SENATE OIL TRAIL LEADS TO CHICAGO

Warrant for Arrest of Robert Stewart in Preparation at Washington Today.

Washington, March 3.—(AP)—The long trial of the senate oil investigations led to Chicago today after two more pauses in congress and the Washington courts.

A warrant for the arrest of Robert W. Stewart, chairman of the board of the Standard Oil Company of Indiana, growing out of its indictment here yesterday for refusing to answer questions put to him by the senate teapot dome committee, was in the course of preparation today at the District Attorney's office. It will be sent by mail to Chicago.

Coincident with the return of the indictment, which started the eighth pending trial of the criminal action resulting from the naval oil reserve leasing inquiry, Representative Oldfield, chairman of the democratic congressional campaign committee, issued a statement in which he demanded that President Coolidge repudiate the republican party leaders who received the \$100,000 contribution from Harry P. Sinclair to help extinguish the 1926 campaign debt.

"The slimy trial of the teapot dome scandal" has at last been traced to the "committee," Oldfield asserted.

In disclosures made by Will H. Hays, former chairman of the republican committee, before the senate oil committee as the "blackest blot on the records of any political party in the history of the country," and urged the President to "demand" the return of every dollar donated by Sinclair.

Stewart's indictment adds another phase to the already clogged criminal court docket resulting from the oil disclosures. The other cases now pending follow:

Bribery charges against Edward L. Doherty and his son growing out of the Elk Hills lease by Albert B. Fall.

Acceptance of a bribe, against Fall, in connection with the same lease.

Fall-Sinclair oil conspiracy case, resulting from the leasing by the former interior secretary of teapot dome to Sinclair.

Contempt proceedings against H. M. Blackmer, for refusing to heed a subpoena seeking his appearance as a government witness in the Fall-Sinclair trial.

Sinclair's appeal from a three months' jail sentence on charges of refusing to answer senate committee questions.

Appeals of Sinclair, William J. Burns, W. Serman, Burns, and Henry Mason day from their conviction for criminal contempt in connection with shadowing Fall-Sinclair jury.

Stewart's appeal from court decision upholding senate committee's right to ask him certain questions and remanding him to senate's custody.

SPRINGFIELD ASSAULT MAY GET TRIAL SOON

Charlotte, March 3.—(AP)—The possibility that Eldred Griffith, charged with assaulting Col. Leroy Springs with intent to kill, would be tried this month was seen here today with the authorization of two terms of special criminal court for Mecklenburg county.

Orders from the governors' office authorized the special terms on Feb. 19 and March 25.

Col. Springs, who was wounded in the head by a bullet fired by Mr. Griffith in recuperating in New York. Mr. Griffith after waiving preliminary hearing was released on \$10,000 bail.

Chinese Robbers Get \$50,000 in Real Gold Bars

Shanghai, March 3.—(AP)—Making their biggest haul in recent years, robbers last night raided a building in the international settlement and made off with about \$50,000 in gold bars.

The robbery was stated to have been staged in what was termed "american style." Gunmen armed with automatic pistols held up the staff and forced the manager to open the safe. The contents were quickly transferred to waiting automobiles which sped away.

No arrests were made, but the robbery was followed by a series of raids by police. The police wore bullet proof clothes, which had been made for them during the afternoon. They arrested a gang of 24 kidnapers who are part of a larger band of terrorists. They also released a seven year old Chinese boy who was being held for a ransom of \$150,000.

National Chaplain Of American Legion Speaks Before Pitt Post Here

Before Pitt Post Here

The principles and ideals of the American Legion were presented in a masterful way here last night by Rev. Gill Robb Wilson, National Chaplain of the American Legion speaking before a joint meeting and banquet of the Pitt County Post of the American Legion and the Woman's Auxiliary at the Rotary club.

The address came as a brilliant climax to a program in which prominent members of the state organization of the American Legion and its Auxiliary took part. Mrs. Harry Vass, president of the Woman's Auxiliary in North Carolina, and General Albert L. Cox, of Raleigh, State Commander of the Legion, delivered interesting addresses dealing with work of the Legion and the Woman's Auxiliary. Mr. and Mrs. E. L. Rowe, of Washington were guests of the evening. Mr. Rowe is district committeeman.

The session was presided over by Commander J. B. Kittrell, who expressed delight that the post had the honor of entertaining such distinguished visitors. Words of welcome were delivered by S. O. Worthington, the response being made by Miss Estelle Green.

Mrs. Herbert Waldrop, known throughout the country as the "Sweetheart of the Local Legion" received liberal applause following the rendition of a solo. The other feature of the musical program was provided by the male quartet of the local post.

General Cox was introduced by Dr. C. O. Laughinghouse, of Raleigh, secretary of the State Board of Health, who with Mrs. Laughinghouse, spent the evening in the city with relatives. The general declared that the America did not stand for war and bloodshed, but was doing everything possible to prevent further strife and warfare. It was a powerful portrayal of the great principles which the organization is supporting throughout the nation and showed conclusively that the future holds forth great things for democracy.

Mrs. Vass said the American Legion and its Auxiliary stood for service to the disabled ex-service men and that peace for all the world was the ultimate goal of the organization.

The speaker was introduced by Mrs. J. B. Kittrell, district committee woman. General Cox introduced Mr. Wilson in glowing terms. He told of the splendid work being accomplished by the national chaplain and said that the organization was growing stronger and better by reason of his activities.

The Rev. Gill Robb Wilson is truly a "fighting chaplain."

Elected national chaplain of the American Legion by the ninth annual convention held in Paris, France, he is the first man not a former chaplain in the army, to be chosen for this position.

Although Mr. Wilson was a licensed minister of the Presbyterian church, and comes from a long line of clerical forebears he also comes from a long line of patriot fighters, and he chose with his younger brother to enter combatant service before America entered the war. His father, Dr. Gill I. Wilson, and his mother, the Rev. Amanda Robb Wilson, are both at the present time in the active ministry.

The younger brother, a student for the ministry, became Corporal Joseph Volney Wilson, of the Lafayette Escadrille, and later first lieutenant, then flight commander of Squadron 163, A. E. F. He was killed in October, 1918, in the Marne.

The national chaplain's father, a former soldier, spent the period of the war in the Y. M. C. A. service at Camp Meade, Md., while the chaplain's mother traveled in the interests of recruiting activities and nursed through the epidemics of the influenza. Of the chaplain's two sisters, the elder was afflicted with tuberculosis following influenza contracted while nursing and has been confined to her bed during the last five years. The younger sister is now a senior at Wilson College in Chamberburg, Pa.

It is the pride of Chaplain Wilson's family that including the War of the Revolution, has never been an American crisis in which their blood was not mingled. Mrs. John Robb, the grandmother on the maternal side, was a pioneer with her father in the settlement of the lands west of the Mississippi, and Isaac Robb, another forebear, trading out of Old Fort Pitt, was the founder of the town of West Newton, Pa.

In addition to his ministerial activities, the chaplain devotes his energies to writing and has published a large number of poems and articles. Having been disabled by the crashing of his plane during the war, the chaplain has undergone the common lot of so many who were forced to build back physically as well as professionally.

This process has been successfully accomplished. After the war he returned to school for a year of further theological training and entered directly on his profession.

The chaplain explains his entry into the combatant service of the war on two grounds. The first was that he knew more about fighting than he did theology at that time

Dancing to Prison.
Complain, Don't Vote.
Eat Vitamin F.
No Brain Monopoly.

(By Arthur Brisbane)

Copyright 1927, by Star Co.

A young actress, Dorothy Mackay, convicted of attempting to conceal the fact that another gentleman beat her husband to death, went to San Quentin prison in California yesterday to spend a few years—unless some kind heart lets her out.

Crossing the ferry, she danced a few steps, and quoting "We have our entrances and our exits," she danced into a prison cell with reporters making notes.

One of the little lady's prison associates will be Clara Phillips, who killed another woman with a hammer.

We take our crimes lightly.

A new moving picture gives the public its choice of two professional criminals competing with each other. They knock down other criminals, steal jewelry. The ablest of the two, "mope straight" when a wide-eyed, innocent little girl stands him a Bible.

The public applauds and admires both criminals. Charles Dickens' presentation of "Fagin" would seem out-fashioned.

About half the United States has no right to complain about government, good or bad. For half the people do not vote and deserve whatever they get.

Of 54,000,000 native born and naturalized citizens, 21 years of age, only about 30,000,000 take the trouble to vote.

Other nations to which many Americans consider themselves superior are sufficiently interested in their governments to vote. Germany, England, Ireland, Australia, Canada, vote 80 per cent. This country did that forty years ago.

William F. Esselstun to normal growth in animals has been discovered at the University of California. Without it animals attain only one-third normal size.

FIND PARTS OF LOST AIRPLANE

Two Pieces of Ellyson Plane Discovered in Lower Parts of Chesapeake Bay.

Norfolk Va., March 3.—(AP)—The horizontal stabilizer and horizontal rudder of an airplane found in lower Chesapeake Bay by L. E. Willis, four miles south of Cape Charles, Va., was definitely identified this morning by officers from the naval air station as parts of the plane which disappeared early Monday with Commander T. G. Ellyson and two other navy pilots.

The announcement was made by Commander A. C. Reed of the air station as soon as the two parts of the lost plane were brought back to the station.

The finding of the two pieces of the ill-fated plane was reported to the station by Willis who lives below Cape Charles.

He saw the objects in the water a short distance from the beach and investigating found them to be fragments of the aircraft.

They were floating almost entirely submerged only the edges being up and partly above the water.

It was this position of the wreckage which made it impossible for men in planes overhead to "spot" it.

Search for other parts of the plane and for the men was being continued today under direction of Admiral R. E. Coontz, commander of the fifth naval district.

Planes were made immediately after arrival of the parts at the station today to send a plane out to Cape Charles area to search its waters for other possible parts or for the remainder of the plane itself, in which the bodies of the lost airmen may be found.

TWO ARMENIANS ARE RESCUED

Missing Sixteen Days Canadians Rescued From Frozen Waters Hudson Straits.

Ottawa, Ont., March 3.—(AP)—The rescue of two Canadian fliers, missing for sixteen days in the frozen wastes of the Hudson Straits was hailed by government officials today as without parallel in the history of Arctic flight.

The missing aviators, flying officer A. A. Lewis and flight sergeant H. C. Terry, of the northern air patrol, and their Eskimo guide, were forced down February 15. Their rescue was reported yesterday in a terse radio message from squadron leader T. A. Lawrence and flight lieutenant A. A. Leitch, which said: "Airmen safe. Port Burwell."

Three Alleged Floggers Are Acquitted Today

Raleigh, March 3.—(AP)—A specialty empaneled jury of Harnett county citizens today cleared Dr. J. R. Hester, Baird Pool and A. L. Daniel, of charges of assault in connection with the flogging of Will Dean, farmer-blacksmith, the night of Sept. 29, 1926.

The case in Wake county superior court also cleared from the docket four flogging trials, including the Dean affair, proceedings in the last 13 months in court here have resulted in three acquittals and a mistrial, with the state trying in vain to secure one conviction. A score of defendants have been cleared and no more indictments are pending.

Defeats the Men

Mrs. Elizabeth Ricker of Poland Springs, Me., shown at Pocomoke Manor, Pa., with one of her huskies after setting up a world record in the Boston dog derby.

She won 1:02:3 1/3. Mrs. Ricker won out over some of the best male drivers in the country.

WALSH ENTERS PRESIDENTIAL BATTLE TODAY

Name of Montana Thrust into Political Spotlight Overnight From California.

Washington, March 3.—(AP)—Another banner carrying the colors of Senator Walsh of Montana, appearing on the Democratic war front today, presaging a fight to the finish for the presidential nomination.

The name of Walsh was thrust into the political spotlight overnight in announcements from two states, California and Wisconsin and political observers had much more food for thought today than in the future declared that William C. McAdoo was to lead the California movement for him.

John O. Davis, member of the northern California committee of five representing the dry faction headed by McAdoo, announced that Walsh's name would be entered for the presidential primary May 1 and that John B. Elliott of Los Angeles, candidate for the senate at the last election had informed him that the Montanan had no objection.

The names of Governor Smith and Senator Reed of Missouri, the latter now campaigning in California, already have been entered, assuring a three-cornered fight in that state for its 26 delegates to the Houston convention.

A similar battle is in sight in Wisconsin where Senator Walsh was born and won a degree at the University Miles Riley of Madison, is authority for the statement that nomination papers for the Montanan will be filed before the deadline at midnight tonight. Reed entered the primary lists there yesterday and Smith previously had done so.

Walsh, a confirmed dry, has been mentioned before in discussions among the anti-Smith democrats as a possible candidate whom they could support at Houston.

He was permanent chairman of the 1924 democratic convention at Madison Square Garden, where McAdoo, also a dry loyked horse with Smith in the memorial deadlock for the nomination. The former secretary of the treasury announced that he would not be a candidate this year is looked upon as rendering him free to support a man of his own choice, although there have been indications from some of his followers that efforts might be made to draft him.

Two Ships Collide

Valetta, Malia, March 3.—(AP)—The Collier Corinth, leaving the harbor here today, collided with the stern of the British battleship Queen Elizabeth. Both ships were damaged.

Admiral Keyes, ashore at the time of the accident, immediately went aboard.

BIG DIRIGIBLE AT LAKEHURST HANGAR TODAY

Los Angeles Placed in Hangar After Battling Fierce Snowstorm.

Lakehurst, N. J., March 3.—(AP)—After battling strong winds and a blinding snowstorm over her home field all night the dirigible Los Angeles was walked safely into her hangar at 7 a. m. today completing a 4,000 mile round trip flight to Panama.

Four sailors who were carried into the air clinging to the handrails of the giant ship when the snowstorm swept across the field forcing a sudden ascent after an attempted landing, were pulled to safety inside the cabin. Another member of the ground crew who hung on until the dirigible was 20 feet off the ground was only slightly injured in the fall.

The big airship quickly disappeared in the storm and fear that she might meet the same fate as the Shenandoah were expressed by members of the ground crew which had almost succeeded in walking her into the hangar when the storm swept down. Forty-three men were aboard her, the largest crew she had carried since her flight to this country from Germany.

Shortly before 6:30 a. m. however, when the snow had ceased and the wind had died down her silvery hull appeared against the brightening eastern horizon and half an hour later she had nosed down to the field and been stowed safely away in her hangar.

Commander C. E. Rosendahl first brought the Los Angeles over her home field at 11:40 last night, after a 37-hour flight from Caucanayabo Bay, Cuba, where she had stopped on her return trip from Panama.

She nosed slowly down to the field, but the 30-mile wind that was blowing was too much for her main mooring line which carried away and she was forced to take the air hangar.

The dirigible cruised slowly over the field for some time waiting a lull in the wind. Ominous clouds piling up in the southwest decided the commander to attempt a landing before the storm broke.

Working frantically, the ground crew, which included every available man at the station, had her nearly to the doors of the big hangar when the snow, riding hard on a 30-mile an hour wind swept down.

The big ship was tossing in the grasp of the hundred or more men fighting to pull her ahead and the order was given to cast off. The five men who were carried up with her evidently did not hear the commands and before they knew what was happening she was several feet off the ground and making altitude swiftly.

The big airship left her hangar here Sunday, Feb. 26, and 40 hours later had anchored in a temporary mast at France Field Panama Canal Zone, 2,200 miles away. After a stay of 12 days there she took off for Guacanayabo Bay, Cuba, where she was to anchor to the naval airship tender Patoka. Battling strong head winds across the Caribbean, she took 26 hours for the 771 mile flight and the task of anchoring to the ship's short mast.

Delayed by adverse weather on her departure for home she did not cast off from the Patoka until 10:30 Thursday morning for her leisurely flight home.

She had to buck strong head winds from Charleston, S. C., which slowed her speed and made the flying time on the 1,400 mile trip 37 hours. The flying time on her homeward flight, not counting the 7 1/2 hours consumed in landing, was 63 or 20 more than her flight to Panama.

On her flight up the Atlantic coast she followed a more inland course than on her downward journey, being sighted at several east cities. Her flight south had been almost entirely over water as she had headed out into the Atlantic after leaving New York before setting her course for the Canal Zone.

The successful completion of her training cruise of over 4,000 miles marked the second achievement of the Los Angeles within two months. On January 26, she landed on the aircraft carrier Saratoga at sea, a feat never before accomplished by a dirigible.

North Carolina's Claim of \$118,000 Sent to The House

Washington, March 3.—(AP)—The senate passed and sent to the house last yesterday a bill to settle claims of the state of North Carolina against the federal government to the extent of \$118,000. The claims, some of which date back to the war of 1812, had been approved and ruled valid by the treasury department. Senator Overman, democrat, North Carolina sponsored the bill.

Starts Stage War

Sharon, Pa., March 3.—(AP)—Ducidonne Costes and Joseph Lebrix, French four continent fliers who were forced down near here yesterday during a heavy snow storm, today prepared to resume their flight from Mitchell Field, N. Y., to Detroit.

FRENCH FLIERS WILL RESUME FLIGHT TODAY

Costes and Lebrix Forced Down Near Shanon, Pa., Yesterday by Snowstorm.

Sharon, Pa., March 3.—(AP)—Ducidonne Costes and Joseph Lebrix, French four continent fliers who were forced down near here yesterday during a heavy snow storm, today prepared to resume their flight from Mitchell Field, N. Y., to Detroit.

Leaving Mitchell field at 11:35 a. m. the fliers had expected to reach Detroit in five hours, but after bucking strong head winds for six hours they discovered they would be unable to make their destination before night. As daylight faded and the furies of snow that they had encountered at intervals throughout the flight became heavier. They brought down the "Navigator Call" safely on a farm near Sharpsville, about three miles from Sharon.

Costes and Lebrix were brought to a local home, where they spent the night. Lebrix said they had no trouble in making a landing, but they were forced to tie down the plane to prevent it from being carried away by the driving wind. Both fliers were suffering from the cold when they arrived here, but announced that they planned to take off for Detroit at 9 a. m. today.

When they started their flight, Lebrix said, they followed the New York-Cleveland air mail route. Visibility was poor at all times, he continued, forcing them to climb often above the clouds altitudes ranging from 6,000 to 7,000 feet, but they kept to the course by using their instruments.

The fliers said they encountered the worst flying conditions while crossing the Allegheny mountains, when they ran into more intense cold than at any other time during the flight. Costes and Lebrix were on the first leg of a return flight to Paris when they made their forced landing. From Detroit they will attempt a non-stop flight to San Francisco whence they will sail on March 15 for Tokyo. Thence they will resume the flight to Paris.

ITALIANS PAY LAST TRIBUTE TO GEN. DIAZ

Drone of Motors of Giant Dirigibles Mark Funeral of Noted Warrior.

Rome, March 3.—(AP)—To the drone of the motors of three giant dirigibles slowly patrolling the air above the route from the tomb of the unknown soldier, the body of Marshal Armando Diaz was taken to the Church of Santa Maria Del'Angeli this morning. There Italy paid final tribute to the victor of Piave and Vittorio Veneto.

Above the dirigibles, dozens of airplanes flew in formation, while thousands of spectators lined the streets, held in line by regiment of infantry.

The body was borne from before the tomb of the unknown soldier, where it had lain in state for twenty-four hours, on the shoulders of generals of the Italian army.

Past silent throngs they marched. The only sounds were the tolling of bell of Campi Doelio interrupted at intervals with the cannonading of artillery in salute and the slow tread of the thousands marching in the funeral procession.

At the left side of the coffin, which had lain in state for prime minister. Following it, came King Victor Emmanuel, members of the diplomatic corps and the American and other military attaches. The French detachment of Alpine chateaus were the only foreign military forces in the cortege.

Every branch of the Italian army, navy and blackshirt militia appeared in the guard of honor which preceded the body. Shortly after daylight the sound of marching men was heard throughout the principal thoroughfares of Rome as the troops went to the places assigned to them. Trains bearing detachments of troops, former combatants and Fascist organizations from the most remote parts of the country have been arriving at Rome for 24 hours. Thousands of civil officials and citizens also journeyed to Rome to pay their last respects to "the Duke of victory."

Three lines of guards, starting blocks away from the church, were thrown along the line of march to keep the crowds in check.

SMITH HAS CLEAR ROAD IN NORTH DAKOTA POLITICS

Bismarck, N. D., March 3.—(AP)—Governor Al C. Smith of New York today had a clear road to the presidential preference of North Dakota Democrats at the March 30 primaries. Faulty petitions led the secretary of state last night to rule out the candidacy of Huston Thompson, former federal trade commissioner, whose name was the only one that had been proposed besides Governor Smith's.

Oklahoma Banker Dead.

Hot Springs, Ark., March 3.—(AP)—J. J. McGraw, banker of Tulsa, Okla., who has been seriously ill for several days, died at 3:40 o'clock this morning.

Webb pleaded guilty.

Oil Truck Driver Awarded \$60,000 Damage by Court

Elizabeth City, March 3.—(AP)—A county record for damage awards was established here yesterday when a superior court jury awarded William H. Barco, oil truck driver, \$60,000 in his suit against the Norfolk-Southern Railroad for damages sustained in a crash on July 30, 1926.

Barco had asked for \$100,000, and the railroad company appealed the case to the state supreme court.

Barco contended that the crash occurred when his truck stalled on a grade crossing at the city limits. His machine stopped on the tracks when his front wheels caught in a depression between the rails, he said. He argued the engine which struck him could have been stopped before the crash.

Barco suffered a skull fracture that extended across the top of his head, a dislocated shoulder, several broken ribs and lacerations about the body and limbs, he said.

Attorney Given Stay of Sentence In Fraud Charge

Birmingham, Ala., March 3.—(AP)—Joel F. Webb general counsel for the Edwards Estate Corporation, was granted a five-year stay of execution of sentence in federal court here last yesterday after he had been fined \$1,000 and sentenced to three years in federal penitentiary for using the mails to defraud. He will not be required to serve the sentence at all, it is understood, on condition of his good behavior during the five year period.

Webb in an indictment for using the mails to defraud, was charged with employing correspondence and periodicals to further his plans to have himself appointed general counsel of the Edwards heirs. The Edwards heirs, numbering several thousand, lay claim to a large block of valuable real estate in New York City, and Webb, it was said, planned to be appointed prosecutor of these claims.

The indictment also charged that a retainers fee of \$5 and a general office fee of like amount were assessed persons who joined the Edwards estate corporation of Alabama, which, the indictment alleged, was organized by Webb. Later, it was charged, the attorney's fee was raised to \$25.

"By reason of such false and fraudulent device," the indictment further stated, "he would collect and receive a large sum, to wit, \$100,000."

Webb pleaded guilty.

RALEIGH AND ASHEVILLE IN CAGE FINALS

Raleigh, March 3.—(AP)—Raleigh and Asheville high school basketball teams today won their semi-final rounds in the State College meet and went into tonight class A finals.

Raleigh, last year's champ defeated Sylva 19 to 17, and Asheville defeated Greensboro, last year's runner-up, 28 to 17, in the class A semi-finals.

Dunn and Princeton meet tonight in the class B finals. Dunn, last year's champ, defeated Haw River 23 to 11, and Princeton defeated Wake Forest 15 to 10 in the semi-finals.

Erwin and Garner meet in the In the other class B semi-final bracket, Wake Forest, conqueror of Enfield 21-8, and Lumberton 26-18, faced Princeton, winner over Lincolnton 21-1 and Roanoke Rapids 17-12.

Class C semi-finals saw no defending champion entered as prospect, last year's winner, not being entered in the tourney. Erwin, winner over Everetts, 13-11 and over Woodland 24-14, and over Aulander 20-10, faced Lattimore, winner over Jonesville 27-24, North Prick 23-16 and Jackson Springs 27-22.

The other bracket of the class C semi-finals saw Middleburg, winner over Aurora 32-8 and Mt. Ulla 33-13, matched with Garner, conqueror of Sumner 40-16, Derita 30-19 and over Leicester, 18-16, class C finals. Erwin beat Lattimore 18-11 and Garner beat Middleburg in the semi-finals.

The six battles today and the three battles tonight followed an intensive preliminary round play-off yesterday and last night.

The defending championship Hugh Morson team, Raleigh, in class A disposed of Kinston 28-14 and Forest City 29-5 before engaging Sylva, conqueror of Leaksville, 61-14, and Rameur, 34-13.

Greensboro in the other frame of the class A semi-finals, defeated Ellerbe 17-10, and Gastonia 26-9, had as its semi-final opponent, Asheville, conqueror of Sanford 26-10, and Shelby 29-10.

In the class B semi-finals, Dunn previously had defeated Gibson, 28-14, Smithfield, 24-19, and Kings Mountain 38-12.

Haw River, conqueror of Ayden 33-15, and Red Springs 20-11.

Robins On Herling Talent

Clearwater, Fla., March 3.—(AP)—Manager Robinson of the Brooklyn Robins, is concentrating on his hitting talent to carry on the performance of last year's staff which was considered one of the best in the league. Seven regulars from the last campaign are on hand, namely, Vance, McWeeny, Petty, Elliott, Erhardt, Deale and Clark. Five newcomers are Koussal, Robinson, Kopp, Williams and Danforth. Ray Moss, another rookie, is recovering from tonsillitis, while Vance is working out the squad he has not yet settled the terms of his 1928 salary contract.

Two Out For Grant Second Post

Augusta, Ga., March 3.—(AP)—Andy Cohen and Mel Ott are rivals for the job filling the second base for the Giants, which was caused by the trade which sent Rogers Hornsby to the Braves. Jim Welch has reported to the Giants and is covering the outfield. Welch and Hogan were the players exchanged by Boston for Hornsby.

Grove Masters New Art

Fort Myers, Fla., March 3.—(AP)—Lefty Grove, the Philadelphia Athletics speedball pitcher, apparently has mastered the art of serving a slow ball with his fast ball motion.

The southpaw has always had a slow ball but it has never been as effective as his speed. In his work-outs this spring he has impressed manager Mack with his change of pace. He spent most of his winter vacation polishing up on that point.

THREE HUNDRED ATHLETES TO COMPETE IN N. Y.

New York, March 3.—(AP)—More than 300 athletes, the pick of the variety talent at 23 eastern universities and colleges, will compete for indoor laurels at eleven titular events in the annual track and field championships of the intercollegiate A. A. A. at the 102nd engineers armory.

In a special attraction, Lloyd Hahn, of the Boston A. A. conqueror of Ray Conger and Dr. Otto Peltzer in 4:13 in the Knights of Columbus mile, will try to shatter two world records on the eight lap banked intercollegiate track which is considered the fastest stretch of boards in the country. Hahn will start against Pinkie Soker, Oliver Proudlock and Johnny Theobald in an announced try for a new mark of 3:59 yards. The record 1:54 2-5 held by Eli B. Parsons, of Yale, was set in a relay race at Buffalo 24 years ago.

"Big Three" In Fine Fettle

Avon Park, Fla., March 3.—(AP)—"Old Pete" Alexander, Jess Haines and Bill Sherdel, the "big three" of the St. Louis Cardinals who turned in sixty-two of their team's ninety-two victories last year are in fine fettle. A ten minute try-out against the ambitious bats of the team-mates showed Manager McKechnie that he can push the training program up a notch or two. Three more players have reached camp, Walter Rottger and Taylor Duhitt, outfielders and Charley Gilbert.

START OF THE YEAR'S OUTSTANDING RACE

Photo shows the "Big Three" toiling the scratch at the Knights of Columbus indoor mile race at Madison Square Garden, New York. Left to right are Ray Conger, American titleholder; Dr. Otto Peltzer, the European champion, and Lloyd Hahn, who added greatly to his laurels by breezing home first in the event.

Mississippi and Chattanooga to Fight for Honors

Chattanooga, Tenn., March 3.—(AP)—The powerful Choctaws of Mississippi College were pitted tonight against the University of Chattanooga for the basketball championship of the southern intercollegiate athletic association.

These teams last night won the right to battle it out in the final round, the Mississippians winning the right for final honors by downing Birmingham Southern, 50 to 31, while Chattanooga defeated Louisiana Tech 41 to 39.

As a preliminary to the championship contest tonight Birmingham Southern and Louisiana Tech will meet to decide to third place in the tournament.

The victory of the Nogens last night proved a surprise as the Louisianians had defeated Mississippi College earlier in the season to give them a pre-tourney rating along with the Choctaws.

Led by McCoy, Holland and Kaplan, however, the Moccasins not only stopped Davis, the principal threat of their opposition, but ran up a commanding lead themselves that the Tech team could never beat.

A capacity crowd of 5,000 has been predicted for tonight with the local team possessing little hopes.

Tigers Select Enfield

San Antonio, March 3.—(AP)—Manager Moritory of the Detroit Tigers has selected his first string infield. Travener, who is rapidly getting back into his old stride, is played at shortstop; Johnny Neum, who has little opposition now that Lou Blue has been traded to the St. Louis Browns, is given first base; Gehring second and Marty McManus third.

Bicycle Race Begins Sunday
New York, March 3.—(AP)—New York's 44th International Six Day Bicycle Race will get under way in Madison Square Garden tomorrow night at 9 o'clock with 15 teams in competition.

In a preliminary card of sprints on schedule for tonight, Maurice Broon, Italian star, will ride against Charlie Winter in an Australian parant race.

The Kid Himself

George Eiler, for years star first baseman of the St. Louis Browns, but recently traded to Washington, tests out his batting eye at Balboa, Cal., with a batting suit as his uniform. "Six" loves to waltz the horsehide far out into the waters of the Pacific.

VIRGINIA HAS SLIGHT LEAD ON CAROLINA

Charlottesville, Va., March 3.—(AP)—The University of Virginia had a slight lead over the University of North Carolina today at the semi-final stage of the Southern Conference boxing tournament which will be concluded tonight.

The Cavaliers, champions of the ring last year, placed six boxers in the semi-final round, while five North Carolinians battled their way into the limelight. Virginia Poly played four ring men in the semi-finals and the universities of Georgia and Florida places three each.

The victory of two Virginia men over boxers who have defeated them in dual meets was something of an upset and made the Cavalier leather pushers a favorite to retain the championship. The six men in the semi-finals constitute almost an entire team. Umstor of Virginia lost to Jacobs of V. P. L. in the light heavyweight class in one of the best matches among the preliminaries. Both men had gone through the season undefeated.

Captain Ed Butler, of North Carolina, staged a hard fight against Ham West of Virginia, only to lose the decision. Butler, the conference welterweight champion, had defeated Weed in a dual meet.

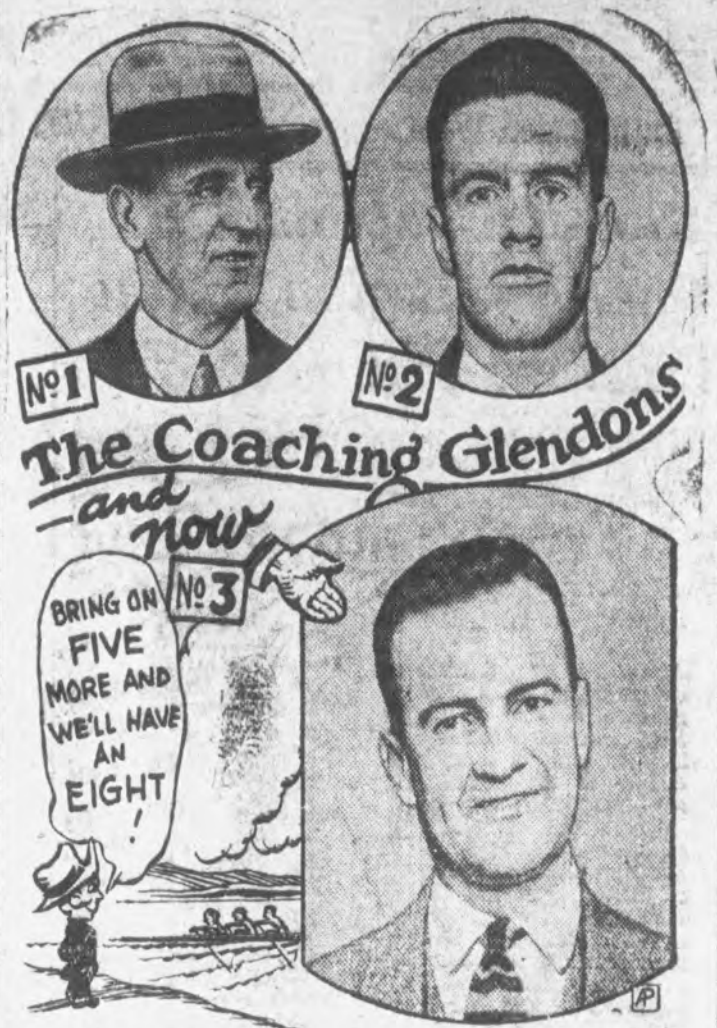

Shuford of North Carolina, the heavyweight champion, won in easy fashion over Marsailles of Florida and appeared headed for the championship another year. Shuford knocked out Marsailles in the second round, the match being the only one that failed to go the required three rounds to a decision.

Captain Gilmer of Virginia, the lightweight champion, easily took a decision from Allen of North Carolina while Paddie of Virginia Tech, middleweight champion, won from Palmer of Georgia.

In the prep school division, Staunton Military Academy new the advantage with five men in the finals as against four for the Military Academy, three for Flahburne Military Academy and two from Woodberry Forest.

More attention to your debts and less to luxurious living will keep the Merchants Association collector away.

Hugh Glendon, Third of Family, Enters Rowing Coaching Game

As assistant to "Old Dick" Glendon (upper left), "Young Dick" (upper right) learned enough about coaching college crews to branch out for himself and bring Columbia an intercollegiate championship last year. Now a brother, Hugh Glendon (lower), is Young Dick's aid at Columbia with the same chance to make good.

New York.—(AP)—A third Glendon has made his debut as a rowing coach.

Several years ago "Old Dick" Glendon, master mentor at the Naval Academy, brought his son "Young Dick", down from the family home on Cape Cod as his assistant. The younger Glendon learned fast and branching out for himself last year, with his dad in the role of assistant, coached Columbia to an intercollegiate championship.

Now "Old Dick" has gone back to coach at the Naval Academy and "Young Dick" has brought forward a third of the family to aid him at Columbia. The newcomer is Hugh Glendon, an accomplished oarsman like his father and brother, who appears to have inherited the family knack of teaching young men how to swing an oar.

Sprinter Made Diamond Offer.
New York, March 2.—(AP)—Roland Locke, the famous Nebraska sprinter, has an offer to give up the cinder path for the diamond.

Acting upon the recommendation of Dave Bancroft, manager Robinson of the Brooklyn National League club, has invited Locke to report at Clearwater, Fla., for a tryout with the Dodgers. Bancroft is a friend of Locke and although neither he nor Robinson have seen the Nebraska performer on a baseball field, they have reports that he displays ability as an outfielder.

FIGHTS LAST NIGHT

By the Associated Press.
Dayton, Ohio—Al Corbett, Cleveland, defeated Joe Paglina, Louisville (10).

Hutchinson, Kas.—Royal Coffman, Omaha, won over Eddie Dwyer, Hutchinson (10). Buck Eastering, Macon, Ga., outpointed Ray Willis, Lawton, Okla. (8).

Kansas City—Bill Hartwell, Kansas City, won from Heavert Wright, Omaha, (19).

Minneapolis—Big Boy Peterson, Minneapolis, and Tiny Roebuck, Kansas City, drew (10). Howard Marberry, Duluth, defeated Britt Gorman, Minneapolis (10).

Sacramento—Walcott Langford, Chicago, lost on a foul to Lefty Cooper, San Francisco (5).

Oudious Jubilant Today.
New Orleans, March 3.—(AP)—News that Shortstop Joe Sewell, Cleveland's last holdout, would report "in great shape and ready to go" made Manager Peckinpaugh and his Cleveland Indians jubilant today.

The shortstop, who signed a two year contract yesterday after two months of dickering, has kept himself fit and will not be handicapped by bad legs which bothered him at the start of the last campaign, according to his brother Ike Sewell. It is understood the club did not boost its original offer.

Barnard Coming South

Chicago, March 3.—(AP)—The President of a presidential tour of baseball training camps will be set this season by E. E. Barnard, president of the American League, who will leave for the south tomorrow.

Like Commissioner Landis, President Barnard is a "fan" as well as an executive, and as soon as the first day out in the stove league and the training camp reports blossom in the sport pages Barnard succumbs to the baseball lure. Two days will be spent at each camp.

MRS. LINDBERGH BEGINS RETURN FLIGHT HOME

Boston, March 3.—(AP)—Mrs. Evangeline Lodge Lindbergh started on her return flight to Detroit from the East Boston airport at 8:04 a. m. today. Stops were planned at Schenectady and Buffalo.

Talk of Drafting Dempsey Back to Ring is Revived

New York, March 3.—(AP)—Talk of drafting Jack Dempsey back as a challenger for champion Gene Tunney was revived today with a declaration from Tex Rickard that his current heavyweight candidates thus far have failed to measure up to championship quality.

Although Tom Heeney gained a verdict over Jack Delaney in the first section of Rickard's double elimination bill, the Madison Square Garden promoter said the victory was not sufficiently impressive to land Heeney in the role of challenger.

As Dempsey is slated to come east for a legal tussle with Jack Kearns his former manager, early next month, Rickard stated he would try to induce the manassa mauler to return to the ring.

While reports were circulated that Dempsey would engage in light training at Orangeburg, N. Y., the former champion at his residence in Los Angeles, denied he contemplated any workouts. Dempsey said he planned a trip to Orangeburg only to visit friends.

More attention to your debts and less to luxurious living will keep the Merchants Association collector away.

General Bowley To Take Charge At Houston Soon

Fayetteville, March 2.—(AP)—Brig. Gen. A. J. Bowley will leave Fort Bragg in April to assume command of the second division at Fort Sam Houston, it was announced here today. The general's transfer was ordered ten days ago from Washington.

Col. T. E. Merrill of the fifth field artillery will command the post until Gen. Bowley's successor is named, it was stated.

Pay your debts and avoid embarrassment of the Merchants Association collector. He's coming.

Entertained at a Birthday Party.

Mr. N. T. Stokes was entertained at a surprise birthday party, given by Miss Margaret Stokes and Miss Jaunita Sermons in his honor on February 29 at his home.

The guests were met and registered by Miss Jaunita Sermons and after many interesting games and contests all were invited to the dining room where they had much excitement over cutting the birthday cake for their "fortune". Refreshments were served.

The decorations were very pretty, the color scheme being pink and white.

He received many useful and valuable gifts.

Mr. Stokes was born on February 29, 1876, but has had only twelve birthdays. —Reported.

The prizes for the Beauty Baby Contest are displayed in the window of Best's Jewelry Store. See them!

Mrs. Andrews Entertains.

Bethel, March 2.—On Tuesday evening from 8 p. m. until 11:30 p. m. Mrs. Leland Andrews delightfully entertained her bridge club at four tables of progressive bridge at the home of Mrs. W. T. Acree. The color scheme was green and yellow.

in keeping with the spirit of St. Patrick's day, this being produced by flowers used as decoration and by green and yellow mints being at each table.

Mrs. Dick Bundy won high score prize, and Mrs. John P. Knowles of Aulander, N. C., guest, was remembered with an exquisite hand painted handkerchief of delicate crepe de chene. After the playing was over, delectable chocolate nut sundae were served by Messrs. Leland Andrews and W. T. Acree.

TELLS OF FOOD DEMONSTRATION TESTS AT RECENT MEETING

A lightning calculator won't multiply much faster than live, active bacteria at certain temperatures declares Mr. V. A. Merrett local Frigidaire dealer, just back from Atlanta, Ga., where he attended a regional convention held by his organization.

During the past few months, laboratory experts of Frigidaire Corporation have made exhaustive studies of the growth of bacteria in foods, and have discovered some startling facts regarding how much faster bacteria multiply at certain temperatures than others.

"Twelve degrees make all the difference in the world in food preservation," says Mr. Merrett. "At 55 degrees in the laboratory tests, milk turned sour in 24 hours and the bacteria in it increased from almost none at all to 2,100,000 in a cubic centimeter. The maximum bacterial count for milk allowed by boards of health in most cities is about 200,000. When it is remembered that a cubic centimeter amounts to about sixteen drops, a real comprehension of the speed with which bacteria multiply can be obtained.

"A portion of the same milk, kept at an average temperature of 43 degrees in a Frigidaire, was sweet six days later."

A new explanation of "something I ate disagreed with me" was found by those attending the convention when the growth of mould on food was discussed.

"At certain temperatures mould on food grows for 26 hours before it is visible to the eye, or noticeable in taste," declares Mr. Merrett. "But it is there, just the same, and is the cause of a lot of vague feelings of discomfort frequently attributed to indigestion and similar ills. It was proved in the laboratory tests that growth of mould on food is checked when refrigeration drops below 50 degrees.

"We know that with automatic electric refrigeration, the housewife can maintain a food storage temperature of 50 degrees or lower all the time. We do not know of any other means at her disposal which will provide such a temperature and insure her family's food from the rapid bacterial growth encountered at 55 degrees or above."

From Hospital.

The following have improved and returned to their homes from the hospital:

Mrs. J. A. Mills, Miss Anabeelle Tripp, Mr. L. C. Stokes, Mrs. Will C. Smith, Mrs. G. C. Hardee, Mr. W. J. Hart, Master James Braxton, Mr. J. Z. Turnage, Mrs. Bessie Jones Clark, Mrs. J. B. Stokes, Mrs. T. E. Cannon, Miss Elsie Lee Bullock, Mrs. Alton Chapman, Miss Edna McKee, Mrs. W. C. Viverritt, Mrs. John P. Crawford, Mrs. Laura E. Turnage, Miss Arlene Harris.

SEVERAL DEEDS FILED SINCE FIRST OF WEEK

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the first part of the week:

J. J. Mills and wife to J. Lyman Edwards, 88.2 acres, \$5,000.

To Hold Rural Conference At Christ Church

On Monday and Tuesday of next week there will be held in the Eighth Street Christian Church a rural church conference. Rural ministers from over the state will attend and problems that are challenging the rural communities will be considered.

The conference will be presided over by Rev. Jesse M. Bader of St. Louis, Mo., who is general superintendent of evangelism for the disciples of Christ under the United Christian Missionary Society.

Mr. Bader will make several addresses during the sessions and will deliver a special address on evangelism at the fellowship banquet to be held Monday evening at 7 o'clock to which all the members of the local church are invited.

WEEK OF PRAYER AT THE IMMANUEL BAPTIST CHURCH

The week of prayer for home missions will be observed by the Woman's Missionary Society of the Immanuel Baptist church, commencing Sunday, March 4th, and continuing through Friday, March 9, a session of Monday, being the day for the regular monthly meeting of the 9th Society, the opening program will be given on Sunday afternoon at 3 o'clock. With the exception of Wednesday, the remaining programs will be given on each afternoon at 3:30. The program for the week is as follows:

Sunday—Subject: "The Jew"—Leader Mrs. E. B. Higgs. **Monday**—Regular monthly meeting of Aid Society. **Tuesday**—Subject: "The Island of the Canal"—Leader, Mrs. L. R. O'Brien. **Wednesday** evening, 7:30—Meeting in charge of pastor. **Thursday**—Program in charge of G. A. Girls, Leader, Miss Arley Moore. **Friday**—Subject: "The Mountaineer"—Leader, Mrs. Lottie Mettucks.

All the ladies of the church are urged to attend these meetings next week.

The prizes for the Beauty Baby Contest are displayed in the window of Best's Jewelry Store. See them!

Memphis Man Dead.
Memphis, March 2.—(AP)—R. H. Allen, 75, at one time director of the New York cotton exchange, died here today.

WEAK, NERVOUS

Georgia Lady Could Not Sleep Nights, But After Taking Cardui She Was "Like a Different Person."

Comer, Ga.—Mrs. C. H. Smith, of this place, related the following interesting experience:

"I was weak and nervous and run-down. I couldn't sleep at night. I felt tired and not in condition to do my work. I had Cardui recommended to me, but always thought I could out-do most sickness, but this was one time I needed help. I was so weak I could hardly lift my hand."

"I can't express how bad I felt. I know I improved after taking Cardui. I was like a different person. I was built up and was stronger and better than in a long time."

"I have a young daughter who had the 'flu,' and after she got up she would once in a while have such severe cramping spells, just suffer terribly. I knew there was a weakness and, hoping Cardui would reach this trouble, I had her take it, and the first bottle helped her so much she was able to leave it off and does not have this trouble now."

Cardui has been in use for more than 50 years. Purely vegetable, mild, harmless. At all drug stores. NC-178

German Spy On Trial at Paris

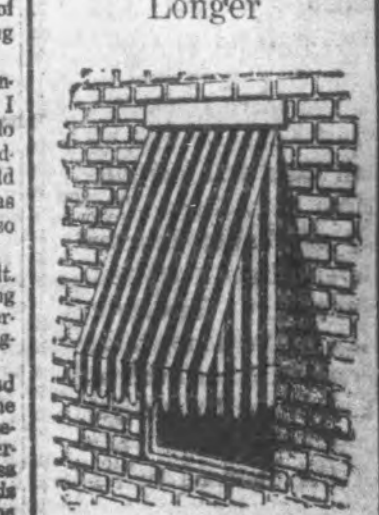

Paris, March 2.—(AP)—A Belgian, described as one of Germany's most valued agents in rounding up suspects in occupied territory during the war, was on trial here today. Jules Cesar Joseph Laperre, 38, was accused of supplying information which resulted in the execution of captives.

The president of the assizes in outlining the case against Laperre said that the prisoner was described on a list found in the German secret police records in Brussels as a man upon whom all reliance could be placed.

Laperre was alleged to have begun his career as a spy as a "sheep" in a concentration camp, where he would win the confidence of his fellow prisoners and then betray them to the Germans. Afterwards, the government charged, he operated in every branch of the German spy service and achieved a reputation by bringing about the arrest of a number of allied agents.

GENERAL ELECTRIC Refrigerator

Not a single belt, fan or drain-pipe

There isn't an exposed moving part in the General Electric Refrigerator. There's nothing to get out of order. All the mechanism, built and tested in the General Electric laboratories, is hermetically sealed into a single steel casing. This is housed inside the coils. It has a permanent supply of special oil . . . it never needs oiling.

This new-day refrigerator has eliminated all problems of installation. Its mechanism (just one single piece) is lowered into the top of the specially designed cabinet. It is plugged into any electric outlet. And it works.

Come in and see the various models. And, meanwhile, mail the coupon below for a descriptive booklet.

Twenty years ago the Greenville tobacco market made the fine average of .88 per hundred, according to an item published in "Looking Backward" column yesterday. Wonder what kind of a war such prices now would cause.

Just five more weeks before Walter Johnson and his baseball team will stage an exhibition game here. The signing of Walter Johnson will surely draw a tremendous crowd to Greenville at day for no doubt there are numbers like ourselves, to have never before had opportunity to see this ball of the diamond in action.

WE WILL NEED IT

Sometime ago there was talk of an effort being made to save the old bridge over the River here from being destroyed after the new bridge which is now being constructed is completed. Recently we have heard nothing further about the matter and if any definite steps have been taken we can find out nothing about it. The old bridge is at present a part of the state highway system, but it is our understanding that should the county desire to maintain it over and keep up after the new bridge completed, such a plan would be agreeable to the state. Unless this is done, however, the present plans salvage the old bridge when the new one is completed, will be carried out and we will have but the old bridge across the river. Of course, for the time being, the new bridge may take care of the traffic but with the increasing number of automobiles and vehicles will be only a few years before that would be taxed beyond its capacity and the old bridge would come in handy to take care of a part of the travel. Engineers who have given the matter of the bridge careful study, declare that the old bridge will be safe for travel for many more years to come and it seems a shame to tear it down when we could keep it at probably a very small cost. Of course, there will be some time yet before the new bridge, just begun, will be completed, but we do not feel that it is too early to begin now making arrangements with the state for the return of the old bridge to the county. Surely there will be a time when we will realize that we need the old bridge but after it is torn down will be too late to save

ABOUT TOWN

"Greenville lost to Gastonia in the tournament at State College, Raleigh yesterday," C. W. Porter, athletic director of the local high school told the writer this morning. "But the boys put up one of the greatest fights of the year. The score was twenty on to twenty, and came after Gastonia had fought probably as they had never fought before. "Greenville is proud of the splendid showing they were able to make against this strong team, although they had much rather have the honor of victors. "This has been the most successful basketball season in history of the school, and every boy and girl is proud of the enviable record the team has made. Next year no doubt will see more intense interest among boys and girls, and with proper support we feel confident of bettering the record of the present season."

"The sending of questionnaires to Pitt county people to be filled out in connection with the proposal to deepen Tar river is received with more than general interest here," a local business man said to the writer of this column today. "The furnishing of information in this manner goes to show that Major Snow has under serious consideration certain facts brought out at the hearing held here sometime ago. With additional information furnished through the questionnaires he should be able to convince the War department of the advisability of deepening Tar river and opening the stream to navigation. "Pitt county people are more concerned about this project than any other that has been brought to their attention in recent years. They realize water rates are positively necessary and if the community is to take its rightful place among the commercial and industrial sections of the country. Our business men have been forced to pay unjust freight rates since time immemorial and they will continue to pay these rates until water transportation becomes possible. "It is to be hoped these questionnaires will be filled out promptly and that not a single fact as to the probable benefits which the community should derive from the improvement be omitted."

"The Greenville Merchants Association is continuing to add new members," it was proudly asserted today. "The membership of the organization is nearing the sixty mark at this time and before the year is over we are hopeful of placing it near the hundred point. "That the city and community are deriving inestimable benefits from the operation of the organization cannot be doubted in the slightest sense of the word. Many things vitally affecting the business life of the section have been handled by the association the past two or three years, and countless numbers of persons have been induced to come to Greenville because of their efforts. "If you have faith in the unlimited opportunities of your locality then help the Merchants Association put across the various issues which it has under consideration from time to time."

"Proud parents strolled up and down Evans street yesterday watching with more than passing interest the parade of babies entered in the beauty contest of the Methodist Philathea Class," someone remarked shortly after the pageant had gotten under way. "They were a fine lot of babies—true representatives of the stalwart breed of men and women who have played such a dominant part in moulding the destiny of this great section. "It was the first time in many months that a contest of this kind has been held, and it was quite natural and human for the parents to do their utmost in behalf of the cherubian representatives of their homes. "Strong, healthy babies are an asset to the community. They are necessary in the development of robust men and women with the glow of health in their cheeks and the light of life and happiness shining in their eyes. "Baby shows, or contests such as that conducted here, are incentives in the raising of strong, healthier children and should be continued each year."

NATIONAL CHAPLAIN OF AMERICAN LEGION SPEAKS BEFORE PITT HERE (Continued from page one) downment campaign; department chaplain of New Jersey, 1925-27; national chairman Aeronautics Committee, 1926-27, and member of National Defense Committee, 1926-27. His civic activities include: Rotary Club Parkersburg, W. Va.; Lions Club, Trenton; Director Red Cross, Trenton; Chairman Membership Committee, Chamber of Commerce, Trenton; President Associated Charities, Trenton. Mr. Wilson was married to Miss Margaret H. B. Perrine, of Cranbury, N. J., in 1923. They have one daughter. The national chaplain served as a missionary in West Virginia, established the Presbyterian church at Weirtown, W. Va., was assistant minister to his father in Parkersburg, W. Va., and has been pastor of the Fourth Presbyterian church in Trenton since 1921.

Here's What Congress Is Doing Today

Saturday: Senate in recess. House plans to pass agriculture department bill. Bills restricting immigration from western hemisphere nations continue before commerce committees on both houses. Senate interstate commerce committee again tackles railroad consolidation. Reforestation and merchant marine continue before other house committees.

Friday: Senate passed Caraway bill requiring registration of lobbyists. Sheppard bill amending federal reserve act. Deschutes irrigation project measure, and many bridge bills, and listened to Nicaragua debate; House adopted amendment to agriculture bill prohibiting use of funds for issuance of cotton price trend forecasts and heard wet and dry debate after member illustrated speech opposing use of poisonous chemicals in industrial alcohol. Senate agriculture committee continued hearings on Capper livestock marketing bill. Hearings on Brookhart anti-bookings motion picture bill ended by interstate commerce committee. Motion picture producers endorsed Vesta copyright bill before the House patents committee.

SCENIC BEAUTY A GREAT FEATURE OF "ROSE-MARIE" "From the search for the most beautiful in femininity motion pictures are now turning to a search for the most beautiful backgrounds. Dome Nature can supply scenery which film players can perform before the camera. In past years picture producers sought to put upon the screen the most beautiful women and the handsomest men. Today they realize motion picture goers are satisfied with only passable looks in regards to players but demand real acting ability. The call for more beautiful scenery has been growing during the past several years until practically all of the naturally most beautiful backgrounds of the west have been used as dramatic locations. When Metro-Goldwyn-Mayer determined to make a film version of the famous musical "Rose-Marie" which comes to White's Theatre Monday and Tuesday, one of the first things decided upon after cast and story was to play this famous stage romance against the most beautiful settings that nature could supply. Scouts from the studio location department searched more than a hundred thousand square miles of American and Canadian territory to find the spots which would show up most gorgeously as a pictorial background. Among the locales chosen were

the American river in Yosemite National Park, the Feather river canyon in northern California and Las Turas lake, which lies in the lap of the Santa Monica mountains in Southern California.

Three more days to vote for the babies in the Beauty Baby Contest.

He is coming—Merchants Association collector. Have you paid your debts? 2-2t

Administrator's Notice.

The undersigned having this day qualified as administrator of the estate of James Farrow, deceased this is to notify all persons having claims against said estate to file them with the undersigned at Greenville, N. C., on or before twelve months from date of this notice will be pleaded in bar of recovery thereon. All persons indebted to said estate will please make immediate settlement. This the 15th day of January, 1928.

J. C. Tyson, Administrator of Estate of James Farrow Feb. 8-11w-6wks.

Re-Sale of Land

By virtue of a decree of Pitt Superior Court in Special Proceedings No. 2847, entitled Mrs. Margaret L. Fleming and J. P. Fleming, Admrs. vs. I. S. Fleming et al. a sale was made of the hereinafter described land on Monday, February 13th, 1928, at which said land was bid off at the sum of \$2500.00, and reported to Court, and a new order made ordering a re-sale of said land, the undersigned commissioners will sell at public auction, before the court house in Greenville on Wednesday, March 7th, 1928, the following described tract of land:

That tract of land in Pactolus township, lying on the west side of the public road, leading from Washington to Robersonville, adjoining the lands of W. S. Williams on the south and west, by Ebern lands on the north and east by said public road, being the same land described in a deed from A. W. Baker and wife to R. B. Fleming, dated January 4th, 1909, recorded in Book

B-7, page 16, Register's office of Pitt County, containing 300 acres, more or less.

This the 21st day of February, 1928. Mrs. Margaret L. Fleming and J. P. Fleming, Commissioners F. G. James & Son, Attys. Feb. 22-11w-2wk.

Re-Sale of Land.

By virtue of a decree made by the Clerk of the Superior Court of Pitt County on the 1st day of March, 1928, in Special Proceedings No. 2846, entitled, "J. P. Fleming, Admr. of R. R. Fleming, Jr. vs. Guy Fleming et al" the bid having been raised from the sale of Monday, February 13th, 1928, the undersigned Commissioner will sell at public auction before the court house in Greenville at noon, on Thursday, March 15th, 1928, the following described tract of land, to-wit:

That tract of land in Pactolus township, adjoining the lands of W. W. Little, the lands of J. R. Daventport, W. S. Belcher, J. J. Redding and the heirs of Miles Little, containing 300 acres, more or less, known as the Little lands. For a

better description see deed recorded in Book H-8, page 191, Register of Deeds office of Pitt County, by T. J. Carson and wife to R. R. Fleming, and being the same property deeded by R. R. Fleming and wife to R. R. Fleming, Jr., by deed dated October 24th, 1917, recorded in Book V-9, page 295. Reference to which deed is made for accurate description.

Said sale is made to make assets to settle the estate. Terms: One-third cash, balance in one and two years. This March 1st, 1928. J. P. Fleming, Admr. and Commissioner. F. G. James & Son, Attys. March 2-11w-2wk.

NOTICE OF SALE OF VALUABLE REAL ESTATE

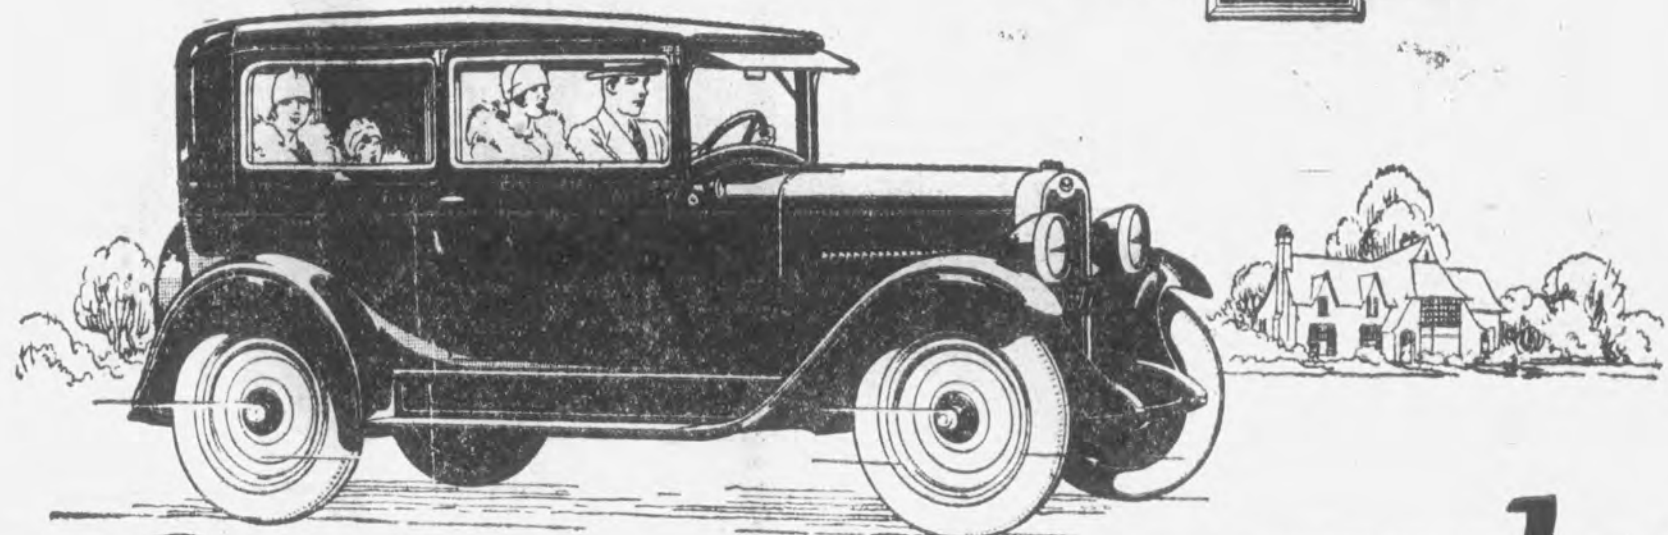

Under and by virtue of authority contained in that certain mortgage executed by Ellen Garris and Richard Garris to the John Flanagan Buggy Co., on the 7th day of December, 1925, recorded in book W-14, at page 592, and by the John Flanagan Buggy Co., transferred and assigned of record to Windsor

King, Trustee, on the 28th day of October, 1926, recorded in book O-16 at page 68, the undersigned trustee will offer for sale for cash at the court house door in Greenville, at public sale, on

Saturday, the 31st day of March, 1928, at 12 o'clock, Noon, the following described lands, to-wit:

Lying in Ayden township, and being all of the land lying on the East side of the road (No. 11 State Highway, hard surface), leading from Ayden to Kinston, which the said Ellen Garris (Nee Ellen Cox) inherited from her father, Jordan Cox, and which was allotted to her as will appear by reference to division of Jordan Cox of record in Book S-5, at page 153 of Pitt County Registry. The land herein conveyed being all of Lot No. 5, allotted to Ellen Garris except 28 acres deeded to Freddie A. Worthington by deed recorded in book V-14, at page 593, said land herein conveyed containing 5 acres, more or less. This the 1st day of March, 1928. Windsor King, Trustee S. O. Worthington, Atty. March 2-11w-4wk.

Smoother and more powerful!

Performance that is thrilling thousands of new owners every day

Smoother—more powerful—more comfortable and more distinctively styled... the new Chevrolet is sweeping to heights of success the like of which no new car ever enjoyed before! In every city and town, Chevrolet sales are surpassing even last year's record which made Chevrolet the world's largest builder of automobiles.

has been increased to 107—resulting in amazing new balance and roadability. The marvelous new Fisher bodies are longer, lower and roomier—and built of combined hardwood and steel, the type of construction used in the world's finest motor cars.

If you have not yet driven the new Chevrolet you cannot imagine what thrilling performance can be provided in a low-priced automobile.

The body is cradled on semi-elliptic shock absorber springs—84% as long as the wheelbase. The worm and gear steering mechanism—fitted with ball bearings even at the front axle knuckles—provides finger tip steering and a surety of control that greatly enhances the satisfaction of Chevrolet ownership. And non-locking four-wheel brakes are a positive safety measure.

At every speed up to the wide open throttle, there is a quietness and smoothness of operation never before experienced in a car of this type. And combined with this thrilling smoothness are remarkable new qualities of acceleration and a new reserve of power that is a constant delight to the driver. In addition there is provided an order of riding comfort previously considered exclusive to cars costing hundreds of dollars more. The wheelbase

No matter what car you may be driving—no matter what automobile of this type you have owned in the past—come in today! We have a demonstrator waiting for you—and the proof is in the driving.

QUALITY AT LOW COST

Market Report

Cotton--Stocks--Grain

NEW YORK COTTON

New York, March 3.—(AP)—The cotton market opened steady today at a decline of 12 to 15 points, under selling promoted by relatively easy Liverpool cables and the forecast for rain in the southwest.

Initial offerings were fairly well absorbed and further price fixing was reported in May, but demand was limited and slight bulges from the opening decline were followed by renewed weakness, May selling off to 18.40 and October to 17.88 before the end of the first hour, or 15 to 17 points net lower.

Futures closed steady, 13 to 17 points lower; spot quiet; middling 18.70.

into activity in the last hour of trading.

Fresh weakness cropped out in the Seaboard Airline issues the common sheet and Tube dipped more than two points to a new low for the year and heaviness developed in International Nickel, United Carbon, Tinkler Roller Bearing, Case Trashing and several other specialties. On the other hand sharp gains were recorded by Du Pont, National Tea, American Machine and Foundry and Consolidated Gas.

The closing was irregular. Total sales approximated 1,400,000 shares.

CHICAGO, March 3.—(AP)—Broadly active on wheat today, with big commission house buying, went hand in hand with continued adverse wheat crop reports from the central west. Export business in wheat from North America was estimated at 1,000,000 bushels, chiefly Canadian.

Wheat closed strong 7-8 to 1-1-4c net higher, corn 1-4 to 5-8 off, oats varying from 1-4 to 3-8c decline to 1-8c gain, and provisions at 2c decline to a rise of 5c.

CALIFORNIA PROMISES TO BECOME POLITICAL GRIND

San Francisco, March 3.—(AP)—California promises to become one of the interesting battlefields of the democrat pre-convention campaign with a showdown in prospect at its presidential primary on May 1 among the newly aligned forces behind Senator Reed, of Missouri; Governor Smith of New York and Senator Walsh of Montana.

Without a leader since William G. McAdoo withdrew from the race California "drys" through John O. Davis, of the McAdoo forces, announced last night they would support Senator Walsh for the presidential nomination. Mr. McAdoo is expected to head the delegation for Walsh. The Montana senator was reported to have consented to the try of his name in the California primary.

James D. Phelan, former senator from this state, who nominated McAdoo in the 1924 convention, was understood to be prepared to head a delegation seeking seats in the convention as supporters of Governor Smith.

Senator Reed, who last night ended a militant campaign in the state, already has signed the papers necessary to declare him in the field for the 26 votes of California in the national convention.

The Missouriian said again to California today to turn eastward on his campaign after making another plea to the party to forget its differences on prohibition and religion and to unite to "drive the rascals from Washington." He replied "all right" when informed of the prospect of a three cornered fight.

STOCK MARKET

New York, March 3.—(AP)—Heavy buying of General Motors common which advanced more than three points to 142 a new high record for the present issue and a revival of activity and strength in U. S. Steel common which advanced two points to 140 1-8 featured today's brief but active stock market. Price movement in the general list were decidedly irregular.

There was little in the days news to influence the price movement. Weekend business reviews continued to show irregularity in the general situation with the volume in most lines below that of the corresponding period last year. The reduction in call money rates yesterday from 4 1-2 to 4 1-4 per cent was accepted as indications of no immediate strain on the credit situation.

The demand for General Motors was inspired by the predictions of record breaking first quarter car earnings and reports of profitable operations by several of the numerous subsidiaries. Wall street is also counting on a substantial extra cash dividend at the May meeting. Steel common which was rather sluggish yesterday and during the early part of today's session suddenly sprang

More attention to your debts and less to luxurians living will keep the Merchants Association collector away. 2-2t

Juniors Present Second Plays To Large Audience

The second evening of the junior class plays at East Carolina Teachers College repeated the success of the evening before, with perhaps better acting and with a larger audience.

The Juniors have made a distinct contribution artistically to the year's program of entertainments. The three plays were remarkably well done. They were beautifully staged and costumed and the actors, both in their acting and in their lines, proved that a master hand had discovered and brought out their talents.

Miss Gertrude Knott, who has the direction of the extension work in community drama for the Uni-

versity of North Carolina, was the director, and again scored a success. She managed the senior play, the "Blue Bird," which was produced last fall.

The members of the class working behind scenes for the success of the plays deserve as much credit as the stars, so far as work is concerned. Miss Catherine Hill was general manager and worked untiringly as assistant coach, carrying on the preparations during the absence of Miss Knott between the casting and the final coaching of the plays. Miss Rebecca Alexander was her assistant.

The stage setting and the lighting effects were proof of the excellent work done by these committees: Stage, Misses Vallie Sumrell, Clara Lee Spurrill, and Alice Poley; Lighting, Misses Floy Brewer, Christine Bell, and Berner Swindell; prop-

ties, Misses Viola Scott, Emily Smithwick, Rosalie Rives, and Nan- nie Evans.

Messrs. Farnes, Wade Holmes, Baldree, and Boyd rendered valuable assistance in the staging and lighting of the play.

The costumes were beautiful, many of them very elaborate, and from professional costumers. The committee was composed of Misses Carrie Smith, Elizabeth Murphrey, Evelyn Tillman, and Sudie Harriett.

The publicity committee did very clever original work, as the window scenes, at Five Points, the catchy artistic "flutterbills," and the attractive window cards, and other devices scattered around proved. These were Misses Hilda Sutton, Elizabeth Austin, and Wilma Cox. The attractive programs gave proof of the good taste of the program committee, Misses Mary Frances

Jenkins, Mildred Mangum, and Ada Allen. The tickets were in charge of Frances Dixon, Mary White, Odessa Hilliard, and Julia Lancel- ter.

Members of the faculty served as advisors for various committees and helped in many ways. Misses Andrews and Bannervitz are the class advisors. Miss Hooper had charge of the make-up. Miss Graham was director of the management of the seating and the ticket arrangements. Miss Jenkins, as chairman of the publicity committee for all entertainments, acted as advisor to the publicity committee.

Misses Garrell, Mead, and Bertollet had charge of the music.

BRUMBY STILL IN CHARGE OF U. S. CONTROL

Rear Admiral Says so Far he Has Not Received Instructions To Leave Command.

Panama, March 3.—(AP)—Rear Admiral Frank H. Brumby, who was cleared by a naval court of inquiry to be unfit to command the control force of the United States fleet in a statement made public today, declared that to date he had not received instructions to return to Washington.

The Admiral, who returned here from maneuvers near the Perlas Islands, discussed the findings of the court in regard to the 8-4 disaster off Provincetown where he directed salvage operations. He said he was not at the scene of the disaster as an expert, but to give orders and direct the work systematically, which was exactly what he did. He asserted that he had an e-mail sent out by the Navy Department to advise and assist in directing the work.

"It was unnecessary that I know every detail of the construction of the submarine to direct operations here," the Admiral said. "I will admit that I was given advice by experts sent there by the naval authorities at Washington and that I followed that advice. It was only logical thing to do."

There was no discussion between officers as to what should be done, he asserted. They conferred from time to time, he declared. And he assumed responsibility for the work, giving orders and seeing that they were obeyed.

"In many cases," Admiral Brumby continued, "my orders were at the suggestion of officers lower in command than myself. This is just what anyone else in such a position would have done. I can offer no excuses nor apologies in that respect, for I believed them, and I believe now that I did right."

Referring to his testimony before the board of inquiry, the Admiral said that before he was summoned to appear, Admiral E. H. Cembell, naval judge advocate, had informed him as to points upon which he would be called to testify. Later, he stated, when called before the court he was closely questioned regarding many minute details of the disaster and as to the details of submarine construction, which he was unable to answer at that time.

Admiral Brumby continued: "It might have been possible that I made the statement before the court that I did not know anything about submarines. If I did, I meant that I did not have intimate knowledge of submarine construction." Admiral Brumby said he had sent full details of his position to the Navy Department by mail and that this should have reached Washington more than two weeks ago.

Tomorrow's Radio Program

Program in Eastern Standard time. All time is P. M. unless otherwise indicated. Wave lengths on left of call letters, kilocycles on right.

greatly and that later Robertson had threatened to kill him. Holmes said he shot Robertson as the latter made a threatening gesture towards a pocket. Other witnesses testified a pistol was found on Robertson after he had been slain.

TODAY

(Continued from Page One.)

BURLINGTON MAN NOT GUILTY OF MURDER CHARGE

Graham, N. C., March 3.—(AP)—Acquittal of second degree murder charges in connection with the shooting of Odie L. Robertson in front of a Burlington theatre on the night of January 17 allowed George Holmes, Jr., Burlington salesman to return today to his business duties.

A verdict of not guilty was returned by an Alamance county Superior court jury yesterday after deliberation of about an hour. Holmes' plea was that he shot Robertson in self defense.

Improper advances were made last July to Mrs. Holmes by Robertson, Holmes testified during the trial, saying that this alleged conduct of Robertson had troubled him

half their normal size. Without vitamin E animals would die out for lack of a second generation. Vitamins A, B, C, D, E, F are now known. Others remain undiscovered, as do certain elements, of which a total fewer than 100 make up everything that exists in the universe. Men have learned a good deal in 17,000 years since the late stone age, when they didn't know anything, except how to fasten a sharp flint at the end of a club.

The government of this glorious country ought to do what it can to help business, and diminish unemployment, instead of concentrating on interference with moving picture enterprises, the most successful in the world, carrying American ideas and merchandise all over the globe.

Talking about a monopoly of moving pictures is idiotic. The most successful unit in moving pictures is one individual, Charles Chaplin, who writes, directs and acts his own

pictures. You may have a monopoly in steel, pork, or street cars, but not in brains.

adequately.

Scientists of California University have grown to full maturity wheat that never knew sunlight or earth. The seed is planted in water containing "the seven necessary chemicals" that give the earth its fertility" and grown under artificial light. On earth this will never compete with sunlight, soil, and the "combine harvester." But if population should make it necessary, it

might show a way to grow food, in quantities unlimited in lakes or on the open sea.

Revelation of the fact that Mr. Sinclair gave first \$100,000 to pay off debts of the Harding campaign, will interest the people.

Gentlemen that contribute so liberally to national politics expect something in return. Mr. Sinclair almost got a good deal for his investment.

Many Babies Take Part in Parade Of Beauty Contest Here

Numbers of babies took part in the beauty contest parade conducted in this city yesterday afternoon under auspices of the Philaena club of the Jarvis Memorial Methodist church. The pageant was witnessed by several hundred people lined about Evans street and at the court house where a photographer snapped a picture of the cherubian contestants.

The parade was led by four boy marshalls mounted on ponies. They were followed by the high school band which came the babies riding in baby carriage floats of every conceivable character. One of the outstanding floats was that of a velocipedes rigged up in airplane form, and bearing the inscription "The Spirit of Greenville." Sitting at the controls of this unique float was little Billy Minshew, son of Mr. and Mrs. William Minshew of Eleventh street.

Virtually all of the distinctive floats were brilliantly decorated and presented a most striking appearance as they were propelled up Evans street from Evans street school to the courthouse where the children were lined up for the photographer. College girls bearing banners reading "We were once babies, too," brought up the rear of the parade.

The contest to name the prettiest baby in the city has been in progress the past week. It will be concluded Wednesday when judges will render a decision. Considerable interest has been manifested in the contest and many votes have been cast for the young entrants.

He is coming—Merchants' Association collector. Have you paid your debts? 2-21

There are more days to vote for the babies in the Beauty Baby contest.

Excess Reserve in Banks.
New York, March 3.—(AP)—The Federal condition of clearing house banks and trust companies for the week shows excess reserve of \$1,064,120. This is a decrease in reserve of \$22,254,670 compared with the week before when excess reserve of \$28,258,800 was reported.
