FOUR DEATHS RESULT FROM ZERO WEATHER

Chicago, New York and Washington in Grip of Another Cold Wave Today.

Chicago, Jan. 28.—(AP)—A sub-zero cold snap which descended on Chicago today was blamed for the deaths of three men and one woman while the other persons were taken to hospitals suffering from the cold.

The frozen body of the negro, his head caught in the window of a grocery store, was found by police who believe the negro was trying to break into the store and had raised the window which dropped and held him fast.

Richard Kroft, 30, St. Louis, fell under the wheels of a Chicago, Milwaukee, St. Paul and Pacific train on which he was stealing a ride and was killed after becoming numb from the cold, and another man was found dead in the street and a woman died of heart disease believed caused by the cold.

The official weather reading here was two below zero but unofficial readings showed ten below in suburbs. Warmer weather was forecast for tomorrow.

Washington, Jan. 28.—(AP)—The Knickerbocker theatre disaster which occurred here six years ago today and caused the death of 28 persons, was vividly recalled to the national capital today by the most severe snowstorm of the year.

Snow was again falling during the night, was banked seven or eight inches on the streets and whirling gales kept the air filled with fine particles which made visibility difficult for those riding in automobiles or other conveyances. Unlike the temperature when the Knickerbocker roof collapsed under tons of snow, the thermometer today showed more moderate temperatures.

Niagara Falls, N. Y., Jan. 28.—(AP)—With the ice piling up in Niagara river above the falls blocking off the flow of water, indications point to a complete freezing over of the cataracts if the present frigid weather continues. The great mass of water plunging over the brink has already been reduced to small ice-floes and streams almost entirely silencing the usual deep roar of the falls.

The islands at the brink are clothed in white garment of snow while the freezing spray has transformed trees and shrubbery into a crystal fairyland.

At the base of the falls the ice mounds are fast piling up while stretching across the gorge an ice bridge. In the immediate vicinity of the falls the bridge is solidly intact, extending many feet below the water and as much as twelve to fifteen feet above the surface.

STATE BAR TO MEET NEXT AT ASHEVILLE

Raleigh, Jan. 28.—(AP)—Asheville was selected today as the 1928 meeting place of the State Bar Association, Henry M. London, Raleigh, secretary, announced after a meeting of the executive committee here today.

Dates for the meeting are June 28 and 29. All sessions will be held at Grove Park Inn.

Silas H. Strawn, Chicago, president of the American Bar Association, will make the principal address at the annual meeting, Mr. London said.

A. C. L. Reports Decline Revenue

Wilmington, Jan. 28.—(AP)—A decline of approximately \$17,000,000 in railway operating revenues of the Atlantic Coast Line railroad company for the year 1927 as compared with 1926 was revealed in a statement issued at the general office of the company here today.

The statement also reveals a loss of approximately \$7,000,000 for 1927 as compared with 1926 in net railway operating income. Railway operating revenues for 1927 were \$80,452,526 and for the previous year were \$97,158,815. Net railway operating income for 1927 was \$10,273,934 and for the previous year revealed a total of \$1,658,824.

Woman Taxi Driver At Raleigh

Raleigh, Jan. 28.—(AP)—State corporation commissioners scratched their heads, smiled a bit, signed the papers and murmured "There is no law against it." North Carolina today has a woman taxi driver and licensed at that.

This Latest Innovation Hails from the Same Town which Brought Tar Heels its First Sight of Knickers, Polo and Longnecks—Pinehurst.

Mrs. Constance Righter Luce, of South Harswell, Maine, is the woman in the case.

Interesting is the financial history of Mrs. Anna M. Harkness, who died in 1926. Her husband, one of John D. Rockefeller's original partners left her fifty millions. During the six years following her husband's death, Mrs. Harkness gave away more than thirty-one millions. Nevertheless, she left an estate of \$107,052,494, more than double what her husband left her.

She had \$50,000,000 in Standard Oil shares, \$20,000,000 in other securities, in all \$105,000,000 invested, and \$2,000,000 worth of real estate. She left \$93,000,000 to her son, and left just \$711 worth of clothes.

The national government will get \$10,000,000 of Mrs. Harkness' money in inheritance tax.

William Fox has bought 250 more theatres seating 350,000, for \$100,000,000.

Twenty-five years ago Fox got into the theatre business because his employer refused to raise his \$17 a week salary. Fox had just married, the employer said, "Not only I can't raise your \$17 a week but you are getting \$2.00 too much. I am going to pay what you are worth, \$15."

Fox had saved \$500 on a \$17 a week, got control of a small moving picture theatre, that could take in \$7.50 when packed. Now he has 300 theatres.

Always save something. If you have brains it will increase. If not saving will keep you out of the poor house and the potter's field anyhow.

A learned New York legislator says: married women ought not to

25 COUNTIES TO SHARE IN LITERARY FUND

\$261,600 to be Loaned Counties for the Erection of Forty-Eight Schools.

Raleigh, Jan. 28.—(AP)—Twenty-five counties will share in the \$261,600 state literary fund, which is to be distributed here February 10, Dr. Arch T. Allen, state superintendent of public instruction, announced today.

The \$261,600 to be loaned to the counties which will pay it back in instalments, will be used in the erection of 48 schools in the 25 counties. About 75 per cent of the schools will house negro children. In some cases the children are already in the schools, as county school heads had borrowed money to erect the schools in anticipation of the loan from the literary fund.

The state literary fund was created years ago through the sale of public lands. It has been loaned from year to year to the various counties, which have used it to erect schools of school houses, Dr. Allen said.

Counties sharing in the fund to be distributed February 10, the number of schools which will be built and the amount of the loan granted each county follows:

Alexander, one school, \$7,500; Bladen, two, \$2,000; Brunswick, four, \$10,500; Buncombe, one, \$13,500; Cabarrus, one, \$10,000; Craven, one, \$10,000; Davidson, one, \$2,400; Franklin, two, \$20,000; Gaston, two, \$12,000; Gates, one, \$1,400; Halifax, one, \$10,000; Hoke, two, \$3,500; Hyde, one, \$6,000; Iredell, two, \$4,000; Lenoir, two, \$27,000; Martin, three, \$13,000; Mecklenburg, five, \$7,800; Montgomery, two, \$5,500; Northampton, one, \$10,000; Pamlico, two, \$9,500; Randolph, two, \$12,000; Robeson, two, \$18,000; Rowan, two, \$8,000; Surry, one, \$2,000; and Wayne, four, \$8,000.

Robeson county, which received the largest loan here last Saturday from the \$2,500,000 special school building fund, received the second largest loan in the distribution of the literary fund. Robeson was loaned \$95,000 from the building fund.

NEW BRIDGE TO CONTAIN WALK WAY

Contractor Called to Raleigh Today to Consider Change in Tar River Span.

The new bridge now under construction across Tar River here will be built with a walkway for pedestrians according to information contained in letters received here today from State Highway Commissioner Frank Page. The contractors who are building the bridge were today called to Raleigh to furnish estimates on the necessary changes in the plans to include the walkway. The letters from Mr. Page were in reply to letters written during the week by various citizens urging the need of the walkway on the new bridge.

When the erection of a new bridge was first talked here it was the general understanding among citizens that a walkway and lighting standards had been provided but when it was learned a few days ago that these features had been eliminated, the matter was immediately brought to Mr. Page's attention. In his letters received here today Mr. Page stated that the highway commission in eliminating the walkway from the plans acted on the belief that there was very little pedestrian travel over the bridge. When the matter was brought to his attention this week, he said, he immediately set about to have the matter corrected and he has assured the citizens here that the plans will be changed to include a walkway. The bridge as built by the State Highway Commission will not include lighting standards but conduits for same will be placed in the bridge in order that the county or city may provide lighting facilities for the bridge in the future with a minimum amount of expense.

SHOW BLANKED VIRGINIA

Richmond, Va., Jan. 28.—(AP)—Snow blanketed a large section of Virginia today, cities reporting flurries from Lynchburg to the coast. Richmond has several inches at nine o'clock and the snow continues to fall in fine powdery form.

BOGOTA PAYS TRIBUTE TO LONE EAGLE

American Airman First to Cross Range to the Valley of Colombian Capital.

Bogota, Columbia, Jan. 28.—(AP)—Columbia today paid tribute to the Lone Eagle who blazed an air trail over towering mountains to its capital.

Colonel Charles A. Lindbergh is the first airman to cross the ranges to the valley in which Bogota lies. Flying high as does the eagle, he came from Cartagena, some four hundred miles away. Over rugged mountains enshrouded in clouds, past dense tropical jungles and dangerous ravines and across an unknown country Lindbergh flew on one of the most daring journeys of his present tour.

Lindbergh had promised that he would be here at 3 P. M. well before that time, however, the Spirit of St. Louis came in sight, diving its way through a bank of fleecy white clouds. The plane swept lower over Madrid field, while thousands cheered. The plane then swept upward and headed for Bogota.

A few minutes later Lindbergh was circling the Capital. It was thought that he was awaiting the appointed hour to land. He passed over Mount Monserrate, near, and several villages.

Just as the hands of the clock pointed to three, Lindbergh landed on the flying field. He had completed his journey in six hours, one minute.

As the flyer rode through the narrow streets of the city, a shower of flowers fell upon him from the balconies where dark eyed Senoritas stood.

Once he had entered the American legation that spot became the mecca to which all classes turned. In the flood of light from the search lights which illuminated the neighborhood, Indian men and women from the country districts, some barefooted and others wearing travel-stained sandals, mingled with those prominent in the life of the capital, anxious for another glimpse of the flyer.

President Mendez will bestow upon Lindbergh the coveted Boyaca cross before he leaves for Caracas, Venezuela, tomorrow there will also be a bull fight in his honor, the third to be staged for the flyer in his tour.

CONTRACTOR CALLED TO RALEIGH TODAY TO CONSIDER CHANGE IN TAR RIVER SPAN.

The building program of East Carolina Teachers College is making steady progress. The new model school and the new dining room are further along than any of the other buildings. These are reaching the second story of construction. The campus is the worst torn up it has been in years.

In a recent interview with President Wright was asked why certain buildings were placed as they were. He explained that the whole college was being built according to a plan and that at certain stages in the building program it made some buildings look out of place.

"We have had an opportunity," Mr. Wright said, "that comes to few educational institutions. Before the board of trustees did anything but buy a piece of land they picked out and employed the services of one of the best landscape engineers in the country. I do not take any credit for this, for it was done before I was elected president."

The company selected was Buckingham and Miller. They spent a lot of time here plotting the ground, locating the buildings, shrubs and flower plots, many of which have not yet been planted. These men laid off the grounds covering the first six buildings.

"After the institution became a college and it was decided to enlarge it so as to accommodate 1500 students, the board of trustees again sent for Mr. Miller, who was then running the firm, and he made a careful study of how to enlarge the college. As a result of the plans recommended by Mr. Miller the board of trustees asked the General Assembly to buy more land to the east of the campus."

Mr. Miller laid off the roads, gave the locations for future buildings, walks, drives and shrubs. The trustees adopted this plan along with a certain type of architecture. We are building the college according to this plan and when all of the buildings are complete some of the place will be just where they belong. We are building to and by a plan."

GETTING DOWN TO CASES IN TEAPOI PROBE

Lower right: Senator Gerald Nye of North Dakota, chairman of the special committee now unearthing sensational testimony about the lease of government oil lands. (International News)

Jules Brazil Baffles Kiwansians by Uncanny Faculties of Memory

For one hour and forty minutes, Jules Brazil, of Toronto, Canada, internationally known entertainer, occupied the limelight in the annual ladies night program of the Greenville Kiwanis club given in the basement of Jarvis Memorial Methodist church last night.

Sitting at a piano on an improvised platform at one end of the building, the little Canadian, succeeded in keeping his audience in a constant uproar of laughter. His uncanny skill in the memorization of the names and occupations of club members, combined with musical improvisations, was decidedly clever and probably one of the most unique features of the program.

The club last night had numbers of guests composed of representatives of club members of the city and other parts of the state. These included Frank Sprull, of Rocky Mount, lieutenant governor of the fourth Kiwanis district, Milford Eyles, of Tarboro, and Judge Henry A. Grady of Clinton, who is presiding over this term of Pitt county criminal court.

Mr. Sprull spoke for three minutes. He congratulated the Kiwanians upon their achievements and urged them to give more time and attention to the problem of membership. He paid tribute to the "flower of womanhood" present and urged them to help keep extant the principles constituting the life of the organization.

Mr. Haynes told of the Kiwanis convention to be held in Seattle, Washington, and urged the local members to attend in large numbers.

The session was presided over by President Frank Harrington, who extended a cordial welcome to the ladies and other guests and told them that the club always looked forward to annual ladies' night program with more than general interest. Mrs. Myrtle Fitzgerald responded for the ladies in most happy vein.

The Harmony Four Quartet, composed of Bill Lee, Ed Williams, Manley Sellers and Ernest Storey, rendered selections that were received with vigorous applause. They were accompanied at the piano by Miss Ernestine Forbes.

Mr. Brazil was introduced by J. B. James, who acted as toastmaster of the occasion. Acknowledging the introduction with a few brief remarks the distinguished Kiwanis entertainer took his place at the piano and for the rest of the evening furnished a program of exceptional brilliance and merit.

With improvisations of a varied nature and musical improvisations at time bordering upon the ridiculous and sublime, Brazil held the rapt attention of his audience from the first until the last minute.

Exhibiting remarkable faculty of memory Brazil made constant and unexpected reference to the Kiwanians and their wives, always amusing and provocative of unrestrained laughter. His accuracy in repeatedly calling attention to some particular member of the audience with some brilliant flashes of wit and humor was short of remarkable. His interpretation of the characteristics of Scotch and Irish nationalities stood out in bold relief to other parts of the program.

Supper was served by ladies of the Methodist church. Each guest was remembered with favors, many

NOTED SPANISH NOVELIST DEAD

Blasco Ibanez, Political Exile, Died in France Early This Morning.

Mentone, France, Jan. 28.—(AP)—Vicente Blasco Ibanez, famous Spanish novelist, died at his villa here at 3:30 o'clock this morning, a political exile. His son Igriddo, who hurried here from Valencia, Spain, and arrived at 1 A. M., was the only member of the Ibanez family present at the bedside.

Ibanez, who was a diabetic, caught a cold a few days ago. The cold settling in his lungs and bronchial pneumonia developed yesterday his condition gradually grew worse. He was 61 years old.

Specialists who were summoned gave little hope for the author's recovery. They remained all day at his bedside and at midnight, Ibanez's breathing was less labored it was feared, however that because of his critical condition this improvement was only temporary.

Three and a half hours later death won the battle with the writer who had gone into exile for defying a King.

Ibanez returned to Fontana Rossa, his home here, a few weeks ago from Paris. He immediately began to work on plans to make the property surrounding his villa a retreat for the writers of the world, wishing

BUILDING BY OLD PLAN AT THE COLLEGE

Location of New Buildings Decided by Expert Engineers Several Years Ago.

The building program of East Carolina Teachers College is making steady progress. The new model school and the new dining room are further along than any of the other buildings. These are reaching the second story of construction. The campus is the worst torn up it has been in years.

In a recent interview with President Wright was asked why certain buildings were placed as they were. He explained that the whole college was being built according to a plan and that at certain stages in the building program it made some buildings look out of place.

"We have had an opportunity," Mr. Wright said, "that comes to few educational institutions. Before the board of trustees did anything but buy a piece of land they picked out and employed the services of one of the best landscape engineers in the country. I do not take any credit for this, for it was done before I was elected president."

The company selected was Buckingham and Miller. They spent a lot of time here plotting the ground, locating the buildings, shrubs and flower plots, many of which have not yet been planted. These men laid off the grounds covering the first six buildings.

"After the institution became a college and it was decided to enlarge it so as to accommodate 1500 students, the board of trustees again sent for Mr. Miller, who was then running the firm, and he made a careful study of how to enlarge the college. As a result of the plans recommended by Mr. Miller the board of trustees asked the General Assembly to buy more land to the east of the campus."

Mr. Miller laid off the roads, gave the locations for future buildings, walks, drives and shrubs. The trustees adopted this plan along with a certain type of architecture. We are building the college according to this plan and when all of the buildings are complete some of the place will be just where they belong. We are building to and by a plan."

State Bank Resources Reach New High Level

Raleigh, Jan. 28.—(AP)—The resources of North Carolina state banks reached the highest figure in the history of the state banking system when on December 31, 1927 they amounted to \$338,892,589.47, an increase of \$25,147,129.86 over the resources shown on December 31, 1926. John Mitchell, chief state bank examiner reported in quarterly statement today.

Going further back for purposes of comparison, he found that the present resources represent an increase of approximately 150 million dollars during the last ten year period, for during the days of inflation at the close of the year 1918 the total resources of all state banks at that time were only 189 million dollars.

"State banks have written off the losses and other ill effects of deflation following the war and, almost as if starting at a new beginning, have increased their resources 80 per cent or 150 million dollars within the short period."

"This, however, is only another way of saying that the wealth of the people has increased enormously, for bank resources are only an evidence of a people's wealth. In North Carolina this is particularly true, for the resources of state banks represent 62 per cent of the total while national banks represent the remaining 38 per cent."

The latest figures available for all North Carolina banking institutions show aggregate resources of 550 million dollars, of which amount

One Burned To Death in Fire At Oil Tanks

McCahey, Texas, Jan. 28.—(AP)—Blackened and twisted sheet metal of a dozen oil tanks marked the site of a spectacular fire here that caused one death and resulted in damage estimated at upwards of \$100,000. Five men were injured slightly.

Starting yesterday afternoon with a terrific explosion in one of the 3,000 barrel tanks of the Humble Oil and Refining Company, the flames spread to 11 more tanks filled for the most part with gasoline. Fred Hendricks, chemist, who was inspecting the tank when it exploded, was hurled high in the air and fell back into the fire. His body was not recovered.

Other employees were thrown to the ground and in the excitement reports were circulated that several persons had perished.

Los Angeles First Silver Bag to Accomplish Landing on Ship at Sea Feat.

Essexhurst, N. J., Jan. 28.—(AP)—After alighting on the deck of the airplane carrier Saratoga at sea, the Los Angeles was safely back in her hangar today.

LOCAL LEAF MART CLOSES FOR SEASON

Compilation of Figures Shows Market Has Sold Total 61, 421,204 Pounds.

Exceeding all previous sales records by 11,713,886 pounds, the Greenville tobacco market closed for the season with conclusion of sales yesterday morning, according to information made public this morning by K. W. Cobb, secretary of the Tobacco Board of Trade.

Compilation of the season's record of sales show that the market sold a total of 61,421,204 pounds of bright leaf for \$14,516,293.23 at an average price of \$23.63 per hundred pounds.

Last year the market sold a total of 49,707,318 pounds of tobacco. This was considered the record up until the present season when the goal of sixty million pounds set by tobaccoists was eclipsed by nearly a million and a half pounds.

The success of the market this season is attributed mainly to the splendid spirit of co-operation which has prevailed among tobaccoists, business men and farmers who have worked together more harmoniously than in years to bring about realization of the ambition to reach the sixty million pound goal.

The ending of the season yesterday saw local tobaccoists making preparations for enlargement of the market to take care of the demands of next season. With the season's goal placed at seventy million pounds, leaf factories announced plans of contemplated enlargements to take place during the summer months.

With four sets of buyers on the floors of the warehouses the past season, each was credited with buying slightly over fifteen million pounds each, establishing a record considered unusually fine.

FORMER HUSBAND OF PEARL WHITE TAKES LIFE

Los Angeles, Jan. 28.—(AP)—A scribbled invitation to "have a drink" found on a note for which half emptied liquor bottle served as paperweight, was the only message left when Wallace McCutcheon, 45, former British army officer, artist, actor and once husband of Pearl White, the film star, took his life in his hotel room.

The note was found by the police in the same room where McCutcheon's body was discovered yesterday, sprawled across a bed. A pistol lay at his side and there was a bullet hole in his right temple. The police said it was clearly a case of suicide.

The officers were told by friends that a few weeks ago, McCutcheon had disappeared and was missing for several months. A war time injury was blamed for this disappearance and police were of the opinion that this also might have caused him to take his life.

Callowhee Man Dead.

Callowhee, Jan. 28.—(AP)—W. N. Coward, business manager of the Callowhee State Normal School and president of the Tuckasee Bank of Sylva, died suddenly at his home here yesterday afternoon.

Mr. Coward was a son of J. D. Coward, a pioneer Jackson county resident and was formerly chairman of the Jackson county board of commissioners. He is survived by his widow and two children.

Boy Scout May Accompany Byrd On Trip to Pole

Dallas, Texas, Jan. 28.—(AP)—A Boy scout may accompany Commander Richard Byrd, U. S. N., on his proposed trip to the South Pole. James E. West, chief scout executive of the boy scouts of America, announced at a regional conference here. West said that Commander Byrd had extended an invitation for "one of the older boys" to accompany him, and that the offer had been accepted. No announcement was made as to the method of selecting the scout who would be assigned on the trip.

MANY NATIONS TO TAKE PART IN CUP FIGHT

Paris, Jan. 28.—(AP)—A record breaking entry of nations is assured for the 1928 Davis cup competition, in which France will defend the historic tennis trophy for the first time.

The latest entry, from Cuba, brings the total up to the unprecedented mark of 28. This is three more than the previous record list of 25 challengers, first reached in 1925 and repeated again in 1927, when America met her first defeat in eight years.

With the lists open until next Tuesday, eleventh hour challenges may put the total beyond the 30 mark. Canada, which is expected to play in the American zone, has not yet filed a challenge.

Of the challenges so far received 23 are in the European and five in the American zone, including the United States, China, Japan, Cuba and Mexico.

The South American nations, Chile and Argentina, as well as Australia and the Philippines, have filed their challenges in the European zone. Finland and Norway have filed entries for the first time while Germany, which returned to the 1927 tournament after an absence of 13 years, is again a factor.

Other challenges have been filed by Italy, Greece, Great Britain, Ireland, Poland, Switzerland, Hungary, Czechoslovakia, Holland, Yugoslavia, Portugal, Belgium, South America, Spain, Denmark and Austria.

Rickard's Rival?

A. J. CERMAK

Chicago, (AP)—A. J. Cermak, president of the Cook county board, Chicago, has set out to induce champion Gene Tunney to come to Soldier Field for his next go at heavyweight steufts.

On February 1 Tunney's contract with Tex Rickard calls for certain inducements to be made by the party of the second part, and if there is any controversy then, Cermak says he is prepared to whip-trenchant words into the champion's ears.

Associated with Cermak are many of the same men who helped George Geiz put over the \$2,000,000 Dempsey-Tunney spectacle, although Getz himself is not in the crowd.

Lightweights Tie In New York Bout

New York, Jan. 28.—(AP)—Changing his body punching attack to a hard jabbing barrage to the head, Lope Tenorio fought to a draw with Bruce Flowers in the Filipino light weight's debut in Madison Square Garden last night.

Battling over the ten round distance Tenorio belted the New Rochelle negro with a rapid series of rights and lefts to the chain which had Flowers on the verge of receding for the count on several occasions in the first four stanzas.

Flowers' jaw held out longer than Tenorio's punches and by the time the sixth round got under way the New Rochelle batter was landing effectively with a two fisted battery to the head and body.

Some 15,000 patrons waited for Tenorio to display his reputed infighting tactics but the boxer from the Philippines failed to oblige. Flowers was the aggressor by a wide margin in the closing rounds which gained for him a draw verdict. Both tipped the beam at 136 pounds, a pound heavier than the division limit.

Crack Millers May Meet

Boston, Jan. 28.—(AP)—The possibility of a meeting between Loyo Hahn, the Boston A. A.'s crack miller, and Dr. Otto Peltzer of Germany, at the Millrose A. A. name in New York on February 7, was indicated here today by Jack Ryder, B. A. A. coach.

"Why names?" Ryder said. "They are both entered in that. Hahn is in the mile and Peltzer in the 500. Hahn is perfectly willing to shift to the half mile if the officials are willing."

Wants Birth On Olympic Team

Gary, Ind., Jan. 28.—(AP)—First Jose Ray, and now another Gary steel mill worker, hopes to win a berth on America's 1928 Olympic team. He is Richard Sturtinge, former Depauw university track man.

Sturtinge, a figure in the Decathlon at three successive Penn and Illini relays, has been working in the steel mills since he was graduated from Depauw last spring. On April 1 he plans to go into intensive training under the direction of Coach Steve Farrell, of the University of Michigan. He says he is in excellent condition.

TOBACCO HOLDINGS OF MANUFACTURERS

Washington, Jan. 28.—(AP)—Leaf tobacco held by the manufacturers and dealers January 1 aggregated 1,520,692,458 pounds compared with 1,806,747,166 pounds October 1, 1927 and 1,641,645,429 pounds January 1 last year, the census bureau announced today.

Doctors Act

Doctors are usually taken on distant locations by the film companies, but there was no need to engage one in filming "The Shepherd of the Hills." First National Pictures' version of the Harold Bell Wright novel, coming to Whitby Theatre Monday and Tuesday. Three doctors were in the cast.

John Boles took a medical course in the University of Texas. Romaine Fielding received his M. D. from the College of Physicians and Surgeons, University of Minnesota. Jack Green, a third member of the cast, was a practicing physician and surgeon before the war.

Boles is leading man in the picture, and Molly O'Day enacts the heroine of the novel. Alec Francis plays the title role, and Matthew Betz, Otis Harlan, Marjorie Douglas, John Westwood and Maurice Murphy have important parts. Albert Rogell directed "The Shepherd of the Hills," which Chase H. Rogers produced for First National.

Chicago, (AP)—A. J. Cermak, president of the Cook county board, Chicago, has set out to induce champion Gene Tunney to come to Soldier Field for his next go at heavyweight steufts.

On February 1 Tunney's contract with Tex Rickard calls for certain inducements to be made by the party of the second part, and if there is any controversy then, Cermak says he is prepared to whip-trenchant words into the champion's ears.

Associated with Cermak are many of the same men who helped George Geiz put over the \$2,000,000 Dempsey-Tunney spectacle, although Getz himself is not in the crowd.

Cub Pitching Ace Refuses to Sign For This Season

Chicago, Jan. 28.—(AP)—Charlie Root, whose last curves warmed many National league batmen last summer, now is worrying his own baseball club, the Chicago Cubs.

Disappointed with some provision in his 1928 contract, Root, one of the Cubs' leading stars, has returned the contract unsigned. President Veeck refused to discuss the case except to say he was confident the disagreement would be adjusted satisfactorily and that Root would be with the squad when it starts its spring training at Catalina Island next month.

FIGHTS LAST NIGHT

New—Jovj Sangor, Milwaukee, won from Sammy Dorfman, New York (10) Lops Tenorio, Philippines, and Bruce Flowers New Rochelle, drew (10).

Dayton, Ohio—Micky O'Dowd, Muncie, Ind., and Jack Purvis, Kokomo, Ind., drew (10). Babe Hare, Dayton, defeated Kid Holloway, Indianapolis, (10).

St. Paul, Minn.—Billy Light, St. Paul, won from Jack Zivic, Pittsburgh (10).

Fort Wayne, Indiana—Pal Moore Memphis, defeated Harry Forbes, Columbus, Ohio (10).

Hollywood—Armand Emanuel, San Francisco, won from Joe Lohman, Toledo (10).

SENATE VOTES FOR INQUIRY INTO SINKING OF SUBMARINE S-4

Washington, Jan. 27.—(AP)—The senate today voted for an investigation of the sinking of the submarine S-4 by a joint congressional committee as well as by a presidential commission.

In amending the house resolution calling for an inquiry by a presidential commission, the senate limited the inquiry by that commission to an investigation of safety appliances for submarines.

A motion by Senator Swanson (Dem., Virginia), directing that the investigation into the fact surrounding the sinking of the submarine with the loss of forty lives be made by a joint congressional committee instead of by the presidential commission was adopted, 51 to 32.

FAMOUS SHORTSTOP NOW BENEDICT

Travis Jackson, star infielder of the New York Giants, taken into himself a bride in the person of the charming Mary Blackman. This photo was taken at Walden, Ark., immediately after the ceremony. The Jack soon left for a honeymoon in Florida.

GREENVILLE CAGERS WIN

The Greenville High School basketball team won from New Bern High at Gorman's warehouse here last night by the score of 23 to 5 in one of the only rough and tumble games seen here this season.

New Bern didn't succeed in making a field goal during the entire contest, all points being made by foul shots. This was due to superior play of the Greenville team, who displayed flashes of skill during all departments of the game.

Bostir was high scorer with fifteen points to his credit, Hicks taking second place with six points.

For New Bern Glasgow featured with two points.

The floor work of Hearne and Bostir was of an exceptionally brilliant nature. The guarding of Bostir and Bostir was probably the outstanding feature of the game.

New Bern:
Bostir (15) (1) Holton
Right Forward
Hicks (6) (1) Ketchum
Left Forward
Hearne (0) (0) Sullivan
Center
Roberso (2) (1) Ferbee
Left Guard
Eason (0) (2) Gaskill
Right Guard
Referee: Crisp.

Washington, Jan. 28.—(AP)—The Army-Navy football dispute was added to the White House today in quest of a solution that will bridge differences over player eligibility and bring the teams together again in annual contests.

Representatives Fish, of New York, and Britten, of Illinois, republicans, leaders in the congressional move to reconcile the service eleven's, made appointments to discuss the problem with Mr. Coolidge in the face of a White House statement yesterday that the President has only usual interest in it. The statement added a denial of published reports that he already had intervened to bring the eleven's together.

The two house members decided to see the President after Major General Winans, commandant at West Point, refused their proposed for a conference in New York next Wednesday with Rear Admiral Nulton, the naval academy superintendent.

Army and Navy Dispute to Go To President

Washington, Jan. 28.—(AP)—The Army-Navy football dispute was added to the White House today in quest of a solution that will bridge differences over player eligibility and bring the teams together again in annual contests.

Representatives Fish, of New York, and Britten, of Illinois, republicans, leaders in the congressional move to reconcile the service eleven's, made appointments to discuss the problem with Mr. Coolidge in the face of a White House statement yesterday that the President has only usual interest in it. The statement added a denial of published reports that he already had intervened to bring the eleven's together.

The two house members decided to see the President after Major General Winans, commandant at West Point, refused their proposed for a conference in New York next Wednesday with Rear Admiral Nulton, the naval academy superintendent.

Jones May Head Walker Cup Team

New York, Jan. 28.—(AP)—The New York American today says that Bobby Jones of Atlanta, is to be elected captain of the American Walker cup team, succeeding Bob Gardner of Chicago, who resigned.

Jones, says the American, will be designated for captaincy by his colleagues on the executive committee of the United States Golf Association. The Walker Cup matches are to be played this year in Chicago against British Amateurs.

RUTH CONTRIBUTES TO YOUNG MEMORIAL

New York, Jan. 27.—(AP)—Among the most recent donations to the Ross Young memorial tablet to be erected at the Polo grounds are \$1 from Babe Ruth and \$5 from Sing Sing prison. Both contributions were acknowledged yesterday by Secretary J. J. Tierney of the Giants.

Donations from a single person are limited to \$1. The money from Sing Sing was from the Mutual Welfare League, which has a ball team that plays the Giants every year. The prisoners were anxious to take part in the tribute for young who died last year, at San Antonio, Texas.

Oldsmobile Tests Prove Its Quality

Lansing, Mich., Jan. 25.—In three widely separate sections of the country recently, Oldsmobiles demonstrated a stamina far in excess of human endurance. In events tested the ability of Oldsmobile to keep constantly running longer than a trained man could keep awake at the steering wheel.

These demonstrations of the ability of Oldsmobiles to travel day and night for a week or more without stop were held in New York city, Anaheim, Cal., and Rapid City, S. D. They were for periods of five days and nights, 200 hours, or eight days and nights respectively.

The test made at Rapid City was exceptional, inasmuch as it was made with a car taken from the showroom floor that never had been broken in. Chained to the wheel with regular United States Army handcuffs, Roy L. (Daredevil) Spider, Haines weaved through the district, never stopping—rocking the car back and forth when fuel was being replenished—for seven days and nights.

The Oldsmobile used at Anaheim, Cal., also was driven by several men after Frank Dedie failed to break the previous record for continuous driving. During the run 3,490 miles were covered.

The New York test while shorter had the added handicap of New York traffic—extremely hard on both driver and car. This demonstration was held under the direction of a New York newspaper representative of which highly praised the Oldsmobile performance, as did Charlie Perkinson, who was chained to the wheel during the entire five days and nights.

PARISIAN CREATIONS FOR WORKING WOMEN

Paris.—(AP)—Fashion houses which formerly created exclusive for an idle aristocracy or impoverished society now are designing clothes for business women as well. Models at fashion showings used to be designated exclusively by such titles as "Indolence," "Madame Recluse," "Fruity" or "A morning in the Woods." Now an occasional brief name like "At My Desk," "Secretary" or "Businesslike" creeps into the list.

DIAMOND STARS SHINE ON ALLEYS

Chief Bender, former pitching star of the Athletics, has organized a bowling team in Philadelphia, composed entirely of hall players, and they're knocking all opposition cold. Photo shows from left to right: "Bender" Jimmie Dykes, Walter Schanz, Binz Miller and Joe Fish.

World's Rowing Champ Seeks Race, Can't Find Challenger

New York, (AP)—One sports champion who is no trying to avoid challengers for his title is Bert Barry, 35 year old British holder of the world's professional sculling championship.

Barely a month has elapsed since he won the title by defeating Major James Goodsell by a margin of ten lengths at Vancouver, but Barry already is looking forward to his next race.

Who his opponent will be he does not know. It depends, he says, on who challenges first. The young champion is now most interested in defending the title in some place where he can make enough money to repay his expenses in winning the championship. He traveled nearly half-way around the world to challenge Goodsell.

Barry already has gone through two gruelling encounters in a short time. In September he raced Goodsell and was defeated by ten lengths. Not satisfied with the result or the conditions under which the race was rowed, he immediately challenged again. The second race took place December 26 and the young Englishman easily reversed the decision.

Goodsell may try to regain his title and will be given the first opportunity, if he challenges Barry. Another possible challenger is Joe Wright, the American and Canadian amateur champion. There is much talk in Canada, Barry said, that Wright may turn professional if he is successful in the Olympic sculling.

Bert Barry is not the first champion of that name. Fifteen years ago, when Bert was first taking up the sport of sculling, one of his coaches was his uncle, Ernest Barry, who won the championship in 1912 and held it until 1920.

"We" Are Off Again

After a rest in Panama, Col. Charles A. Lindbergh is ready to set out from the Canal Zone on the last half of his Pan-American good will flight. It will take him from Colon on Jan. 27 to Bogota, Columbia, 500 miles on Jan. 29 to Caracas, Venezuela, 650 miles; on Jan. 31 to Porto Rico, 75 miles; on Feb 1 to Santo Domingo, 250 miles; on Feb 6 to Haiti, 160 miles; on Feb 3 to Havana, 700 miles, and thence homeward to St. Louis, some 1,300 miles away.

Ball Club Name Coupon

(Make your suggestion and mail to Mr. Ragdale before noon, Monday)

Date _____

Mr. H. S. Ragdale, Secy., Greenville Baseball Club.

In competition for the season ticket to be given the one suggesting the best name for the Greenville Baseball Club in the Eastern Carolina League, I suggest

World Sprinter Out of Olympics.
St. Louis, Jan. 28.—(AP)—Loren Murchison, world's record holding sprinter who was confined recently in a Decatur, Ill., hospital following an attack of spinal meningitis, will be unable to train for the olympic trials this summer, he said today.

Murchison is convalescing at the home of his father here. His doctors have pronounced him "sound as a dollar" but he is still weak and underweight.

Your Biggest Task is Cooking

But it is different today in the modern home. Electric cookery has made it easier for the housewife. She does not have to stand over a hot stove all day—she is free from worry, care and constant attention. It is no longer a task but a pleasure to cook; so quickly, so easily, and so well can it be done. Think what it will mean to cook in a cool kitchen with no soot, smoke or dirt; free from uncertain heat which cannot be regulated; with your heat immediately and constantly obedient to you.

Automatic Heat Control keeps the oven at an unvaried and even heat, making it always possible to maintain the exact heat desired in the oven, so previous cooking results can be easily duplicated.

The UNIVERSAL Oven Heat Control will automatically watch over the entire cooking operation. Your personal attention is not required and this permits you to hours of leisure every day.

WATER & LIGHT COMMISSION

LOCALS

W. B. Cannon, of Ayden, was in town today.

Mrs. W. L. Wolts and son have gone to Raleigh to spend the weekend with her sister.

Tom Craig, of New York, is visiting Dr. Carey Harrington.

Mrs. H. A. White, Mrs. W. W. Lee, Mr. and Mrs. J. J. White and Miss Mattie Barnes have returned from Richmond, Va.

Mrs. W. D. Turner is spending some time in Richmond, Va.

Mr. and Mrs. D. E. Henderson left today for their home in Virginia. Mr. Henderson has been on the tobacco market here.

Mr. and Mrs. R. C. Stokes, Jr., and children left today for Lynchburg, Va., to spend several months.

Dr. Carey Harrington arrived last night from Newark, N. J., to spend a few days with his parents.

John Hassell, Jr., is at home from Duke University for the weekend.

Mrs. W. L. Wall, Mrs. W. A. Heartt and Miss Elizabeth Bost spent yesterday in Rocky Mount.

JUSTUS EVERETT NOT DOING SO WELL

Friends of Justus Everett, who is in the hospital, will regret to learn that his condition is not so favorable today.

MILLION DOLLAR CLUB IS MAKING PROGRESS

The Million Dollar club which is being organized in this city, is making wonderful progress. H. A. White secretary of the Home Building and Loan Association, said today.

The new club will make available \$150,000 yearly for the erection of new homes in the city. Names of new members of the club have been run in advertisements in the Reflector and have created more than usual interest.

Capital Social Events

Washington, Jan. 28.—(AP)—Large dinner parties have been the order of the week, and the luminary around which they revolved was President William T. Cosgrave of the Irish Free State.

Beginning with the President's luncheon Tuesday, on down to the last minute entertainment for the visitor—the Ambassador of Great Britain and Lady Isabella Howard giving a dinner party Thursday night (or him)—the entertainments were unusually large and well combined. At each, guests from all sections of the country and from all branches of official life attended. Cabinet ministers dined with Mr. Cosgrave several times and following the dinner which the Secretary of State and Mrs. Kellogg gave at the Pan-American Union building Wednesday night, Mr. and Mrs. Joseph Leiter, of Chicago and Washington, held a reception to the visitor.

President and Mrs. Coolidge have been wary of surprises ever since they entered official life, always following out a routine well formulated and long followed. But Wednesday night they put one over on the American Legion organization when, following the dinner at the Willard Hotel which the Attorney General and Mrs. Sargent gave in their honor, they took the elevator to the ninth floor of the hotel and attended the American Legion ball.

When invited to be guests at the ball several weeks ago, they declined as the President dislikes all such formalities. However, they accepted as patrons, and their name assisted the event to unsurpassed success.

White state entertainments proceed with staid regularity and the cabinet members entertain at the rate of one a week, for the President and Mrs. Coolidge, Dr. Herbert Work, Secretary of the Interior, will have the pleasure of entertaining the President and Mrs. Coolidge at a St. Valentine dinner and as Dr. Work is always elaborate in all his arrangements for social affairs, there will undoubtedly be surprises in store for the guests.

Since Washington society feel no compunctions in Sunday dancing, both the ball to be given at the Italian embassy tonight and that to be given by Mr. and Mrs. Perry Belmont next Saturday night will be brilliant affairs, lasting long after midnight.

Miss Clara Louise Moye and Mrs. E. C. Anderson, hostesses to Philathreas.

The Junior Philathreas class of Jarvis Memorial Methodist church, was entertained in a business and social meeting on Tuesday evening at the home of Miss Clara Louise Moye, with Mrs. E. C. Anderson assisting hostess. The meeting was opened with a short devotional which was followed by a business session in which Clara Louise Moye was elected president for the coming year; Gladys Lanier, secretary and treasurer; and Mrs. Luther Herring continued as teacher.

The twenty-five members present enjoyed a delightful social hour spent in very clever contests, and in hearing two lovely solos by Mrs. Karnack. Miss Beulah Westmoreland, Miss Closs Pickren and Miss Mary Casey were successful contestants and received attractive prizes. Hot tea and sandwiches were served by the hostesses and a good-night song in unison concluded the meeting.

MAKE EFFORT TO SAVE TWO CONDEMNED MEN

Lake Charles, La., Jan. 28.—(AP)—Counsel for Joe Genna and Milton Brasseaux, Deridder youth saved from the hangman's noose yesterday by the late appeal to the United States circuit court of appeals, indicated today that every effort possible would be exerted to save the condemned men.

The two were sentenced to be executed for the slaying of J. J. Breville, taxicab driver in Bereau parish, in August, 1926.

Hangman's day here, however, claimed the life of Byron Bum, convicted of murder in the killing on March 6, 1925 of Sam Duhon, deputy sheriff. Robert Bunn, brother of Byron, convicted jointly in the murder, is serving a life term.

Has Harrowing Experience

Mosul, Iraq., Jan. 28.—(AP)—After harrowing experiences in the desert between Mosul and Bagdad during which he automobile broke down on the brink of a precipice and she was attacked by wolves, Miss Althea Cary, Near East Relief nurse, who is enroute to Smyrna, arrived here today.

Forrest-Fornes

Mr. and Mrs. Henry D. Fornes announce the engagement of their daughter, Eva Lee, to Mr. Victor Marlon Forrest, the wedding to take place the fifth day of February, 1928.

Basketball Game Tonight

The girls' basketball team of the Greenville high school will play the girls' team of the New Bern high school this evening at 7:30 o'clock, in Gorman's warehouse.

Undergoes Tonsil Operation

The many friends of Miss Allie Lee Fleming will be glad to know she is doing nicely after a tonsil operation yesterday.

In Local Hospital

Friends of Arthur Godley, of Grimsland, will be glad to know that he is getting along nicely following an operation which he underwent this morning in Pitt Community hospital.

Birth Announcement

Mr. and Mrs. J. H. Rose announce the birth of a daughter, Ruby June on Saturday January 26th, 1928.

SALVATION ARMY TO CONDUCT FEDERATION SERVICES TONIGHT

Members of the Salvation Army will conduct services at the Men's Federation in the Woodmen Hall tonight at 7:30 o'clock. Prominent workers from state headquarters of the army will be present and take part in the services. The public is cordially invited to attend.

Returned From Hospital

The following have improved and returned to their homes from the hospital: Mr. W. C. Dixon, Mr. W. I. Skinner, Master Joel Wingate, Mr. Roland Clark, Mrs. John L. Speight, Mr. Adolph Wingate, Miss Daisy Teel, Mr. W. L. Wheedee, Mrs. Laura E. Turnage, Mr. E. J. Garrett, Mrs. L. A. Stocks, Mrs. J. B. Tyson, Miss Sophia Norris, Mrs. Mary E. Moye, Master Warren Parrish, Miss Evelyn Howell, Mrs. J. M. Fleming, Mrs. A. W. Bobbitt, Mrs. N. T. Stokes, Mrs. Edward Green, Mrs. Curtis Perkins, Mrs. Lottie M. Matlocks, Miss Bonnie Windham Mrs. L. F. Worthington, Mrs. B. E. Thomas.

MISS CLARA LOUISE MOYE AND MRS. E. C. ANDERSON HOSTESSES TO PHILATHREAS

The Junior Philathreas class of Jarvis Memorial Methodist church, was entertained in a business and social meeting on Tuesday evening at the home of Miss Clara Louise Moye, with Mrs. E. C. Anderson assisting hostess. The meeting was opened with a short devotional which was followed by a business session in which Clara Louise Moye was elected president for the coming year; Gladys Lanier, secretary and treasurer; and Mrs. Luther Herring continued as teacher.

SALVATION ARMY DRIVE TO BEGIN MONDAY

The captains and workers for the Salvation Army drive met in the office of Sam T. Carson Friday night, to make final arrangements for the campaign which begins Monday. The following are the captains and their aides:

No. 1—Mrs. E. W. Harvey.

No. 2—Mrs. L. L. Rives.

No. 3—Mrs. John McKeithan.

No. 4—Miss Lill Wilson.

No. 5—Envoys Sommers and Capt. Cranford.

No. 6—Mrs. W. Z. Morton.

No. 7—K. W. Cobb.

No. 8—Mrs. G. B. W. Hadley.

This is a worthy cause and the public is asked to respond liberally.

COMING STARS of the MOVIES

Lupe Velez

LUPE VELEZ is one of the most vivid personalities in Hollywood. Full of magnetism and devilry, which has caused untold jealousy in the movie colony, Lupe joins to this vivid beauty a dramatic talent which has put her over in a few short months. She came to Hollywood last Spring from the Livico theatre in Mexico City, where she was a favorite dancer.

She became a solo dancer at the Music Box Revue. There Hal Roach saw her and promptly signed her. She appeared in two comedies for him. After that it was discovered that she was long production material and she was loaned to Douglas Fairbanks for "The Gaucho" and then was featured in "Stand and Deliver" with Rod La Rocque.

The movies have rarely seen a more rapid rise and a more beautiful Latin type than Lupe Velez presents.

(International Illustrated News)

CHICAGO REPUBLICANS STAGE FREE FOR ALL

Chicago, Jan. 28.—(AP)—Those who speak of ward politics as passed should have seen the fists, pistols, hairs and other furniture fly last night at the 56th ward republican club.

Long after 300 men and women had fought all over the place; and long after 50 policemen answering riot calls, had arrested a dozen men and women, George Meehan, club president, placed a sore right hand on the four stitches in his scalp and announced:

"The republicans of the 56th ward will remain united."

Twelve women swooned, but even they knew as much about what caused the riot as the 300 who remained conscious, for the riot got started with the fall of Meehan's nallet calling the meeting to order.

Washington, Jan. 28.—(AP)—The post office department today issued fraud orders against the Policians business enterprises, Inc., and E. N. Snitjer, president of the firm, the tropical Florida Development Corporation and the Power-Loor Company, Inc., all of Miami. All are real estate firms.

The department's investigators found the land offered for sale "inaccessible by small boats," and that the true conditions of the projects had been generally misrepresented.

Prayer for judgment was continued for a period of two years in the case of Robert Willoughby, appearing on a charge of driving a car while drunk.

Judgment was suspended on payment of cost in the case of Charlie Pace, charged with secret assault.

W. E. Gardner, charged with having liquor for sale, drew twelve months on the roads.

Joseph Beaman, charged with having whiskey for sale, was found guilty of unlawful possession and sentenced to six months on the roads.

Wilbur Taylor and A. L. Taylor were sentenced to six months each on the county roads following conviction of manufacturing whiskey.

Found guilty of unlawful possession of whiskey, R. W. Lock was fined \$250 and cost of action.

Mistrial was ordered in the case of Charlie Hardee, charged with murder, in connection with the death of Kelly Pierce, in the Cox Mill community several months ago.

Judgment was suspended over a period of ten years in the case of Frank Elex, charged with receiving, possessing and transporting whiskey. He was required to be of good behavior.

Prayer for judgment was continued until next term of court under bond of \$800 in the case of Jess Carson, charged with whiskey for sale, who failed to appear for trial.

MANY LIQUOR CASES GIVEN HEARING HERE

Road Sentences and Fines Predominated Criminal Court Session in This City.

The one week term of Pitt county superior court, for the trial of criminal cases, which convened in this city last Monday morning with Judge Henry A. Grady, of Clinton, presiding, shortly after the noon hour today had cleared the docket of jury cases and prepared for adjournment.

The sessions yesterday and today were again featured by the hearing of charges involving violations of prohibition laws and larceny. Judgment was suspended in many of the whiskey cases, and road and jail sentences predominated others.

Mabel Smith, charged with breaking and entering and larceny, was sentenced to ninety days in jail.

Prayer for judgment was continued for a period of two years in the case of Robert Willoughby, appearing on a charge of driving a car while drunk.

Judgment was suspended on payment of cost in the case of Charlie Pace, charged with secret assault.

W. E. Gardner, charged with having liquor for sale, drew twelve months on the roads.

Joseph Beaman, charged with having whiskey for sale, was found guilty of unlawful possession and sentenced to six months on the roads.

Wilbur Taylor and A. L. Taylor were sentenced to six months each on the county roads following conviction of manufacturing whiskey.

Found guilty of unlawful possession of whiskey, R. W. Lock was fined \$250 and cost of action.

Mistrial was ordered in the case of Charlie Hardee, charged with murder, in connection with the death of Kelly Pierce, in the Cox Mill community several months ago.

Judgment was suspended over a period of ten years in the case of Frank Elex, charged with receiving, possessing and transporting whiskey. He was required to be of good behavior.

Prayer for judgment was continued until next term of court under bond of \$800 in the case of Jess Carson, charged with whiskey for sale, who failed to appear for trial.

Judgment was suspended for ten

years in the case of Stephen Everett, charged with violation of the prohibition laws.

Judgment was suspended for ten years in the case of Herman Everett, charged with having whiskey for sale. He was required to pay the sheriff \$150 and to be of good behavior.

Ernest Webb had judgment suspended for ten years upon payment of \$100 to the sheriff and with provisions that he be of good behavior.

Madge Bollamy pulled a fast one on her friends when she married Logan Metcalf, Los Angeles stock broker, at Tia Juana, according to reports from Mrs. Ann Philpot, Madge's mother. There had been persistent rumors of an engagement between the couple, but not even their most intimate friends knew of their marriage plans.

(International Illustrated News)

Two distillers a copper still, five gallons of liquor and a thousand gallons of beer were captured by members of the sheriff's department in the Allipines section, a short distance from this city today.

The distillers, both of whom are white, are Asa Johnson and Marshall Lee, the latter a youth about fifteen years of age. They will more than likely be given preliminary hearing either this afternoon or Monday.

Ernest Webb had judgment suspended for ten years upon payment of \$100 to the sheriff and with provisions that he be of good behavior.

Prayer for judgment was continued until next term of court under bond of \$800 in the case of Jess Carson, charged with whiskey for sale, who failed to appear for trial.

INDIGESTION GONE

Tennessean Was Worried Considerably Until, on Advice of an Acquaintance, He Began To Use Black-Draught.

Sowance, Tenn.—"For several years," says Mr. J. L. Russell, of this place, "I suffered continuously with spells of indigestion. Everything I ate disagreed with me, and I was in a bad way.

"Nothing did me any good until I found Black-Draught. One day a man in a store where we traded told me to try Black-Draught. He said he knew of it relieving indigestion, so I decided to give it a trial.

"In my case it seemed to go right to the very root of my trouble. It straightened me out, and ever since that time, over thirty years ago, I have used Black-Draught.

"When I have a spell of indigestion coming on, I begin on Black-Draught. I take several small doses in a regular course, and I find it usually has me well in less than no time. Now I never suffer—I take Black-Draught.

"I also found it fine to break up a bad cold. In the winter time, I always keep a box handy, so when I sneeze, or feel chilly down my spine, I take a few doses of Black-Draught, and that wards off the cold."

Have you subscribed to stock yet in the new manufacturing enterprise that is to be brought to Greenville? The purchase of the stock is an investment in Greenville's future growth, and we urge that every citizen do all possible to assure the coming of this new enterprise.

It is gratifying to learn that the plans for the new bridge here are being changed to provide a walkway and facilities for lighting. Surely with the number of pedestrians that will use the new bridge daily, the walkway is an absolute necessity and we are glad that the State Highway Commission has rescinded its previous action which eliminated the walkway and lighting features from the bridge plans.

SHOULD BE CURBED

Commenting on the dangers that accompany reckless skating by children on the streets, the News and Observer says: "If the parents of Charlotte children will not, of themselves, take steps for their protection, then the City of Charlotte will do it for them."

"This is the gist of an ultimatum handed out by Mayor Marion Redd. The reckless skating and playing in the streets by youngsters, Mr. Redd declares, if not stopped will lead to tragedy. The one effective measure that the City of Charlotte can take is to arrest children caught skating in the street contrary to a city ordinance which strictly forbids it. "Permitting children to play on a railroad track is a mild piece of recklessness compared to allowing them free range of the streets on skates."

"These days a motorist who looks out for himself in some of the heavy traffic areas is doing well. He ought not to be required to pick his way through a maze of scurrying skaters." What is true in the city of Charlotte, is likewise true here, and it is almost miraculous that some child has not already been killed here as a result of this skating on the streets. While we want the children to have all the fun and exercise possible, we do not feel that they could obtain it at the risk of their lives and surely that is what a number of children in this city are doing. If children must use the paved streets for skating, the city should be zoned in certain blocks unfrequented by heavy traffic designated for this purpose.

Sensation Promised as Hickman Trial Opens

Elaborate precautions are being taken by Los Angeles authorities to prevent mob trouble at the trial of William Edward Hickman (upper left), for the kidnapping and murder of Little Marian Parker. The mother's grief-stricken mother, Mrs. Emily Hickman (lower right), is present at the session. At lower left is shown Judge Carlos Hardy, who was disqualified as presiding jurist when the defense lawyer, Jerome Walsh (lower center), charged him with bias when the trial opened. Lower right is shown District Attorney Asa Keyes, directing the prosecution. (International Newsreel)

It is no uncommon sight to see a group of children skating on most any street in our city, and they do so without any regard for their own safety or the safety of others. One of the greatest forms of danger and one that is apparently growing daily is the practice of trailing or hanging on to moving automobiles. When some child on skates swinging to the rear of somebody's automobile falls and has his or her life crushed out by another car that is following the first, it will be too late to do anything for that child, and now is the time to provide safety.

While we do not want to make it hard on the children by taking away one of their forms of pastime, we realize that it is better to play safe than to be sorry, and we urge that steps be taken to break up the present dangerous reckless skating on our streets.

PARIS SPRING SHOES FAVOR PASTEL TONES

Paris—(AP)—Pale blue is to be a leading color for smart shoe styles next spring say important Paris designers. Pink, pale green, mauve and ivory, as well as much lighter blue, are included in the list. Light beige continues a dominant tint in shoe collections. Greco is predicting success for patterned leather in colors, stressing fawn.

Budding Author

Mark Bradford of New Orleans, La., wins the \$500 prize offered by the O. Henry Memorial Award committee with his story, "Child of God," adjudged to be the best effort of the year.

ABOUT TOWN

"It is a matter of gratification to note that the committee soliciting stock to make possible the establishment of the Philadelphia Plush Manufacturing Company's branch plant is meeting with success," asserted one of the city's pioneer business men today. "Greenville has always needed industries of this kind and the sooner we get them the sooner we may expect to take our place in the front ranks of industrial centers of the south. "The \$60,000 in stock necessary to bring the branch plant here will be returned to this city a hundred fold within the next several years. The investment will mean that other concerns will take an active interest in the community's possibilities. In a few years our age old dream of expansion should be realized. Let's all pull together in behalf of the new enterprise. There will be no room for regret in the future."

"Re-election of James Picklen to the presidency of the Greenville Tobacco Board of Trade is a source of much interest to tobacco growers of this part of the state," a member of the local market said today. "Mr. Picklen has been associated with the market for numbers of years. He served the Board of Trade faithfully in the past and has been a most valuable asset in development of the market. "With Picklen at the helm it is easy to believe the market will reach its goal of seventy million pounds net for next year."

Always ambitious, always positive of the possibilities of the great community in which they live, members of the Greenville Tobacco Board of Trade have placed next year's goal of the Greenville tobacco market at 70,000,000 pounds. There were some pessimists who believed the present goal of 60,000,000 pounds would not be reached this year. But it has been reached and then exceeded by over a million and a half pounds. If we were able to reach the goal this year, why isn't it just as possible, and with faith in ourselves, there isn't any power on earth to prevent the realization of another great dream of achievement. "The Board of Trade is to be commended for always keeping their eyes to the future."

"False fire alarms must come to an end," emphatically declared George Clark, chief of the local fire department commenting upon the number of false alarms which have been turned in here the past several weeks. "We have been unable to apprehend those responsible for calling out the fire department without cause, but one of these days somebody is going to be caught. The Board of Aldermen have already offered a reward for information leading to arrest and conviction of guilty parties, and when caught they will be severely punished."

"Hog and hominy program isn't a very elegant expression, but it is most satisfying in case of hunger and you happen to have both hog and hominy to satisfy the appetite,"

remarked a member of the county department of agriculture this morning, referring to the recent campaign launched by the department for increasing interest in hog raising.

"Pitt county has for a long time realized the need of additional money crops. Experts believe there are vast possibilities in the raising of hogs and chickens. In fact, it has been proven beyond doubt that there is money in poultry and hog raising. Pitt farmers are urged to get busy and do a little experimenting. It will pay in the long run."

"If you feel like you are not keeping in touch with the life of this community, why not send in your subscription to the Daily Reflector and let us keep you informed."

"We keep our finger on the public pulse every hour of the day, and each hour's happenings are reported to you in a brief, yet comprehensive way. Our news service is incomparable. Trained newspapermen in every section of the world are at the beck and call of the Associated Press leased wire."

"They know what the public wants and by years of service have qualified themselves to live up to expectations."

"Keep abreast of the times—know what is happening in your community, your state your nation and the world. That's the service the Reflector has to offer. Subscribe today. There will be no vain regrets."

Dog Takes Boy to Doctor

Malta, Mont.—(AP)—Snowbound on a ranch so ill he felt he needed immediate medical attention, Clarence Nitz, 12 years old hitched his shepherd dog Dick, to a sled and "mushed" over slushy snow to Malta, 16 miles away. They made the journey in two and one half hours.

Becomes Mrs. Morgan

Mrs. Rachel Littleton Vanderbilt of New York, divorced wife of Cornelius Vanderbilt, Jr., has become the wife of Jasper Morgan, son of Mr. and Mrs. E. D. Morgan of New York, and a nephew of J. P. Morgan.

Looking Backward

Items Taken From The Reflector Of Twenty and Thirty Years Ago

January 28, 1888.
"Busy Times Around the Wharf." Thursday was an unusually busy day around the wharf, and things looked like Greenville was a shipping point right. During the day there were four steamers, one gas boat and one oyster boat, to arrive. All of them came with full loads.

January 28, 1898.
Among the Ayden items: Miss Tabitha Visconte and Joe Bynum, of Farmville, spent Sunday in Ayden. W. O. Bilbro went to Kinston Monday to bring his wife home from the hospital. Sunday 19th at the home of Mr. Marshall Cox in Chiscol township, his charming daughter Miss Eva and Mr. E. O. Dixon, of this town, were united in marriage. They will make their home in Ayden. Among the locals: N. S. Fulford, of Washington, was here today. J. A. Lang went to Farmville Monday afternoon and returned this morning. The Norfolk-Southern west bound train operating on a new schedule was considerably behind on the

turned this morning from a visit in Kinston. Mrs. Florence Dancy went to Kinston Thursday evening to visit friends. J. W. Higgs returned Thursday evening from Rocky Mount.

Among the locals: Mrs. R. W. King and children re-

first trip Monday. The train was due to arrive here at 6:40 p. m. but did not reach the city until 8 o'clock.

COLOMBIA CONSIDERS MODEL FARM COLONY

Gogota, Colombia, (AP)—A model farm colony is suggested as the first accomplishment in Colombia's bid for more farmers, and a proposal for its foundation is being considered by the ministry of industries.

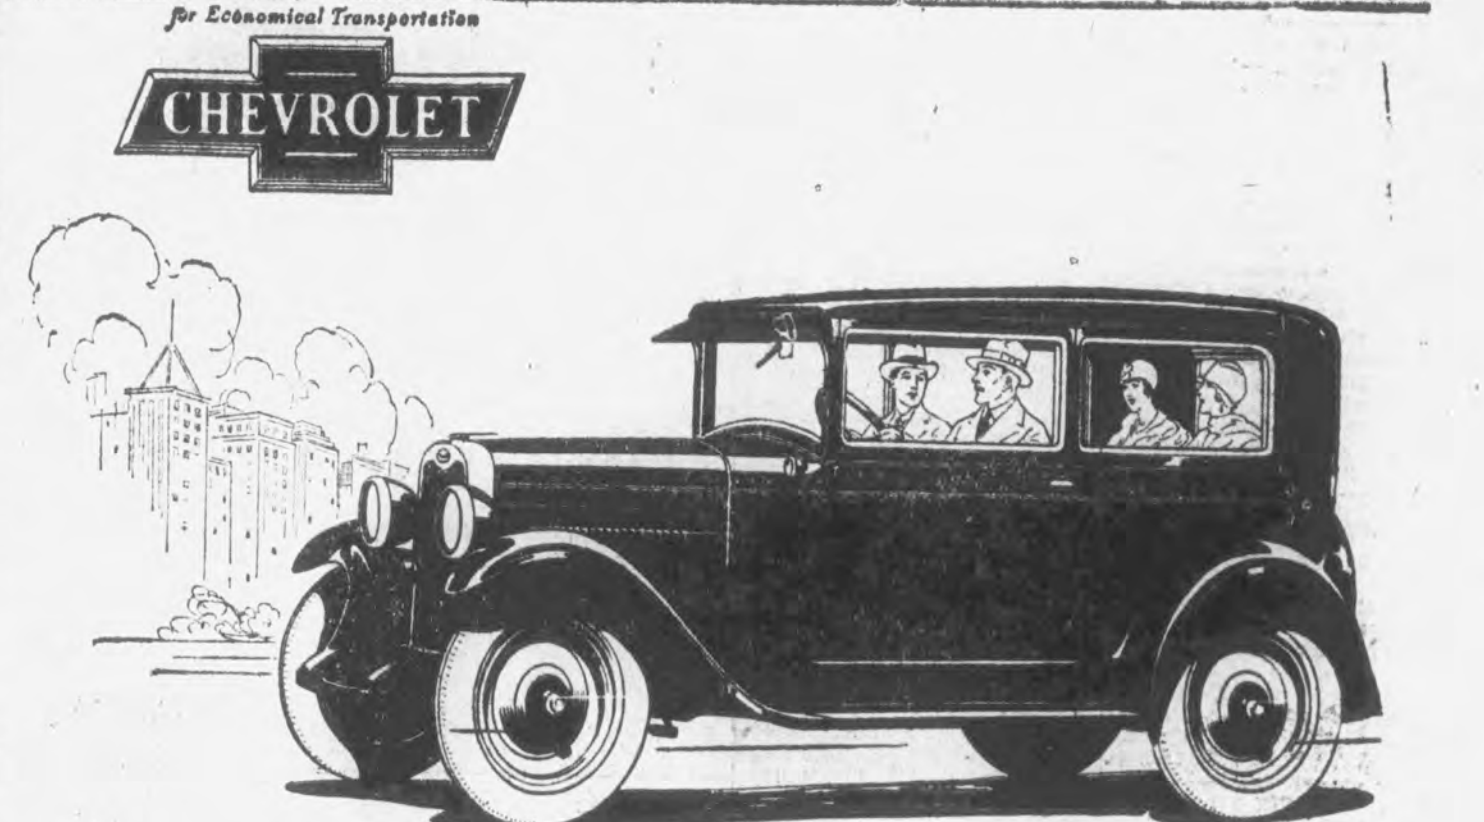

According to Dr. Cortazar Toledo, in charge of the ministry's department of information, a committee is studying conditions in various sections of the country with a view to selecting a location for the proposed colony, which would be in the nature of a central farm with supply stores, small farm houses and good roads. Each male colonist over 16 years

KNEES SWOLLEN TWICE THEIR SIZE

"My knees' ankles were so swollen I looked deformed. And the pain was unbearable. Every move was agony. When a friend suggested 'St. Jacob's Oil' I tried it only half-heartedly. One application brought immediate relief and soon the terrible soreness and swelling had completely gone." Nothing draws out the pain of sore muscles and nerves like good old "St. Jacob's Oil." It's one remedy you can absolutely depend on to relieve Rheumatism, Lumbago, Backache, Neuralgia — and it doesn't burn the skin. Go to any drug store and get a small trial bottle of "St. Jacob's Oil" and see what it will do to pain!

In presenting this great new car, Chevrolet has eclipsed all previous achievements in the development of truly luxurious transportation at low cost. Built on a 107-inch wheelbase, 4 inches longer than before— offering new Fisher bodies whose distinction reveals the world famous mastery of Fisher craftsmen— providing the safety of four wheel brakes, a new measure of comfort, and thrilling new power, speed and smoothness— the Bigger and Better Chevrolet is being everywhere acclaimed as an amazing revelation in a low-priced car! See this truly sensational automobile! Note how the hood lines stream back from the higher radiator and blend gracefully into the body contours. Note the deep

lustrous tone of the new color finishes in genuine Duco—the interior atmosphere of richness and elegance. Check the chassis—and discover every feature of advanced engineering design and the completeness of detail demanded in the finest motor cars. Then go for a ride! Experience the flashing get-away and the marvelous smoothness of the improved valve-in-head engine with its new alloy "invar strut" pistons, new hydro-laminated camshaft gears, new mushroom type tappets and steel enclosure. Travel rough roads and observe the cushioning effect of the new semi-elliptic shock absorber springs. Do that, and like tens of thousands of others, you will be amazed to learn that such a car can sell at such low prices!

Market Report

Cotton--Stocks--Grain

COTTON
 New York, Jan. 28.—(AP)—Weakness in the Liverpool and Alexander markets, combined with continued unfavorable trade reports, were considered responsible for a further sharp decline in the cotton market today. May contracts sold off to 17.55 and October to 17.20. The close was easy, at the lowest levels of the day, the general market showing net declines of 41 to 40 points.
 Futures closed weak, 41 to 49 points lower; spot quiet middling 7.55.

 Oct 17.65 17.73 17.45 17.52 17.90
 Dec 17.39 17.43 17.20 17.25 17.61
 Dec 17.35 17.40 17.15 17.15 17.56

STOCK MARKET.
 New York, Jan. 28.—(AP)—Stock prices turned reactionary after an early outburst of strength in today's brief session of the market. Publication of relatively poor last quarter earnings statements, the recent stiffening in time money rates and a rather general belief that the technical position of the market had been weakened by the recent violent advances in pool specialties were the reasons generally ascribed for the selling movement.
 Steel shares were under rather persistent pressure. Vanadium after touching a new high, sold down two points below last night's close and a similar loss was registered by Youngstown, while U. S. steel common and a few others sagged a point or so.
 Greene Cananea copper broke five points. A. M. Byers 4 1-2 and American Smelting, Radio, International Nickel and several others sagged two points or more. Patino mines was an outstanding strong spot, rising three points on active buying.
 The closing was heavy. Total sales approximated 1,300,000 shares.

GRAIN MARKET.
 Chicago, Jan. 28.—(AP)—Indications of brisk export demand for corn gave firmness early to the market today, despite indications for movement of the crop. Dry cold weather tended simultaneously to strengthen wheat values. Starting unchanged to 3-8 off corn soon rose, all around to above yesterday's finished. Wheat opened at a shade lower to 3-8 advance and subsequently showed general gains. Oats inclining upward. Provisions were easier.
 Corn closed nervous at the same as yesterday's finish to 1-2 off. Lower, wheat unchanged to 3-4 higher, oats 1-8 to 1-4 up, and provisions varying from 1-2 decline to a rise of 3c.

FINANCIAL REPORT.
 New York, Jan. 28.—(AP)—Unmistakable evidence of stiffening credit conditions developed in this week's financial markets. The Chicago and Richmond federal reserve banks increased their rediscount rates from 3 1-2 to 4 per cent. In New York call and time money bankers' acceptances and commercial paper rates advanced coincident with the heavy withdrawal of out-of-town funds and the further liquidation of U. S. government securities by federal reserve banks.
 The stock market broke sharply on the Chicago bank's increase, but recovered most of the lost ground in the ensuing rally. The recovery in prices was stimulated by unofficial assurance of treasury department officials that an immediate increase in the New York federal reserve bank rate was unlikely, which seemed to be borne out by the retention of the 3 1-2 per cent rate for at least another week. Favorable trade and dividend news also had a bullish influence.
 Speculative opinion was sharply divided a site week closed as to the ultimate market effect of the higher interest rates. Operators for the rise regarded the rediscount rate increase as reflecting local conditions and an increasing demand for commercial credit, while in other quarters there was a tendency to regard them, together with the further liquidation of U. S. government securities, as a warning against a further expansion of speculative credit.

WOULD ORGANIZE AGAINST WORLD COMPETITION
 Havana, Jan. 28.—(AP)—A trend toward organization of the Americas into a close cooperative agreement against the competition of the rest of the world in agricultural products and cattle was noted today by observers at the Pan-American conference.
 First approval of the two resolutions leading toward such organization was given by the conference's steering committee.
 One resolution presented by Paraguay requested the conference to advise the Pan-American Union to call representatives of the agricultural and cattle industries of the American nations to consider methods of cooperation between government agencies and private enterprises.

For Sale
 I will offer for sale at the Court House door at public auction the following described personal property, namely:
 One share of the stock of the Greenville Cotton Mills, Greenville, N. C., par value of each share, \$100.00.
 This property will be sold in front of the Court House door to the highest bidder for cash, on Thursday, February 2nd, 1928, at twelve o'clock M.

Capital Chat

(By WILLIAM F. BROOKS)

Associated Press Feature Editor

Washington, (AP)—Salty yarns of these, which used to predominate around the Army and Navy hang-outs in Washington, are giving way before exciting tales of the daring of America's airmen.

One of the latest—although unverified—tales has to do with a navy flying instructor and a student flyer. It seems the student was brilliant in all phases of flying except landing—probably the most important. He could make a plane do anything as long as it was in the air, but the minute he started earthward his nerves got jumpy and almost invariably the instructor had to take over the dual controls to prevent a crack-up.

The instructor was disgusted. He tried everything he could think of to break the student of his fear of landing. Finally, at mess, the instructor discussed the student with other fliers and declared he was going to flinger up to about 6,000 feet, take out his control stick, and throw it overboard, leaving the student alone with the remaining controls.

In some way the instructor's intentions got back to the student. He decided to be prepared. They went up. The instructor flew to the proper altitude and then unscrewed his stick. He showed it to the student and tossed it overboard. The student hesitated a moment and then did the same, throwing his own control over the side. The instructor frantically tried to protest, but the engine drowned him out. He wasted no time, told the student to jump, and went over the side with his parachute, landing in the chilly waters of the Potomac. The student took a spare stick he had secreted beneath his seat, connected it and brought the plane down to a beautiful landing.

Every bit as strange and thrilling as the personal stories of the 63 living members of the Caterpillar club, but they are all true

beyond doubt, **WIRELESS**
 Any mer who uses his parachute to save himself from death in a disabled aircraft in flight automatically is elected to the organization.
 The information division in the office of the chief of the air corps recently has undertaken the task of obtaining complete details of parachute jumps by Caterpillar club members. The resulting record is a series of short fact stories in which the heroes save themselves from the master antagonist—death.
 The 63 fliers made 75 life-saving emergency jumps up to and including November 9, 1927. Capt. Frank O. Hunter and Lieut. Eugene H. Barksdale (deceased) jumped twice and Col. Charles A. Lindbergh used his chute on no less than four occasions.
 Only one woman appears in the lists—Mrs. Irene McFarland, a civilian. She was a passenger in a plane flying over Grisard Field, Cincinnati and was to make an exhibition jump. She left the plane at 2,000 feet, but the exhibition chute fouled in the landing gear and failed to open. Had she remained with the exhibition chute she would have been killed when the plane landed. She pulled the rip cord of the U. S. Army chute an army officer had requested her to wear and descended safely to earth.

HICKMAN GREETES HIS FATHER IN HIS CELL

William Edward Hickman (lying on cot) is shown in his cell at Los Angeles with his father, Thomas Hickman, holding his hand. This was the first meeting of the slayer and his parent since the lad's sensational abduction and murder of little Marian Parker.

FOR SALE—CHEAP—UNDER-wood typewriter, in good condition. Frank Ray, phone 690, 308 Pitt street. 28-3t

"Flapper" Suffrage Big Issue Facing British Parliament

Prime Minister Stanley Baldwin (upper left) sponsors the bill in the forthcoming session of parliament which would give the voting privilege to Miss Doris Beer (lower right) and many other British women under the age of 30. As a member of parliament, Miss Margaret Bondfield (inset) has supported the measure, and so has Lady Clare Annesley (lower left), candidate for a seat in the house of commons.

London, (AP)—Five million daughters of John Bull are looking forward eagerly to the 1928 session of Parliament which opens February 7.
 They expect then that the conservative leaders, who are now in power, will offer for the scrutiny of the house of commons the bill which, if passed, will give them the vote.
 The whole country is displaying interest in the proposed bill such as it seldom evinced before, for if approved, the measure would hand the majority vote from men to women. There are 3,000,000 more women than men in England. The bill which is the political child of Prime Minister Stanley Baldwin, would give women the vote at the age of 21 instead of 30 as at present.

Members of parliament, particularly those running for reelection, are expected to surpass themselves in arguments as a pre-election gesture to their constituents.
 Among the keenest workers on behalf of the "flapper vote" are Miss Margaret Bondfield, member of parliament, and Miss Doris Beer, one of the earliest members of the Suffragists' league. Miss Beer will be given the vote if the bill goes through, and she is typical of the

TWO MILLION HERDS TUBERCULIN TESTED
 Washington, (AP)—Since the campaign against livestock tuberculosis began on its present systematic basis in 1917, two million herds have been tested.
 Of this number, the department of agriculture says, approximately 150,000 herds have been accredited, found definitely free of disease. More than 1,300,000 tuberculous cattle have been removed from herds and slaughtered.

WILLIAMSTON, N. C.

LEGAL SNARL DEVELOPS IN HICKMAN CASE

Ability of Defendant to Distinguish Between Right and Wrong, Main Issue

Los Angeles, Jan. 28.—(AP)—A legal snarl today left the William Edward Hickman sanity trial in confusion over the court's week end recess.

The legal tangle, developing in the closing minutes of yesterday's session, left nine men and three women technically accepted as the jury sought to determine whether the kidnaper and slayer of Marian Parker could distinguish between right and wrong. But not one of the jurors was entirely certain he could retain his seat long after the opening of court today.

The mix up apparently left the prosecution with sixteen peremptory challenges but it was not certain that it could use them and not quite decided whether it desired to exercise them if permitted to do so. And the defense had on its hands four peremptory challenges which may or may not be usable.

The kinks in the law resulted when the prosecution passed the challenge of the jury to the defense and Hickman's attorney surprised the court by quickly accepting the jury.

The move brought district attorney Aca Reyes out of his chair with the request that the prosecution still might challenge it if so desired Monday. Jerome Walsh, 25-year-old chief defense counsel, declared he would demand the same privileges if it were extended to the prosecution.

Although the jury technically had been accepted by both sides, Judge J. J. Trabucco ordered that the 12 be sworn. Monday, he said, he would rule on the prosecution request, declaring: "Both sides would be treated alike in the matter."

At the close of court, Reyes said he wasn't quite sure whether he desired to challenge any juror. The defense attorneys said the jury was satisfactory to them.

All of the technically accepted jurors are well into past middle age. The three women gave their occupations as housewives. Two are gray haired. Only four of the jurors were from Los Angeles proper. The others coming from suburban points or nearby cities of the county.

Every juror now in the box has declared under questioning that he had read of the Hickman case in the newspapers. Five of them said they had formed opinions as a result of their newspaper reading but could sit on the jury with an open mind.

Forty seven prospective jurors were questioned. Sixteen were challenged by the defense, four by the prosecution and the rest with the exception of the 12 were disclosed for cause.

NOTER SPANISH NOVELISTS DEAD

(Continued from Page One)

to leave it as a "Garden of Novelists." He had not been in good health but labored industriously to realize during the last few days until he was dead. He talked of little else was forced to take to his bed by illness.

Ibanez, who first gained prominence in America through his novel of the war, "The Four Horsemen of the Apocalypse," also planned further literary work. One of the books he had in mind was to deal with the crusades and another the mysteries of the Inquisition.

Vicente Blasco Ibanez, after attaining world-wide renown as a novelist, attracted attention as an opponent of King Alfonso and the administration of Government in Spain. His caustic attacks against the King led to his conviction for lese majeste but Ibanez kept out of reach of the Spanish government by exiling himself in France.

The purpose of his campaign against the ruler and other government officials, included Primo de Rivera, the military dictator of Spain, the novelist admitted in several of his pamphlets, was to overthrow the monarchy and have set up in Spain a republican form of government.

"It is not the military dictory, but the degenerate Alfonso who is mainly responsible for the troubles in Spain and the catastrophe in Morocco," Ibanez in one of the early manifestos of his campaign. "Never has history shown a monarch more deceitful and less powerful than the cruel and faithless puppet of the Spanish throne."

"The time has come to put an end to the new era of the Inquisition and for that accomplishment Alfonso must go. I will know no rest until the country is free."

Starting his attack on the King's government late in 1924, Ibanez declared that he would circulate the attacks all over the world.

"I am determined to dethrone the King of Spain and will remain in exile until I have succeeded. I am ready to spend all my wealth to make my once great country a republic and to save it from the monarchs and hipocrites who have brought it to the point of death."

Within a few months after his first attack, it was said Ibanez had spent \$15,000 in his campaign.

Harvey's Restaurant, Host To Presidents, Doomed by Wreckers

Since Lincoln's day Harvey's restaurant has been a landmark of Washington, where men of state from presidents down have feasted on terrapin, steamed oysters and canvasback duck. Now it is coming down to make way for government buildings. The cartoon of George W. Harvey, one of the original proprietors, was drawn by Thomas Nast, noted cartoonist of anti-bellum days, to commemorate a dinner at Harvey's.

Washington, (AP)—Harvey's, home of the famous steamed oyster, terrapin and canvasback duck, is being razed to make way for government buildings. The cartoon of George W. Harvey, one of the original proprietors, was drawn by Thomas Nast, noted cartoonist of anti-bellum days, to commemorate a dinner at Harvey's.

Evening worship, 7:30 p. m.
The public is cordially invited to attend any or all these services.

NEW YORKER SHOTS FIRST LONE EAGLE
San Antonio, Jan. 28.—(AP)—A lone eagle was the only trophy exhibited by half dozen of the large field of professionals here for the Texas open in their latest test of the Willow Springs course.
Bobby Cruikshank, of Purchase, N. Y., who won last year's open, shot the eagle yesterday on number 15, regarded as the most difficult hole on the course. He was the first to perform this feat.
Cruikshank was playing with Billy Burke, of Port Chester, N. Y. Tommy Armour, National open champion, and Joe Turnesa, of Elmford, N. Y. Armour made 18 holes in 77, six over par. Burke had 83 and Turnesa needed only 72. Cruikshank had 68 with one hole unplayed.

TODAY
(Continued from Page One.)
work. And if their husbands earn as much as \$2,000 a year, the woman's earnings should be taxed 20 per cent.

Under old laws a husband could take what his wife earned, even now in England he controls the children that she produces.
For the state to rebuke her, industry by taxing her earnings 20 percent would be something new.

"Remarkable recovery in stocks" say Wall Street reports, and "hope deferred maketh the heart sick," says the long suffering bear.
Real buyers, speculators, and the out-and-out gamblers, forgot overnight all about Chicago's Federal Reserve Bank raising the discount rate.

After all money at 4 per cent is "cheap money" when you think you can win.

It is sad for the bears. It will be worse in the long run for those that start gambling. There is no worse vice, none, not even drugs, that leads more directly to ruin in the end.

A million will realize that five years hence. Nobody pays any attention now.

4,000,000 in China are hungry. 400,000,000 are threatened with chaos in government, the horrors of civil war, famine and plague.
The Chinese were happier, or at least safer, before western science showed them how to kill wholesale with flying machines, machine guns and other civilized devices.

Many throughout the country sympathized with J. Ogden Armour in his financial misfortunes, and the way in which, as he put it, he was "sent to the cleaners" by high finance.

When efficient finance took everything he had worth while, including Armour's stock in a Chicago baseball scheme. It ignored as worthless, some oil stocks, so Mrs. Armour kept them, and now they are worth \$30,000,000.

Fred Gude, 18, son of a retired business man, got a poor mark in high school, was afraid he would be disgraced, and killed himself.

Modern education has some dangerous features. One is setting false standards of excellence that drive weak children beyond their strength and sometimes to despair.

Eighth Street Church of Christ
R. J. Bamber, Pastor
Church School at 3:45 a. m.—W. E. Hooker, Supt. Be on time. Classes for all, graded and departmentalized.
Morning worship at 11:00 a. m.

Being in a small article and have it finished free of charge.

Varied Activity Constantly Gets Into Day's Work of Army Officers

Army Is Clearing House For Sorrows; Domestic Troubles Always Given Airing Before Salvation Army Officers; Headquarters a Place Of Refuge.

(By SAM T. CARSON)
Many times people ask the question "What is the Salvation Army officer?" As one who has been closely associated with that organization and has taken the time to investigate, I believe I can answer that question.

The life of a Salvation Army officer is a very busy one. He or she works from early morning until late at night. Many times the breakfast hour, which is 6:30 a. m., is interrupted by the ringing of a door bell. A little girl of perhaps nine years old is the caller.

"Please sir, have you a pair of shoes that will fit me?" The children laugh at me at school because I am barefooted. You see there is a large family of us, and father works every day, but it takes all he can make to feed us and pay the rent."

The show boy is soon looked over, and perhaps a garment or two added, and a happy little girl looks up and says, "I thank you so much. I can look like other girls now."

The telephone rings and an urgent call is received requesting that an officer come to a certain street number before 9 o'clock. It is important. At the number, the officer finds a heartbroken mother, and listens to the story of the downfall of her only child, a young girl in her teens. The Salvation Army is asked to help. Plans are made for having the young girl cared for and the mother and officer kneel in prayer, after which the mother looks up, smiling through her tears.

Upon her return to the headquarters, a mother, and a little baby are awaiting the officer. The father has run away and left them alone. The baby is sick and the mother has no money to buy food and medicine. The baby is taken to the doctor, who makes a very careful examination and finds it to be very ill from lack of food, or in other words, slowly starving. Arrangements are made for the baby to be placed in the hospital and the mother is cared for at the headquarters until work is found for her by means of which she is able to support herself and the baby.

The phone rings and a request is made to visit a sick woman who has an only son that is out of work.

It is sad for the bears. It will be worse in the long run for those that start gambling. There is no worse vice, none, not even drugs, that leads more directly to ruin in the end.

A million will realize that five years hence. Nobody pays any attention now.
