When the automobile was in the pioneering stage and more than a mile a minute became a possibility, the game was opened up to make speed and versatility of primary importance instead of power. Now with the airplane and its two miles a minut", greater speed, more varied versatility is added to the game,

This opening up of the game has added value for both spectator and player-more than that, it has bent the game abreast with or ahead of ican people. It has added to the interest of the spectators because even the latest informed can follow the progress of the game at all times and see the personnel of competing teams. It has added to interest of the player because wits and quick thinking and not power only are the requirements.

Only Buick has an engine Vibrationless beyond benef

BUICK'S remarkable freedom from vibration is due primarily to three vitally important factors. First - the inherent smoothness of the Buick Valve-in-Head six-cylinder engine. Second rubber engine mountings, front and rear. And third-the scientific and almost perfect balance of the entire Buick crankshaft assembly.

Only Buick enjoys these advantages. And only Buick provides the silken performance—the unvarying smoothness at all speeds - the longer life and greater serviceability of an engine vibrationless beyond belief.

Experienced Owners Praise STUDEBAKER'S ERSKINE SIX

Experienced drivers have taken to the Erskine Six most enthusiastically. Owners who praise it most are those who have owned many automobiles. They recognize the Erskine Six as modern transportation at its advanced best!

Drive it yourself -you be the judge!

But opinions of others cannot prove to you how much the Erskine Six is your kind of a car. Test it for yourself-and give it a real workout. Watch it on the hills-note its acceleration-give it the throttle and feel it step out smoothly at a 50 or 60-mile gait.

Low first cost and low upkeep as well. Desirable to own for its handling ease, agility, comfort and dependability. A great car judged by any standards. Drive an Erskine-today!

Most Economical

"I recommend this little car to anyone in the market for an automobile. I have had eight cars to date but find The Erskine the most economical car." F. J. S., Englewood, N. J.

Likes Erskine Best

"This is our third Studebakerone Big Six—one Standard Six—and The Erskine. Like The Erskine best of any. It performs as well as cars twice its price." A. C., Strang, Okla.

180 Miles-7 Gallons

"My last car was a Studebaker Coach which gave good satisfaction. The two previous cars to that were B-Sixes. I like the little Erskine better than any car I ever owned. My son drove it 180 miles on 7 gallons of gasoline. I have a greater sense of security in it than any car I have ever ridden in. It was the first one in this section and has attracted much favorable attention."

T. M. C., Lakemont, N. Y.

Peppy, Speedy

"This little Erskine handles nicer than any car I have ever driven. Handles nice in traffic. Peppy and speedy when it is needed. Also can be throttled down to one mile an hour. It is very comfortable to ride in and doesn't tire the driver."

P. C. M., Alva, Okla.

Wouldn't Trade

"This is the only real car I have ever owned. I have had several other cars and I don't think there is any \$1800 car on the market I would trade my Erskine for." F. C., Kingston, N. C.

Owned Ten Studebakers

GRAIN

hicago. Oct. 18.-(AP)-All deliveries of wheat, corn and oats reached a new low-price record today for the 1927 crop. Free selling from commission houses dislodged standing orders to let go of wheat and corn holding at various fixed limits in order to stop losses on the downward swing of the market. Lack of adequate buying support contributed to the general eakness which was influenced by report that conditions now favor threshing and movement of the Canadian wheat crop.

Wheat closed heavy 21-8 to 21-2 conts net lower; corn 13-4 to 21-2 down; oats 1-2 to 7-8 off, and provisions varving from 10c decline to a rise of 12 cents.

STOCK MARKET

New York, Oct. 18 .- (AP) -- Stock price resumed their upward movement today after an early period of heaviness. With the technical position of the market undoubtedly improved by yesterday's sharp reaction and a strong investment demand still apparent as indicated by the prompt oversubscription of the \$47,009,090 American quota of the \$70,000,000 Polish loan speculators the advance resumed their operations with confidence. Early losses of one to three points were overcome when bullish enthusiasm was engendered by President Coolidge's report of business improvement and by Senator Borah's prrediction of a sizeable tax cut by the next concress

Mrs. Waite. New Brighton, writes:
"If I could only write as I can talk I would have many sufferers relieved of that deadly indigestion and gastritis.

I must have had a severe attack as my color went black. Friends thought I was going to die and recommended. I was going to die and recommended CARTER'S LITTLE LIVER PILLS. All I can say is, your pills are a won-derful laxative and I take one after meals and at bedtime, and in this way I keep free from constipation and its torturing results. Indigestion or gastritis never bothers me now."
They are small, easy to swallow and can be taken by children as well as adults.

Remember! this is a Doctor's formula, free from Mercury, Calomel, poisonous drugs, and a safe vegetable laxative.

BADLY RUN-DOWN

Kentucky Woman Had "Terrible Time" Doing Her Home Work. Strength Returned After She Took Cardui.

Shelbyville, Ky,—"Several years, ago," says Mrs. Alven Jesse, of this place, "my health was very bad. I was very much run-down. I was in such a weak, nervous condition that I was not able to do my housework. "I struggled to keep up, because I had to, but many a time I spent hours in bed, trying to force enough strength to go through the daily

"This condition went on for some time, until I heard about Cardui, which some one told me was good for such ailments. I gave it an immediate trial, and, I am thankful to say, my improvement was rapid. I soon was able to do my housework with ease and comfort. I felt fine and I looked so much better.

"This spring I was not as well as I had been. I was ill in the winter with colds, which left me weak. So I sent at once to the store for Cardul and began taking it. In just a little while I was feeling much better, my strength returned and I was able to get my work done easier and with get my work done easier and with
