

HALF DOZEN TEAMS CHOSEN AS WINNERS

Atlanta, Ga., Feb. 23.—(AP)—Those who attempt the picking of winners in basketball tournaments today were dividing their opinions as to strength between no less than a half dozen of the 16 entries for the southern conference affair which starts here tomorrow.

While these six were gaining ground as favorites as tournament time neared all others were conceding a chance of breaking down predictions as none have gone through the season without taking falls along with the victories.

Auburn, North Carolina, University of Mississippi, Mississippi A. & M., Virginia Poly and Kentucky were the ones indicated by many observers as having a slight edge but the fact that Alabama, Virginia Military Institute, Washington and Lee, Virginia, South Carolina, and Louisiana state have been showing considerable power except for occasionally erratic streaks lent air of probability to the tourney.

The Plainsmen of Auburn, having lost one game, appear in excellent condition for the tournament. Last year Auburn showed considerable power but its stability has been noteworthy all this season as worthy foes have been downed in quick order.

North Carolina as usual brings a real threat to the scene, the Tar Heels always being high in the running and in a majority of cases having won top honors.

Ole Miss is the only team that has defeated Auburn while Mississippi A. & M. in games with its Oxford neighbors has found no great difference in the strength of the two.

The games tomorrow start at 1 p. m. with Alabama and Virginia the first on the floor. Eight games will be run off tomorrow, four Saturday, two Monday and the finals Tuesday.

Fights Last Night

New York.—Mickey Walker, middleweight champion, defeated Jack Willis, Texas, (10). "Midget" Mike O'Dowd, Columbus, Ohio, won by a technical knockout over Bobby Herman, Los Angeles (4).

Paris.—Merce Souquillon, French light heavyweight champion, knocked out Blackie Miller, Australian champion, (3).

Cincinnati.—Happy Atherton, Indianapolis, and Louis Carpenter, Toledo, drew (10).

Culver City, Calif.—Vincent Dundee, Baltimore, won from Bobby LeSalle, Culver City, (10).

Japan Depends Upon Group of New Players

New York, Feb. 23.—(AP)—Japan, in the forefront of international tennis for the past decade with such notables as Ichiji Kumagae, Zensu sumisu and Facedin Harada leading its teams, will be dependent to a great extent upon a new group of players in its forthcoming Davis Cup engagements.

Although Harada has been named captain of this year's cup team which plays in the American zone, there is some doubt whether he will be available. In such an event the burden of the Japanese team's play in America would fall on the shoulders of Yoshiro Ohta, Teizo Teba, Timio Abe and possible Tsumi Tawara.

Ohta, Tawara and Teba played with Harada in the Japanese team's matches here last year and acquitted themselves creditably.

Miscellaneous Holiday Sports

(By the Associated Press)

New York.—The Rev. Harold C. Cutbill, of the Boston A. A., making his first competitive start in more than five years in an attempt at a track comeback, finished third in the 300 metres run, feature of the Masocic games. The event was won by Pincus Sober, who was five yards ahead of Ed Swinburne. The winning time was 1:37 1-5. Cutbill was clocked in 2:00 2-5.

New York.—Three Y. M. C. A. track records were broken at the National Y. M. C. A. meet in Brooklyn, Dan D'Auria of Brooklyn Central "Y," established two new marks sprinting 100 yards in 10 4-5 seconds and 220 yards in 24 seconds. His team mate, H. Hammett, set a new record in the 440 yard run with a time of 54 1-5 seconds. Brooklyn won the meet with 47 points with Cincinnati Central second with 26.

Boston.—Clarence Cecil Pell, of the New York Racquet and Tennis Club, retained his American racquet title by vanquishing C. M. Bruce, of England, in the final match of the national singles championship, 15-8, 15-11, 15-13.

Boston.—Walter Spencer, of the Brooklyn Central "Y," established a new world's record for the 150 yard medley swim with a time of 1:41 1-5 against a former mark of 1:43 4-5.

New York.—George Colac, of the New York Boys' Club, set a new world mark for the 150 yard back stroke, swimming the distance in 1:29 4-5, against a previous standard of 1:41 2-5.

Lightweights On Tonight.

Chicago, Feb. 23.—(AP)—Sammy Mandell, world's lightweight boxing champion, will risk his prestige but not his title in a ten round bout with Jackie Fields of California, at the Coliseum tonight. Both men will be over the lightweight poundage.

RACER HURT IN CAR WRECK

Duncan Beach, Fla., Feb. 23.—(AP)—Because he let his standards of sportsmanlike outweight his better judgment Frank Lockhart, youthful racing driver, must temporarily dismiss his current dream of driving a powerful automobile at a greater speed than has ever yet been attained.

His tiny Stutz Blackhawk special was smashed beyond all hope of immediate repair when it catapulted from the beach into the ocean here yesterday afternoon at the rate of 225 miles per hour, and Lockhart is recovering from severe shock and minor injuries at a local hospital while friends and spectators wonder how he ever emerged from the crash alive.

The roar of the crowd for action that gave fortune a chance to frown and smile in turn on the young Indianapolis pilot. Despite a wet beach and poor visibility brought on by low hanging clouds he responded to the loud urging of the throng and went out to threaten the record of 205.9 miles an hour which Captain Malcolm Campbell, of London, had established Sunday.

Lockhart's chances for a new mark went glimmering when his car served beyond control and turned a complete somersault to right itself in the seat but the thousands who lined the beach, galvanized by a fear at the machine's wild careening, today described the pilot's escape from death as nothing short of a miracle.

Chisels and blow torches were necessary to extract Lockhart from the pilot's seat where he had been pinned in the crumpled machine. Breakers swept high over his head while he was in this defenseless position, semi-conscious, adding downing to his other dangers until the \$70,000 speed creation could be towed ashore.

Ty Cobb May Yet Sign With The Athletics

Philadelphia, Feb. 23.—(AP)—Connie Mack at Fort Myers, Fla., has received a long letter from Ty Cobb. The Athletics manager said he "would not be surprised" if the Georgian was with the team again this year. "It is possible he may fool me and sign elsewhere," Mack said, "but I really think he is going to be with us again. I don't care how many games he plays, just so he is on the team. I'm sure Ty wants to play ball another season." Sammy Hale, third baseman, is proving the most pronounced hold-out the Athletics have had in years. Mack said that Hale had not signed and that he would either play for the salary offered or remain in the Texas panhandle among his oil wells.

TODAY

(Continued from Page One)
national independence, vital interests, and national honor.
Big nations will not agree to such arbitration. Japan herself would not abide by such an arrangement.

That seems natural, but it would not seem natural if a man said, "I will agree not to commit murder unless my vital interests, independence or honor are affected."
The individual is more nearly civilized than the nation.

Congress lets mothers and widows of soldiers buried in France

visit the grave of their dead at government expense. That is just, but those that prefer it should be allowed, instead, to visit the country for which the man died.

It is suggested also that the mournful visitors be taken abroad by the Red Cross. That suggestion is foolish. The Red Cross doesn't know anything about conducting European trips economically and comfortably. Established travel agencies could do that to the satisfaction of the travelers. There is no good reason why a collection of Red Cross employees should be sent on a junket at the national expense.
Claude Hopkins, who has writ-

ten and "placed" many billion dollars in advertising, says the daily newspaper is the best advertising medium. It is of course, because "repetition is reputation," and the newspaper alone makes daily repetition possible.

"Kellogg chats with Sweden." Our Secretary of State, over wires and through the ether, talks across the ocean with the Crown Prince of Sweden in Stockholm. And the newspapers give it three lines. We digest miracles easily.

UNEASY SLEEP

"Nerves Were All to Pieces," Says Lady Who Tells How Cardui Helped Her When She Was Run-Down.

Hopkins, S. C.—Mrs. G. W. Arrants, of this place, says:

"I was suffering from spells of weakness. These would come on me suddenly and I would have to give up and go to bed. For several months I did not sleep well at night and got no rest from sleep. I was very nervous. I could not bear the least noise. The children worried me. My nerves were all to pieces.

"I had taken Cardui several times before, so I sent at once for some and began to take it again. At the end of a short time I felt much better, so I kept right on taking Cardui. When I would feel a nervous spell coming on, I took it more frequently for a few days.

"I can certainly say Cardui helped me wonderfully, for after a time the nervousness disappeared entirely. I could sleep at night and my general health was better. My appetite picked up and I enjoyed my meals, too."

Thousands of other women have told of the benefit they have received from the use of Cardui. Keep it on hand, to take when needed.

A medicine of long-established merit; mild, harmless.

Contentment by the pipe-load

EVERY load of P. A. in your pipe is a load of sunshine in your smoke-system. Why do you suppose more Prince Albert is smoked than any other brand? I'll tell you. When you open a tidy red tin and set free that P. A. aroma, you're on your way.

When you taste that first, wonderful pull on your pipe, you've arrived. Cool as the keel of a river-boat. Refreshing as a breeze on the top deck. Mellow and mild and long-burning, with a body that puts satisfaction right over the plate every time.

Take the nearest path to pipe-joy. Go get yourself a tidy red tin of good old P. A. That's all there is to this business of finding the right combination to contentment. You'll say so after that first fragrant pipe-load of this delightful tobacco.

PRINCE ALBERT

—the national joy smoke!

This tin contains TWO full ounces of top-notch smoke-joy.

LINDY PLANS TO GET DOWN TO BUSINESS

American Flyer to Confer With Busi-About Future Activities.

Detroit, Feb. 23.—(AP)—An answer to the ever present question of what Col. Lindbergh proposes to do next, may hinge on a conference today between the trans-Atlantic flyer, business men and Major Thomas G. Lanphier of Selfridge field.

Although rumor has linked Major Lanphier, flight commander at the army base, and the flying Colonel with a reported new air transportation project, between Chicago and New York, with Detroit, Buffalo and Ithaca, N. Y., as terminals, verification was not forthcoming.

Lindbergh refused to discuss the report. Lanphier said that as he was still in the United States Army he was prevented from taking part in private enterprise. He would not intimate whether he contemplated resigning.

Lindbergh arrived unannounced at Selfridge field in a plane late yesterday, accompanied by H. M. Bixby, president of the St. Louis Chamber of Commerce, Harry K. Knight, president of the St. Louis Flying club, Frank Robertson, head of the Robertson Air Mail contracting firm, and B. F. Mahoney, president of the Ryan Air Lines.

VISITING BANKERS TOLD OF UNLIMITED POSSIBILITIES OF SECTION DURING STAY HERE

(Continued From Page 1) Evans, a former president of the North Carolina Bankers Association, but now vice president of a Cincinnati, Ohio, bank, and R. H. Wright, president of the East Carolina Teachers college, who extended the guests a most cordial welcome.

Mr. Flanagan told the bankers of some of the outstanding developments in North Carolina during the late few years. He called their attention to the veritable network of good roads linking together the various county seats of the State, and the beautiful consolidated school buildings to be found along this great chain of good roads.

"The finances of North Carolina is in sound condition," he declared, "and reflect in a most forceful way the great progress which the commonwealth is making. He enumerated the advantages derived from the ideal health conditions prevailing in virtually all sections and declared that this was so pronounced that man's greatest enemy—the fly—no longer found it worth his while to continue hibernating in this vicinity."

Mr. Harvey spoke in a most happy vein of the resources and possibilities of the Eastern Section of North Carolina, and declared the section offered unlimited opportunities to the investor. He said the Bible reference to the Garden of Eden certainly applied to the fertile areas of Eastern Carolina and that the writer must have had the locality in mind when he wrote the lines familiar to every Bible scholar of the world. He extended a cordial welcome to the bankers and urged them to come to Eastern Carolina again, resting assured that the same

spirit of hospitality would be accorded them on every hand. Mr. Evans once a former North Carolinian, delivered a talk flashing with humor and serious, solid thought. He said he felt unusually close to North Carolina by reason of former association. He still had relatives living in this part of the state, and this fact always kept thoughts of the district fresh in memory. He praised the development in evidence upon every hand, and declared that the future held forth wonderful opportunities for continued progress.

The three hundred or more guests at the banquet were delighted by an almost continuous musical program by members of the Greenville high school orchestra under direction of Mr. Roberson, instructor. One of the crowning features of this part of the program were two vocal numbers by Mrs. Herbert Waldrop, wife of the newly elected chairman of district bankers. Known throughout the state as the "American Legion soprano," by reason of her brilliant singing at a state convention of the organization before marriage, Mrs. Waldrop, with two numbers gave the bankers and their guests a vivid idea of why the Legionnaires had conferred such a signal honor upon her.

As the full rich notes of the soprano's voice died away with the rendition of "Love Sends a Little Gift of Roses," the bankers came to their feet and gave a burst of applause such as is seldom accorded leading grand opera singers of the nation. Carrying an armful of roses, the singer presented one to each of the visiting bankers on her

side of the table, and this action coupled with the thrilling notes of her wonderful voice, captivated the audience from the very beginning. She responded with rendition of the "Indian Love Song," which was received almost as vociferously as the first number.

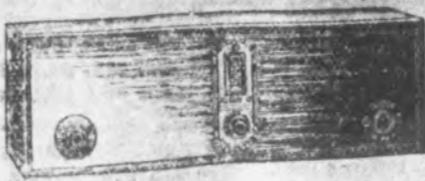

A local quartet composed of Bill Lee, Ed Williams, Mr. Story and Manly Sellers, received liberal applause in the rendition of numbers at different times during the banquet.

The banquet was served by young women of the college under direction of Mrs. Jeter. Immediately following the banquet, the guests went out to the Country Club and took part in probably one of the most brilliant dances of the season, although it was not known until the middle of the afternoon that this feature would be added to the social program.

DEPENDABLE MERCHANDISE

... don't Experiment ask SUCCESSFUL Farmers

COMPARATIVE tests made by successful farmers in this locality prove that "AA QUALITY" Fertilizers produce larger yields, better quality, and increased profits from every acre.

Read the letters printed at the right. Any of these farmers will be glad to tell you of their success with "AA QUALITY" Fertilizers. Do not let this opportunity to increase your profits slip by.

"AA QUALITY" Fertilizers produce better crops—consistently profitable crops even in the "bad" seasons. These Fertilizers provide just the right balance of the necessary plant-food elements to maintain continuous growth, even under adverse conditions.

Nothing is taken for granted in making "AA QUALITY" goods. Their formulae are based upon a thorough knowledge of the needs of each crop and each soil condition, checked by constant field tests.

Every batch of "AA QUALITY" goods is tested in our laboratory—our own tests are fully as exacting as any encountered in the field.

Over sixty years of experience and more than sixty years of successful crop production are back of every bag of these fertilizers. Perfect mechanical condition, always.

Make more money from every dollar invested in fertilizer this season by using "AA QUALITY" Fertilizers on your crops. Insist on getting "AA QUALITY" Fertilizers from your dealer.

TWO BALS OF COTTON PER ACRE... Mr. J. L. Terrell & Co., of Granberry, Northampton Co., N. C., says: "We have been using 'AA QUALITY' Fertilizer for fifteen years and it has given good results every year. We used this year 700 pounds per acre on fifteen acres and have made 20 bales of cotton. 'AA QUALITY' Guano has given us better results than any we ever used and we highly recommend it to everybody."—Dec. 12, 1927.

BETTER TOBACCO WITH "AA QUALITY" GOODS... Mr. John Webb, of Pineola, Edgecombe Co., N. C., says: "With the exception of one year, 1919, I have used your 'AA QUALITY' Fertilizers for 20 consecutive years. Each year I have grown excellent tobacco crops, except in 1919. I used another make of fertilizer that year and, even though it was a good crop season, I failed. This year I planted nine acres, using your fertilizer at the rate of 1,000 pounds per acre. I feel that I can grow better tobacco with your fertilizer than with any other make."—July 3, 1927.

FINE YIELDS FROM 100 ACRES OF TOBACCO... Mr. J. L. Terrell & Co., of Granberry, N. C., says: "I have used your 'AA QUALITY' Fertilizer and have always found it to be in fine mechanical condition, as well as producing satisfactory crops. This year I have used your goods on something over 100 acres of tobacco, and have had fine yields, with the tobacco curing up to a fine quality. I heartily recommend the use of 'AA QUALITY' Fertilizer."—Oct. 11, 1927.

LARGE YIELD AND EXCELLENT QUALITY... Mr. E. P. Wall, of Maclefield, Edgecombe Co., N. C., says: "My first experience with your 'AA QUALITY' Fertilizer was last year under tobacco. I obtained such excellent results that I used the same brand again this year. This year I used 1200 pounds per acre of your 'AA QUALITY' Fertilizer and harvested a splendid crop. I find that your goods produce not only large yields, but also excellent quality."—July 6, 1927.

SIX MONTHS IN JAIL

Harry F. Sinclair has now
learned that jury-shadowing
is not the harmless priv-
ilege his attorneys tried to
make it appear after his
agents were caught at
work. For his part as prin-
cipal, in the contempt pro-
ceedings before Justice Sid-
dons of the Supreme Court
of the District of Columbia,
he has been found guilty
and sentenced to serve six
months in jail. It is a judg-
ment that will be generally
applauded.

The trial of Fall and Sin-
clair in the Teapot Dome
conspiracy case was brought
to an abrupt close when evi-
dence was presented to the
court that Burns detectives
had been employed to spy
on members of the jury.

There was no getting away
from the facts; the proofs
were on hand. Ostensibly
the hiring of the detectives
had been done by Sinclair's
man, Day, but the trail led
higher. Day and the two
Burnses, father and son,
have also been found guilty
of contempt of court.

It was useless to deny the
whole scheme of espionage
that had been secretly set
on foot; it was impossible
to explain it away as an in-
nocent means of self-pro-
tection for the oil magnate
under trial. After a very pa-
tient hearing of all that the
defense had to say, Justice
Siddons declared that the
shadowing of the Fall-Sin-
clair was nothing less than
an obstruction of justice,
and in passing on the evi-
dence as a whole said: "It
has a most sinister aspect."
It is unreasonable to ask
how much further the spy-
ing methods might have
been carried if they had
not suddenly been inter-
rupted?

So to date the record
stands: Sinclair under a
three months' jail sentence
for contempt of the Senate;
Sinclair under a six months'
jail sentence for contempt
of court, and the trial of
Sinclair, together again with
Fall, for conspiracy in the
Teapot Dome lease only a
few weeks off. Over and
above that is the bald state-
ment of the United States
Supreme Court that the Teapot
Dome transaction was
carried through by conspir-
acy, collusion and fraud.

ABOUT TOWN

"The one great handicap under
which this great agricultural
community is laboring is a lack of
capital." F. C. Harding, prominent
attorney, told representative bank-
ers of eight states who were in the
city yesterday on the second lap of
their tour of the Eastern Section of
North Carolina.

"We need from some source more
capital to create a larger opportunity
for labor. There is no limit to the
opportunity that may be created in
these fertile fields when capital
comes from an honest source."

He told the bankers that "a spirit
of co-operation had lifted Green-
ville to its present position from the
state of being the dirty little town
on the Tar river that Washington
saw and has made the week strong
and the strong just."

Mr. Harding is one of the out-
standing orators of this part of the
state and his address created a
wholesome atmosphere for the break-
fast hour of the bankers assembled
at the Proctor hotel in the opening
social activities of the day.

Always logical and sincere in his
utterances, this representative
product of Pitt county manhood
succeeded in moulding a sentiment
of the representatives of high
finance that should have a pro-
nounced influence in the upbuilding
of the locality in the days to come.

Influence wielded in this way
always counts for good. Every sec-
tion of the country has its great
men, but certainly none have more
sincere and earnest evangelists of
moral, material and spiritual
evolution than Greenville and Pitt
county has in Ford C. Harding.

"The time-buying system and its
subsequent array of troubles is the
one great plague upon this part
of the country," Gilbert C. Stephenson,
of Raleigh, prominent banker, told
members of Group One of the North
Carolina Bankers Association who
were assembled in annual conference
in this city yesterday.

"The only real salvation of this
section," said Mr. Stephenson, must
come through putting farming on
a cash basis, and this can be accom-
plished only through years of con-
stant endeavor and whole-souled co-
operation between bankers, mer-
chants, landlords and tenants.

"Banking in this section is made
difficult and serious because in the

spring the demand for money is
great and the supply is low, while
in the harvest time the supply is
great and the demand is negligible.
Putting the section on a basis of
cash operation will create and even
spread of business activity through-
out the year, with consequent great
economic benefit accruing to the
whole population."

This talk quite naturally had its
effect among the two hundred
bankers of this group and those from
the central, middle western and
southern states who heard it. That
long term credit is one of the con-
stantly growing menaces in agri-
cultural communities has for a long
time been realized by business men.
Now that the bankers have taken
the matter under consideration one
infers that some of the dangers will
be eliminated by the advice which
they will have to offer their de-
positors in future conduct of their
affairs.

"Many arguments were put up in
behalf of opening Tar river to na-
vigation at the mass meeting held
at the court house here this after-
noon, and everybody is hoping
something of a definite nature has
been accomplished," a prominent
business man remarked to the writer
of this column today.

"All of us know that water rates
which would be made possible
through the deepening of Tar river
would have a beneficial effect upon
the industrial life of the community,
and it is believed the government
has sufficient information in favor
of the proposition to justify them
in considering it from a more serious
viewpoint than ever before."

"This is the last opportunity the
citizens of the county will have of
laying the matter before govern-
ment engineers and everybody is
awaiting the outcome of the hear-
ing with more than passing inter-
est."

NEW
American Edition of
STUDEBAKER'S
ERSKINE SIX
\$795 f. o. b. factory - shock absorbers included

40 miles per hour - when NEW
62-mile speed later!

DUE to advanced engineering, precision workmanship and fine quality materials, the new American Edition of the Erskine Six may be driven at 40-mile speed the day it is delivered to you - 62-miles-an-hour later on.

This means far more to you as an Erskine owner than simply eliminating the tedious driving of a new car at 20-miles-an-hour for the first 500 to 1,000 miles. It means that Erskine engines are carefully seasoned on the dynamometer - that every part is subjected to the most rigid inspections - that your Erskine has been assembled with fine-car precision. Such cars heretofore have been found only in the luxury-price class!

Proof of these qualities of construction is found in the performance of the new American Edition of the Erskine Six at the Atlantic City Speedway. Here a stock Erskine sedan traveled better than 54 miles per hour for 24 consecutive hours, establishing itself as champion of its price class. No stock car priced under \$1,000 has ever equalled this record.

Try out this new American Edition of the Erskine Six for yourself - today! A bigger, roomier car - doors nearly a yard wide - rear seats 4 feet wide - shock absorbers. A more powerful car - brilliant 6-cylinder performance with thrifty gas and oil consumption - quick-on-the-trigger acceleration - masterful on hills and highway - amplified action 4-wheel brakes. A sensational, low-priced, fine-car value worthy of the 76-year-old Studebaker tradition.

Market Report Cotton--Stocks--Grain

NEW YORK COTTON

New York, Feb. 23.—(AP)—An early advance on relatively firm Liverpool cables was followed by reactions in the cotton market today, realizing and local or commission house selling being promoted by reports of over-holiday rains in Texas. There also was a continuation of March liquidation. The mid-afternoon market was quiet with prices about 2 to five points net higher.

Futures closed steady, one point lower to six higher. Spot quiet; middling 18.50.

STOCK MARKET

New York, Feb. 23.—(AP)—The rally in stock prices, which set in Tuesday, was resumed today, but appeared to have lost much of its momentum. Fools succeeded in marking up a number of specialties 3 to 6 points, but renewed weakness of U. S. rubber and heavy offerings of U. S. Steel common on the pulges tended to restrict bullish operations in other sections of the list.

In view of the sharp reaction a few days ago, considerable interest was manifested in the weekly brokers' loans statements to be issued by the New York Federal Reserve Bank after the close of the market. The decline in stock prices ordinarily would indicate a substantial contraction in loans, although the situation has been complicated by the calling of assessments for the St. Paul stocks under the reorganization plan during the period covered by the loan statement is being assumed in some quarters that these payments would tend to keep loans up.

Steel common was freely offered around the 140 level but General Motors showed a firm undertone on predictions of record-breaking first quarter earnings. U. S. Rubber sold down nearly 4 points to 47 3/4 in reflection of the further decline in rubber futures. Montana Power, which scored a sensational advance on Tuesday, also yielded to profit-taking.

Bullish operations were most effective in American radiator, Burroughs Adding Machine, International Business Machines, Case Threshing, Peoples Gas, Greene Cananea Copper and International Telephone, all of which sold 3 to 6 points, above Tuesday's final quotations.

The closing was irregular. Total sales approximated 1,700,000 shares.

FOUR REBELS SLAIN BY MARINE FORCES

Managua, Nicaragua, Feb. 23.—(AP)—After slaying four rebels in different encounters in the Junotega section, American marines today were keeping small bands on the run. In three encounters the marines also wounded several rebels but suffered no casualties themselves.

The rebels encountered are believed to be part of the band of 75 which recently seized the town of Trinidad, before the marines arrived.

Two rebels of a small band observed east of Naraja, which is southeast of Junotega, were slain by machine gun fire from a scout plane.

Captain George T. Hall, whose base is at Esteli, signalled to airplanes that while on patrol near the same locality he encountered a band of rebels and killed two of them.

Six miles from Homonica, between Junotega and Matagalpa, a patrol under Lieut. H. A. Shielder.

surprised a small band of guerillas. The rebels opened fire. The marines returned the rebel fire, wounding two and routing the insurgents. Some stolen property was recovered.

Stedman Still in Race.
Winston-Salem, Feb. 22.—(AP)—Reports that Major Charles H. Stedman would retire from congress at the expiration of his present term at rest today when the editor of a local paper received a letter from the major stating:

Andy Reese to play second base for the New York Giants, apparently failed to take John McGraw into their confidence.

At Hot Springs, Ark., where the Giants advance guard is training, McGraw stationed Melvin Ott, utility outfielder and pinch hitter, at the keystone sack.

Wilcey Moore, the "sinker ball" expert, has signed a two-year contract with the New York Yanks. It is generally believed that he is given a substantial increase over the \$5,000 salary he got last year.

Let's Talk About Quality

Low Prices Are Important But Only As They Include Staunch Quality and Value

Quality Is Our Failure Insurance

A successful merchant once said that he considered honesty the greatest single factor for success in retailing. "Build integrity into your business" he advised, "and you not only safeguard it but your contribution to the community you live in is immeasurable."

Wise words! And that is one of the reasons why we pay so much attention to the quality of the goods we sell. It is so easy to skimp on a lining, or substitute inferior leather in the inner sole of a shoe. But then we would not be running an honest business, and it would gradually crumble into ruins.

Selling honest merchandise at a fair price is more than an ideal with us. It is our "insurance policy" against failure.

LOCALS

Mrs. Hortense Moye and daughter, Miss Clara, left this morning for Concord and Winston-Salem.

Mrs. E. Hyman has returned from several weeks visit with her daughter, Mrs. J. L. Lynch, in Erwin.

Mr. and Mrs. D. D. Overton and Mrs. R. A. Fountain, Jr., who have been spending a few days in Richmond returned this morning.

Mrs. William Winslow and little daughter, of Goldsboro, are the guests of Mrs. William McDonald.

Misses Elizabeth and Kate Kirby Southerland, of Mount Olive, are here to attend the Mary Lewis concert and are the guests of Mrs. L. R. O'Brian.

Mrs. C. C. Parker and W. R. Hinton, of Elizabeth City, and Mrs. W. G. Adams, of Four Oaks, spent yesterday with Mrs. J. B. Kirtrell and W. M. Hinton, their father.

YOUNG WOMAN'S FEDERATION TO MEET FRIDAY

The Young Woman's Federation will meet at the home of Mrs. E. L. Clarke, on Seventh street at 3:30 Friday afternoon. Mrs. J. P. Brinkley, Sr., will lead.

Attention Scouts. There will be a Scout meeting tonight at Gorman's warehouse. Mr. Porter wants no boys there who are not Scouts, as a regular meeting will be held. We want every Scout there since the team will be organized and a captain elected.

LOCAL EDUCATORS ATTEND SESSIONS AT BOSTON

Robert H. Wright, C. L. Adams, H. G. McClinnis, M. L. Wright and J. H. Rose left today to attend the meeting of the American Association of Teachers College and the annual meeting of the National Educational Association to be held in Boston February 24 to March 2.

MISS WARREN ENTERTAINS FOR MRS. WILSON

Miss Mary Warren entertained at an attractive George Washington party last evening complimenting Mrs. Bascom Wilson, of Washington, D. C. The decorations were suggestive of Washington's birthday.

Mrs. Bascom Wilson, making high score, was winner of an attractive bridge set. Low score prize, a bunch of cherries, went to Mrs. Edward Balchelor. Mrs. Wilson, honor guest, was given silk hose.

After many spirited games a tempting salad course with coffee was served.

Dorcas Class Entertained

On February 21, Mesdames Durwood Tucker and R. C. Merritt and Miss Snodie Moore delightfully entertained the members of the Dorcas class of the Methodist church, at the home of Mrs. Tucker.

The home was tastefully decorated with spring flowers and flags. After business was disposed of, there were several contests which were in keeping with Washington's birthday. These were won by Misses Martha Lee Coward, Ethel Willis and Esther Wayne.

The hostesses served a delicious salad course, which was decorated with small red hatchets. There were about forty members in attendance.

HAPPERSBERGER

does the finest watch repairing in Greenville. A trial will convince you.

Opp. Proctor Hotel
Greenville, N. C.

Mrs. Warren Entertains Bridge Club Having as honor guest Mrs. B. L. Wilson, of Washington, D. C. Mrs. Carey Warren delightfully entertained her bridge club and a few other friends yesterday afternoon. Various spring flowers were used for decorations.

High bridge score was made by Miss Hennie Whichard, who was given a box of powder. Mrs. Frank Wilson was given a box of powder for high hook score. A jar of candy went to Mrs. R. M. Garrett for low score. Mrs. Wilson was remembered with a box of candy.

Following the game a tempting frozen salad course was served. Miniature American flags were given as favors.

GREENVILLE CHAPTER NO. 59 WILL NOT MEET FRIDAY

Owing to the lecture to be given at Sharon lodge, Greenville chapter No. 59 R. A. M., will not meet Friday evening.

TICKETS ON SALE AT DRUG STORE UNTIL SEVEN O'CLOCK

Tickets for the Mary Lewis concert at 2:30, Carolina Teachers College will continue on sale at Hill Home Drug store until a late hour and then at 7 o'clock will be placed on sale at the door.

The price is \$2.00. Every ticket has a coupon so is for a definite seat.

MARY LEWIS TO SING THIS EVENING

Mary Lewis, the famous prima donna, who will give a concert at East Carolina Teachers College this evening at 8:30, is safely on her way, having been routed straight from New York. She arrived in Wilson last night, intending to come over this morning, but as she was comfortably resting there, she decided to wait and drive over later in the day. Telephone talks with the people in the college this morning gave assurance that every thing was all right.

There has been great interest in the event and the indications are that there will be a number of people from a distance here. News has come all the way from Clayton to Swan Quarter and from Kinston to Scotland Neck of people who are coming.

The fact that the singer has endeared herself to the people by her natural charm and beauty and she has become a favorite because of her radio concerts has made not only music lovers but all people eager to see her and hear her sing.

Mrs. Flanagan Entertains

Mrs. Graham Flanagan was hostess at two lovely parties on Tuesday evening and Wednesday evening, in honor of her sister, Miss Helen Joyner, who will leave next week for New York. For decorations spring flowers and potted plants were used. Fruit punch was served on arrival.

Miss Hennie Long was presented stationery, and Mrs. Malcolm Thompson a bridge set, for high score. Miss Mabel Perkins and Miss Margaret Fleming were given boxes of candy for low score. Miss Joyner was the guest of honor.

W. C. BRASWELL BUYS LOT IN CHATHAM CIRCLE

Among the recent purchasers of lots in Chatham Circle is W. C. Braswell of the Hood System Industrial Bank. This new subdivision of the Greenville Development Company with its number of homes already erected offers an unusually good prospect for future home builders.

WHO HAS THE MOST BEAUTIFUL BABY IN GREENVILLE?

The young mothers of the Philaetha class want this decided in a "Pretty Baby" contest, which they are putting over.

The contest begins Saturday, February 25 and will run for ten days, during which time friends and relatives may select the baby whom they know is the prettiest baby in town by casting for him penny votes. Ten cents will nominate a baby for this contest and the successful contestant will be given a beautifully engraved sterling cup for being voted the most beautiful baby in Greenville in 1928. All babies from one month to three years of age are eligible.

On Saturday you will be given an opportunity to nominate your baby and cast enough votes for him to make him a winner.

Synopsis of College Plays

The plays that are to be given by the Junior class of the college March 1 and 2, are three distinct types. The first, "Clory of the Morning," by William Ellery Leonard, is an Indian play, dealing with the life of an Indian squaw who has married a French fur trader. One of the two children, a boy, is like his mother, a typical Indian, while the other, a girl, is a white child. Through the course of the play the trader decides to return to his native land. The question as to whom the children belong is a matter of controversy, even for these secluded people. Finally, however, it is decided that the little white girl will go with her father, and the little Indian boy will remain at the wigwam of his mother.

er, Clory of the Morning. The second play is a fantasy, laid in the period of the mid-18th century, "The Beau of Bath," by Constance D'Arcy Macay, is the story of Christmas night at the home of the former "Beau" of Bath. The beau is dozing, when, according to the old legend, "The Lady in the Portrait" comes down and talks to him. She is, of course, his dead sweetheart. In the end, of course, she returns to the picture frame, while he continues his game of solitaire.

The last of this series of plays is a rollicking farce. A mid-Victorian princess is having her tresses brushed by her maid as the curtain rises. She is the temperamental, spoiled child who is now ruling this remote land. She has just refused the offer of the envoys of a famous prince, asking her hand in marriage. Her maid, leaving to acquaint them with her mistress' decision, a fisherman enters the window, he woos and wins her and then tells her that she is really taking to the prince. At first she is furious but finally is won over and, after kissing him good-bye, calls her maid telling her to tell the envoys she was willing to marry the prince, and had always intended to do so.

The Adult B. Y. P. U. of the Immanuel Baptist church will hold their regular monthly business meeting at the home of Mrs. L. W. Redd, 205 10th street, Friday night, Feb. 24th. All members are urged to attend.

Dr. Dixon Undergoes Operation

The friends of Dr. Joseph Dixon will be glad to learn that he is getting along nicely following an operation at Pitt Community hospital.

WANT ADS PAY

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

What Does the Dredging Of Tar River Mean To You?

There are two talkative subjects in Greenville today. One is the caption above; the other is, the Royal Elastic Felt Mattress demonstration which ends Saturday night.

Dredging river gives it easy flow and makes it useful for commercial purposes. It means a great deal to the progress of any community to be situated on the banks of a stream of water that can be put into use. What dredging means to the river sleep means to the body when that sleep is easy and peaceful. The Royal Elastic Felt Mattress ensures these features. It has ensured rest and health for forty three years and it has played an important role in making a progressive man power here in Eastern North Carolina where it is made.

One of These Mattresses Will be Given Away Saturday Night at Our Store
