## CHAMBERLAIN HAS DESIGNED NEW AIRSHIP

### Trans-Atlantic Flier Provides for Aviation What Ford did For Auto World.

New York, Nov. 21.—(AP)—A \$2,500 "flier" monoplane has been designed by Clarence D. Chamberlain to provide for aviation what Henry Ford has given to the automobile world.

Through a system of mass production similar to that employed in the Ford automobile factory, the trans-Atlantic flier said he expects to be able to market a "fool proof" plane at between \$1,200 and \$1,500. The first models would cost about \$2,500, he said.

Chamberlain was said to have invested all of the prize money he received from his flight to Germany in the Chamberlain Aeronauts Aircraft Corporation, a \$500,000 concern to build the plane of which he has dreamed. The ship will have a body about 25 feet long and wing spread of about 30 feet.

"Small planes have been my favorites," Chamberlain said, "and it has been my plan to develop one that will be absolutely foolproof, within the means of the average person and requiring as small a space as possible for taking off and landing."

Free flying instruction will be given purchasers of the "flier" planes, Chamberlain said, in announcing that his company would establish a chain of airplane schools throughout the country for this purpose.

Quantity production will start after the first of the year, Chamberlain said. The plane will be a two-seated monoplane, weighing about 500 pounds, and will be equipped with a small air-cooled motor of foreign design developing from 60 to 75 horsepower. Its maximum speed will be about 100 miles an hour and its landing speed 10 miles an hour. Later, he said, the motor will be manufactured in this country.

## BOOST DAWES AS PRESIDENT

### New York Politicians Mystified by Quiet Activity For Vice-President.

New York, Nov. 21.—(AP)—The New York World, Democratic, says today the politicians of New York State have been highly mystified by the uprising of a great deal of quiet activity on behalf of Vice-President Dawes as a possible candidate for the Republican nomination for President.

The campaign is without apparent leadership, the World says, but is causing worry to those who are trying to bring about the nomination of Charles Evans Hughes, and is also serving to create a community of interest between supporters of Hughes and those interested in making Herbert Hoover a candidate.

Growth of the boom for Frank O. Lowden of Illinois is said by the World to be a factor favorable to the Vice-President. The feeling is general, the World says, that if it appears early in the convention that Lowden cannot be nominated the bulk of his strength will be shifted to Dawes.

Frank H. Hitchcock, postmaster general under President Taft to whom the World says some political leaders thought they had traced the Dawes boom, said he had heard of no particular campaign on behalf of the Vice-President.

## Doty To Appear Before Military Board in France

Paris, Nov. 21.—(AP)—Bennet J. Doty, American member of the French Foreign Legion, will probably be brought before a military board of review at the first favorable opportunity for an inquiry on the basis of his health into the possibility of his release from service. It was learned today from an unquestoned source.

Doty, who enlisted as Gilbert Clare, of Memphis, Tenn., deserted in Syria, was arrested and later performed after serving part of his eight year sentence for desertion, now serving out the remainder of his enlistment in Algeria.

## ONE DEATH AND SIX INJURIES IN S. C. FIRE

### Building Occupied by 5 & 10 Store Collapses When Fire Guts Second Floor.

Greer, S. C., Nov. 21.—(AP)—One man was killed and six others injured perhaps seriously, when a building occupied by a ten cent store collapsed here today after fire had gutted the second floor.

The body of Carl Miller of this city was taken from the debris soon after the collapse and search was being made to ascertain whether or not others might be buried in the jangle of timbers. J. G. Scott, Greenville fireman, Russell Shields, of Greer, and four others were taken to a hospital at Chick Springs for treatment of their injuries. Several had broken bones.

Several had broken bones. "Eliminary examinations by physicians here indicated.

The injured are, Russell Shields, Greer fire department, seriously injured.

J. G. Scott, Greenville fire department, not serious.

Vernon Fleming, Greer fire department, not serious.

Leon Flynn, chief of Greer fire department, not serious.

Two other persons not seriously injured and names not obtained.

Damage was estimated at \$50,000.

The building, occupied by the McLellan five and ten cent store and a pressing club, was owned by M. L. Lanford and Mrs. Lela W. Cunningham. The fire originated in the pressing club.

## Says Rumanian Regency Cannot Be Overthrown

Bucharest, Rumania, Nov. 21.—(AP)—Ionel Bratianu says he rules Rumania as premier today because King Ferdinand when dying believed that the government would be safer in his hand than any other.

The premier denies that he came into power by force.

"The liberal party has affirmed constantly that Rumania can prosper and develop only with the hereditary monarch," the premier, who left the sick bed after an attack of influenza, told The Associated Press correspondent. Reports that he as dictator desired to establish a republic, Mr. Bratianu characterized as fantastic.

"I did not come into power by force, but at the wish of a man whose competence has never been questioned—King Ferdinand—who, realizing he was dying, believed the government would be safer in my hands than any other," he said.

All attempts to overthrow the regency, which rules for the six-year-old King Michael, will fail, the premier said, and it will run its allotted course of twelve years.

## Richmond Man Charged With Woman's Death

Richmond, Va., Nov. 21.—(AP)—John W. Faison, secretary and manager of the Hermitage country club, faced a former charge of murder today in connection with the death of Mrs. Elsie Holt Snipes, who died from bullet wounds soon after she was taken to a hospital by Faison last Wednesday morning.

Bond in the sum of \$10,000 was made by Faison soon after he was taken into custody on suspicion, and with the formal charge placed against him over the week-end it will be necessary to arrange for a new bond.

## BELIEVE SMITH WILL GET BIG VOTE IN SOUTH

Friends of New York Governor Will Not Try to Change Two Thirds Rule.

New York, Nov. 21.—(AP)—The New York Times says today it has learned from an authoritative source that friends of Governor Smith will make no effort to change the requiring a two-thirds vote to nominate the candidate for President at the Democratic National convention.

The Times, which is friendly to Smith, says a survey of the national political situation has convinced friends of the governor that there is little likelihood of his opponents getting a block of more than third dry, anti-Catholic delegates.

The governor's supporters, the article continues, believe the agitation against the two-thirds rule would prevent the feeling that might prevent the governor's selection, should he be nominated, and that it would be well for the sake of party harmony to avoid any conflict over the rule.

Barring a change in the situation, the Times says, the governor's friends here are convinced he will have a two-thirds majority.

After the early ballots, the article goes on the governor is expected by his friends to win considerable support from the Southern States. Enforcement of the unit rule by direction of the State conventions, the article points out, might prevent a number of Smith votes being cast by some of the Southern delegates.

Because of a desire to show courtesy to favorite sons and other candidates there will be no fight for Smith votes among the delegates from Missouri, Ohio, Maryland, Indiana, Montana and Nebraska, the article says.

## PLAN SYSTEM FOR CONGRESS

Sustains Gift Tax  
Washington, Nov. 21.—(AP)—By a vote of 4 to 4 the Supreme Court today sustained the gift tax imposed by the Revenue Act of 1924.

The tax, which was written into the law in that year, remained on the statute books only two years, being repealed under the revenue act of 1926. It was imposed in an effort to check evasions of the estate or inheritance tax and was sponsored by Chairman Green, of the House ways and means committee, but its friends failed to muster sufficient strength in 1926 to keep it in the law.

## Receive Message From Arctic Band

Hartford, Conn., Nov. 21.—(AP)—A storm sweeping out of the Arctic wastes and raging inland over Anaktalik Bay, Labrador, where Commander Donald Macmillan and his expedition are wintering, made it impossible Saturday night to hear the Arctic broadcasting station KDKA at Pittsburgh. O. C. Rodimon, operator at the headquarters of the American Radio Relay League here was in touch with Commander Macmillan's broadcast but the Commander said the storm interfered although WGY of Schenectady was heard for a short time Saturday night.

In the exchange of messages word came that all members of the expedition were well and that word had gone ahead on the winter house which is being erected. It was expected to observe Thanksgiving day by moving into the building.

## FLIER KILLED WHEN HIS PLANE CRASHES

Manila, Nov. 21.—(AP)—Lieut. Matthew K. Finn, stationed at Clark Field, Camp States-Mung, was killed there today when a pursuit plane which he was flying crashed to earth during bombing practice. The cause of the accident was undetermined. Lieut. Finn's home address was Washington, D. C. He entered the service in 1917.

## JUDGE SCORES NEWS PAPERS

Judge Meekins Tells Court Newspapers Should not Assume Too Much License.

Raleigh, Nov. 21.—(AP)—There should be a distinction between liberty and license in news representation, Judge Isaac M. Meekins said today in opening the semi-annual criminal term of federal court, faced with one of the shortest calendars in years.

The judge, dressed in his robe to inform reporters that "when a newspaper forsakes the liberty which it enjoys and assumes a license to abuse or misrepresent, it is no longer entitled to respect or protection, except, insofar as protection is afforded through constructive application of the law of the land."

He cited what he termed "some recent conspicuous examples of the abuse of the privileges of the courts accorded the press."

"The Leopold-Loeb-Mills case in Chicago; the Hall-Flanks murder case in New Jersey; the Browning divorce case in New York; the Snyder-Gray murder case in Long Island; the Aimee McPherson abduction case in Los Angeles and the Sapuro-Ford libel case in Detroit.

"These cases illustrate the distinction between freedom of speech and license of speech, and emphasize the necessity of applying restrictive measures to protect courts, and the sacred functions entrusted to them, against embarrassing and misleading exploitation by the press."

## Sieze Guns of Chicago Killers

Chicago, Nov. 21.—(AP)—Al Capone, marked for an assassin's bullet in a new gang war outbreak, owed his life today, he said, to the arrest of five men police believe had been chosen as his executioners.

The Cicero underworld leader and Tony Lombardo, head of theUnione Siciliano, were to have been shot down by rifle fire on one of their daily visits to the loop headquarters of Michael (Hinky Dink) Kenna, former first ward alderman.

Three guns which police are sure were to have been used against Capone and Lombardo were found mounted on stands in a room at the Atlantic Hotel, overlooking the Kenna quarters. The rifles were gained on the doorway of the cigar store Kenna operates, and binoculars were nearby, apparently to make sure of identification before the triggers were pressed.

## ROMEO PADGETT GIVEN HEARING AT LEXINGTON TODAY

Charlotte, Nov. 21.—(AP)—Three automobiles loaded with witnesses, lawyers and Romeo Padgett himself left here today for Lexington where Padgett will be given a hearing on a writ of habeas corpus before Judge W. F. Harding. Padgett is seeking bail on a charge of shooting Rural Policeman Henry Moseley.

## LIFE HISTORY GEORGE REMUS BARRED TODAY

Cincinnati, Ohio, Nov. 21.—(AP)—The emotional elaboration of the history of his recent life when George Remus had planned to lay before the jury in his murder trial was barred today from his opening statement.

When Walter R. Sibbald, assistant prosecutor, arose to make the State's opening statement, Judge Chester R. Shook ruled:

"Each side will be limited to two hours. Each side will make a plain statement of its case. There will be no emotion and no argument. There will be a simple statement of the facts that the evidence will bring out."

Sibbald, 6 feet 4 inches tall and with a voice that rivaled Remus' deep roar, asserted that the State not only would prove the first-degree murder charge upon which it asks Remus be electrocuted, but that there were others equally as guilty, "members of Remus' gang" and added:

"The State will show that in planning and preparing and carrying out this murder, Remus had the assistance and encouragement of others."

It would be shown that on the night of October 5, last, Remus went to the hotel where Mrs. Remus was staying, to kill her, said Sibbald. Mrs. Remus was shot to death October 6.

Charles M. Elston, associate counsel with Remus, interrupted the assistant prosecutor's talk to gain a ruling from Judge Shook that Sibbald should not say "murder" nor refer to a "Remus gang."

The State asserted it would show that Remus had not prepared any defense other than cold-blooded murder against the divorce suit he was to have faced an hour after the time he shot Mrs. Remus.

Sibbald's statement revealed George Kline, former Remus chauffeur, as one of his chief witnesses. Sibbald said it would be shown that on the morning of October 6, Remus lay in wait in an automobile outside Mrs. Remus' hotel, followed the taxicab to Eden Park, making no effort to catch the taxicab until it reached Eden Park, where the Remus car cut off the taxicab and Remus leaped out and shot his wife.

Ruth Remus, daughter of the slain woman and adopted daughter of Remus and Mrs. Grace J. Campbell of Miami, Fla., sister of Mrs. Remus, entered the courtroom today.

## BILL PROPOSES LEASE OF MUSCLE SHOALS

Washington, Nov. 21.—(AP)—Chairman Madden of the House appropriations committee, proposes to introduce at this session a bill sponsored by him in the last Congress proposing lease of the government Muscle Shoals properties to the American Cyanamid Company.

## FLOOD DAMAGE REACHES \$20,000,000 TOTAL TODAY

Washington, Nov. 21.—(AP)—Estimates in the hands of Secretary Hoover place the New England flood damage at between \$25,000,000 and \$30,000,000.

## SAYS HOOVER IS MAN FOR PRESIDENCY

### Henry Ford Thinks Former Food Administrator Would Make Ideal Executive.

New York, Nov. 21.—(AP)—Herbert Hoover, editor, who recently withdrew a \$200,000 libel suit against Henry Ford after the latter had apologized for anti-Jewish articles in the Dearborn Independent, today made public an interview with him in which the automobile manufacturer discussed a wide variety of subjects.

Mr. Ford believes that airplanes carrying 20 passengers will be in general use in five or ten years. He fears the world war was not the last. He foresees the rise of Russia and China through work. He praised Jewish enterprise and said the Jews deserved much credit because they spur others to work harder.

Mr. Ford spoke highly of Herbert Hoover, describing him as a man of extraordinary constructive achievement. He believed he would make an ideal President.

Unemployment and idleness breed wars and revolutions, the motor manufacturer told Bernstein at Detroit, in urging hard work as the agent for peace and progress.

Turning work "the only salvation of the world today," Ford asserted "Germany is one of the best examples of a nation getting on its feet again after a dreadful catastrophe. I believe that Russia will also come into her own. China will also readjust herself."

"I am not working merely for today, or only for myself. I believe that we should do all we can, not only for ourselves, but also for posterity."

"If I wanted to content myself with what I have done thus far," Ford said, "I could easily stop now. In fact, I could get along for the rest of my life with a few thousand dollars a year. That is all I need. But I would rather be busy."

Ford predicted trans-Atlantic air service five or ten years from now. He asserted American prosperity would continue to grow greater and greater.

"The Jews," he declared, "are achieving things everywhere because they work hard."

## FOUR STRIKERS KILLED TODAY IN DENVER, COL

### Nearly Score Wounded When Policemen Fire on Strikers and Sympathizers.

Denver, Colo., Nov. 21.—(AP)—First blood was shed in the I. W. W. coal strike in Colorado early today when the state policemen fired on several hundred strikers who stopped the Columbine mine of the Rocky Mountain Fuel and Iron Company, 30 miles north of Denver.

Four strikers were known to have been killed and more than a score were injured. Strikers asserted that from seven to ten had been slain but this could not be verified. Many of the state officers were injured.

Governor W. H. Adams ordered out part of the Colorado National Guard and declared martial law in the coal fields of northern Colorado.

Troops were on their way to the Columbine mine when the Governor signed an order shortly before 10 a. m. giving the National Guard absolute authority in the strike district.

Denver, Nov. 21.—(AP)—Responsibility for the deaths of those killed at the Columbine mine today rests squarely on the strikers themselves, Governor W. H. Adams declared in a formal statement.

"Chief Louis Scherf of the state enforcemen," he said, "was every patient with the advance strikers, and he ordered his men to fire on them when it appeared that his own life and those of his families were in jeopardy." The Governor said.

Denver, Nov. 21.—(AP)—Two unidentified strikers were killed and nearly a score were wounded early today when state policemen opened fire on several hundred strikers and their sympathizers who stormed the Columbine coal mines, 30 miles north of Denver.

The exchange of shots continued when the miners failed to heed orders from the police to keep off company property. When the demonstrations reached the police patrol line they started hurling stones and sticks, and continued their advance.

The casualties were the first since the I. W. W. called a strike in the Colorado coal fields Oct. 18.

Warnings had been issued by officials of the Mountain Fuel company, operators of the mine, that any attempt by the strikers to invade the property would be met with by gunfire.

One of the injured was a woman dressed in men's clothing. Nearly 500 strikers gathered outside the mine about 5 A. M. They were met at the gates by Louis N. Scherf, chief of the state law enforcement, and a dozen of his men.

The strikers were commanded to halt but surged through the entrance and engaged in hand to hand conflict with the guards.

Guns were wielded by the police but they were overwhelmed. The strikers used rocks, clubs and knives. Scherf rallied his officers and they withdrew to take up a new position. As the strikers approached again Scherf warned them to stop and fired the shots over their heads.

The advance was continued and the state officers leveled their guns directly into the ranks of the invaders and opened fire. After nearly a score had dropped, the strikers fled through the gates.

One of the injured was not expected to live and several others were seriously wounded.

## BEGIN TRIAL OF FLOGGERS

### Thirty-Four Men go On Trial in Luverne, Alabama, Circuit Court Today.

Luverne, Ala., Nov. 21.—(AP)—Opening salvos of the State's legal artillery were today directed at thirty-four men, named in 192 indictments that linked them with flogging cases of the past year, as Circuit Court of Crenshaw County opened here.

C. C. McCall, attorney general of Alabama, personally led the prosecution and announced that he would brook no move for delay on the part of the defense as the trials proceed.

Interest in the proceedings already at high pitch, had been increased by the announcement that Governor Ebb Graves would appear in the course of the trials as a witness.

The nature of testimony expected from the chief executive has not been revealed.

Among the 34 men indicted are J. B. Thompson, prominent Luverne attorney, and Rev. L. A. Nalls, former pastor of a Georgianian, Ala., church, who has not been apprehended by officers since his indictment.

A special Crenshaw County Grand Jury, in returning the 102 indictments recently involving 34 men, reported that "all the flogging in Crenshaw county had been committed by men wearing robes and hoods of the Ku Klux Klan," and that in every case the men implicated were "members of the Klan."

## Re-Elected

Cleveland, Ohio, Nov. 21.—(AP)—Louis J. Taber, of Columbus, Ohio, was re-elected mayor of the National Grange here today. It will be Taber's third successive term.

## Killed By Train

Castonia, N. C., Nov. 21.—(AP)—M. J. Sweet, 60, an employe of the Catawba Mill at Mt. Holly was instantly killed yesterday when struck by a Piedmont and Northern passenger train on the bridge over the Catawba River at Mt. Holly.

# MANY THRILLS PROMISED FOR THANKSGIVING

Atlanta, Ga., Nov. 21.—(AP)—The University of Georgia's "Batallion of Death" led by Horis McCray, "The Red Spectre" of the gridiron will claim the attention of Dixie this week as they meet the University of Alabama's Crimson Tide Thanksgiving Day at Birmingham, Georgia, riding high in the race for the National football title, however, remembers. They recall the pastings, expected and otherwise, they have received at the hands of Alabama, for five years hand running and will go to the New Stadium at Birmingham far from over confident. Word has gone hither and yon that Coach Wallace Wade of the Tide hopes for a renewal of form in his admittedly Great Squad.

Here's the record of Georgia for 1927 that Alabama will try to mar: Georgia 32; Virginia 0; Georgia 14; Yale 10; Georgia 33; Auburn 3; Georgia 32; Firman 0; Georgia 31; Tulane 0; Georgia 28; Florida 0; Georgia 32; Clemson 0; Georgia 26; Mercer 7.

But that's not all the cannonading that will reverberate over the south on the same afternoon. Virginia and North Carolina will be dedicating a new stadium seating 24,000 fans, at Chapel Hill. Its an ancient feud that the Tar Heels and Cavaliers will be renewing and although neither have had an overly successful season, they will forget everything if they can win in this game.

For more years than most folk remember, Sewanee and Vanderbilt have tested power on Turkey day at Nashville and when the commodores and Purple Tigers meet, past records mean nothing.

The same is true at Atlanta, where Auburn and Georgia Tech always tie up on that day. This year the Plainsmen come to Atlanta in the realization that it is their last chance of the season to win a conference game and plus that, they will be plying enemy.

Florida on the same day has Washington and Lee on hands at Jacksonville; Mississippi University Plays Mississippi A. G. M. at Oxford; Tulane tries Louisiana State at Baton Rouge; Kentucky has Tennessee on had at Lexington and North Carolina State meets South Carolina at Columbia.

## Sport Jots

(By The Associated Press) Although the football campaign is drawing its last gasp, distribution of the season's honors among college elevens in sectional strife goes over to the final whistle in most of the conference competition.

Illinois, of the Western Conference has been definitely installed as a standard bearer. The sectional situation shaps up as follows:

East: Yale strengthened a claim for recognition to a mythical Eastern championship by conquering Harvard. Yale's one setback this season was from an intersectional foe, Georgia.

Washington and Jefferson and Pittsburgh figure as the closest competitors with an undefeated record and one tie between themselves. Yale schedule finished but other elevens play next Thursday.

Western Conference: Illinois closed Western Conference season with five straight victories and no defeats. Ohio State falling as last victim. Minnesota also was undefeated with three triumphs and a tie with Indiana.

Missouri Valley Conference: Missouri and Nebraska stand tied for championship with four triumphs and one reversal apiece.

Southern Conference: Georgia continues with five conference victories, undefeated and untied. North Carolina, Tennessee, Georgia Tech and Vanderbilt in race as runner-up teams.

Southwestern Conference: Texas Aggies, with three victories and no setbacks leaders in their territory, face Texas University Thanksgiving Day, while Southern Methodist, in runner-up position with Arkansas, tackles Texas Christian on same date.

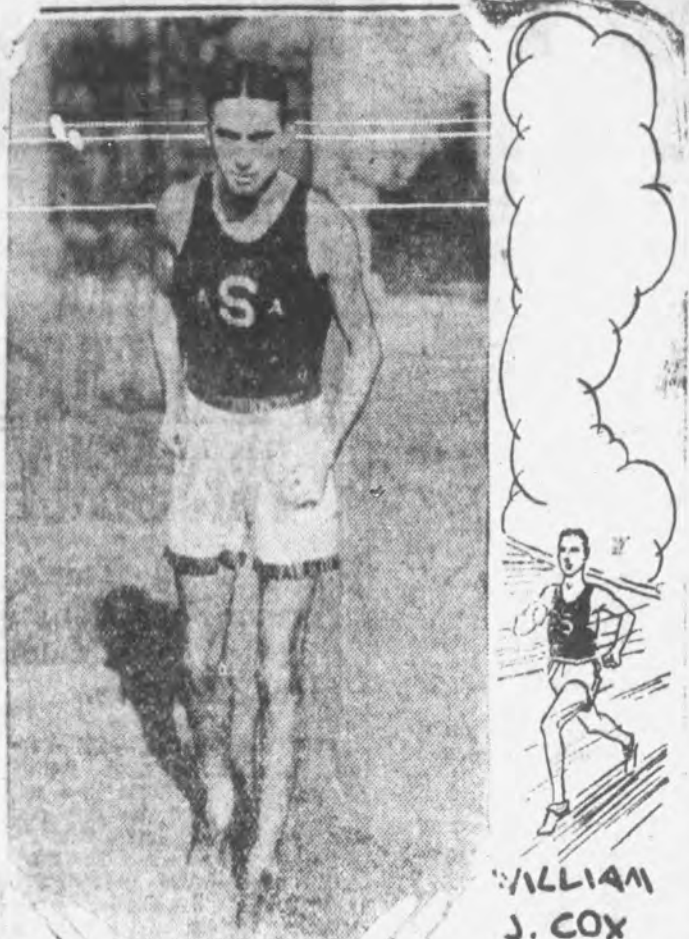

### Illinois Champions Of The "Big Ten"

Chicago, Nov. 21.—(AP)—Illinois has overthrown the Michigan dynasty ruling the Western Conference football world, and the "Fighting Illini" today are sole champions of the big ten with five scalps drying on the lodge pole.

Coach Zuppke seasoned his team with three preliminary games and they swept through the conference schedule without a defeat or tie. Iowa State tied the new champions in the last pre-conference game 12-12, with Suppke hiding some of his strategy for the big games to come.

Minnesota also finished its conference season without defeat but won only three games to five for Illinois and the Minnesotans were held to a 14-14 tie by Indiana in their big ten debut. Minnesota fought Notre Dame to 7-7 tie in the snow-storm and wound up its season riotously happy over the first victory over Michigan since 1919.

## CHAMPION HARRIER SEEKS TO REPEAT IN EASTERN RACE

WILLIAM J. COX

W. J. Cox (above), Penn State's cross-country runner who won the 1926 intercollegiate championship of the East, will attempt to repeat his performance in this year's race at Van Cortlandt park, New York November 21. However, only two have finished in successive years, although many have tried.

(By F. G. Vosburgh) New York.—(AP)—When young Bill Cox of Penn State sets out over the hills and dales of Van Cortlandt park here November 21 in an effort to repeat his victory of last year in the Eastern intercollegiate cross country championship race he will attempt something that has been accomplished by but two men in the 28-year history of the event.

Many have tried but the only ones to withstand the gruelling competition and lead the pack two years in succession were John Paul Jones of Cornell who reigned in 1910, 1911, and 1912 and Johnny Overton of Yale who won in 1915 and 1916. Cox is only a junior this year so he has a chance to tie Jones' record.

The rangy Penn Starter's running mates, who with him hold the team championship, face a difficult assignment in their quest for another victory. The team trophy has been won more than once by only two universities—Cornell and Syracuse—since the event was established in 1899. Cornell romped off with the championship 17 times altogether while the Orange, the most consistent winner since the war, gained the title four times.

Nitany hopes of upsetting precedent and repeating both triumphs are based largely on the brilliant work of the clean-limbed Cox in trimming a field of veteran title contenders in record time last year when the former Mercersburg schoolboy runner who hails from Rochester, N. Y., was only a sophomore.

Although he knocked off the six

### ON THE GRID

Raleigh, Nov. 21.—(AP)—Following the University of North Carolina's 18 to 0 sensational victory over Duke University on the Durham football gridiron Saturday, assuring the Tar Heels of second place in North Carolina in the "Big Five" standings, attention today turned to the battle for seats for the annual turkey-day clash at Chapel Hill's new stadium when the Tar Heels clash with the University of Virginia.

The Tar Heels, breaking even in their big five battles with victories of 27-0 over Davidson and 18-0 over Duke and defeats by 8-9 by Wake Forest and 6-19 by State, lost to Tennessee 0-26, to South Carolina 6-14 to Georgia Tech 0-13 and to V. M. I. 0-7, and won over Maryland 7-6.

Virginia lost to V. M. I. 13-9, to South Carolina 12-13, to Tennessee 0-42 this season, but defeated Maryland 21-0, Hampden Sidney and Washington and Lee.

Duke, with a 32-6 victory over Wake Forest and defeated 20-18 by State and by Carolina Saturday, plays the final big five game Thanksgiving day at Davidson in attempt to tie Carolina for the runner up berth.

Davidson, with a tie with Wake Forest and defeated by both Carolina and State, will try to lift its percentage from nil, drag Wake Forest down to the cellar position with it. For Wake Forest with one victory over Carolina, two defeats and tie, at least has a percentage of 33 1/3.

Other games Thanksgiving find Wake Forest facing Mercer at Asheville, State, 1927 big five champions, playing South Carolina at Columbia and Elon and Lenoir Rhyne at Hickory.

The Lenoir high school band of 40 pieces will be one of the bands at the dedication ceremonies at Kenan Memorial stadium in Chapel Hill Thanksgiving Day.

The State High School semi-finals will be played this week. North Carolina State freshmen's 7-9 victory over the hitherto undefeated Duke freshmen team stood out also in the last week-end war.

## SPORTS SLANTS

By ALAN J. GOULD  
Associated Press Sports Editor

Cincinnati, Ohio, Nov. 21.—(AP)—Charley Paddock has no idea of taking a serious turn at indoor sprinting this winter but the blonde California veteran is fully determined to try out for the Olympic team next spring, ambitious to do something that no American sprinter has ever accomplished—represent this country in three successive Olympic games. He is to attend the convention of the amateur union as a Southern California delegate, a role contrasting with the somewhat sharp conflict he had with the A. A. U. several years ago, Paddock declared his spiked shoes are still "in the ring."

"I'm getting a bit old," he said, "but maybe there is still a kick left."

"What I'd like to do is to have one good race—say against a man like Chet Bowman, the national 100 yard champion—early next spring, either in the East or West, to determine what sort of shape I am in. Bowman may consider this a challenge, in fact, if he wants to. That would give each of us something to get in condition for and make it easier later on to work up to the Olympic climax. My idea would be to make the race a feature of a meetin some big Eastern city for the benefit of the Olympic fund."

Paddock has helped the United States score 241-2 points in the Olympics in the spring and relays. This is more than any other American star has collected but the stocky Californian wants to see a higher mark for newcomers to shoot at.

Charley Borah, Southern California flash and intercollegiate champion, is considered the "perfect sprinter" by Paddock.

"He's almost too good to be true," declared the veteran who hung up his famous mark of 9.5-10 seconds for the 100 yards in a sensational finish with Borah over a year ago. "He does everything right. There's nothing in his action to criticize, and he has a great competitive temperament."

### Walker to Take On Berlenbach Friday Night

Chicago, Nov. 21.—(AP)—Next in the flashy series of boxing festivals featuring titleholders is Mickey Walker's second invasion of the light heavyweight ranks, this time against Paul Berlenbach, who used to be known as "Punch-em-Paul" until he hislaid the punch.

Walker, trying to outgrow the middleweight ranks, and Berlenbach are finishing training here for their ten round contest Friday night at the coliseum. Walker hopes to force a match with Tommy Loughran, the present 170-pound king, by putting away Berlenbach as quickly as he did Mike McTigue a fortnight ago.

### Atlanta Pays Tribute To Negro Boxer

Atlanta, Ga., Nov. 21.—(AP)—The city auditorium—ordained for years to house "Atlanta's biggest crowd"—today was host to "Tiger" Flowers' mourners.

The negro middle-weight's bier was set under the same high rafters that have echoed to Caruso's voice, to Paderewski's notes, to speeches before countless motley gatherings, and likewise to the cheering shouts of fight fans who

We call for and deliver.

Saving it keeps the wings of a dollar from carrying it away from us.

It is profitable to save your spare dollars with us.

Greenville Banking and Trust Co.

Put County  
Oldest and Largest Bank

Paris, Nov. 21.—(AP)—Flaunting their defiance of the superstition attached to the "unlucky number" thirteen, Al Brown of the United States, and Robert Schille, of Belgium, two bantamweights, signed articles to "dispute a boxing contest for 13 rounds."

It is believed to be the first time in the history of the ring that a fight has been arranged over the distance.

Brown insisted on ten rounds while Schille held out for fifteen. The American promoter Jeff Dickson said, "split the difference boys. Let's make it 13."

watched the smiling deacon mill his way toward pugilistic fame under this self-same roof.

It is only when a tremendous

throng is expected that the auditorium is called into service and never before in its versatile history had it been needed for a fun-

eral until today, when Atlanta paid high tribute to the negro fighter who died in New York Wednesday night, the quiet religious "black

boy" whose known clean living and sportsmanship placed him in affectionate esteem of all who knew him.

## WHAT CULLOWHEE STATE NORMAL DID EDUCATIONAL WEEK

For the past several years National Education Week has been observed throughout the United States, from November 6-13.

Cullowhee State Normal observed this week in a very effective manner and had several very interesting and helpful programs.

Monday was known as "Health Day." Health posters were on exhibit under the supervision of the physical education instructor. These posters were very large and each one carrying some idea of good health.

For Tuesday, Home and School Day, themes, under the direction of the English instructors, were written on the subject: "What Do I as a Teacher, Owe My State?"

Posters inviting parents to visit their school were evidently effective, as many parents of the surrounding community visited the school Wednesday. "Know Your School" day.

The physical education teachers

## Local Merchants Hosts to County Parent-Teachers

Members of the Greenville Merchants Association entertained the president and one member from each of the Parent-Teachers association of the county at a luncheon at the Rotary building Saturday afternoon at one o'clock.

The affair was well attended and was featured by informative talks dealing with parent-teachers activities.

The session was opened with the singing of "America." R. G. Fitzgerald, superintendent of county schools, made the opening prayer and W. H. Woolard delivered the address of welcome.

This was responded to by Miss Mary Jones. The musical program was featured by a solo by Mrs. Herbert Waldrop. She was accompanied at the piano by Mrs. R. A. Tyson.

Parent-Teachers news was presented by Mrs. Mac Smith, representing the Parent-Teachers association of Fountain.

Dr. W. H. Lewis, Greensboro educator spoke on the subject "A Little Spice of Life."

The program was concluded by the singing of "All Hail Pitt County," the composition being prepared by 5-A and 6-B grades of the Winterville high school, of which Miss Geneva Exum is teacher.

Attractive programs for the luncheon were prepared by pupils of the 5th grade of Bethel school. Miss May Lyon is teacher.

## Thanks Citizens For Entertaining Visiting Teachers

To the People of Greenville: Because of the fact that our organization accepted the responsibility for the entertainment of the teachers of the Northeastern District in convention here last week we use this method and opportunity to thank the people of Greenville, who contributed in any way to their entertainment.

We realize that many housewives went to some trouble and inconvenience in preparing for the entertainment of teachers in their homes and then did not have any of the guests. In this connection we wish to say that some one was assigned to every home who were so kind to offer to assist us, but a large number of those making reservations, much to our regret, failed to show up.

Again thanking you for your cooperative efforts in their entertainment. Sincerely,  
Merchants Association,  
C. B. Rowlett, Secretary.

## HAPPERSBERGER does the finest watch repairing in Greenville. A trial will convince you.

## A Modart Is More Important Than the Figure!

Because Style is a matter of line, and Because Modarts mold the figure to lines of fashion. Too much curve may be persuaded to a length of line and an effect of slenderness is achieved. Just the right accent of curve will change a certain square shapelessness to an outline of graceful proportions

It all depends on the foundation garment. Select a Modart in our Corset Department.

Where Style Begins

## Notice of Sale of Real Estate

Under and by virtue of power of sale contained in that mortgage executed by George Grimes and wife, Laura Grimes, to A. W. Ange & Co., on the 24th day of October, 1924, recorded in book M-15 at page 171, the undersigned mortgagee will offer for sale for cash, before the court house door in Greenville, at 12 o'clock, noon, on Thursday, the 15th day of December, 1927, the following described real estate to-wit:

Beginning at W. F. Mills line at a pine thence running an easterly course to Guilford Page line, and with his line to J. H. McLawhorn, thence with said McLawhorn line a southerly course to another corner of said McLawhorn; thence a northerly course to the beginning, containing 20 acres, more or less, and being the same land described in deed recorded in Book G-4, page 568, dated Oct. 28th, 1924, also deed recorded in book S-14 at page 185, James Ellison, mortgagee, and D. P. Wooten, Assignee, to A. W. Ange.

A deposit of ten per cent will be required pending confirmation. A. W. Ange & Co., Mortgagee, S. O. Worthington, Atty. Nov. 15-17w-4wk.

## LAND SALE

By virtue of a decree of the Superior Court of Pitt County, made in Special Proceedings No. 2824, entitled, "T. W. Moore, Adm. of J. P. Killebrew, vs., W. J. Killebrew et als," the undersigned commissioner will sell at public auction

for cash, in the town of Fountain, Pitt County, N. C., described as follows: Beginning at the corner of Church and Wilson Sts., and running west 50 ft., thence about S. 150 ft., thence about E. 50 ft., to Church St., thence about North with Church St., 150 ft. to the beginning and being the lot conveyed to the said J. P. Killebrew by J. L. Fountain and wife, December 10th, 1906, as fully described in a deed recorded in Book P-8, page 508.

This sale will be made for the purpose of dividing the proceeds of said sale among tenants in common. This the 10th day of November, 1927.

F. C. HARDING,  
Commissioner  
17w 4wks

## BISHOP CELEBRATES 50TH ANNIVERSARY OF HIS MARRIAGE

Atlanta, Nov. 21.—(AP)—Friends in the church and out of it throughout the United States were today congratulating Bishop Warren Arkin Candler, senior bishop of the Methodist Episcopal Church, South, on the fiftieth anniversary of his marriage.

Bishop and Mrs. Candler were at home today with a large and colorful reception in the evening at the Biltmore Hotel, to which 400 of their friends were invited.

## ColDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

## ROAD SHOULDERS IN BAD SHAPE

Again we find it necessary to call attention to the bad condition of the shoulders along some of our hardsurfaced highways, and we urge that the Highway Commission see to it that the department under which this phase of the highway work comes, give the matter its immediate attention. Along Highway 11 between this city and Kinston, the shoulders have become a continuation of ruts, many of which are deep enough to turn an automobile over should it run off the edge of the pavement, even at a speed well within the law. With the ever increasing number of motor vehicles our highways at best are crowded and dangerous, and it is absolutely essential that the road shoulders be kept in good condition at all times. It is to be hoped that the Highway Commission will take steps to have the situation remedied before some bad accident results from the present bad condition.

## SHOULD REMOVE MUFFLERS

Let the candidates remove their mufflers and their rubber heels, and like statesmen of the days when statesmen were the leaders and thinkers, speak out and tell us where they stand on the farm problem, prohibition, immigration, flood relief, tariff, etc.

Then will the presidential campaign mean a real debate to which the public interest will respond.—Roanoke Rapids Herald.

## A G.O.P. REQUIREMENT

The first consideration in the selection of a four-square candidate for our fearless old party appears to be to get one that's scared to death to say anything about prohibition.—Ohio State Journal.

# ABOUT TOWN

"That was a wonderful address Dr. Willis Sutton, superintendent of the Atlanta public schools, delivered before the closing session of the Northeastern District of the North Carolina Educational Association here last Saturday morning," stated J. S. Moore, superintendent of Gates County schools, who attended the concluding sessions. "Dr. Sutton is one of the outstanding figures in American public school education. He has done a piece of constructive work in his native state that has attracted nationwide attention. He is one of the trail blazers of this age, and is considered an authority on public school work."

"He told the conference here that the teacher's task is helping to discover the channel of modern boy's life. He advocated play as an agency for such a discovery. Let the children find out things for themselves. This gives them confidence, and inspires them to carry on with their own initiative."

"The next Rotary Orthopaedic

Clinic will be held at Washington, Monday, Nov. 28th," H. L. Stanton, supervisor of vocational rehabilitation in North Carolina informed the Reflector today.

"All cripples in your county are invited to attend this clinic for examination and treatment by an orthopaedic specialist."

"We shall appreciate your giving notice of the time and place of the clinic to the residents of Pitt and adjoining counties."

"Do your Christmas shopping early."

This reminder of the approach of the holiday season is already being posted by the postoffice department of the United States, and causes the public to realize that the Yuletide season is hardly more than a month off.

"Christmas always slips up on us," a citizen remarked today while scanning one of the notices of the postoffice department. People always have waited until the last minute to make preparations for the celebration. However, there has been a slight improvement over recent years, and men and women today are doing everything possible to help the movement avoid congestion of mails during this season of the year, and thereby enable postal employees to see ample time for holiday joys."

"The Northeastern District of the North Carolina Educational Association will hold their annual con-

ference here against next year," H. E. Austin, College faculty member stated today. "It will be third time this body of educators has met in Greenville, and their choice goes to show that they really are appreciative of the splendid reception they received while here."

"Greenville is always glad to welcome an organization of this kind. It brings to our midst some of the best known educational leaders of the country—men who are doing a constructive work in this broad field of human endeavor. We hope to be able to entertain the teachers upon a more extended plan next year. That the entire city will co-operate in this goes without saying."

**Unhold Race Segregation Law**  
Washington, Nov. 21.—(AP)—State laws requiring race segregation of children in public schools were sustained as valid by the Supreme Court today in a case from Mississippi brought by the Chinese father of a child.

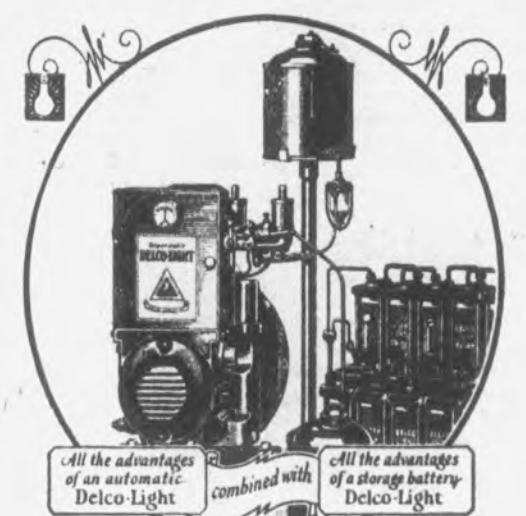

**Negro Killed**  
Gastonia, N. C., Nov. 21.—(AP)—Rutus Falls, was shot and killed by Henry Tate, both colored late yesterday. Tate claims the shooting was accidental it having occurred while a group of negroes were seated around the fire handling a pistol. He is being held pending an investigation of the affair.

## AGAIN DELCO-LIGHT LEADS THE WAY

New-Type Plant Approved by General Motors after 15 Years of Research and 7 Years of Field Tests

Profits Pay for It 9 Times Out of 10

DELCO-LIGHT has always been regarded a real money-maker on the farm. And now comes an entirely new type of plant that combines the best features of both the Automatic and Battery Service Systems. Even engineers who are in daily contact with the newest trends of electrical science marvel at this achievement of Delco-Light and General Motors.

**Science Marvels**

This new-type plant operates from the battery on small loads. Automatically switches to power for heavier service. Uses small battery—thus costs less. Requires less fuel. Demands practically no attention. It is the result of fifteen years' research by Delco-Light engineers. Approved by General Motors after seven years of grueling field tests.

**Other Models as Low as \$225**

See the new Delco-Light that is now being discussed so widely. Write, phone or call on me today and get the facts. And remember—if this new plant doesn't exactly fill your needs, there are many other models to choose from, priced as low as \$225. Don't wait. Now is the time to act. Do it today.

**MERRITT EQUIPMENT CO.**

TODAY

(Continued from Page One.)

High finance has passed out of the million into the billion days.

There seems to be a conspiracy against poor Wall Street bears. John J. Raskob, head of General Motors finance, tells 500 industrial leaders that 1928 will see such prosperity as the nation has never known. 3,500,000 automobiles will be turned out in 1927, and 5,000,000 next year, with Ford starting up.

Judge Finch says "one slip" does not prove a woman immoral, or justify withholding citizenship from her.

It seems to depend on the size and kind of the slip. Poor Eve bit the apple and that slip cost not only her citizenship but her residence in the garden and the great privilege of bearing children without pain.

Besides the law, which allows each dog a little bite before consuming him, might well allow a lady one slip.

Birkenhead, one of England's ablest men, calls H. G. Wells a "pamphleteer and furious autographist." It is easy to underestimate your contemporaries.

The Duke De Saint-Simon, famous for his memoirs of Louis the Thirteenth and the Regent, scornfully mentioned a young man named Aronet, saying: "I mention him only because his father was employed by me and my father as notary." That young Aronet, better known as Voltaire, wrote ninety odd volumes of which the last was the French revolution and threw out the whole tribe of Saint-Simon's kins, etc.

Republicans who would force President Coolidge to accept a second nomination and election, whether he wants them or not, are a committee to decide the exact meaning of "I don't choose."

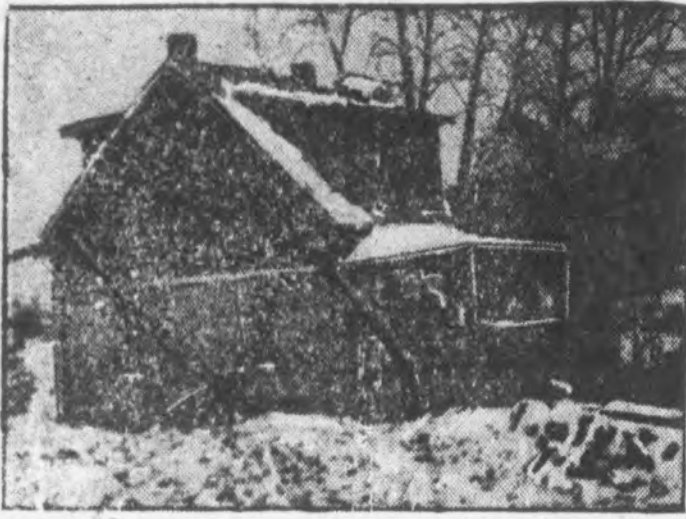

These words are as clear as rock crystal. They mean: "I don't WANT. I don't INTEND. I don't MEAN."

All plain enough. Park Avenue is now the fashionable street of New York and the Reverend Protestant Episcopal Bishop Burleson, of South Dakota, saw more painted faces and undraped bodies on Park Avenue in one afternoon than in fifty-five years among the Indians of South Dakota.

That fits only to the question: "What chance is there of civilizing the Indian?"

Death Sentence Commuted Washington, Nov. 21.—(AP)—John Howell, convicted of murder in 1915 and sentenced to death, withdrew his appeal in the supreme court today when it was reported for oral argument. His counsel announced that sentence had been commuted.

Stout Vermont Homes Swept Away By Floods, Come To Rest Intact

The sturdy construction of New England homes was shown when many houses, swept for rods or miles by flood waters, landed almost intact. The home below at Bethel, Vt., was tipped on edge but did not crack up. The Mays home (above) at Bolton, Vt., was carried three-fourths of a mile and set down in a railroad track without even losing a bundle of shingles perched on its slanting roof.

Bolton, Va. — (AP) — The farm houses of the New England flood lands proved their sound construction even after they were torn from their foundations by the raging waters.

Reporters who penetrated the isolated districts were amazed to see houses which had been carried for hundreds of yards by the flood in apparently as good condition as ever. Inhabitants told of houses, occupied by whole families in some cases, riding down the stream like modern arks, lamps still burning.

The Hayes home in Bolton floated a full mile, with an estimated score of occupants, and finally broke up only when it was dashed against an iron bridge and tipped upside down. The home of Fred Mays, also of Bolton, was carried three quarters of a mile and deposited, only slightly damaged, flush on the tracks of the Central Vermont railroad atop a high embankment.

Before the flood came Mays had been shingling his house, and a bundle of shingles rode the whole mad journey without even tipping off the slanting roof.

Brussels, Nov. 21.—(AP)—King Albert today received General Cramwell Booth, head of the Salvation Army, who has been visiting on the continent. General Booth was presented to his majesty by the British ambassador.

EXTRA GUARDS WILL HOLD BACK PETITIONERS

London, Nov. 21.—(AP)—Extra guards were placed on duty at the House of Commons today in view of the presence in London of "Coxey's Army" whose announced intention is to present a "petition in boots" to Parliament on unemployment in Welsh coal fields. Any attempt to gain entry to Commons by the marchers from Rhondda Valley is contrary to law.

ECZEMA GONE, SKIN ALL WELL— POSLAM DID IT

Itching and burning stopped, no more digging and scratching, and that unsightly eruption almost gone overnight. That's what safe CONCENTRATED Poslam does. Nothing like it for eczema and other skin ailments. At all druggists—50c.

FREE POSLAM CO. 150 West 42 Street New York, City

West Plains, Mo. — (AP) — R. G. Smith, "just to be prepared," has put up his own tombstone on the family burial lot in a cemetery here. He is 85 and says he never felt better in his life.

ERECTS OKN TOMBSTONE
