## NEW ENGLAND STATES SWEEP BY WORST FLOOD IN YEARS; MANY DEATHS ARE REPORTED

### Property Damage Running Into Millions of Dollars Occurs in Northern and Western Sections.

Boston, Nov. 4.—(AP)—Northern and Western New England were swept today and similar conditions were spreading into Eastern Massachusetts.

Railroad service was interrupted in many parts of Vermont and New Hampshire, with important junction points cut off, preventing operations of trains to Canadian points.

Drains due directly or indirectly to the flood were reported at several points. Some of these could not be confirmed but five persons are known to have lost their lives. Two were drowned when a sand dam submerged in Westfield, Mass., two others were killed when a building collapsed in Barr, Vt., after being undermined by flood water. One man was drowned in Pittsfield, Vermont, and Mrs. Gustine Carroll, 60 years old, was believed to have lost her life when the Lyman reservoir broke and swept away the center of Becket, Mass., smashing 25 buildings. Most residents had been warned in time.

Many railroad and highway bridges were swept away, mills and factories were shut down because of lack of power and numerous villages found the water reaching to the second stories of houses in low lying sections. The damage will mount up into the millions.

The whole State of Vermont was seriously affected. Streams running down from the long range of the Green Mountains which divides the eastern and western parts of the State rose with almost unbelievable rapidity after a rainfall which exceeded all records.

Across the Connecticut River in New Hampshire the streams rising in the White Mountains acted in similar fashion. The Connecticut River, itself, was over its banks in many places, and it was expected that the Merrimack River in New Hampshire and Massachusetts would show serious flood conditions. Western Massachusetts suffered severely, as did Worcester County in Massachusetts.

All communications was cut off from several Vermont cities, including Rutland, where the storm wreaked its fury yesterday and hundreds of families were forced from their homes by the water racing through the city streets.

Montpelier, Vt., the capital city, is in an appeal today to Burlington for boats for use in the flooded streets.

President E. W. Beatty, of the Canadian Pacific was marooned in Woodsville, N. H., where he arrived on the last train to get through from Boston early this morning. The Dartmouth College, 7,000 country train enroute to New York was stranded at Canaan, N. H.

Newspapers in several Vermont cities were without wire service today because of a flooded plant at North Adams, Mass., the North Adams Transcript had today's editions printed in Pittsfield.

The Salvation Army at its New England headquarters in Boston made preparations to rush relief supplies to Vermont, including beds, food and clothing. There were reports of loss of life at several points but few of these could be confirmed.

Every available State policeman in Massachusetts was ordered to the flooded area in the western part of the State by Alfred E. Foote, State commissioner of public safety.

Albany, N. Y., Nov. 4.—(AP)—The valley sections of eastern New York today faced the worst flood menace in many years.

Swollen by heavy rains of nearly forty-eight hours the water courses emptying into the Mohawk and Hudson rivers were discharging tremendous torrents of water from the water shed that extends from the Adirondacks to the Berkshires.

The eastern section of Rensselaer county was particularly hard hit. Along the Lebanon valley many bridges were swept away, farms were under water and the residents were forced to move to higher ground. The village of Peterburgh, Stephenson and Lebanon were threatened by the overflow from the Little Hoosick river. Further to the north high water in the Hoosick river caused the shutdown of the power plants of the New York Power and Light Company, at Jonnsonville and Schaghticoke.

To the southward in the Helderberg Lake region many creeks broke over their banks and farm

### First Japanese Bishop

Monsignor Huyoaka is the first Japanese to be consecrated as a bishop in the Roman Catholic church, the ceremony being performed at St. Peter's, Rome, by Pope Pius.

lands and highways in the lower sections were submerged at Hinderbrook Lake several summer cottages were swept from their foundations.

Albany, N. Y., Nov. 4.—(AP)—Flood by the flood waters of its many tributary streams, the Hudson river was ten feet above its normal level at Albany, today. Although no material damage had been done here, it was feared that unless the waters subsided soon, the property loss would be heavy.

Streets along the water front were under water, and the wharves of the steamboat companies operating between the city and New York were submerged.

Milbury, Mass., Nov. 4.—(AP)—A woman and two children were drowned when the dam on the Blackstone River at Smith Village in this town gave way shortly before noon today. The woman was believed to be a Mrs. Putnam, but the names of the children were unknown.

New Haven, Conn., Nov. 4.—(AP)—Reports filtering into the larger cities of the State today indicated that not a section of Connecticut was spared by the storm which swept the State last night causing damages which may reach the half million dollar mark. Dawn today found several of the rivers, which flooded entire communities last night slowly returning to their normal level.

Litchfield and Tolland counties were probably the worst hit, although every county suffered from the ravages of the rain and the swollen rivers.

Entire communities were cut off from outside contact and train and mail service was suspended on several branch lines.

No deaths or injuries were reported during the storm but hundreds of families were marooned on the second floors of their homes when the flood waters covered the lower floors and filled the cellars.

Albany, N. Y., Nov. 4.—(AP)—Destruction of the village of Beck.

### Heinkel Plane Off For Azores

Lisbon, Portugal, Nov. 4.—(AP)—Another attempt to span the Atlantic by air started today when the Heinkel hydroairplane D-1220 hopped off at 6:15 a. m. for the Azores approximately 1,000 miles distant. The plane which is flying to New York from Warnemunde, Germany, by the way of the Azores, has been here since Oct. 18.

The Heinkel hydroairplane flight is backed by the Hamburg-American line, which also is the backer of the Junkers plane D-1230, now at the Azores with Lilli Dillenz, Viennese actress, aboard as a passenger, waiting favorable weather for the continuance of its trans-Atlantic flight to New York.

The backers have announced that both plans will fly to the United States by way of Harbor Grace, Newfoundland.

The two flights are regarded in German aviation circles as an indication that the Hamburg-American line is making preparations for the development of trans-oceanic air service. The company is reported to be concerned last the Luftthansa, the German Aerial League, obtain control of the new field.

## TODAY

John D. and the Vine. Four-billion Power. Two Ate Seven or Eight. R. H. Grant Observes.

(By Arthur Brisbane)  
Copyright 1927, by Star Co

JOHN D. ROCKEFELLER, JR., who gave \$500,000 to the international fund for rebuilding and endowing the Shakespeare memorial theatre, says the gift is a "recognition of the debt which Great Britain and the United States owe to Shakespeare."

Rockefeller millions are working usefully all over the world, pushing American trade, fighting disease, building hospitals and colleges, repairing, protecting irreplaceable works of art.

A German poet describes a vine on the hillside in winter, cold, dry and leafless, while wine from its grapes made hearts cheerful far away.

In his old age, Mr. Rockefeller, through his only son, does more good than ten million men, making his money useful all over the world. And fortunately he is no dry, leafless vine on a hillside, but full of life, playing golf and enjoying it in spite of his 88 years.

Nicholas M. Schneek, succeeding Morris Low as head of Metro-Goldwyn-Mayer, believes in advertising, has a new idea. His powerful magic lantern, with four thousand million candle power back of it, scatters advertisements of Metro-Goldwyn-Mayer's Cantor Theatre all over the Broadway landscape.

Mr. Schneek uses the Paramount Theatre, belonging to his friendly rivals, Famous Players, as a screen on which to throw, in letters 150 feet high, "Go to the Capitol Theatre for the best in moving pictures."

What Zukor and Lacky of "Famous" will invent to offset this will be something more original than an injunction.

It is suggested that the four-billion candlelight lantern may be raised to forty billions and the sky used as a screen. From that, heaven protect us, the heavens should continue to "declare the glory of God," not the glory of soap, breakfast food or even moving pictures.

Mr. Schneek, who realizes that, says, "No, not the sky, everywhere else."

A fishing boat had drifted four thousand miles when it was picked up off our northeast coast. White bones on the deck showed the part that cannibalism had played in the tragedy of the sea.

Two that died, last of all, were intact. The others, seven or eight, had been eaten to prolong the lives of the two.

No man can say what he would do.

(Continued on Page Eight)

## TOBACCO MEN TO OBSERVE NOVEMBER 11

Sales on Local Market to be Suspended For Armistice Day Celebration.

Members of the Greenville Tobacco Board of Trade, in regular session last night decided to observe Armistice Day, Friday, November 11, as a holiday, in accordance with the general closing program adopted by business organizations of the city. Sales will be resumed at the usual hour Monday morning.

Members of the Pitt county post of the American Legion, who have the Armistice Day program in charge, today expressed considerable gratification at the action of the tobaccoists, and expressed opinion that the celebration this year would be the greatest in years.

Commander J. B. Kittrell said final arrangements for the celebration would be made at a special session of the Legion held at the Greenville Banking & Trust Company Saturday night at eight o'clock. He urged every member of the post to make it a point to attend the session.

The Armistice Day program, as announced through the columns of the Reflector yesterday, provides for a number of interesting features, including an address by Congressman Bulwinkle, of Gastonia; firing of a 21 gun salute, a marching parade, a band, the showing of "Resurrection," one of the most stupendous moving pictures of the present day. One of the promising features of the afternoon will be a football game at the fair grounds between the local military unit and an organization from State College.

## CITY FATHERS IN BUSY MEET LAST EVENING

### Pass Ordinance on Public Auction Sales of Jewelry and Other Articles.

The Board of Aldermen in regular monthly session last night passed an ordinance containing many sharp teeth relative to the sale of public auction of any gold, silver, plated ware, precious stones, watches, clocks, jewelry, fancy china, novelties, silk, woolen goods and furs. The act makes it unlawful for any person, firm or corporation who has not engaged in business in the town of Greenville for a period of one year in conducting such a sale. It also prohibits the sale of such goods by giving the sum of \$1,000 for each year of violation thereof as a license tax. While not prohibitory, the ordinance contains number of provisions that would make auction sales altogether unprofitable and undesirable.

The movement to do away with auction sales of the kind was sponsored by the Greenville Merchants' association. The matter was presented to the Board by C. B. Rowlett, secretary of the organization.

The Board will meet this afternoon at four o'clock to consider a proposal relative to the opening of Pine street back of the Pitt Community hospital. The matter of closing Johnston street was presented, but the Board decided to let it remain as it is at the present.

The Water and Light Commission was granted permission to extend street lights from the Dickinson avenue city limits to the Norfolk Southern railroad crossing at the southern end.

The Board declined to lift the ordinance prohibiting subscription or public dances in the city limits.

The controversy with F. V. Johnson relative to widening Reed street between Eighth and Ninth streets was turned over to the street committee.

The ordinance committee was instructed to go over the recently revised ordinances with Mayor Lanier in view of having a new book printed in the near future.

E. G. Flanagan, W. E. Hooker and assigns were granted permission to erect a filling station on Evans street on the vacant lot adjoining the post office property.

An ordinance was passed relative to increasing sanitation in the handling of oysters at the boat landing.

The Board donated the sum of \$50 to the American Legion to be used in providing dinner for the Armistice Day celebration in this city Nov. 11.

It was also ordered that the tax department be closed during the November 11 celebration.

A canvass was made of the vote of the recent \$100,000 school bond election, and papers were duly prepared.

## START WORK ON NEW TAR RIVER BRIDGE

### Excavations now Being Made For Bridge Pier at end of Greene Street.

Work in connection with the building of the new Tar River bridge across Tar River is now under way, according to the information given at this morning by T. B. Gunter, Jr., representing the State Highway Commission, who is in charge of the Highway offices in this city. It is estimated that the new structure will cost in the neighborhood of \$150,000, although exact figures had not been made public today.

The bridge will span the river at the end of Greene street. Work of clearing the lower end of this thoroughfare is already in progress. A force of workmen is already making excavations for the piers.

Mr. Gunter stated that equipment for excavating the work is expected to arrive this week, and after that progress will be rapid.

## EXPECT AGREEMENT ON NEW AMBASSADOR

Berlin, Nov. 3.—(AP)—Agreement by the American government to the appointment of Dr. Frederick Wilhelm Von Przewitz-Gaffron, councillor of the German embassy at Rome as German Ambassador to the United States, succeeding the late Baron Ago Von Mitrani, was expected here some time today.

### Iowa's Tall Boy

Here's Charles Luikens, 18, of Sioux City, Iowa, who claims to be the tallest printer's apprentice in the world. Charles stands six feet, six inches in his sock, and he's still growing.

## BREAK GROUND FOR ADDITION COLLEGE HERE

### New Building Program at East Carolina Teachers College now Under Way

The contractor, Jno. W. Hudson, Jr., of Barbours, has broken ground for the new building program for East Carolina Teachers College. Work is now in progress on the new practice school building, the new kitchen and dining room and on the renovation of the East and West dormitories.

The new practice school will be built in sections. The first section containing eight rooms is now under construction. This will be of fireproof construction and modern in every particular, the cost being approximately \$58,000.

The present kitchen will be replaced by an entirely new structure and new equipment. The old one was built for a student body of some three or four hundred students and is inadequate for future use. In connection with the kitchen section approximately the size of the present dining room. By crowding the present dining room accommodates five hundred people. After the new section is built eight hundred students and such per cent of the faculty as wish to board there can be accommodated.

The two oldest dormitories, the West and East dormitories are being renovated and rebuilt inside. Running water will be put in the rooms and other modern conveniences so that these dormitories will be as comfortable as the new ones. The job of remodeling the two buildings will cost approximately \$60,000.

Ground has not yet been broken for the new power house and laundry. A new laundry with all modern machinery will be built as a part of the new building program. The present laundry which is entirely inadequate for the college at the present time will be remodelled and made into a cloak and lounge room and connected with the dining halls.

Connected with the new laundry will be the power house which will replace the old one now in use. The total contract covering the present building program amounts to approximately \$400,000 being the amount appropriated by the last session of the General Assembly. The contractor, Mr. Hudson, is to have the building all completed by next September as they will be in readiness for the fall opening.

## NEW AIR MAIL ROUTE FOR ATLANTA AND MIAMI

Miami, Fla.—(NS)—Atlanta and Miami will be connected by an air mail route, within a few weeks, the postmaster general has announced. Bids for the service will be opened at Washington, November 19.

## UTAH SENATOR FAILS TO HIT IN TAX SPEECH

### Reed Smoot Constantly Interrupted in Address in Philadelphia Last Night.

Philadelphia, Nov. 4.—(AP)—Senator Reed Smoot of Utah, has found that some Philadelphia political audiences do not care to hear about the financial state of the nation, tax reduction and tariff matters.

The Senator, who was the principal speaker at a big rally in the Metropolitan Opera House last night in the interest of the Republican organization candidates for municipal offices, was interrupted so often that he was forced to lay aside his prepared speech and take his audience to task for its lack of interest in the affairs of the government.

Shortly after the opening of Senator Smoot's address, which dealt chiefly with the debt and tax reduction, the crowd began to grow restless. Several times as his speech progressed he was interrupted as one of the many brass bands entered the auditorium playing some popular tune. Then he was halted when a dozen women with yellow sliker marched to the stage. While the Senator waited patiently for the act to end the women turned their backs to him in black tie across their sliker: "Vote the straight Republican ticket."

Finally his patience became exhausted and throwing his prepared speech to the table he turned to the audience and said: "Just a few more words. Perhaps you are not interested in this long array of figures, but I thought I was speaking to a gathering of gathering of business men. I really thought you had an interest in the affairs of your government."

"I am vitally interested in the reduction of taxes. I am giving all my heart and strength to a study of the problem. The only solution is by public discussion so that Congress may understand the wishes of the people."

Then the Senator returned to his printed speech, but before he had uttered half a dozen words, someone in the gallery shouted, "Choke him!" From that point he began to jump paragraph after paragraph and at times ignored whole pages.

## CHILD DIES OF INJURIES

### Five Year Old Son of Mr. and Mrs. Rush Buried at Liberty This Afternoon.

William G. Rush, five-year-old son of Mr. and Mrs. W. G. Rush, of Columbia avenue, this city, died yesterday afternoon at three o'clock as result of injuries sustained when he was crushed beneath a large flower box at the home of his parents.

Funeral services were conducted at the home last night at three o'clock by Rev. L. R. O'Brien, pastor of the Immanuel Baptist church. The body was shipped to Liberty, N. C., early this morning, where burial took place this afternoon.

The child was trying to climb upon the flower box when it broke away from its fastenings and caught him beneath it. He was rushed to a local hospital, but died a few hours later.

## PRICES STILL STRONG HERE

### Local Tobacco Market Makes Usual Good Average During Last Three Days

W. Cobb, secretary of the Greenville Tobacco Board of Trade, this morning made public official figures of sales on the local tobacco market since November 1st.

The market sold a total of 1,632,288 pounds of tobacco Tuesday at \$28.65 per hundred pounds.

On Wednesday 899,000 pounds of tobacco were sold at \$24.16 per hundred pounds, the average price per hundred pounds being \$23.94.

The market on Thursday sold 844,834 pounds at \$24.92 per hundred pounds, the average being \$23.63.

## HARRY SINCLAIR INDICTED TODAY FOR ATTEMPTING TO INFLUENCE JURY'S VERDICT

### To Try Remus On November 14

Cincinnati, Nov. 4.—(AP)—The insanity hearing for George Remus, charged with killing his wife, Mrs. Imogene Holmes Remus, was waived by defense and State attorneys today and an agreement was reached that Remus will go to trial November 14 on the charge of first degree murder.

The agreement to dispense with the insanity hearing was made at a conference between Remus, his co-counsel, Charles Elston, prosecuting attorney Charles P. Taff and his assistants, Carl Baer and Walter Sibbald.

Remus insanity hearing was to have been opened November 7.

## MAYOR SCORES LIBRARY HEAD IN HOT LETTER

### Chicago Executive in Stinging Rebuke, Calls on Board Members to Resign.

Chicago, Nov. 4.—(AP)—Mayor Thompson, "American First" protagonist, poured thirteen typewritten pages of rebuke on the heads of Chicago library board members today.

He spoke of untruths in their recent letter to him, and called upon them pointedly to resign.

He re-charged them with sponsoring pro-British propaganda through "reading courses," denied with some heat that he was anxious at a free press, and re-quoted extracts from library pamphlets which he regards as traitorous.

The Mayor's letter was his second since October 27 when he wrote criticizing particularly a pamphlet by Herbert Adams Gibbons, of Princeton, "circulated by your official body and the American Library Association."

"You say," the Mayor wrote, "that the Gibbons pamphlet is 'only one of a series issued by the American Library Association and circulated in almost every library in the United States.' I know that these pamphlets are circulated through American libraries. That is why this fight against pro-British, un-American propaganda takes on a national aspect."

"In saying you do not sponsor these pamphlets you state that is not true. You sell them in the public library. You might as well say the merchant is not sponsor for a responsible for the goods he sells."

"Throughout much of the reading course pamphlets which you are selling in the Chicago public library are recommendations for the reading of eulogic books concerning Edward Bok, advocate of the World Court; Andrew Carnegie and the Carnegie Foundation which he endowed for the purpose of bringing about a political union of English speaking people; and the pro-British Ambassador, Walter H. Page, who would have had the United States in the war from the beginning."

A suggestion made by a Canadian to Prime Minister King that an appeal be made to the League of Nations for "a day of prayer for Chicago," was not taken seriously by Chicago preachers. The Rev. Charles W. Gilkey, Baptist, said he should pray first for the recovery of the city's civil pride, "especially when our public schools are being exploited by unscrupulous politics that care no more for our children than for our city's good name."

Representatives of 29 civic organizations adopted a resolution demanding an immediate trial for William McAndrew, superintendent of schools, who is under suspension on charges of insubordination and the fostering of un-Americanism in the schools. The children, said the resolution, are being deprived of a school head while the Board of Education takes up the hours of the McAndrew hearing with "trivial and irrelevant matters with evident intention of prolonging the hearing until the superintendent's term expires in February."

## Find Derelict Vessel

Victoria, B. C., Nov. 4.—(AP)—The hull of a 900 foot vessel, bearing the name of David or David's, was drifted into the Strait of Juan De Fuca from the Pacific and had been taken in tow and tied up at Sooke Harbor near here.

## Warrant, However, Withdrawn Within Short Time After it Had Been Made Public.

Washington, Nov. 4.—(AP)—A warrant for the arrest of Harry Sinclair issued today and charging conspiracy to tamper with the Teapot Dome jury was revoked later by direction of District Attorney Jardon.

The revocation order was issued an hour and a half after the warrant had been sworn out by assistant District Attorney Burkinshaw. Sinclair had left the city yesterday but steps were being made to serve the warrant and bring the man back to Washington when the government, without explaining its reasons, changed its plans.

District Attorney Gordon later said the warrant for Sinclair had been issued through an error.

The warrant, charging the lessee of Teapot Dome and Henry Mason Day, an associate, with conspiracy was issued today by United States Commissioner Turnage to whom the government had turned after an unsuccessful effort in District Supreme Court to force testimony from Day.

Day was charged jointly with Sinclair in a warrant sworn out by the District Attorney's office charging conspiracy. Before it was issued Day had won out in the court in his contention that he could not be forced to become a witness against himself. Day was accused of being the contact man between Sinclair and William J. Burns operatives, who shadowed the Fall-Sinclair trials.

Sinclair had left the city when the warrant was issued but Day was on the run and was charged on a bond of \$25,000. Neil Burkinshaw, assistant District Attorney and chief investigator in the jury tampering inquiry, said Sinclair would be served in the usual course.

Sinclair left Washington on Wednesday, the day after Justice Frederick L. Siddons declared a mistrial in the Fall-Sinclair case because of the operations of the Burns men and the alleged talkativeness of one of the trial jurors, Edward J. Kidwell.

The grand jury investigation still is far from complete but District Attorney Gordon decided to proceed against both Day and Sinclair before the jury was ready to make its report.

Day was released under \$25,000 bond. Burkinshaw said the warrant on Sinclair would be served in the usual course.

While these developments were taking place, there were indications that government officials, aside from the district courts might be interesting themselves in some features of the case, notably the "phonograph conversation between Mark B. Thompson, lawyer for Albert B. Fall, and Daniel R. Jackson, an assistant to Attorney General Sage at which Thompson had been asked about by the grand jury.

It was considered probable that the Attorney General would make a private inquiry to satisfy himself of the status of the situation as it affected his office.

The Attorney General declined to discuss the situation in any way today after the regular cabinet meeting at the White House.

Two members of the October grand jury also were subpoenaed today to appear before the grand jury. They are Arthur Dunlap, an electrical worker who was called in the box in the Fall-Sinclair case but failed to qualify because he had formed an opinion in the case, and one was A. Goldstein, manager of a heating concern.

They were to be questioned regarding conversations among the gentlemen touching the case before the revocation of the jury began on October 17.

Washington, Nov. 4.—(AP)—Albany, N. Y., and Harry F. Sinclair will face a new jury in the District of Columbia Supreme Court on Monday, January 16, on a charge of conspiracy in connection with the leasing of Teapot Dome naval oil reserves.

## Heavy Death Toll In Ship Collision

Sydney, New South Wales, Nov. 4.—(AP)—The number of bodies recovered from the wreckage of the British ship Greyliff, which was crushed in a collision with the British ship Takihi yesterday, reached 35 this afternoon, and it was feared that the total death toll of the disaster will be 45.

Divers were at work in the hull of the sunken boat today in an effort to recover other bodies. Sixteen of those who were rescued were in the cabin of the Takihi and were rescued within three minutes of the collision after a terrific explosion in the engine room.

# UNDEFEATED TEAMS READY FOR ACTION

Atlanta, Nov. 4.—(AP)—While the seven undefeated teams of the Southern Conference football campaign prepared for attempts for additional glory Saturday, the others also went through the pace in "goose step" order in the hopes of elevating themselves in standing by any slips the leaders may take.

Alabama looked to a rise from tenth to eighth position in Conference standing by Saturday night if the crimson tide can submerge Kentucky at Birmingham. Maryland, encountering success and reverses rapidly in Conference play, is going to New Haven again with the hope of repeating last year's victory over the hardy Yale Bulldogs. Coach Byrd has been working hard in preparing an offense around Thomas and Roberts. South Carolina and Virginia Poly the latter yet to break into the Conference win column, are practicing a passing game.

Virginia Military Institute showed considerable punch in practice this week after vanquishing Davidson and looked to new found backfield men to assist Nabors, Barnes and Hawkins in beating North Carolina.

Auburn and Tulane, both in the gridiron rife, met at New Orleans. Clemson is looking to McCarley, Presley, Ewew, Davis, et al, who have been adding punch to the Tiger offense and defense to stop the Citadel, of the S. I. A., at Charleston.

## High Teams Swing Into Action Today

Raleigh, Nov. 4.—(AP)—Ten North Carolina high schools swung into action today to eliminate one another from the elimination series which is to decide the state champion.

Sanford, last year's title coppers, put Hamlet out of the race yesterday at Fayetteville, 13-0. In the west, Asheville won its first game, nosing out Lincolnton, 26-0.

Sanford will play the winner of the Ellerbe-at-Rae ford contest, scheduled for today. The game, final in eastern group No. 4 will be staged in Chapel Hill next Friday.

The winner of the Shelby-Kines Mountain game will meet Asheville. Mt. Airy, which tied Reidsville and in the draw won, met High Point, the winner to play Greensboro.

Winners in the Winston-Salem-Lexington and Cando-Statesville game will play for western group No. 2 honors.

Four teams remained in western group No. 3. Concord visited Gastonia and Wadesboro journeyed to Monroe.

Raleigh, with a bye, awaited the outcome of the Goldsboro-Durham clash. Wilmington, with a bye, stood by as Dunn and Fayetteville played and Greenville held a bye while LaGrange met Washington.

Your tongue tells when you need

Coated tongue, dry mouth, bad breath, muddy skin, groggy nerves and sour stomach suggest its use.

## AGED HORSEMAN STILL FOLLOWS TRACK

Chicago, Nov. 4.—(AP)—Tom Cheek, the 103 year old horseman with his three horse stable, is on the way to Havana today to spend his 16th winter at the Cuban track, with a profit of \$5,800 on the season's racing in Illinois. The other two horses brought no purses but Basha, which took the place of his aged Red, star campaigner of last year, earned \$5,250 including six firsts, two seconds and four thirds.

Old Tom said he added \$2,250 to this by wagering on Basha, and held his expenses down to \$1,610, including the cost of his 50 year old stable "boy".

## BRITISH FIGHTER MAKES DEBUT IN AMERICA TONIGHT

New York, Nov. 4.—(AP)—Phil Scott, British heavyweight champion makes his American bow in Madison Square Garden tonight against Krute Hansen in the main ten round go. Scott is counting on a victory to tide him through an extensive campaign in this country. He has been installed an eight to five favorite. Jack Dempsey, who boxed Scott in an exhibition in England several years ago, will be at the ringside.

## DUNDEE FAILS APPEAR FOR TITLE FIGHT

Los Angeles, Nov. 4.—(AP)—Ace Hudkins, Nebraska fighter vigorously claimed the welterweight championship today while the recognized title holder, Joe Dundee, of Baltimore, faced possible discipline by the California boxing commission, which called their scheduled ten round fight here last night a no contest affair because of the failure of Dundee to appear in the ring.

While 17,000 fans booted, milled about and even started incipient rioting the champion remained in an unnamed hotel. His manager Max Waxman, declaring the champion would not appear until \$60,000 which had been guaranteed him by Dick Donald, the promoter, had been paid.

At the end of an hour and a half during which police riot squads had to be called to keep order among the disgruntled spectators and Hudkins had appeared in the ring in fighting togs so he could technical-

ly claim the title, the challenger put on his street clothes and the boxing commission announced a no contest affair. The commissioners said admissions would be refunded.

Waxman said he based his claim for \$60,000 upon an unofficial contract with the promoter. The boxing commission declared the only contract it knew anything about provided Dundee with a percentage of the gate and not a fixed sum. Waxman replied that the official contract was only "a blind". It was understood from the commission records that Dundee was to receive 37 1-2 per cent of the gate and Hudkins 12 1-2 per cent.

Long before the time for the main bout arrived Donald discovered that the total receipts amounted to only about \$54,000.

The spectators vented their wrath by smashing ringside seats, and were quelled only after a riot call had brought additional police.

## Greyhound Racing

Dublin.—(INS)—The general introduction of greyhound racing into England is proving a timely blessing to many Irish greyhound breeders, who are chiefly farmers.

An average of thirty dogs daily are shipped from Ireland to England, and are consigned mostly to London and Manchester, the chief greyhound racing centers.

**Collin Club Dance This Evening**  
The Greenville Collin Club will give their regular monthly dance this evening at the country club. Dancing will begin promptly at nine-thirty. Members are urged to be on time. Chaperones will be Mr. and Mrs. W. H. Woodard, Jr. and Mrs. F. J. Forbes, Mr. and Mrs. Person Nicholson, Mrs. W. A. Isgum, Mr. and Mrs. C. S. Forbes, Jr. and Mrs. Jimmie Long, Mr. and Mrs. Marvin Blount.

**NOVEMBER MEETING WOMAN'S CLUB**

The Woman's Club held the November meeting on Thursday afternoon in the Evans street school auditorium. The president, Mrs. J. B. Moore, presided and called for reports from the different departments of the club.

Mrs. Austin, for the Garden Club, spoke of the flower show held last week and urged that preparations be started now for a bigger and better show next year. She mentioned that twenty-four premiums had been given as prizes, these premiums having been donated by artists and nurserymen.

Mrs. Manum, for the Literary Department, spoke of the interesting and instructive programs on contemporary American literature being given in that department since a month.

The Health Department, with Mrs. Allsbrook as chairman, is doing a splendid work among the children of the city and county. At present cases containing emergency are being fitted up for each city school. A tuberculosis clinic will be held during the month of November. The cases of tuberculosis will be held during December and it is expected by this means to save five hundred dollars this year. A tuberculosis clinic will also be held during November and the Woman's Club was asked to help with it.

Mrs. Gorman, as chairman of the membership committee presented the new names.

The Library Committee, with Mrs. Carr as chairman, reported the progress of the committee during the past four years and had accomplished much that they had planned but that now they felt the library had grown to such an extent that additional help was needed. The president was instructed to ask two representative business men of Greenville to serve on the committee in order that they might help in this work along sound

business lines. Mrs. Carr also said that statistics have been published which show that according to the number of books owned by this library, it has the largest circulation of any in the state.

It was decided to donate \$450 to the library for the purchase of new books, each book to be marked as donated by the Woman's Club.

The treasurer's report, as given by Mrs. Ellen, showed a small balance on hand.

Mrs. W. H. Woodard, reporting for the nomination committee, offered the following names to fill vacancies: Mrs. Franks, recording secretary; Miss Bertha Lee Ferguson, chairman, American Home Department; Mrs. Arnold, club reporter.

Among the interesting club events of the future is a visit from Miss Nell Baitte Lewis, who has been invited by the Literary Department to make an address. Another is the celebration of the tenth anniversary of the club. Still another is a visit of the State President, Mrs. Thomas O'Berry.

Mrs. Austin, in giving a brief report of the district meeting at Anderson, urged the importance of attending these meetings in order to keep in close touch with the policies of the State Federation of Clubs, one aim of which is a better educated and better informed womanhood for North Carolina. Another aim outlined was universal membership in the National Federation. Such membership would give all members the privilege of voting at the meetings of the National Federation and also the

privilege of receiving literature in regards to the National Federation.

Mrs. Moore reported that twenty-one girls are now receiving aid from the Sallie Southall Cotten fund.

A chairman for the American Citizenship Department will soon be appointed. The object of this department is to study the duties and relationships of local clubs to the State Federation.

Following an announcement of the next number of the Lyceum course offered by the college, a motion to adjourn was made.

—Reported.

**MRS. AUSTIN ENTERTAINS ROUND TABLE CLUB**

The ladies of the Round Table Club were delightfully entertained Tuesday afternoon by Mrs. H. E. Austin at the college Y. W. C. A. out.

The hut was attractively decorated with chrysanthemums and witch's, black cats and goblins were much in evidence.

The glow from the fireplace with the dim light of candles and lanterns made a very pretty setting and cosy place for the club meeting.

Following the usual business session was a very interesting paper appropriate to the Halloween season presented by Mrs. R. G. Fitzgerald under the study of Myths and Folklore, the subject of study for the ensuing year, the topic, "Dwarfs, Elves, Goblins and Brownies" proved both interesting and amusing as presented by Mrs. Fitzgerald.

A notable fact about fairies is the universal belief in them. They are not the product of one country.

—Reported.

but have a wide ancestry. Fairy-tales have been the delight of the child and the child-man since the foundation of the world and are the poetic recording of the facts of life.

The "Fairy-Tale Fountain" in Berlin at the entrance to Friedrichshain park is a beautiful tribute to fairy-tales. The entrance to the park is a decorative layout with many hedges walks leading towards the central ground which has been transformed into a joyous fairy-world. In the sidewalks are conical lion's heads and vases, in the background water gushes forth. In the central basin are water animals spouting great jets of water and clustered about the central fountain are fairy characters among whom are Red Riding Hood, Cinderella, Lucky Hans and others.

The origin of Mother Goose and the messages conveyed by some of the favorite Nursery Rhymes and Fairy-Tales were vividly portrayed. At the conclusion of the literary program a lovely Fairy program was given under the direction of Miss Dora Coates, as follows:

Witch's Dance — Miss Mary Louise, Miss Mary Morton at the piano.

Fairy Poem — Marjorie Sugg.

Fairy Dance — Eleanor Fitzgerald, Elizabeth Gates, Mary Agnes Deal, Jane Barr, Myra Blount, Jane Forbes, Kate Evelyn, Eugenia Abeyonnis, Martha Ellen.

Elves — Charles Horne, John Laurens.

Brownies — James Smith, Daniel Soled.

Fairy Story — Charles Horne.

The guests of the afternoon were Mrs. S. B. Underwood, Mrs. Clo-

Elizabeth Austin and Mrs. Edward Austin.

# Bite yourself an Alphabet

That day he pretzeleered—and how!

Up and down Putnam Valley he was known as Putnam's Prize Pretzeleer. And that day his first wisdom tooth had come through!... They found him feverishly biting pretzels with his new tooth—celebrating. Just one letter—a long line of

You don't have to have wisdom teeth to pretzelize. Even a youngster with his milk teeth can become a Grade A pretzeleer. O-So-Gud Pretzels are crunchy because they're so crisp and brittle. And they're crisp and brittle because they're made that way—with a fine, brave salty flavor baked right in. If you like soup, you'll like pretzels with your soup. They help the soup. Same way with salad. Same way with dessert. Nothing better with gingerale. Eat them before you go to bed. They're that easy to digest. And the family doctor—if you've got a family and a doctor—will say "fine for the youngsters."

O-So-Gud Pretzels are made by the Uneeda Bakers. Almost any dealer can be persuaded to sell you some.

## O-SO-GUD PRETZELS

O-So-Gud is the pretzel shaped pretzel that pleases particularly practical pretzeleers. Has holes.

unlighted vehicles on our highways at night, despite the fact that there is a law against them. In the past there have been numbers of serious accidents resulting from unlighted vehicles and now that they are barred from the road, officers should see to it that the law is enforced. There is nothing more dangerous on the road at night than an unlighted vehicle and to permit them to continue to travel the highways is inviting a disaster. "A stitch in time saves nine," says an old adage, and the same method will prove the case worth while in the case of the unlighted vehicles. Strict enforcement of the vehicle light law will no doubt mean the saving of numbers of lives in the future.

**LET OTHERS FOLLOW**

Congratulations to the Tobacco Board of Trade for its action last night in declaring complete holiday for next Friday, November 11, Armistice Day. Other businesses of the city should follow the lead of the tobacco market in declaring holiday for that day and devote the day to the celebration that it deserves. Let's make the coming Armistice Day celebration the greatest event of its kind ever held here by joining in 100 per cent strong.

**ABOUT TOWN**

General Lawrence Tyson, U. S. Senator from Tennessee, was a pleasant visitor to the Reflector office yesterday. Being a native of Pitt county, he had lots of complimentary things to say about the progress the section has made during his fifty years of absence. He reminisced in a most interesting way of the old days, recalling numbers of characters who played an important part in mould-

ing the destiny of this section of the state. "Do you remember so-and-so General?" queried a member of the staff. "That I do!" was the instant reply. It was wonderful the way he could recall happenings of the old days when he was quite a young man and took an active part in the life of the community.

"I shall always remember the country in which I was born and in which many of my relatives reside. It is one of the best parts of the country and is destined to become even greater than it is today." The first of the 91 day exercises will take place during exercises on the night of Nov. 11. This will be under the direction of Captain Carter Jones, of the local military unit.

"Congressman Bulwinkle's address at the college will be one of the highlights of the program. The public is given a cordial invitation to take part in observance of the day, and we are hopeful of having a big crowd on hand."

"Judge Lyon's long service on the superior court bench is playing an important part in this session of Pitt county criminal court," remarked a read of this column today. "It has been a long time since work has proceeded with such rapidity. The calendar has been cleared of a number of cases, and many others are due to be completed before the end of the week. Judge Lyon has a way of pushing things along and his efforts are meeting with most gratifying success."

General Lawrence Tyson, of Tennessee, who delivered the memorial address at unveiling of the statue to Tyson here at Greenville Wednesday, has been honorably mentioned as a candidate for vice-president of the United States. He is one of the outstanding politicians of the state. Tyson is the United States Senator from Tennessee and has probably the highest office in the state. He is the distinguished Pitt county

declined to commit himself, but stated that such a movement had been started by his friends in various parts of the country. "You had better get in the race, General," he was told by a reporter. "There are enough descendants of the Tyson family in this section to elect you."

**Teachers Meet In Raleigh**  
Raleigh, Nov. 4—AP—School teachers of the North Central Dis-

trict of the North Carolina Education Association went into annual session here today for the discussion with education leaders of plans for betterment of education conditions and lay plans for the future. E. L. Best of Louisburg, district chairman, is presiding. Dr. A. T. Allen, state superintendent of public instruction and Jule B. Warren, secretary of the state association, were speakers. Tonight the teachers were to hear Dr. Marie Woodring, Columbia University, and Dr. Frank McMurry, Columbia University.

Departmental meetings in which the various groups of teachers will discuss their particular grades or subjects, were on the program. County government acts; the duties of administrative officers and other topics are up for discussion. The meeting will close tomorrow at noon.

**"Close-up" Music is rich—lavish in volume**

It brings you the elusive individuality of each instrument, you are conscious almost of the personality of each musician! Banjo, trumpet, clarinet, and sax—each speaks out to you, not as orchestral instruments submerged in ensemble sound, but silhouetted and precise as a solo! . . . Do you like jazz? Then hear it on the Edison! Listen to its moaning blue notes, its sparkling phrases, its background of pulsing bass! All, all are there! . . . Do you prefer the classics? The Edison brings them to you as their composers would have you hear them—and with all the elusive shadings of the interpreting artist . . . The Edison has been perfected by Thomas A. Edison on the 50th Anniversary of his invention of the phonograph. It marks a new epoch in the science of musical recreation . . . and in the enjoyment of music in the home. We invite you to come in and hear the new Edison—the instrument that brings perfect music to you whenever you want it, as long as you want it, without even the annoyance of changing a needle!

# NEGRO DRAWS ROAD TERM

## Isaac Anderson Sentenced to 12 Months On Roads on a Charge of Larceny.

Isaac Anderson, colored, was sentenced to twelve months on the county roads on a charge of larceny, yesterday by Judge C. C. Lyon, of Elizabethtown, presiding over the one week term of criminal Pitt county Superior court now in progress in this city. The charge grew out of the theft of a watch and other articles which Anderson is alleged to have stolen in this city several weeks ago.

S. R. Gordon, charged with driving an automobile while drunk, paid a fine of \$50 and cost of action and was ordered not to drive a car in the State within the next three months.

Roy Cannon paid a fine of \$100 and cost on a charge of driving a car while drunk. Judgment was suspended upon payment of cost on a charge of transporting whiskey.

Judgment was suspended in the case of Dave Bennett, charged with trespass.

Charged with driving a car while drunk, James Whichard was required to pay a fine of \$100 and cost

and ordered not to drive a car for a period of one year. Sidney Peyton, colored appearing on a charge of driving a car while drunk, paid a fine of \$50 and cost and was ordered not to drive a car within the next twelve months. Henry Ward, colored, was fined \$50 and cost on a charge of carrying a concealed weapon.

Court yesterday afternoon began work on the case of Isaac Cox, John Henry Wilson and Robert Churchill, Ayden negroes, charged with aiding and abetting in murder. The solicitor announced that he would ask for a verdict of second degree murder. The case went to the jury shortly after court convened this morning and a decision was expected sometime this afternoon.

## Wake Forest Man Badly Injured In Automobile Wreck

Raleigh, Nov. 4.—(AP)—Following two narrow escapes from death when his automobile plunged thru a bridge thirty feet to fall in the direct path of a train, Dr. J. A. Yarborough, Mayor of Wake Forest, and a prominent dentist of that town, lay today in a Raleigh hospital in a critical condition.

The accident took place yesterday as Dr. Yarborough was returning to Wake Forest from Raleigh. The car plunged through the railing of the bridge and landed right side up on the railroad tracks.

Dr. Yarborough managed to crawl from his car just as a train thundered down the tracks. He was snatched from in front of the train by H. L. Macon, a farmer, who rushed him to the Raleigh hospital in his car. Dr. Yarborough's car was smashed by the train.

The injured man was suffering from hemorrhages when he arrived at the hospital. Today he was reported as resting quietly.

## Mrs. Grayson Off For Denmark Today

New York, Nov. 4.—(AP)—Mrs. Frances Wilson Grayson announced today that she was sailing on the Majestic tonight to make by steamer and train the journey to Denmark she three times tried and failed to make by air.

In Denmark, she said, she will join Mrs. Ange Acker, of Aiken, S. C., and Copenhagen, her partner in ownership of the Amphibian plane, the Dawn, in which Mrs. Grayson had hoped to be the first woman to fly the Atlantic.

The flight of the Dawn indefinitely postponed yesterday after failure of negotiations to obtain a pilot to succeed Wilmer Stultz, who was at the controls of the three unsuccessful attempts. Clarence Chamberlin and Bernt Balchen, both of whom have already crossed the ocean by air, and Prulein Thea Roache, German stunt flier, had previously been mentioned as possible co-pilots with Mrs. Grayson.

Mrs. Grayson said she had no plans to announce in connection with her trip to Europe but might have some when she reaches Southampton after conferring with Mrs. Ancker by wireless enroute.

# Tomorrow - Last day of Our Spectacular Offering on the Nationally Famous

## NAPANEE DUTCH KITCHENET

### Growing Children Need Vitamins

It is all important for the welfare of the young child and its normal progress in growth and health—the formation of a strong bone structure, that the body be kept adequately vitamin-nourished.

The handicap that so often hinders the normal progress of children, is a failure to obtain from the daily diet a full quota of essential vitamins, the kind that abound in emulsified cod-liver oil, as in Scott's Emulsion.

To children who are pale, under-weight, inclined to weak, soft bones or rickets, and who evidently are not obtaining the needed vitamins, give emulsified cod-liver oil in the form of

### Andrew Jackson Born in S. Car. Says Old Letter

New York, Nov. 4.—(AP)—The New York Times says today it has been informed that a letter, signed by Andrew Jackson in 1820 and declaring definitely that he was born in South Carolina in 1767, has been found in an old trunk in an attic in Craddock, Va.

The letter, the Times states, seems to settle definitely the question that has for more than a century prevailed among historians and citizens of North and South Carolina as to which of the two states was his birthplace.

In biographies the birthplace is generally listed as being in dispute. Thomas C. Benthall passenger agent of the Old Dominion Steamship Company, reported finding the letter in the attic of his home. It was addressed to Thomas Watson, of Baltimore, Mr. Benthall's great uncle. The text of the letter is written in a hand thought to be Jackson's secretary's but a handwriting expert attested that the signature is Jackson's own.

building at Barre, Vt. and one man in Pittsfield, Vt.

The storm seemed to have centered its fury at Rutland, Va., all railroad connection with the outside world was cut off. Torrents poured over highways, hundreds of householders took to boats and rafts, telephone service was virtually non-existent and the city was without light or power. A company of national guards was called out.

Conditions at Ludlow, New Port, Bennington, Springfield and Barre were scarcely better.

A Canadian Pacific wrecking train dispatched to repair a washout near Orleans was marooned by rising waters which had already forced abandonment of numbers of automobiles on highways.

From Bethel, Vt., came word that ten bridges had been destroyed. Two large power dams at Mortonia were in danger.

In western Massachusetts, North Adams, Adams, Pittsfield and Westfield with a number of smaller places were victims of turbulent streams and unabating rain.

A score of houses were swept away at North Adams when the North and South Branches of the Hoosac River ran riot. National Guards men assisted police and

firemen in relief work. The Beaver Dam was dynamited to save other structures.

At Adams, the Berkshire Paper Company's dam was dynamited to save the plant.

At Lee, Mass., another dam was blown up while at Dalton four mills including the government paper machinery of Crane and Company had to be closed.

history of the State when the Farmington, Mad. Still, and Naugatuck Rivers went on a rampage with resultant widespread damage. Winsted, Torrington and New Hartford were especially affected.

# "Mary Boland is right—Lucky Strikes are the most enjoyable"

Said Jean Ackerman to Murrel Finley, Blanche Satchel and Myrna Darby while they rested between acts of The Ziegfeld Follies.

Mary Boland, the Delightful Actress, writes:

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

"For a number of years, I noticed that Lucky Strikes were the overwhelming popular cigarette with most actors. It was only natural, when I started to smoke, that I try Lucky Strikes. Now I know it is rightfully called 'the actors' favorite.' It is the most enjoyable cigarette and results in no throat irritation or harshness and this means everything to us of the stage."

*Mary Boland*

### NEW ENGLAND STATES SWEEPED BY WORST FLOODS IN YEARS; MANY DEATHS ARE REPORTED

(Continued from page one)

ett, Mass., by the bursting of a reservoir, is reported in a dispatch from Hinsdale, Mass., to the Albany Evening News.

Four hundred houses were swept away, according to the report and one woman was drowned.

The villagers were warned before the reservoir burst, and all took to the hills.

The report received here said hardly a house in Beckett was left standing, and all the stores were swept away. The tracks of the Boston and Albany railroad were ripped up for a mile.

Beckett is a village in the Berkshires, between Pittsfield and Springfield.

Boston, Nov. 4.—(AP)—Floods of unprecedented volume gripped three New England States today.

Five persons were reported drowned, property losses mounted into the millions, railroads had washed out roadbeds, cities were cut off from light and power, hundreds of persons were homeless.

Vermont was hit hardest but western Massachusetts was a close second while Connecticut reported substantial inundations.

The fury that 18 hours of torrential rain let loose was unabated today. The Chittenden dam six miles above the city of Rutland, Vermont, was in danger of collapse.

Swollen streams were bursting their banks and new bridge perils loomed hourly. The dead included two and possibly three persons believed to have drowned in a submerged sedan in a Westfield, Mass., street, two caught in collapsing

**Nursing Record in Two Continents Hard to Equal**

When Wain of New Brighton writes "After fifty-five years of tireless labor nursing mankind, I am now retiring. While nursing in New York many years ago, I was poisoned by food, my sister for some recommended your wonderful CARTER'S LITTLE LIVER PILLS. The doctor told me that I would have died had I not taken the pills. I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, sick headaches and constipation. These pills are indeed a wonderful laxative, being purely vegetable, small and easy to take, children, as well as oldest people can swallow them easily."

# Market Report Cotton--Stocks--Grain

**COTTON**  
New York, Nov. 4.—(AP)—The cotton market was quiet today with fluctuations rather irregular. Early advances of 11 to 15 points were followed by reactions which carried the market a few points below yesterday's closing figures during early afternoon, but much of the business was attributed to further liquidation of outstanding accounts for over the week end and the approaching government reports. The mid-afternoon market was still quiet, at about yesterday's closing quotations. Futures closed steady, 4 to 20 higher; spot steady, middling 21.20. Open High Low Close P. C.

**WHEAT**  
Chicago, Nov. 4.—(AP)—Down-turn in wheat values today disclose a dearth of buying support and forced into operation numerous standing orders to sell out at various set limits and thus stop losses to holders. Export demand today was decidedly slack and continued to spite breaks in price. There were predictions that as soon as fall plowing is out of the way, farmers will make heavier deliveries of wheat at interior points. Wheat closed untraded 1 to 1 1/2 net lower, corn 1-8 to 3-8c down, oats 1-8 to 1-4c off and provisions varying 1/2c decline to a shade advance.

January, 1927, and on the 13th day of April, 1927, the undersigned Receiver of Eastern Carolina Warehousing Corporation will offer for sale as public auction on the day and at the hour hereinafter noted the real estate embraced in the description hereinafter given: Tuesday, November 15th, 1927, at 11:00 a. m.

**Ayden Warehouse, Ayden, N. C.**  
The following described tract or parcel of land, lying and being in the county of Pitt, State of North Carolina, in the town of Ayden and more particularly described as follows, to-wit:—

Lying and being situate in the town of Ayden, N. C., and beginning at an iron stake on Main or Second street, according to the map of said town, W. B. Alexander's southwest corner and runs with his line a northerly course 300 feet to First street, extended; thence a westerly course with First street, extended, 132 feet to an iron stake; thence south 2 1/2 west 300 feet to an iron stake on Main or Second street; thence an easterly direction with said Main street 155 feet to the beginning, and being the same parcel of land set out and described in that certain deed executed by Exum Dail and wife to E. J. Gardner, dated May 7th, 1915 and recorded in Book G-11, page 280, Pitt County Registry.

This sale will be conducted on the premises described. Each piece of real estate described above will be offered for sale as a unit, or as authorized by order of the Court and offered for sale in smaller units or parcels of a job division within the discretion of the Receiver.

The general terms of the sale will be that the property shall be sold for one-third cash, the balance payable in two equal installments due one and two years from date of sale, the deferred payments to bear interest at the rate of six per cent per annum from date of confirmation to be secured by notes of the purchaser and standard first mortgage on the property conveyed. High bidder of each parcel offered for sale will be required to deposit with the Receiver certified or cashier's check for 10 per cent of the amount of his bid. All real estate shall be sold subject to removal from the said real estate all personal property, including warehouse scales, within sixty days after confirmation of the sale.

All bids and proceedings at such sale will be subject to confirmation or rejection by the Court. Upon confirmation of any sale, the 10 per cent deposit by the bidder shall be applied on the bidder's required cash payment.

W. G. Bramham, Receiver  
Eastern Carolina Warehousing Corporation.

### LOCAL NEWS

Mrs. D. E. Taylor, of Norfolk, Va. and Mrs. Farrell Gray, of High Point, are visiting their parents Mr. and Mrs. A. H. Critcher.

Mrs. W. H. Dail and Mrs. W. M. Scales returned today from Richmond, Va.

Miss Minnie Exum Sugg left yesterday for Wilkesbarre, Pa.

Mr. and Mrs. C. A. Tyson, Miss Mary Thorne Tyson and Mrs. Melissa Tyson motored to Greenville Thursday evening.

**Announcement**

Miss Lelia Higgs, representing the Parkdale Studios of Interior Decoration, of Greensboro, N. C., will be in Greenville during the month of November and will be glad to call by appointment to assist you in your house furnishing problems.

**MRS. HARVEY DAIL IN RICHMOND HOSPITAL**

Friends of Mrs. Harvey Dail will regret to learn that she is in St. Luke's hospital, Richmond, Va., for treatment.

**HOLINESS CHURCH HOLDING REVIVAL**

The revival meeting is going on in the Pentecostal Holiness church on the corner of 13th and Reade streets.

W. W. Berry, formerly from South Carolina, but now of Falcon, Ga., is preaching. His sermon being greatly enjoyed.

Mrs. J. N. Williams has part very satisfactory. The whole is making a fine record.

**Form Picketing In Colorado**

Colo. Nov. 4.—(AP)—A mass meeting of "General Picketing" was held in the Colorado coal fields by protesting circulation of petitions from life workers through which they plan to present their demands to the industrial commission and to operators.

Circulating the petition was approved by Governor W. H. Adams after two mines in the Walsenburg area closed yesterday following mass meetings staged by strikers on company properties. The governor previously announced that while patrol of mines by strikers was illegal there was nothing to prohibit mass meetings.

**BERLIN AUTOS INCREASE**

Zepher—(VINS)—Berlin's total of privately owned motor cars is increasing at an astounding rate. Since the first of January the number of registered cars has been increased by 11,000.

Statistics show that about 83 per cent of the traffic is done by automobiles. The total of motor driven vehicles in Berlin is about 65,000.

### Alleged Murderer Of Don Mellett Gets New Trial

Youngstown, Ohio, Nov. 4.—(AP)—S. A. Leng, former chief of police of Canton, convicted of first degree murder in connection with the killing of Don R. Mellett, Canton publisher July 16, 1920, was granted a new trial today by the District Court of Appeals, sitting here.

The new trial was granted on account of insufficient evidence to sustain the verdict, error in the trial court's charge, admission of incompetent testimony and a remark alleged to have been made by a woman juror, before she was accepted, that she thought Leng was guilty.

Lengel is now in the Ohio penitentiary, serving a life sentence, the jury which convicted him recommending mercy.

**Buys "Elegy" For \$4,500**

New York, Nov. 3.—(AP)—A copy of the first issue of the first edition of "Thomas Gray's 'Elegy in a Country Churchyard'" has been sold to Charles Sessler for \$4,500 in an auction of books and autographs from the library of Jerome Kern, the composer.

Bring them to us.

### TODAY

(Continued from Page One.)

do under certain circumstances, unless he has been tested under those circumstances.

R. H. Grant, super-sales manager of General Motors, back from a circuit of the country's large cities, reports "exceptionally good conditions in the southeast and southwest on account of cotton; excellent in the northwest on account of wheat; and improving in the middle west as a result of a bigger corn crop than was expected."

Mr. Grant's impressions are reliable, based on the ability of

people to buy automobiles. His agents' reports, read on his return to Detroit, confirm his views. Mr. Grant found that they had sold in October 112,064 Chevrolet cars, against 50,747 Chevrolets in October 1920. There seems to be prosperity throughout the country.

Mr. Edison says European nations "will war on us sooner or later." Perhaps they WON'T. By

fighting us they might save ten ten thousand millions they owe us. But to cross the ocean and conquer even one narrow strip of this country would cost more than the ten billions they might save. And can save that sum more economically by not paying us.

Europe, however, might cost this country many billions by one single air raid, if the United States should remain unprotected in the

air. Japanese unable to read or write are allowed to vote for the first time. The illiterate, more than others, need the vote. If their government makes them happy, they vote FOR it. If it makes them unhappy, they vote AGAINST it. That's the essence of voting. Therefore, it was wise to let women vote. They won't accept excuses, or torch light parades, in place of results.
