This part of the pro-

gram was immensely enjoyed. President Robert H. Wright made a short speech in which he touched upon the co-operation of the town and the college and also the social activities of the college. He expressed the appreciation of the fact that the college at last had a building in which to have its social activities. He incidentally mentoned the fact that the Campus building, which is the center of the social activities of the college is coming to be one of the most used buildings on the campus.

Short and appropriate speeches were made by Wiff Rogers and Billy Woolard, presidents, respectively, of the Rotary and Kiwanis clubs.

# GORMAN'S MARKET REPORT

GORMAN'S has first sale Monday, second sale Tuesday, first sale Wednesday and second sale Thursday. The market will be closed Friday on account of Armistice Day. We also get first sale Monday the 14th. Sales have been large this week. Gorman's sold 817,160 pounds for \$239,646.04 averaging \$29.33 for all sold Our Monday's sale of 259,498 pounds averaged \$31.72. This is the highest average we have heard of any house making the season for so large a sale Lots of tobacco has been too high in order this week. Prices on tobacco from thirty two cents up (except for wrapper grades) have been easier, while the grades below 32 cents have been higher the past three days. Wrappers have held up and are as high as they have been at any time. Our Friday's sale of 230,922 pounds brought \$66,-069.21 and averaged \$28.61, for all sold and we had lots of common tobacco and but a few loads of fine tobacco. No one can get you more for your good and fine tobacco than GORMAN. We know them and are not afraid to bid and hold our bid, at what we start them, which is close to market value. The market blocked Friday but this will not interfere with our starting our sale at nine o'clock Monday, as we finished our sale and have a clean house. We give you a few sales made Friday. Send us your next load. We now have plenty of baskets and labor and can unload you promptly.

### GOV. SMITH TO COL. ROOSEVELT

In his reply to Col. Roosevelt Gov. Smith hammers home certain points, both as to the facts and the law, on JOY RIDE PROVIDES which Col. Roosevelt has been sadly muddled. The Governor of the State has no power to investigate the affairs of counties except where charges of neglect of duty against county officers are presented to him. In Montgomery County it was not a milk scandal that was investigated but charges of larceny in the distribution of funds paid as indemnites to owners of slaughtered tubercular cattle. In Montgomery County, on charges, any kind of marred face. three officials were investigated, and again in Saratoga County, on charges, three county officers were investigated. In Albany County, on the other hand, no charges against any official; a complaint was made, was referred by Gov. Smith to the local District Attorney of the city's center, have better air and action was taken.

If Col. Roosevelt will look into the law and the facts in each case it may help to cure him of some measure of ignorance if not the habit of reckless misrepresentatlon .-- N. Y. World.
