### Assault on Pee Dee River Bridge to be Started by Engineers damps. Monday.

Washington, Dec. 17 .- (AP)ixty thousand pounds of air bombs will be dropped by army air corps chanes on the reinforced concret ridge over the Pee Dee river beween Albemarle and Mount Gilead, North Carolina, during the demoliion of the bridge beginning next Monday. Ine pride is to be dethe airmen for a target.

Included in the air bomba; ament viil be 20 bombs of the 1,100 pound ype, each of which holds 550 pounds of high explosives.

Assistant Secretary Davison of he war department, who will witness the bombing accompanied by Major General Fechet, the new air corps chief, said today that he was confident a high percentage of hits rould be scored.

"Great accuracy is required in ming the bombs," he said, "a miscalculation of one-sixth of a second in pulling the trigger will cause a omplete miss. 'An additional handicap is the

fact that only eighteen hundred feet from the bridge to be destroya new bridge has been built." Ten army bombing planes will be lantic Leagues, president of their association. J. E. L. Wade, Wilmobilized, at Fort Bragg, North Carolina, 75 miles from the Pee Dee bridge, for the test. In addition to the big bombs, they will drop 65 of the 300 pound type in their first salvos to be followed by 35 of the 600 pound type and finally the 1. 100 pounders. Their instructions require them to fly at an altitude of 8,000 feet, although the bridge at AP)-Playing under a system that which they will shoot is only 17 feet wide. With the plane moving at a legiate Athletic Association basketspeed of 7.013 feet a minutes and ball race down to two teams from the projectile falling at a rate of 650 feet a second the difficulty of coring hits is obvious.

Before the air bombing, the bridge is to be tested with artillery shells and placed bombs set by army engineers but the climax will come with the 1.100 pound air bombs.

"Few, I believe, understand the errific destruction that can be dealt from the air," Mr. Davison

# HUSBAND THE NIGHT BEFORE CHRISTMAS

--we'll secretly put a Kelvinator into your home

WISE WOMEN THIS

For only \$20 down, you can give your wife a Kelvinator this Christmas.

We'll be sworn to secrecy, when we bring this fairy kitchen helper to your home on Christmas Eve.

And not until the next morning will SHE know! Not until you wave the magic wand that means lightened kitchen burdens for her!

As the weeks and months roll by, this Kelvinator will mean even more to her than now. For she will learn from actual experience its economy, convenience—and how it safeguards the health of those near and dear to her.

Purchase Kelvinator, oldest domestic electric refrigeration, on our convenient time payment plan, and let your wife enjoy its benefits now.

We have a special Christmas display that will interest you.

## Christmas Opportunities

We have listed below 26 families who are objects of special interest for this Christmas time.

In conference with Envoy Cranford, of the Salvation Army, who is doing relief work and who will be of very great assistance in helping reach many of these families, we have decided that there should be available at least \$10.00 per family, either in money or in supplies. We find that most of these families are in need of clothes and food supplies as well as Christmas supplies, etc:

We are listing below information about each family so that anyone who desires may take a family or furnish money to supply needs of that family. The first ten cases are referred to the Salvation Army. Some en to Envoy Cranford of the Salvation cases have been taken, as noted.

Chicago, Dec 17-(AP)-Wheat advancing in the late dealings today and corn declining, whereas earlier the two markets each pursued the exact opposite course. Upturns in wheat prices were based largely on firmness shown by quotations at Buenos Aires and Liverpool, despite bearish aspects of the Argentine government crop report as to wheat. Corn weakness resulted from a stament attributed to oficial sources hat the yield of corn in Iowa is 5.000.000 bushels over the November

### STOCK MARKET.

New Yor, Dec. 17 -- (AP) -- Conbructive forces were again at wor. ir loday's stock market which gave another impressive demonstration of strength in the face of rather heavy week-end realizing. Buying orders were distributed over a broad list but the copper, public utility tobacco and merchandicing issumade the best group showing Trading was in unusually heavy volume for a half holiday session

Sleady improvement in the copper industry was reflected in the heavy accumulation of those share Ansconda, Calumet and Arizona Chile, Greene-Cahanca and Nevaria all reached new high fround.

General Motors and L. S. Ster' leaders in the upswing yesterday ran into a lot of profit taking and could make little headway.

Public utilities moved forward under the leadership of the We aern Company stocks particularly Pacific Coast and Southern Califernia Edison. Comolidated Carar led the advance in the tobacco which were also featured by a brisk recovery in Porto Rican watch slumped badly carller in the week. The close was strong. # GORMAN'S MARKET REPORT

The Market has crossed the sixty million mark, for which all of Greenville is proud.

The sales have finished easily each day this week. GORMAN'S sold this week 292,896 pounds for \$64,044.16 averaging \$21.17 GORMAN'S has sold for the season 9,955,768 pounds and averaged for all Farmers Tobacco sold \$24.27. Under the circumstances we teel ve y roud of this average as it is 50c more per nundred pounds than the Markets average and has added so many extra dollars to the pockets of those who sold at GORMAN'S. We have worked harder to make this average than we have to lead the Market in pounds: as we realized the Farmers needed every dollar their tobacco could be sold for.

The Market will reopen January 10th. We wish you all a Merry Christmas and hope the New Year will bring you the best of health, wealth Your Friends, and prosperity.
