Legion To Get Revenue Boat At New Bern

Upon request of General Albert L. Cox, Commander of the North Carolina Department of the American Legion, Congressman Lindsay Warren today called on the Coast Guard and secured the Coast Guard Cutter Pamlico for the meeting of the state executive committee of the Legion. The committee composed of about twenty-five members with five guests will sail on the Pamlico from New Bern at noon on January 27th, and will cruise in the sounds of North Carolina for three days. They will make a short stop at Elizabeth City, and will visit Kitty Hawk. General Cox accompanied Mr. Warren to see Admiral Billard and later they went to the White House and invited Col. Blanton Winship, Military Aide to President Coolidge to be one of the guests on the trip. Col. Winship, Commander Yeandle of the Coast Guard and Herbert Bonner, Secretary to Congressman Warren will join the party at New Bern. After they leave the ship General Cox and Col. Winship will probably spend a few days hunting in Beaufort County.

Local Red Men Install Officers

Withlacoochee Tribe No. 35 entertained the installing Chiefs last Friday evening Jan 6th. The work was beautifully executed by C. C. Quinn, Tribal Deputy Great Sacham.

Again the true spirit of fraternalism was beautifully demonstrated, a large and enthusiastic gathering of members filled every chair in the hall and anti-room it was a real get together affair where peace and harmony prevailed. This organization is growing in membership. They are busy taking in new members and having a good time, and intend to repeat it on a larger scale.

Following the usual routine of business the remainder of the evening was devoted to several short talks from the members.

Sacham O. C. White gave a wonderful talk. He spoke of how proud every one should be to be a member of this great society and what a pity it is, with our noble order whose great charitable works are heralded to the general public that thousands are carried away in the prime of life without any protection. But the careless are wrapped up in costly speeders and give no thought to that endless down of where life ends.

The address was followed by a short talk from Jr. Sagamore J. A. Bland and a number of other good talks from various members.

After the meeting supper was served to about one hundred members.

It was a very profitable meeting in several ways, promoting sociability establishing a closer friendship and giving us enthusiasm to strive for new members and keep something doing all the time. Another evening of pleasant thoughts tucked away in memory's store house for future reference.

Sarg Marionettes Delight Audiences At Local College

Tony Sarg's Marionettes, in their two shows at East Carolina Teachers College gave delight to two good audiences, the one in the afternoon having children in the majority, but the one in the evening composed largely of grown-up children. The show even passed expectations and made good their claim to "entertain children from six to sixty". Not only were people fascinated by the natural acting of the "human dolls" and their clever tricks, but marveled at the illusion that made them feel they were watching a full size play.

Mr. Searle, the manager, who by the way, met Mr. Sarg ten days after his arrival in America and has been his partner and co-worker for half a life time, says it is all a question of scale. The dolls are made two feet high, about one third the height of a man, and all things are made in proportion so there is nothing by which to make comparison. At the end when the man suddenly thrust himself upon the scene, he seemed a veritable giant.

Mr. Searle, made all the dolls and the properties. There are seven people with the show, six "puppeteers" who are both artists and actors, and a musician. This is the only Tony Sarg outfit giving shows over the country. There is a cabaret in Chicago, and last season they furnished one scene for another show, but that that has been taken off. Mr. Sarg himself does not travel with the show, but is a very busy man at headquarters in New York City. Each year he has sent forth some new play better than those going before, this year it is Arabian Nights.

The afternoon performance was a combination of various Tony Sarg successes. In "Young America Reads", represented by a boy seated, reading, and wishing aloud for his favorites to appear. Then came the scenes. Joe Jefferson lived again Rip Van Winkle, Don Quixote's fight with the windmill recalled that great satire. The realistic battle with the fierce pirates in the stockade scene in "Treasure Island" was the climax of the series.

The minstrel show features were great. The dignified announced saying "Hopes you like it" certainly had his hopes fulfilled. Rastus and Rufus in "Darktown Folies", the Ethiopian version of the "Volga Boatmen" and the Hanorian Hula Dance by Bluebell and Geranium and the band playing various instruments all won hearty applause.

In the evening the most elaborate Marionette show ever staged in America was shown, "Ali Baba and the Forty Thieves". The rich oriental setting, the costumes, and the Eastern manners were all faithfully presented as in real plays.

The animals, donkeys, dogs, sheep horses and even a camel and an elephant made the scene far more spectacular than possible in a real play. The elephant, and his fruit stealing trick represented a whole summer's work.

A peep behind scenes was a show within itself. From framework were suspended the puppets and from bridges overhead the puppeteers worked the strings, spoke the line, sang the songs, and snuffed scenery with lightning rapidity, each intent on his own task.

The Marionettes will be shown in Norfolk tonight, and later in Asheville, the only other places in the state. They have engagements in a number of college towns, closing the season in Florida.

Wisconsin Woman Engaged In Contest For G. O. P. Seat

A feminine contest for one of Wisconsin's seats in the republican national convention is being waged by Mrs. Adalin Wright MacCauley (left), a "regular," and Zona Gale (right) "independent." Mrs. MacCauley led the American Legion Auxiliary accompanying the second A. E. F. to Paris.

Milwaukee (AP)—Zona Gale, famous novelist, and Mrs. Adalin Wright MacCauley, who led the American Legion Auxiliary on its invasion of Paris with the second A. E. F., will stage a feminine race for a seat in the Republican national convention from Wisconsin.

Miss Gale, a La Follette follower, and Mrs. MacCauley, who belong to the regular wing of the Republican party in the Badger state, are running for delegate at large.

Miss Gale's name will appear on the same ticket with those of Senators Robert M. La Follette and John J. Blaine, who were endorsed by an independent Republican conference held in Milwaukee.

Mrs. MacCauley received her endorsement, along with other "regulars," at a party caucus.

The author of Lulu Bett, whose home is in Portage, Wis., is no novice in politics. She has been active for several years in the independent Republican councils and is a member of the board of regents of the University of Wisconsin.

Mrs. MacCauley, wife of a lawyer of Menomonie, Wis., is making her debut in Wisconsin politics.

Gun Fight Breaks Out at Trial In New Orleans, La.

New Orleans, Jan. 10.—(AP)—Participants today were reticent concerning the underlying causes of a series of hand-to-hand encounters and a flare of gun display that broke out yesterday during selection of a jury to try the first of seven registration suits against Mrs. Anthony Leon, registrar of the parish.

No shots were fired, but in a brief battle between parish judge J. Claude Meraux and the husband of the woman registrar, Judge Meraux sustained a broken finger and body bruises.

The registrar had ruled that seven voters were disqualified for the Democratic primary January 7, and those affected had brought suit to have their names returned to the official registration lists.

Spectators declared that the first disturbance was staged in the court room, in the form of a near fight between one of the audience and Neil Quave, plaintiff, whose case was to be tried first. Judge Meraux is said to have left his bench to quell this scene.

The climax came in the court yard after opposing attorneys had successfully moved for the continuance of the cases, a spirited legal battle had developed over the judge's acceptance of the husband of one of the seven plaintiffs as a jurymen. Outside the walls, Judge Meraux and Leon met and their fight began, and those who described it said that the barrels of shot guns and rifles were apparent behind the trees and in court house windows.

Nursing Record In Two Continents Hard To Equal

Nurse Waite of New Brighton writes "After fifty-five years of tireless labor nursing mankind, I am now retiring. While nursing in New York, in my early twenties, I was poisoned by food, my sister nurse recommended your wonderful CARTER'S LITTLE LIVER PILLS. The doctor told me that I would have died had I not taken the pills.

I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, sick headache and constipation. These pills are indeed a wonderful laxative, being purely vegetable, small and easy to take, children, as well as older people can swallow them easily."

Reports of new cases of smallpox are causing some concern to health authorities and again we urge that every citizen who has not been vaccinated against this disease, do so at once. In no better way can we combat smallpox than by vaccination against the outbreak of more new cases and by being vaccinated you are not only saving yourself from suffering, but you are helping to keep down the spread of the disease. Don't take the chance on catching and spreading smallpox when there is a means of preventing it. Your family physician can vaccinate you or if you prefer, you may obtain the vaccination at the County Health Office free of charge. Don't put it off longer. Make up your mind now to be vaccinated. You owe it to yourself, your family and your community.

IS THIS THE ANSWER?

Guy A. Cardwell, Agricultural Agent of the Atlantic Coast Line Railroad, in writing upon the present conditions on the farms of our section and discussing the much talked of farm relief measures, asks if, to a great extent, the trouble is not with the farmer himself, and feeling that the plan pointed out by Mr. Caldwell would mean much to the farming industry, we pass the idea on to our readers for what it may be worth.

Beginning with the following poem of Henry Van Dyke, Mr. Cardwell says:

"This is the gospel of labor; Ring it, ye bells of the kirk. The Lord of Love came down from above.
To live with the man who work. This is the rose He planted. Here in the thorn-cursed soil; Heaven is blessed with perfect rest. But the blessing of earth is toil."
—Henry Van Dyke.

"Prosperous agriculture—agricultural prosperity—or the lack of it, has given the nation a great deal of concern for several years. The President, the Secretary of Agriculture, Congress, Big Business, the Farmer himself, and the Butcher, the Baker, the Candle-Stick-Maker have all wrestled with the problem, in season and out of season, but with little success.

"Some say the farmer needs this, and some say that, but all have so far missed the mark.

"The writer is satisfied that the farmer is in need of practical aid of some kind, but we are vague as to just what should, and can be done to help him. There are so many things that farmers as a class could do for themselves that we

are wondering if these things are not in themselves the answer to the farm problem.

"Some of the things that will help lift the farmer out of the slough of despondency are:

"1. Good seed. Seed should be treated, if necessary, to prevent getting weak, diseased plants.

"2. Soil fertility. If the soil is not naturally fertile make it fertile with manure and legumes and with crop rotations, as have the farmers of many other older lands.

"3. Intelligent use of commercial fertilizers in quantities that have been proved to give the heaviest yields of good quality products, at costs commensurate with good business.

"4. Use of farm machinery to replace hand labor wherever this can be done economically.

"5. Support of the cropping system with livestock so that the farm labor may be kept employed all the year around, and so that the farm may have more frequent money income. Something to sell every week in the year would be a splendid accomplishment on southern farms.

"Of course the adoption of these practices would result in eliminating the more inefficient farmers, in driving many of them away to the cities where they could sell their brawn; but, would not this be a good thing, for will not farming have to be made a profitable occupation if the farmer is to be the happy, independent individual that we say he is or should be?

"Most certainly we do not want our entire rural population to become tenants, slaves to debt, but we want them to become contented, self-respecting and respected small farm owners, with something to sell, and with ready money to buy not only necessities but a reasonable amount of present day luxuries."

DEMOCRATS ATTEMPT
TO STOP TAX ON
NEW TAX MEASURE

Washington, Jan. 10.—(AP)—Battle lines are being drawn by the Democrats in an effort to thwart the move of the Republican leaders to delay action on the tax bill until after March 15.

Senator Simmons, the ranking Democrat on the Senate finance committee, plans to take up the cudgel as soon as he recovers from a slight illness to force prompt action on the measure.

The North Carolina is determined not to accede to the request of chairman Scales of the finance committee to take up the alien property bill ahead of the tax measure. Senator Smoot had hoped to get the alien property bill out of the committee within a few days and bring it to floor where he believes a substantial majority favors it. The measure already has passed the house and provides for a settlement of the problem growing out of the seizure of German property during the war.

Administration leaders want the tax bill delayed until the March 15 collections can be scrutinized.

Japanese Prince
To Wed This Year

Tokyo, Jan. 10.—(AP)—The wedding of Prince Chichibu, heir apparent to the Japanese throne, and Setsu Matsudaira, daughter of the Japanese ambassador to Washington, has been informally set for some time in September or October. Numerous preliminary formalities are necessary. An official of the Imperial household department is going to Washington soon and the formalities of proposal and acceptance will be concluded then. After that official announcement of the wedding will be made here. As this is the first time in history that a Japanese heir apparent has wedded a commoner, the Imperial household is discussing regulations, ritual and other details.

ABOUT
TOWN

"Tom Berry is considered one of the most prominent race horse men in America," said Haywood Daily yesterday afternoon, speaking of the recent visit of the distinguished horseman to this city.

"Berry recently had the distinction of lowering the world track record in steeplechase races in Arizona. The horse he entered is the fastest of his kind in the world. Mr. Berry is truly proud of the remarkable showing of the horse and is optimistic concerning the future of the animal."

"Members of the Free Will Baptist denomination are to be congratulated upon the improvements soon to be made to their church property in this city. Rev. R. J. Damber, president of the Ministerial association said this morning, 'With a building valued at \$15,000 and an annex to be constructed at a cost of \$10,000, the congregation should have a church building that will compare favorably with any other edifice in the city.'

"I am delighted to see the spirit of thrift existing among the various denominations of the city. It means great things for the future—things in which every man, woman and child should be intensely interested."

"The Baptists are to be congratulated upon their expansion program. May they continue to show this spirit of progress."

"Hony Sarg's marionette production at the College last night was probably the best attraction of its kind ever seen in this city. Sarg is a master hand with puppets, and his presentation of the Arabian Knights story, Ali Baba, last night showed to what measure marionette science has been advanced."

"The College is fortunate in being able to secure the services of such noted performers, and with last night's entertainment as a sample, it is natural to assume the remainder of the winter and spring program will attract large crowds. At least this was the consensus of opinion of numbers of people present at the attraction last night, and we believe they expressed the sentiment of a large per cent of the audience."

"The Merchants Association is striving to do everything possible for the benefit of its membership," C. B. Rowlett, secretary of the association, said this morning.

"It was for this reason that we have inaugurated an accounting department to take care of bad accounts and to render such other services as may pertain to the success of our membership."

"Each credit customer of the city hereafter will have a credit rating. Therefore, it is incumbent upon the customer to see that all bills are settled when due, or as near that time as possible. Good rating with the association means good credit with the merchants. This is something every man, woman and child should pay attention to. Good credit is a splendid asset, but when abused it becomes detrimental to the future of the man owing the bill."

"See that your credit is so protected that your rating with the association will be A-1."

"You boys certainly had the local news yesterday," complimented a reader of this column today.

"Whenever anything happens an account of it may be found in the Reflector within a few hours after it happens."

"We folks realize there are lots of days local news is dull and it is upon such occasions that we appreciate the wonderful leased wire news service."

"Your local wire service is hard to beat. You carry the same news the metropolitan dailies carry just as soon as they do, because you have the same protection."

"Greenville is going forward by leaps and bounds, and it is gratifying to note the paper is keeping step with the town's progress."

★ COMING STARS of the MOVIES ★
Ruth Taylor

To an almost unknown girl has fallen one of the biggest screen opportunities in years a role for which many well-known stars vied eagerly—that of Lorelei Lee in "Gentlemen Prefer Blondes."

And in the midst of the frantic scramble, 20-year-old Ruth Taylor, of Grand Rapids, Mich., emerged victorious. Two years ago she was an extra girl at \$5 a day. Then she became a leading woman in Sennett comedies. That's Hollywood for you!

Ruth should win stardom with that role. It's hardly possible for her to miss. She's five feet two inches tall, weighs 102 pounds, has dark blue eyes and, of course, golden bobbed hair. She's a graduate of the Portland (Oregon) high school.—(IIN).

Foreign Diplomats
Not Always Immune
In United States

London, Jan. 10.—(AP)—In connection with the question of diplomatic immunity raised in Washington when a 12 year old girl was struck by an automobile driven by the British Ambassador's 14 year old son, it was recalled today that foreign diplomats had not always been granted immunity here.

In July, 1922, the son of a Brazilian minister to Great Britain was fined for driving a car dangerously through the streets of Maidenhead. The magistrate rejected the claim of immunity entered on behalf of the diplomat's son.

On the other hand, Justice McCord ruled in high court in October, 1923, that an ambassador's judicial immunity included his family staff and servants.

OWNER AND AUCTIONEER
GREENVILLE, N. C.MRS. SNYDER
RESIGNED TO
DIE IN CHAIRTells Mother She
Would Like to go to
Death in Her Own
Black Silk Gown.

New York, Jan. 10.—(AP)—Apparently resigned to death in the electric chair Thursday night, Mrs. Ruth Snyder has told her mother she would like to die in her own black silk gown.

Mrs. Josephine Brown said her daughter had told her she was tired of the coarse, cotton and gingham clothing she had been forced to wear since her confinement to Sing Sing prison and would like to wear silk garments once again only for her execution.

Warden Lawes, however, indicated the condemned woman would not be granted her wish. He explained the family would have nothing to say about what she would wear and that probably Mrs. Snyder would don for her execution the same kind of gingham house dress she has been wearing, except that the color would be black.

Mrs. Brown, after a visit to her daughter during which both wept, told the warden her daughter was resigned to death.

"Ruth is blue," she said. "She has given up hope and is preparing for the end. She expects no clemency from the governor."

Henry Judd Gray, her paramour who also is scheduled to die on Thursday for his part in the murder of the woman's husband, has made final preparations for death. Gray made a will in which, it is understood, he made his wife, Mrs. Isabelle Gray, and his 10-year-old daughter, Jane, his sole beneficiaries.

Warden Lawes said that both prisoners were bearing up well under the strain. Gray, he said, was perfectly normal. Both mentally and physically, and Mrs. Snyder, although highly nervous and incessantly weeping, was normal mentally.

Governor Smith, upon whose clemency rests virtually their only hope of reprieve, has declined to discuss the case, saying: "I'll talk about that when I'm good and ready."

Today Mr. T. R. Moore showed the Reflector a nice ripe water melon that was brought to him by Mr. Epps Teel, of Belvoir township. Mr. Teel says this is a second crop melon, that is he planted melons last spring and when they were ripe he dried some of the seed and planted again, and this melon was one of the last crop. It looks like water-melons can be enjoyed all the year in this climate.

BEST GAME IN YEARS IS ANTICIPATED

The first basketball game to be played under supervision of the recently organized North Eastern Athletic conference is scheduled at Gorman's warehouse tonight between members of the local high school team and a similar aggregation from Farmville.

According to C. W. Porter, athletic director of the local high school this game promises to be one of the most stubbornly contested played here in several seasons. Farmville is reported as having the best team in years and as a consequence the locals are expected to have their hands full from the opening until the final play.

The local lineup will be composed of the following: Bostic, Hicks, Respass, Roberson, Tucker, Briley, Hearne, Eason, Mayo, Whedbee, Thomas. Coach Porter said this morning that he expected the locals to make an exceptionally fine showing this season. The team is composed of many of last season's players, and it is generally conceded that they should be able to hold their own against anything in this conference circle.

The game will be called promptly at 7:30 o'clock and the public is urged to attend and give the boys a rousing send-off.

Firpo Wants To Stage Comeback

Buenos Aires, Jan. 10.—(AP)—Luis Firpo wants to be back to the United States and make a comeback.

The "bull of the Pampas" acknowledged today that he had sent a letter to the American trainer, Jimmy de Forest, offering to place himself under his direction. He thought he might arrive in the United States in May.

When asked for a definite statement as to his actual plans he said: "Maybe yes. Maybe no."

Fight experts, however, are reluctant to believe that Firpo actually will go, especially as they regard it as impossible for him to regain boxing form after nearly four years of inactivity.

Princeton Looms As Next Gridiron Opponent of Navy

Princeton, N. J., Jan. 10.—(AP)—Princeton loomed today as a likely opponent for the navy on the gridiron in place of the army.

Dr. Charles W. Kennedy, chairman of Princeton's board of athletic control, announced that "all matters of immediate interest to Princeton athletics" would be considered at a meeting Thursday.

"I refuse to affirm or deny that Princeton will play the navy in 1928," he added.

The feeling prevailed in university circles that the football officials desired to withhold any information until definite arrangements had been completed.

BABE RUTH SHOOT'S BIRDS AT NEW BERN

New Bern, Jan. 9.—(AP)—Babe Ruth, Yankee shooting star, today began attempts to hang up a record for bird shooting. The Bambino, who arrived here this morning, expects to put in several days hunting quail, duck, deer and geese in this section.

He will hunt in this vicinity today and tomorrow. Tuesday night he goes aboard a friend's yacht for a hunting trip on the coast. He will return Wednesday night and expects to leave the following morning for New York.

A crowd of 500 people gave him an enthusiastic welcome when he arrived this morning.

FOR CONSTIPATION

Mississippi Man Says He Has Found Black-Draught So Satisfactory, He Has No Need to Change.

Wiggins, Miss.—Mr. A. L. Cone, a well known Wiggins resident, says: "I have used Theodor's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change."

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay.

Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive the poisons so as to leave organs in a state of healthy activity. Sold everywhere, 25c. NC-171

FIGHTING MINNESOTA STUDENTS EARN COLLEGE KEEPS WITH FISTS

To finance their studies at the University of Minnesota these young men have entered the professional boxing ring. Three are welterweights and Joseph Gordon (center), a student of physical education, is a light heavy. Dick Daniels (left) the youngest of the group, is studying law, while Morris Green (upper right) and the veteran Sammy Leonard (lower right) are taking up medicine.

Minneapolis.—(AP)—Four University of Minnesota students are fighting their way through college. They are all professional boxers.

Three of them learned the pugilistic art after entering school, and all of them are real glove fighters who can take a sock or leave it.

Just as they mean serious business when they step into the ring they are also doing the heavy stuff in college. Two are entered in the medical school; one is in pre-law and the other in physical education.

Favored by proximity to the

lucrative boxing fields of St. Paul and Minneapolis, they fight just as often as they want to, which is frequently.

Sammy Leonard, welterweight, is the veteran of the scrapping quartet. He has been glove fighting for the last four years and is in demand as a semi-windup attraction and occasionally lands a feature bout. He is studying medicine.

Joseph Gordon, studying physical education, as a light heavyweight won the central A. A. U. title at Gary, Ind., and worked his way to the finals in the national amateur boxing tourney at Boston. He

made his professional bow this winter, winning his first fight by a knockout.

Another medical student, Morris Green, won the university welterweight title for two years before turning pro. He is rated as among the best of the young walters in the northwest.

Next to Leonard, Dick Daniels, although younger than the others, has been a professional the longest. He turned to the ring in his senior year in high school and has been fighting regularly for a year and a half. He is a welter and is enrolled in the pre-law school.

PERMIT DRAFT ISSUE TO RUN ON AS USUAL

Chicago, Jan. 10.—(AP)—Another budding revolt over the baseball draft methods of the major leagues has been scotched, with the minor leagues again acknowledging that the majors hold the whip hand in the baseball player market.

Delegates representing the 24 organized minor leagues voted yesterday to rescind their Dallas resolution and permit the draft situation to run along just as it has for the past seven years, and as it will continue during the incumbency of Kenesaw Mountain Landis, under the terms of their new resolution.

The five big minors, International, Pacific Coast and Three-Eye Leagues, and American and Southern associations, won their fight with the backing of the major leagues—to continue the modified draft. No player, under this modification, can be drafted from the big five clubs unless he came down from a major league club.

Beats Notre Dame

Arthur Lonborg

Chicago.—(AP)—A more or less new brand of basketball in the Western Conference has been introduced this season by Northwestern University under the sponsorship of its new court coach Arthur Lonborg.

Lonborg perfected a flying five-man offensive while at Washburn

College, Kansas, and his team won the national amateur basketball championship in 1925.

He has launched the same principles of play at Northwestern and the Purple cagers started out auspiciously by trimming Notre Dame for the first time in ten meetings and winning three of five pre-season contests.

Lonborg learned basketry in four years at the University of Kansas under Dr. Forrest C. "Phog" Allen.

RICKARD AND GENE TUNNEY GET TOGETHER

New York, Jan. 10.—(AP)—Tex Rickard and Champion Gene Tunney have settled their differences.

"Everything between Gene and myself is now o. k.," the promoter said today. He consented to the heavyweight title holder's demands for two fights this year.

Rickard contemplates Jack Sharkey, of Boston, as Tunney's first opponent and Jack Dempsey as the next and biggest rival.

The Dempsey-Tunney struggle will be held in the Yankee stadium next September, according to Rickard's present plans.

Just where the first heavyweight championship will be staged remains indefinite although Rickard regards Chicago favorably as the site.

Sharkey, who fights Tom Heeney here Friday night is not considered as a worthy opponent by Tunney, the champion's intimates say. However, Tunney probably will be guided by the outcome of the Heeney fight.

Tunney is slated to leave for Brunswick, Ga., tonight for a brief stay at Dover Hall before proceeding to his training quarters at Miami. He will box six rounds against three sparring partners in an exhibition at Houston on February 11 as a part of his training program. Rickard will leave for Miami on January 18.
