MRS. GRAYSON HOPS OFF BUT FORCED BACK

Less Than Fifteen Minutes After Take off, Dawn Returns to Landing Field.

Old Orchard, Me., Oct. 17.—(AP)—Less than a quarter of an hour after the Dawn took off hopefully for Europe today, it was back on the sand as the result of improper balance when she was in the air.

The plane was nose-heavy, and pilot Wilmer Stultz said that it was impossible to keep her up. His navigator, Bruce Goldbrough pulled the wire which dumped 260 gallons, almost a third of the load, into the air where it sprayed back in a great white cloud.

The first word of Mrs. Grayson as she stepped from the plane was to Captain Harry M. Jones. "We must have 250 gallons of gasoline at once. We will shift 50 gallons at a time to give her a better balance and try it again."

They still had almost two hours before the tide would block the attempt.

Faced by the fact that all of the needed gasoline was not available and that much time was needed to load it, it was decided after a conference that the flight must be postponed from this tide.

Since the next low tide tonight will be after dark, tomorrow morning will be the first opportunity for another attempt. The plane was returned to its position high on the beach.

The Sikorsky Amphibian had risen easily from the beach after a run of less than a mile. Scarcely had the nose been pointed toward its European goal, however, when it was seen that she was rapidly losing the altitude gained.

The plane was barely 20 feet above the water when the gasoline was dumped. It took less than a minute to ease the plane of the contents of the two tanks which stream line the motors just below the upper wing.

The ship then climbed as though an anchor had been cast off and was nearly lost to view over the ocean as it sped east past Frouin Neck. Then the cry went up from the hundreds of watchers on the beach: "She is coming back!"

Mrs. Stultz and Mrs. Goldbrough were standing on the sands. Never a word did they say during the critical moments before the gasoline was again over the beach did Mrs. Goldbrough exclaim:

"Didn't they drop that gas quickly?" After circling about to the southward pilot Stultz brought the Dawn down to a perfect landing and came to a stop in front of the hangar where the plane had awaited its chance for exactly a week.

Tarboro Man Held Here For Court Action

Clyde Raeford, of Tarboro, is held in the county jail here today on a charge of driving an automobile in a reckless and careless manner, as a result of running into an automobile Saturday night on the Greenville-Bethel highway, a short distance from Greenville.

RUTH ELDER IS THROUGH WITH BOBBED HAIR

American Aviatrix Refuses to Let Barber Bob Her Rebellious Locks at Horta, Azores.

Horta, Island of Fayal, Azores, Oct. 17.—(AP)—Ruth Elder is through with bobbed hair.

The American aviatrix who started on a flight from New York to Paris, with a pastel-tinted bandeau over her rebellious brown hair, was introduced to the barber yesterday by her co-pilot of the lost 'American Girl,' George Haldeman, who had decided she needed her hair trimmed.

In spite of the barber's willingness to accept the honor of being the first to bob Miss Elder's hair after her thrilling rescue at sea by the crew of the Dutch tanker Barndrecht, the aviatrix refused his services. Haldeman tried to persuade her, but Miss Elder insisted that her hair must now grow.

Another chapter in the story of Miss Elder's heroism was added during the day of receptions and laudations. Before their descent to the sea 300 miles from land last Thursday, her courage was tested in a breath-taking manner.

The fliers had been driving their plane, even then slowed down by a defective oil line, through a sleet storm. The tail of the plane, on which a heavy coating of sleet had formed, became too heavy for the machine to be kept on even keel.

Something had to be done to right this. There was some gasoline stored in the tail of the plane—a reserve supply to be used in an emergency, Haldeman and Miss Elder consulted each other as to what should be done. They decided that the reserve supply of gasoline would have to be jettisoned. They then took turns at the stick, while one or the other crawled along the ice fuselage of the plane, then flying over the tossing Atlantic, and threw overboard some of the reserve supply.

Ruth took her turn at crawling along the fuselage, without a tremor, it was related, and this chore accomplished, returned to do her shift at the stick.

Although Miss Elder wore her plus fours, cricket shirt, plaid sweater and socks to match most of the day, she exchanged these once for a Paris gown loaned her by Mrs. George F. Mackay, wife of the traffic director of the Western Union Cable Company here, at whose home she was a guest. She appeared at dinner in this gown, which had to be tucked in at several places owing to her being more slender than her hostess.

Miss Elder and Haldeman had luncheon in the cable company's mess room, where the American residents kept them so long telling of their adventure that the fliers were prevented from accepting an invitation of the British consulate to have tea there. Heavy rains prevented them from touring the island.

The Portuguese mailboat Lima, is expected to arrive at Lisbon, Portugal, with the fliers on Wednesday. The fliers will journey overland from Lisbon to Paris, according to present plans.

While in Richmond, he was guest of Governor Harry F. Byrd, of Virginia, brother of another of America's heroes of the air, Commander Richard E. Byrd, famed for his polar and European flights. Colonel Lindbergh yesterday took the Governor over Richmond as a passenger in the "Spirit of St. Louis."

Harry F. Byrd, president for the promotion of aviation, the organization backing Lindbergh's nation-wide flight, was another passenger during the day.

Headquarters for the trans-Atlantic plane while in Richmond bears the name of that other illustrious flyer—Richard E. Byrd.

Charles Levine At Home Again

New York, Oct. 17.—(AP)—Charles A. Levine, the only trans-Atlantic air passenger, came home today.

LINDBERGH AT CAPITAL CITY TODAY

Flying Ace's Trip Around Nation to End in New York City Next Sunday.

Washington, Oct. 17.—(AP)—Chas. A. Lindbergh landed at Bolling Field today after a flight from Richmond Va., where there no ceremonies at the field.

Richmond, Oct. 17.—(AP)—Chas. A. Lindbergh's hop-off today from Richmond flings the flying Colonel into the last brief leg of his flight around the nation. His tour ends Sunday in New York.

He visits Washington today, where he was first greeted with thunderous acclaim when he returned from overseas after his epoch-making lone flight across the Atlantic. Since that time he has been the center of ovations from more than 75 cities from coast to coast, from Alabama to Texas, Baltimore, Wilmington, Del., Atlantic City, Philadelphia and New York remain on his itinerary.

While in Richmond, he was guest of Governor Harry F. Byrd, of Virginia, brother of another of America's heroes of the air, Commander Richard E. Byrd, famed for his polar and European flights. Colonel Lindbergh yesterday took the Governor over Richmond as a passenger in the "Spirit of St. Louis."

Harry F. Byrd, president for the promotion of aviation, the organization backing Lindbergh's nation-wide flight, was another passenger during the day.

Headquarters for the trans-Atlantic plane while in Richmond bears the name of that other illustrious flyer—Richard E. Byrd.

Charles Levine At Home Again

New York, Oct. 17.—(AP)—Charles A. Levine, the only trans-Atlantic air passenger, came home today.

He announced on his arrival that he would fly the reverse journey from Europe to America next summer and that within two years he would have in operation an ocean air mail service carrying letters to Europe for fifty cents apiece.

Levine was taken from the Leviathan at quarantine on the city tug Macon which carried the Mayors reception committee headed by Grover Whalen, and relatives and friends of the flier.

Clarence Chamberlin, Levine's pilot on his ocean hop, was not on the Macon and no reason for his absence was given.

AMERICAN LEGION TO TALK NOV. 11 TOMORROW EVENING

The regular monthly meeting of the American Legion will be held at the Rotary club tomorrow night at seven o'clock.

Commander J. B. Kittrell today urged that every member be present as final plans for Armistice Day will be arranged.

Fall And Sinclair Fight Conspiracy Charge

Charges of conspiracy arising from the naval oil lease scandal of the Harding administration brought Albert B. Fall (left) former secretary of the interior, and Harry F. Sinclair (upper right), Teapot Dome lessee, before District of Columbia supreme court today. Today Senator Thomas Walsh (lower left) of Montana headed the senate committee which exposed the leases. Robert Stewart (lower right), chairman of the board of the Standard Oil Company will be a witness.

THREE SHOT TO DEATH AT CHICAGO ILL.

Chicago, Oct. 17.—(AP)Two 19-year old girls were shot to death early today and then thrown from an automobile which sped on for a block before skidding to a stop against the curb, with a dead man at the wheel.

Man Kills Two Girls And Then Shoots Himself While in Fit of Jealous Anger.

The driver, a bullet through his right temple, was Wilford Winters, 22 one time taxicab driver but recently unemployed. The girls who were killed were Catherine Stadler, and her chum, Margaret Martin, both high school graduates of last year.

The triple shooting took place on Rhodes avenue on the south side. The neighborhood was aroused by the roar of revolvers about 1 A. M. at least two householders living on the street went to their windows and looked out in time to see the bodies of the two girls pushed from the automobile.

The car zigzagged ahead and finally struck the curb bounding back into a passing automobile which it struck on the rear bumper. Winters' body was hanging over the edge of the car.

A revolver was found on the floor boards near his feet. A block back, lying face down on the pavement where they had been thrown, were the bodies of the young women. The Martin girl had been shot twice in the back. One bullet fired at Miss Stadler entered her body under the right arm and lodged near her heart.

Winters had been casually attentive to Miss Martin for several months, her father said, but he did not believe the two were in love.

Mrs. William J. Martin offered the only suggestion as to a possible motive for the shooting of her daughter. She said she believed Winters had killed because she would not marry him and that in a moment of anger or unbalanced mind also had shot the Stadler girl and then himself.

Police, piecing together the history of Winters, learned that his father had disappeared when the boy was only two years old, and that his mother had remarried and moved to Brooks, Ind., Winters' friends told officers, was industrious and quiet, though he was said to have been more of late because of ill health.

TEAPOT DOME CONSPIRACY CASE OPENS BEFORE SUPREME COURT SITTING AT WASHINGTON TODAY

BRITISH FLYING BOATS BEGIN EMPIRE CRUISE

Plymouth, Eng., Oct. 17.—(AP)—To the accompaniment of the salutes from warships and the cheers of thousands of spectators, four British air force flying boats started today on an empire cruise of 25,000 miles which is scheduled to take a year to complete.

The flight includes the first complete circuit of Australia, a hop to Hongkong and then back to Singapore where the fleet is expected to be stationed permanently.

NEW TARIFF PROPOSALS NOT RIGHT

U. S. Says French Note on Tariff is Altogether Unsatisfactory.

Washington, Oct. 17.—(AP)—Proposals contained in the French tariff note received Saturday night are unsatisfactory to State Department officials so far as their examination of the document has proceeded.

The Department did not make public any summary of the note today but it was understood that conditions attached by the French government to concessions as to the customs status of American goods during the commercial treaty negotiations do not satisfy Washington officials.

The specific character of these conditional concessions was not revealed. It was indicated that the French communication would have to be studied in conjunction with the tariff commission and the commerce department before the American answer could be prepared.

Some doubt existed whether the conditions were to be regarded as inseparable from the grant of concessions. In that event, it appeared certain that a new deadlock in the tariff controversy was impending.

The only inkling in official circles as to the concessions proposed by France was the statement that they did not constitute a return to the rates of duty on American goods before August 30. Presumably a detailed examination will be necessary to determine what would be the rates under the French proposals during the treaty negotiations.

State Department officials made any legal condition which prevented it plain that they were unaware of the grant by France of minimum rates during that period.

Crowder Guilty Of Embezzlement

Henderson, Oct. 17.—(AP)—The R. B. Crowder bank embezzlement case, a pending proposition for more than a year, was passing into local history today.

A Vance superior court jury yesterday returned a verdict of guilty against Crowder, former cashier of the defunct Farmers and Merchants bank, and Judge R. A. Nunn of New Bern assessed punishment of from three to five years in state prison.

The trial started Oct. 6 and went to the jury last Saturday. Fifteen hours after it began consideration of the 20 specific charges, the jury returned a verdict of guilty on 12 of the 20 counts, a verdict of not guilty on two of the indictments, and six of them were mistrials.

Crowder today stands guilty of embezzlement of \$16,315.35 as compared with the total \$47,788.05 original embezzlement charge against him.

Harry Sinclair and Albert Fall Face Charges Growing Out of Illegal Lease Of Oil Field.

Washington Oct. 17.—With the weight of a supreme court decision standing against them Albert B. Fall and Harry F. Sinclair went to trial today on charges of criminal conspiracy growing out of the famous Teapot Dome naval oil lease.

Although today's proceedings in a district of Columbia court constituted only the criminal phase of the long drawn out fight of the government to cancel the oil leases negotiated by Fall as secretary of the interior the supreme court a week ago in cancelling the Teapot Dome transaction expressed the opinion that the two defendants had conspired together. That opinion, however, was rendered in the civil suit and did not relate directly to the indictments under which Fall and Sinclair are being tried.

A jury of twelve men, selection of which was begun immediately, will decide as to whether the two men go free or be imprisoned up to two years.

Both the former secretary and the multi-millionaire oil operator and sportsman were in the little court room early.

Two women were among the first twelve veniremen called to the jury box. One of them, Mrs. Annelia L. Bailey, was the first examined by counsel. She said she had read only the headlines in the newspapers about the oil cases and had formed no conclusions regarding the case.

Mrs. Bailey who is a native of Colorado, qualified temporarily without counsel asking her directly whether she had read the opinion or any newspaper accounts of the opinion of the United States supreme court holding that the Teapot Dome lease was a result of "collusion and conspiracy" between Fall and Sinclair.

Daniel Cooper, the second venireman called, told district attorney Gordon that he had formed a definite opinion as to the guilt or innocence of the accused and he was excused.

Miss Bernice Heaton, a bobbed haired young woman who teaches long distance telephone operators in the Washington Telephone headquarters had read the newspapers but had formed no opinion in the case.

Miss Heaton also was temporarily accepted, but Lee E. Dally, a dealer in building who had read carefully the newspaper accounts of the oil cases and had formed a firm opinion was excused.

Charles T. Hennessy, a retired post office employe, said he had heard more about the case "since being called here as a juror than ever before. The extent of his information, he added, was that the case was to be heard before Justice Suddens and that the panel of which he was a member was to be called in that case.

Hennessy qualified temporarily. A. T. Dent, a bank paying teller was the sixth venireman examined. He had read about the oil leases steadily and particularly during the past ten days, but was positive he had not formed no abiding opinion as to the guilt or innocence of Fall and Sinclair.

Dent replied to defense counsel that he read a newspaper account of the senate speech of Senator Heflin Democrat, Alabama attacking the jury which acquitted Fall and Edward L. Doheny on a criminal conspiracy charge last December. He added, however, that it made no impression on him. He too, was accepted temporarily.

The seventh venireman, Glen H. Estes, an electric lineman said he had formed an opinion that it would take evidence to remove and was challenged by the defense.

The government objected but Justice Suddens sustained the challenge and Estes was excused.

Trial of Alabama Flogger Delayed

Birmingham, Oct. 17.—(AP)—Trial of Julius Lumpkin, the first of eleven men charged with kidnaping in connection with the flooding of two white men and a negro boy, today was postponed until tomorrow because of the absence of several witnesses.

An Alabama Grand Jury has laid the blame for recent floggings in that state at the door of the Ku Klux Klan with a statement that but for the corrupt leadership of the organization the crimes would never have happened. The record of the Klan in Alabama, Indiana and other states should convince the public that there is no place in our nation for such an organization.

Ever ready to lavish its hero worship the world seldom stops to inquire as to whether or not their praise is really justified. The English woman who confessed faking a channel swim just to show how easy it is to fool the dear public, has no doubt opened the eyes of thousands and will cause many questions to be asked before the next apparent hero is given undue praise.

WHERE DOES IT GO?
 In the face of tax reductions in many of the counties of the state and no increase in the city rate here despite the fact that extra burdens have been assumed, many citizens who have just received bills for their county taxes, which are almost twenty-five per cent higher than last year, are asking why taxes are so high.

For the correct answer to the query we must refer our citizens to the County Board of Commissioners in whose power lies the fixing of tax rates. Other than the publication of a list of vouchers each month about which the public can tell nothing, we know of no published statement of the county's real financial condition during the past several years, and it is high time the citizens were finding out where they stand and for what purpose their money goes.

In certain branches of our county administration the records show that the cost of operation is increasing yearly and in addition to this we know that in certain instances last year bonuses were paid to certain employees despite the fact that they had accepted the appointment at a lower salary. These are things that the citizens of the county are entitled to know since it is their money that is used to pay the bills, and it is up to the commissioners to show to the citizens wherein it was necessary to increase the already too heavy tax burden.

ASKS CONTRIBUTIONS FOR INDIGENT SICK

Realizing that many persons in this community would be glad to contribute toward giving hospital attention to some cases in this community, I am giving below information on two cases now in the hospital and one that should be sent at once.

1. The first case is a woman who has been bedridden for several weeks and was about to be sent to the hospital for some internal trouble when on Friday acute appendicitis made it necessary to send her to the hospital at once. She has five children under ten years of age at home and the circumstances in the home are very poor. A minimum expense of \$100.00 may be expected in this case.

2. A young man who has a wife and one child was taken sick early in July and complication of troubles made it necessary to move him to the hospital on Thursday night. The immediate family have spent all they have and can get on this man and are now appealing to the general public for him. The doctors feel that careful attention in a hospital will save his life. We want at least \$50.00 to help on this case.

3. This is the case of a ten year old boy who has been in need of an operation for several weeks and his people are not able to have him given medical attention. We want \$60.00 on this case.

The first two cases are in the hospital receiving medical attention. They were sent there so they would have a chance to live. The writer has faith in the people of this community who enjoy good health to the extent that a call like this will not go unheeded. We should hear from two hundred people by return mail enclosing check for one dollar each.

In the Reflector on next Saturday a list of those contributing will be published unless other wise directed by the donor.

K. T. FUTRELL,
 Supt. Public Welfare

STORM WARNING

Washington, Oct. 17—(AP)—The weather bureau today issued the following storm warning.

Advisory 10:30 A. M. tropical disturbance central about latitude 18 longitude 85, apparently moving slowly northward. Steamship Tela in latitude 17, longitude 86 at 9 P. M. yesterday reported 42 miles west with rain. Caution advised in Cuban waters especially off the south coast and in Florida straits and southern Bahamas next 24 hours

Don't Keep on Coughing—Stop It!

Charlotte, N. C.—"I have always been bothered with weak bronchials, the least cold would start me coughing and I would cough all night long. I also have had some stomach trouble. I was advised by a friend to take Dr. Pierce's Golden Medical Discovery which I did and it relieved me of my cough and also the stomach trouble." — Mrs. D. R. Yandle, 1425 N. Harrell St.

Your neighborhood druggist sells Dr. Pierce's Golden Medical Discovery ("GMD"), in tablets or liquid. Write Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., if you wish free medical advice.

stomach trouble."

TODAY

Continued from Page One

death rate for business reasons, find Cancer increasing with fearful rapidity.

Cancer and similar malignant tumors rate among savage races increase constantly in our so-called civilization. In 23 American cities, the cancer death rate has recently increased from 74.5 per 100,000 to 114.5 per 100,000.

Nearly all cities have cancer rate exceeding 100 deaths per 100,000.

Good climate, abundant sunshine makes no difference. Cancer increases comes from unwise unnatural living. The cancer grows in the body on which it lives when the blood, nerves, and other protecting agencies in that body lack strength to resist it. Unwise eating, insufficient breathing, sleeping and exercise, are the allies of cancer.

A remedy will be found of course, the intelligence of man will solve their important problems. Meanwhile protect yourself with wise living.

Dante showed in hell the souls of those whose bodies were still living and moving about on the earth. Many neglected bodies in which cancer lives are practically dead.

At least 60 per cent of those killed by cancer could have been saved

Moving picture producers promise to make moving pictures as pure as driven snow, and Will Hays says "amen."

Moving pictures like speech and writing, are merely another method of conveying thought from one mind to many minds. Speech, writing and "movies" painting, music and sculptor, are reflections of the human mind AS IT IS. You will have better pictures, newspapers, smams, plays and books when you have better human brains.

The important question is, when will moving pictures be used, as they should be, in their most important work they can do, that of education. Excellent work in that direction has been done by George Eastman

Mrs. Frank W. Brown Entertains For Miss Helen Brown

Hosting Miss Helen Brown, who will be married next week, Mrs. Frank W. Brown was hostess at one of the most attractive parties of the season last Friday afternoon at the country club. The club house was elaborately decorated with black cats and witches, carrying out the Halloween idea. Autumn leaves and berries were also used in the decorations. Twenty-two tables were placed for bridge and ruck. From a witch's cauldron, punch was served by Mrs. James J. King and Mrs. L. G. Cooper. Misses Mary Lee White and Mable Ruth Fleming served kisses.

High bridge score was made by Mrs. George Powell, who was given a silver bridge bell. Mrs. E. W. Griffin was given a box of powder for high ruck score. The table prizes were attractive Halloween novelties. Miss Brown was remembered with a candy jar. Miss Mary Bagley Overton, who will be a October bride, was given a silver bridge bell. Mrs. R. B. Reeves, of Raleigh, was given a box of powder. Miss Evelyn Gray, of Detroit, Michigan, and Miss Edna McGee of Mississippi, were given bath salts.

An ice course, carrying out the Halloween idea, and sautéed nut were served by the hostess, assisted by Mrs. J. K. Brown, Mrs. Nan Brown, Mrs. Loula Fleming and Mrs. Nannie White.

FEDERATED CLUBS OF FIFTEENTH DISTRICT MEET AT AULANDER

A meeting of the Federated Clubs of the Fifteenth District was held at Aulander Saturday. Miss O. Berry, of Goldsboro, and Mrs. Broughton of Raleigh, were the principal speakers. The session was presided over by Mrs. J. M. Hobbins, of Farmville, district president. The following local women were in attendance: Madames J. E. Winslow, M. H. White, J. E. Nobles, H. E. Austin, J. L. Bassell, J. L. Woolen, E. T. Dickinson, J. L. Little, R. E. Randolph, E. S. Ailsbrook, J. H. H. Moore, M. N. Denny, of Greenville, and Mrs. Maxwell, of Seven Springs.

Series of Five Entertainments At The College

East Carolina's Teacher's College announces a series of five entertainments for the fall and early winter for which season tickets will be offered the public. The first of these will be a miscellaneous program by entertainers who call themselves "Funsters". Two excellent musical companies will give concerts, the "Vernon String Quartet" and the "Cherniavsky Trio", the Russian musicians who made such a good impression last year that many who were so fortunate as to hear them requested their return.

The people of Greenville will have the opportunity of spending an evening with Capt. Amundsen, the great Arctic Explorer and will hear him give some of his thrilling adventures. The last of these will be the Senior Play, the best the college has to offer in dramatics.

Season tickets will give the people of Greenville and community the opportunity of securing all five entertainments for the price of three. The list of entertainments is printed on the back of each season ticket as a reminder so that people can fit these dates into their schedule of engagements. The hour for all public evening entertainments at the college for the fall and winter has been fixed at eight o'clock.

Some of the entertainments will be in the old auditorium, in the Administration Building, and some will be in the new auditorium, in the Campus Building. The place will be announced each time on the window card and in the newspaper.

The College is now able to offer far better attractions than ever before because of the special entertainment fund at the disposal of the authorities. Each student of the college pays into the Student Government Association a special fee. A joint committee composed of students and faculty members carefully work out an entertainment program securing the very best entertainments available and keeping the price well-balanced so as to provide for various tastes and interests. Special efforts will be made to give the public as definite an idea as possible of the nature of each entertainment and an honest appraisal of its worth.

Negro Held On Whiskey Charge

Walter Swinson, colored, is confined to the county jail in the city today awaiting trial on a charge of selling whiskey. He was arrested yesterday at the Vandford filling station, seven miles from Greenville, with a quart of whiskey in his possession.

Storm Off Coast

Miami, Fla., Oct. 17.—(AP)—Although the barometer was rising slowly here today after an early morning reading of 29.72, small shipping vessels heeded storm warnings ordered for southern Florida waters and had postponed scheduled sailings to and from the Bahamas.

Revival Services To Begin Tonight At Baptist Church

A ten days revival will begin tonight at the Immanuel Baptist church, with Rev. James B. Turner, pastor of Hayes-Barton Baptist church, Raleigh, conducting the services.

Dr. Turner is well known here having been pastor of the Immanuel church about five years ago and has a host of friends in this section who will be glad to hear of his return. The music will be in charge of Rev. Leland O'Brien, pastor of the church, who started this morning that all indications point to the best and largest attended meeting held in the city in some time. Services will begin at 7:30 o'clock. The public is cordially invited to attend.

HONOR ROLL OF EVANS STREET SCHOOL

FOUR MARRIAGE LICENSES ISSUED SINCE SATURDAY

The following marriage licenses have been issued by the register of deeds since the report of Saturday afternoon:

Earl Kennedy of Winston, to Evelyn Moore, of Ayden.

David Wall, of Swain, to Terrie Frank of Vanceboro, Colored.

Rev. McCormack to Martha Harper, both of the Bethel community.

Richard Davis, Jr., to Lucy, both of Pamlico county.

Red Men Give Chief's Degree

An enthusiastic crowd of Red Men assembled at the wigwag of Withlacoochee Tribe at the people's council meeting last Friday night at which time four chiefs were given the chief's degree as they had proven themselves as Indians or they could not bear torture, also one application for adoption and two for reinstatement was received.

Adoption into this tribe has become the order of the day with the tribe wampum belt and a good hunting place, it is no wonder that the pale-face continues to press upon the chief's Withlacoochee hunting grounds.

The entertainment committee is busy with plans for the enjoyment of the membership and their neighbors will be October 28 at 7 o'clock. A fine program is being arranged and refreshments will be served during the evening.

FARM PROSPERITY WITH TAX RELIEF SEEN BY BANKERS

Better times for the farmer and tax relief for the bankers were forecast at the recent meeting of a group of the Ohio Bankers Association here. With members' gratification and various economic coming to the fore, an era of nation-wide prosperity is coming, the bankers declared, and there is no apparent cause for pessimism.

"Business efficiency and conservation" has increased bank deposits, the delegates agreed, and the general banking situation is quite satisfactory and healthy.

"People are buying more conservatively," said Frank R. Rumbaugh, assistant superintendent of banks. "Although some lines of business are complaining their troubles are largely seasonal and general complaint is unwarranted."

Winter is near and your cut-offs and heating plants may need some repairs.

Now Read What 11,105* Doctors say About Lucky Strike Cigarettes Because "It's toasted"

Paul Whiteman, Noted Orchestra Leader, writes:

"It was but recently, when I started to act as master of ceremonies with my band at the Paramount Theatre, that I realized how vital perfect voice condition was to a performer. I have always been a consistent smoker and, fortunately, Lucky Strikes were my favorite brand. I like their toasted flavor and, best of all, I can smoke as often as I like, without fear of irritating my voice, which is becoming a great asset in my work."

WHAT is the quality that Giacomo Rimini, Margaret D'Alvarez, Cesare Formichi, Armand Tokatyan, Emma Trentini, William Faversham, Florence Reed, Paul Whiteman, and other famous singers, actors, broadcasters and public speakers have found that makes LUCKY STRIKES delightful and of no possible injury to their voices?

For the answer we turned to medical men and asked them this question:

Do you think from your experience with LUCKY STRIKE cigarettes that they are less irritating to sensitive or tender throats than other cigarettes, whatever the reason?

11,105* doctors answered this question "YES."

Consider what these figures mean; consider that they represent the opinion and experience of doctors, those whose business it is to know.

"It's toasted"

No Throat Irritation—No Cough.

* We hereby certify that we have examined 11,105 signed cards confirming the above statement. LYBRAND, ROSS BROS. & MONTGOMERY Accountants and Auditors New York, July 22, 1927.

Market Report

Cotton--Stocks--Grain

COTTON
New York, Oct. 17.—(AP)—An early decline of 29 to 31 points was followed by rallies in the cotton market today on an uncertain weather outlook and reports of a firm spot basis in the south.

Near months were relatively firm, selling several points above Saturday's closing figures, while later deliveries recovered most of the early loss, but advances seemed to meet further southern selling or hedging and were not fully maintained. Active positions were 5 to 15 points net lower in mid-afternoon.

Futures closed steady 18 to 38 lower. Spot quiet; middling 21.25.

Open	High	Low	Close	P. Close
Oct. 21.49	20.85	20.40	20.53	20.70
Nov. 20.75	20.90	20.57	20.63	20.91
Dec. 20.38	20.91	20.58	20.64	20.93
Jan. 20.95	21.12	20.76	20.83	21.14
Mar. 21.14	21.30	20.90	21.01	21.34

GRAIN
Chicago, Oct. 17.—(AP)—Wheat prices advanced lower today owing largely to 4,229,000 bushels increase in the United States visible supply as well as better weather in Canada. Export demand was only fair, total sales of North American wheat to Europe today being estimated at 900,000 bushels. Corn rallied on buying against wheat sales and as a result of assertions that 35 cents a bushel of late in corn has discounted all bearish conditions.

Wheat closed unsettled 7-8 to 1-1-4 net lower; corn at 3-4 to 1 advance; oats 1-4 to 1-2 up and provisions varying from 5 decline to a rise of 25.

	High	Low	Close
Dec.	1.31 1-4	1.29 3-8	1.29 7-8
Mar.	1.34 1-4	1.32 1-2	1.33
May	1.36 1-4	1.34 7-8	1.35 1-4

STOCK MARKET
New York, Oct. 17.—(AP)—Unreconciled reactionary tendencies developed in today's stock market, presumably in reflection of unsatisfactory character of many current trade reports. Railroad shares offered fairly good resistance to selling pressure, despite the fact that September earnings statements soon to make their appearance, are expected to compare unfavorably with the same month last year, but many of the popular industrials were hammered down 1 to 5 points.

Renewal of call money at 4 1-4 per cent, after the unusually large increase in excess reserve last week was somewhat of a surprise, but the subsequent lowering of the rate to 4 per cent failed to check the liquidation. Outside of a firming up of export copper prices, there were few trade developments of interest during the day.

American Sugar Refining, which broke 5 points in a late wave of selling on Saturday, was carried down another 4 1-2 points today on predictions of unfavorable third quarter earnings. Other sugars also were heavy, the reported increase in the European crop being a bearish factor on the Cuban producing shares.

Sharp breaks took place in some of the high price specialties. International Harvester, Armco Steel and Commercial Solvents all selling down 3 to 4 points. Frank C. Shattuck crossed par to a new high and pools succeeded in elevating a few more specialties to new high ground.

NOTICE OF SALE OF REAL PROPERTY
By virtue of a decree of the Superior Court of Pitt County made in that certain special proceeding pending in the Superior Court of said county, entitled J. Harvey Mills and L. F. Mills and L. A. Mills, executors of Annie Elizabeth Mills, et al., ex parte, and the respective bids re-sale ordered, the undersigned commissioner, will, on Wednesday, the 26th day of October, 1927, at 12 o'clock, noon, before the courthouse door at Greenville, N. C., expose to public sale to the highest bidder for cash, the following described real property, to wit:

First Tract: In Chicod Township, beginning at 2nd Mills and E. S. Dixon's corner on Cow Swamp Canal and runs thence with Cow Swamp Canal to E. S. Dixon and J. R. Dixon's corner on said canal, thence running with J. R. Dixon and John Williams' line to J. H. and Calvin Mills' line, thence with J. H. and Calvin Mills' line to the dividing line between the E. S. Mills and Annie Elizabeth Mills shares of land to E. S. Dixon and Annie Elizabeth Mills' corner on said canal and being lot No. 1 in the sub-division of the Annie Elizabeth Mills' land containing 40.4 acres more or less.

Second Tract: Beginning at John Mills and E. S. Dixon's corner on Cow Swamp Canal and running thence with said canal to the corner of lot No. 1 in the Division of the Annie Elizabeth Mills land, thence with the division line between lots No. 1 and lot No. 2 to J. H. and Calvin Mills' line, thence with their line N. 71-30 W. 711 feet, thence N. 3-15 E. 120 feet, thence N. 14-30 E. 1177 feet, thence N. 21-30 E. 1100 feet to the beginning on Cow Swamp Canal and being lot No. 2 in the division of the Annie Elizabeth Mills land containing 38.2 acres.

Third Tract: Situated in Chicod Township on the west side of the Greenville and Vanceboro road about one-half mile south of Black Jack and adjoining the lands of W. H. Arnold on the north, the Greenville and Vanceboro Road on the East, Moseley Brothers on the South, Washington Mills' heirs on the West and containing 37 acres more or less.

This sale will be made for the purpose of making distribution of the proceeds thereof among tenants in common.

This the 11th day of October, 1927.
P. C. HARDING,
Commissioner.

NOTICE OF SALE
Under and by virtue of an order of the Superior Court of Pitt County, made in the Special Proceedings entitled "In the Matter of William Arthur Barber, and Deane Lee Jones, Noah Lawrence Barber and Raymond Barber, Minors, etc.," being No. 2820 on the special proceedings docket of said Court, the undersigned commissioner will on the 15th day of November, 1927, at 12 o'clock, noon, at the courthouse door in Greenville, North Carolina, offer for sale to the highest bidder, for cash, that certain tract of land lying and being in tract of land lying and being in Greenville township, Pitt County, North Carolina, adjoining the land of J. A. Speight, A. M. Moseley, et al. and described as follows:

Being lots Nos. 1, 2, 3, and 4 in the division of the Ada Barber lands containing 56 acres more or less and fronting on the Greenville-Washington highway.

This the 14th day of October, 1927.
W. S. Tyson, Commissioner
Oct. 15-17-4wk.

SPORTS SLANTS

By ALAN J. GOULD
New York, Oct. 17.—(AP)—Gene Tunney, shunning the spotlight and spending a good deal of his time roughing it in the woods, is already going about the job of keeping himself fit for his next title defense.

Whether the heavyweight champion stakes his crown next in London or New York, against Jack Dempsey, Jack Sharkey or Paulino Uzcudun, he will be in condition. Dempsey may have caught Tunney off guard in their famous seventh round, but he didn't catch the blonde marine out of condition.

Stamina, built up by a year round training program, saved the heavyweight crown for Gene Tunney at Chicago. No one knows that better than Gene himself.

"I never get ready for a fight by an intensive program of work a few weeks before hand," Tunney once explained. "I'm in condition all the time. My natural preference is for a life in the open where I can built up and develop strength naturally."

With only Herb Joesting, Minnesota's line crubbing full back, surviving last year's all-American backfield in 1927 college football ranks, a keen race already has developed for the other positions.

October performances are not always the deciding factor but they have at least brightened the all-American prospects of a flock of stars. Not these least of them is Myles Lane, Dartmouth's shifty ball carrier, who leads the eastern scorers by a wide margin, and Christy Flanagan, climax runner of the Notre Dame backfield assortment.

Princeton has a brace of stars in Baruch and Ed Wittmer, Yale an outstanding ball carrier in Bruce Caldwell and Pittsburgh a top ranking star in Gibby Welch, who was close to all-American choice last season. Tiny Lewis, Northwestern's battering ram, is a rival of Joesting for fullback honors while Spear of Vanderbilt, and Drury of Southern California, will be watched in other sections.

There will be scores of other candidates before the season ends dashing in pursuit of the mythical honors held last season by Baker of Northwestern, Kareer of Southern California and Fredman of Michigan, all of whom hung up their college moleskins last season.

Brooklyn has a habit of figuring as a pennant contender every four years which may have something to do with the fact that the Robins are putting forth unusual effort to bolster the club for the 1928 National League race.

The signing of Dave Bancroft, manager and shortstop of the Boston Braves, was the first move in the reconstruction process. Kiki Cuyler, Pirate outfielder, who was expelled from competition in the latter part of the season, is also being sought by the Robins to strengthen the outer works.

The club already has one of the best twirling staffs in the league with Vance, Petty, Doak and McWeeny as stars, but its batting punch and infield defense left much to be desired last season.

Brooklyn won pennants in 1916 and 1920. Another four year interval found the club finishing seconds to the Giants in 1924 after a close race. Three straight years in sixth place since then have provided the spur for next year's bid.

COLLEGE FLIVVERS RACE FOR ASSORTED PRIZES AT FOOTBALL DIVERSION

A race for collegiate flivvers from here to Grinnell, a distance of about fifty miles, is to be staged Oct. 22 when Drake's football team meets the Grinnell College Pioneers.

With attractive prizes being offered for the winners of various phases of the unique race, Drake owners of broken down "pleasure chariots" are busy these days tunning up their antiquated models and making them ship-shape for the fifty mile sprint.

First prize will go to the driver crossing the finish line at Grinnell under his own power. Another prize is offered for the flyver making the distance with the greatest number of passengers, while a third prize will be awarded the first car to cross the finish line on the other end of a tow rope.

The first car that breaks down under the strain also will win a prize for its owner, while awards similar to lap prizes will be given for cars first reaching the various towns along the route.

FOOTBALL

Raleigh, Oct. 17.—(AP)—State College's football team today began preparations for its trip to Tampa where the Wolfpack will battle with Florida Saturday. Florida has a Southern Conference standing of three wins and no defeats while State has won the only conference game it has played.

Durham, Oct. 17.—(AP)—Duke University's Blue Devils, following their 72 to 0 victory over the Richmond University Spiders Saturday, turns to the game with the Navy at Annapolis Saturday. With a big week-end in sight, including a visit to Washington, the Blue Devils took to signal practice spiritedly today.

Chapel Hill, Oct. 17.—(AP)—The Tar Heels prepared today to see what they could do Saturday with Georgia Tech, leader of the Southern Conference with three wins and no defeats. North Carolina went down before South Carolina at Columbia last Saturday, 14-6.

Davidson, Oct. 17.—(AP)—Davidson, with its clean slate of 1927 matching its big five championship showing of 1926, turned today to studying how to beat Wake Forest at the Memorial stadium at Greensboro this Saturday. Davidson beat Elon without effort last Saturday.

Wake Forest, Oct. 17.—(AP)—Wake Forest's Deacons, eliminated from the big five leadership by its defeat 30-7, in the hands of N. C. State last Thursday, bent efforts today to break the tie they have had with Davidson in their last three encounters.

KANKOSKI LEADS FOOTBALL SCORE

Raleigh, Oct. 17.—(AP)—Kankoski of Duke leads the North Carolina Collegiate Football scores with a total of 56 points this season. Adams of Duke follows with 36, Grey, Davidson had 29, and Warren of state college 25, followed by Alpers, High Point, and Heath, also High Point 18 each.

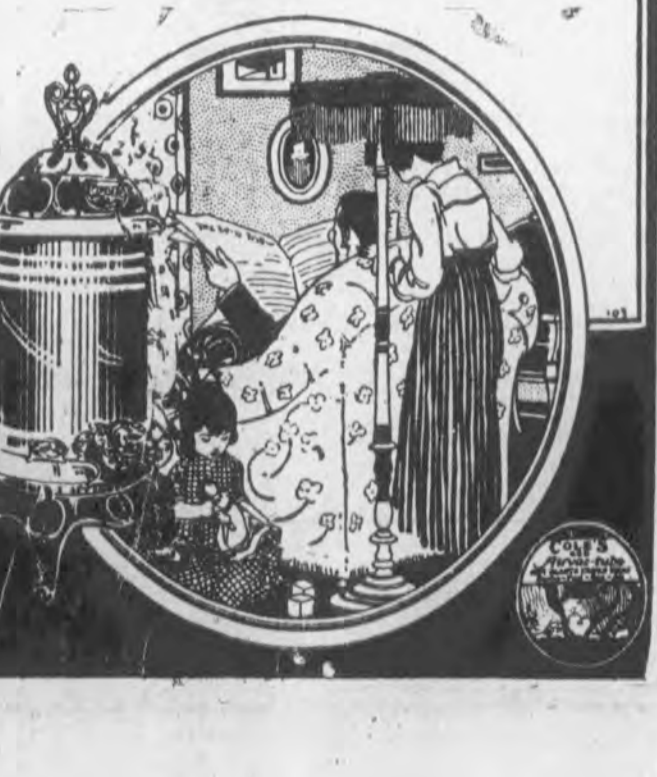

Duke, by virtue of Saturdays 72 winning points over Richmond, had made a total of 111 points to its opponents 25. State has made 87 to opponents 55. Wake Forest total score 23 to 52, Carolina 21 to 55.

COLLEGE PROFESSOR COMMITS SUICIDE

Lawrence, Kansas, Oct. 17.—(AP)—Dean Perley F. Walker, of the school of engineering and agriculture at the University of Kansas, shot and killed himself in his office early today. The body was discovered by a watchman.

Several letters to friends were found on his desk, including one to Chancellor Lindley, which expressed the hope that the Chancellor "would not think I am too much of a coward."

Mrs. Walker said the Dean spent yesterday afternoon visiting friends and late in the evening told her he was going to his office to write letters. She said he apparently was in good health and that she knew of no motive for his act.

Born in Emden, Maine, 52 years ago, Dean Walker graduated from the University of Maine in 1896. He then obtained a master's degree at Cornell. He came to the University of Kansas in 1905 and ten years later was appointed head of the school of engineering. When the school of agriculture and engineering were placed under one administrative department he continued as Dean.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, laryngitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
