it is suicide for the farmers to continue to dump their tobacco on the market.

Gorman's will continue to do our best for you when you sell and will get the top of the market but no one under the present conditions can get full value, so we advise you to hold your tobacco but if you are compelled to have cash, grade your medium and good tips and bring them to Gorman's.

1st Sale Monday Sept. 19; 2nd Sale Tuesday Sept. 20; 1st Sale Wednesday Sept. 21; 2nd Sale Thursday Sept. 22; 1st Sale Friday Sept. 23

# J. N. GORMAN AND SONS

# LOCALS

Mrs. John W. Stamer, of Baltimore, Md., is visiting in this city at the home of Mr. and Mrs. Guy Smith.

Mrs. R. C. Deal, Mrs. Loula Fleming, Mrs. J. B. Spillman and Mrs. H. Frederick Jones spent yesterday in Bentonville attending the memorial services.

J. K. Parnell, of Knoxville, Tenn., is the guest of Mr. and Mrs. Edward Batchelor. Mr. Parnell has recently returned from an extended tour of European countries.

Edward Batchelor spent yesterday in Nashville.

Mr. and Mrs. J. M. Morhorn, of Littleton, are visiting Mr. and Mrs. J. M. Edwards.

Mrs. W. T. Lipscomb, Jr., and Miss Ade-James have returned from a visit in Raleigh.

Mrs. Marie Carter and Miss Isabella Warren, of Washington, were here yesterday.

Mrs. James Theim and Miss Blanche Cromartie, of Raleigh, and Mrs. I. F. Lee, of Chapel Hill, are visiting Mr. and Mrs. Avon Cromartie, on Greene street.

Mrs. Larry James and little son have returned from a visit in Salisbury.

### T. E. L. Class to Meet

The T. E. L. class of Memorial Baptist church, will meet this evening at eight o'clock at the home of Miss Pink Manning on Third street. Mrs. S. E. Gates will be assisting hostess.

The School Improvement Election Registration Books are now open. You must register if you wish to vote.

### THE PATIENT CIRCLE OF THE KING'S DAUGHTERS CELEBRATE ANNIVERSARY

The Patient circle of the King's Daughters will celebrate their 41st anniversary on next Tuesday evening, September 20th, at eight o'clock, at the home of Mrs. Hortense Moye. A fine musical program will be rendered, and an address by the Rev. James E. W. Cook. Everybody is invited. Come, bring a friend and a small offering to help with worthy work.

### JUNIOR KING'S DAUGHTERS TO MEET TOMORROW

There will be a regular meeting of the Junior King's Daughters tomorrow afternoon (Saturday) at 4 o'clock, with Oleva Zanbiser.

**Miss Rogers Recovers**  
Friends of Miss Elizabeth Rogers who has been in the local hospital will be glad to learn that she is getting along nicely and has returned home.

**Commercial Class**  
My class room in the National Bank Building will be open every night from 7 o'clock to 10. This will enable typewriting students to do their practice without renting their own machines. We have a typewriter for each student. We will be glad to have any friends come and observe our work 16th-17. Mrs. J. B. Spillman.

Don't forget to register for the School Improvement Election. Books are now open. 16-17

**Mrs. Warren Entertains Bridge Club**  
Mrs. B. S. Warren delightfully entertained the members of her bridge club and a few other friends last evening, in honor of her sister, Mrs. Kenneth Deans, of Portsmouth, Va. A variety of fall flowers were used for decorations.

For high score, Mrs. W. M. Scales was given a box of powder. Mrs. Deans was given a docrine. Miss Elizabeth Jones, of Tampa, Fla., was remembered with cards; Miss Esther Dwight, of Madison, Wisconsin, with bath salts, and Mrs. Bertha Greene, who was recently married, with handkerchiefs.

Following the game a tempting salad course was served.

### RECEPTION AT THE VINES HOUSE THIS EVENING

The teachers of the Greenville City Schools cordially invite the patrons and friends of the school attend a reception given in honor of the new members of the faculty, at the Vines House, this evening, from 8 to 10:30.

### ONE MARRIAGE LICENSE ISSUED SINCE YESTERDAY

One marriage license has been issued by the register of deeds since the report of yesterday, that being to Lubie Gardner and Queenster Bryant, colored, of Swift Creek township.

### Announcement

All those wishing to enter my music class, please notify me at once.

### Call Meeting To Discuss Coming Of Billy Sunday

A special meeting is called of all the church boards, or officers of the various churches of the city, to meet at the Memorial Baptist Church at 3 o'clock Sunday afternoon to consider the desirability of having "Billy Sunday" and his workers hold a meeting in the city of Greenville next year.

An offer from this famous evangelist has lately been received by the Ministers' Union to come to Greenville during April and May of 1928. The ministers of the city desire the counsel and judgment of the church boards and other interested workers concerning this important undertaking. We want your co-operation and counsel, brethren, in this matter. Do not fail to come to the meeting Sunday afternoon.

**MAYOR'S COURT**  
James Harris, colored, assault; \$5.00 and cost.  
Mack Jordan, colored, drunk and down; \$5.00 and cost.  
Jasper Moore, colored, reckless driving; \$5.00 and cost.  
LeRoy Chance, colored, reckless driving; \$5.00 and cost.

# C. Heber Forbes

Exclusive But, Not Expensive

## Bite yourself an Alphabet

## Mr. Gadder simply must pretzel

The touching scene pictured above shows Mr. Gadder starting on a trip on the steam cars. He is going to Naumkeag, Mass., to buy a barrel. Being a cautious soul, Mr. Gadder is taking plenty of pretzels along to while away the two hour trip. Probably the first letters he will bite out will be the initials of the railroad:

B. & N. R. R.

Which is not so easy. But then think of the fun Mr. Gadder, a P. M. P. (Past Master Pretzeleer) will have biting and eating.

All pretzeleers in good standing eat O-So-Gud Pretzels. Why? Read that name again. O-So-Guds are baked brown, baked crispy, baked good to eat and easy to digest by Uneda Bakers.

They're good with iced drinks and with tea. With soup and with salad and with cheese. With those funny little fish and what nots that folks call hors d'oeuvres.

Give the children Uneda Bakers' pretzels—plenty of them. Doctors approve. And don't stint your own self. You'll approve.

## O-SO-GUD PRETZELS

O-So-Gud is a full grown pretzel all tied up in knots. Who tied it? Uneda Bakers. Ask us another.

Called Slim Jim for a good reason. Your grocer knows. Put up in handy packages.

**CITY SCHOOLS RANK  
HIGH**

Greenville city schools are moving forward along the path of progress and are attaining a rank among the best, according to the ratings of the various schools of the state recently published in School Facts.

In figuring out the rank of the various schools of the state the Department of Education bases its ratings upon two factors, Academic and Financial.

The academic rating is based upon percentage of enrollment in average daily attendance; average length of term; qualifications of teachers; percentage of total enrollment in high school and percentage of enrollment normal and under age for the various grades.

The financial rating of the school is based upon the average annual salary of teachers; per capita cost of instruction; total per capita cost of current expenses; total current expense per teacher and principal; and valuation of school property per child enrolled.

Dividing the state into three groups placing the various towns in groups according to their size, Greenville comes in second place in the third group of sixteen towns, Hickory being the only town in the group that outranks Greenville. It is quite to Greenville's credit that it rose from fifth to second place in its group during the past year.

Taking the state as a whole, Greenville with a score of 87.1 per cent perfect stands in eighth place being surpassed by Greensboro, Durham, Wilmington, Winston-Salem, Charlotte, Salisbury and Hickory.

It is also to Greenville's credit that her rank among the schools of the state is attained more on the academic score than the

financial which is not the case with five of the seven cities that rank above Greenville. In other words, Greenville's schools rank eighth in the entire state and in five of the cities that outrank Greenville the financial score, or cost per child for the same efficiency is higher than in the Greenville schools.

**ADVERTISING COMES  
INTO ITS OWN**

"Public utility companies will spend \$28,000,000 for advertising this year." Here, in this news item, is food for thought. It makes one wonder if there are still reactionaries who insist that advertising is useless and a waste of investors' money.

Statistics on the strides that advertising expenditure and space have taken, would be of tremendous interest to the student of modern industry and business. In the past twenty years it has unquestionably doubled itself many times. Through the various mediums, and most important of all, the newspapers, advertising and publicity have grown to proportions where they are among the greatest forces known

for furthering the progress and forwardness. The recent unprecedented growth of the public utilities are directly traceable, in a large degree, to the effect of wide and intelligent advertising. Far from being a waste of investors' money it is a safeguard in that if the company or product advertised is honest and worth while, that company's business or sales will increase in direct proportion to the amount of advertising.

Progressive business is learning that the only thing better for business than extensive advertising, is more extensive advertising plus a good product or service.

**State College Opens**

Raleigh, Sept. 16.—(AP)—Registration of 700 new men began today at State College and a four-day program for the freshmen likewise began.

President E. C. Brooks announced the creation in the school of engineering of the department of architectural engineering.

Next Tuesday nearly 1,000 upper classmen will return to college.

**THREE INJURED IN  
QUARRY EXPLOSIONS**

Salisbury, Sept. 16.—(AP)—Henry Shive, quarry worker, is still alive today at a Salisbury hospital where he was brought yesterday after he had been seriously injured in a premature blast at a rock quarry in Rowan county. Clyde Cverosa was fatally injured in the explosion the second fatal quarry accident of the day in Rowan county.

In another ill-timed blast at Woodleaf, Rowan county quarry of the Hardaway Construction Company, J. Robert Thompson, negro, was instantly killed, and Alex Cornell, negro, received injuries from which he died shortly afterward in a local hospital.

**ONTARIO FLIERS WING  
WAY HOMEWARD TODAY**

Old Orchard, Maine, Sept. 16.—(AP)—With Windsor, Ont., their "home port" 700 miles distant, their destination without stop, C. A. "Duke" Schiller and Phil Wood hopped off from the beach here a few minutes after 9 o'clock daylight time, today. They planned to fly over Concord, N. H., Albany, and Syracuse to Buffalo, thence across the Canadian side to Windsor.

**LINDBERGH HOPS OFF  
FOR SAN FRANCISCO**

Portland, Oregon, Sept. 16.—(AP)—Resuming his tour, Colonel Chas. A. Lindbergh, hopped off in his "Spirit of St. Louis" from Swan Island airport here early today. He is due in San Francisco at 2 p. m.

**TARIFF WAR  
THREATENED**

**United States and France Face Difficult Status in Governmental Trade Relations.**

Washington, Sept. 16.—(AP)—Apparently at an impasse in negotiations for a new most-favored-nation commercial treaty to remove French tariff barriers against American goods, France and the United States today faced a difficult status in their governmental trade relations which verged toward possible tariff war.

The State Department declared there would be little delay in the American reply to the rejection by France of the American proposal for the new commercial agreement, but no solution of the situation is promised. The limitations of the tariff act are considered by the State Department officials so clear and binding that this phase undoubtedly would be stressed in the American reply.

The nature of the French proposals was assumed to mean that the French officials had not been cognizant of these phases of the American law since there could

have been no point suggesting to the Washington government a course of action it could not follow within the law.

# Market Report Cotton--Stocks--Grain

**COTTON**  
New York, Sept. 15.—(AP)—While the volume of business was smaller than yesterday the cotton market showed continued nervousness and after an opened advance eased off under a renewal of liquidation. December sold off about 75 points from the opening advance, the futures market showing net gains of 40 to 44 points.

Futures closed easy, unchanged to 25 lower; spot quiet; middling 21.25.

**GRAIN**  
Chicago, Sept. 16.—(AP)—Rains in the corn belt and prospects of continued hot weather resulted in a sharp break in corn prices today. Heavy deliveries of corn on September contracts here, 1,565,000 bushels counted also as a bearish influence. Country offerings of corn to arrive, however, were much smaller and late rallies ensued on account of buying for previous sellers.

Corn closed unsettled, 23-4 to 4 cents net lower; wheat at 1-2 to 1 cent advance, oats 1-4 cent to 3-4 cent up and provisions showing a cent to 4 cents decline.

**STOCK MARKET**  
New York, Sept. 16.—(AP)—Heavy profit-taking and short selling, inspired in part by the sharp increase in brokers' loans to record high levels, retarded operations for the advance in today's stock market. While fluctuations again took place, however, in a number of the high priced industrial specialties. Commercial solvents and a number of others were whirled upward 3 to 6 points.

Call money was in plentiful supply all day at the renewal rate of 3 1-2 per cent. Despite the increase in brokers' loans and the export of more than \$12,000,000 in gold to Argentina during the week, the reserve ratios of both the New York Federal Reserve Bank and the combined twelve federal reserve banks showed slight increases indicating no strain of the credit situation.

Week-end realizing also tended to impede the upward movement. Prices of many issues fell off 2 to 5 points in the morning, but after selling, our prices pointed upward again after mid-day, although trading fell in volume.

**Desirable Small Farms and Timber Lands FOR SALE AT MOST ATTRACTIVE PRICES AND TERMS**

No. 10  
\$8,650.00—1-5 cash—balance in 10 years—will buy a splendid 4-horse farm of 150 acres—80 acres cleared—balance well timbered. Has one 4-room house, 4 new stables, one large new 2-story barn and pack house—with large shelter, one tobacco barn. Located on River road, 4 miles from Oak City.

**Racers to End Qualifying In Charlotte Today**  
Charlotte, Sept. 16.—(AP)—The qualifying rounds on Carolina Motor Speedway were expected to come to a close today with eight more high speed machines and 11 stock cars to make their marks. Four racers and a stock car yesterday qualified for the races next Monday.

Peter De Paola, 1125 titleholder set a new track record of 138 miles in yesterday's preliminary rounds. In the qualifying rounds, L. I. Corum, in qualifying his Stutz "Black Hawk" for the 75-mile stock car event, made a speed of 95 miles an hour. A few minutes before he qualified, he was checked at 90 miles.

A speed of 140 miles has been predicted for the preliminary rounds. The record bettered 8 of a second yesterday by De Paola was 130 miles an hour, a mark registered last August by Bennie Hill.

Leon Dury, at 133.9 miles, Ralph Newberger, at 132.3 miles, and George Capp, at 131.1, were the three other high speed car drivers to qualify in yesterday's rounds.

# MOYE AND GENTRY MARKET REPORT

Sales Next Week, 1st Sale Monday 19th; 1st Sale Tuesday 20th; 1st Sale Thursday 22nd.

Farmers—watch the sales of Moye and Gentry. Anybody can sell tobacco when it is high, when it is cheap you need judges of tobacco to take care of your sales. Our sale on Thursday was one of the best we have had this year. We had lots of new customers yesterday who told us we had the highest sale in town. We have a large house and are selling about 300,000 lbs. per day when we get a sale. We are making the hardest fight in our lives for prices. Grade your tobacco dry, work your tips and body tobacco first we look for better prices later. Bring us your next load—We will make you money.

We give you one Sale made on our floor yesterday

# MORE ARRESTS ARE EXPECTED

## Grand Jury Returns Indictments in Flogging Case at Birmingham, Alabama.

The grand jury's report described the taking of "citizens from their homes," and said these citizens had been beaten and their homes burned by "marauders and lawless, unscrupulous dictators."

The investigators scathingly denounced attempts which the report said were made to influence testimony and intimidate witnesses. This, the report said, vitally cramped the investigations. Julius Lumpkin, paperhanger, under bond on a charge of attempted bribery of a witness, was re-arrested last night on two charges of perjury, and Judge McCoy last night sentenced L. D. Ewert, a witness, to five days in jail for contempt of court in evading questions put by the grand jury.

The report also denounced members of fraternal organizations who misinterpret their obligations to such organizations in such a way that they become a "dire evil."

"When a man binds himself secretly by oath," the report said, "in such away that he feels or knows he cannot come to a grand jury, room or a court room of justice and tell the truth, the whole truth and nothing but the truth, without violating his secret oath, he is no longer a good citizen. He is a menace rather than a value to his state, and the incalculable of that state of mind thwarts the ends of justice and becomes a 'dire evil.'"

**AL SMITH FORCES BEGIN ACTION IN NORTH CAROLINA**  
Charlotte, N. C., Sept. 16.—(AP)—The Smith-For-President movement is now underway in North Carolina following the organization here last night of the first Al Smith Club in the State with J. D. McCall, Charlotte attorney, president; Colonel T. L. Kirkpatrick is vice president and Tom P. Jimison, secretary and treasurer.

Have you registered for the School Improvement Election—A new registration is required. 16-17

**TODAY**  
Continued from Page One)  
hanger Millionaire," because he hangs to street car straps when he might ride in his automobile, bought one share of Singer Sewing Machine stock for a few dollars in 1864. Having bought a good thing, he knew enough to keep it. That share has paid him thus far \$94,600.

It was not Mr. Andrus's thrift that made the money, but THE IDEA of another man putting the eye of the needle in the needle's

point. Instead of the other end, thus making the sewing machine possible.  
Be thrifty, save, let interest work for you, by all means. But use your brain, for QUICK results.  
Mrs. Bina Abramowitz, a Jewish actress, with six children and nine grandchildren, will be the Czar in her new play, "Greenberg's Daughter." That Mrs. Abramowitz is 62 years old will interest everybody, but the fact that need not surprise anyone.

Sarah Bernhardt, another Jewish actress, when 62, was at the height of her power. Women become old at fifty, not because their minds are less active than the minds of

men, but because at fifty their children are gone, or no longer need them, and the world gives them nothing worth while to do.  
Wasted power in waterfalls is as nothing compared with waste of power in the brains of women past middle age, without occupation to give their intelligence full play.

William B. Leeds, young American with a great deal of money, sets a good example. He took out a license as air pilot, flying thirty-five minutes under inspection to prove his ability. Mr. Leeds, with no particular flying plans in mind, says, "We shall all have to learn flying sooner or later."

**CHARGE AGAINST BABE DISMISSED**  
New York, Sept. 16.—(AP)—A charge of assault brought against George Herman "Babe" Ruth, slugging Yankee outfielder, by a man who asserted Ruth had attacked him on Broadway, was dismissed today.

Birmingham, Ala., Sept. 16.—(AP)—Further arrests were expected today on between 15 and 18 indictments in connection with floggings returned late yesterday to Judge John P. McCoy, by the Jefferson county grand jury.  
Lewis C. Albright, attorney, was the first arrested of those named in the indictments. Last night he was confined in the county jail in lieu of \$25,000 bond, charged with kidnaping in connection with the flogging of Arthur Hitt, negro. Hitt shortly after having been whipped, sold a 60-acre farm for a price which real estate men said was far below its value. Police said Albright is personal attorney for W. J. Worthington, who, according to court records, was the purchaser of Hitt's property.

A car load of nice fresh assorted eating apples. These apples were misdirected and the shipper requested us to handle them. We are selling them at a sacrifice price.

Absolutely the cheapest apples that can be purchased on the Greenville Market this season, and if you want apples cheap now is the time to buy.

Our Apple House on the N & S Track will be open in a few days. We have delayed opening our apple house on account of the extreme hot weather. As heretofore we will have a nice stock of apples as can be purchased. An announcement of our opening will be made through this paper.

## GRIFFIN & WILLIAMS

"Biggest and Busiest Shoe Store in Greenville"

SELL YOUR TOBACCO IN GREENVILLE WITH

# McGOWAN & CANNON

The Leaders in Prices

We have had this week several hundred new satisfied customers which say that we are having the best sales in Greenville. We sold over one million pounds of tobacco in 4 sale days, which is more pounds than has ever been sold on one warehouse in the history of the Greenville tobacco market. We paid the Farmers last season \$10,300.00 per million above the market average. There is a reason why we lead. We would advise the Farmers to keep their primings home for a while and sell their tips now, as we think the luggy grades will be better later. We have had several customers to average 40 cts. for their entire loads. If you are not selling with us, come around and watch our sales and we will convince you that we sell it higher. Bring us your next load and we will please you.

First Sale Mon., Sept 19th; 1st Second Tues. Sept 20th; First Sale Wednesday Sept. 21st; First Sale Thursday Sept. 22nd
