New York Nov 14-(AP)-If there is any outstanding development of the 1927 college gridiron campaign, it is the rapidity and thoroughness with which favorites among the major elevens have been bowled

About this time a year ago sages of the gridiron were echoing around the prowess of such crack teams as Navy, LaFayette and Brown in the east; Alabama in the south Notre Dame in the middle west, Southern Methodist in the southwest and Standford on the Pacific coast.

All seven of these outfits were traveling at top speed, seeking sectional or national honors, and all but Notre Dame, victim of Carnege, finished their season undefeated although LaFayette was the only team to avoid so much as a

The latest performance of three of the east's greatest individuals stars, Gibby Welch, of Pittsburgh... Al Masters, of Dartmouth, and Dud Charlesworth, of Yale, have focused the all-American spotlight on them to a convincing extent.

All three have been conspicu ously brilliant right along but they id themselves last Saturday Welch, Pitt Captain and halfback ran the opening kickoff back 93 yards for a touchdown and otherwise distinguished himself in leading his team to victory over Nebraska. Yale-Harvard Annual Clash Next Saturday

New York, Nov 14-(AP)-The approach of another Harvard-Yalc football game signalled to eastern fandom today that the end of the 1927 gridiron season was in snght. For generations now the clashes of these two bulwarks of the shattered "big three" have drawn colcrful throngs to the banks of the Charles or to New Haven for battles that off times crowned a sectional or even national champion. And this fall finds the situation unchanged, with Harvard alone barring Yales drive to the head of the eastern pigskin legionions.

In Harvard's huge concrete horseshoe, Yale will fling an eleven next Saturday that has humbled Army -conqueror of Notre Dame-Dartmouth and Princeton, while Harvard can throw only an eleven that has met defeat every other week since the start of the season. Ony Georgia, leading candidate for national honors, has been able to whip Yale this season.

The performance of both against Yale, for instance, are illuminating Wittmer gave the Elis a number of record against the blue. Toting the yards through Yale's defense, but two weeks previously against the same Blue Line, Masters acounted for gains of 158 yards in 20 times he handled the pigskin.

Not since Red Grange, as a more, flashed across the gridiron in 1923, to gain an all-American post, has any youngster gotten off to a snappier start than Wittimer or Masters.

Musicians Give Fine Program At **Teachers** College

On Saturday evening at eight o'clock in the auditorium of the Cam pus Building the college and people of Greenville were given a real musical treat in the program recital by the renowned Russian trio, Leo Jan and Mischel Cherniavsky. The program consisted of trios for piano violin and celli, and groups of solos on each instrument.

Although each of these brothers is an artist of decided individuality and strong personality, their ensemble was unsurpassed in unity of ex pression, rhythm, and interpretation. In addition to the regular program, eight extra numbers were given, the large audience was most enthusiastic, and the artists gen erous. appreciating the quiet, intelligent listening

HE smart woman plans her Autumn wardrobe with "line" as the starting point.

Modart creations are based on the new trend. Each model considers the figure from a standpoint of style; a slight curve at just the right place, a straight flat line where there may be too much curve and the lovely, graceful proportions of the feminine mode are the result.

The Fall selection of Modarts is presented in original designs, developed in fabrics of quality, and each model has a purpose.

GORMAN'S MARKET REPORT

The sales finished each day last week except on Monday, Wednesday's sale all finished before dinner. The market may block today but after today's we look for no more blocks this season. Gorman's sold last week 579,724 pounds for \$168,422.45 averageing 29c for all we sold. Prices on tobacco up to thirty one or two, especially in the lug grades (cigarette types) are higher than they have been, while the leaf grades above thirty two cents are right much under what they were a week or ten days ago, unless it is a wrapper and then prices are about like they have been. Gorman's has had but few loads of fine tobacco last week and when we sold these they were up as to past two weeks. Our customers after seeing the other sales here and on other markets have been satisfied. Many told us ours was the best sale as to prices they had seen and some who sold with us for the first time this season told us we made them the best sale they had made on their crop. It will pay you to send us your tobacco or come see our sales and compare prices before you sell. If you do we believe we will sell the balance of your crop. We never try to mislead any one but give facts, figures and conditions as we see them and advise you as we believe for your own good whether it is against us or not and those who have followed our advise in the past have made money by so doing. We have 1st Second Tuesday, First sale Wednesday, First sale Thursday C. S. S. S. J. THE and Second sale Friday, also First sale Monday 21st, Second Sale Tuesday 22, First Sale Wednesday 23.
