JURY DECLARES HICKMAN SAFE AND ACCOUNTABLE TO THE LAW FOR MURDER

Judge Trabucco Says
Slayer of Little Mar-
ian Parker Will be
Given all Punish-
ment the Law Allows

Los Angeles, Feb. 10.—(AP)—William Edward Hickman is safe and therefore accountable to the law for the kidnapping, murder and mutilation of little Marian Parker.

Such is the decision of the jury which yesterday required only 36 minutes of deliberation to reach its conclusion. Whether the 19-year-old youth rises on the gallows or goes to the penitentiary for the rest of his life rests with Superior Judge J. J. Trabucco, who will determine his punishment and pronounce sentence tomorrow.

Judge Trabucco's sole indication of what his final decision might be carried little comfort for the kidnaper and slayer. In a cryptic statement at the close of the sanity trial, Judge Trabucco said:

"I cannot state in advance just what my sentence will be—but you can rest assured that this defendant will be given all the law allows."

The veteran jurist seemed to have no doubt as to the route over which he was to guide the case in its final stages. Scarcely had the jury of eight men and four women declared Hickman sane than the judge attempted to obtain a stipulation of prosecution and defense permitting him to use the transcript of the trial in fixing the degree of guilt.

Jerome Walsh, young defense attorney, interposed some objection and no ruling was made. Later Walsh said he had not understood the question and probably would agree to the request. Should he refuse to enter into the stipulation legal authorities pointed out, it would be necessary either for Judge Trabucco to rule on this point of the new law, declaring further testimony unnecessary. Otherwise the prosecution would be forced to call witnesses to aid the court in deciding the extent of punishment.

While the court and the attorneys were feeling their way through the labyrinth of the new and untested law governing insanity, pleas in criminal cases, Hickman was taking the matter coolly. As the jury delivered its verdict he sat bolt upright in his chair, showing no emotion. As he was led from the courtroom he only cast a disdainful look at the hundreds who were staring at him. And while Judge Trabucco spoke the words which left little hope for him, Hickman was making "wise cracks" on the way to his cell.

Immediately after the verdict when Hickman had returned to his cell with the remark that "the die is cast and the state wins by a neck," jail authorities ordered a 24-hour-a-day guard placed over him.

His mother, Mrs. Hickman of Kansas City, Mo., whose alleged mental illness had been paraded through the trial by the defense in an effort to show hereditary insanity, heard the result in the office of his attorneys. Overcome, she wandered out into the street and sometime afterward was found by Hickman's brother Alfred, standing on a street corner that rang with the shouts of newsmen.

In the Parker home, news of the verdict was received almost listlessly. The mother of the 12-year-old girl victim received it in silence.

"I'm satisfied—satisfied—and wanting only to forget," said her father, Perry M. Parker.

Hickman's attorneys announced an appeal would be taken on the legality of the entire proceedings and the constitutionality of the new California law under which the plea of "not guilty by reason of insanity" was entered and received.

In addition to the notice of appeal which they intend to enter tomorrow defense attorneys said they would file a motion for a new trial.

District Attorney Asa Keyes said he would fight every attempt to delay the case but admitted that if Hickman were sentenced to be hanged, court action probably would delay the execution for several months.

The prosecution also said it was probable that the prosecution of Hickman on a second murder charge—the killing of C. Ivy Thomas, druggist, during an attempted holdup—would be pressed until the present case had been settled in the higher courts. Hickman's attorneys said they anticipated that the Thomas trial would be delayed, especially if Hickman's accomplice in the holdup, Welby Hunt, pleaded guilty and placed himself on the mercy of the court.

Hickman's own words after the verdict indicated that he expected to be hanged. In addition to his remark about the state winning "by a neck" he considered a request said to have been telephoned from the University of Chicago asking for his body in case the death sen-

OLDER BOYS CONFERENCE OPENS HERE

Three Day Session
Opened at Methodist
Church Here This
Afternoon.

The eighth annual conference of the Older Boys, sponsored by the Y. M. C. A. of North Carolina, opened at Jarvis Memorial Methodist church in this city this afternoon at four o'clock. The conference will continue for three days and will be presided over by Stanley Moore, president of the eighth annual conference. Four hundred high school boys, representing some eighty or more schools of the state are expected to be in attendance.

Registration of the visitors began this afternoon at 2:30 o'clock under direction of Frank Harrington, clerk of Pitt county Superior court. The conference actually got under way at four o'clock with devotional services led by Rev. L. B. Jones, pastor of Jarvis Methodist church. The address of welcome was delivered by Edward Ferguson, local high school boy; the response being made by Book Allen. The principal address was delivered by Rev. L. R. O'Brien, pastor of Immanuel Baptist church.

At 5:30 o'clock this afternoon the delegates will gather at Mrs. Parker's dining room and enjoy supper. Group discussions by delegation leaders will take place at this time under direction of J. T. Fesperman. Tonight at 7:30 o'clock presentation of conference theme and a general plan of procedure will be taken up. This will be followed by a general discussion by J. T. Fesperman. Song services will be under direction of John Clark.

Speaking of the subject, "The Quest for the Best," Mr. O'Brien this afternoon brought out the importance of the physical, mental, social and spiritual sides of life. "Being young, strong, ambitious, and zealous for the highest virtues, we may safely conclude that we are concerned with the physical, mental, social and spiritual development of man. The four-fold man—the symmetrical man—the whole man. And may we be pardoned for saying that we believe that we have suggested these constituent parts of this wonderful creature in the order of their relative value. The standard of values is cumulative as we pass from the physical and spiritual," the speaker declared.

Discussing the mental side of man, he said:

"To think clearly one should act wisely. Too few of us realize the power of thought over action. A wise man once said, 'As a man thinketh in his heart, so is he.' If therefore we are thinking in terms of card-playing, craps-shooting car-

Nicaraguan Rebel Chief Defies Marines To Join Battle With His Troops

Managua, Nicaragua, Feb. 10.—(AP)—General Augustino Sandino, rebel leader, has defied the American marines to join battle with him.

Writing to the chief Nicaraguan authority in the Matagalpa district Sandino said he would be delighted to meet the marines in the hills around Matagalpa and blood would flow in such a case.

He protested against the "cowardly actions of the marines" in Nueva Segovia. This criticism was thought to be in objection to the marines' extensive bombing operations from airplanes which had made several strongholds of the rebels in the Nueva Segovia district untenable.

Advices placed the number of men under Sandino at from 100 to 600.

Some lines of communication between Managua and Matagalpa were cut.

Latest advices received here, said the rebel leader was in Cuartro Esquinas, a small village southeast of Matagalpa.

In the last few days he has worked from northwest of Matagalpa which is the center of a rich coffee growing district, toward the south. He is familiar with the topography of that district.

These advices place the number

Confessed Slayer Of Thirteen Goes To Death in Chair

Huntsville, Tex., Feb. 10.—(AP)—Calmly accepting failure of last minute efforts for commutation of the death sentence on a plea of insanity, George J. Hessel, 39, confessed slayer of thirteen persons, was electrocuted at the state penitentiary here today. He was followed to the electric chair by Robert L. Benton, negro convicted of killing a white man.

SAYS BIBLE TEACHING IS NOT LAWFUL

Attorney General of
Michigan Forbids
Teaching of Religi-
on in Schools

Lansing, Mich., Feb. 10.—(AP)—Bible reading and teaching of religious subjects, sectarian and otherwise, in the public schools of Michigan, is unlawful, Attorney General W. W. Potter has ruled.

In an opinion yesterday, the Attorney General held that such practices must be discontinued, by reason of provisions of the state constitution.

The ruling, according to State Superintendent of Public Instruction, Webster H. Pearce, affects a number of normal schools, Michigan State College, and scores of grade and high schools throughout the state. At these schools, he said, it has been the practice to read the Bible in class, and courses have been provided for "presentation of the general principles of Christianity."

The University of Michigan, it was stated, is not affected since religious training there is conducted in a separate building not maintained by the state.

The Attorney General cited the following provisions of the state constitution:

"Sectarian books may not be used in public schools.

"School boards have not authority to establish or continue courses in religious subjects.

"Any textbooks stressing the doctrines of the protestant or any other religion, cannot be used in the public schools.

Public funds cannot be used for purchasing religious textbooks, or to pay the salaries of religious teachers."

Discussing a contention of Bible study proponents that it be made optional with the student, the Attorney General declared:

"This principle of unfettered individual liberty of conscience necessarily implies, what is too often forgotten, that such liberty must be exercised by him to whom it is given so as not to infringe upon the equally sacred right of his neighbor to differ with him. To that end it is fundamental that the law itself shall be watchful to forbid the use or abuse of any of its powers or privileges in the interests of any church or sect. Nowhere is such an abuse more likely to manifest itself than in our system of public schools.

Now the reverend doctor, himself, ninety years old, and his wife are trying to live on \$25 a month, \$12.50 each, not enough. They are sometimes hungry.

Will philanthropy do as much for the Reverend Dr. Meyer's "horse," "Clover," nearly fifty-three years old. Twenty-five dollars a month pension was received to keep the old horse in comfort—plenty for the purpose.

A young woman, well educated, married to a scoundrel, followed him and his fortunes, and will soon be hanged with him in Canada. She was with him when he murdered a taxicab driver.

An effort is made to save her from the gallows, and the girl amazes her friends, saying she does not want to be saved. "If he hangs, I want to hang with him." That should amaze nobody. It might be amazing if a man said a woman is willing to be burned with her children, or hanged with her husband, when she likes him. It is part of the female disposition.

Germany proposes a law to make "a simple wish" sufficient ground for divorce.

It would not be necessary to prove guilt. Wife or husband can say, "A continuation of my married life has become impossible." That will end it.

The couple must live apart one year before getting the divorce. When no guilt is proved, there will be no alimony. The richer of the two will be expected to help the poorer.

That makes our "companionate" marriage quite conservative.

Secretary of State Kellogg has been in Canada, well received, and heard Canadian statesmen say there is no danger of our country trying to annex Canada. That annexation idea is old and foolish. The United States is glad to have a good pacemaker and finds it in the people of Canada.

Also Canada is our best customer, buying here more than the British mother country buys. For several months in 1927 Canada was the best customer we had in the world.

We helped the Canadian north-west, as we did all countries, by supplying a short cut through the Panama Canal. Canada reciprocated.

Opening Tar River To Navigation To Receive Attention February 23

A public meeting looking to the deepening of Tar river so as to make it navigable to steamship traffic will be held at the court house February 23, at one o'clock, according to information received today from the United States war department.

The hearing will be conducted by Major W. A. Snow, district government engineer, and all persons interested in the proposal to deepen Tar river are urged to be present and express their views as to what benefits may be derived from the improvement.

The improvement has been under discussion in this city for several months. Committees from the Kiwanis Club, the Rotary Club and Merchants Association have been working on the matter for some time, and their efforts resulted in the issue receiving attention at the present session of congress. The Board of Engineers of Rivers and Harbors have been ordered to investigate the practicability of the improvement and the session at the court house here will be one of the first movements to determine whether it is advisable at this time.

Members of local civic organizations as well as prominent business men from all sections of the county have been requested to attend the hearing here and to use every influence at their command in convincing the government of the great need which would be derived by the community in making Tar River navigable. That the improvement would result in the saving of thousands of dollars annually in freight rates alone cannot be doubted.

Britain to Begin Air Mail Service To America Soon

Washington, Feb. 10.—(AP)—British interests soon will begin a trans-Atlantic dirigible mail and passenger service with American governmental cooperation. The dirigible R-100 now under construction across within three months, in England, will make her first voyage as her American terminal the naval air station morning mast at Lakehurst, N. J.

Details of the plan were announced by secretary Hoover, who held conference with British representatives here. Other conferences will be held with the post office department with a view to giving the R-100 a special mail contract at a premium postage rate, such as the land air mail service are accorded.

Americans will be invited to join the enterprise, Mr. Hoover said, if the trial trips of the first dirigible are successful.

Charges Gross Irregularities In Surry County

Dobson, N. C., Feb. 10.—(AP)—Surry county commissioners today held for consideration a report of a county grand jury that "there is now existing and has existed for some time a bad state of affairs with relation to the administration of the Surry county highway business."

The grand jury in its report yesterday to judge Shaw in superior court recommended that the commissioners take cognizance of these reported gross irregularities and take whatever steps may be necessary.

Mill Worker Found Dead.

Concord, Feb. 10.—(AP)—Gurley Shoe 40, a mill operative was found dead at Mt. Friends expressed the opinion that the man was despondent because of ill health and financial worries.

TARIFF ISSUE SLOWS DOWN CUBAN CONFAB

Intervention Also
Threatens to Pre-
vent Reorganization
of Pan Union.

Havana, Feb. 10.—(AP)—Differences of opinion about intervention and tariffs today threatened to prevent the pan American congress from formulating a code of public international law and from reorganizing the pan-American union—two of the major objects of the congress.

The position of Dr. Honorio Pueyrredon, head of the Argentine delegation, prevented committees dealing with international law and the union from reaching any agreement.

Dr. Pueyrredon contended that the congress should go on record as condemning all intervention "whether diplomatic or forceful, temporary or permanent" of one state in the internal affairs of another. For three hours of debate in the public international law committee he held fast to this position.

Several delegates led by Charles Evans Hughes, head of the United States delegation, and Dr. Victor Maurtua of Peru opposed him. Dr. Maurtua in his report on public international law recommended that independence of state should be always subordinate to their observance of the rights of other countries. This recommendation appeared to Dr. Pueyrredon, and to some of the delegates from smaller central American states, to open the way to the very intervention which the Argentine desired so categorically to deny.

In the sub-committee on the pan American union, Dr. Pueyrredon for five hours maintained his stand that pan Americanism should work toward the abolition of excessive tariff barriers in inter-American trade.

The United States opposed the introduction of any such thesis in the reorganization of the union, holding that such a tenet would give the union a political aspect.

The full committee on the union was summoned today in an attempt to harmonize these conflicting views. Unofficial quarters were gloomy over the prospects.

It was understood that many compromises were offered to bring about agreement. At one time it was suggested that the preamble in which Dr. Pueyrredon wished to include the tariff provision be omitted altogether. The Argentine's reply to this was that if the preamble were admitted he would insist on the inclusion of his views in the convention of the pan American union itself.

Dr. Pueyrredon declared he was intransigent on any attempt to deflect the decision of the conference away from the principles which he has enunciated and which he insists are essential to the continual usefulness of the pan American union.

Since unanimous action is necessary to make any resolution effective, it was thought it would be impossible for the conference to conclude any convention for the union.

Search For Missing Deputy Sheriffs

Lafayette, Ind., Feb. 10.—(AP)—Search for deputy sheriffs John P. Grove and Wallace McClure who disappeared last Tuesday while taking two prisoners to the state reformatory at Pendleton, sixty miles distant, was extended to Illinois today after word came from Danville, Ill., that the two prisoners, each under 20 years of age, had been seen near there.

According to word from Danville police, the two prisoners, Samuel Baxter and John Burns, both under 35 years of age, were for robbery were at the home of Burn's uncle Otto W. Smith at Kingston, Ill., near Danville Tuesday morning. He did not know they were being hunted until yesterday when he read in a newspaper accounts of their disappearance.

Seventeen Killed When Freight Cars Hit Electric Car

Thionville, France, Feb. 10.—A string of freight cars, heading away from a train ran down a hill here last night and crashed into an electric car on a grade crossing. The car was crowded with homeward bound workmen.

Seventeen of the 26 passengers aboard were killed. The remaining nine were injured. The motorman, apparently, crashed into the cars.

Predicts Next Republi- can Convention May Nominate President Coolidge.

Washington, Feb. 10.—(AP)—Political fires are burning brightly on Capitol Hill and in the eddies of the senatorial debate fanning them a large and smoky question mark has been wafted to the White House, where President Coolidge sleepily watches.

Most of the first has come from the LaFollette anti-third term resolution, with Senator Fess, republican, Ohio, throwing on tinder with his renewed prediction that the next republican convention might nominate President Coolidge. Other stockholders in the flames in the senate yesterday and in their clasp was picked up the names of both outcasts, the silent candidates and an issue that is not permitted to rest—prohibition.

The inflammable prohibition question was raised by Senator Borah, republican, Idaho, who as its defender is deeply curious concerning the views of presidential candidates. He invited secretary Hoover and Senator Willis, republican, Ohio, to state publicly how they stand on "this important issue." Recently Borah quizzed Senator Curtis of Kansas, another republican candidate, and the latter replied that he was for strict law enforcement.

Just before the senate got well started on the LaFollette resolution with debate sufficient to postpone for a second time a vote on it, Senator Watson of Indiana, announced himself as a republican candidate for president. At the same time the Indiana delegation in congress, Senator Arthur Robinson and the house members, announced their support of Watson.

Watson is the third term senator to announce his candidacy and the ninth to be voluntarily or otherwise entered in the field. His campaign will be managed by M. Earl Thompson of Indianapolis.

Senator Fess predicted that the republicans might finally turn to Calvin Coolidge brought a rapid fire cross examination from democrats and at last he said he "gotten it direct" that the president means "what he says and wants to get out of office." He related also the details of his visit to the White House a few months ago, an show he had given newspaper men the impression that the President had refused him for continuing to express his opinion that Mr. Coolidge would be drafted for another term.

He said he had not been rebuffed but had said so the newspapers to give emphasis to his statement that he was speaking for himself and not for the President.

The Ohio Senator declared that despite the President's summer announcement that he did not choose to run, "he could accept the convention nomination without dissent." Senator Borah, democrat, Maryland, opposed that view and said the President would be acting in "very bad faith" if he accepted the nomination after "relinquishing" other candidates into the race.

When Fess repeated that democrats were fearful that Mr. Coolidge would run again, Senator Reed, democrat, Missouri, a possible candidate himself, rejoined that "the senator is hugging to his breast one of the delusions he frequently embraces."

Reed said he believed Fess was arguing for Coolidge's renomination and added:

"I protest in the name of Senator Willis from Ohio. The republican leader, Mr. Curtis, the English statesman, Herbert Hoover, the great dirt farmer, Mr. Lowden, and in the name of the great republican party that with all its faults it is not absolutely forced to nominate one man."

There was also a development in the Willis candidacy, a statement coming from Charles R. Frederickson, of Coshocton, Ohio, denying the Senator Willis had at any time attempted to dictate whom his delegates would vote for as a second choice for President. Frederickson said he would vote for Curtis for second choice if he is elected a delegate but that others would select other candidates of their own free will.

Of Senator Willis' candidacy he said it was "not only genuine but it is pulsing, throbbing thing that is hourly gathering force through the nation."

LOCAL CAGERS PLAY WILSON TEAM TONIGHT

One of the hardest fought basketball games of the season is expected here tonight when members of the local high school team meet a similar aggregation from Wilson high school at Gorman's warehouse. The exhibition will begin promptly at 8:30 o'clock, and is expected to be witnessed by one of the largest crowds of the season.

Preceding this game members of the freshmen team will play New Bern Y. M. C. A. cubs. This contest will begin at 7:30 o'clock.

Considerable interest is centered around the game with Wilson. Coach C. W. Porter, of the local high school, said this morning because of the fact that this club has had the North Eastern Athletic conference since the season opened several weeks ago. Greenville has occupied second place for sometime and is hopeful of ousting Wilson from her position of eminence before the season is over.

The public is urged to attend the games tonight in large numbers and help the boys in their march towards victory.

Delegates to the Older Boys Conference which convenes in this city this afternoon will be admitted for half price, Mr. Porter said.

Golf Tourney Opened Today In Arkansas

Hot Springs, Ark., Feb. 10.—(AP)—Past sand greens and firm fairways lay before some 125 golfers today for the starting round of the south central open golf tournament which called for 18 holes today, a like number tomorrow and a 36-hole final round Sunday.

Windy City Surgeon As Billiard "Czar", Setarts New Regime

Baseball went to the judicial bench for its Landis, but billiards has found its own "Czar" in the medical profession. Chosen president of the National Billiards Association, Dr. Ralph H. Wheeler (above) Chicago surgeon, was given arbitrary power which he expects to administer as gently and firmly as he does his medicines. Frank Taborski (below), pocket billiard champion, will be the first to defend his title under the rule of the Doctor-Czar, playing in the national tournament at Chicago, March 5 to 17.

Chicago—(AP)—Billiards now has its Czar like baseball and the movies.

The cue wielders "Landis" is Dr. Ralph H. Wheeler, well known Chicago surgeon, who is president of the National Billiards Association. Under his authority, the association will take over supervision of all professional billiard matches beginning with the national pocket billiards tournament here March 5-17.

The impetus of the new reign in billiards came from the leading pros themselves 31 of whom signed a petition to the N. B. A. to take away from commercial interests the promotion of professional billiards matches.

Welker Cochran, 102 billiards champion; Otto Reisel, three-cushion title holder, and Frank Taborski, pocket billiard champion, headed the list of signers.

Taborski will be the first to defend his crown under the new state of affairs, participating in the March competition. The N. B. A. tournament committee is choosing as his opponent the ten leading players of the last season. Ralph Greenleaf was winner of the title in last year's tournament, and through challenge matches, Taborski succeeded to the honor. The latter has defended his title twice in challenge matches and faces a tournament for the championship for the first time.

According to the petition of the pros, the competitive championship conditions of the past have not always been satisfactory. They say the game has lacked that independence of action necessary if it is to advance along with other sports which long ago divorced themselves from commercial dominance and formed their own organization to act as governing bodies and conduct the big championship meets.

ITALIAN TO FIGHT

SPORTS SLANTS TAYLOR DROPS GLOVE BATTLE

By ALAN J. GOULD

New York, Feb. 10.—(AP)—The New York Giants' problem of finding some batting punch to offset the loss of Rogers Hornsby's potent wallops will be solved if two of the club's newcomers, Frank (Lefty) C'Doul, and Andy Cohen, measure up to anything like their 1927 performance in double A company.

O'Doul like Babe Ruth, is a reformed pitcher who discovered his bat to be more potent than his curves, so much so that as a representative of San Francisco he was voted the most valuable player in the Pacific Coast league, last year. With an average of .373 he was runner up to his teammate, Joty, for the league batting crown.

Cohen, the widely heralded Jewish infielder, who may succeed Hornsby at the keystone bag, was a big factor in Buffalo's international pennant victory last season with 353 at bat and fielding sensationally.

Both O'Doul and Cohen are expected to land regular berths by manager John McGraw, who feels they have had sufficient experience to step into fast company and make good. But it will all depend on whether their batting eyes are as good against big league pitching as they were in the minors.

Batting eyes that glow in the minors frequently become dull in the big league glare but there are have become brighter.

The famous Waner brothers, for instance never hit minor league pitching any harder than they have the slants of National League boxmen. In fact Lloyd Waner, in his debut last season, hit just as hard under the big top as he did the year before in the somewhat obscure confines of the "Sally" league.

Paul Waner, the batting king of the National league last year, did considerably to offset the impression that most Pacific Coast league average slunk in the east. Paul Strand was a sensation while hitting in the rarified atmosphere of Salt Lake and a "bust" with the Athletics.

Jimmy O'Connell was another whose stick work fell off when he came to the majors.

"Wild Bill" Mehlhorn seems to have carried off the rich Texas open golf tournament in spite of a record breaking nine hole scoring spree on the last day.

Meihorn, one of the most brilliant shotmakers in professional ranks, has had a habit of "shooting the works" on the stretch and then suffering a costly reaction from his burning pace. He experienced such a reaction at San Antonio after scoring 31 for the first nine holes of the morning round—but managed to nose out "Lighthorse Harry" Cooper by a single stroke anyway.

Chicago, Feb. 10.—(AP)—A "five-minute count" wasn't long enough for Bud Taylor, world's bantamweight champion, last night, and he lost his fight with Joey Sangor, Milwaukee featherweight, in the seventh round. It was called a technical knockout, the first, so far as the records show, ever marked against Taylor's long ring record.

A low left hook sent Taylor down. Referee Paul Collins—the same official who was in the ring when Sammy Mandell took the lightweight title from Rocky Kansas here—said the blow was "on the border line." Taylor's seconds claimed a foul.

After an examination by a physician and a consultation of the judges and the referee, Taylor was given five minutes rest. At the end of that time he still was unable to unroll to continue, and the decision was given Sangor.

Agnes Ottin, Spanish soprano, was giving a concert in the Iris Theatre, when the building commenced to rock. Terror struck the spectators started for the exits. The orchestra sang on, availing a stampede.

Injured at Basketball.

Goldsboro, Feb. 10.—(AP)—Suffering from a two-inch fracture of the left temple received when he tripped over an opponent in basketball game here, Leland Hare, Goldsboro shoe salesman, was said today to be on the road to recovery.

Young Hare, while dribbling the ball in a community game, fell head first over an opponent, his head striking the court floor.

WANTS TO TRAIN WITH
FIFTY-THREE PLAYERS

New York, Feb. 10.—(AP)—The New York Yankees will go into training at St. Petersburg, Florida, with a squad of 33 players. Secretary Ed G. Barrow, announced today. All with the exception of four players have signed contracts for 1928, Barrow said. The contingent consists of fourteen pitchers, five catchers, nine infielders and seven outfielders.

STAR TENNIS PLAYERS TO MEET TONIGHT

Chicago, Feb. 10.—(AP)—Four of the leading ten "Amers" American best tennis players will convene a two-day convention of the national lawn tennis association tonight with a renewal of Davis cup rivalry.

William T. Tilden, whose long supremacy was broken last year by the French invasion, grants another chance to George M. Lott, Chicago youngster, now a student at Michigan state. John Hennessey, Indianapolis youth, tackles another eastern veteran, Francis T. Hunter, in a singles match. The two western youths than take on Tilden and Hunter, who hold the national doubles title.

Unless Tilden takes another fling at the N. L. T. A. decision to play in the American zone Davis cup competition, the two-day program of the meeting, the first ever held west of the Alleghenies in the 47 years of its existence, will follow a course already planned.

Approval of the national rankings and selection of national officers, are on the docket for Saturday afternoon. Officers of the western association were slated for election today.

McMullin Again On Stand in Oil Case at Capital

Washington, Feb. 10.—(AP)—Defense efforts to identify the finger prints of William J. McMullin, the government's star witness in the criminal contempt proceedings against Harry F. Sinclair, William J. Burns and their associates, were defeated today when Justice Suddens sustained the government's objections.

McMullin testified he had prepared false reports and a false affidavit at the direction of Burns officials which was intended to show the prosecution had improperly gained contact with a juror in the Fall-Sinclair trial. McMullin has admitted that he is a former convict and had used a friend's name in securing employment with the Burns agency.

William V. Long, whose name McMullin used was called to the stand and said he would not believe McMullin on his oath.

WESTERN ATHLETES TO
GET ON INDOOR TRACK

Chicago, Feb. 10.—(AP)—Middle western athletes will make their first great effort to establish themselves as Olympic timber in the annual indoor track meet of the Illinois athletic club tonight, on the cinder track of the Chicago Riding Club. Three of the best in the west hope to catch Dr. Otto Pelzer, world's holder for the half mile run, in the feature number of the 19 events—the 1,000 metre race.

One of Dr. Pelzer's elbowed him out of victory in their race at New York last week. As a retort, Dr. Pelzer says no one will get near enough to him tonight to get elbowed.

MISS LEWIS ALWAYS REACHES THE HEART

There is a gentleness about Mary Lewis, soprano of the Metropolitan Opera Company, that never fails to get over the footlights and to the hearts of her audience. Mary Lewis is always Mary Lewis, there are no frills about her, no affectations and she will talk as frankly about her days of early struggle as she will about the culmination of her dreams. It is probably this quality of sincerity, of downright honesty which is responsible for a great deal of the prima donna's charm and personality.

"Why try to be something you aren't?" Miss Lewis replied when the above was voiced to her. "I am an American, a Texan and a woman, and if I tried to be anything else, it would not be me and anything that was not I would surely get across to my audience. Life is too short to try to be something you're not."

Miss Lewis sings here on Feb. 23 at East Carolina Teachers College and if Greenville is like the other cities where she appears there will be a complete sell out in this city.

MISS KNOTT TO DIRECT JUNIOR CLASS PLAY

Miss Gertrude Knott, a representative from the University of North Carolina Bureau of Community Drama, will have the direction and management of the Junior class play, which will be presented on two successive evenings, March 1 and 2. She made a visit to the college this week for the purpose of perfecting the plans for the production. For some time she and the class have been working on the selection of the plays and getting ready to begin work. While here, she selected the casts and mapped out the plans for costumes, stage scenery, lighting and other things.

She left yesterday morning to return soon to give her entire time until after the performances, working intensively on the productions.

There will be three one-act plays instead of one long play. These are "The Beau of Bath," "The Glory of the Morning" and "The Figure-Head."

The old auditorium will be used for some of the stage equipment and lighting. There will be two evening performances so as to give room for both the college people and the public.

Miss Knott's recent triumph as producer of "The Blue Bird" make her too well known in Greenville to need an introduction.

MRS. MOYE ENTERTAINS ROUND TABLE CLUB

Mrs. J. R. Moye was hostess of the Round Table Club on Tuesday afternoon. We always look forward with pleasure to Mrs. Moye's hospitality, and as usual, this was

indeed very much enjoyed. The beautiful decorations reminded one that St. Valentine's was not far distant.

Miss Daniels, Mrs. Simpkins, 1/2, Minnie Sugg and Mrs. Guley, as guests, were greatly enjoyed.

Mrs. W. C. Vincent, president, called the meeting to order and dispatched the business of the hour with dexterity. The program committee then took charge and Mrs. J. E. Nobles announced the subject: "English Folklore."

In the absence of Mrs. Lawrence Carr, Miss Daniels, English teacher of the high school faculty, gave this, and well did she portray it. After relating the gist of the theme she expressed it most beautifully by relating the oldest epic, Geonwulf came to be ruler of Denmark which was equal to that of forty men. He delivered the Danish kingdom from terrible monsters and after many years received his death wounds.

We listened with abated breath while Miss Daniels narrated these series of adventures.

Mrs. Moye served a tempting salad course assisted by her daughters, Miss Jessie Moye and Mrs. E. S. Williams.

Miss Langley Wins Diamond

Miss Ella Langley won the diamond ring given away yesterday by "Dollar Day" local jewelers. Her number was 322.

The contest was one of the features put on by stores of the city in connection with Dollar Day, semi-annual trade event, and attracted more than general interest of hundreds of shoppers.

Although the contest closed late yesterday afternoon, Miss Langley did not learn of her good fortune until this morning about 11 o'clock.

"ROMANCE ROAD" IS GOOD MUSICAL COMEDY

One of the important bookings at White's Theatre is the Vanalse Production of the musical comedy "Romance Road," which will be presented on Wednesday, Feb. 15.

This production is highly recommended and is considered to be a most tuneful and melodious musical attraction. A glorified company musical comedy favorite, includes Marion June, Ann Hordon, Mary Roth, Charles Patterson, Bunny Striker, Estrell Le Roy, Helen Guss, Bill Carpenter, the Four Charmers and others, making it one of the most enjoyable and entertaining events of the season. It is an excellent attraction and those seeing it will be more than pleased. It has been playing to big business and should repeat its success here. It is advisable to make your seat reservations early.

FREE Summer Vacation Tours FREE

HERE IS OUR OFFER

To every person who receives the required number of points for the respective vacation tours as described elsewhere in this advertisement, we will give the said tour with all expenses paid from Greenville (or the railroad station nearest the home of the winners of the trip, if preferred) and return.

HOW TO GET THE NECESSARY POINTS

The points for which these tours will be given are obtained by securing subscriptions to The Daily Reflector. The number of points necessary is not large in comparison to the value of the tours and it should require only a small amount of your spare time during the next few weeks to assure yourself of one of these delightful tours this summer without cost to you, or if you are very ambitious, it is possible for you to get two or even all three trips as the dates have been arranged so as not to conflict.

To sell The Daily Reflector to your friends will not be a hard task and you will find that you will have very little if any difficulty in securing enough points for the trip you chose from those offered. Regardless of the number who enroll in our club there will be trips for all who get the required number of points, therefore you can go about your soliciting with a fixed goal in view, rather than in competition for honors as is the case with the average newspaper subscription campaign. You have but to sell enough subscriptions to get the number of points designated for the trip, and you get the trip.

To secure enough points to get one of the trips should be an easy task, but for any reason, you should fail to obtain the required number we will pay you a liberal commission on all subscriptions you secure. Under this plan you will be compensated for your efforts. You Cannot Lose.

ACT NOW

Make up your mind now that you will enjoy your summer vacation at our expense and send in the enrollment coupon to The Reflector Vacation Tours Club Manager, at once.

DATES OF CAMPAIGN

The Vacation Tours Club offer officially opens Tuesday, February 14th, so do not delay in sending in your enrollment blank for the sooner you begin work the easier it will be to obtain the required number of points. The campaign officially closes Tuesday, May 15th and all subscriptions must be turned in by 6 o'clock p. m., of that date. In case of bad weather or other unforeseen circumstances that would hinder the club members in procuring their required number of points the Campaign management reserves the right to extend the closing date not to exceed 15 days. Such an extension will not be made, however, unless deemed absolutely necessary, as the reservations for the tours must be made as early as possible to insure the best of accommodations.

Read the Rules and Enroll Now

These tours conducted under the management of Williams Tours, Inc., of Charlotte, N. C. The Williams Agency is well known throughout the two Carolinas, Georgia and Virginia, and its tours are highly recommended by those who have travelled under its direction.

WHO MAY ENTER

The Reflector Summer Vacation Tours Club is open to all white persons above the age of 15 years who reside in Pitt or the surrounding counties of Eastern North Carolina. There is no charge whatever to enroll in the club and all who enroll are assured compensation for the time they devote to the campaign.

HOW THE POINTS COUNT

Subscription	Price	Points Renewals	Points New Subscriptions
Two Years	\$10.00	10	12
One Year	5.00	5	5
Six Months	2.50	2	3

No subscription taken in this campaign for a period of more than two years, nor less than six months. You will note that more points are gained from new subscriptions than from renewals, and the more new subscriptions you secure, the fewer persons you will have to sell to get the desired number of points. We have included the renewals in this campaign however, to make your work easier, by giving you the opportunity to resell to those who are already regular readers of The Reflector. Subscriptions paid direct to our office will not be credited in this campaign unless so requested at time of payment. Points once credited to a member of the club are not transferable to another.

In brief, the rules of the entire campaign are very simple.

This is not a contest of one entrant against another. All you have to do is enroll now, get the necessary receipt books, get busy and sell enough new subscriptions and renewals to get the desired number of points and your task is finished.

All subscriptions must be turned in to the campaign manager at least once each week in order that there may be no delay in getting the paper started to new subscribers or giving proper credit to old subscribers.

Booklets and literature giving full details of the tours can be had upon application to the Vacation Tours Manager. Other desired information gladly furnished.

ENROLL NOW

Fill out and mail or bring in this enrollment coupon at once.

The Daily Reflector,
Vacation Tours Manager,
Greenville, N. C.

Dear Sir:

I have read all the foregoing rules of your Summer Vacation Tours offer and desire to enroll as a member of the club. You will please forward me subscription blanks, together with such information as you deem necessary regarding the campaign.

Killer To Die

GEORGE J. HASSELL

Buntville, Tex. (AP)—Thirteen murders, six marriages, enlistments in army and navy and a prison term for desertion were crowded into a 20-year period by George J. Hassell. On the morning of February 10, the death penalty for which Hassell himself asked will end his strange career.

Hassell killed his sixth wife—the widow of his brother—and her nine children in 1926. After conviction Hassell told a life story that revealed three more killings.

Married at the age of 18, separated from his wife and infant son, Hassell joined the army, deserted to join the navy and then rejoined the army. After serving two years for desertion, he wandered for years and was married five times.

Hassell drew charts that revealed where he had buried the bodies of a woman and two children under a house in Whittier, Cal. It was after these killings that he married the widow of his brother. The tenfold tragedy occurred at Farwell, Texas. Hassell never gave any reason for the slayings.

Land Sale

By virtue of the power of sale contained in that certain mortgage deed executed and delivered by Blaney Harper and wife, Mary Harper, to Mary E. Jones, on the 27th day of November, 1923, which mortgage appears of record in the office of the Register of Deeds of Pitt County in Book W-14, page 138, the undersigned will sell for cash at public auction before the court house in Greenville on Thursday, February 2nd, 1928, the three-sevenths interest in that tract of land, described as follows, to-wit:

Lying and being in Chicod township, known as the old Chas. Harper tract, being the tract whereon Blaney Harper and wife now reside, containing 70 acres, more or less.

Said land is sold to satisfy said mortgage.

This January 2nd, 1928.

Durant Dealer Drove 72 Hours For Dinner

Taking no chances with the trains, but wanting to make sure that he would be in New York in time for the show and the Big Durant Banquet of January 12th at the Roosevelt, Mr. J. C. Gallegos, veteran Star Dealer and his three sons, covered the 2,500 miles from Santa Fe, N. Mexico to New York in 72 hours steady driving. Mr. Gallegos in talking with Walter Harrington of Harrington-Lang, Inc., this city, gave a most interesting account of his trip. Leaving Santa Fe at 7:24 a. m., on Saturday, January 7th, Mr. Gallegos and his three sons took turns in sleeping in the rear of the Durant built car, again demonstrating the easy riding qualities of this unusual six. Upon their arrival in New York at 10:24 Tuesday night, Mr. Gallegos said they were not at all tired and was disappointed that it was necessary to wait until Wednesday to attend the Show.

The motor performed perfectly, no tire trouble was experienced, the original water was still high in the radiator and the gasoline consumption was at an average of 23 1-2 miles per gallon all of which shows the advantage of balanced construction as found in all Durant built cars.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by Mattie M. Hearne (unmarried), on the 22nd day of December, 1925, and recorded in book 1215, page 490, we will on Saturday, the 10th day of March, 1928,

map of survey of said land of record in the office of the Register of Deeds of Pitt County in Map Book No. 2 at page 101, and being lot "1-A" in the division of the Blaney Joyner farm.

This sale is made by reason of the failure of Mattie M. Hearne, (unmarried), to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham.

This the 31st day of January, 1928.

Blackheads

Most stubborn cases of blackheads, pimples and blotches yield to Rowles' Mentho Sulphur. It's the magical combination—sulphur for killing the germs and clearing the skin, menthol for healing the sore and broken tissues. Clears up skin eruptions—even burning eczema—amazingly quick. Leaves the skin healthfully white and smooth. Prove it on your own skin. Rowles' Mentho Sulphur is inexpensive and all druggists supply it in jars ready to use. Be sure it's Rowles.

Market Report

Cotton--Stocks--Grain

NEW YORK COTTON

New York, Feb. 10.—(AP)—The cotton market showed continued steadiness today on moderate trade demand and covering promoted by the reported absence of selling pressure in the south and failure of weather reports to show any general or adequate rains in West Texas.

Prices made new high ground for the movement, May and July contracts selling about 18 cents or about a cent above the recent low level. The mid-afternoon market was 17 to 19 points net higher.

Futures closed steady, 21 to 27 points higher. Spot steady; middling, 18.45.

GRAIN MARKET.

Chicago, Feb. 10.—(AP)—Corn prices took a downward swing today, influenced to some degree by easier export basis at the Gulf of Mexico. Moreover, corn export demand today at the Atlantic Seaboard was of only small proportions.

Corn closed unsettled, 5-8 to 1-1-4 cent net lower, wheat 1-2 to 3-4-8c down, oats 1-4 to 3-8c off and provisions at 2c to 12c decline.

STOCK MARKET.

New York, Feb. 10.—(AP)—Price movements in today's stock market were rather indecisive but the general trend appeared to be downward.

Speculative uneasiness over the establishment of a new high record in the volume of brokers' loans appeared to be the chief selling influence, although week-end profit-taking also was a factor.

Trading showed a marked falling off in volume.

The increase of 303,073 tons in the January unfilled orders of the United States steel corporation, bringing the total to 4,275,947 tons, the largest since March, 1926, was about in line with Wall Street expectations.

Steel common failed to make much response to the announcement, although it was well supported around the 145 level.

Rubbers and oils were under heavy selling pressure as a result of unfavorable trade news. Houston, General Asphalt, Common and preferred, United States Rubber first preferred and Goodrich all sold down 3 to nearly 5 points.

Dupont and American Railway Express broke five points each. Coal and coal carrying railroad shares also showed a tendency to weakness, presumably in reflection of the unseasonably warm winter.

Bullish operations continued, however, in a few stocks. American Smelting was run up more than 10 points to 380 1-4 and Vick Chemical climbed nearly four points to 107 3-4.

Closed steady. Sales approximately 2,100,000 shares.

HERE'S WHAT CONGRESS IS DOING TODAY

Many Issues Considered by House and Senate in Very Busy Session.

Friday:

House votes on army appropriations bill and prepares to consider the treasury-postoffice supply measure.

Senate continues debate on La Follette anti-third term resolution. As its commerce committee resumes flood control hearings, Interstate Commerce committee considers the Johnston resolution for an inquiry into the soft coal strike regions, and judiciary committee holds hearings on the Shipstead anti-injunction bill.

Eleven House committees consider many topics, including naval building program, radio and farm relief.

Thursday:

Senate adopted 68 to 1 resolution requesting the Interstate Commerce Commission report on its methods in determining the regulations after severe condemnation of the commission's practices in allowing differential rates to various sections.

La Follette anti-third term resolution debated, vote deferred.

House bill passed by Senate to authorize War Department to loan supplies to Arkansas for use during forthcoming Confederate reunion at Little Rock.

Agreement reached in Senate to begin consideration Monday of the Walsh resolution proposing investigation of public utilities financing. Senate passed bill fixing 32,000 acres as minimum area of the Shenandoah National Park in Virginia.

La Follette of Wisconsin, asked Senate Banking committee to study his resolution asking Federal Reserve Board to restrict member bank loans on stocks and securities. It voted to hold extensive hearings.

Interstate Commerce committee concluded hearings on Senator Hawes' bill to regulate interstate shipment of convict-made goods. Judiciary committee continued hearings on Senator Shipstead's bill to restrict federal court issuance of injunctions in labor disputes.

Charges of a radio trust were heard by Senate Patents committee in considering bill to cancel patents owned by the convicted under anti-trust laws. Teapot Dome committee, composed John D. Rockefeller, Jr., and others for re-opening Saturday of inquiry into Continental Trading Company's profits.

Senate Commerce committee heard Secretary Davis of War Department support administration's flood control program.

House Democrats lost 73 to 71 in attempt to amend army appropriation bill to prevent sending troops abroad with Congressional assent and with some Republicans helping won 140 to 40 an effort to add \$5,000,000 to the \$50,000,000 rivers and harbors appropriation.

Chairman White of House Merchant Marine committee offered bill to facilitate private operation of government ships, in opposition to Jones government operation bill in Senate.

Consolidated of Texas, on House floor assailed cotton exchanges in supporting bill to regulate trading in futures.

House elections committee voted to seat Rep. Beck of Pennsylvania, whose right was questioned.

House Judiciary committee defeated resolutions calling on Attorney General Sargent to report on any trust in fertilizer industry and on Secretary Mellon to reveal number employees in prohibition bureau.

He stressed the necessity of paying the debt to society, and urged more careful consideration of the spiritual side of life. He called attention to the lives of Joseph, Daniel, Jonathan and David and their spirituality. He said Lindbergh is a splendid modern example of a clean life.

BILLY SUNDAY SCORES AGAIN

Noted Evangelist Meeting With Great Success in St. Louis Meeting.

Members of the local committee of the "Billy" Sunday campaign, which is scheduled to open in this city sometime during the month of April, received intelligence today that the campaign of the noted evangelist was meeting with great success in the city of St. Louis, Missouri.

Over twenty-five thousand people entered the big tabernacle during the past three days and numbers were converted," the statement said.

Arrangements for the campaign are rapidly taking shape, and it is expected every feature of the series of services will have been fully completed by the time of Mr. Sunday's arrival.

Members of the local committee anticipate the largest crowds of any series of revival services ever before conducted in this city, and with this end in view preparations for entertainment of the crowds will be upon a most elaborate scale. This is the first time any town in this immediate section of the state has had the privilege of hearing this great exponent of the Bible, and his coming is anticipated with more than general interest in virtually all sections of Eastern North Carolina.

Success of the St. Louis meeting is only one of the hundreds of successes enjoyed by the distinguished evangelist during his long career in the evangelistic field, but it goes to show that his appeal to the masses is as strong and compelling as it has ever been.

Hayworth Improves.

High Point, Feb. 10.—(AP)—Al thought the condition of C. E. Hayworth, one of High Point's most respected business men, was reported to be slightly improved this morning, he remained in a very serious condition and physicians hold out little hope for his recovery.

LINDBERGH TO RECEIVE HIGH HONOR IN CUBA

President Machado to Bestow Honor of Grand Cross Upon American Flyer.

Havana, Feb. 10.—(AP)—Colonel Charles A. Lindbergh tonight will receive the highest honor of the Cuban government.

The grand cross of the Order of Carlos Manuel de Cespedes will be conferred upon the flyer by President Machado at the end of presidential banquet to Lindbergh in the National theater.

Women outnumbered men by at least four to one at a reception at the American embassy attended by thousands of Americans and residents of Havana. Lindbergh only rarely broke his rule by shaking hands.

"I don't blame you for shaking hands," one admirer exclaimed, "but I'd give my right hand for a kiss."

"Oh if I could only kiss you," one white-haired woman pleaded.

The flag of the officers club at Columbia was given Lindbergh when the flyer was eulogized by secretary of war Lluallade of Cuba at a luncheon there.

"I will keep the flag as a memorial of my visit to Cuba," Lindbergh said. "It is not necessary to me to carry anything to remember this visit, which is a most pleasant one."

Worked in flowers the flags of the United States and Cuba were spread before the aviator on the luncheon table. The hall was decorated with the flags of the 21 countries now represented at the pan-American conference.

Lindbergh this morning entered upon a program of official receptions scheduled to consume the entire day.

In his honor the Province of Havana had a gold medal cast commemorating his trans-Atlantic flight. An outline of the Atlantic Coast lines of America and Europe with small arrows tracing his route from New York to Paris was engraved upon one side. On the reverse was the inscription in Spanish:

Donated by the province of Havana to Charles A. Lindbergh for people service to the science of aviation.

Government officials and diplomats were invited to the presentation of the medal at the Cuban state department.

A pavilion roofed with gaily striped canvas surmounted by spars and flags from which flew the colors of all the republics of the Americas was erected in Havana's Central Park. In front of the pavilion stands the statue of Jose Marti, the father of Cuban freedom. Among the flower beds,

SMITH TO GET NEW ELECTION

Outsted Member of U. S. Senate Resigns And is Re-appointed By Gov. Small.

Springfield, Ill., Feb. 10.—(AP)—Frank L. Smith, of Dwight, Ill., was United States senator-designate today, a title under which expects to be admitted to the senate chambers from which he was recently barred.

The former chairman of the Illinois commerce commission handed his resignation as United States senator-elect to Governor Len Small last night, and immediately was appointed by the governor to fill the vacancy.

At the same time Governor Small called a special primary, and a special general election to allow voters of Illinois to elect Smith again, if they so choose to do.

Both special elections will be held on the same day as the regular primary in April and the general election in November.

The senate refused to seat the former Illinois official because of his acceptance of campaign funds from Samuel Insull, public utility magnate, and others.

Mr. Smith issued a lengthy statement when he resigned. In part it said:

"When a majority of the senate pretended to veto the choice of the people, in electing a senator, that majority also pretended to declare a vacancy in the representation of Illinois in the senate. It is considered opinion of the chief law officer of Illinois, the attorney general, that the attempt to declare such vacancy was an usurpation of power which the senate does not possess, and was therefore void."

"It is also the opinion of the chief executive, the governor of Illinois, a vacancy exists in the representation of Illinois which he can fill in any legal way."

"In fairness, therefore, to the people who have honored me, I have determined to create such a vacancy by what I am advised is the only legal way it can be done for six years, without the intervention of providence, which is to resign my commission as senator."

Kiwanis Club Meets Tonight

The regular twice-a-month meeting of the Greenville Kiwanis club will be held at the Rotary home tonight at 8:30 o'clock.

The program for the evening will be in charge of Martin Wright.

The session will be featured by the initiation of new members.

Attendance percentage of the club for the month of January was today given as 80. It is the desire of officials to make an improvement during the present month and this matter likely will be brought before the membership at tonight's session.

GERMAN FLYING WOMAN GETS MANY OFFERS

Hamburg, Germany, Feb. 10.—(AP)—Theda Rasche, Germany's flying fraulein arrived from the United States today on the Albert Ballin and found herself overwhelmed with offers.

These varied all the way from a far eastern expedition and a trans-Atlantic flight to an international cross country tour of America, with American, German, French, British and other stars.

JURY DECLARES HICKMAN SANE AND ACCOUNTABLE TO THE LAW FOR MURDER

ence were carried out. He discussed the request in a humorous vein and said he would consult his attorney about it.

According to the provisions of the new statute, the jury did not pass on the question of Hickman's guilt, nor the facts concerning the commission of the crime. Its sole duty was to declare him sane or insane.

Hickman's plea of "not guilty by reason of insanity" was a legal admission that he committed the offenses charged.

That while that tribunal had not

passed on an appeal involving sanity of criminals under the new California law, Hickman's lease on life, if he was sentenced to death, would be four months at least.

Should his attorneys perfect an appeal to the United States Supreme court after having exhausted all efforts in the state Supreme court, Hickman would be certain of life for six months longer, it was said at the state court.

Under the new law the case must be placed on the California Supreme court calendar "30 days after receipt of the transcript." It was believed the transcript would be ready within 30 days after the passing of sentence.

Just when the state supreme court would reach Hickman's case after it has been placed on the calendar could not be determined, but it was believed by court attaches that it would be reached within 40 days.

cate: by buying of us. When the St. Lawrence canal goes through both nations will be better off. Friendship, co-operation, constructive competition should be the programme.

A British film, telling the story of nurse Cavell, shot as a spy by the Germans, shows the nurse refusing to have her eyes bound, erect, eight men aiming at her. One soldier refuses to fire and is shot dead, in the picture.

A German official report, contradicting the film story, says the nurse was brought out with her eyes bound, and fell in a faint, "whereupon an officer, kneeling to aim, shot her." That makes it a little worse than the British film

makes it. An unfortunate "official denial."

The senate will pass some kind of anti-third-term bill, making two terms the law, instead of a tradition. It should be two elected terms. A man elected once should have a second term in mind. No matter how good he is, that makes him a better president.

Gratitude is a sense of favors to come.

Senator Borah advocates only one term, a mistake.

It takes a president one term to get over the excitement of being president and get down to real work.

Two terms by election of the people would be a good rule.

Great Britain will erect a monument to the late Field Marshal Haig and coming generations will wonder why it was erected.

They will wonder also why the

greatest war in history did not develop one great general, one man with enough genius to carry a conquering force across a line of ditches and barbed wire. Flying machines will do the job in the next war—carrying explosives and poison gas 1,000 miles beyond any trench. No trenches in the air.

Standard Oil bought Russian oil, selling it in India and elsewhere. Britain's Shell Company roared and protested, then threatened cut-throat competition.

Now Standard Oil plans business on a big scale in the British island. If that happens the British company will probably learn new things about competition. The fight will help all that use gasoline in Great Britain and stimulate shipment of American cars to British buyers.

Providence works mysteriously and well.
