

GEORGE REMUS BREAKS DOWN DURING TRIAL

Wife Slayer in Such Condition of Prostration That Court Adjourns.

Cincinnati, Dec. 7.—(AP)—George Remus was in such condition of prostration thirty minutes after his hysterical outburst in court today, according to reports brought back from the jail, that court had to be adjourned until 2 p. m.

Mrs. Gabriel Ryerson, Remus' sister, sitting in the courtroom among the spectators, screamed loudly and also burst into hysterical weeping.

Remus first buried his face in his handkerchief and sobbed his big shoulders. He peeped up from behind the piece of linen and from his seat jerkily asked Judge Chester R. Shook: "Your Honor, can we have an adjournment?"

"The jury will be excused," assented Judge Shook. As the men and two women of the jury filed out, the storm broke.

As Remus was being led from the courtroom, he exclaimed to Judge Shook: "Your Honor, I apologize."

Remus' voice crescendoed as he repeated hysterically: "Your Honor, I apologize."

Romaio, following, to fall in complete collapse. Somebody held his head up, and he fell on his face, sobbing and weeping.

Remus' story of his engagement to slay Remus and his efforts to induce Remus alone to kill him was blood-curdling. He narrated it in a well-practiced way and in such a low voice that parts of his testimony had to be read to the jury by the court reporter. It lost none of its effectiveness in being told twice.

Mrs. Remus promised him \$5,000, and said that another \$5,000 would be forthcoming from Franklin S. Dodge, Jr., of Lansing, Mich., a former Department of Justice agent who had been in the penitentiary and who then, according to Remus' plea, began an association with Mrs. Remus.

As the twelve jurors, and the spare juror carried in Ohio cases, filed from the room, there was hardly a dry eye amongst them. Mrs. Anna Ricking, 58 year old jury woman, was shaking with sobs.

Remus' breakdown was so nearly complete that he had to be taken to the jail to regain his composure.

Truesdale, a gigantic, clean looking youth, calmly detailed the terms of the slaying plot and the arrangements for him to do away with the defendant.

He said that he finally told Remus of the plan on the afternoon of October 5 last. The next morning Remus ran his wife down in Eden Park and shot her to death as she was enroute to divorce court.

Truesdale testified that he first saw Remus at the Springfield race track, where he was pointed out by John Marcus.

Truesdale testified that he first saw Remus at the Springfield race track, where he was pointed out by John Marcus.

Will Rogers Tacks Another Handle To His Great Name

Mexico City, Dec. 7.—(AP)—Don Guillermo Rodriguez, who is satisfied to pass in United States simply as Will Rogers, has tacked another handle to his name. Dispatches from Luis Potosi say:

President Calles, whose guest the American humorist is, on a tour of Mexico, said to Rogers in Spanish "you and I are cuates." Cuate is slang for twin and equivalent to the English "pal." Rogers forthwith became Don Cuate Guillermo Rodriguez.

During his stay in Mexico City Rogers will be the guest of Ambassador Morrow. He is lamenting that he will be unable to eat Mexican beans and tortillas at the American Embassy.

Average Dinner For Christmas To Cost \$8.60

Chicago, Dec. 7.—(AP)—An average Christmas dinner for a family of five this year will cost \$8.60, J. Frank Grimes, president of the Independent Grocers' Alliance of America, has told that organization, but he adds that the cost of ten years ago had risen to prepare it at prevailing prices, it would have cost more than \$12.

"The American woman is getting to be a little too much for us," he remarked. "She has learned to dress up the less expensive foods so that they look and taste better than the most costly. She is the best shopper in the world and that is why the American family of five can get a \$12 Christmas dinner for \$8.60 this year."

TODAY

Germes Kill Germs.
The U. S. A. Moral.
Almighty Chemistry.
Poor, Poor Czar.
(By Arthur Brisbane)

Copyright 1927, by Star Co.

Science employs methods that seem more fantastic than those of a voodoo witch doctor. Malaria germs cure softening of the brain, nothing else will.

London's Ross Cancer Institute will test the discovery of Dr. Pitta, of Funchal:

"A few drops of a matterly discharge from trachoma, a contagious disease of the eye, injected into a growing cancer, caused an immediate arrest of the malignant growth, followed by disintegration."

Cancer of the breast, beyond the reach of surgical operation, is said to have been cured by this injection. Eventually a cure for cancer will be found.

Forrets are used to destroy their vicious half-brothers, the rats. The germs of one disease might well attack and destroy malignant cancer growth.

Lloyd George, responsible for the fact that King George still sits on his throne, says "Another world war would be so devastating that European civilization would stagger to ruin under its shock. Weapons of war have developed so rapidly in destructive capacity that another four years conflict between great nations would lay waste the fabric of civilization as it has taken centuries to build up."

Lloyd George says Italy, inspired with aggressive patriotism by Mussolini, "Dreads that great army across the Alps," meaning the French army, against the 3,500,000 men that Italy could call into the field. France could call 4,500,000, Russia could produce an army of 9,000,000 men, but would not have weapons cannon or ammunition for them.

The meaning of all this to the United States is that we ought to build fast flying machines, and submarines, as many fast battle cruisers as we need to prevent interference with our floating commerce.

SMITH DENIED SENATE OATH

Washington, Dec. 7.—(AP)—Frank L. Smith of Illinois was denied the oath of office today by the Senate.

The vote came on a resolution by Senator DeNeen of Illinois proposing administering the oath and a hearing before the Privileges and Elections committee.

The vote was 50 to 32.

The vote came after several hours of oratory by supporters and opponents of the motion to bar the Illinois Senator-elect and William S. Vare without further hearing. Senator Borah, of Idaho, who opposed such a plan, and Senator Reed, of Missouri, bore the brunt of the battle of words.

Five Democrats joined with 27 Republicans in voting to give Smith the oath while 12 Republicans and the one Farmer-Labor joined with 37 Democrats in denying the oath.

The full call follows:

For administering the oath: Republicans—Bingham, Borah, Brookhart, Curtis, DeNeen, Edge, Fess, Gillett, Goff, Gould, Greene, Hale, Keyes, McLean, Metcalf, Moses, Phillips, Phipps, Reed of Penna., Sackett, Schall, Shortbridge, Smoot, Steiwer, Warren, Waterman and Watson—27. Democrats—Bleeker, Broussard, Overman, Ransdell, Smith of S. C.—5.

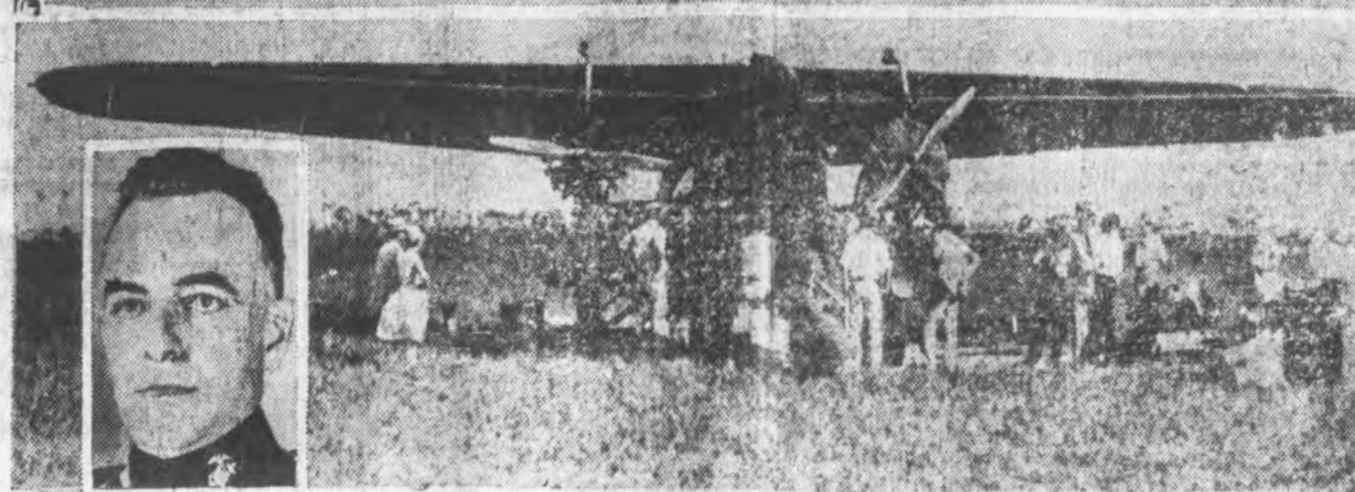

Asheville Business Man Passes Away

Asheville, Dec. 7.—(AP)—An illness of only a few days yesterday ended the life of Ross Thomas Madden, Asheville business man, actively and prominently identified with the Masonic order in this city and state, who died in the Biltmore hospital.

A native of South Norwalk Conn., Mr. Madden was born February 1, 1888. He has been engaged for some time in the automobile business here. Surviving him are a widow, three step-daughters, and his parents.

Funeral arrangements were being completed today.

'AMERICAN FLIER CONQUERS SEA ON CLOUD-TRIP TO HONDURAS

Major Edwin Bealard (inset) piloting a Marine Corps monoplane, with two companions, arrives in Tela, Honduras, after 785-mile flight from Miami, Florida. Main photo shows one of the motors of the Fokker monoplane being changed shortly before the start of the flight.

BRITISH NOT ALARMED AT U. S. PROGRAM

Message of President Coolidge to Congress Viewed 'Without Anxiety.'

London, Dec. 7.—(AP)—The part of President Coolidge's message to Congress chiefly featured in London newspaper editorials in his criticism on naval policy and plans—the need of more cruisers, submarines and airplanes for the navy, but no "competitive" building.

The gist of virtually all the comment is that the President's statement contains nothing to cause anxiety in London, for what the United States chooses to build does not concern the British, who want to compete with America but will build solely according to their own needs.

The Times is among the proponents of this view. It gives passages of the message which, the paper says, closely confirm British accounts of the tri-Partite conference at Geneva and tend to show acceptance of the American proposals would have involved not a reduction but an increase in naval armament.

Flood control and other projects not yet acted upon by Congress are not provided for in this estimated surplus, he explained, and "it is reasonably certain that some of them will be enacted into law. Adequate flood control, he adds, "meets the requirements of absolute and urgent necessity."

"The assurance that federal expenditures will be kept within federal receipts," the President declared, "has bulwarked public confidence, it has contributed measurably to the prosperous condition of the country, it has ministered to the justifiable pride of our people in their government and in its orderly and sane processes."

"To jeopardize our balanced budget to do anything that in the most remote degree would threaten to interfere with the orderly steps inherent in the reduction of debt would necessitate either revolutionary curtailment of federal projects and activities or compulsion upon us to increase our tax rates or both, is unthinkable. I am convinced the people of this country are overwhelmingly in favor of keeping the budget balanced and are just as overwhelmingly opposed to any measure or measures that would make any other results ever remotely possible."

If the budget recommendation are followed, Navy expenditures for the next year will be increased \$18,000,000. This includes provision for prosecution of work on all projects authorized by Congress with the exception of three submarines and twelve destroyers authorized in 1916 for which Mr. Coolidge said no funds are desired now. Under this program two submarines and eight cruisers would be under construction next year and two of the cruisers would be practically completed in 1928. Funds also are recommended for modernization of the battleships Oklahoma and Nevada and for the lighter-than-air ship already authorized by Congress.

For army housing, a total of \$13,281,000 is recommended for expenditure during this and next year about half of it being included in the supplemental estimate. The army estimates contemplate a regular army of 118,750 enlisted men slightly larger than the present with 12,000 officers, the same as now.

Recommended appropriations for the army and navy air services would give the Navy 696 of the 1-year program and the Army an unestimated number of the 1,800 airplanes authorized for it at the end of five years. Also, funds would be available during the next year to complete more than 10,000 miles of lighted airways as contemplated in

Pres. Coolidge Submits Annual Budget Message

Washington, Dec. 7.—(AP)—Presenting a budget of \$4,258,763,766 for the next fiscal year to Congress today, President Coolidge stressed the necessity for limiting the prospective tax reduction to \$225,000,000, as recommended by Secretary Mellon. In his letter of transmittal he also cautioned against any action which might jeopardize the "balanced budget" of the government.

The total appropriations recommended by the President exceed last year's budget by \$24,222,641 and the amount actually appropriated by Congress for the current year by \$118,649,219.

The President advised the House and Senate, however, that a supplemental appropriation of \$158,441,685 would be needed to meet deficits incurred by various government agencies this year.

The largest item in the new budget is for national defense, an appropriation of \$645,000,000, as compared with a total of \$625,000,000 available this year, being advocated. The increase is accounted for mainly by the Navy Building program, army housing and a continuation of the five year aviation program for the army and navy.

A reduction of even \$225,000,000 in taxes, Mr. Coolidge emphasized is dependent on "continued prosperity" and rigid government economy. He explained that the estimated surplus for the coming fiscal year is \$252,540,099 of which \$75,000,000 is from non-recurring sources.

Flood control and other projects not yet acted upon by Congress are not provided for in this estimated surplus, he explained, and "it is reasonably certain that some of them will be enacted into law. Adequate flood control, he adds, "meets the requirements of absolute and urgent necessity."

"The assurance that federal expenditures will be kept within federal receipts," the President declared, "has bulwarked public confidence, it has contributed measurably to the prosperous condition of the country, it has ministered to the justifiable pride of our people in their government and in its orderly and sane processes."

"To jeopardize our balanced budget to do anything that in the most remote degree would threaten to interfere with the orderly steps inherent in the reduction of debt would necessitate either revolutionary curtailment of federal projects and activities or compulsion upon us to increase our tax rates or both, is unthinkable. I am convinced the people of this country are overwhelmingly in favor of keeping the budget balanced and are just as overwhelmingly opposed to any measure or measures that would make any other results ever remotely possible."

If the budget recommendation are followed, Navy expenditures for the next year will be increased \$18,000,000. This includes provision for prosecution of work on all projects authorized by Congress with the exception of three submarines and twelve destroyers authorized in 1916 for which Mr. Coolidge said no funds are desired now. Under this program two submarines and eight cruisers would be under construction next year and two of the cruisers would be practically completed in 1928. Funds also are recommended for modernization of the battleships Oklahoma and Nevada and for the lighter-than-air ship already authorized by Congress.

For army housing, a total of \$13,281,000 is recommended for expenditure during this and next year about half of it being included in the supplemental estimate. The army estimates contemplate a regular army of 118,750 enlisted men slightly larger than the present with 12,000 officers, the same as now.

Recommended appropriations for the army and navy air services would give the Navy 696 of the 1-year program and the Army an unestimated number of the 1,800 airplanes authorized for it at the end of five years. Also, funds would be available during the next year to complete more than 10,000 miles of lighted airways as contemplated in

the Department of Commerce aviation program.

The President in his message accompanying the budget called for a curtailment of federal aid to state projects, a policy which he regards as harmful rather than helpful to states.

"As shown in the maternity and infancy act," he said, "when once the government engages in such an enterprise, it is almost impossible to terminate its connection therewith. We should not only decidedly refuse to countenance additional federal participation in state aid projects but should make careful study of all our activities of that character with a view to curtailing them."

For the first time since prohibition went into effect, a decrease other than an increase in the funds for dry law enforcement is sought. A cut of \$91,266 in the prohibition Bureau's allotment for next year is the result, it was explained, of economies in administration and in the re-organization of the bureau, which resulted in the transfer of some employees to other agencies of the government.

"The effect of transfers is felt by the customs service for which an additional \$1,000,000 was recommended, most of it for salaries of men transferred to patrol of the borders to prevent liquor smuggling."

For the Coast Guard the Budget Bureau recommended appropriations totaling \$765,000 less than the amount available this year, but made provision for establishing a Coast Guard station at Grand Cayon, Mich., at a cost of \$34,770.

The budget estimate for the Post Office Department, \$768,370,942, is \$9,000,000 more than the amount available for expenditure this year, an increase of \$2,000,000 in the amount for carrying air mail by private contractors and of \$150,000 for carrying of foreign mail by air was recommended.

The Veterans Bureau is allotted \$560,060,000, an increase of \$31,660,000 but the estimate include \$74,000,000 for paying casualty losses from the government life insurance and investment of premium receipts accruing to it.

The Budget Bureau approved a \$42,753,229 program for the Agriculture Department, a net decrease of \$591,000; allotted the Shipping Board \$13,688,750, a reduction of \$3,603,250, and in addition to the \$300,190,089 total recommended for the Interior Department for use next year said that an appropriation of \$3,450,000 for the Coolidge Dam irrigation project should be included in the next deficiency bill.

Provision is made for carrying out the public buildings program at an expenditure rate of \$25,000,000 a year, and for the Panama Canal \$600,000 is provided for overhauling the Pacific locks, a like amount for continuing construction of perma-

HUGHES WILL NOT RUN FOR PRESIDENCY

Former Secretary of State Says He is Getting too old for Public Duty.

New York, Dec. 7.—(AP)—Charles Evans Hughes, former Secretary of State, issued a statement today saying he was not a candidate for the Republican nomination for President of the United States.

"I am not a candidate in any sense," he said. "I am keenly disappointed by Mr. Coolidge's decision, but so far as my own attitude toward the candidacy is concerned I stand by the statement I made last May. I have nothing to add to it."

In his statement last May Mr. Hughes said:

"I do not wish my name to be used in any contingency. I am too old to run for President and I would neither seek nor accept the nomination."

Washington, Dec. 7.—(AP)—More upset than ever by a night of reflection on President Coolidge's latest renunciation, the Republican National Committee found itself deadlocked and all but leaderless today when it undertook to select a national convention city for 1928.

After ten ballots had failed to produce a decision as between San Francisco and Kansas City, the committee recessed for an hour and its members broke up into feverish groups to seek a private agreement.

Starting well out in the lead, San Francisco had fallen from its vantage point as the voting proceeded, and after running a neck and neck race with its chief rival for several ballots, dropped into second place.

Throughout the voting chairman William M. Butler cast his strength behind Kansas City. His open endorsement of that city several days ago aroused outspoken dissension among the supporters of San Francisco, in particular and they declared they had effected a coalition by which the votes of San Francisco and Detroit eventually would be solidified behind one of those cities or the other.

Mrs. Alvin T. Hart of Kentucky, a vice-chairman of the committee, voted with Butler for Kansas City but the other two vice-chairmen, Charles D. Hilles of New York, and Ralph Williams of Oregon, stood by San Francisco.

It was on motion of Mr. Hilles that the hour's recess was taken. As the recess began, David Milvane of Kansas, predicted that Kansas City would win on the next ballot, but national committeeman Crocker of California insisted that the San Francisco voters would stand pat.

Kansas City Picked up votes on late ballots from Idaho and South Dakota.

Mrs. Rogers, while awaiting arraignment on a charge of robbing the Farmers' National Bank of Buda of \$1,000, accepted work as a waitress to assist in providing for her husband who has been confined to a sanitarium. Rogers has been ill since he came to her aid at the time of the robbery a year ago to rescue her from a fire.

When the trial opened Monday she devoted most of her time to newspapers. Yesterday, however, she showed a keen interest in the examination of witnesses by her husband, Willis Rogers, and the five attorneys assisting him. She appeared particularly interested in questions on insanity, which her husband indicated the defense will be based on.

Washington, Dec. 7.—(AP)—The distinction of having written the shortest and the longest biographies in the congressional directory for the seventh congress is held over from the last session by Representative La Guardia of New York, and Blanton of Texas, respectively.

Under the heading of biographies, Senator Caraway, democrat Arkansas, inserted "T. H. Caraway, democrat, Jonesboro," but Representative La Guardia beat him out with simply "Fiorello H. La Guardia."

Representative Blanton took the contest for length without opposition, consuming one whole page of the directory. Representative Taylor, democrat of Colorado, was runner-up with two-thirds of a page and Senator H. H. Hines, democrat, Alabama, was third with a half page.

Morrow Improves
Relations Between
U. S. and Mexico

Mexico City, Dec. 7.—(AP)—In six weeks Ambassador Morrow has greatly improved relations between the United States and Mexico, in the opinion of President Calles.

The President gave his view to correspondents who accompanied him and the Ambassador on their tour of the country.

Morrow's main virtue is his ability to make himself loved by everybody, the president said. He considers the Ambassador to be his personal friend.

'THIS SAFE IS OPEN, DO NOT BLOW IT'—SIGN

Philadelphia, Dec. 7.—(AP)—Burglars bent on cracking safes in Upper Darby township from tonight on, will find signs reading: "This safe is open. Do not blow it" in the windows of all the stores.

The merchants of the township became desperate after thieves had broken open safes in three places this week.

HEAVY SALES HERE TODAY

Tobacco Market up to The present date Has Sold 57,107,420 Pounds.

There was more tobacco on the Greenville market this morning than any day this week, and indications were that sales would not be completed before late this afternoon, according to information given out this morning by K. W. Cobb, secretary of the Tobacco Board of Trade.

The market yesterday sold a total of \$30,022 pounds of tobacco for \$296,912.24, at an average price of \$24.94 per hundred pounds. This brings the seasons' total sales to 57,107,420. The total amount paid out by the market was \$13,621,371.73.

The report also showed that sales were eight million pounds ahead of the same period last season.

G. O. P. FAIL TO NAME CITY

Convention Recesses After Several Attempts to Name Convention Place.

Washington, Dec. 7.—(AP)—More upset than ever by a night of reflection on President Coolidge's latest renunciation, the Republican National Committee found itself deadlocked and all but leaderless today when it undertook to select a national convention city for 1928.

After ten ballots had failed to produce a decision as between San Francisco and Kansas City, the committee recessed for an hour and its members broke up into feverish groups to seek a private agreement.

Starting well out in the lead, San Francisco had fallen from its vantage point as the voting proceeded, and after running a neck and neck race with its chief rival for several ballots, dropped into second place.

Throughout the voting chairman William M. Butler cast his strength behind Kansas City. His open endorsement of that city several days ago aroused outspoken dissension among the supporters of San Francisco, in particular and they declared they had effected a coalition by which the votes of San Francisco and Detroit eventually would be solidified behind one of those cities or the other.

Mrs. Alvin T. Hart of Kentucky, a vice-chairman of the committee, voted with Butler for Kansas City but the other two vice-chairmen, Charles D. Hilles of New York, and Ralph Williams of Oregon, stood by San Francisco.

It was on motion of Mr. Hilles that the hour's recess was taken. As the recess began, David Milvane of Kansas, predicted that Kansas City would win on the next ballot, but national committeeman Crocker of California insisted that the San Francisco voters would stand pat.

Kansas City Picked up votes on late ballots from Idaho and South Dakota.

Mrs. Rogers, while awaiting arraignment on a charge of robbing the Farmers' National Bank of Buda of \$1,000, accepted work as a waitress to assist in providing for her husband who has been confined to a sanitarium. Rogers has been ill since he came to her aid at the time of the robbery a year ago to rescue her from a fire.

When the trial opened Monday she devoted most of her time to newspapers. Yesterday, however, she showed a keen interest in the examination of witnesses by her husband, Willis Rogers, and the five attorneys assisting him. U. S. and Mexico

Mexico City, Dec. 7.—(AP)—In six weeks Ambassador Morrow has greatly improved relations between the United States and Mexico, in the opinion of President Calles.

The President gave his view to correspondents who accompanied him and the Ambassador on their tour of the country.

Morrow's main virtue is his ability to make himself loved by everybody, the president said. He considers the Ambassador to be his personal friend.

RUDDY TAKES STAND IN OIL TRIAL TODAY

Manager of Burns Detective Agency Tells of Activities of Ma- son Day.

Washington, Dec. 7.—(AP)—The government turned today to the operatives of the Burns detective agency for evidence which it hoped would convince Justice Frederick L. Siddons that William J. Burns, Harry F. Sinclair and four of their associates were guilty of criminal contempt of court for having the Fall-Sinclair oil trial jury shadowed.

As Sinclair and Burns and four others appeared in the courtroom today, Charles G. Ruddy, the operative in charge of the shadowing activities, was called to substantiate District Attorney Gordon's charge that there was criminal intent in the minds of the defendants.

Ruddy, manager of the Burns detective agency in Philadelphia, appeared before the grand jury which investigated the surveillance several times. Last Saturday Ruddy refused to confer with Neil Burk inshaw, assistant District Attorney, charging that Burk inshaw had insulted him by saying he had "been drunk" in New York.

Ruddy declared that Henry Mason Day, an associate of Sinclair, personally ordered an investigation as to whether there was a mortgage on the home of one of the Fall-Sinclair oil trial jurors.

The juror in question was John P. Kern. Ruddy said the detective he assigned to the task was unable to obtain the information requested.

Ruddy was the first of the witnesses called in the District Attorney's efforts to show that Sinclair, William J. Burns and other were guilty of contempt of court in having the trial jury placed under surveillance.

Telling the court he was under orders from Day, the witness described in detail his own activities and those of the men under him, all operatives of the Burns agency.

The witness said that after October 24, Day decided only certain jurors needed shadowing, but he couldn't recall which they were. He said a man named Burr, not a juror, was shadowed.

"Did you have any other person not a juror shadowed?" asked District Attorney Gordon.

"I assigned an operative to pick up a man, but his efforts were unsuccessful," Ruddy said, referring to a brother of Kern.

"Did you investigate or cause to be investigated a mortgage held on juror Kern's home?" Gordon asked.

"Not directly," Ruddy said, after objection had been overruled.

Only Five Jurors Accepted in Trial Of Woman Robber

La Grange, Tex., Dec. 7.—(AP)—Exhaustive questioning resulting in the rejection of 120 prospective jurors, while only five were accepted, has provided amusement for Mrs. Rebecca Bradley Rogers, former University student who left her position as a waitress to stand trial for bank robbery here.

When the trial opened Monday she devoted most of her time to newspapers. Yesterday, however, she showed a keen interest in the examination of witnesses by her husband, Willis Rogers, and the five attorneys assisting him. She appeared particularly interested in questions on insanity, which her husband indicated the defense will be based on.

ABOUT TOWN

The Greenville high school band is not only a credit to the institution it represents, but it is also a credit to the entire city, a local citizen remarked today.

"The boys have not only established a reputation in Greenville, but their ability is also recognized in other sections. Only a few days ago they had the distinction of leading the parade at the Piquette exposition at Asheville.

Eleven months ago they played for the Eastern Carolina exposition at Rocky Mount. They have appeared in number of public gatherings in Greenville.

"The public should do everything possible to encourage the youngsters in their avowed purpose of becoming a musical organization the city can appreciate under any conditions. Any assistance possible should be rendered them."

Now that President Coolidge has definitely eliminated himself from the running there will not doubt be a grand scramble for the Republican nomination in 1928.

Participation by the Greenville High School in the various public events is indication that the band is a good one and its qualities are fast being recognized. Such an organization means much to a town and it is hoped that every citizen of Greenville will give all encouragement and support to the band.

The tobacco market yesterday passed the 57 million pounds mark, eight million ahead of last season. Despite the fact that most of the crop is already sold a considerable amount of tobacco is continuing to find its way to the floors of the local warehouses. The Greenville market this year has sizzled a wider territory than ever before and it goes without saying that it has made many new friends. The interest in the farmer displayed by those connected with the local tobacco market has much to do with the success of the market this year and no doubt will have a telling effect on next season as well.

day are commended most heartily by leaders in all walks of life.

"Greenville is growing all the time," remarked a citizen today as he read of the coming of another business enterprise.

"This town is situated in the most prolific region of the country and there is no reason in the world why it should not become one of the largest and most populous cities of Eastern Carolina. Our resources and possibilities are just beginning to be realized by the outside world. The next several years should see development even greater than during the past five years.

"With all civic organizations pulling together like they've been the past several months, continued expansion most certainly will take place."

"The east Carolina Teachers college was received into full membership of the Southern Association of Colleges and Secondary Schools at its recent session in Jacksonville Florida. President R. H. Wright told members of the Greenville Rotary club, in regular weekly session Monday night.

"This means the local college is now recognized as standard in every detail by one of the highest

classifying agencies in the country. It is an honor which every member of the faculty is proud.

"The Southern Association has never been very sympathetic toward teacher colleges, but I was told that membership of the East Carolina Teachers College was approved without a dissenting voice. This rates us with the best educational institutions of the country."

FRES. COOLIDGE SUBMITS ANNUAL BUDGET MESSAGE
(Continued from page one)

ment quarters and \$250,000 for beginning work on a dam across the Chagres River, at Alhajuela, Panama. This project, which it is estimated will cost about \$12,000,000 and take five years to complete, is designed for storage of water for use in operation of the canal.

The budget shows a saving of \$50,000,000 in interest which will be paid next year on the public debt over this year. In this connection, Mr. Coolidge called attention to the refunding of the Second Liberty Loan, which he said had accounted for a considerable saving.

A table showing estimated receipts and expenditures for this

year and next as compared with last year follows:
Receipts customs: estimated, 1928, \$302,000,000; actual, 1927, \$605,499,983.44.
Income tax: estimated, 1928, \$2,065,000,000; actual, 1927, \$2,224,992,890.
Miscellaneous internal revenue: estimated, 1928, \$640,545,000; actual, 1927, \$644,421,541.56.
Miscellaneous receipts: estimated, 1928, \$501,952,314; actual, 1927, \$470,063,091; actual, 1927, \$4,115.85.
Total receipts: estimated, 1928, \$3,809,497,314.00; actual, 1927, \$4,075,598,091.00; actual, 1927, \$4,120,594,441.10.

Excess of receipts: estimated, 1928, \$252,540,283; actual, 1928, \$454,863,806; actual, 1927, \$635,800,921.70.

PIANIST WILL WAIT A YEAR FOR DEBUT
Asheville, N. C. (AP) — Helen

Pugh, the 19 year old pianist who recently received the unanimous vote of 20 judges when she played before the National Music League, will wait one more year before she makes her New York debut.

The judges' decision is the highest the league has ever made. Walter Danrosch, who first heard Miss

Pugh play when she was only six years old, advised her to spend another year "growing older" before making her debut.

At 13, Miss Pugh played with the Philadelphia Symphony and was praised as a pianist by Joseph Hoffman and Harold Bauer.

King's Daughters Meet

The regular meeting of the King's Daughters was held last night at the home of Mrs. Carey Warren, on Ninth street. The meeting was called to order by Mrs. Hortense Moye, president, and reports of the various committees heard. Discussions of the Christmas season were in order and several committees appointed to carry on this work.

At the end of the business session Mrs. Moye introduced the guest of honor, Mr. Edward Hearne of Greenville and New York, who gave a most entertaining program of jokes and readings. Mr. Hearne carried the guests on an imaginary trip to the New York Hippodrome where an all-star benefit program was being given, the entire proceeds of which were to go toward buying electric fans for the Eskimos. In this sketch Mr. Hearne gave impressions of the various stars as they appeared upon the stage. First, George M. Cohan, as master of ceremonies; second, Jul-

et, America's foremost character-artist; third, Jay C. Flippen, black-face comic of Texas Guinan's "Padlocks of 1927"; fourth, Gene Auslin, record artist, and Elsie Janis, "the doughboy's sweetheart" in a duo—and last, but not least was a delightful impression of Beatrice Lillie star of "Oh, Please" and "Charlot's Revue," singing "The Swallows" in her sketch "After dinner music." This number brought roars of laughter from the guests. An encore Mr. Hearne gave readings by Edgar Guest, "Guessing Time" and "Ma and the Auto." The ladies gave a rising vote of thanks to Mr. Hearne for his part of the program.

After the program a delicious sweet course was served and the guests departed, declaring having spent a most enjoyable evening. —Reported

Smallpox on Increase

Again I would call attention to the importance of being vaccinated against smallpox. During the past few weeks thirty-seven cases have been reported in and around Greenville. Many more cases have not been seen by any physician, and consequently have not been reported. This number is increasing every day.

Isolation and quarantine alone as a defense against smallpox has proved a failure. The prevention of smallpox is by vaccination. That

means a successful vaccination. If your first one doesn't "take," that doesn't mean that you are immune, but it means that you should keep trying until you do get a "take." If you have reason to think that you have been exposed to smallpox it would be wise to be vaccinated again although you already have a good scar.

W. E. Futrelle, M. D.
County Health Officer

Box Party at Red Banks

We are going to have a party. "Just for fun." So come along and bring your moon.

The program will begin promptly at eight. Please come early. So you won't be late.

Friday night, is the time. For Red Banks School. Make a bee line.

PRAYER MEETING AT METHODIST CHURCH TONIGHT AT 7:30

Prayer meeting at the Methodist church this evening at 7:30. Services will be conducted by the pastor, Rev. L. B. Jones.

FOOTBALL IN DIXIE EQUAL ALL SECTIONS

Atlanta, Dec. 7.—(AP)—Dixie football, enjoying its greatest year in 1927, has at last brought itself indisputably to a par with the game in other sections—east, west or mid-continental.

For ten years the south has managed to produce at least one team a year that gives and takes with the best in the nation—but only one. This year Dixie has as many strong teams as any other section, stronger than most and obtained more than an equal break in inter-sectional games for the first time in gridiron history.

Not so many years ago none but Vanderbilt could ably represent the south when meeting an outside foe. Then came Georgia Tech's supremacy, followed by the impressive inter-sectional victories won by Centre.

Next was Alabama, the Crimson Tide winning its first great victory beyond the fabled Mason-Dixon line some six years ago when Coach Ken Scott led them to Philadelphia to upset the strong Pennsylvania team.

The tide soon after that began its long reign as southern champions, being in 1925 the first Dixie eleven ever invited to Pasadena to represent the eastern section of the nation. Winning from Washington that year and deadlocking with Stanford a year later gave the south a heavy claim on the national title, for the past two years.

NEW CAPTAIN OF BROWN'S ELEVEN

Al Cornwell, star backfield man of the Brown University football team, has been elected to captain the "Iron Men" next year and will attempt to bring eleven back to former heights of gridiron glory.

RECOMMEND REVISION OF BALL RULES

Dallas, Texas, Dec. 7.—(AP)—Recommendations for revision of rules governing player deals and a suggestion for reclassification of minor circuits occupied delegates to the convention of the National Association of professional base ball leagues here.

The recommendations were advanced at the initial session of the convention yesterday by president Mike H. Sexton, who also criticized activities of Major Leagues.

President Sexton found that after seven years of operation the major league agreement caused more or less wide spread complaint from both parties. He urged an effort be made to eliminate objectionable features before an open rupture resulted.

The agreement provides that the major leagues recognize the office of commissioner as created by the major leagues and submit themselves to his jurisdiction.

The agreement also provides for a schedule for promotion and selection of players, ranging from \$1,000 for class D to \$5,000 for class AA.

McDowell to Join Dixie Eleven. Raleigh, Dec. 7.—(AP)—Jack McDowell, Jr., N. C. State's N. C. bridegroom halfback, today had permission of his faculty to absent himself from classes should he be chosen to play on the Dixie all-star eleven which invades the Pacific Coast for a holiday game.

McDowell will leave on December 17 to join other stars at the University of Alabama in competing for berths on the all-Southern star squad of 22 seniors.

State is Short Of Cage Material

Raleigh, Dec. 7.—(AP)—Although there is an apparent shortage in seasonal material at State College here for a crack basketball quintet this winter, acting Coach Sermon was optimistic today in predicting that the sophomore candidates at hand would furnish means for whipping a creditable team into shape for the opening game here on December 12 with Atlantic Christian College.

Led by the football star, Jack McDowell, captain and forward, the old men worked out under Dr. Sermon, who is serving in Coach Tebell's place until the latter completes his football business matters.

McDowell, Childress, Warren, Williams, Mason, Crum, Holden, Goodwin, Barnes, Lawrence, Owen, Latimer, Haar and the Griffin brothers were among the candidates reporting.

SPORTS OPEN UP AT DUKE UNIVERSITY. Duke University, Dec. 7.—(AP)—Duke University campus took on the air of an all sports carnival today as scores of students reported for basketball, wrestling, boxing, swimming and golf teams practiced under as many instructors.

Faced with a stiff schedule, the

varsity basketball team went about its work in earnest endeavor, preliminary to a practice game before the holidays with Durham "Y" here. The freshman tossers also swung into action, 83 candidates reporting.

Now is time to buy your auto licenses. Buy them at Exide Service station.

SPORTS SLANTS

By ALAN J. GOULD
Associated Press Sports Editor.

Kansas City, Mo., Dec. 7.—(AP)—All the hullabaloo over football scouting isn't confined to the New England precincts where Harvard and Yale are on opposite sides of the fence.

Missouri valley conference has completed this year a gentlemen's non-scouting agreement but it probably will be cast aside another season, with the Scouts back in their open and above board roles, to judge from sentiment that is coming from most of the valley schools.

The incident of the Kansas-Missouri game has blown over but observers here cite it as an example of the disadvantages of a non-scouting policy. This contest is the classic of the Missouri Valley conference. It was understood that neither university would have any official scouts, but it seems that an ex-Kansas official on his own initiative, scouted Missouri in the Iowa state game. His observations found their way back quite naturally to the Kansas coaching staff, Kansas, after a mediocre season, rallied to wallop Missouri, the conference leader. There were reverberations and explanations.

Yale, an ardent supporter of the non-scouting policy, effected agreement with most of its 1927 opponents on this principle. But there was nothing to prevent rival coaches from studying play-by-play accounts of Yale's game in the newspapers, observing published photographs and other informative matter about the Elis.

So it seems likely that the lath string will be cut out pretty generally next fall for the visiting scouts, whether they are from Missouri or Harvard.

The idea of having two varsity elevens in competition adopted by Michigan for 1928 and apparently likely to be followed by Iowa and other schools, may give the record

keepers some additional moments of worry.

It will be all right so long as there is a clear line between the "varsity" and "junior varsity," observers point out, but the cheering sections may be a bit puzzled if two evenly matched teams, playing regular schedules, are turned out by a single school.

Then, too, critics point out that while the formation of two teams will give more players a chance to participate in competition, it hardly comes under the head of discouraging "overemphasis" with two games to be played and two "gates" to be collected.

Memory of Golfer To Be Perpetuated With \$1,000 Trophy

New York, Dec. 7.—(AP)—The memory of Walter J. Travis, "grand old man" of golf, is to be perpetuated by an anonymously donated \$1,000 trophy to be awarded annually to the winner of the national amateur championship tournament of golf club champions, the first of which is to be held at St. Augustine, Fla., January 4 to 8, next.

The trophy, which is to be known as the "Walter J. Travis memorial trophy," is the gift of a New York friend and admirer, who died last August.

Travis, who for years enjoyed the fame that is now Bobby Jones', was the first three time winner of the American amateur championship and the first American golfer to capture the British amateur crown. He was 35 years old before he took up golf and he closed his career in 1915 at the age of 53 by winning his fourth Metropolitan championship.

Michigan to Meet Harvard Next Year

Ann Arbor, Mich., Dec. 7.—(AP)—The University of Michigan's renewal of football relations with Harvard revealed in announcement of home and one game in 1929-30, will give the Wolverines a chance to defeat a school it never has beaten.

The "champions of the west" as the Michigan Hymn has it, hold a winning margin in football over mid-western, southern and far western opposition but have been unfortunate throughout the years in games with eastern teams.

Conti Comes Back

Paris, Dec. 7.—(AP)—With a high run of 430, Roger Conti, France's youthful billiard champion, celebrated his return to 18.2 balking competition after an absence of nearly a year.

Conti, who has participated in three world's billiard championship matches in the United States, was indisposed in 1927 and Felix Grange represented France at Washington last March, when Cochran proved victorious.

The Frenchman's reappearance was against J. Schweinbok of Germany, whom he defeated 2,000 points to 832, the winner turning in an average of 35.06.

FIGHTS LAST NIGHT

(By the Associated Press)

Newark, N. J., Ray Miller, Chicago, defeated Pete Nebo, Newark, (10).

Atlanta, Ga., Herbert (Baby) Stribling, Atlanta, defeated "Kid" Dorland, Oklahoma City, Okla., (10).

St. Petersburg, Fla., Ollie Joyner, Bradenton, knocked out Red Seeb Boyette, Leesburg, (8). Benny Holub, Chicago, won over Jack Wafford, Macon, Ga., (8).

Indianapolis, Art Wrigand, Buffalo, and Frankie Wine, roundup Mont., drew (10). Micky O'Dowd, Muncie, Ind., won from Jimmie Dalton, Indianapolis, (8).

Los Angeles, Vince Dundee, Baltimore, outpointed Baby Joe Gans, Los Angeles, (10).

Mason City, Iowa, Battling Clemens, Atchison, Kas., knocked out Artie Schere, St. Paul, Minn., (4).

Now is time to buy your auto licenses. Buy them at Exide Service Station.

EIGHTEEN PITCHERS ON N. Y. RESERVE LIST

New York, Dec. 7.—(AP)—Eighteen pitchers are included on the reserve list of the New York Giants made known today, and incidentally, neither Ty Cobb nor Tris Speaker, both of whom have been mentioned frequently as prospective McGrawmen, are on the roster. The forty players are all the rules allow.

The Giants have waived on Cobb and Speaker, manager McGraw said, because he doubts their value as drawing cards or of material strength to his club.

"We don't mind them as drawing cards for the Giants always draw well," McGraw said. "Neither is young. They are not players who are likely to be better than they were, if anything they are more likely to go backward."

The Cream of the Tobacco Crop

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

Walter Catlett, Famous Comedian, writes:

"I have been smoking Lucky Strikes for many years and have always found them soothing. There is no other cigarette except Lucky Strikes in my dressing room. My throat has been in perfect condition throughout."

Market Report Cotton--Stocks--Grain

COTTON.
New York, Dec. 7.—(AP)—The cotton market was quiet today with early advances of 1 or 2 points were followed by reactions of 15 or 20 points under realising by recent buyers, but trade interests were credited with buying on scale down orders, and the undertone was fairly steady at the decline. January was selling around 19.23 in mid-afternoon the general market showing net declines of 3 to 5 points.
The closing was weak. Total sales approximated 2,500,000 shares.
Futures closed steady 5 to 13 lower; spot steady; middling 19.63.

GRAIN
Chicago Dec 7.—(AP)—With a big blizzard northwest and west curbing the movement of grain, an all round upturn took place today in the value of wheat, corn and oats. The advance was in the face of the fact that export demand today for wheat from north America was called slow, and despite knowledge that snow which fell over the greater part of Kansas will highly benefit winter wheat.
Wheat closed unsettled at a shade to 3-8 net gain, corn 1-2 to 7-8 up, oats showing 3-8 to 5-8 advance and provisions unchanged to 2c down.

NEW YORK STOCK LIST.
New York, Dec. 7.—(AP)—Pronounced reactionary tendencies developed in today's stock market. In commission house circles there was a tendency to attribute the selling to President Coolidge's reiteration of the statement that he was not a candidate for re-election to the sharp falling off in steel production last month and the further decline in the first week of December but in banking circles the view was expressed that the market was entitled to a reaction on technical grounds after its recent spirited advance. Early declines ran from five to twelve points in some of the higher priced issues.
Not all of the days news was unfavorable however. A further advance of fifteen points in the price of export copper call money was renewed at four per cent instead of four and a half and Secretary Mellon in his annual report to congress today characterized business as fundamentally sound and took an optimistic view of the future.
Tin Shortage No Joke.
London, Dec. 7.—(AP)—A shortage of tin due to that new car seems to be on Ford's side. The London tin syndicate has been told that there is urgent need of increased production; that only the recent lull in Ford plants saved the world from a serious shortage.

NEW BERN Mayor
Holds His Job
New Bern, Dec. 7.—(AP)—Mayor Albert H. Bangert was sitting securely today at the helm of the New Bern city government following the defeat by a vote of eight to two of a motion in the city council to request his resignation. The basis of the motion, made by a member of the board of aldermen last night, was alleged intoxication, as was said, but the movement to oust Mayor Bangert was dealt a death blow when eight of the aldermen, after conferring together, announced that a satisfactory understanding with the mayor, concerning his third term, had been reached.

State Merchants
Provide Traffic Bureau Recently
The North Carolina Merchants Association in addition to the various special services rendered to the individual members and local organizations of the state, has established a Traffic Bureau. Under management of Mr. J. Charles Phelps, a man of several years experience in freight traffic work. C. B. Rowlett, secretary of the local association, stated today that the merchants of the state have long since realized that freight shipments are often, improperly classified, which frequently result in overcharges on such carrier services. And believing that a considerable sum can be saved the merchants of North Carolina if all their freight bills are audited by an experienced freight rate accountant the state body has added such service for the benefit of the membership of the various localities of North Carolina.
This special service is offered to the members of the Greenville Merchants Association by the state association, without any extra cost to the individual members, but on the other hand may result in a substantial saving to them. Mr. Rowlett stated that all members of the local association, who wish to avail themselves of this service should send their freight bills to his office or mail same direct to the Traffic Bureau of the North Carolina Merchants Association, Raleigh, N. C. He further stated that any additional information desired concerning the traffic bureau he will be glad to furnish upon request.

BILLY SUNDAY

HERE IN APRIL
Plans For Coming of
Noted Evangelist
Soon to Get Under
Way Here.
The committee representing the Ministerial Union of the city, have received a letter from Rev. W. A. (Billy) Sunday, in which he confirms the date for a great meeting here next Spring in April and May, and saying that he is counting on being here at that time.
Suggestions for a appointment of a general chairman, and numerous committees for the campaign were also sent, and these committees will be appointed soon, and the campaign started. Mr. Peterson, the advance representative, who is now in St. Louis arranging for the meeting to begin there in January, will come here in a short time to set up the preparatory organization, and select the place of meeting. It is very gratifying that all of the owners of the various tobacco warehouses have offered the use of any of them for this meeting. The churches participating in this campaign are: Methodist, Free-Will Baptist, Christian, Presbyterian, Memorial Baptist, Episcopal, and Immanuel Baptist. All of the pastors of these churches are co-operating for a community wide evangelistic meeting.

GORMAN'S MARKET REPORT

The sales were small Monday. Gorman's sold 77,478 pounds for \$20,270.14, average \$26.04. Tuesdays sales were larger (caused by the rains keeping tobacco away on Friday and Monday sales) Gorman's sold 166,770 pounds for \$41,975.41, averaging \$25.02. Gorman's is selling lots of barn cleanings (tied up scraps and damaged tobacco) and but little good and fine tobacco. We sold several lots of wrappers above eighty cents per pound in our Monday's sale. It pays to sell in Greenville and at Gorman's. If you ever needed a judge of tobacco to sell for you it is now. Come see our sales or talk with some of our customers. We will be able to sell you any day you come so we do not advertise our sales.

J. N. GORMAN AND SONS

MINOR CASES HEARD HERE

County Court Yesterday Had one of Shortest Sessions in Many Weeks.

Jesse Carson was sentenced to eight months on the county roads on a charge of possession and sale of whiskey, by Judge W. A. Darden, presiding over the regular weekly session of county court here yesterday morning. Appeal to superior court was filed, bond being fixed at \$400.

Court completed work by the noon hour yesterday, the session being one of the shortest in months. Of the four cases given hearing three were for violation of prohibition laws and one for assault with deadly weapon.

Upon being found guilty of a charge of assault, J. F. Brown was sentenced to eight months on the county roads, execution of sentence however, not to become effective within a period of twenty-four hours should the defendant leave the state.

Lewis Street was given a suspended sentence of two years following conviction of transporting, possessing and selling whiskey, it being provided, however, that he should be of good behavior.

Derry Miller, found guilty of driving an automobile while drunk, paid a fine of \$100 and costs and had his license revoked for a period of six months.

Judgment was suspended in the case of Wesley Jones, charged with assault with a deadly weapon.

Now is time to buy your auto licenses. Buy them at Exide Service station.

Spain Elected President of Cotillion Club

Spain was elected president of the Greenville Cotillion Club at the annual meeting of the organization held at the courthouse here last night.

Other officers elected were: William Tyson, vice-president; Joe Moye, secretary and treasurer.

The board of governors is composed of J. B. James, Dr. A. M. Shultz, Buck Buchanan, Arthur Corey, Dave Moore, Jimmy Patterson, Larry James, Graham Flanagan, Bruce Warren.

It was decided that regular club dances should begin at nine and end at one o'clock in the future. Two dances will be held during the Christmas holidays. Dates however, were not decided upon.

"VIRGINIA TRADITION" ONE, SAYS AUTHOR

Greenville, Dec. 7.—(AP)—The old-fashioned democracy is decaying, says Mrs. Edwin Swift Balch of Philadelphia and Baltimore, who as Emily Clark has compiled her beliefs in a series of essays called "Stuffed Peacocks." Although she is too young to know much about life in the South outside of the twentieth century, Mrs. Balch says that modern youth is creating a new "Virginia tradition," but that the older generation refuses to acknowledge the change.

Washes, Carries Coal Woman Gains 18 Lbs.

"I wash, iron and carry coal and don't get tired since taking Vinol. Also, I have gained 18 pounds," Mrs. S. Cortese.

Vinol is a delicious compound of cod liver peptone, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very FIRST bottle often adds several pounds weight to thin children or adults. Tastes delicious.

and KEE' OUT OF EUROPEAN AFFAIRS, ENTANGLEMENTS, and DEBTS.

Dr. A. D. Lamb, who teaches chemistry at Harvard, says chemists will solve "humanity's three major problems of the future, the supply of energy, of food and prevention and cure of disease."

Progress is swift. Twenty-seven years ago chemists solemnly agreed that in chemistry the limit of knowledge had about been reached. And since 1900 more has been learned about chemistry and its possibilities, including construction of the atom and the power locked up in it than had been learned in all the previous centuries.

The diary of the late Czar tells how badly he was treated by the

Bolshevik. He wasn't allowed to walk on the river bank, and guards threw all of the Czar's wine into the river.

Other diaries written in Russia, but by the Czar, tell how hundreds of men and young women had died under the knout, or in the dungeons of St. Peter and St. Paul. One prisoner of the Czar, fearing that he would betray his comrades under the lash, pulled himself up to the window of his cell where a little oil lamp burned, and held himself there until the flame had burned into his side sufficiently to kill him.

The Czar's crime was the crime of being Czar. Their crime was the crime of demanding liberty.

The automobile situation is encouraging for publishers. A great automobile advertising campaign is ahead for 1928. A half dozen makers produce what the people want. The problem is to let the

people know in such a way as to force purchases. The power of suggestion, greatest force in salesmanship, besides, 99 per cent in intelligent advertising.

Mr. Morrow, our Ambassador to Mexico, inspecting Mexico's wonders, accompanied by President Calles of Mexico and Will Rogers, is much interested in a gigantic dam for irrigation now being constructed by Mexican government in the state of Aguas Calientes.

After a few years Will Rogers, Ambassador Morrow and President Calles may see a big dam built by this slow moving government to utilize for power and irrigation the waters of the Colorado river. Anything can happen.
